INDEPENDENT AUDITOR'S REPORT

Board of Directors
Gulf Coast Charter Academy South, Inc.
Naples, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Gulf Coast Charter Academy South, Inc. (the "Academy"), a charter school and a component unit of the District School Board of Collier County, Florida, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Academy, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Academy, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis on pages 5 through 9 and budgetary comparison information on pages 27 through 29 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2022 on our consideration of the Academy’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy’s internal control over financial reporting and compliance.

Management’s Discussion and Analysis
Gulf Coast Charter Academy South, Inc.
June 30, 2022

The corporate officers of Gulf Coast Charter Academy South, Inc. (the “Academy”) have prepared this narrative overview and analysis of the Academy’s financial activities for the fiscal year ended June 30, 2022.

FINANCIAL HIGHLIGHTS

1. At year-end, the Academy had current assets of \$4,225,162.
2. At year-end, the Academy’s net position was \$3,916,484 and its fund balance was \$3,870,323.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Academy’s basic financial statements. The Academy’s financial statements for the year ended June 30, 2022 are presented in accordance with GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *Government-Wide Financial Statements* are designed to provide readers with a broad overview of the Academy’s finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the Academy’s assets and liabilities. The difference between the two is reported as *net position*. Over time, increases or decreases in net position may serve as an indicator of whether the financial position of the Academy is improving or deteriorating.

The *Statement of Activities* presents information on how the Academy’s net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event resulting in the change occurs, without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 10 – 11 of this report.

Fund Financial Statements

A “fund” is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The Academy, like other state and local governments, uses fund accounting to ensure and report compliance with finance-related legal requirements. All of the funds of the Academy are governmental funds. *Governmental Funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

Governmental Fund financial statements, however, focus on *near-term* inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

Prior to the start of the Academy's fiscal year, the Board of the Academy adopts an annual budget for all of its governmental funds, if applicable. A budgetary comparison statement has been provided for the Academy's governmental funds to demonstrate compliance with the Academy's budget. The basic governmental fund financial statements can be found on pages 12 - 15 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 16 - 26 of this report.

SCHOOL LOCATION

The Academy operates in the Naples area located at 215 Airport Pulling Road, Naples, FL, 34104.

CAPITAL IMPROVEMENT REQUIREMENT

The Academy maintains a continuous capital improvements program to enhance facilities and update fixtures and equipment as required.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the Academy uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the Academy's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Academy's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

For the year ended June 30, 2022, the Academy's governmental funds reported a combined change in fund balance of \$818,393 and reported a combined fund balance at year-end of \$3,870,323.

CAPITAL ASSETS

The Academy's investment in capital assets, as of June 30, 2022, amounts to \$7,913,340 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, vehicles, furniture, fixtures, and equipment.

BOND PAYABLE

In November 2017, the Academy issued tax-exempt revenue bonds for \$8,430,000 (Series 2017A) and \$415,000 (Series 2017B), which are secured by their related reserve and indenture subaccounts. The bonds were issued to finance the acquisition, improvements, and related financing costs of the Academy's educational facilities. Bonds payable at June 30, 2022 totaled \$8,255,000.

NOTE PAYABLE - PPP

In July 2020, the Academy received loan proceeds of \$582,571 through the Paycheck Protection Program ("PPP"). The loan proceeds are to be used for payroll, rent, utilities and interest expense. The loan matures on July 14, 2025 and bears interest of 1%. The loan and accrued interest are forgivable in whole or in part if used for the qualifying purposes as noted above. During the year ended June 30, 2022, the Academy received approval for forgiveness of the full loan amount plus any accrued interest. Accordingly, the forgiveness is reflected as income on the statement of activities in the fiscal year ending June 30, 2022.

GOVERNMENTAL FUND BUDGET ANALYSIS

Prior to the start of the Academy's fiscal year, the Board of the Academy adopted an annual budget. A budgetary comparison statement has been provided for the governmental funds to demonstrate compliance with the Academy's budget.

