INDEPENDENT AUDITORS' REPORT

To the Governing Board,
Belmont Academy, Inc.:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Belmont Academy, Inc. (the "School") (a component unit of the Columbia County School District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the remaining aggregate fund information of Belmont Academy, Inc. as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The School's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Belmont Academy, Inc.'s basic financial statements. The Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

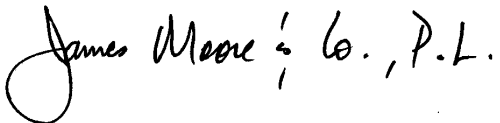

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Emphasis of Matter – Implementation of New Accounting Standard

As discussed in Note 1(o) to the financial statements, the School has adopted the provisions of GASB Statement No. 87, *Leases*. This adoption did not lead to a restatement of net position as of June 30, 2021. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2022 on our consideration of Belmont Academy, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Belmont Academy, Inc.'s internal control over financial reporting and compliance.

BELMONT ACADEMY, INC.
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2022

This section of Belmont Academy, Inc.'s annual financial report presents our discussion and analysis of the School's financial performance during the fiscal year that ended on June 30, 2022. Please read it in conjunction with the School's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the Belmont Academy, Inc. (the "School") using the integrated approach as prescribed by GASB Statement Number 34.

The Government-Wide Financial Statements present the financial picture of the School from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities. These statements include all assets of the School as well as all liabilities. Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables and receivables.

The Fund Financial Statements include statements for the governmental activities. The Governmental Funds are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

Reconciliations of the Fund Financial Statements to the Government-Wide Financial Statements are provided to explain the differences created by the integrated approach.

The Primary unit of the government is the School Board of Columbia County, Florida.

FINANCIAL HIGHLIGHTS OF THE PAST YEAR

An overview of significant financial information from the current year includes:

- The school's total net position increased by approximately \$300 thousand.
- Total general fund revenues exceeded expenses by approximately \$122 thousand.
- Capital assets, net of depreciation, increased approximately by \$375 thousand.
- The School's governmental funds reported combined ending fund balance of approximately \$2.2 million.

REPORTING THE SCHOOL AS A WHOLE

The Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and the *Statement of Activities* report information about the School as a whole and about its activities. These statements include *all* assets and liabilities of the School using the accrual basis accounting, which is similar to the accounting used by most private-sector companies. All of the current year revenues and expenses are considered regardless of when cash is received or paid.

These two statements report the School's *net position* and changes in them. Net position is the difference between assets and liabilities and is one way to measure the School's financial health, or *financial position*. Over time, *increases or decreases* in the School's net position are one indicator of whether its financial health is improving or deteriorating. Other factors to consider are changes in the School's revenue base and the condition of the School's capital assets.

The relationship between revenues and expenses is the School's operating results. Since the Board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the School. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

In the *Statement of Net Position* and the *Statement of Activities*, we designate the School activities as follows:

Governmental activities—All of the School's services are reported in this category. This includes the education of high school students, and the on-going effort to improve and maintain capital assets. Revenues received from the Florida Education Finance Program through the Columbia County Public School system, Federal grants and miscellaneous local revenues finance these activities.

REPORTING THE SCHOOL'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the School as a whole. Some funds are required to be established by State law. However, management may establish various funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other monies that it receives.

Governmental funds—The School's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. The differences between the governmental fund financial statements and the government-wide financial statements are explained in reconciliations following each governmental fund financial statement.

THE SCHOOL AS A WHOLE

Net Position

The School's net position was approximately \$1.8 million for the fiscal year ended June 30, 2022. Our analysis below, in summary form, focuses on the net position (Table 1) and change in net position (Table 2) of the School's governmental activities.

Table 1

	June 30, 2022	June 30, 2021

Debt Service Fund	-	212,083
Other Governmental Funds	36,810	32,924
Totals	\$ 2,200,682	\$ 1,085,585

General Fund Budgetary Highlights

During the course of the fiscal year, the School revised its General Fund Budget in order to deal with unexpected changes in revenue and expenditures. The Governing Board adopts its initial budget based on projected enrollment and the corresponding projected revenues. Amendments are primarily required to reflect changes in revenue estimates from the State of Florida Education Finance Program (FEFP) as actual enrollments are determined. A schedule showing the School's original and final budget amounts compared with actual amounts paid and received is provided in budgetary comparison schedules as noted in the table of contents.

BELMONT ACADEMY, INC.
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2022
(Continued)

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2022, the School had \$11,850,190 in a broad range of capital assets (net of depreciation), including furniture, equipment and building improvements (Table 4).

