INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Mater Academy Narcoossee High School
Orlando, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Mater Academy Narcoossee High School (the "School"), a charter school under Mater Academy Central, Inc. which is a component unit of the School District of Orange County, as of, and for the year ended June 30, 2026, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School as of June 30, 2026, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Emphasis of a Matter – Presentation

As described in Note 1, the accompanying financial statements referred to above present only the financial position and change in financial position of the School that is attributable to the transactions of the School and is not intended to be a complete presentation of Mater Academy Central, Inc. These financial statements do not purport to, and do not, present fairly the financial position of Mater Academy Central, Inc. as of June 30, 2026 and its changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5 through 9 and 30 through 32 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2026 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

CERTIFIED PUBLIC ACCOUNTANTS

Management's Discussion and Analysis
Mater Academy Narcoossee High School
(A Charter School Under Mater Academy Central, Inc.)
June 30, 2026

The corporate officers of Mater Academy Central, Inc. have prepared this narrative overview and analysis of the School's financial activities for the fiscal year ended June 30, 2026.

About the School

Mater Academy Narcoossee High School opened in 2022 and is an Orange County public charter school serving students in grades nine through twelve. The School is part of the Mater Academy Central, Inc. network of public charter schools.

Overview of the Financial Statements

The financial statements of Mater Academy Narcoossee High School present the financial position and results of operations of the School for the fiscal year ended June 30, 2026, in accordance with generally accepted accounting principles for state and local governments.

The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

The government-wide financial statements report all assets and liabilities of the government, including both financial and nonfinancial assets and both short-term and long-term obligations. Revenues are recognized when they relate to the current reporting period, regardless of when the related cash is received, and expenses are recognized when incurred, regardless of when cash is paid. The government-wide statements also report deferred outflows and deferred inflows of resources that relate to future reporting periods. Accordingly, the government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting.

The governmental fund financial statements focus on current financial resources. They generally report current financial assets and liabilities, such as cash, receivables, and accounts payable, rather than long-term capital assets and long-term liabilities. Revenues are recognized when they are both measurable and available to finance current-period expenditures, while expenditures generally are recognized when the related governmental fund liability is incurred, subject to certain exceptions for long-term obligations. Deferred outflows and deferred inflows reported at the governmental fund level are limited to those applicable to current financial resources. Accordingly, governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting.

More details about the measurement focus and basis of accounting can be found in the first note to the financial statements, the Summary of Significant Accounting Policies.

FINANCIAL SUMMARY

A summary and analysis of the School's net position as of June 30, 2026 and 2025 is as follows:

	2026	2025	Variance
Cash	$ 6,558	$ 5,769	$ 789
Investments	788,000	860,000	(72,000)
Prepaid expenses and other current assets	-	27,346	(27,346)
Due from other agencies	160,982	147,224	13,758
Deposits	3,200	3,200	-
Capital and right-of-use capital assets, net	6,245,442	6,828,024	(582,582)
Total Assets	7,204,182	7,871,563	(667,381)
Deferred outflows of resources	-	-	-
Accounts payable	11,146	995	10,151
Salaries and wages payable	53,245	40,947	12,298
Compensated absences	45,916	29,265	16,651
Lease liability	6,017,027	6,236,312	(219,285)
Due to Mater Academy, Inc.	200,000	755,000	(555,000)
Total Liabilities	6,327,334	7,062,519	(735,185)
		.	
Deferred inflows of resources	-	-	-
Net Position:			
Net investment in capital assets	228,415	591,712	(363,297)
Unrestricted	648,433	217,332	431,101
Total Net Position	$ 876,848	$ 809,044	$ 67,804

The School's total net position increased by approximately $68,000, from approximately $809,000 at June 30, 2025, to $877,000 at June 30, 2026.

The most significant changes in the School's financial position included investments, which decreased by approximately $72,000, reflecting a decrease in amounts invested in a governmental money market mutual fund. Capital and right-to-use capital assets, net, decreased by approximately $583,000, primarily as a result of depreciation and amortization expense recognized during the year.

Lease liabilities decreased by approximately $219,000, primarily due to scheduled lease payments made during the year. Due to Mater Academy, Inc. decreased by approximately $555,000, primarily due to repayment of the prior-year balance during the current year.