NOTE 1 – ORGANIZATION AND OPERATIONS

Reporting Entity

Gulf Coast Charter Academy South, Inc. (the “Academy”) is a charter school sponsored by the School Board of Collier County, Florida (the “District”) and is a component unit of the District. The Academy’s charter is held by Gulf Coast Charter Academy South, Inc., a not-for-profit corporation, organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act, and Section 1002.33 Florida Statutes. The Academy is governed by a Board of Directors composed of four members.

The general operating authority of the Academy is contained in Section 1002.33, Florida Statutes. The Academy operates under a charter of the sponsoring school district, the District School Board of Collier County, Florida. The current charter is for a term of five years ending June 30, 2026 . The charter may be renewed as provided in Section 1002.33 or 1002.331, Florida Statutes, upon mutual consent between the Academy and the District and execution of a written renewal. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter, in which case the District is required to notify the Academy in writing at least ninety days prior to the charter's expiration. The Academy contract provides, in the event that the Academy is dissolved or terminated, any unencumbered funds and all Academy property purchased with public funds revert to the District. During the term of the charter, the District may also terminate the charter if good cause is shown. The Academy is considered a component unit of the District; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units.

These financial statements are for the year ended June 30, 2022, when 612 students were enrolled in grades Kindergarten through 8th grade.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Academy’s accounting policies conform to accounting principles generally accepted in the United States applicable to state and local governments. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Accordingly, the basic financial statements include both the government-wide and fund financial statements.

Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information for the Academy as a whole. Both statements report only governmental activities, as the Academy does not engage in any business type activities. These statements do not include fiduciary funds.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, (2) operating grants and contributions which finance annual operating activities, and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide and Fund Financial Statements (Continued)

Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Major individual governmental funds, namely the general, special revenue, debt service, and capital project funds, are reported as separate columns in the fund financial statements:

The Academy utilizes the following major governmental funds:

General Fund – is the Academy’s primary operating fund. The General Fund accounts for all financial resources not accounted for and reported in another fund.

Special Revenue Fund – used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service and capital projects. Also, accounts for internal funds (if any), which are used to administer monies collected in connection with student athletics, class and club activities.

Debt Service Fund – used to account for financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Capital Projects Fund – accounts for state and local capital outlay as authorized by Charter School Capital Outlay, Section 1013.62, Florida Statutes mainly for capital outlay including construction or lease of school facilities, capital equipment and additions to existing schools.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The financial statements of the Academy are prepared in accordance with generally accepted accounting principles (GAAP). The Academy’s reporting entity applies all relevant Governmental Accounting Standards Board (GASB) *Codification of Accounting and Financial Reporting Guidelines*.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Revenues from non-exchange transactions are reported according to Governmental Accounting Standards Board (GASB) Codification Section 1600.111 and Section N50 “*Accounting and Financial Reporting for Non-Exchange Transactions*”. On the accrual basis, revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Measurable means the amount of the transaction can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The Academy considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgetary Basis of Accounting

In compliance with Florida Statutes, the Board of Directors adopts an annual budget using the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g. instructional, pupil personnel services, and school administration). Any revisions to the annual budget are approved by the Board.

Cash

Cash deposits consist primarily of demand deposits included in pooled cash, held by banks that are qualified as public depositories under Florida law. Deposits on hand at financial institutions are insured by the Federal Depository Insurance Corporation (the "FDIC") and collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

Inter-Fund Transfers

Inter-fund receivables/payables ("Due from/to) are short-term balances that represent reimbursements between funds for payments made by one fund on behalf of another fund.

Due from Other Agencies

Due from other agency consists of amounts due from other governmental units for revenues from federal, federal through state, state, or other sources.

Capital Assets and Depreciation

Capital assets purchased or acquired are carried at historical cost or estimated historical cost. The Academy capitalization levels are \$1,000 on tangible personal property. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the costs and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

	Useful Lives (years)
Buildings	39
Improvements other than buildings	10
Furniture, fixtures and equipment	10
Software	3
Vehicles	5-10

Deferred Outflows/Inflows

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Academy has bond issuance costs and a bond premium which qualify to be reported in this category. This amount is deferred and amortized over the life of the debt. Amortization is included as interest expense on the Statement of Activities.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

The Academy grants a specific number of days for sick/personal leave. Full-time office and administrative employees are eligible for up to ten days of active work during the ten-month period (a “benefit year”). Teachers are eligible for up to seven days of active work during the benefit year. In the event that available time is not used by the end of the benefit year, employees may not “rollover” any unused days for use in future benefit years. There is an opportunity for teachers to “cash out” unused days; however, teachers may only cash out if they have not used their seven eligible days by the end of the benefit year.

