## INDEPENDENT AUDITORS' REPORT

To the Board of Directors,  
Madison Creative Arts Academy, Inc.:

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and each major fund, and the aggregate remaining fund information of Madison Creative Arts Academy, Inc. (the "School") (a component unit of the Madison County School District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund, and the aggregate remaining fund information of Madison Creative Arts Academy, Inc. as of June 30, 2020 and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

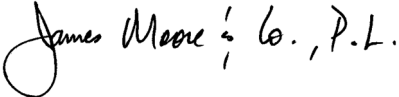

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2020 on our consideration of Madison Creative Arts Academy, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Madison Creative Arts Academy, Inc.'s internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS  
JUNE 30, 2020**

This discussion and analysis (MD&A) of Madison Creative Arts Academy, Inc.'s (the "School") financial condition provides an overview of financial activity, identifies changes in financial position and assists the reader in focusing on significant financial issues. The primary purpose of the School is to provide an educational program for approximately 340 students. It is important to the long-term existence of the School to maintain its financial health. Net position is accumulated only to the extent required to ensure that there are sufficient reserve funds for future operations and for new capital needs.

The MD&A provides summary level financial information; therefore, it should be read in conjunction with the accompanying financial statements.

SIGNIFICANT ACTIVITIES DURING FISCAL YEAR 2019-2020 ARE NOTED BELOW:

- The School's enrollment was 326 students.
- The School was rated by the State of Florida as an "A" school.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

### **The Financial Statements**

The financial statements presented herein include all of the activities of the School using the integrated approach as prescribed by GASB Statement Number 34.

The government-wide financial statements present the financial picture of the School from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities. These statements include all assets of the School as well as all liabilities. Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables and receivables.

The fund financial statements include statements for the governmental activities. The governmental funds are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

Reconciliations of the fund financial statements to the government-wide financial statements are provided to explain the differences created by the integrated approach.

The Primary unit of the government is the School Board of Madison County, Florida.

An overview of significant financial information from the current year includes:

- The School's net position was \$1,092,613 at June 30, 2020.
- Total governmental fund revenues and other financing sources exceeded expenditures and other financing uses by \$766,944.
- Capital assets, net of depreciation, equaled \$243,782.
- The School's governmental funds reported combined ending fund balances of \$1,595,525.
- The school is striving to sustain the minimum general fund balance of 5% as a percentage of current year expenditures and was able to end the fiscal year with the ratio at 62%.

**REPORTING THE SCHOOL AS A WHOLE**

**The Statement of Net Position and the Statement of Activities**

The *Statement of Net Position* and the *Statement of Activities* report information about the School as a whole and about its activities. These statements include *all* assets and liabilities of the School using the accrual basis accounting, which is similar to the accounting used by most private-sector companies. All of the current year revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the School's *net position* and changes in them. Net position is the difference between assets and liabilities and is one way to measure the School's financial health, or *financial position*. Over time, *increases or decreases* in the School's net position are one indicator of whether its financial health is improving or deteriorating. Other factors to consider are changes in the School's revenue base and the condition of the School's capital assets.

The relationship between revenues and expenses is the School's operating results. Since the Board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the School. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

**Net Position**

The School's net position was \$1,092,613 for the fiscal year ended June 30, 2020. Of this amount, \$709,599 was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants, grantors, constitutional provisions and enabling legislation that limit the School's ability to use the net position for day-to-day operations. Our analysis below, in summary form, focuses on the net position and change in net position of the School's governmental activities.

**Governmental Activities**

All of the School's services are reported in this category. This includes the education of kindergarten through eighth grade students, and the on-going effort to improve and maintain capital assets. Revenues received from the Florida Education Finance Program through the Madison County Public School system, Federal grants and miscellaneous local revenues finance these activities.

**MADISON CREATIVE ARTS ACADEMY, INC.**  
**MANAGEMENT DISCUSSION AND ANALYSIS**  
**JUNE 30, 2020**  
(Continued)

We have presented the cost of the School’s three largest operational functions - basic instruction, school administration, operations. Providing this information allows citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

|                       | <b>Total Cost<br/>of Services</b> |
|-----------------------|-----------------------------------|
| Basic Instruction     | \$ 1,528,887                      |
| School Administration | 268,402                           |
| Operations            | 154,363                           |
| Total                 | \$ 1,951,652                      |

**REPORTING THE SCHOOL’S MOST SIGNIFICANT FUNDS**

**Fund Financial Statements**

The fund financial statements provide detailed information about the most significant funds – not the School as a whole. Some funds are required to be established by State law. However, management may establish various funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other monies that it receives.