Net investment in capital assets decreased by approximately $363,000, from approximately $592,000 to $228,000. Unrestricted net position increased by approximately $431,000, from approximately $217,000 to $648,000.

A summary and analysis of the School's revenues and expenses for the years ended June 30, 2026 and 2025 follows:

	2026	2025	Variance
REVENUES			
Program Revenues			
Operating grants and contributions	$ 54,021	$ 366,515	$ (312,494)
Capital grants and contributions	446,475	162,684	283,791
Charges for services	20,486	13,993	6,493
General Revenues			
State and local sources	2,050,978	1,636,756	414,222
Investment and other income	44,775	424,418	(379,643)
Total Revenues	$ 2,616,735	$ 2,604,366	$ 12,369
EXPENSES			
Instruction	$ 1,222,451	$ 1,502,235	$ (279,784)
Student support services	12,148	9,549	2,599
Instructional staff training	20,957	10,465	10,492
Board	27,642	22,331	5,311
School administration	336,108	248,580	87,528
Fiscal services	33,408	28,658	4,750
Food services	74,221	42,578	31,643
Central services	33,898	31,754	2,144
Student transportation	7,975	7,217	758
Operation of plant	358,451	271,910	86,541
Maintenance of plant	54,926	30,267	24,659
Administrative technology services	9,910	13,883	(3,973)
Debt service	356,836	317,509	39,327
Total Expenses	2,548,931	2,536,936	11,995
Increase in Net Position	67,804	67,430	374
Net Position at Beginning of Year	809,044	741,614	67,430
Net Position at End of Year	$ 876,848	$ 809,044	$ 67,804

The School's enrollment increased from 181 full-time equivalent students in the prior year to 211 full-time equivalent students in the current year.

Total revenues remained relatively stable at approximately $2.61 million in both years. Operating grants and contributions decreased by approximately $312,000, primarily due to Charter Schools Program Grants to Charter Management Organizations (CMO) funding received and utilized in the prior year. Capital grants and contributions increased by approximately $284,000, primarily due to increased funding from the Orange County District Half-Cent Sales Surtax during the current year. State and local sources increased by approximately $414,000, primarily due to the increase in student enrollment and the related funding. Investment and other income decreased by approximately $380,000, primarily due to recoverable grant funding received in the prior year.

Total expenses remained relatively stable at approximately $2.54 million in both years. Instruction expenses decreased by approximately $280,000, primarily due to changes in instructional expenditures reflected in the Board-approved budget. School administration expenses increased by approximately $88,000. Operation of plant expenses increased by approximately $87,000, primarily due to expenditures associated with the additional capital grant funding received during the current year.

As a result, the School reported an increase in net position of approximately $68,000 in both the current and prior years.

Governmental Funds

The School reports three major funds individually in the governmental fund financial statements. Most of the discussion regarding governmental activities is equally applicable to the finances of those governmental funds. There were significant changes in one of the three major funds.

At the end of the fiscal year, the School's governmental general fund reported an ending fund balance of $891,149, all of which is unassigned and available for spending at the School's discretion. These funds will be available for the School's future ongoing operations.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The School's investment in capital assets (including right of use assets) as of June 30, 2026 amounts to $6,245,442 (net of accumulated depreciation and amortization). This investment in capital assets includes right of use lease asset (buildings), furniture, fixtures and equipment. The School did not have any significant capital asset additions during the current year. Information on the School's capital assets can be found in Note 4.

The School leases a facility located at 8533 Narcoossee Road, Orlando, FL 32827.

Long-Term Liabilities

The School has $6,017,027 in long term debt associated to capital assets. The lease asset is amortized using the straight-line method over the term of the lease and the lease liability amortizes based on the effective interest method resulting in a higher liability and expense during the early years of the lease.