GASB Codification Section C60, *Accounting for Compensated Absences*, provides that compensated absences that are contingent on a specific event that is outside the control of the employer and employee should be accounted for in the period those events take place. Accordingly, these financial statements do not include an accrual for compensated days available to be used in future benefit years.

The Academy also provides certain days to be used for specific personal matters, such as family death and jury duty. Because the use of such days is contingent upon those events taking place, and such events are out of the control of both the employer and the employee, there is no accrual for such days.

Government-wide Fund Net Position

Government-wide fund net position is divided into three components:

- Net investment in capital assets – consists of the historical cost capital assets less accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets plus deferred outflows of resources less deferred inflows of resources. The net investment (deficit) in capital assets for the year ending June 30, 2022, was (\$341,660).
- Restricted net assets – consists of net assets with constraints placed on their use either by external groups, such as creditors, grantors, contributors, laws, or regulations of other governments, less related liabilities and deferred inflows of resources. The restricted net position for the year ending June 30, 2022 was \$619,571.
- Unrestricted – all other net position is reported in this category.

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

- Non-spendable – fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned). At June 30, 2022, the Academy had \$93,256 in non-spendable fund balance.
- Restricted – fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. At June 30, 2022, the restricted fund balance was \$619,596.
- Committed – fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Academy’s Board of Directors. At June 30, 2022, there is no committed fund balance.
- Assigned – fund balance classification are intended to be used by the Academy’s management for specific purposes but do not meet the criteria to be classified as restricted or committed. At June 30, 2022, there is no assigned fund balance.
- Unassigned – fund balance is the residual classification for the Academy’s general fund and includes all spendable amounts not contained in the other classifications.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Order of Fund Balance Spending Policy

The Academy considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and committed, assigned, or unassigned amounts are considered to have been spent when expenditures are incurred, for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The Academy has a revenue spending policy that provides guidance for programs with multiple revenue sources. The finance officer will use resources in the following hierarchy: debt proceeds, federal funds, state funds, local non-city funds, city funds, and funds passed through the District. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance, and unassigned fund balance. The finance officer has the authority to deviate from this policy if it is in the best interest of the Academy.

Revenue Sources

Revenues for operations will be received primarily from the District School Board of Collier County (the "School Board") pursuant to the funding provisions included in the Academy's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the Academy will report the number of full-time equivalent (FTE) students and related data to the School Board. Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the Academy is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the Academy during the designated full-time equivalent student survey periods.

The Academy may also receive federal grant awards and State financial assistance for the enhancement of various educational programs. Federal awards and State financial assistance are generally received based on an application submitted to and approved by various granting agencies. For federal awards and state financial assistance in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. This activity is recorded in the Special Revenue Fund and Capital Outlay Fund. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

Income Taxes

Gulf Coast Charter Academy South, Inc. qualifies as a tax exempt organization under the Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements. The Academy has evaluated its tax position for all open tax years and has not identified any uncertain tax positions prior to year ending June 30, 2018.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 - CASH DEPOSITS

All Academy deposits are held in qualified public depositories pursuant to Chapter 280, Florida Statutes, the "Florida Security for Public Deposits Act". Under the act, all public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The collateral pledging level may range from fifty percent to one-hundred-twenty-five percent depending upon the depository's financial condition and the length of time the depository has been established. All collateral must be deposited with the State Treasurer. All bank balances of the Academy are fully insured or collateralized. At June 30, 2022, the carrying amount and the bank balance of the Academy's operating cash deposit accounts totaled \$3,433,848.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors of
Gulf Coast Charter Academy South, Inc.
Naples, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Gulf Coast Charter Academy South, Inc. (the "Academy") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements, and have issued our report thereon dated August 30, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
