INDEPENDENT AUDITORS' REPORT

To the Board of Directors,
Duval MYCroSchool, Inc.:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, and each major fund of Duval MYCroSchool, Inc. (the "School") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Duval MYCroSchool, Inc. as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The School's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Emphasis of Matter – Implementation of New Accounting Standard

As discussed in Note 1(q) to the financial statements, the School has adopted the provisions of GASB Statement No. 87, *Leases*. This adoption did not lead to a restatement of net position as of June 30, 2022. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2022 on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

DUVAL MYCROSCHOOL, INC.
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2022

This section of Duval MYcroSchool, Inc.’s annual financial report presents our discussion and analysis of the School’s financial performance during the fiscal year that ended on June 30, 2022. Please read it in conjunction with the School’s financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the Duval MYcroSchool, Inc. (the “School”) using the integrated approach as prescribed by GASB Statement Number 34.

The Government-Wide Financial Statements present the financial picture of the School from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities. These statements include all assets of the School as well as all liabilities. Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables and receivables.

The Fund Financial Statements include statements for the governmental activities. The Governmental Funds are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

Reconciliations of the Fund Financial Statements to the Government-Wide Financial Statements are provided to explain the differences created by the integrated approach.

The Primary unit of the government is the School Board of Duval County, Florida.

FINANCIAL HIGHLIGHTS OF THE PAST YEAR

An overview of significant financial information from the current year includes:

- The school’s total net position increased by approximately \$73 thousand.
- Total general fund expenses exceeded revenues by approximately \$123 thousand.
- Capital assets, net of depreciation, increased approximately by \$27 thousand.
- The School’s governmental funds reported combined ending fund balance of approximately \$803 thousand.

REPORTING THE SCHOOL AS A WHOLE

The Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and the *Statement of Activities* report information about the School as a whole and about its activities. These statements include *all* assets and liabilities of the School using the accrual basis accounting, which is similar to the accounting used by most private-sector companies. All of the current year revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the School's *net position* and changes in them. Net position is the difference between assets and liabilities and is one way to measure the School's financial health, or *financial position*. Over time, *increases or decreases* in the School's net position are one indicator of whether its financial health is improving or deteriorating. Other factors to consider are changes in the School's revenue base and the condition of the School's capital assets.

The relationship between revenues and expenses is the School's operating results. Since the Board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the School. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

In the *Statement of Net Position* and the *Statement of Activities*, we designate the School activities as follows:

Governmental activities—All of the School's services are reported in this category. This includes the education of high school students, and the on-going effort to improve and maintain capital assets. Revenues received from the Florida Education Finance Program through the Duval County Public School system, Federal grants and miscellaneous local revenues finance these activities.

REPORTING THE SCHOOL'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the School as a whole. Some funds are required to be established by State law. However, management may establish various funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other monies that it receives.

Governmental funds—The School's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. The differences between the governmental fund financial statements and the government-wide financial statements are explained in reconciliations following each governmental fund financial statement.

THE SCHOOL AS A WHOLE

Net Position

The School's net position was approximately \$554 thousand for the fiscal year ended June 30, 2022. Our analysis below, in summary form, focuses on the net position (Table 1) and change in net position (Table 2) of the School's governmental activities.

Table 1

	June 30, 2022	June 30, 2021
Current and other assets	\$ 866,288	\$ 872,130

(Continued)

THE SCHOOL'S FUNDS

As the School completed this year, the governmental funds reported a combined fund balance of \$803,438 (Table 3).

Table 3

	Fund Balance June 30, 2022	Fund Balance June 30, 2021
General Fund	\$ 603,551	\$ 726,770
Capital Projects Fund	199,887	62,100
Totals	\$ 803,438	\$ 788,870

General Fund Budgetary Highlights

During the course of the fiscal year, the School revised its General Fund Budget in order to deal with unexpected changes in revenue and expenditures. The Governing Board adopts its initial budget based on projected enrollment and the corresponding projected revenues. Amendments are primarily required to reflect changes in revenue estimates from the State of Florida Education Finance Program (FEFP) as actual enrollments are determined. A schedule showing the School's original and final budget amounts compared with actual amounts paid and received is provided in budgetary comparison schedules as noted in the table of contents.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2022, the School had \$139,334 in a broad range of capital assets (net of depreciation), including furniture, equipment and building improvements (Table 4).

