The Honorable Chairman and Board of Commissioners,
The Honorable Mayor and Members of City Council,
And Citizens of the City of Rockledge:

The Annual Financial Report of the Rockledge Community Redevelopment Agency, City of Rockledge, Florida, for the fiscal year ended September 30, 2022, is hereby submitted. The report includes Management's Discussion and Analysis and is reflective of management's position on the financial status of the Agency. Management is responsible for the contents of the annual financial report. As such, management, with the support of the elected officials, has established a comprehensive framework of internal controls to protect the Agency from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Agency's financial statements in conformity with generally accepted accounting principles (GAAP). This framework of internal controls, despite inherent limitations, is established to provide a reasonable basis for asserting that these financial statements are fairly presented. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The firm of Carr, Riggs & Ingram, LLC, has audited the Agency's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Agency for the fiscal year ended September 30, 2022 are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Agency's financial statements for the fiscal year ended September 30, 2022, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, an overview, and an analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The report reflects work compliant with Governmental Accounting Standards Board (GASB) Statement No. 34 and was performed independent of the audit provisions. This report also includes accounting for capital assets and long-term liabilities. This information will have an impact on the financial structure of the report and there will be additional statements within the document depicting those requirements.

PROFILE OF THE AGENCY

Under its enabling legislation, and pursuant to Chapter 163, Part III, Florida Statutes, the Rockledge City Council (Council) established the City of Rockledge Community Redevelopment Agency (Agency) on January 23, 2002, as a dependent special district to guide the City of Rockledge (City) in its redevelopment efforts. The Agency is governed by a seven member Board of Commissioners (Board) appointed by the Council.

Operationally, the City Manager is responsible for carrying out the policies and initiatives of the Agency, overseeing daily operations, and appointing the Coordinator and hiring all other employees of the City who facilitate the operations of the Agency. All activities of the Agency are conducted by employees of the City, for which the Agency provides payment.

The Agency, in compliance with its Redevelopment Plan (Plan), as updated in 2012, has designated 4 sub-districts where it strives to foster revitalization through public investments in order to improve infrastructure and aesthetics. This results in an inviting area in which the private sector will want to more actively invest. The Agency pursues economic development opportunities, while also serving as a liaison and advocate for the existing business community, and endeavors to preserve and enhance the tax base.

The annual budget is a foundation for the financial planning and control for the Agency and is meant to further the Plan's vision and intent. The budget process begins at staff level in May of each year and is worked through the Council Finance and Budget Committee in June, July, and August. A public workshop is held in August and public hearings in September for adoption of the budget to begin October 1 of each year. The annual tax millage rate is also established at the same time as adoption of the budget.

The City Manager can make appropriate transfers within the budget without Council or Board approval. Changes to overall budgets require approval by the Council. The Council and Board receive monthly reports of financial conditions of the Agency, including comparisons as to budget and actual expenditures.

FACTORS AFFECTING FINANCIAL CONDITIONS

As a part of the Central Florida Regional economy, Rockledge has slowly rebounded financially since the recession years of 2009-2012. During Fiscal Year 2022, unemployment decreased steadily from 3.7 to 2.6 percent, continuing the downward trend from what started at double digits during the period of 2009-2012. The expansion of business in the City and sub-districts continues to be positive. Economic development on a comprehensive basis has been aided by redevelopment projects. The Agency marketing efforts continue in order to attract new business, support existing business, and to revitalize vacant and underutilized properties.

Economic conditions for fiscal year 2022 remained strong in the context of the COVID-19 pandemic, as is evidenced in the overall redevelopment activity and property values. Total incremental property values increased by $13.1 million over the prior fiscal year, an increase of 3.2%. Total number of façade grants closed during the fiscal year held stable at 9 in 2022, compared to 9 in 2021.

The Agency is scheduled to sunset on September 30, 2026, providing four more fiscal years to achieve the remaining objectives of the Plan. Therefore, in Fiscal Year 2022, a continued focus on the Strategic Implementation Plan was maintained, which included the projection of future revenues of the Agency and execution of best use projects with targeted completions before the sunset date.

As a top priority, the Agency continues to fund Façade Grants and educate and inform potential private investors about the unique attractive aspects and geographical resources within the City. Additionally, the Agency continues to meet its debt obligations. The Community Redevelopment Agency (CRA) tax-exempt loan for the Barton Boulevard Project has now been fully satisfied. The CRA, through the City, has access to a $500,000 credit line bearing interest at 6.25% with Community Bank of the South. During the fiscal year, and as of September 30, 2022, this debt instrument remained unutilized.