**Governmental funds**—The School’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School’s general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the School’s programs. The differences between the governmental fund financial statements and the government-wide financial statements are explained in reconciliations following each governmental fund financial statement.

**THE SCHOOL’S FUNDS**

For the year ended June 30, 2020, the governmental funds reported a combined fund balance of \$1,595,525.

|                      | <b>Fund<br/>Balance<br/>June 30, 2020</b> |

MANAGEMENT DISCUSSION AND ANALYSIS  
JUNE 30, 2020  
(Continued)**

**General Fund Budgetary Highlights**

During the course of the fiscal year, the School revises its General Fund Budget in order to deal with unexpected changes in revenue and expenditures. The Governing Board adopts its initial budget based on projected enrollment and the corresponding projected revenues. Amendments are primarily required to reflect changes in revenue estimates from the State of Florida Education Finance Program (FEFP) as actual enrollments are determined. A schedule showing the School’s original and final General Fund budget amounts compared with actual amounts paid and received is provided on page 27.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

At June 30, 2020, the School had \$243,782 invested in capital assets (net of depreciation), including furniture, equipment and building improvements.

|   | <b><u>Governmental<br/>Activities<br/>June 30, 2020</u></b> |

| Accumulated Depreciation and Amortization | <u>(552,798)</u>  |
| Totals                                    | <u><u>\$ 243,782</u></u>                                    |

**ECONOMIC FACTORS**

The economic position of the school for general operating is closely tied to that of the State. The formula for determining funding for education is set by Statute. State funds to charter schools are provided primarily by legislative appropriations from the State’s general revenue funds under the Florida Education Finance Program (FEFP), and the State funding for operations is primarily from sales, gasoline, and corporate income taxes. Additionally, the level of tourism in the State heavily influences the amount of taxes collected. Significant changes in State revenue collections could directly impact future School revenue allocations.

**CONTACTING THE SCHOOL’S FINANCIAL MANAGEMENT**

This financial report is designed to provide citizens, taxpayers, parents and creditors with a general overview of the School’s finances, and to demonstrate the School’s accountability for the money it receives. If readers have any questions about this report or need additional financial information, contact the Principal, at Madison Creative Arts Academy, Inc., 2812 West U.S. Highway 90; Madison, FL 32340.

**MADISON CREATIVE ARTS ACADEMY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020**

(1) **Summary of Significant Accounting Policies:**

The following is a summary of the more significant accounting policies of Madison Creative Arts Academy, Inc. (the “School”), which affect significant elements of the accompanying basic financial statements:

(a) **Reporting entity**—Madison Creative Arts Academy, Inc. was created on August 6, 2015, to operate as a charter school under Florida Statutes. The charter was approved and effective beginning July 1, 2016. The School entered into a contract with Madison County District School Board (the “District”) to provide an educational program for elementary and middle school public school students. The School receives a majority of its funding through the District based on a formula of student attendance which is identical to that of other Madison County, Florida public schools. The initial Charter has been granted for five years through June 30, 2021. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter, in which case the District is required to notify the School in writing at least 90 days prior to the charter’s expiration. Madison Creative Arts Academy, Inc. is considered a component unit of the Madison County District School Board.

(b) **Description of government wide financial statements**—The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities are normally supported by intergovernmental revenues and other nonexchange transactions.

(c) **Basis of presentation – government wide financial statements**—While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Amounts reported as program revenues include operating grants and contributions. Items not properly included among program revenues, such as monies received from the Madison County District School Board, are reported as general revenues.

(d) **Basis of presentation – fund financial statements**—The fund financial statements provide information about the government’s funds. Separate statement for the fund category, governmental, is presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. Major individual governmental funds are reported as separate columns in the fund financial statements.

The School reports the following major governmental funds:

**General Fund**—The general fund is used to record the general operations of the School pertaining to education and those operations not provided for in other funds.

**Capital Projects Fund**—The capital projects fund is used to account for financial resources to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and major maintenance projects.

Additionally, the School reports the following Fiduciary Fund:

**Agency Fund**—Agency fund are custodial in nature and do not involve measurement of results of operations. The School’s agency fund accounts for classroom support, special area programs and student activities.

