INDEPENDENT AUDITOR'S REPORT

To the Honorable City Commission
City of Wauchula, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wauchula, Florida (City) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

BRADENTON 1001 3rd Avenue West, Suite 700 Bradenton, FL 34205 ph 941.748.1040
SARASOTA 1515 Ringling Boulevard, Suite 900 Sarasota, FL 34236 ph 941.954.4040
TAMPA 101 East Kennedy Boulevard, Suite 1460 Tampa, FL 33602 ph 813.490.4490
WWW.CSLCPA.COM

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis; budgetary comparison information; supplemental schedules of changes in net pension liability and related ratios, contributions, notes to required supplementary information, annual money-weighted rate of return on investments; supplemental schedules of changes in the City's net other post-employment benefit liability and related ratios, contributions, and investment returns as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying other supplementary information as listed in the table of contents, and the schedule of expenditures of federal awards and state financial assistance as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the Florida Single Audit Act and Chapter 10.550, Rules of the Auditor General, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Wauchula, Florida (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2023. We encourage readers to consider the information presented here in conjunction with the basic financial statements.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $47,670,877 (net position).
- The government's total net position increased by $11,672,356 during the year.
- The net post-employment benefit plan liability recognized under GASB Statement No. 75, *Financial Reporting and Accounting for Post-employment Benefit Plans Other Than Pensions* continues to impact the City. The net OPEB liability at year end is $4,455,911, which decreased $273,407 over prior year. The liability is based on an actuarially calculated amount. During 2016, the City established an Other Post-employment Benefit (OPEB) Trust Fund to reduce the related liability over time. At September 30, 2023, the trust fund balance was $605,931.
- As of the close of the current fiscal year, the City's governmental funds reported ending fund balances of $3,499,349, a decrease of $692,039 in comparison with the prior year. Of this amount, unassigned fund balance represents $2,277,202.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported in a manner similar to the approach used by private-sector business in that revenues are recognized when earned or established criteria are satisfied and expenses reported when incurred. Accordingly, revenues are reported even when they may not be collected for several months after the end of the year and expenses are reported even though they may not have used cash during the current fiscal year.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The governmental activities of the City include general government, police department, highways and streets and culture/recreation. The business-type activities of the City include the electric, water, sewer, and sanitation services, as well as the airport operations.

The government-wide financial statements can be found on pages 11 and 12 of this report.

Fund financial statements: Funds are a group of self-balancing accounts. Funds are used to account for specific activities of the City. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds used by the City are the general fund and a special revenue fund. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund and special revenue fund.

The City adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with the budget.

The basic governmental fund financial statements, including reconciliations, can be found on pages 13 through 16 of this report.

Proprietary funds: The City utilizes enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City's enterprise funds consist of the electric, water and sewer fund, airport fund, and the sanitation fund.

The basic proprietary fund financial statements can be found on pages 17 through 20 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs.

The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 21 and 22 of this report.

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes should be read in conjunction with the financial statements.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's general fund and special revenue fund budgetary comparisons, as well as pension and other post-employment benefits information. Required supplementary information is listed in the table of contents.

Government-wide Financial Analysis

The following table presents a condensed statement of net position as of September 30, 2023 with comparative totals as of September 30, 2022.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by $47,670,877 at the close of September 30, 2023.

The City's net position include net investment in capital assets of $38,098,196, which reflect its capital assets (e.g., land, buildings and improvements in infrastructure, machinery, and equipment), net of depreciation, less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are *not* available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position, $3,146,924, represents resources that are subject to external restrictions on how they may be used. The balance of *unrestricted net position* is $6,425,757, which increased $1,681,238 over the prior year.

The following is a summary of the changes in net position for the year ended September 30, 2023, with comparative totals for the year ended September 30, 2022.

Governmental activities: Governmental activities increased the City's net position by $1,725,574. Compared to the prior year, revenues decreased $1,161,147, primarily due to decreases in capital grants and contributions of $1,525,955. Expenses increased over the prior year by $110,863 due largely from increases in police department personnel costs.

Business-type activities. Business-type activities increased the City's net position by $9,946,782. Revenues increased by $10,830,678. While charges for services decreased by $184,418, operating and capital grants and contributions increased by $9,922,792 along with other revenue which increased $1,146,004 largely due Hurricane Ian insurance settlements. The decrease in charges for services were largely due to decreased electricity sales that decreased $442,592 over prior year which were offset by charges for services from water and sewer. Expenses increased by $107,805 compared to the prior year. The increase was largely due to decreased purchased power needs which decreased the expense by $860,324 offset by increased personnel expenses and expenses incurred due to Hurricane Ian.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's general fund reported an ending fund balance of $2,427,176, an increase of $425,308 in comparison with the prior year. $2,277,202 of this total amount constitutes unassigned fund balance. The remainder of fund balance is either non-spendable for inventory/prepaid items or restricted to indicate that it is not available for new spending because it has already been restricted for the police department, culture/recreation, and storm disaster.

Activity during the current fiscal year included the following key components:

- Total general fund revenues decreased by $858,682 as a result of a decrease in grants of $1,098,302 which was offset by an increase in tax revenues of $100,438.

- The general fund expenditures decreased by $1,122,754 due mainly to decreases in capital outlay largely related to grants of $947,516, reduced general government expenditures related to the use of ARPA funds in the prior year of $279,183 and reductions in debt service of $126,933.

As of the end of the current fiscal year, the City's special revenue fund (CRA) reported an ending fund balance of $1,072,173, a decrease of $1,117,347 from the prior year. All of the fund balance is restricted to activities of the Community Redevelopment Agency. Total revenues decreased $432,632 primarily as a result of a decrease in grants of $397,657. Expenditures increased $2,044,119 due to expenditures related to downtown development in the CRA area, including improvements to the auditorium, Crews Park and Peace River Park.

Proprietary funds. The City's proprietary funds provide the same type of information found in the business-type activities of the government-wide financial statements, but in more detail. See the discussions above for the business-type activities.

Fiduciary funds. The City's pension trust include defined benefit pension plans and the OPEB trust fund. At year end, assets totaled $25,145,688, which is an increase from the prior year of $1,453,194. This was mainly due to market results in 2023 compared to 2022. For more information on these plans see Notes 3 and 4.

Governmental Fund Budgetary Highlights

General Fund

The original budgeted revenues were $2,703,308, which were amended to $3,575,764, with the increase being related to grant revenues. The original budgeted expenditures were $4,068,834, which were amended to $4,941,290, with the increase being related to capital outlay related to the grant revenues previously discussed. Total other financing sources (uses) were budgeted at $1,365,526 and were not amended.