The Agency's defined purpose of utilizing restricted funds to attain the objectives of the Plan within its lifetime is necessarily different than that of an entity that seeks to be a going concern in perpetuity. Therefore, its financial position and the results of operations are best viewed from this perspective.

ECONOMIC FACTORS, AND NEXT YEAR'S BUDGET AND RATES

When establishing priorities for the Fiscal Year 2022 Budget, the Agency is reliant on the City and Brevard County's budget processes and millage rate setting. Therefore, the Agency emphasizes strategic utilization of its current revenue sources and reserves through intelligent expenditures, low administrative costs, and cost-effective grants and capital projects. Investing these limited resources wisely is key to the ultimate success of the Agency.

The Agency has concentrated on attracting new businesses to the sub-districts, property improvements, and removal of dilapidated structures. Since 2004, the Agency has funded 123 property improvement projects with matching grants totaling $963,266 ($10,000 limit on any one grant). The result has been to leverage over $3.7 million in private investment to enhance the tax base. The State of Florida continues to make additional administrative burdens on Community Redevelopment Agencies, which increase administrative costs without direct benefit to redevelopment. The City Manager and Staff evaluate the budget on a monthly basis and recommendations are made to the Board and Council periodically to ensure financial responsibility.

CONCLUSION

The preparation of this report would not have been possible without the excellent work of the City of Rockledge Finance Division. An extensive amount of detailed effort occurs during the year, as well as during the audit, to ensure accuracy and appropriate evaluation of procedures. The Agency Board and the City's Planning Division contribute extensively to sound financial practices to ensure accountability and the carrying out of the Agency's mission. Appreciation is also expressed to the independent audit team led by Christine Noll-Rhan for its tireless efforts on this yearly project. Final thanks are expressed to the Rockledge Community Redevelopment Agency Board, and to City Council, for your direction and your trust in staff to carry out your policies throughout the year. It is truly a team effort.

The 2022 Fiscal Year, despite the pandemic headwinds, was a very successful year with much accomplished. The main emphasis has been placed on the fulfillment of the Agency's plan in a way that will positively impact the local economy in the decades to come. We are honored to have the opportunity to move Rockledge forward and enjoy continued success.

Sincerely,
CITY OF ROCKLEDGE, FLORIDA

INDEPENDENT AUDITORS' REPORT

The Honorable Chairman and Board of Commissioners
City of Rockledge Community Redevelopment Agency
The Honorable Mayor and Members of the City Council
City of Rockledge, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of the City of Rockledge Community Redevelopment Agency (the "Agency"), a component unit of the City of Rockledge, Florida, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Agency, as of September 30, 2022, and the respective changes in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Agency and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's

ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of

America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 19, 2023, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Agency's internal control over financial reporting and compliance.

As management of the City of Rockledge (City) Community Redevelopment Agency (Agency), we offer readers of the Agency's financial statements this narrative overview of the financial activities of the Agency for the fiscal year ended September 30, 2022. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages v to vii of this report.

FINANCIAL HIGHLIGHTS

- Total assets and liabilities of the Agency as of September 30, 2022, were $5,701,426 and $117,682, respectively.

- Entity-wide total revenues and transfers in ($2,568,158) consisted of $1,054,081 of property taxes assessed, collected, and remitted directly by Brevard County, $1,508,564 in transferred tax incremental funding collected by the City, $191 transferred in from the City's American Rescue Plan Special Revenue Fund and $5,322 in miscellaneous revenues. Total expenses were $916,420.

- The assets of the Agency exceeded its liabilities at the close of the most recent fiscal year by $5,583,744 (net position). As required by Florida Statutes, this entire amount is restricted for the purpose of fulfilling the Agency's Community Redevelopment Plan.

- The Agency's total net position increased by $1,651,738 or 42 percent due to current year operations. This is the result of the Agency's strategic goal to utilize the current and expected future resources of the Agency in the most effective strategic manner to fulfill its mission.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements, which comprise three components: (1) entity-wide financial statements; (2) fund financial statements; and (3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements.

Entity-wide financial statements. The entity-wide financial statements are designed to provide readers with a broad overview of the Agency's finances in a manner similar to a private-sector business.