Currently Known Facts, Decisions or Conditions

Currently known facts, decisions or conditions expected to affect the School's financial position include:

- Enrollment – Enrollment is projected to be approximately 267 students in fiscal year 2027.
- Sales Surtax Funding – In fiscal year 2026, Orange County charter schools began receiving sales surtax funding representing approximately one-half year of tax revenue collections. In fiscal year 2027, the School expects to receive funding representing a full year of sales surtax revenue collections.
- Program Expansion – The School was awarded a CAP grant of approximately $825,000, which is expected to be used to expand the School's career and technical education (CTE) programming during fiscal year 2027.
- School Growth and Capital Projects – The School continues to accommodate enrollment growth within its existing facilities. Phase 3 buildings are currently under construction and are anticipated to be completed prior to fiscal year 2028, providing additional student capacity.

Requests for Information

This financial report is intended to provide a general overview of the finances of the Charter School. Requests for additional information may be addressed to Ms. Ana Martinez at Academica Broward, LLC, 6340 Sunset Drive, Miami, Florida 33143.

The accompanying notes are an integral part of this financial statement.

Mater Academy Narcoossee High School
(A charter school under Mater Academy Central, Inc.)

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance
of Governmental Funds to the Statement of Activities
For the year ended June 30, 2026

Net Change in Fund Balance - Governmental Funds		$ (107,248)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation and amortization expense. These amounts during the year were as follows:		
Capital outlay	22,820	
Depreciation and amortization expense	(605,402)	(582,582)
Increase in long term debt is revenue in the governmental funds, but a decrease or repayment of such payables reduces liabilities in the statement of net position.		
Increase in compensated absences	(16,651)	
Principal payments of lease liabilities	219,285	
Repayment of long-term debt	555,000	757,634
Change in Net Position of Governmental Activities		$ 67,804

The accompanying notes are an integral part of this financial statement.

Note 1 – Summary of Significant Accounting Policies

Reporting Entity

Mater Academy Narcoossee High School (the "School") is a component unit of the School District of Orange County, Florida (the "District"). The School's charter is held by Mater Academy Central, Inc., a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act. The governing body of the School is the board of directors of Mater Academy Central, Inc., which is composed of three members and also governs other charter schools. Mater Academy Central, Inc. is a single member entity controlled by Mater Academy, Inc. Both entities have Board of Director members in common. The board of directors has determined that no component unit exists that would require inclusion in the School's financial statements.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter granted by the sponsoring district, the School District of Orange County, Florida. The current charter expires on June 30, 2037 and it can be renewed in accordance with law. A charter can also be terminated before its date of expiration for reasons set forth in the charter and Section 1002.33 of the Florida Statutes.

The School is located in Orlando, Florida for students from ninth to twelfth grade. These financial statements are for the year ended June 30, 2026 when on average 211 students were enrolled for the school year.

Basis of Presentation

The School's accounting policies conform to accounting principles generally accepted in the United States applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Accordingly, the basic financial statements include both the government-wide and fund financial statements.

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information about the School as a whole. Any internal interfund activity has been eliminated from these financial statements. Both statements report only governmental activities as the School does not engage in any business type activities. These statements also do not include fiduciary funds.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity.

Note 1 – Summary of Significant Accounting Policies (continued)

Program revenues include: (1) charges for services and student activity fees; (2) operating grants such as, Federal grants, and other state allocations; and (3) capital grants specific to capital outlay.In addition, revenues not classified as program revenues are shown as general revenues, which include Florida Education Finance Program (FEFP) revenues and other state and local sources.

Fund Financial Statements
Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflow of resources, liabilities, deferred inflows of resources, equity, revenues and expenditures. The School reports the following major governmental funds:

General Fund - is the School's primary operating fund. It accounts for all financial resources of the School, except those required to be accounted for in another fund.

Capital Projects Fund – accounts for state and other local capital outlay as authorized by Charter School Capital Outlay, Section 1013.62.

Special Revenue Fund – accounts for specific revenues, such as federal funding and federal lunch program, that are legally restricted to expenditures for particular purposes.

Measurement Focus and Basis of Accounting
The financial statements of the School are prepared in accordance with generally accepted accounting principles (GAAP). The School's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) *Codification of Accounting and Financial Reporting Guidance*. The government-wide statements report using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The School recognizes assets of non-exchange transactions in the period when the underlying transaction occurs, when an enforceable legal claim has arisen, or when all eligibility requirements are met. Revenues are recognized, on the modified accrual basis, when they are measurable and available. Non-exchange transactions occur when the School provides (or receives) value to (from) another party without receiving (or giving) equal or nearly equal value in return. Most donations are examples of non-exchange transactions. Revenues from grants and donations are recognized on the accrual basis, in the fiscal year in which all eligibility requirements have been satisfied.