Actual revenues exceeded budget by $172,264 which was largely due to the timing of grant revenues. Actual expenditures were less than budget by $242,916 due to general government expenditures being less than anticipated by $228,730. Actual other financing sources were $10,125 more than budgeted, due mainly to proceeds from sale of assets.

Special Revenue Fund

The original budgeted revenues of the CRA, including transfers from the City of Wauchula, Florida, were $4,231,143, as were original budgeted expenditures. Neither were amended during the year. Actual revenues were under budget by $1,480,627 due to grant revenues that were not realized in the current year. Actual expenditures were less than budgeted by $1,411,943 due mainly to less general government expenditures and capital outlay than expected. Transfers in/out were less than the original and final budget by $1,048,663.

Capital Assets and Debt Administration

Capital assets. The City's capital assets for its governmental-type and business-type activities as of September 30, 2023, amounted to $41,285,102 (net of accumulated depreciation). Capital assets includes land, buildings and improvements, electrical distribution system, sewer system improvements, water system improvements, machinery and equipment, and construction in progress.

Major capital asset events during the current fiscal year included vehicles, park improvements, airport runway rehabilitation, and water system improvements.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the City of Wauchula's budget for the 2024 fiscal year:

- The City of Wauchula experienced an increase in taxable assessed values of over 12%. This increase in property values is estimated to generate $45,000 in additional revenue.
- The property tax millage rate was reduced to the roll back rate of 5.2042mills in 2024.
- Annual indexing of rates for solid waste services.
- A water and sewer rate study was conducted in fiscal year 22-23 and produced a need for a system-wide increase of 4.3% combined for water and sewer revenues.
- The City of Wauchula is restricted in assessing ad valorem tax on only 52% of total property values. Due to government, educational, hospital and other tax-exempt entity property owners, 48% of the properties included in the City limits are not assessed property taxes. Ad valorem tax revenues collected and spent in the General Fund provide only 19% of the monies needed to operate the police department, maintain roads, streets, parks, code enforcement, community redevelopment needs, and other administrative expenses budgeted in the general fund.

With the previous factors considered, the City of Wauchula's budgeted revenue and expenditures for the fiscal year ending September 30, 2024 are $25,938,761. The total City budget for the previous fiscal year end September 30, 2023 was $21,859,859. The transfer amount to the general fund increased by $207,000 for the budget year 2023-24. There are no discernible or detectable deficiencies reported in level of services provided to the City of Wauchula customers while maintaining the level of this traditionally significant transfer.

Taxable property values in the City of Wauchula increased from fiscal year September 30, 2023 at $161,437,486 by $19,559,125 to $180,996,611 in fiscal year ended September 30, 2024.

Pension and OPEB (Other Post-Employment Benefits)

Both General Employee and Police Pension Funds experienced an increase in portfolio balances at fiscal year-end September 30, 2023. Contributions to the General Fund Employee Pension Fund are from employees and the City (employer) as well as the profits from investment strategies in the fund's portfolio. The contributions to the Police Pension Fund are from the Casualty Loss Premium Tax payment from the state and profitable investment strategies in the pension fund's portfolio.

Although there is currently no requirement to fund the OPEB liability, the City has decided to divert funds budgeted but not needed in this pension fund year to begin to reduce the unfunded liability. The only contributions to the OPEB trust at this time are employer contributions from the City. The City contributed $130,192 to the OPEB trust in fiscal year 2022-2023. During fiscal year 2019-2020 the City began using the funds in the OPEB trust to pay retiree benefits. The total disbursed for 2022-2023 fiscal year was $149,805. Including gains and the prior year balance, the OPEB trust has a funded balance of $605,931 at the conclusion of fiscal year 2022-2023.

In order to maintain the funding status of the General Employee Pension Plan at 96%, the annual required contribution computed by Southern Actuarial Services will be 13.06% for FYE 2024. 3.62% will be deposited into the OPEB trust fund to cover future OPEB costs.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The City of Wauchula, Florida (the City) was incorporated May 22, 1907, by the laws of Florida 1907, Chapter 5864. The City operates under a City Manager form of government and provides the following services as authorized by its charter: public safety (police), highway and streets, sanitation, health and social services, culture and recreation, education, public improvements, planning and zoning, electric and water systems, and general administrative services.

The City, for financial purposes, includes all of the funds and account groups relevant to the operations of the City of Wauchula, Florida. The Wauchula Municipal Airport Authority is considered a part of the primary government, as the City retains the corporate powers of the Authority. The operations of the Airport Authority are included in an enterprise fund. The City has established a Community Redevelopment Agency (CRA). The City Commission is the governing board of the CRA. As such, the CRA is considered part of the primary government. It is included in these financial statements as a special revenue fund. The CRA is responsible for carrying out the rehabilitation, conservation, and redevelopment of the Community Redevelopment Program. Unspent balances at year-end are included in restricted fund balance. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the City.

The financial statements of the City include those of separately administered organizations that are controlled by or dependent on the City. Control or dependence is determined on the basis of budget adoption, taxing authority, funding, and appointment of the respective governing board. No other potential component units exist.

The accounting policies of the City of Wauchula conform to U.S. generally accepted accounting principles (GAAP) as applicable to governments.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. For the most part, the effect of inter-fund activity has been removed from these statements. Government-wide financial statements include a statement of net position and a statement of activities. The statement of net position reports all financial and capital resources of the City's governmental and business-type activities. It is presented in a net position format (assets and deferred outflows less liabilities and deferred inflows equal net position) and shown with three components: net investment in capital assets, restricted net position and unrestricted net position. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds, proprietary funds, and fiduciary funds. All governmental and enterprise funds are considered major funds and are presented as separate columns in the fund financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's business-type activities and governmental activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's utility fund, sanitation fund and airport fund are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City reports the following fund types:

Governmental Funds

General Fund
The general fund is the City's general operating fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the budgeted capital improvement and debt service costs not paid through other funds.

Special Revenue Fund
The special revenue fund is used to account for the revenues and expenditures of the CRA, which are restricted for rehabilitation, conservation, and redevelopment of the Community Redevelopment Program.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION - CONTINUED

Proprietary Funds

The proprietary funds are used to account for the operation of the City's electric, water, sewer, sanitation and airport operations. Proprietary Funds are used for activities a) that are financed with debt secured solely by a pledge of the net revenues from fees and charges of the activity, b) if laws and regulations require that the activity's costs of providing services, including capital costs, be recovered with fees and charges, rather than with taxes or similar revenues, or c) the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs. The City reports the following proprietary funds:

Utility Fund
The utility fund accounts for the operation of the City's electric, water, and sewer system.