The statement of net position presents information on all the Agency's assets, deferred outflows, liabilities, and deferred inflows, with the difference between these four financial statement elements reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating. However, this should be interpreted from the perspective that the Agency's duration is set to expire on September 30, 2026.

The statement of activities presents information showing how the Agency's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation leave).

Both of the entity-wide financial statements present functions of the Agency from a programmatic perspective. All assets, liabilities, and activities are governmental in nature. The activities of the Agency include general government and planning and development.

The entity-wide financial statements can be found on pages 15 through 16 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been isolated for specific activities or objectives. The Agency, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Agency is classified as a governmental fund, in that it is almost entirely supported by taxpayer revenues.

Governmental fund. Governmental funds are used to account for essentially the same functions reported as governmental activities in the entity-wide financial statements. However, unlike the entity-wide financial statements, governmental financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating near-term financing requirements.

Because the focus of a governmental fund is narrower than that of the entity-wide financial statements, it is useful to compare the information presented for the governmental fund with similar information presented for governmental activities in the entity-wide financial statements. By doing so, readers may better understand the long-term impact of the Agency's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City adopts an annual appropriated budget for the CRA. A budgetary comparison schedule has been provided for the Agency to demonstrate compliance with the budget and is presented as required supplementary information. The governmental fund financial statements can be found on pages 17 to 19 of this report.

Notes to the financial statements. The notes provide additional information that is essential for a full understanding of the data provided in the entity-wide and fund financial statements.

The notes to the financial statements can be found on pages 20 through 29 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information such as budgetary comparison information.

The required supplementary information can be found on pages 31 and 33 of this report.

ENTITY-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the Agency, assets exceeded liabilities by $5,583,744 as of September 30, 2022.

	Governmental Activities	
	2022	2021
Current and other assets	$ 5,701,426	$ 4,203,014

All of the Agency's net position reflects cash and prepaid expenses restricted for the purposes of fulfilling the Agency's Plan. This fact held true in the prior year. This restriction is internal and external, as it is a requirement of Florida State Statutes, as well as enacted by a specific resolution of the Board. The increase in restricted net position totaled $1,401,738 for the Agency in Fiscal Year 2022.