Note 1 – Summary of Significant Accounting Policies (continued)

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Charges for services and fees are recognized when cash is collected as amounts are not measurable. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt and compensated absences, which are reported as expenditures when due. General capital asset acquisitions are reported as expenditures in governmental funds.

Budgets and Budgetary Accounting
In compliance with Florida Statutes, the Board of Directors adopts an annual budget using the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g. salaries and benefits, purchased services, materials and supplies and capital outlay) within each activity (e.g. instruction, pupil personnel services and school administration). Revisions to the annual budget are approved by the Board.

Cash and Cash Equivalents
Cash and cash equivalents are considered to be cash on hand, demand deposits, nonmarketable time deposits with maturities of three months or less when purchased, and money market/savings accounts.

Investments
The School has adopted a formal investment policy that permits the investment of surplus funds, subject to Board approval, in cash and cash equivalents, debt instruments, mutual funds, certificates of deposit, government-sponsored investment vehicles, and certain investments that support the Charter School Network's educational mission. The School currently invests excess deposit funds in a government money market mutual fund.

The School follows the provisions of GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, GASB Statement No. 72, *Fair Value Measurement and Application*, and other related standards which establish accounting and financial reporting standards for all investments (see Note 2). Money market investments that have maturities of one year or less from the date of acquisition are reported at amortized cost rather than fair value. Amortized cost closely approximates fair value.

Inter-fund Transfers
Inter-fund receivables/payables ("due from/due to") are short-term balances that represent reimbursements between funds for payments made by one fund on behalf of another fund.

Note 1 – Summary of Significant Accounting Policies (continued)

Due from Other Governments or Agencies
Amounts due to the School by other governments or agencies relate to grants or programs for which the services have been provided by the School. No allowance for uncollectible accounts is deemed necessary.

Deferred Outflows/Inflows of Resources
In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

Capital Assets
The School's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the statement of net position in the government-wide financial statements. Donated capital assets are recorded at their estimated fair market value on the date donated. The School generally capitalizes assets with costs of $1,000 or more. Building improvements, additions and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are sold or disposed of, the related cost and accumulated depreciation are removed from the accounts, and the resulting gain or loss is recorded in the government-wide statements. Proceeds received from the sale or disposal of capital assets are recorded as Other Financing Sources in the governmental funds.

The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease. Estimated useful lives, in years, for capital assets are as follows:

Right of use asset (building)	21 Years
Furniture, fixtures, and equipment	5-10 Years

Note 1 – Summary of Significant Accounting Policies (continued)

Compensated Absences

GASB Statement No. 101, *Compensated Absences*, requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. GASB Statement No. 101 establishes guidance for measuring a liability that has not been used, generally using an employee's pay rate as of the date of the financial statements.

The School grants employees a specified amount of personal time off. Full-time teachers and instructional employees earn one day per month, up to 10 days during each 10-month benefit year. Unused days may be carried forward to future benefit years. Employees who use three or fewer days during a benefit year may cash out up to 10 unused days per school year, provided they retain at least 21 unused days. Cashed-out days are paid at 80% of the employee's current daily rate. Nonexempt and salaried office employees are not eligible to cash out unused personal time off.

The compensated absences liability includes an accrual for the cash out days and personal time off for services already rendered.

Long-Term Debt and Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

Revenue Sources

Revenues for current operations are received primarily from the state through the District pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the FEFP.

Note 1 – Summary of Significant Accounting Policies (continued)

Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review as well as to prevent statewide allocations from exceeding the amount authorized by the Legislature. Normally, such adjustments are treated as reductions of revenue in the year the adjustment is made.

The School receives state funds through the District under charter school capital outlay funding pursuant to Section 1013.62, Florida Statutes. Funds are based on a capital outlay plan submitted to the District. In addition, the School may receive a portion of the capital improvements tax revenues levied by the District.