Table 4

	Governmental Activities June 30, 2022	Governmental Activities June 30, 2021

Totals	\$ 139,334	\$ 111,803

DUVAL MYCROSCHOOL, INC.
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2022
(Continued)

SIGNIFICANT ACTIVITIES DURING FISCAL YEAR 2021-2022 ARE NOTED BELOW:

- The School's enrollment was 153 students.

ECONOMIC FACTORS

The economic position of the school for general operating is closely tied to that of the State. The formula for determining funding for education is set by Statute. State funds to charter schools are provided primarily by legislative appropriations from the State's general revenue funds under the Florida Education Finance Program (FEFP), and the State funding for operations is primarily from sales, gasoline, and corporate income taxes. Additionally, the level of tourism in the State heavily influences the amount of taxes collected. Significant changes in State revenue collections could directly impact future School revenue allocations.

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and creditors with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need any additional financial information, please write to NEWCorp at 1204 NW 69th Terrace, Suite B, Gainesville, Florida 32605.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022

Total Net Change in Fund Balances - Governmental Funds \$ 14,568

Amounts Reported for Governmental Activities in the
Statement of Activities are Different Because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures, however, for governmental activities, those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statements of activities.

This is the amount by which depreciation and amortization
for the period exceeds capital outlay

Capital outlays	44,985	
Loss on disposal	(1,230)	
Depreciation and amortization	<u>(86,934)</u>	(43,179)

The issuance of long-term debt provides current financial resources to governmental funds, while repayment of the principal of long-term debt consumes the current financial resources of governmental funds.

Long-term lease liability - redemption of principle	49,249
---	--------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Changes in:

Net pension liability	275,397	
Deferred outflows related to net pension liability	(25,982)	
Deferred inflows related to net pension liability	<u>(197,513)</u>	51,902

Change in Net Position of Governmental Activities \$ 72,540

The accompanying notes are an integral
part of this financial statement.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:**

(a) **Financial reporting entity**—The Duval MYcroSchool, Inc. (the “School”) was organized in 2010 under the laws of the State of Florida. The School operates under a seven-member Board form of government and provides educational services to students in grades nine through twelve. The School is located at 1584 Normandy Village Parkway #25, Jacksonville, Florida 32221. Effective for the year ended June 30, 2022, the School changed names from Duval MYcroSchool of Integrated Academics and Technologies, Inc to Duval MYcroSchool, Inc.

The School is a non-profit public benefit corporation that was incorporated October 5, 2010. On November 1, 2010, the School Board of Duval County, Florida approved the application for the School to operate a charter. The purpose of the School is to provide educational services.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the School consists of all funds, departments, boards, and agencies that are not legally separate from the School. For Duval MYcroSchool, Inc., this includes general operations and student related activities of the School.

Component units—Component units are legally separate organizations for which the School is financially accountable. Component units may include organizations that are fiscally dependent on the School in that the School approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the School is not financially accountable but the nature and significance of the organization’s relationship with the School is such that exclusion would cause the School’s financial statements to be misleading or incomplete. The School has no component units. However, the School is considered a component unit of the Duval County Public School system.

(b) **Description of government wide financial statements**—The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, are normally supported by intergovernmental revenues, and other nonexchange transactions.

(c) **Basis of presentation—government wide financial statements**—While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

(d) **Basis of presentation—fund financial statements**—The fund financial statements provide information about the government’s funds. A separate statement for the governmental fund category is presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. Major individual governmental funds are reported as separate columns in the fund financial statements.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(d) **Basis of presentation—fund financial statements** (Continued)

The School uses the following major governmental fund:

General Fund—The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School for any purpose provided it is expended or transferred according to the general laws of Florida.