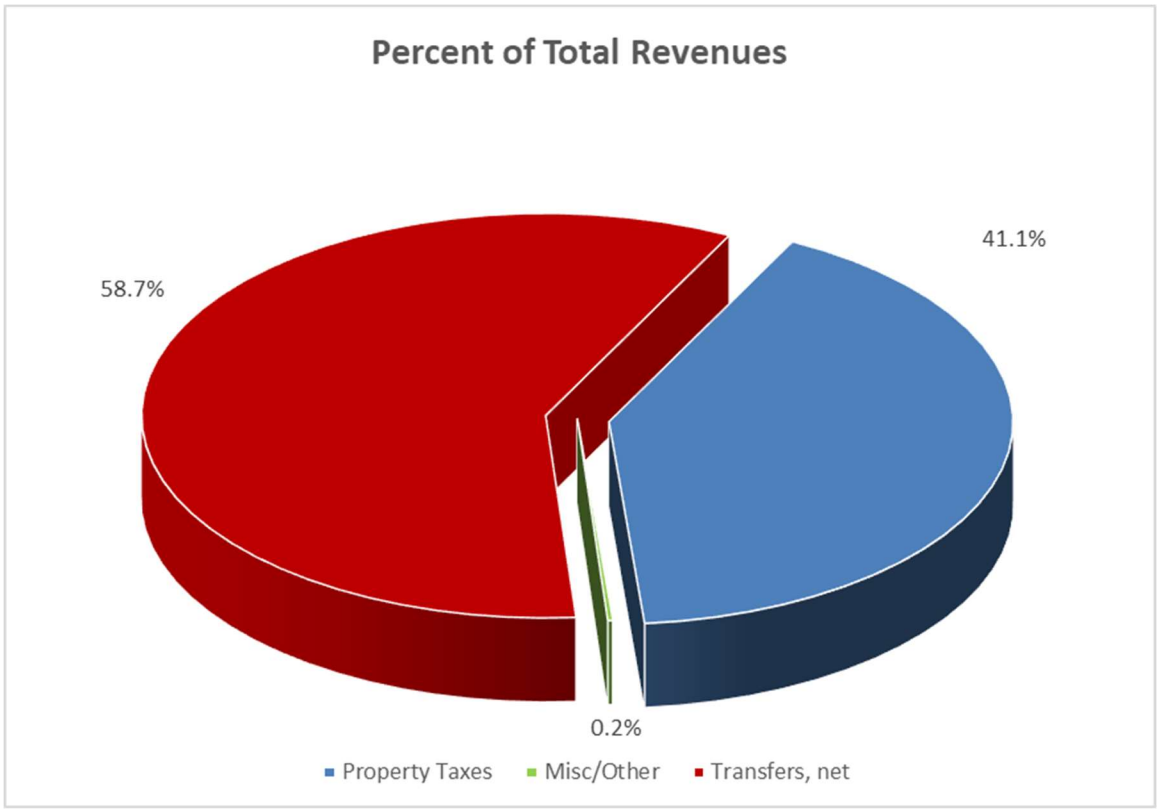

Governmental activities. Governmental activities increased the Agency's net position by $1,651,738, compared to a balance of $3,932,006 in the prior year. Revenues and transfers in increased by 2.98 percent or $74,244 with the largest increases related to property taxes ($17,936), and transferred tax incremental revenues ($58,657).

Expenditures decreased compared to 2021 by $191,339, with the largest decreases related to planning and development ($187,283). General Government costs, which reflect attorney expenditures, remained constant. Interest on long-term debt decreased $4,056.

FINANCIAL ANALYSIS OF THE FUND

As noted earlier, the Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental fund. The focus of the Agency's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Agency's financing requirements. In particular, the fund balance may serve as a useful measure of an entity's net resources available for spending at the end of the fiscal year.

In its 20th year of existence, the Agency's fund balance increased by $1,401,738 after increasing $1,136,155 in the prior year. The revenues for this fund are derived from the additional tax revenue generated by new construction and improvements in taxable assessed values, as the Agency is continuing to implement plans and improvements to the area, funds were expended primarily on the debt service, façade grants, and consulting fees. A transfer of $1,508,564, consisting of taxes generated by the "incremental" growth between the current value and the base year value, was made from the City of Rockledge General Fund to the Agency pursuant to an interlocal agreement with Brevard County. An additional transfer of $191 was made from the City's American Rescue Plan Act Special Revenue Fund for qualified operational expenditures.

Expenditures for façade improvement grants and debt service were $68,372 and $254,056, respectively, for a total of $322,428 in the current year. The Agency began the Barnes Boulevard Beautification and Multipurpose Community Center projects, expending $27,280 and $19,200, respectively. Additionally, the Agency finished the Don Griffin Trail paving project in the amount of $418,543. These in process and completed projects were immediately transferred to the City at time of purchase, according to enabling legislation and the Agency's Plan. Increased operating cash inflows were further enhanced by a decrease in expenditures for the year, resulting in an increase in the Agency's fund balance to $5,583,744 as of September 30, 2022. This represents an increase from the fund balance of $4,182,006 in the prior year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets. The Agency's investments in capital assets are transferred to the City of Rockledge, as the Agency's enabling legislation and Plan do not facilitate the care, maintenance, and ownership of capital assets. This investment in capital assets includes land, buildings, improvements, and infrastructure in designated areas of the City of Rockledge which have been specifically identified for redevelopment initiatives.

Long-term debt. On July 22, 2005, the Agency, through the City, borrowed $4,000,000 for the acquisition and construction of additions and improvements to Barton Boulevard in the City of Rockledge Redevelopment Area. Pursuant to the loan agreement (the Series 2005 Note), the excess of income, fees, and earnings over the costs of operation and maintenance of the Agency are irrevocably pledged to the payment of principal and interest on the Series 2005 Note. The Series 2005 Note does not constitute a general obligation or indebtedness of the Agency, and the lender shall never have the right to require or compel the levy of taxes for the payment of principal or interest, nor does it constitute a lien on any property of the Agency other than the pledged funds

noted above. During the fiscal year, a final payment of $254,056 was made on this debt instrument. Therefore, at the end of the current fiscal year the Agency had fully satisfied this debt.

The Agency, through the City, obtained an unsecured line of credit during 2014 to provide working capital for the Agency. No balance was outstanding as of September 30, 2022.

See Notes 3 and 4 for more information on the Agency's debt obligations and pledged revenues.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Pursuant to Chapter 163, Part III, Florida Statutes, the Rockledge City (City) Council (Council) established the City of Rockledge Community Redevelopment Agency (Agency) on January 23, 2002, as a dependent special district to guide the City in its redevelopment efforts.