Sanitation Fund
The sanitation fund accounts for the activities of the City's garbage operations.

Airport Fund
The airport fund accounts for the activities of the City's airport authority.

Fiduciary Funds

Trust Funds
Trust funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, other governments, and/or other funds. These include pension and OPEB trust funds. Pension and OPEB trust funds are accounted for essentially the same as a proprietary fund since capital maintenance is critical. The City uses Fiduciary Funds for the City of Wauchula – Employee Pension Plan, the City of Wauchula Police Pension Trust Fund and the OPEB Trust Fund.

CASH AND INVESTMENTS

The City invests in certificates of deposit and short-term investments such as money market accounts. All cash and investment accounts are with financial institutions qualified under laws and regulations of the State of Florida. Deposits whose values exceeded the limits of Federal depository insurance were entirely insured or collateralized pursuant to Chapter 280 of the Florida Statutes. The City does not have a formal investment policy that limits its exposure to fair value losses arising from increasing interest rates. However, at September 30, 2023, the City had only time deposits, demand deposits and short-term money market accounts.

State statutes section 218.415 authorizes the City to invest its surplus public funds in the following:

- Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized through the Florida Inter-local Cooperation Act.
- S.E.C. registered money market funds with the highest credit equality rating from a nationally recognized rating company.
- Interest bearing time deposits or savings accounts in state-certified Qualified Public Depositories as defined in Section 280.02 Florida Statutes.
- Direct Obligations of the U.S. Treasury.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

FAIR VALUE

The City uses fair value measurements to record fair value adjustments to certain assets and liabilities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. However, in certain instances, there are no quoted market prices for certain assets or liabilities. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the asset or liability.

Fair value measurements focus on exit prices in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. If there has been a significant decrease in the volume and level of activity for the asset or liability, a change in valuation technique or the use of multiple valuation techniques may be appropriate.

In such instances, determining the price at which willing market participants would transact at the measurement date under current market conditions depends on the facts and circumstances and requires the use of significant judgment.

The three categories within the hierarchy are as follows:

Level 1: Quoted prices in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in markets that are not active, interest rates and yield curves observable at commonly quoted intervals, implied volatilities, credit spreads, and market-corroborated inputs.

Level 3: Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flows methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgement.

CASH AND CASH EQUIVALENTS

For the purposes of the statement of cash flows all checking, savings, money market investments and any cash held with a fiscal agent are considered to be cash and cash equivalents. The City's policy is to consider all certificates of deposit to be investments.

INVENTORIES

Inventories are stated on a basis, which approximates cost determined by the first-in, first-out method. A physical count is completed annually. Inventory in the general fund consists of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are requisitioned by the operating department.

RECEIVABLES AND PAYABLES

Activity between funds that are representative of lending/borrowing arrangement outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

RECEIVABLES AND PAYABLES - CONTINUED

All trade receivables are shown net of allowance for doubtful accounts. At September 30, 2023 the reserve for bad debts in the general fund was $5,759, the utility fund was $153,196, the airport fund was $2,387 and the sanitation fund was $27,506.

CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 and an estimated life of greater than one year. If purchased or constructed, assets are reported at historical cost or estimated historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The City has elected to report general infrastructure assets on a prospective basis only.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are expensed as incurred.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	20 - 50
Machinery and equipment	5 - 15
Electrical distribution system	20 - 50
Water system improvements	20 - 50

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Three items qualify for reporting in this category. The deferred charge on refunding is reported in the government-wide and proprietary fund statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. In addition, a deferred outflow of pension resources and OPEB resources are reflected in the government-wide and proprietary fund statement of net position.

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three items that qualifies for reporting in this category. A deferred inflow of pension earnings and OPEB resources are reported in the government-wide and proprietary fund statement of net position. Additionally, lease-related inflows of resources are reported in the government-wide statement of net position.

On the governmental funds' balance sheet, unavailable revenue is also classified as deferred inflows of resources. This represents funds which did not meet the availability criteria under the modified accrual basis of accounting and therefore are considered to be deferred charges until available.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

COMPENSATED ABSENCES

The City's personnel policy provides for the payment of accrued vacation, sick and comp time pay upon separation of its employees. A liability for this amount is recorded in the government-wide and proprietary fund financial statements. A liability for these amounts is recorded in the governmental funds only if they have matured. Liquidation of these liabilities is made through either the general fund or the utility fund.

LONG-TERM OBLIGATIONS

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Debt issuance cost are recognized as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as debt issuance costs, during the period incurred. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trust Fund and additions to/deductions from the OPEB Trust Fund's fiduciary net position have been determined on the same basis as they are reported by the City. For this purpose, the City recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NET POSITION

The elements of net position are reported in three parts as applicable: net investment in capital assets, restricted and unrestricted. When both restricted and unrestricted resources are available, restricted resources are used first, and then unrestricted resources, as they are needed.

FUND BALANCE

The City follows Governmental Accounting Standards Board (GASB) Statement 54. GASB 54 established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications are non-spendable and spendable. Spendable is then further classified as restricted, committed, assigned, and unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the general fund. The general fund should be the only fund that reports a positive unassigned balance.

The City classified governmental fund balances are as follows:

Non-spendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance:

- Restricted – includes amounts that can be spent only for specific purposes because of State or Federal laws or enabling legislation, or which are externally restricted by providers, such as creditors or grantors.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

FUND BALANCE - CONTINUED

- Committed – includes amounts that can be spent only for specific purposes that are approved by a formal action of the City Commissioners through a resolution or the budget process.

- Assigned – includes amounts designated for a specific purpose by the City Commissioners through a resolution or the budget process, which are neither restricted nor committed.

- Unassigned – includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The City uses restricted amounts first when both restricted and unrestricted fund balance are available, unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The City does have a formal minimum fund balance policy to maintain general fund reserves at a minimum of 17% of general fund operating expenditure appropriations.

PROPERTY TAXES

Property taxes are levied on November 1 of each year and are due and payable upon receipt of the notice of levy. The Hardee County, Florida Tax Collector's Office bills and collects property taxes on behalf of the City. The tax rate to finance general governmental services and general obligation debt service for the fiscal year ended September 30, 2023 was 5.5532 per $1,000 of assessed taxable property value.

Property tax revenues are recognized currently in the fiscal year for which the taxes are levied. On May 1 of each year, unpaid taxes become a lien on the property. The past due tax certificates are sold at public auction and the proceeds thus collected are remitted to the City.

