INDEPENDENT AUDITORS' REPORT

To the Board of Directors
St. Johns Community Campus Charter School

St. Augustine, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the St. Johns Community Campus Charter School (the "Charter School"), a component of the Arc of the St. Johns, Inc., which comprise the statements of financial position of as of June 30, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Charter School as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 14, 2020 on our consideration of the Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control over financial reporting and compliance.

To the Board of Directors
St. Johns Community Campus Charter School
a Component of the Arc of the St. Johns, Inc.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Functional Expenses on page 15 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

St. Johns Community Campus Charter School (the "Charter School") was established in August 2009 and is a component of the Arc of the St. Johns, Inc. (the "Arc"). The Charter School provides education experiences for developmentally disabled students, ages of 18-22, through a combination of vocational training, integrated employment and community based work experiences with the goal of securing and maintaining employment within a more independent lifestyle.

The Charter School's primary revenue source is a charter agreement with the School Board of St. Johns County (the "School Board").

The Charter School's charter agreement with the School Board is effective until June 30, 2024, and may be renewed by mutual written agreement of the parties pursuant to Florida law. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter, in which case the School Board is required to notify the Charter School in writing at least ninety (90) days prior to the charter's expiration. Pursuant to Section 1002.33(8)(e), Florida statutes, the charter school contract provides that in the event the Charter School is dissolved or terminated, any encumbered funds and all Charter School property purchased with public funds automatically revert to the School Board. During the term of the charter, the School Board may also terminate the charter if good cause is shown.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Basis of Presentation

These financial statements are prepared on the accrual basis of accounting and focus on the Charter School's resources and activities as a whole. Net assets, revenues, expenses, distributions, gains and losses are classified based on the existence or absence of donor-imposed or other external restrictions. Accordingly, net assets of the Charter School and changes therein are classified and reported as follows:

- The change in net assets with donor restrictions.
- The change in net assets without donor restrictions.

Accounting Pronouncement Changes

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers (Topic 606). Topic 606 requires significant accounting changes of organizations that have contract revenue from customers. The new guidance is effective for fiscal years beginning after December 15, 2018. Management has adopted the reporting requirements of Topic 606.

In August 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-14, Not-for-Profit Entities Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. ASU 2016-14 requires significant changes to the financial reporting model of organizations who follow FASB not-for-profit rules. The new standard is effective for the Organization for the year ended June 30, 2019 and thereafter and must be applied on a retrospective basis. These financial statements include the reporting requirements of ASU 2016-14.

Cash and Cash Equivalents

For purposes of the Statements of Financial Position and the Statements of Cash Flows, the Charter School considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

The Charter School maintains cash in one financial institution. The cash is fully insured through the Public Funds Collateralization Program.

Allowance for Accounts Receivable and Grants Receivable

The Charter School writes off all accounts receivable and grants receivable balances deemed to be uncollectible. If a portion of the remaining receivables balances are considered questionable regarding full collection, the Charter School will provide an allowance for doubtful accounts for those questionable accounts. No allowance was deemed necessary as of June 30, 2020 and 2019, respectively.

Equipment

Equipment is carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed on the straight-line method over the estimated useful lives of the assets (five to ten years). All acquisitions of equipment and all expenditures for renewals and improvements of \$1,000 and above and that materially prolong the useful lives of assets are capitalized.

Public Support and Revenue

Grants and other contributions of cash and other assets are reported as donor restricted support if they are received with donor stipulations that limit the use of the donated assets. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions.

Revenues recognized from the School Board of St. Johns County (the "School Board") are pursuant to the funding provisions included in the Charter School's charter agreement. In accordance with funding provisions of the charter agreements and Section 1002.33, Florida Statutes, the Charter School reports the number of full-time equivalent (FTE) students and related data to the School Board. The School Board receives a five percent (5%) administrative fee based on unweighted full-time equivalent students from the Charter School, which is withheld from the respective payments.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

Public Support and Revenue (Concluded)

Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of FTE's and related data to the Florida Department of Education (the "Department") for funding through the Florida Education Finance Program ("FEFP"). Funding for the Charter School is adjusted during the year to reflect the revised calculations by the Department under the FEFP and the actual weighted FTE's reported by the Charter School during the designated FTE survey periods. The Department may also adjust subsequent fiscal period allocations based on an audit of the Charter School's compliance in determining and reporting FTE and related data. Generally, such adjustments are treated as reductions or additions of revenues in the year the adjustment are made.