The accounting policies of the Agency conform to generally accepted accounting principles (GAAP) as applied to government units. The more significant accounting policies used by the Agency are described below.

A. REPORTING ENTITY

The Agency fosters revitalization of the specifically identified sub-districts through public investments in order to improve infrastructure and aesthetics, resulting in an inviting area in which the private sector will want to more actively invest; pursues economic development opportunities, while also serving as a liaison and advocate for the existing business community; and endeavors to preserve and enhance the tax base.

The Agency is governed by a seven member Board of Commissioners appointed by the City of Rockledge Council.

B. ENTITY-WIDE AND FUND FINANCIAL STATEMENTS

The entity-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all activities of the Agency. Agency activities are considered governmental activities, as they are normally supported by taxes and intergovernmental revenues, as opposed to business-type activities which rely, to a significant extent, on fees and charges for services.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The entity-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Agency considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due or made.

Property taxes and investment earnings associated with the current fiscal period are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when received by the Agency.

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as needed.

D. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

The Agency has elected to report the budgetary comparison as Required Supplementary Information (RSI). Please refer to the accompanying notes to the RSI also for the Agency's budgetary information.

The Agency has no material violation of finance related legal and contractual provisions.

E. USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

F. DEPOSITS

Cash and Cash Equivalents

Except as noted below, the Agency's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. DEPOSITS (Continued)

The Agency maintains deposits in a pooled cash account of the City of Rockledge, with a local bank. A portion of the resulting investment income is allocated to the Agency based on the respective cash balance in each of the City of Rockledge funds.

The Agency's pooled cash deposits, with a carrying amount of $1,495,138, and its deposits in the separate Agency escrow account of $4,200,236, are covered by federal depository insurance and by deposits held in banks that are members of the State of Florida's collateral pool. The Florida collateral pool is a multiple institution pool with the authority to assess member institutions in the event of any collateral shortfall. For this reason, the City considers these deposits insured. The cash and cash equivalents listed above are exempt from the fair market value hierarchy requirements of GASB 72.

G. RECEIVABLES

All account receivables are shown net of allowances for uncollectable accounts. See Note 2.

H. PROPERTY TAXES

Under Florida law, the assessment of all properties and the collection of all property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State of Florida regulating tax assessment are also designed to assure a consistent property valuation method statewide. State statutes permit the City to levy property taxes at a rate of up to ten mills. The operating millage rate in effect for the fiscal year ended September 30, 2022, was 5.99 mills.

All property is assessed according to its fair market value on January 1 of each year and, at that time, a lien is placed on the property for the taxes. The tax levy of the Agency is established by the Council prior to October 1 of each year and the Brevard County Property Appraiser incorporates the City's millage into the total tax levy, which also includes Brevard County, the Brevard County School Board, the Florida Inland Navigation District and the St. Johns Water Management District's tax requirements.

The following procedures were completed on or about the dates listed during the property tax levy process.

July - The Brevard County Property Tax Appraiser (the County Property Appraiser) forwarded to the City a certification of value of all real property within the City's boundaries which included the current year's taxable values, new construction, annexations, deletions, prior year taxable value, prior year millage rates, prior year ad valorem tax proceeds, and roll-back rates.

July - The Council sets the current year tentative millage rate at not more than 110% of the rolled-back millage rate.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. PROPERTY TAXES (Continued)

August - Notices of the proposed ad valorem tax assessments were mailed to each property owner by the County Property Appraiser.

September - As required by the State of Florida, a public meeting is held within 80 days of receipt of the certification of value to consider the budget and ad valorem tax millage rate.

September - Within 15 days of the meeting at which the Council adopted a tentative budget, the City advertised its intent to adopt a final budget and millage rate.

September - A final budget and millage rate hearing was held during which the Council set the current year's millage rate.

November - Tax notices were mailed to each property owner by the County Property Appraiser's office.

All taxes are billed on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the County Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount.

On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

I. CAPITAL ASSETS

The purpose of the Agency includes revitalization of sub-districts through public investments to encourage private sector investment and increase economic development opportunities. The acquisition and improvement of property for revitalization serves a vital role for the Agency. However, the Agency does not maintain or operate any capital assets. Therefore, Agency purchased assets, along with the burden of operating and maintenance costs are transferred to the City.