Finally, the School also receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expended. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

Net position and Fund Balance Classification

Government-wide financial statements
Equity is classified as net position and displayed in three components:

a) Net investment in capital assets - consists of capital assets net of accumulated depreciation and amortization reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets.
b) Restricted net position - consists of net position with constraints placed on their use either by external groups such as creditors, grantors, contributors or laws or regulations of other governments.
c) Unrestricted net position - all other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for a specific purpose, it is the School's policy to use restricted resources first, until exhausted, before using unrestricted resources.

Note 1 – Summary of Significant Accounting Policies (continued)

Fund financial statements
GASB Codification Section 1800.142, *Fund Balance Reporting and Governmental Fund Type Definitions,* defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB requires the fund balance amounts to be properly reported within one of the fund balance categories listed below:

a) Nonspendable – includes amounts that cannot be spent because they are either not expected to be converted to cash or legally or contractually required to be maintained intact. Consists of fund balance associated with inventories and prepaid expenses.
b) Restricted – this classification includes fund balance category amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. There are no restricted fund balances at year end.
c) Committed - fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School's Board of Directors. There are no committed fund balances at year end.
d) Assigned - fund balance classification that is intended to be used by the School's management for specific purposes but do not meet the criteria to be classified as restricted or committed. There are no assigned fund balances at year end.
e) Unassigned – portion of the fund balance that has not been restricted, committed or assigned for a specific purpose. This is the residual classification for the School's general fund.

Committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Prepaid Expenses and Other Assets
Other assets consist mainly of prepaid expenses which are payments for goods or services that have not been consumed or used at year end. The expenditure will be recorded when the asset is used. Accordingly, prepaid expenses are equally offset by a nonspendable fund balance classification.

Income Taxes
Mater Academy Central, Inc. qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

Note 1 – Summary of Significant Accounting Policies (continued)

New Accounting Standard Adopted

In fiscal year 2026, the School adopted GASB Statement No. 103, *Financial Reporting Model Improvements*. GASB Statement No. 103 requirements updates reporting requirements and changes to MD&A, unusual/infrequent items, proprietary fund presentation, major component units, budgetary comparison information and statistical information. The adoption of this statement did not have a material impact on the School's financial statements. This statement was applied prospectively.

In fiscal year 2026, the School adopted GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*. GASB Statement No. 104 requires certain capital assets to be separately identified within the capital asset footnote. This includes lease assets by major class of underlying asset and other specified categories of capital assets. It also establishes accounting and disclosure requirements for capital assets held for sale. The adoption of this statement did not have a material impact on the School's financial statements. This statement was applied prospectively.

Pronouncements Issued But Not Yet Effective

The GASB issued GASB Statement No. 105, *Subsequent Events*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2026.

The School is currently evaluating the effect that the implementation of the new standards will have on its financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In accordance with GASB Codification Section 2250.106, the School has evaluated subsequent events and transactions for potential recognition or disclosure through September 30, 2026, which is the date the financial statements were available to be issued.

Note 2 – Cash and Investments

Deposits

The School maintains its cash in one financial institution. Deposits at FDIC-insured institutions are insured up to $250,000 per depositor, per financial institution. The School is a charter school under Mater Academy Central, Inc., which also operates various other charter schools. All bank accounts are opened under the account ownership of Mater Academy Central, Inc., therefore, bank balances at times may potentially be in excess of FDIC coverage. As of June 30, 2026, bank balances in potential excess of FDIC coverage were approximately $6,000.

Note 2 – Cash and Investments (continued)

Investments

The School follows the Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in markets for identical assets: Level 2 inputs are significant other observable inputs (including quoted prices for similar investments, interest rates, credit risk, etc.); Level 3 inputs are significant unobservable inputs.

At June 30, 2026, the School had $1,640,000 invested in a governmental money market mutual fund that is exempt from GASB 72 fair value hierarchy disclosures. The governmental money market mutual fund values its portfolio securities at amortized cost which approximates fair value. The government money market mutual fund primarily invests in cash, high quality, short-term U.S. government securities and/or repurchase agreements that are collateralized fully by government securities that have been valued by the fund as Level 2. As of June 30, 2026, maturities of the fund's portfolio holdings are approximately 77% within 30 days.

Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of investments in a single issuer. The School manages its exposure to credit risk by limiting investments to highly rated government money market mutual funds. The fund is rated Aaa-mf by Moody's.