Capital Projects Fund—The capital projects fund is used to account for financial resources to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and major maintenance projects.

Special Revenue Fund— The special revenue fund is used to account for the activities related to grant activities related to the Cares Act and Title I, II, and IV, which are typically cost reimbursement.

During the course of operations the School has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

(e) **Measurement focus and basis of accounting**—The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Amounts reported as program revenues include charges for services, operating grants and contributions, and capital grants and contributions. Items not properly included among program revenues, such as monies received from the Duval County School Board, are reported as general revenues.

All governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues, except for certain grant revenues, are recognized in the accounting period in which they become both measurable and available. Available means collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, state, and other grant resources, revenue is recognized at the time the expenditure is made. Under the modified accrual basis of accounting, expenditures are generally recorded when the related fund liability is incurred. The principal exceptions to this are: principal and interest on general long-term debt, which are recorded as expenditures only when payment is due.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(f) **Cash and cash equivalents**—The School’s cash and cash equivalents are considered to be cash on hand and demand deposits.

(g) **Capital assets and depreciation**—The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the School as a whole. The School maintains a capitalization threshold of \$1,000. The School does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not capitalized, but are expensed as incurred.

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are 5 years for furniture and equipment; and 20 years for building improvements.

(h) **Accrued liabilities**—All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

(i) **Net position flow assumption**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

(j) **Fund balance flow assumptions**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

(k) **Revenues**—Amounts reported as program revenues include operating grants and contributions. Items not properly included among program revenues, such as monies received from the Duval County District School Board, are reported as general revenues.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(l) **Use of estimates**—The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

(m) **Fund balance policies**—The School classifies governmental fund balances in various categories based on the nature of limitations requiring the use of resources for specific purposes as follows:

Non-spendable—amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted—amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation.

Committed—amounts that are constrained for specific purposes, are internally imposed by the School's governing Board, and do not lapse at year-end.

Assigned—amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. Fund balance minimums may be assigned by management.

Unassigned—all other spendable amounts.

The School has not adopted a formal minimum fund balance policy but budgets to strive for a minimum general fund balance of five percent of current year expenditures.

(n) **Budgetary data**—The budgetary process is prescribed by provisions of the laws of Florida and requires the governing board to adopt an operating budget each year. The School governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major function at year end.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

(o) **Income taxes**—The School is exempt from the payment of income taxes on its exempt activities under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements. The School files income tax returns in the U.S. Federal jurisdiction. The School's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination. The School has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements of the School.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(p) **Pensions**—For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) and additions to/deductions from FRS's fiduciary net position have been determined on the same basis as they are reported by FRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(q) **New accounting pronouncements**—GASB Statement No. 87, *Leases* establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset (RTU), and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The School has implemented this Statement and its various provisions in 2022, as required by the Statement.

(r) **Leases**— The School leases a building and copier equipment. The School determines if an arrangement is a lease at inception. The School recognize intangible right-to-use (RTU) assets and corresponding lease liabilities for all leases that are not considered short-term. RTU assets represent the School's right to use an underlying asset for the lease term and lease liabilities represent the School's obligation to make lease payments arising from the lease. RTU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term.

Basis of lease classification – Leases that meet the following requirements will not be considered short term: (1) the maximum possible lease term(s) is non-cancelable by both lessee and lessor, and is more than 12 months.

Discount Rate – Unless explicitly stated in the lease agreement, known by the School, or the School is able to determine the rate implicit within the lease, the discount rate used to calculate lease right-to-use assets and liabilities will be the School's estimated borrowing rate at the time of lease inception.