J. PREPAID ITEMS

Prepaid items represent payments to vendors for services that will benefit the Agency beyond September 30, 2022. These payments are recorded as expenditures or expenses when utilized rather than when cash is paid to the respective vendor.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. LONG-TERM DEBT

In the entity-wide financial statements, long-term debt is reported as a liability in the statement of net position.

L. NET POSITION

Net position is made up of three components. Net investment in capital assets represents net capital assets less related long-term liabilities, where unspent debt proceeds increase this amount. Restricted net position represents assets that are legally restricted for specific purposes. They include reserve funds, special revenues restricted by statute and ordinance, and other sources restricted for capital projects or improvements. The balance of net position is considered unrestricted net position. At September 30, 2022, the Agency has no unrestricted funds.

M. FUND EQUITY

In the fund financial statements, fund balance is reported in classifications that are based on the relative strength of the constraints that control how amounts in the fund can be spent.

Fund balance is reported in the following five components:

Nonspendable - includes fund balance amounts that cannot be spent either because they are not in spendable form or because of legal or contractual requirements. This would include inventories, advances, and prepaid items.

Restricted - includes fund balance amounts that are constrained for specific purposes which are externally imposed by third-party (creditors, grantors, contributors) agreements, constitutional provisions, or enabling legislation.

Committed - includes fund balance amounts that can be used only for the specific purposes that are internally imposed by a formal action of the government's highest level of decision making authority, which includes ordinances and resolutions. Commitments may be changed by the government only by taking the same action that imposed the constraint initially. Contractual obligations are included to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual obligations.

Assigned - includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. The authority for assigning fund balance is expressed by the City Council, Agency Commission, City Manager, or their designee.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. FUND EQUITY (Continued)

Unassigned - includes residual positive fund balance which has not been classified within the other above-mentioned categories. When both restricted and unrestricted (committed, assigned, and unassigned) fund resources are available for use, it is the Agency's policy to generally use restricted resources first, and then unrestricted resources. When unrestricted resources are available for use, it is the Agency's policy to use committed resources first, then assigned, and then unassigned as they are needed.

N. NET POSITION RESTRICTED BY ENABLING LEGISLATION

In the entity-wide financial statements, governmental activities reported a total net position of $5,583,744 that was restricted by enabling legislation.

Note 2 – ACCOUNTS RECEIVABLE

Property taxes are considered fully collected during and prior to the end of the fiscal year. Therefore, no material amounts of property taxes are receivable as of September 30, 2022. There are no other reserves for receivables recorded by the Agency as of September 30, 2022.

Note 3 – NOTES AND LINES OF CREDIT PAYABLE

On July 22, 2005, the Agency, through the City, borrowed $4,000,000 through a local bank for the acquisition and construction of additions and improvements to Barton Boulevard in the City of Rockledge Redevelopment Area. Pursuant to the loan agreement (Series 2005 Note), the excess of income, fees and earnings over the costs of operation and maintenance of the CRA are irrevocably pledged to the payment of principal and interest on the Series 2005 Note. The Series 2005 Note does not constitute a general obligation or indebtedness of the CRA and the lender shall never have the right to require or compel the levy of taxes for the payment of principal or interest nor does it constitute a lien on any property of the CRA other than the pledged funds noted above. The Series 2005 Note had a maturity date of January 31, 2022, and bore interest at 3.49% until resetting on January 31, 2012. Effective January 31, 2012, the rate was adjusted to the five-year U.S. Treasury rate minus 30 basis points (0.43%). This rate was effective through January 31, 2017, when the rate was adjusted for a final time to the five-year U.S. Treasury rate minus 30 basis points (1.6%), which remained in effect until January 31, 2022. Payments were interest only on January 31, 2007, on the unpaid principal balance and, beginning on January 31, 2007, annual principal payments of $250,000 plus accrued interest were due. Interest of $4,056 was paid on this note during the year ended September 30, 2022. As of September 30, 2022, this debt instrument was fully satisfied.

Note 3 – NOTES AND LINES OF CREDIT PAYABLE (Continued)

On October 7, 2013, the Agency, through the City, opened a $750,000 line of credit through a local bank in order to facilitate short-term financing needs. In 2013 and 2015, the City drew $500,000 and $350,000 from the line of credit, which was used with other funds to purchase parcels of land and buildings. On September 30, 2016, the line of credit was increased to $1,000,000 and $200,000 was drawn to purchase land. On October 4, 2017, the Agency, through the City, increased the line of credit to $2,000,000 and drew $396,996 to purchase land and a commercial building. On December 7, 2017, the Agency, through the City, decreased the line of credit to $1,000,000. On July 29, 2021, the Agency, through the City, decreased the line of credit to $500,000. As of September 30, 2022, no amount of principal remains outstanding. The line of credit has a maturity date of July 16, 2025, and bears interest at the Wall Street Journal Prime Rate, which was 6.25% on September 30, 2022.