No accrual for the property tax levy becoming due in November 2023 is included in the accompanying financial statements since taxes do not meet the necessary criteria.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The property tax calendar is as follows:

July 1	Assessment roll validated
September 30	Millage resolution approved
October 1	Beginning of fiscal year for which tax is to be levied.
November 1	Tax bills rendered and due
November 1 - March 31	Property taxes due with various discount rates
April 1	Taxes delinquent
May 31	Tax certificates sold by County

BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with U.S. generally accepted accounting principles for the governmental funds. Expenditures should not exceed total appropriations. All annual appropriations lapse at fiscal yearend. Budget amendments are approved by the City Commission.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing October 1. The operating budget includes proposed expenditures and the means of financing them.

2. Public hearings are conducted to obtain taxpayer comments.

3. The budget is legally enacted through passage of an ordinance.

4. The City Manager is authorized to transfer budgeted amounts within a department; however, any revisions that alter the total expenditures of any fund or department must be approved by the City Commission. Appropriations lapse at the end of the fiscal year.

5. Formal budgetary integration is employed as a management control device during the year for the General Fund, CRA Fund, Electric, Water and Sewer System, and Airport Fund.

6. Budgets for the General Fund, CRA Fund and Enterprise Funds are adopted on the accrual basis.

The legal level of budgetary control is at the fund level.

INSURANCE

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. These risks are covered by commercial insurance purchased from independent third parties including participation in various risk sharing pools. All significant accrued losses have been funded.

ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles required management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

IMPLEMENTATION OF NEW ACCOUNTING STANDARD

Effective October 1, 2022, the City adopted new accounting guidance by implementing the provisions of Governmental Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements* (GASB No. 96), which requires recognition of intangible right-to-use subscription assets and subscription liabilities. Under GASB No. 96, the right-to-use subscription assets and related subscription liability are solely reported in the statement of net position. Upon implementation, management determined that there were no material subscription-based information technology arrangements that would require recognition under GASB No. 96.

LONG-TERM DEBT - CONTINUED

Maturities vary from $202,000 to $254,000 from October 1, 2018 to October 1, 2028. The reacquisition price exceeded the net carrying amount of the old debt by $124,560, which was reported as a deferred outflow of resources and amortized over the life of the new debt. The refunding resulted in a reduction of $166,674 in future debt service costs and an economic gain of $145,519 in net present value savings between the Utility Refunding Revenue Bond, Series 2011 and the Series 2016 Utility Refunding Revenue Note.

The bonds require the use of a sinking fund, of which is included in restricted cash. Failure to make timely payments will result in default. In addition to any remedies available to the creditor by law, upon default the City is required to pay interest due on unpaid amounts plus an additional 2% per annum from and five days after the date due until such overdue amount is paid. The City is also required to pay all costs of collection.

State of Florida Department of Environmental Protection Loan WW62419P

In September 2005, the City Commission passed resolution 2005-41, authorizing the City to obtain financing from the Florida Department of Environmental Protection (FDEP), which is available through the Clean Water State Revolving Fund. The purpose of the financing is the improvement and expansion of the City's wastewater facilities.

During 2006 and 2007, the City borrowed $509,883 in accordance with the loan agreement. Payments began in July of 2009 and are due in semi-annual amounts of $21,906 including interest of 0.71% per annum. The total amount outstanding, including capitalized interest, at September 30, 2023 is $151,283.

State of Florida Department of Environmental Protection Loan WW250201

Pursuant to Resolution 2009-20, the City entered into a construction loan agreement with the Florida Department of Environmental Protection to finance or refinance the construction of public water systems, specifically for:

1. Water System Improvements – Well Number 5
2. Water System Improvements – Wellhead and Water Treatment Plant

The loan was also to assist the City in paying down the Series 2008 Water System Revenue Bond (Bridge Loan).

On February 9, 2010, the original agreement was amended to increase project funding to $3,652,106. Of this amount, $2,550,000 is "Principal Forgiveness" by the state and federal governments. The City drew funds under the agreement in 2011, 2012, and 2013. The semi-annual loan payments of $37,966, include interest at 2.82%, 2.57%, and 1.86% for each draw. Payments started on June 15, 2011 and continue until all amounts

The original agreement had project funding of $6,125,520 of which $5,512,968 is principal forgiveness by state and federal governments. Semi-annual payments of $14,123 (including interest at 0.89%) commence on April 15, 2026, and will continue until the loan is fully repaid. The outstanding balance at September 30, 2023 is $157,625. The City has pledged the revenues of the system for the repayment of the loan.

Default Remedies on State of Florida Department of Environmental Protection Loans

Loans by the State of Florida Department Environmental Protection (SRF Revolving Loans) define events of default as failure to make any monthly loan deposits or semi-annual loan payments for a period of 30 days; failure to comply with the loan agreement; bankruptcy or insolvency; or failure to give immediate written notice of default when a default has continued for 30 days. State Revolving Fund loans provide for a number of remedies providing finance-related consequences in an event of default. The Florida Department of Environmental Protection may:

- Establish rates and collect fees and charges for the use of the City's Utility System.
- Intercept the delinquent amount plus six percent, as expressed as an annual interest rate from any unobligated funds due to the City under any revenue or tax sharing fund established by the State. Penalty interest shall accrue on any amount due and payable beginning on the 30th day following the date upon which payment is due.
- Notify financial market credit ratings agencies and potential creditors.

NOTE 3 - RETIREMENT PLANS

The City has two defined benefit pension plans.

- The City of Wauchula Employee Pension Plan (WEPP)
- The City of Wauchula Police Pension Trust Fund (WPPP)

NOTE 3 -RETIREMENT PLANS - CONTINUED

Plan Description and Summary of Significant Accounting Policies
WEPP – The Plan is a single employer, defined benefit public employee retirement system. Participation is mandatory for full time employees and employees are eligible on the date of hire. Benefit provisions and employer and employee contributions are authorized by the City Commission and trustees. The Plan was amended and restated pursuant to Ordinance 2014-3.

The Plan is accounted for in the accompanying financial statements as a pension trust fund. A separate financial statement is not issued for the Plan. Plan administrative costs are paid by the Plan. The Advisory Committee administers the Plan with final authority residing in the City Commission with powers to amend or extend the provisions of the Plan.

Plan Membership
At the October 1, 2022 valuation date membership consisted of:

Active	69
Retirees	41
Terminated with deferred vested pensions	15
Total	125

Wauchula Police Pension Trust Fund – (WPPP)
The Plan is a single employer, defined benefit public employee retirement system plan. The City has established a special pension trust fund into which shall be paid all monies received by the City under the provisions of Chapter 185, Florida Statutes. Total contributions to the WPPP in 2023 were $56,014, all of which are from the State. All police employed by the City who have completed one year of continuous service, are qualified as participants in the Police Pension Trust Fund. Participants are entitled to one share in the fund for each full year of service. Participants vest after ten years of service.