Custodial credit risk is the risk that in the event of a failure of a depository financial institution or counterparty that is in possession of investment or collateral securities, the School will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the School will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. At June 30, 2026, all of the School's investments in government money market mutual funds were held in a separate account and designated as assets of the School.

Interest rate risk is the risk that changes in interest rate will adversely affect the fair value of an investment. The School manages its exposure to declines in fair values by limiting all investments to government money market mutual funds that can be redeemed daily.

Note 3 – Due from Other Agencies

The following is Due from Other Agencies as of June 30, 2026:

Funding Source	Governmental Fund	Balance
Workforce Development Capitalization Incentive Grant	General Fund	$ 35,204
District Half-Cent Sales Surtax	Capital Projects Fund	112,298
Capital Outlay	Capital Projects Fund	13,480
Total Due from Other Agencies		$ 160,982

Note 4 – Capital Assets

The following schedule provides a summary of changes in capital assets, acquired substantially with public funds, for the year ended June 30, 2026:

	Balance 07/01/25	Additions	Retirements/ Reclassifications	Balance 06/30/26
Capital assets, depreciable:				
Furniture, fixtures and equipment	$ 1,317,475	$ 22,820	$ -	$ 1,340,295
Total Capital Assets	$ 1,317,475	$ 22,820	$ -	$ 1,340,295
Less Accumulated Depreciation:				
Furniture, fixtures and equipment	$ (595,168)	$ (266,195)	$ -	$ (861,363)
Total Accumulated Depreciation	$ (595,168)	$ (266,195)	$ -	$ (861,363)
Total depreciable assets, net	$ 722,307	$ (243,375)	$ -	$ 478,932
Lease Assets:				
Right of use asset (building)	$ 6,444,924	$ -	$ -	$ 6,444,924
Less accumulated amortization	(339,207)	(339,207)	-	(678,414)
Total Lease assets, net	$ 6,105,717	$ (339,207)	$ -	$ 5,766,510
Governmental Activities Capital Assets, net	$ 6,828,024	$ (582,582)	$ -	$ 6,245,442

For the fiscal year ended June 30, 2026, depreciation and amortization expense are allocated in the Statement of Activities by function as follows:

	Depreciation	Amortization
Instruction	$ 254,713	$ -
School administration	4,482	-
Student transportation service	7,000	-
Operation of plant	-	339,207
Total Expense	$ 266,195	$ 339,207

Note 5 – Education Service and Support Provider

Academica Broward, LLC, an educational service and support provider, offers administrative services to the School including, but not limited to, facility design, staffing recommendations, human resource coordination, regulatory compliance, legal and corporate upkeep, maintenance of the books and records, bookkeeping, budgeting, financial reporting, and virtual education services. The agreement calls for a fee on a per student basis. The agreement is with Mater Academy Central, Inc. through June 30, 2028, and unless terminated by the board will have the option to renew for an additional five-year period. During the year ended June 30, 2026, the School incurred $100,224 in fees.

Note 6 – Transactions with Mater Academy, Inc. and Affiliated Entities

Program Fees

As described in Note 1, Mater Academy Central, Inc. and Mater Academy, Inc. are affiliated entities. Mater Academy Inc. charges to its affiliated schools an assessment for shared corporate costs and accreditation expenses. Mater Academy Narcoossee High School paid $42,200 in connection with these charges during the year.

Shared Premises and Resources

The School shares the premises as well as other resources with Mater Academy Narcoossee, a charter school under Mater Academy, Inc.

Long-Term Advances

The School received long-term, non-interest bearing advances from Mater Academy, Inc. for working capital purposes. The following schedule provides a summary of changes in long-term advances for the year:

	Balance 07/01/25	Advances	Repayments	Balance 06/30/26
Mater Academy, Inc. - Corporate	$ 755,000	$ -	$ (555,000)	$ 200,000
Total Long Term Debt	$ 755,000	$ -	$ (555,000)	$ 200,000

Recoverable Grants

During prior years, the School received recoverable grants from Mater Academy, Inc. totaling $400,000 to fund operating expenses. Under the terms of the grants, the School is required to repay Mater Academy, Inc. if certain financial conditions are met. During the year ended June 30, 2026, the School repaid $50,000 of the recoverable grants. The maximum amount the School may be required to repay in the future is $350,000.