(s) **Subsequent events**—Subsequent events have been evaluated through October 10, 2022, which is the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(2) **Cash and Cash Equivalents:**

(a) **Policies and practices**—*Custodial credit risk-deposits*. In the case of deposits, this is the risk that in the event of a bank failure, the School's deposits may not be returned to it. The School maintains demand deposits with qualified public depository financial institutions.

(b) **Deposits**—At year-end, the carrying amounts of the School's demand deposits were \$716,310 for governmental activities. The bank balances totaled \$791,418. The bank balances were covered by Federal deposit insurance up to \$250,000 per financial institution.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(3) **Capital Assets:**

All capital asset additions were acquired with public funds. Capital asset activity for the fiscal year ended June 30, 2022, was as follows:

	Balance July 1, 2021	Additions	Deductions	Balance June 30, 2022
Governmental Activities				
Capital assets being depreciated				
Buildings and improvements	\$ 191,392	\$ 5,557	\$ -	\$ 196,949
Furniture and equipment	153,918	39,428	11,493	181,853
Total capital assets being depreciated	<u>345,310</u>	<u>44,985</u>	<u>11,493</u>	<u>378,802</u>
Less: Accumulated depreciation				
Buildings and improvements	91,219	8,810	-	100,029
Furniture and equipment	142,288	7,414	10,263	139,439
Total accumulated depreciation	<u>233,507</u>	<u>16,224</u>	<u>10,263</u>	<u>239,468</u>
Governmental activities				
Capital assets, net	<u>\$ 111,803</u>	<u>\$ 28,761</u>	<u>\$ 1,230</u>	<u>\$ 139,334</u>

During the year ended June 30, 2022, \$16,224 was charged to depreciation expense.

Governmental Activities

Unallocated	<u>\$ 16,224</u>
-------------	------------------

(4) **Risk Management:**

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters and is provided through purchased commercial insurance. Health and hospitalization insurance coverage is provided to school employees through purchased commercial insurance. Insurance coverage for fiduciary and student accident are provided by commercial insurance. Settled claims resulting from insurance coverage above have not exceeded purchased insurance coverage for the past three fiscal years.

(5) **403(b) Retirement Plan:**

New Education sponsors a Retirement Plan allowed by Section 403(b) of the Internal Revenue Code. This plan covers New Education, the Management Company, and affiliated schools. The plan covers all full-time employees, immediately eligible upon hire. This is a deduction only plan for School employees, there is no employee contribution matching.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(6) Florida Retirement System:

Plan Description and Administration

The School participates in the Florida Retirement System (FRS), a multiple-employer, cost sharing defined public employee retirement system which covers all of the School's full-time employees. The System is administered by the State of Florida, Department of Administration, Division of Retirement to provide retirement and survivor benefits to participating public employees. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. The FRS is a single retirement system administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), with a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the FRS Investment Plan (Investment Plan).

In addition, all regular employees of the School are eligible to enroll as members of the Retiree Health Insurance Subsidy (HIS) Program. The HIS is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Benefits Provided and Employees Covered

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(6) **Florida Retirement System:** (Continued)

Benefits Provided and Employees Covered

Deferred Retirement Option Program (DROP), subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months.

During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

Employees may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The Investment Plan is funded by employer and employee contributions that are based on salary and membership class (Regular, DROP, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in the Investment Plan vest at one year of service.

Financial Statements

Financial statements and other supplementary information of the FRS are included in the State's Comprehensive Annual Financial Report, which is available from the Florida Department of Financial Services, Bureau of Financial Reporting Statewide Financial Reporting Section by mail at 200 E. Gaines Street, Tallahassee, Florida 32399-0364; by telephone at (850) 413-5511; or at the Department's Web site (www.myfloridacfo.com). An annual report on the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from:

Florida Department of Management Services
 Division of Retirement, Research and Education Services
 P.O. Box 9000
 Tallahassee, FL 32315-9000
 850-488-5706 or toll free at 877-377-1737

Contributions

The School participates in certain classes of FRS membership. Each class had descriptions and contribution rates in effect during the year ended June 30, 2021, as follows (contribution rates are in agreement with the actuarially determined rates):