The total monies received, including interest earned, any gifts and the credits forfeited by the participants (all of which constitute income to the fund during each fiscal year), shall be allocated and the value of the respective participants' shares shall be determined as follows:

(a) The Board of Trustees shall pay all costs and expenses of management and operation for the fiscal year.

(b) The Board of Trustees shall set aside as much income as it considers advisable as a reserve for expenses for the then current fiscal year.

(c) After deducting the monies called for by Subsection (a) and (b), the remaining monies shall be allocated and credited to the share accounts of the respective participants.

The number of shares to which each and every participant is entitled as of the close of each fiscal year shall be added together and the total number of shares thus determined shall be divided into the net amount of money available to be allocated and credited to the respective share accounts. The amount to be credited to the account of each participant will then be obtained by multiplying the value determined for one share by the total number of shares to which each participant is entitled.

An individual account shall be established for each participant, and the amount to which each participant is entitled shall be credited to his account as of the end of each fiscal year.

Basis of Accounting
The Pension Plans use the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Wauchula Police Pension Trust Fund – (WPPP) – Continued

Asset Valuation
Investments are reported at market value based on quoted prices (Note 1). Investment income is recognized when earned. Gains and losses on sales and exchanges of securities are recognized on the transaction date.

Benefit Provisions-WEPP
Effective May 17, 2010, normal retirement is age 60 with 6 years of service, or any age with 30 years of service. The pension benefit is 2.50% of average earnings for each year of service up to 40 years. Benefits are available for early retirement at age 50 with at least 6 years of service. The pension benefit is reduced by 1% for each year down to age 55 and further reduced by 2% for each year down to age 60.

Death and disability benefits are also available under the Plan. In service disability benefits are calculated at the larger of the basic pension formula or 50% of average earnings. Non-service disability is calculated as the larger of the basic pension formula or 25% of average final compensation. Pre-retirement death benefits are calculated at 50% of the basic pension formula beginning at the earliest retirement age, and payable to the spouse of a vested participant for life. In addition, the beneficiary of any participant or retiree receives $25,000, reduced by 10% for each year of service less than 10 years.

Vesting occurs after 6 years of service for general employees and 10 years for police officers. Participants who retire at age 50 or later with at least 6 years of service receive a $100 monthly supplemental life annuity.

Wauchula Employee Pension Plan – (WEPP)
Contribution Information
WEPP members are required to contribute 10% of their annual covered salary. The City is required to contribute the greater of an actuarially determined rate or 10%. Total employer contributions were $2,424 which were less than the required contributions for the year ended September 30, 2023, on covered payroll of $3,342,507.

Plan Investments
Plan assets are held with the Florida Municipal Pension Trust Fund (FMPTF), an agent multiple employer pension plan administered by the FMPTF Board of Trustees. The FMPTF issues a publicly available report that includes the combined financial statements of all plan members which can be obtained from their website. Separate accounts are maintained for each employer group.

The plan follows the investment policies of the FMPTF. The Master Trustees of the FMPTF have the exclusive authority and discretion to manage and control the assets of the FMPTF. The City has selected to participate in the FMPTF 60/40 Target Fund. The maximum target asset allocation for equities is 60%. The following was the adopted asset allocation policy as of September 30, 2023:

Asset Class	Total Allocation
Equities	60%
Large Cap	25%
Small Cap	14%
International	21%
Fixed Income	40%
Core Bonds	15%
Core Plus	15%
Core Real Estate	10%

All employee pension plan assets with the FMPTF are included in the trust's master Trust Fund. Employee pension plan assets of the defined benefit type are invested by the FMPTF through the Florida Municipal Investment Trust (FMIvT) for the benefit of the participating employers, participating employees and

beneficiaries. The FMIvT is a Local Government Investment Pool (LGIP) and, therefore, considered an external investment pool. The plans have a beneficial interest in shares in the FMIvT portfolios listed below. The plan's investment is the beneficial interest in the FMIvT portfolio, not the individual securities held within each portfolio.

As of September 30, 2023, the asset allocations for the various investment models were as follows:

Asset Allocation and Model/Percentage	WEPP/WPPP 60/40
Cash and Money Market	1.4%
FMIvT Broad Market High Quality Bond	14.6%
FMIvT Diversified Large Cap	24.2%
FMIvT Diversified Small to Mid Cap Equity	13.9%
FMIvT Core Real Estate	12.8%
FMIvT International Equity	19.3%
FMIvT Core Plus Fixed Income	13.6%
	100.0%

Credit Risk – Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its obligations.

The FMIvT Broad Market High Quality Bond Fund has a Fitch Rating of AAf/S4. The FMIvT Core Plus Fixed Income Fund and the equities portfolios are not rated.

Interest Rate Risk – Interest rate exists when there is a possibility that changes in interest rates could adversely affect an investment's fair value.

The FMIvT Broad Market High Quality Bond Fund has a weighted average maturity of 6.70 years. The FMIvT Core Plus Fixed Income Fund has a weighted average to maturity of 8.03 years.

Foreign Currency Risk – Participating employer's investments in the FMIvT are not subject to foreign currency risk.

Rate of Return – For the year ended September 30, 2023 the annual money-weighted rate of return on Pension Plan Investments, net of pension plan investment expense, was 8.73% for the WEPP. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The components of the net pension liability (asset) of the City at September 30, 2023 were as follows:

Total Pension Liability	$ 20,277,411

The Sponsor's net pension liability (asset) was measured as of September 30, 2023.

Actuarial Assumptions-WEPP

The total pension liability, net pension liability (asset), and certain sensitivity information are based on an actuarial valuation performed as of October 1, 2022. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ending September 30, 2023. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Investment rate of return (2.77% for inflation)	7.00%
Projected salary increases	5.00% per annum
COLA	None assumed

For eligible police officers, 20% are assumed to retire at each of ages 55 through 57, 30% are assumed to retire each of ages 58 and 59, and 100% are assumed to retire at age 60. For all other eligible participants, 10% are assumed to retire at each of ages 55 through 59 and 100% are assumed to retire at age 60. Regardless of the foregoing, participants who have earned at least 30 years of service are assumed to retire immediately and deferred vested participants are assumed to commence benefits at their normal retirement age.