(1) **Summary of Significant Accounting Policies:** (Continued)

(d) **Basis of presentation – fund financial statements—**(Continued)

During the course of operations the School has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

(e) **Measurement focus and basis of accounting—**The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Amounts reported as program revenues include charges for services, operating grants and contributions, and capital grants and contributions. Items not properly included among program revenues, such as monies received from the Madison County School Board, are reported as general revenues.

All governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues, except for certain grant revenues, are recognized in the accounting period in which they become both measurable and available. Available means collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, state, and other grant resources, revenue is recognized at the time the expenditure is made. Under the modified accrual basis of accounting, expenditures are generally recorded when the related fund liability is incurred. The principal exceptions to this are: principal and interest on general long-term debt, which are recorded as expenditures only when payment is due.

The School's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. Accordingly, the financial statements are organized on the basis of funds. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund equity, revenues, expenditures, and other financing sources and uses.

Resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

(f) **Budgetary data—**The budgetary process is prescribed by provisions of the laws of Florida and requires the governing board to adopt an operating budget each year. The School's governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption.

(1) **Summary of Significant Accounting Policies:** (Continued)

(g) **Deposits and investments**—Cash and cash equivalents include amounts in demand deposits as well as investments that are readily convertible to known amounts of cash. Investments with original maturities of three months or less are considered to be cash equivalents.

(h) **Income taxes**—The School is exempt from the payment of income taxes on its exempt activities under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements.

The School files income tax returns in the U.S. Federal jurisdiction. The School’s income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

The School has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements of the School.

(i) **Capital assets**—Capital assets are defined by the School as assets with an initial individual cost of \$1,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost. Donated capital assets are recorded at their estimated fair market values at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are not capitalized.

Property, plant and equipment of the School is depreciated using the straight-line method over the following estimated useful lives:

| <b>Asset Class</b>      | <b>Estimated Useful Lives</b> |
|-------------------------|-------------------------------|
| Furniture and equipment | 3 – 5                         |
| Leasehold improvements  | 3 – 5                         |
| Software                | 5                             |

(j) **Revenue sources**—Revenues for current operations are received primarily from the Madison County District School Board pursuant to the funding provisions included in the School’s charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the School reports the number of full-time equivalent (FTE) students and related data to the Madison County District School Board.

Under the provisions of Section 1011.62, Florida Statutes, the Madison County District School Board reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted FTE students reported by the School during designated FTE student survey periods.

(k) **Use of estimates**—The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2020**

(1) **Summary of Significant Accounting Policies:** (Continued)

(l) **Prepaid items and other assets**—Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

(m) **Fund Balance**—

**Net position flow assumption**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

**Fund balance flow assumptions**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**Fund balance policies**—Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

(n) **Pensions**—For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) and additions to/deductions from FRS’s fiduciary net position have been determined on the same basis as they are reported by FRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(o) **Deferred outflows/inflows of resources**—In addition to assets and liabilities, the statement of financial position will, if required, report a separate section for deferred outflows of resources and deferred inflows of resources, respectfully. These separate financial statement elements, deferred outflows/inflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow/inflow of resources (expense/expenditure or revenue) until then. Currently, the only item in this category consisted of deferred amounts related to pension, as discussed further in Note (8b).

Capital assets are used by multiple functions with the School and cannot be easily charged directly to a specific function. For the year ended June 30, 2020, unallocated depreciation expense was \$172,383.

(3) **Deposits:**

(a) **Custodial credit risk**—In the case of deposits, this is the risk that in the event of a bank failure, the School’s deposits may not be returned. At year end, the carrying amount of the School’s deposits was \$1,696,691 and the bank balance was \$1,696,739. Of the bank balance, \$250,000 is covered by Federal depository insurance or by collateral held by the School’s custodial bank which is pledged to a state trust fund that provides security for amounts held in excess of FDIC coverage in accordance with the Florida Security for Deposits Act Chapter 280, Florida Statutes. The Florida Security for Public Deposits Act established guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements and characteristics of eligible collateral.

(4) **Significant Funding Source:**

The School receives a substantial amount of its funding from the Madison County District School Board. A significant reduction in the level of this funding, if this were to occur, could have an adverse effect on the School’s programs and activities.