Note 7 – Interfund Transfer

Interfund transfers in governmental funds consist of the following:

	General Fund	Special Revenue Fund	Capital Projects Fund
To fund lunch deficit	$ (9,738)	$ 9,738	$ -
To fund federal expenditures for which revenues were not available	(1,576)	1,576	-
To fund capital projects fund for principal and interest payments	(79,646)	-	79,646
Total Transfers, net	$ (90,960)	$ 11,314	$ 79,646

Due from / (Due to) balances consist of the following:

Due to general fund from capital projects fund for capital outlay	$ 125,778	$ -	$ (125,778)
Total Due from/(Due to)	$ 125,778	$ -	$ (125,778)

Note 8 – Long-Term Liabilities

On July 1, 2022, Mater Academy Central, Inc. entered into a lease agreement with School Development Torrey Pines, LLC., Landlord, on behalf of the School. The landlord is an affiliate of the School's education service and support provider (see Note 5). The charter school facility consists of approximately 78,100 rentable square feet. The term is through June 30, 2043, with the option to renew for two additional five-year terms. Initial fixed annual payments under this agreement (based on $24.95, per square foot) are approximately $1,948,600 plus additional property costs including repairs, maintenance and insurance, adjusted annually based on the Consumer Price Index (CPI). Under the agreement, Mater Academy Central, Inc. must meet certain requirements and covenants including maintaining a "Lease Payment Coverage Ratio" of not less than 1.10 to 1.00.

The School has recorded a lease right of use asset and liability. The lease right of use asset and liability were allocated between the School and Mater Academy Narcoossee based on enrollment and usage of facility. The allocation used was approximately 73% for Mater Academy Narcoossee and 27% for the School and there was no interest rate specified in the original lease agreement. At the time of the initial measurement, the average borrowing rate was 5% which was used to discount the annual lease payments to recognize the intangible right to use this asset and the lease liability.

For the year ended June 30, 2026, interest expense totaled $306,836 as it relates to its lease agreement. For the year ended June 30, 2026, there were no variable and other payments in connection with the lease agreement.

Changes in long-term lease liabilities during the year are as follows:

	Balance 07/01/25	Increase	Repayments	Balance 06/30/26
Lease liability - building	$ 6,236,312	$ -	$ (219,285)	$ 6,017,027
Total Long Term Debt	$ 6,236,312	$ -	$ (219,285)	$ 6,017,027

Annual requirements to amortize the lease liability and related interest are as follows:

Year	Principal	Interest	Total	
2027	$ 230,504	$ 295,617	$ 526,121	
2028	242,297	283,824	526,121	
2029	254,694	271,427	526,121	
2030	267,724	258,397	526,121	
2031	281,422	244,699	526,121	
2032-2036	1,638,387	992,216	2,630,603	(Total for five year period)
2037-2041	2,102,638	527,965	2,630,603	(Total for five year period)
2042-2043	999,361	52,880	1,052,241	(Total for two year period)
	$ 6,017,027	$ 2,927,025	$ 8,944,052	

Note 9 – Contingencies and Concentrations

The School receives substantially all of its funding from the state through the District under the Florida Education Finance Program (FEFP), which is based in part on a computation of the number of full-time equivalent (FTE) students attending different instructional programs. The accuracy of FTE student data submitted by individual schools and used in the FEFP computations is subject to audit by the state and, if found to be in error, could result in refunds to the state or in decreases to future funding allocations. Additionally, the School receives various forms of federal, state and local funding which are subject to financial and compliance audits.

It is the opinion of management that the amount of funding, if any, which may be remitted back to the state due to errors in the FTE student data or the amount of grant expenditures which may be disallowed by grantor agencies would not be material to the financial position of the School.

Pursuant to the Charter School contract with the School District, the District withholds an administrative fee of 5% (or 2% if high performing) of the qualifying revenues of the School. For the year ended June 30, 2026, administrative fees withheld by the School District totaled $37,169.