Pre-retirement mortality is based on the sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Below Median Employee Mortality Table for general employees, with full generational improvements in mortality using Scale MP-2018 and with male ages set back one year; post-retirement mortality is based on the sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Below Median Healthy Retiree Mortality Table for general employees, with full generational improvements in mortality using Scale MP-2018 and with male ages set back one year.

The long-term expected rate of return on pension plan investments was determined using a building-block in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included the pension plan's target asset allocation as of September 30, 2023 are summarized in the following table:

NOTE 3 - RETIREMENT PLANS - CONTINUED

Actuarial Assumptions-WEPP - Continued

Long-Term Expected Asset Class	Real Rate of Return
Equities	
Large Cap	4.60%
Small Cap	5.50%
International	6.70%
Fixed Income	
Core Bonds	1.60%
Core Plus	2.10%
Core Real Estate	5.00%
Total or weighted arithmetic average	4.38%

Discount Rate

The discount rate used to measure the total pension liability (asset) was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

Sensitivity of the net pension liability (asset) to changes in the discount rate

The following presents the net pension liability of the City, calculated using the discount rate of 7.00%, as well 1% higher and 1% lower than the current rate:

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
Net Pension Liability (Asset)	$ 1,780,623	$ (947,757)	$ (3,190,958)

Changes of Assumptions

There were no changes of assumptions since the prior measurement date.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Mutual funds and short-term investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Investments held with Florida Municipal Investment Trust (FMIvT) are held in a Local Government Investment Pool (LGIP) which are classified as either Level 2 or Level 3. Level 2 investments are invested in funds or portfolios in which the underlying asset values are based on quoted prices or market-corroborated inputs, however, the net asset value of the portfolio is not publicly quoted. FMIvT Core Plus Fixed Income and FMIvT Core Real Estate are funds classified as Level 3 since the shares of the funds are not publicly quoted and the underlying funds invest in a variety of financial instruments.

The City did not have any assets or liabilities included in the pension or OBEP plans that are not measured at fair value.

NOTE 4 - OTHER POST-EMPLOYMENT BENEFIT PLAN

Plan Description

Plan Administration - The City of Wauchula administers a single employer defined benefit plan (Plan) that is used to provide post-employment benefits other than pensions (OPEB), through the City's Personnel Rules and Regulations with the following provisions:

Employees hired prior to January 1, 1999:

- Entitled to participate in the City's group medical insurance plan until becoming eligible for Medicare, and thereafter in the City approved Medicare Supplement, if the City has approved one, at their own expense unless prior to retirement of a particular employee, the City Commission decides otherwise.
- Retirees must pay a monthly premium as determined by the insurance carrier, less any explicit subsidies that are provided by the City. The premium varies depending on whether the retiree elects single, spousal, or family coverage.

Employees hired after January 1, 1999:

- Entitled to participate in any City plan upon retirement but at the employee's own expense.

NOTE 4 - OTHER POST-EMPLOYMENT BENEFIT PLAN - CONTINUED

The Plan is vested and subject to change by approval of the City Commissioners. Separate financial statements of the Plan are not available.

Benefits Provided – For employees hired prior to January 1, 1999, the City provides an explicit health insurance subsidy equal to the premium for single coverage under the City's health insurance plan, less $100 per month which is provided under the City-sponsored pension plan. The subsidy is provided regardless of whether the retiree elects coverage under the City-sponsored health insurance plan, and the subsidy is provided for life. The City also provides a $30 monthly utility subsidy. The utility subsidy is provided to the retiree for life and to the retiree's spouse for life after the retiree's death

Plan Membership – At September 30, 2023, membership in the Plan consisted of the following:

Current Retirees	28
Active Employees	69
	97

Contributions – Through 2015, the City's OPEB benefits were unfunded. Effective October 1, 2015, the City established an Other Post-Employment Benefit Trust (Trust) of which the assets are held with the Florida Municipal Pension Trust (FMPT). Annual contributions to the OPEB Trust are not required and are determined annually by the City Commissioners. During the year ended September 30, 2023, the City contributed $130,192 to the OPEB Trust. For the year ended September 30, 2023, the City's average contribution rate was 3.92 percent of covered-employee payroll of $3,449,266. Plan members are not required to contribute to the Plan.

Investments

Investment Policy – Plan assets are held with the Florida Municipal Pension Trust Fund (FMPTF) an agent multiple employer pension plan administered by the FMPTF Board of Trustees. The Plan follows the investment policies of the FMPTF. The Master Trustees of the FMPTF have the exclusive authority and discretion to manage and control the assets of the FMPTF. The ultimate subsidies that are not financed with assets in the trust, are financed directly by general assets of the City, which are invested in qualified public depositories. Payments for benefits or contributions to the OPEB Trust come from the City's General Fund.

The City has selected to participate in the FMPTF OPEB 50/50 Fund. The following was the adopted asset allocation policy as of September 30, 2023:

Asset Class	Total Allocation
Equities	50%
Large Cap	29%
Small Cap	8%
International	13%
Fixed Income	50%
Core Bonds	20%
Core Plus	20%
Core Real Estate	10%

As of September 30, 2023, the asset allocations for the various investment models were as follows:

Asset Allocation and Model/Percentage	OPEB 50/50
Cash and Money Market	0.2%
FMIvT Broad Market High Quality Bond	19.7%
FMIvT Core Plus Fixed Income	19.4%
FMIvT Diversified Large Cap	23.3%
FMIvT Diversified Small to Mid Cap Equity	6.4%
FMIvT International Equity	16.9%
FMIvT Core Real Estate	14.1%
	100.0%

NOTE 4 - OTHER POST-EMPLOYMENT BENEFIT PLAN - CONTINUED

There were no changes in the investment policy during the year ended September 30, 2023. For all other investment disclosures, including fair value and risk, see Note 3.

Concentrations – The Plan did not hold investments in any one organization that represents 5 percent of more of the Plan's fiduciary net position.

Rate of Return – For the year ended September 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 5.90 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Receivables
As of September 30, 2023, the Plan did not have any receivables.

Allocated Insurance Contracts
As of September 30, 2023, the Plan did not have any allocated insurance contracts.

Reserves
As of September 30, 2023, the Plan did not have any reserves.

Net OPEB Liability
The components of the net OPEB liability of the City at September 30, 2023, were as follows:

Total OPEB liability	$ 5,060,027
Plan fiduciary net position	(604,116)
City's net OPEB liability	**$ 4,455,911**

Plan fiduciary net position as a percentage of the total OPEB liability 11.94%

The City's net OPEB liability was measured as of September 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of October 1, 2022.