Donated Services

No amounts have been reflected in the financial statements for donated services. The Charter School generally pays for services requiring specific expertise. However, individuals may volunteer their time and perform a variety of tasks that assist the Charter School with specific assistance programs, fundraising activities and various committee assignments.

Administrative, Management and General Expense Allocation

Administrative, management and general expenses are allocated by the Arc to the Charter School based on the number of employees of the Charter School as a percentage of the total employees of the Arc.

Maintenance Expense Allocation

The Arc allocates maintenance expenses are allocated to the Charter School based on the number of direct hours the maintenance staff works on the Charter School's leased property as a percentage of the total hours of the maintenance staff.

Transportation Expense Allocation

The Arc allocates transportation expenses to the Charter School based on a monthly analysis of transportation hours dedicated to the transportation of Charter School students. The allocated costs include fuel, vehicle maintenance, etc.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Income Tax Status

The Charter School is a component of the Arc which is exempt from federal and state income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Arc qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

The Arc evaluates its tax positions for any uncertainties based on the technical merits of the position taken. The Arc recognizes the tax benefit from any uncertain tax position only if it is more likely than not that the tax position will be upheld on examination by taxing authorities.

Currently, the tax years ended 2019, 2018 and 2017 are open and subject to examination by the Internal Revenue Service. However, the Charter School is not currently under audit nor has the Charter School been contacted by any of these jurisdictions.

Fair Value of Financial Instruments

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short maturity of these financial instruments.

Reclassifications

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

NOTES TO FINANCIAL STATEMENTS

4. SIGNIFICANT CONCENTRATIONS OF REVENUE

The Charter School recognizes revenue from the St. Johns County School Board (the "School Board") that represents approximately ninety-nine percent (99%) and ninety-eight (98%) of total revenues for the years ended June 30, 2020 and 2019, respectively. The School Board receives a five percent (5%) administrative fee based on unweighted full-time equivalent students from the Charter School, which is withheld from the respective payments. Administrative fees incurred for the years ended June 30, 2020 and 2019 were \$11,819 and \$12,072, respectively.

5. DESCRIPTION OF PROGRAM SERVICES

The Charter School provides education programs that enable students to discover their own unique individual interests and preferences that will prepare them to make choices regarding career and occupational areas they wish to pursue for eventual employment, as well as gaining greater independence and applying this new knowledge while interacting positively with others in the community.

6. CONTINGENCIES

The State of Florida and St. Johns County funded programs are subject to special audits. Such audits could result in claims against the resources of the Charter School for disallowed costs or noncompliance with grantor restrictions. No provision has been made for any liabilities that may arise from such audits since the amounts, if any, cannot be determined at this date.

On July 27, 2018, the Florida Auditor General issued a final report for their St. Johns County District School Board - Florida Education Finance Program - Attestation Examination for the fiscal year ending June 30, 2017. The Charter School was included in the examination and a finding was noted resulting in the adjustment of 15.12 FTE's from weighted to unweighted. The finding noted that one of the teachers did not have the required certification in ESE for the entire school year. The Charter School had hired a teacher in December of that fiscal year that met the certification requirement for ESE. However, the School's FTE data records did not indicate the newly hired teacher as a teacher of record.

The Charter School has not received formal communication from the Florida Department of Education on how they plan to administer the finding. Management has determined that there is a high probability that the Charter School will be required to reimburse the State for the finding, however at this time, it is not measurable and therefore no payable has been recorded. Management has determined that there is a high probability that the Charter School will be required to pay or reimburse the state for the finding, however at this time, it is not measurable and therefore no payable has been recorded.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
St. Johns Community Campus Charter School
a Component of the Arc of the St. Johns, Inc.
St. Augustine, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of St. Johns Community Campus Charter School (the "Charter School"), a component of the Arc of the St. Johns, Inc., which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 14, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, the communication is not suitable for any other purpose.