(5) **Operating Leases:**

The School is located on approximately 6.5 acres of land in Madison County, Florida. The property, which includes land and buildings, is leased by the School through July 1, 2021. Lease payments totaled \$25,000 for the year ended June 30, 2020. Minimum future rental payments under this non-cancelable operating lease are:

| Year                                 | Amount    |
|--------------------------------------|-----------|
| 2021                                 | \$ 25,000 |
| Total minimum future rental payments | \$ 25,000 |

(6) **Risk Management:**

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the School carries commercial insurance.

(7) **Due From/To Other Funds:**

The following is a summary of inter-fund amounts related to agency fund expenditures paid out of the general fund account at June 30, 2020:

| Receivable Fund | Payable Fund | Amount   |
|-----------------|--------------|----------|
| Agency Fund     | General Fund | \$ 7,045 |

(8) **Florida Retirement System:**

**Plan Description and Administration**

The School participates in the Florida Retirement System (FRS), a multiple-employer, cost sharing defined public employee retirement system which covers all of the School's full-time employees. The System is a noncontributory retirement plan, administered by the State of Florida, Department of Administration, Division of Retirement to provide retirement and survivor benefits to participating public employees. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. The FRS is a single retirement system administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), with a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the FRS Investment Plan (Investment Plan).

(8) **Florida Retirement System:** (Continued)

**Plan Description and Administration** (Continued)

In addition, all regular employees of the School are eligible to enroll as members of the Retiree Health Insurance Subsidy (HIS) Program. The HIS is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

**Benefits Provided and Employees Covered**

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Deferred Retirement Option Program (DROP), subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months.

During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

Employees may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The Investment Plan is funded by employer and employee contributions that are based on salary and membership class (Regular, DROP, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in the Investment Plan vest at one year of service.

**Net Pension Liability, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions** (Continued)

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer proportion of the net pension liability was based on a projection of the School's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, as actuarially determined. At June 30, 2020 and June 30, 2019, the School's proportionate share of the FRS and HIS net pension liabilities were as follows:

| <u>Plan</u> | <u>2020</u> | <u>2019</u> |
|-------------|-------------|-------------|
| FRS         | .002269551% | .002240434% |
| HIS         | .003696072% | .003715154% |

For the plan year ended June 30, 2019, pension expense was recognized related to the FRS and HIS plans as follows:

|       |                   |
|-------|-------------------|
| FRS   | \$ 249,064        |
| HIS   | 82,710            |
| Total | <u>\$ 331,774</u> |

At June 30, 2020, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**Net Pension Liability, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions** (Continued)

The above amounts for deferred outflows of resources for contributions related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2021.

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions being amortized for a period of greater than one year will be recognized in pension expense in succeeding years as follows:

| Year       | Amount     |
|------------|------------|
| 2021       | \$ 172,908 |
| 2022       | 169,927    |
| 2023       | 164,793    |
| 2024       | 112,395    |
| 2025       | 41,181     |
| Thereafter | 8,564      |
| Total      | \$ 669,768 |

*Actuarial assumptions:*

The actuarial assumptions for both defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS was completed in 2019 for the period July 1, 2003, through June 30, 2018. Because HIS is funded on a pay-as-you-go basis, no experience study has been completed.

The total pension liability for each of the defined benefit plans was determined by an actuarial valuation, using the entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.60%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS investments is 6.90%. This rate decreased from the prior year rate, which was 7.00%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.50% was used to determine the total pension for the program. This rate decreased from the prior year rate, which was 3.87%. Mortality assumptions for both plans were based on the PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2018 details.

*Long-term expected rate of return:*

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2018, the FRS Actuarial Assumptions conference reviewed long-term assumptions developed by both Milliman’s capital market assumptions team and by a capital market assumptions team from Aon Hewitt Investment Consulting, which consults to the Florida State Board of Administration. The table below shows Milliman’s assumptions for each of the asset classes in which the plan was invested at that time based on the long-term target asset allocation. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

| <u>Asset Class</u>    | <u>Target Allocation</u> | <u>Long-Term Arithmetic Expected Rate of Return</u> |
|-----------------------|--------------------------|---|
| Cash                  | 1.0%                     | 3.3%  |
| Fixed income          | 18.0%                    | 4.1%  |

*Sensitivity of the net pension liability to changes in the discount rate:*

The following presents the proportionate shares of the FRS and HIS net pension liability of the School calculated using the current discount rates, as well as what the School’s net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