<u>FRS Membership Plan & Class</u>	<u>Through June 30, 2021</u>	<u>After June 30, 2021</u>
Regular Class	10.00%	10.82%
DROP	16.98%	18.34%
Senior Management	27.29%	29.01%

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(6) **Florida Retirement System:** (Continued)

Current-year employer HIS contributions were made at a rate of 1.66% of covered payroll, which are included in the above rates

For the plan year ended June 30, 2022, actual contributions made for employees participating in FRS and HIS were as follows:

School Contributions – FRS	\$ 34,085
School Contributions – HIS	8,525
Employee Contributions – FRS	15,406

Net Pension Liability, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions

At June 30, 2022, the School reported a net pension liability related to FRS and HIS as follows:

Plan	Net Pension Liability
FRS	\$ 67,586
HIS	177,901
Total	\$ 245,487

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer proportion of the net pension liability was based on a projection of the School's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, as actuarially determined. At June 30, 2022 and June 30, 2021, the School's proportionate share of the FRS and HIS net pension liabilities were as follows:

Plan	2022	2021
FRS	.000894722%	.000782409%
HIS	.001450301%	.001488770%

For the plan year ended June 30, 2021, pension expense was recognized related to the FRS and HIS plans as follows:

FRS	\$ (7,964)
HIS	7,630
Total	\$ (334)

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(6) **Florida Retirement System:** (Continued)

Net Pension Liability, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions (Continued)

At June 30, 2022, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS		HIS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,584	\$ -	\$ 5,953	\$ (75)
Changes of assumptions	46,246	-	13,979	(7,330)
Net different between projected and actual investment earnings	-	(235,791)	185	-
Change in School's proportionate share	56,757	(46,305)	33,373	(51,574)
Contributions subsequent to measurement date	41,945	-	9,623	-
	<u>\$ 156,532</u>	<u>\$ (282,096)</u>	<u>\$ 63,113</u>	<u>\$ (58,979)</u>

The above amounts for deferred outflows of resources for contributions related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022.

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions being amortized for a period of greater than one year will be recognized in pension expense in succeeding years as follows:

Year	FRS	HIS	Total
2023	\$ (35,027)	\$ (5,742)	\$ (40,769)
2024	(35,907)	(3,903)	(39,810)
2025	(47,092)	(2,315)	(49,407)
2026	(54,178)	(663)	(54,841)
2027	4,695	5,769	10,464
Thereafter	-	1,365	1,365
Total	<u>\$ (167,509)</u>	<u>\$ (5,489)</u>	<u>\$ (172,998)</u>

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(6) **Florida Retirement System:** (Continued)

Net Pension Liability, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions (Continued)

Actuarial assumptions:

The actuarial assumptions for both defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because HIS is funded on a pay-as-you-go basis, no experience study has been completed.

The total pension liability for each of the defined benefit plans was determined by an actuarial valuation, using the entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS investments is 6.80%. This rate decreased from the prior year rate, which was 6.90%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.35% was used to determine the total pension for the program. This rate decreased from the prior year rate, which was 3.50%. Mortality assumptions for both plans were based on the PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2018 details.

Long-term expected rate of return:

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2020, the FRS Actuarial Assumptions conference reviewed long-term assumptions developed by both Milliman's capital market assumptions team and by a capital market assumptions team from Aon Hewitt Investment Consulting, which consults to the Florida State Board of Administration. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the long-term target asset allocation. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

JUNE 30, 2022

(8) Related Party Transactions:

The School has a vendor relationship with New Education for the Workplace, Inc., 1204 NW 69th Terrace, Suite B, Gainesville, Florida 32605. New Education for the Workplace, Inc. is an organization formed for charitable purposes, including advancing the vocational and technical education and training of young men and women, and managing, operating, guiding, directing, and promoting charter schools. The School entered into an agreement with New Education for the Workplace, Inc. effective July 1, 2012. Under the agreement, New Education for the Workplace, Inc. will provide the following services: human resources administration, business administration, curriculum licensing, technology services, and general administrative support. For the year ended June 30, 2022, the School paid New Education for the Workplace, Inc. \$219,774 for services provided under the terms of the agreement. At June 30, 2022, \$29,261 was due and payable to New Education for the Workplace, Inc. under the terms of the agreement.