Note 10 – Defined Contribution Retirement Plan

The School's personnel, which are leased through ADP TotalSource Group, Inc., are eligible to participate in a defined contribution 401(k) plan sponsored by the leasing company, covering employees who meet certain age and tenure requirements. Under the ADP TotalSource Retirement Savings Plan (the "Plan"), for the 2025-2026 school year the School matched 100% of the employee's contribution up to 4% of the employee's compensation. The School contributed to the Plan $11,500 for the year ended June 30, 2026. The School does not exercise any control or fiduciary responsibility over the Plan's assets, which are administered by Voya Financial.

Note 11 – Risk Management

The School is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; administrative errors and omissions; personal injury; workers compensation and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage in any of the past three fiscal years. In addition, there were no reductions in insurance coverage from those in the prior year.

The School has entered into a strategic relationship with ADP TotalSource, Inc., a human resource management firm, typically known as "Professional Employer Organization" (PEO). Under a co-employment agreements, the PEO is the employer of record and is responsible for administering payroll, payroll taxes, provide employee benefits and assist with human resources and risk management. Accordingly, certain human resource related risks are transferred to the PEO. Nevertheless, the School may be subject to risks, including loss, penalties and fines related to employment practices, administrative error and omissions.

Note 12 – Compensated Absences

Compensated absences payable consists of leave benefits, paid time off, that employees earned based on services already rendered. Compensated absences are recognized as a liability when the leave accumulates, is attributable to past service, and it is more likely than not that the leave will be used or paid.

Changes in compensated absence liabilities during the year are as follows:

	Balance 07/01/25	Increases*	Decreases	Balance 06/30/26	Due within one year
Compensated Absences	$ 29,265	$ 16,651		$ 45,916	$ 20,447

* The change in compensated balances is presented as a net change

REQUIRED SUPPLEMENTARY INFORMATION

Mater Academy Narcoossee High School
(A charter school under Mater Academy Central, Inc.)

Statement of Revenues, Expenditures, and Changes in Fund Balance
For the year ended June 30, 2026

Note 1 – Budgets and Budgetary Accounting

An annual budget is adopted on the modified accrual basis of accounting, consistent with generally accepted accounting principles. The original budget and any subsequent amendments are approved by the Board of Directors.

Note 2 – Variances

General Fund

Revenues:

State Passed Through Local
The variance in state passed through local revenues was due to a reduction in the final budget to reflect changes in enrollment and the related funding.

Expenditures:

School Administration
The variance in school administration expenditures was due to an increase in the final budget based on revised administration needs.

Repayment to Other Divisions of Mater Academy Central, Inc.
The variance in repayments to other divisions of Mater Academy Central, Inc. was due to an increase in the final budget based on Board approval at year end.

Special Revenue Fund

Revenues:

Federal Sources
The variance in federal sources was due to a reduction in the final budget based on updated levels of student participation in the lunch program.

Expenditures:

Instruction
The variance in instruction expenditures was due to a reduction in the final budget to reflect changes in staff allocation.

Food Services
The variance in food services expenditures was due to a reduction in the final budget based on updated levels of student participation in the lunch program.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Mater Academy Narcoossee High School
Orlando, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Mater Academy Narcoossee High School (the "School"), as of, and for the year ended June 30, 2026, and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon dated September 30, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We issued a separate management letter dated September 30, 2026 pursuant to Chapter 10.850, Rules of the Auditor General.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Directors of
Mater Academy Narcoossee High School
Orlando, Florida

Report on the Financial Statements

We have audited the financial statements of Mater Academy Narcoossee High School, Florida, as of and for the fiscal year ended June 30, 2026 and have issued our report thereon dated September 30, 2026.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in those reports and schedules, which are dated September 30, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no audit findings or recommendations in the preceding annual financial audit report.

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity is Mater Academy Narcoossee High School, 1019.

Financial Condition and Management

Section 10.854(1)(e)2., and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not Mater Academy Narcoossee High School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that Mater Academy Narcoossee High School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for Mater Academy Narcoossee High School. It is management's responsibility to monitor Mater Academy Narcoossee High School financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have such recommendations.

Transparency

Sections 10.854(1)(e)7 and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether Mater Academy Narcoossee High School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that Mater Academy Narcoossee High School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, fraud, waste or abuse, that has occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, School District of Orange County, Federal and other granting agencies, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
