INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Virtual Preparatory Academy of Florida, Inc.
Kissimmee, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, and each major fund of Virtual Preparatory Academy of Florida, Inc. (the "School"), which is a component unit of The School Board of Osceola County, Florida, as of the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School, as of June 30, 2024, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 – 7 and 22 – 23 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 6, 2024, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Virtual Preparatory Academy of Florida, Inc. (the "School"), which is a component unit of The School Board of Osceola County, Florida, we offer readers of the School's financial statements this narrative overview and analysis of the financial activities of the School for the year ended June 30, 2024 to (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the School's financial activities, (c) identify changes in the School's financial position, (d) identify material deviations from the approved budget, and (e) highlight significant issues in individual funds.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the Basic Financial Statements found starting on page 8.

Financial Highlights

- The assets of the School exceeded its liabilities at the close of the most recent fiscal year by \$35,170.
- The ending unrestricted net position was \$20,128.
- The School had total expenses for the year of \$6,385,946, compared to revenues of \$6,423,190.
- The year ended June 30, 2024, was the School's second year of instruction during which the School educated 709 students, serving grades K-12.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected funding and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the School that are principally supported by district, state, and federal funding (governmental activities). Basic instruction, exceptional instruction, and fiscal services are examples of the School's governmental activities.

The government-wide financial statements include only the School itself.

The government-wide financial statements can be found on pages 8 - 9 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School, like state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the operations of the School are presented in governmental funds only.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund of which is considered to be a major fund.

The School adopts an annual appropriated budget for its operations. Budgetary comparison statements with required notes have been provided to demonstrate compliance with this budget and can be found on page 22 of this report.

The basic governmental fund financial statements can be found on pages 10 - 13 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 14 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the School's financial position. In the case of the School, assets exceeded liabilities by \$35,170 at the close of the most recent fiscal year.

Comparison of the condensed statement of net position and the statement of activities are provided below:

The School's net position (deficit) on June 30 was as follows:

	Governmental Activities		
	2024	2023	Change
Assets			
Current assets	\$ 4,278,443	\$ 1,263,173	\$ 3,015,270
Right of use leased assets	182,879	238,269	(55,390)
Capital assets	5,790	-	5,790
Deposits	5,000	5,000	-
Total assets	<u>4,472,112</u>	<u>1,506,442</u>	<u>2,965,670</u>
Liabilities			
Current liabilities	4,249,093	1,267,349	2,981,744
Non-current liabilities	187,849	241,167	(53,318)
Total liabilities	<u>4,436,942</u>	<u>1,508,516</u>	<u>2,928,426</u>
Net position			
Nonspendable	9,252	5,833	3,419
Net investment in capital assets	5,790	-	5,790
Unassigned	20,128	(7,907)	28,035
Net position	<u>\$ 35,170</u>	<u>\$ (2,074)</u>	<u>\$ 37,244</u>

All changes from the prior year relate to 2024 being the second year and first full year of operation. Enrollment increased to 709 students compared to 167 for 2023.

The School's change in net position was as follows:

	Governmental Activities		
	2024	2023	Change
Revenues			
General revenues			
State passed through local school board	\$ 4,024,737	\$ 1,025,295	\$ 2,999,442
Contributions	2,397,625	1,143,500	1,254,125
Local grant funding	828	-	828
Total revenues	<u>6,423,190</u>	<u>2,168,795</u>	<u>4,254,395</u>
Expenses			
Basic instruction	3,215,519	960,304	(2,255,215)
Exceptional instruction	461,158	160,911	(300,247)
Instructional staff training	16,917	-	(16,917)
School administration	1,546,904	664,282	(882,622)
Fiscal services	157,231	198,688	41,457
Operation of plant	85,498	76,293	(9,205)
Administration technology services	902,719	60,618	(842,101)
Facilities	-	49,773	49,773
Total expenses	<u>6,385,946</u>	<u>2,170,869</u>	<u>(4,215,077)</u>
Changes in net position	37,244	(2,074)	39,318
Net position (deficit) - beginning	(2,074)	-	(2,074)
Net position - ending	<u>\$ 35,170</u>	<u>\$ (2,074)</u>	<u>\$ 37,244</u>

Governmental activities. Governmental activities increased the School's net position by \$37,244 for the year ended June 30, 2024, its second year of operations.