Table 4

	Governmental Activities June 30, 2022	Governmental Activities June 30, 2021
Furniture and Equipment	\$ 178,182	\$ 166,932
Buildings and Fixed Equipment	12,113,484	3,660,688
Improvements Other than Buildings	258,556	148,282
Land	310,123	310,123
Construction in Process	98,347	7,942,867
Accumulated Depreciation	(1,108,502)	(754,382)
Totals	\$ 11,850,190	\$ 11,474,510

Right-to-use assets totaled \$192,392 (net of accumulated amortization) as of June 30, 2022.

SIGNIFICANT ACTIVITIES DURING FISCAL YEAR 2021-2022 ARE NOTED BELOW:

- The School's enrollment was 720 students.

ECONOMIC FACTORS

The economic position of the school for general operating is closely tied to that of the State. The formula for determining funding for education is set by Statute. State funds to charter schools are provided primarily by legislative appropriations from the State's general revenue funds under the Florida Education Finance Program (FEFP), and the State funding for operations is primarily from sales, gasoline, and corporate income taxes. Additionally, the level of tourism in the State heavily influences the amount of taxes collected. Significant changes in State revenue collections could directly impact future School revenue allocations.

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and creditors with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need any additional financial information, please write to Belmont Academy, Inc. at 1476 SW Walter Avenue, Lake City, Florida 32024.

BELMONT ACADEMY, INC.
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022

Total Net Change in Fund Balances - Governmental Funds \$ 1,115,097

Amounts Reported for Governmental Activities in the
Statement of Activities are Different Because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures, however, for governmental activities, those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statements of activities.

This is the amount by which capital outlay for the period exceeds depreciation and amortization expense

Capital outlays	729,800	
Depreciation and amortization expense	<u>(375,194)</u>	
		354,606

The issuance of long-term debt provides current financial resources to governmental funds, while repayment of the principal of long-term debt consumes the current financial resources of governmental funds.

Long-term lease liability - redemption of principle	17,286
---	--------

Proceeds from the issuance of debt are reported in governmental funds as revenues, however, for governmental activities, those proceeds are shown in the statement of net position as long term debt

Proceeds from issuance of bonds	(1,444,765)	
Payments of long term debt	<u>261,917</u>	
		(1,182,848)

Change in Net Position of Governmental Activities \$ 304,141

The accompanying notes are an integral
part of this financial statement.

BELMONT ACADEMY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:**

(a) **Financial reporting entity**—The Belmont Academy, Inc. (the “School”) operates under a charter of the sponsoring District. The current charter is effective until July 31, 2032. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter, in which case the District is required to notify the School in writing at least 90 days prior to the charter's expiration. Pursuant to Section 1002.33(8), Florida Statutes, the charter school contract provides that in the event the school is dissolved or terminated, any unencumbered funds and all School property purchased with public funds automatically revert to the District. During the term of the charter, the district may also terminate the charter if good cause is shown.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the School consists of all funds, departments, boards, and agencies that are not legally separate from the School. For Belmont Academy, Inc., this includes general operations and student related activities of the School.

Component units—Component units are legally separate organizations for which the School is financially accountable. Component units may include organizations that are fiscally dependent on the School in that the School approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the School is not financially accountable but the nature and significance of the organization’s relationship with the School is such that exclusion would cause the School’s financial statements to be misleading or incomplete. The School has no component units. However, the School is considered a component unit of the Columbia County School District.

(b) **Description of government wide financial statements**—The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, are normally supported by intergovernmental revenues, and other nonexchange transactions.

(c) **Basis of presentation—government wide financial statements**—While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

(d) **Basis of presentation—fund financial statements**—The fund financial statements provide information about the government’s funds. A separate statement for the governmental fund category is presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. Major individual governmental funds are reported as separate columns in the fund financial statements.

BELMONT ACADEMY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(d) **Basis of presentation—fund financial statements** (Continued)

The School uses the following major governmental funds:

General fund—The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School for any purpose provided it is expended or transferred according to the general laws of Florida.

Capital Projects Fund—The capital projects fund is used to account for financial resources to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and major maintenance projects.

CARES and Title II Fund— The CARES and Title II fund is used to account for the receipts and expenditures of CARES Act grants and Title II funds.

Food Service Fund—The food service fund is used to account for receipts and expenditures for the sale of meals and other related food service activities, including receipts from other agencies or projects for meals provided under contract to various groups or agencies.

During the course of operations, the School has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

(e) **Cash and cash equivalents**—The School’s cash and cash equivalents are considered to be cash on hand and demand deposits. The school considers investments in time certificates of deposit with an original maturity of three months or less to be cash equivalents.

(f) **Accrued liabilities**—All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

(g) **Revenues**—Amounts reported as program revenues include operating grants and contributions. Items not properly included among program revenues, such as monies received from the Columbia County District School Board, are reported as general revenues.