During the year ended June 30, 2020, the School received loan proceeds in the amount of \$304,320, pursuant to the Paycheck Protection Program (PPP) established as part of the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Under the terms of the PPP, loan proceeds and accrued interest are forgivable after eight weeks if they are used for qualifying expenses such as payroll, benefits, rent and utilities, and the School maintains its payroll levels as described in the CARES Act. Any unforgiven portion of the loan is payable over two years at an interest rate of 1%, with a deferral of payments for the first six months. Management intends to utilize loan proceeds for purposes consistent with the PPP and believes substantially all of the loan will be forgiven, though it is reasonably possible that conditions could arise that would make the School ineligible for forgiveness of the loan, in whole or in part. Future maturities of long-term debt are as follows:

|              | <u>Principal</u>  | <u>Interest</u> | <u>Debt Service</u> |
|--------------|-------------------|-----------------|---------------------|
| <b>2021</b>  | \$ 116,772        | \$ 3,013        | \$ 119,785          |

(12) **Contingent Liabilities:**

During the year ending June 30, 2020, local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while School management cannot quantify the financial and other impact to the school as of September 15, 2020, management believes that a material impact on the School's financial position and results of future operations is reasonably possible.

(13) **Subsequent Events:**

Madison Creative Arts Academy, Inc. has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 15, 2020, the date which the financial statements were available to be issued. During July 2020, the School's charter was renewed for an additional 15 years through June 30, 2035. No other subsequent events have been recognized or disclosed.

(14) **Recent Accounting Pronouncements:**

The Governmental Accounting Standards Board ("GASB") has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for subsequent fiscal years that have not yet been implemented. Management has not currently determined what, if any, impact implementation of the following will have on the School's financial statements:

- a. GASB issued Statement No. 87, *Leases*, in June 2017. GASB 87 increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions in GASB 87 are effective for periods beginning after June 15, 2021.
- b. GASB issued Statement No. 84, *Fiduciary Activities*, in January 2017. GASB 84 improves guidance regarding the identification and reporting of fiduciary activities. The provisions in GASB 84 are effective for periods beginning after December 15, 2019.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors,  
Madison Creative Arts Academy, Inc.:

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund and the aggregate remaining fund information of Madison Creative Arts Academy, Inc. as of and for the year ended June 30, 2020, and related notes to the financial statements which collectively comprise Madison Creative Arts Academy, Inc.'s basic financial statements and have issued our report thereon dated September 15, 2020.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Madison Creative Arts Academy, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Madison Creative Arts Academy, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Madison Creative Arts Academy, Inc.'s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

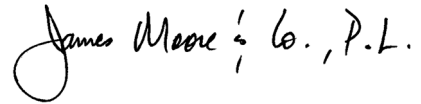

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Madison Creative Arts Academy, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**MANAGEMENT LETTER OF INDEPENDENT AUDITORS  
REQUIRED BY CHAPTER 10.850, RULES OF THE STATE OF FLORIDA,  
OFFICE OF THE AUDITOR GENERAL**

To the Board of Directors,  
Madison Creative Arts Academy, Inc.:

**Report on the Financial Statements**

We have audited the financial statements of Madison Creative Arts Academy, Inc., as of and for the fiscal year ended June 30, 2020, and have issued our report thereon dated September 15, 2020.

**Auditors' Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.850, Rules of the Auditor General.

**Other Reporting Requirements**

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 15, 2020, should be considered in conjunction with this management letter.

**Prior Audit Findings**

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address the findings and recommendations made in the preceding annual financial audit report.

**Official Title**

Section 10.854(1)(e)5, Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are Madison Creative Arts Academy, Inc., 400122.

## **Financial Condition and Management**

Sections 10.854(1)(e)2. And 10.855(11), Rules of the Auditor General, require that we report the results of our determination as to whether or not the Madison Creative Arts Academy, Inc. has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that Madison Creative Arts Academy, Inc. did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the Madison Creative Arts Academy, Inc. It is management's responsibility to monitor the Madison Creative Arts Academy, Inc.'s financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

## **Transparency**

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we apply appropriate procedures to determine whether the Madison Creative Arts Academy, Inc. maintains on its web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the Madison Creative Arts Academy, Inc. did maintain all of the required information on its website as specified in Section 1002.33(9)(p), Florida Statutes.

## **Additional Matters**

Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

## **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Madison County District School Board, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