Financial Analysis of the Government's Funds

As noted previously, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a School's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the School. At the end of the current fiscal year, the unassigned fund balance was \$25,098 in the general fund. The aggregate fund balance was \$34,350.

General Fund Budgetary Highlights

Revenues and expenses were less than budgeted amounts for the year ended June 30, 2024. Revenues were under budget as actual enrollment was 709 students, less than the projected 1,023 for the year ended June 30, 2024. Basic instruction expenses exceeded budgeted amounts due to increases in salary and software expenses. Exceptional instruction and school administrative expenses exceeded budgeted amounts due to increased salary costs. Total personnel increased from 44 to 52 in anticipation of the higher budgeted enrollment. The School maintained tight budgetary control in an attempt to control spending as much as possible and had a positive budget variance in expenditures.

Capital Assets and Debt Administration

Capital Assets. The School's investment in capital assets for its governmental activities as of June 30, 2024, amounts to \$5,790 (net of accumulated depreciation). This investment in capital assets includes furniture, fixtures, and equipment. Please refer to a note to the accompanying financial statements entitled capital assets and depreciation for more detailed information about the School's capital asset activity.

Significant Activities during Fiscal Year 2023-2024

The School offers online classes for grades K - 12. The School's enrollment was 709 students for fiscal 2024.

Economic Factors and Next Year's Budget

The economic position of the School for general operations is closely tied to that of the State. The formula for determining funding for education is set by Florida Statute. State funds to charter schools are provided primarily by legislative appropriations from the State's general revenue fund under the Florida Education Finance Program (FEFP), and the State funding for operations is primarily from sales, gasoline, and corporate income taxes. Additionally, the level of tourism in the State heavily influences the amount of taxes collected. Significant changes in State revenue collections could directly impact future School revenue collections.

The School is forecasting enrollment to be 1,164 students for the 2024/2025 school year compared to 1,023 students for the 2023/2024 school year.

Request for Information

This financial report is designed to provide a general overview of Virtual Preparatory Academy of Florida, Inc.'s finances for all those with an interest in the School's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Virtual Preparatory Academy of Florida, Inc., 111 East Monument Avenue, Suite 605, Kissimmee, FL, 34741.

IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

Year Ended June 30, 2024

Net change in fund balances - total government funds		\$	33,526
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Changes in:			
Leased assets and liabilities			(2,072)
Governmental funds report fixed capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.			
Current year expenditures for capital assets	\$	6,259	
Current year depreciation expense		(469)	
			<u>5,790</u>
Change in net position of governmental activities		\$	<u>37,244</u>

The accompanying notes are an integral part of these financial statements.

VIRTUAL PREPARATORY ACADEMY OF FLORIDA, INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE A - SUMMARY OF REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES

1. Reporting entity

Virtual Preparatory Academy of Florida, Inc. (the "School"), which is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The School was incorporated on February 2, 2022, and its first year of operations was fiscal 2023. The governing body of the School is the Board of Directors (the "Board"), which is composed of three members. The financial information presented is that of Virtual Preparatory Academy of Florida, Inc. only.

The general operating authority of Virtual Preparatory Academy of Florida, Inc. is contained in Section 1002.33, Florida Statutes. The School operates under a charter from the sponsoring school district, which is The School Board of Osceola County, Florida (the "School Board"). The current charter is for a term of five school years commencing July 1, 2022, and expiring on June 30, 2027. The charter may be renewed as provided in Section 1002.33, Florida Statutes, upon mutual consent of the parties and execution of a written renewal. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter agreement in which case the School Board is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. The School is considered a component unit of The School Board of Osceola County, Florida.

2. Government-wide and fund financial statements

The government-wide financial statements consist of a statement of net position and a statement of activities. These statements report information on all of the nonfiduciary activities of the School. As part of the consolidation process, all interfund activities are eliminated from these statements. Both statements report only governmental activities as the School does not engage in any business-type activities.

Net position, the difference between assets and liabilities, as presented in the statement of net position, are subdivided into three categories: amounts invested in capital assets; restricted net assets; and unrestricted net assets. Net assets are reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, or laws or regulations of other governments, or enabling legislation.