BELMONT ACADEMY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(h) **Measurement focus and basis of accounting**—The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Amounts reported as program revenues include charges for services, operating grants and contributions, and capital grants and contributions. Items not properly included among program revenues, such as monies received from the Columbia County School Board, are reported as general revenues.

All governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues, except for certain grant revenues, are recognized in the accounting period in which they become both measurable and available. Available means collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, state, and other grant resources, revenue is recognized at the time the expenditure is made. Under the modified accrual basis of accounting, expenditures are generally recorded when the related fund liability is incurred. The principal exceptions to this are: principal and interest on general long-term debt, which are recorded as expenditures only when payment is due.

(i) **Capital assets and depreciation**— Capital assets, which include property, plant, equipment, and furniture, are reported in the government-wide financial statements. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenses. Renewals or betterments are capitalized. Capital assets are defined by the School as assets with an initial, individual cost of \$1,000 or more and an estimated useful life in excess of one year.

Depreciation has been calculated on each class of property using the straight-line method over the following estimated useful lives:

Asset	Years
Furniture, Fixtures, and Equipment	5-7
Improvements Other than Buildings	15-39
Buildings and Fixed Equipment	15-39

(j) **Net position flow assumption**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

BELMONT ACADEMY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(k) **Fund balance flow assumptions**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

(l) **Fund balance policies**—The School classifies governmental fund balances in various categories based on the nature of limitations requiring the use of resources for specific purposes as follows:

Non-spendable—amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted—amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation.

Committed—amounts that are constrained for specific purposes, are internally imposed by the School’s governing Board, and do not lapse at year-end.

Assigned—amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. Fund balance minimums may be assigned by management.

Unassigned—all other spendable amounts.

The School has not adopted a formal minimum fund balance policy but budgets to strive for a minimum general fund balance of five percent of current year expenditures.

(m) **Use of estimates**—The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

(n) **Budgetary data**—The budgetary process is prescribed by provisions of the laws of Florida and requires the governing board to adopt an operating budget each year. The School governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major function at year end.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

BELMONT ACADEMY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(o) **New accounting pronouncements**— GASB Statement No. 87, Leases establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset (RTU), and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The School has implemented this Statement and its various provisions in 2022.

(p) **Leases**— The School leases parking spaces and copiers. The School determines the arrangement of lease at inception. The School recognizes intangible right-to-use (RTU) assets and corresponding lease liabilities for all leases that are not considered short-term. RTU assets represent the School's right to use an underlying asset for the lease term and lease liabilities represent the School's obligation to make lease payments arising from the lease. RTU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term.

Basis of lease classification – Leases that meet the following requirements will not be considered short term: the maximum possible lease term(s) is non-cancelable by both lessee and lessor, and is more than 12 months.

Discount Rate – Unless explicitly stated in the lease agreement, known by the School, or the School is able to determine the rate implicit within the lease, the discount rate used to calculate lease right-to-use assets and liabilities will be the School's estimated borrowing rate at the time of lease inception.

(q) **Income taxes**—The School is exempt from the payment of income taxes on its exempt activities under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements. The School files income tax returns in the U.S. Federal jurisdiction. The School's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination. The School has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements of the School.

(r) **Subsequent events**—Subsequent events have been evaluated through September 29, 2022, which is the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(2) **Cash and Cash Equivalents:**

(a) **Policies and practices**—*Custodial credit risk-deposits.* In the case of deposits, this is the risk that in the event of a bank failure, the School's deposits may not be returned to it. The School maintains demand deposits with qualified public depository financial institutions.

(b) **Deposits**—At year-end, the carrying amounts of the School's demand deposits were \$2,295,415 for governmental activities. The bank balances totaled \$2,317,448. The bank balances were covered by Federal deposit insurance up to \$250,000. Monies deposited in amounts greater than the insurance coverage are secured by the bank's pledging securities with the state treasurer in the collateral pool, pursuant to Chapter 280, Florida Statutes.

BELMONT ACADEMY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(3) **Retirement Plan:**

The Belmont Academy Retirement Savings Plan (the "Plan") is a 401(k) defined contribution pension plan. All eligible employees may participate in the plan. Eligibility requirements are described as, attainment of age 21 and completion of 3 consecutive months of employment.

The School currently elects to match the employees' contribution, up to 3.3% of their salary. The School made matching contributions of \$46,500 during the year ended June 30, 2022.

(4) **Interfund Balance and Transfers:**

The composition of interfund balances as of June 30, 2022, is as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Other Governmental Fund	\$ 128

Transfers from/to other funds for the year ended June 30, 2022, were as follows:

Recipient Fund	Amount	Reason for Transfer
Capital Projects	\$ 503,220	Transfer from General Fund to aid in cost for the Capital Projects Fund for the current year.