Actuarial Assumptions –The total OPEB liability was determined by an actuarial valuation as of October 1, 2022 in which the individual entry age normal cost method was used. The actuarial valuation's determination of the OPEB liability, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

- Discount Rate: 4.96% per annum; this rate was used to discount all future benefit payments and is based on a blend of the expected long-term return on assets (for benefits payments during the first six years after the valuation date) and a yield on 20-year Grade AA/Aa or higher municipal bonds of 4.91% per annum (for benefit payments beyond the first six years after the valuation date); the expected long-term return on assets was determined by the Asset Consulting Group and the municipal bond yield is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.
- Expected Long-Term Return on Assets: 6.50% per annum (2.62% per annum is attributable to long-term inflation).
- Salary Increases: 3.00% per annum.
- Cost-of-Living Increases: Retiree contributions and health insurance premiums have been assumed to increase in accordance with the healthcare cost trend rates.
- Healthcare Cost Trend Rates: Increases in healthcare costs are assumed to be 7.50% for the 2022-23 fiscal year graded down by 0.50% per year to 5.00% for the 2027-28 and later fiscal years.
- Age-Related Morbidity: Healthcare costs are assumed to increase at the rate of 3.50% for each year of age.

NOTE 4 - OTHER POST-EMPLOYMENT BENEFIT PLAN - CONTINUED

Net OPEB Liability - Continued

- Mortality basis: Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general and public safety employees, with full generational improvements in mortality using Scale MP-2020.
- Retirement: 10% of eligible general employees are assumed to retire at each of ages 55 through 59 and 100% of eligible general employees are assumed to retire at age 60; 20% of eligible police officers are assumed to retire at each of ages 55 through 57, 30% of eligible police officers are assumed to retire at each of ages 58 and 59, and 100% of eligible police officers are assumed to retire at age 60; regardless of the foregoing, employees who have earned at least 30 years of service are assumed to retire immediately.
- Disability: Assumed disability uses age and gender based rates; general employee disability rates range from 0.075% (males) and 0.035% (females) at age 25, 0.096% (males) and 0.054% (females) at age 35, and 0.162% (males) and 0.085% (females) at age 45, to 0.400% (males) and 0.180% (females) at age 55; police officer disability rates range from 0.179% (males) and 0.075% (females) at age 25, 0.290% (males) and 0.096% (females) at age 35, and 0.795% (males) and 0.162% (females) at age 45, to 1.030% (males) and 0.040% (females) at age 55.
- Employment Termination: Assumed withdrawal uses age-based rates; general employee withdrawal rates range from 7.10% at age 25, 4.20% at age 35, 1.80% at age 45, and 0.80% at age 55 to 0.00% at age 60; police officer withdrawal rates range from 5.00% at age 25 and 3.00% at age 35, to 0.00% at age 45.
- Coverage Election: 25% of eligible employees are assumed to elect medical coverage under the City's health insurance plan for life upon retirement or disability and 80% of those electing coverage are also assumed to elect coverage for their spouse.
- Spouses and Dependents: Husbands are assumed to be three years older than wives; retirees are not assumed to have any dependent children.
- COBRA: Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation; because the COBRA premium is determined periodically based on plan experience, the COBRA premium to be paid by the participant is assumed to fully cover the cost of providing healthcare coverage during the relevant period.
- Changes in Implied Monthly Subsidy: The implied monthly subsidy at age 60 for the 2022-23 fiscal year was changed from $459.00 to $450.00 for the retiree and from $594.00 to $575.00 for the retiree's spouse.
- Changes in Assumptions: Since the prior measurement date, the discount rate was increased from 4.82% per annum to 4.96% per annum and the healthcare cost trend rates were decreased from 8.00% graded down to 5.00% to 7.50% graded down to 5.00%.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of September 30, 2023 are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Core Bonds	1.60% per annum
Core Real Estate	5.00% per annum
Core Plus	2.10% per annum
U.S. Large Cap Equities	4.60% per annum
U.S. Small Cap Equities	5.50% per annum
Non-U.S. Equities	6.70% per annum

NOTE 4 - OTHER POST-EMPLOYMENT BENEFIT PLAN - CONTINUED

Net OPEB Liability - Continued

Discount Rate - The discount rate used to measure the total OPEB liability was 4.96 percent (increased from 4.82% in the prior year). The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

NOTE 5 - CONTINGENCIES

From time to time, the City is involved in litigation with various parties. The outcome of these matters and potential losses to the City cannot be determined. As a result, no liability has been recorded in these financial statements. However, it is at least reasonably possible that a liability could result in the near term.

NOTE 6 - COMMITMENTS

The City has entered into long term construction contracts for the completion of various projects. The total commitment at September 30, 2023 is $19,322,853, of which $11,034,284 has been completed by September 30, 2023. Of the remaining $8,288,568, $8,133,013 is expected to be funded by grant awards the City has received.

Employers reporting date:	September 30, 2023
Measurement date:	September 30, 2023
Valuation Date:	October 1, 2022

Actuarially determined contribution rates are calculated as of October 1, prior to the end of the fiscal year in which contributions are reported.

Actuarial assumptions

Discount rate:	7.00% per annum (2.62% per annum is attributable to long-term inflation): this rate was used to discount all future benefit payments.
Salary increases:	5.00% per annum. Average pay is increased by 5.00% to reflect anticipated lump sum compensation payments upon termination.
Cost-of-living increases:	None assumed
Mortality basis:	Pre-retirement mortality is based on the sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Below Median Employee Mortality Table for general employees, with full generational improvements in mortality using Scale MP-2018 and with male ages set back one year; post-retirement mortality is based on the sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Below Median Healthy Retiree Mortality Table for general employees, with full generational improvements in mortality using Scale MP-2018 and with male ages set back one year.
Retirement:	For eligible police officers, 20% are assumed to retire at each of ages 55 through 57, 30% are assumed to retire each of ages 58 and 59, and 100% are assumed to retire at age 60. For all other eligible participants, 10% are assumed to retire at each of ages 55 through 59 and 100% are assumed to retire at age 60. Regardless of the foregoing, participants who have earned at least 30 years of service are assumed to retire immediately and deferred vested participants are assumed to commence benefits at their normal retirement age.
Other decrements:	Assumed employment termination is based on age; for police officers, termination rates range from 5.00% at age 25 to 0.00% at age 45; for all other participants, termination rates range from 7.10% at age 25 to 0.00% at age 60. Assumed disability is based on gender and age; for police officers, disability rates range from 0.179% for males and 0.075% for females at age 25 to 1.03% for males and 0.04% for females at age 55, with 80% of disabilities assumed to be service-related; for all other participants, disability rates range from 0.075% for males and 0.035% for females at age 25 to 0.40% for males and 0.18% for females at age 55, with 20% of disabilities assumed to be service related.
Marriage assumption:	80% of non-retired participants are assumed to be married, with husbands three years older than wives.
Form of payment:	Future married retirees are assumed to select the 50% joint and contingent annuity; future unmarried police retirees are assumed to select the 10-year certain and life annuity; all other future unmarried retirees are assumed to select the single life annuity.
Non-investment expenses:	1.75% of covered payroll
Future contributions:	Contributions from the employer and employees are assumed to be made as legally required.
Changes of assumptions:	There were no changes of assumptions since the prior measurement date.