The statement of activities presents a comparison between the direct and indirect expenses of a given function and its program revenues and displays the extent to which each function contributes to the change in net position for the fiscal year. Direct expenses are those that are clearly identifiable to a specific function. Indirect expenses are costs the School has allocated to various functions. Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to amounts received from those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function. Revenues not classified as program revenues are reported as general revenues. Separate fund financial statements report detailed information about the School's governmental funds. The focus of the governmental fund financial statements is on major funds. Therefore, major funds are reported in separate columns on the fund financial statements. One of the School's funds was deemed to be a major fund. Reconciliations are provided that convert the results of governmental fund accounting to the government-wide presentation.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE A - SUMMARY OF REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES
(continued)

3. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred.

All governmental fund financial statements are reported using a current financial resources measurement focus on a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues, except for certain grant revenues, are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, considered to be sixty days. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for federal, state, and other grant resources, revenue is recognized at the time the expenditure is made. Under the modified accrual basis of accounting, expenditures are generally recorded when the related fund liability is incurred. However, principal and interest on general long-term debt is recorded as expenditures only when payment is due.

The School's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. Accordingly, the financial statements are organized on the basis of funds. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund equity, revenues, expenditures, and other financing sources and uses.

The governmental fund financial statements present fund balances based on the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement provides more clearly defined fund balance classifications and also sets a hierarchy which details how the School may spend funds based on certain constraints.

The following are the fund balance classifications used in the governmental fund financial statements:

Nonspendable: This classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The School classifies inventories, prepaid items, long-term notes receivable and deposits as nonspendable since they are not expected to be converted to cash or are not expected to be converted to cash within the next year.

Restricted: This classification includes amounts that are restricted for specific purposes by external parties such as grantors and creditors or are imposed by law through constitutional provisions or enabling legislation.

Committed: This classification includes amounts that can be used for specific purposes voted on through formal action of the Board of Directors (the highest level of decision making authority). The committed amount cannot be used for any other purpose unless the Board of Directors removes or changes the commitment through formal action.

VIRTUAL PREPARATORY ACADEMY OF FLORIDA, INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

**NOTE A - SUMMARY OF REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES
(continued)**

3. Measurement focus, basis of accounting, and financial statement presentation (continued)

Assigned: This classification includes amounts that the Board of Directors intends to use for a specific purpose but they are neither restricted nor committed. The School classifies existing fund balance to be used in the subsequent year's budget for elimination of a deficit as assigned.

Unassigned: This classification includes amounts that have not been restricted, committed or assigned for a specific purpose within the general fund.

The details of the fund balances are included in the Governmental Fund Balance Sheet on page 10.

When the School incurs expenditures for which restricted or unrestricted fund balance is available, the School would consider restricted funds to be spent first. When the School has expenditures for which committed, assigned or unassigned fund balance is available, the School would consider committed funds to be spent first, then assigned funds and lastly unassigned funds.

Resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The School reports the following major governmental funds:

General Fund - the general operating fund of the School. It is used to account for all financial resources not required to be accounted for in another fund.

4. Cash

Cash consists of cash on hand at the School and checking accounts held at financial institutions. The School has no cash equivalents.

5. Receivables

Receivables consist of amounts due from other agencies on June 30, 2024. The School's management determined that 100% of receivables are fully collectible. Therefore, no allowance for doubtful accounts has been provided.

6. Interfund receivables and payables

Activity between the funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds.

7. Compensated absences

In the government-wide financial statements, compensated absences are accrued as liabilities to the extent that it is probable that the benefits will result in a payment. A liability is reported for compensated absences in the governmental fund financial statements only if they have matured. The liability for compensated absences includes salary-related benefits, where applicable.

VIRTUAL PREPARATORY ACADEMY OF FLORIDA, INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE A - SUMMARY OF REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES (continued)

8. Long-term obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Loan issuance costs are expensed as incurred.

9. Capital assets and depreciation

Capital assets are reported in the applicable governmental columns on the government-wide financial statements when recognized. Capital assets are defined by the School as assets with an initial individual cost of more than \$5,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost. Donated capital assets are recorded at acquisition value at the date of donation. Depreciable capital assets are depreciated using the straight-line method over the estimated useful lives. Furniture, fixtures and equipment are estimated to have a remaining useful life of 10 years.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

10. Leases

The School is a lessee for an office lease. The School recognizes a lease liability and an intangible right-to-use lease asset (lease-asset) in the government-wide financial statements.

11. Revenue recognition

Student funding is provided by the State of Florida through the School Board. Such funding is recorded as State passed through local school district in the government-wide financial statements and fund financial statements and is net of 5% administration fee retained by the School Board. This funding is received on a prorated basis over the twelve-month period and is adjusted for changes in full-time equivalent (FTE) student population.