(5) **Risk Management:**

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters and is provided through purchased commercial insurance. Health and hospitalization insurance coverage is provided to school employees through purchased commercial insurance. Insurance coverage for fiduciary and student accident are provided by commercial insurance. Settled claims resulting from insurance coverage above have not exceeded purchased insurance coverage for the past three fiscal years.

(6) **Commitments:**

In the prior fiscal year, the school began a facility expansion project that includes upgrades and renovations to the main building and construction of new buildings on the campus. A significant portion of the building projects were completed during 2022. As of June 30, 2022, the school had outstanding uncompleted contract commitments of \$463,961.

2027	15,632	4,708	20,340
2028 – 2032	76,351	13,649	90,000
2033	21,143	579	21,722
Total minimum future lease payments	<u>\$ 196,180</u>	<u>\$ 46,705</u>	<u>\$ 242,885</u>

BELMONT ACADEMY, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(10) **Recent Accounting Pronouncements:**

The Governmental Accounting Standards Board (“GASB”) has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for subsequent fiscal years that have not yet been implemented. Management has not currently determined what, if any, impact implementation of the following will have on the School’s financial statements:

GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements, in May 2020. provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The School is currently evaluating the effect that Statement No. 96 will have on its financial statements.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:**

The Statements of Revenues, Expenditures and Changes in Fund Balances – Budget to Actual are presented using the School’s budget format for the general fund.

(2) **Budgetary Basis of Accounting:**

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual budgets are adopted for the entire operations at the combined governmental level and may be amended by the Board of Directors (the “Board”). The budget presented for fiscal year ended June 30, 2022, has been amended.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Governing Board,
Belmont Academy, Inc.:

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Belmont Academy, Inc. as of and for the year ended June 30, 2022, and related notes to the financial statements which collectively comprise Belmont Academy, Inc.'s basic financial statements and have issued our report thereon dated September 29, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Belmont Academy, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Belmont Academy, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Belmont Academy, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

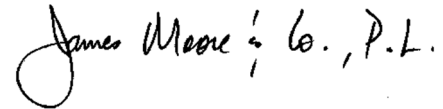

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Belmont Academy, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**MANAGEMENT LETTER OF INDEPENDENT AUDITORS'
REQUIRED BY CHAPTER 10.850, RULES OF THE AUDITOR GENERAL**

To the Governing Board,
Belmont Academy, Inc.:

Report on the Financial Statements

We have audited the financial statements of the Belmont Academy, Inc., a component unit of the Columbia County School District, as of and for the fiscal year ended June 30, 2022, and have issued our report thereon dated September 29, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 29, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires that the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are Belmont Academy, Inc. and 160531.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures to communicate whether or not Belmont Academy, Inc. has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that Belmont Academy, Inc. did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, require that we apply financial condition assessment procedures for Belmont Academy, Inc.. It is management's responsibility to monitor Belmont Academy, Inc.'s financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

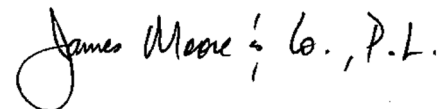

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we apply appropriate procedures to determine whether Belmont Academy, Inc. maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that Belmont Academy, Inc. maintained on its Web site the information specified in Section 1002.33(9)9, Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires that us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Columbia County District School Board, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Board of Directors,
Belmont Academy, Inc.:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Belmont Academy, Inc.'s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Belmont Academy, Inc.'s major federal programs for the year ended June 30, 2022. Belmont Academy, Inc.'s major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Belmont Academy, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Belmont Academy, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Belmont Academy, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Belmont Academy, Inc.'s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Belmont Academy, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Belmont Academy, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Belmont Academy, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Belmont Academy, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Belmont Academy, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

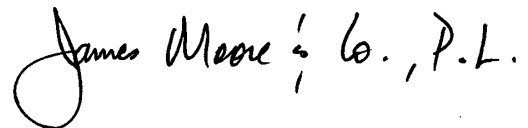

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

BELMONT ACADEMY, INC.
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2022

Note 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the Federal awards and State matching fund activity of Belmont Academy, Inc. under programs of the federal and state government for the year ended June 30, 2022 in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Belmont Academy, Inc. it is not intended to and does not present the financial position, changes in net assets, or cash flows of Belmont Academy, Inc.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Note 3. De Minimis Indirect Cost Rate Election

Belmont Academy, Inc. has elected not to use the 10 percent de minimis indirect cost rate as allowed under Uniform Guidance.

Note 4. Subrecipients

For the year ended June 30, 2022, there were no amounts passed through to subrecipients.

BELMONT ACADEMY, INC.