Notes to Schedule:
Valuation Date: October 1, 2022
Measurement Date: September 30, 2023

Methods and assumptions used to determine contribution rates:

Discount rate	4.96% per annum
Expected long-term return on assets	6.50% per annum (2.62% attributable to long-term inflation)
Salary increases	3.00% per annum
Inflation	Retiree contributions and health insurance premiums have been assumed to increase in accordance with the healthcare cost trend rates
Healthcare cost trend rates	Increases in healthcare costs are assumed to be 7.50% for the 2022/23 fiscal year graded down by 0.50% per year to 5.00% for the 2027/28 and later fiscal years
Age-related morbidity	Healthcare costs are assumed to increase at the rate of 3.50% for each year of age
Mortality	Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general and public safety employees, with full generational improvements in mortality using Scale MP-2020
Retirement	10% of eligible general employees are assumed to retire at each ages of 55 through 59 and 100% of eligible general employees are assumed to retire at age 60; 20% of eligible police officers are assumed to retire at each of ages 55 through 57, 30% of eligible police officers are assumed to retire at each of ages 58 and 59, and 100% of eligible police officers are assumed to retire at age 60; regardless of the foregoing, employees who have earned at least 30 years of service are assumed to retire immediately
Disability	Assumed disability uses age and gender based rates: general employee disability rates range from 0.075% (males) and 0.035% (females) at age 25, 0.096% (males) and 0.054% (females) at age 35, and 0.162% (males) and 0.085% (females) at age 45, to 0.400% (males) and 0.180% (females) at age 55; police officer disability rates range from 0.179% (males) and 0.075% (females) at age 25, 0.290% (males) and 0.096% (females) at age 35, and 0.795% (males) and 0.162% (females) at age 45, to 1.030% (males) and 0.040% (females) at age 55
Employment termination	Assumed withdrawal uses age-based rates; general employee withdrawal rates range from 7.10% at age 25, 4.20% at age 35, 1.80% as age 45, and 0.80% at age 55 to 0.00% at age 60; police officer withdrawal rates range from 5.00% at age 25 and 3.00% at age 35 to 0.00% at age 45
Changes in assumptions	Since the prior measurement date, the discount rate was increased from 4.82% per annum to 4.96% per annum; and the healthcare cost trend rates were decreased from 8.00% graded down to 5% to 7.50% graded down to 5%.
Changes in implied monthly subsidy	The implied monthly subsidy at age 60 for the 2022/23 fiscal year was changed from $459.00 to $450.00 for the retiree and from $594.00 to $575.00 for the retiree 's spouse

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards and state financial assistance includes the federal and state grant activity of the City of Wauchula, Florida (City) and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the Florida State Single Audit Act and Rules of the Auditor General of the State of Florida, Chapter 10.550. Some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. Because the schedule presents only a selected portion of the City's operations, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are recognized following the cost principles contained in the Uniform Guidance and Chapter 10.550 Rules of the Auditor General wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The City elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE C - CONTINGENCIES

Grant monies received and distributed by the City are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based on prior experience, the City does not believe that such allowances, if any, would have a material effect on the financial position of the City. As of July 31, 2024, there were no material questioned or disallowed costs as a result of grant audits in process or completed.

NOTE D - LOANS

The City has federal loans outstanding issued through the Environmental Protection Agency, under the Capitalization Grants for State Revolving Funds program. Both loans were issued during 2023. The outstanding loan balances as of September 30, 2023 are as follows:

Grant Number	Assistance Listing Number	Program Name	Outstanding Balance at September 30, 2023
CW-250160	66.458	Capitalization Grants for State Revolving Funds	$ 278,169

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable City Commission
City of Wauchula, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wauchula, Florida (City), as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 31, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

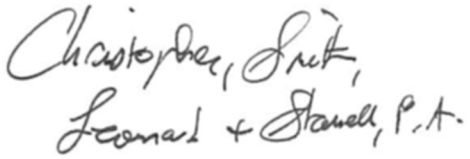

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

To the Honorable City Commission
City of Wauchula, Florida

Report on Compliance for Each Major Program and State Project

Opinion on Each Major Federal Program and State Project
We have audited City of Wauchula, Florida's (City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and Department of Financial Services' State Projects Compliance Supplement that could have a direct and material effect on each of the City's major federal programs and state projects for the year ended September 30, 2023. The City's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2023.

Basis for Opinion on Each Major Federal Program and State Project
We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General. Our responsibilities under those standards, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance
Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

Auditor's Responsibilities for the Audit of Compliance
Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General will always detect material noncompliance when it exists.

BRADENTON 1001 3rd Avenue West, Suite 700 Bradenton, FL 34205 ph 941.748.1040
SARASOTA 1515 Ringling Boulevard, Suite 900 Sarasota, FL 34236 ph 941.954.4040
TAMPA 101 East Kennedy Boulevard, Suite 1460 Tampa, FL 33602 ph 813.490.4490
WWW.CSLCPA.COM

The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program or state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, Rules of the Auditor General, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in* internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

MANAGEMENT LETTER

To the Honorable City Commission
City of Wauchula, Florida

Report on the Financial Statements
We have audited the financial statements of the City of Wauchula, Florida (City) as of and for the fiscal year ended September 30, 2023, and have issued our report thereon dated July 31, 2024.

Auditor's Responsibility
We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements
We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated July 31, 2024, should be considered in conjunction with this management letter.

Prior Audit Findings
Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority
Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements.

Financial Condition and Management
Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify of the specific conditions met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information for a Dependent Special District

Information required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General is reported in the City of Wauchula Community Redevelopment Agency's audited financial statements.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON INVESTMENT COMPLIANCE

To the Honorable City Commission
City of Wauchula, Florida

We have examined the City of Wauchula, Florida's (City's) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2023. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the specified requirements for the year ended September 30, 2023.

This report is intended solely for the information and use of the City and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