Note 4 – CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the year ended September 30, 2022, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Notes payable:					
Community Redevelopment Agency Note, Series 2005	$ 250,000	$ -	$ (250,000)	$ -	$ -
Total notes payable	250,000	-	(250,000)	-	-
Governmental activity long-term liabilities	$ 250,000	$ -	$ (250,000)	$ -	$ -

Note 5 - TRANSFERS TO / FROM OTHER FUNDS

The Agency received a transfer from the City in the amount of $1,508,564, which represents the tax incremental financing (TIF) payment required by enabling legislation. This amount is determined by the millage rate passed by City Council, and the change in the applicable taxable value of the tax increment area. Additionally, the Agency received $1,054,081 from Brevard County, which similarly represents the amount determined by the millage rate enacted by the County Commissioners and the applicable taxable value of the tax increment area. Further, the Agency received $191 from the American Rescue Plan Act of 2021, representing vaccine incentive pay for staff dedicated to the Agency. The Agency is economically reliant upon these revenues to carry out its mission. As disclosed in Note 1.I., the Agency's purpose is to revitalize the targeted areas according to its mission and plan. Therefore, it is not charged with the care and maintenance of acquired assets. Assets acquired by the Agency are transferred to the City, along with the related responsibility for their maintenance and disposition.

Note 6 - RISK MANAGEMENT

The Agency is exposed to various risks or loss related to torts; theft of, damage to, and destruction of assets; errors and omissions.

The Agency purchases separate commercial liability insurance coverage to protect against these risks. Coverage for general liability claims is a maximum of $1,000,000 combined single limit.

The commercial insurance carried is a claims incurred policy for which the Agency is covered for claims originating against the Agency during the policy period. The amount of coverage is dependent on the date of the liability-imposing event. The Agency has maintained continuous coverage and does not believe it has any exposure to events which occurred prior to the year ended September 30, 2022.

Note 7 - COMMITMENTS AND CONTINGENCIES

During the ordinary course of its operation, the Agency is party to various claims, legal actions, and complaints. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Agency, the liabilities which may arise from such actions would not result in losses which would exceed the liability insurance limits in effect at the time the claim arose or otherwise materially affect the financial condition of the Agency or results of activities.

Note 8 - COMMUNITY REDEVELOPMENT AGENCY BUDGET

The purpose of the Rockledge CRA is to stimulate economic growth, promote private development opportunities, and maintain a safe, prosperous community while focusing on improving the quality of life of the citizens of Rockledge.

Note A – BUDGETARY INFORMATION

The Agency adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

a) Prior to the first day of August of each year, the City Manager prepares a proposed budget for the next succeeding fiscal year and submits it to the Agency. The recommended budget includes proposed expenditures and the sources of receipts to finance them.

b) Complete copies of the proposed budget are made available for public inspection. Public hearings are conducted to obtain taxpayers' comments.

c) The budget is enacted through passage of an ordinance and becomes the basis for the millage levied by City Council.

d) The City Manager is authorized to transfer budgeted amounts between line items within a department; however, any revisions that alter the total expenditures of any department must be approved by City Council. Administrative and general government are considered one department. Expenditures may not exceed legal appropriations at the department level. All appropriations lapse at year end.

e) Formal budgetary integration is employed as a management control device during the year for the Agency.

f) The budgetary basis for the CRA fund is cash basis.

g) The budgetary comparison schedule shown in the accompanying required supplementary information presents comparisons of the legally adopted budget, as amended, with actual results. The originally adopted budget is presented for purposes of comparison to the final, amended budget.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Chairman and Board of Commissioners
City of Rockledge Community Redevelopment Agency
The Honorable Mayor and Members of the City Council
City of Rockledge, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the City of Rockledge Community Redevelopment Agency, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Rockledge Community Redevelopment Agency's basic financial statements, and have issued our report thereon dated April 19, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Rockledge Community Redevelopment Agency's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Rockledge Community Redevelopment Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Rockledge Community Redevelopment Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Rockledge Community Redevelopment Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