(9) Leases:

The School leases facilities under non-cancelable operating leases. Provided the lease is in full force and effect and not in default, the School shall have the right to renew the lease for two three-year terms upon providing the landlord with written notice through 2032.

As of June 30, 2022, total lease related assets by major class, and the related accumulated amortization, disclosed separately from other capital assets as follows:

	Balance June 30, 2021	Additions	Disposals	Balance June 30, 2022
Right-to-use leased assets, being amortized:				
Facilities	\$ 777,815	\$ -	\$ -	\$ 777,815
Total leased assets, being amortized	<u>777,815</u>	<u>-</u>	<u>-</u>	<u>777,815</u>
Less accumulated amortization for:				
Facilities	-	(70,710)	-	(70,710)
Total accumulated amortization	<u>-</u>	<u>(70,710)</u>	<u>-</u>	<u>(70,710)</u>
Right-to-use leased assets, net	<u>\$ 777,815</u>	<u>\$ (70,710)</u>	<u>\$ -</u>	<u>\$ 707,105</u>

The amortization expense for right-to-use leased assets was for the \$70,710 year ended June 30, 2022.

The principal and interest requirements to maturity for the lease liability as of June 30, 2022 is as follows:

Year Ending June 30,	Principal	Interest	Total
2023	\$ 50,089	\$ 35,294	\$ 85,383
2024	54,399	32,692	87,091
2025	58,964	29,868	88,832
2026	63,798	26,810	90,608
2027	68,917	23,504	92,421
2028-2032	<u>432,399</u>	<u>58,182</u>	<u>490,581</u>
Total future minimum lease payments	<u>\$ 728,566</u>	<u>\$ 206,350</u>	<u>\$ 934,916</u>

DUVAL MYCROSCHOOL, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

(10) **Recent Accounting Pronouncements:**

The Governmental Accounting Standards Board (“GASB”) has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for subsequent fiscal years that have not yet been implemented. Management has not currently determined what, if any, impact implementation of the following will have on the School’s financial statements:

GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*, in May 2020. provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The School is currently evaluating the effect that Statement No. 96 will have on its financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors,
Duval MYCroSchool:

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund and the aggregate remaining fund information of Duval MYCroSchool as of and for the year ended June 30, 2022, and related notes to the financial statements, which collectively comprise Duval MYCroSchool's basic financial statements and have issued our report thereon dated October 10, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Duval MYCroSchool's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Duval MYCroSchool internal control. Accordingly, we do not express an opinion on the effectiveness of Duval MYCroSchool's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Duval MYCroSchool's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "James Moore & Co., P.L.". The signature is written in a cursive style with a large, looped initial "J".

Tallahassee, Florida
October 10, 2022

**MANAGEMENT LETTER OF INDEPENDENT AUDITORS
REQUIRED BY CHAPTER 10.850, RULES OF THE AUDITOR GENERAL**

To the Governing Board,
Duval MYCroSchool, Inc.:

Report on the Financial Statements

We have audited the financial statements of the Duval MYCroSchool, Inc. (“School”), as of and for the year ended June 30, 2022, and have issued our report thereon dated October 10, 2022.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated October 10, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial report.

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires that the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are Duval MYcroSchool, Inc. and 160531.

Financial Condition and Management

Sections 10.854(1)(e)2. And 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we apply appropriate procedures to determine whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, no such items noted.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Duval County District School Board, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "James Moore & Co., P.L." The signature is written in a cursive style with a large, looped initial 'J'.