12. Revenue sources

Revenues for current operations are received primarily from the State of Florida passed through the School Board to the School pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the School reports the number of full-time equivalent (FTE) students and related data to the School Board. Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year based upon an audit of the School's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue the year when the adjustments are made to reflect revised calculations by the FDOE under the Florida Education Finance Program and actual weighted FTE students reported by the School during designated FTE student survey periods.

VIRTUAL PREPARATORY ACADEMY OF FLORIDA, INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE A - SUMMARY OF REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES (continued)

12. Revenue sources (continued)

The State provides financial assistance to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical educational programs. The Department of Education generally requires that categorical educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund can be restricted in the governmental fund financial statements for the unencumbered balance of categorical educational program resources. A schedule of revenue from State sources for the current year is presented in a subsequent note.

The School may receive federal awards for the enhancement of various educational programs. This assistance is generally based on applications submitted to and approved by various granting agencies. These federal awards may have requirements whereby the issuance of grant funds is withheld until qualifying expenditures are incurred. Revenues for these awards are recognized only to the extent that eligible expenditures have been incurred. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

13. Prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid assets are reported as "non-spendable" in the funds financial statements to indicate that prepaid items do not represent available expendable resources.

14. Income taxes

The School is a charter school, which qualifies as a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code, and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

Management has analyzed the School's various federal and state filing positions, including those pertaining to charter academy contracts and tax-exempt status, and believes that its income tax filing positions and deductions are well documented and supported, and that no accruals for tax liabilities are necessary. Therefore, no reserves for uncertain income tax positions have been recorded. The School remains subject to the examination by the Internal Revenue Service for the three years prior to June 30, 2024.

15. Use of estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

VIRTUAL PREPARATORY ACADEMY OF FLORIDA, INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE A - SUMMARY OF REPORTING ENTITY AND SIGNIFICANT ACCOUNTING POLICIES
(continued)

16. New GASB pronouncement

GASB issued Statement No. 101, *Compensated Absences*, in June 2022. GASB 101 increases the usefulness of governments' financial statements by requiring recognition of liabilities for compensated absences that previously were not recognized as an obligation of the government. It establishes a criteria for the recognition and measurement of the government. The provisions in GASB 101 will be implemented in the year ended June 30, 2025. The School is evaluating the effect of this new standard on its financial statements.

17. Subsequent events

In accordance with GASB Codification Section 2250.106, the School has evaluated subsequent events and transactions for potential recognition or disclosure through September 6, 2024, which is the date the financial statements were available to be issued.

NOTE B - CAPITAL ASSETS AND DEPRECIATION

Capital asset activity for the year ended June 30, 2024, was as follows:

	Balance at July 1, 2023	Additions	Deletions	Balance at June 30, 2024
Capital assets depreciated:				
Furniture, fixtures, and equipment	\$ -	\$ 6,259	\$ -	\$ 6,259
Total assets depreciated	<u>-</u>	<u>6,259</u>	<u>-</u>	<u>6,259</u>
Less accumulated depreciation:				
Furniture, fixtures, and equipment	-	469	-	\$ 469
Total accumulated depreciation	<u>-</u>	<u>\$ 469</u>	<u>\$ -</u>	<u>469</u>
Total governmental activities capital assets, net	<u>\$ -</u>			<u>\$ 5,790</u>

Depreciation expense for 2024 included in the Statement of Activities is as follows:

Operation of plant	\$ 469
Total governmental activities depreciation expense	<u>\$ 469</u>

VIRTUAL PREPARATORY ACADEMY OF FLORIDA, INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE C - CASH

Custodial Credit Risk - Custodial credit risk is the risk that in the event of bank failure, the School's deposits may not be returned to it. The School does not have a formal policy regarding custodial credit risk. The School maintains its cash balances in financial institutions insured by the Federal Deposit Insurance Corporation ("FDIC") or the National Credit Union State Insurance Fund ("NCUSIF"). Under the FDIC and NCUSIF programs, all of the School's cash balances maintained in accounts at the financial institution are fully guaranteed up to \$250,000.

At June 30, 2024, the School there were \$483,066 held in excess of FDIC and NCUSIF coverage limits.

NOTE D - CONCENTRATIONS

Revenue sources

As stated in Note A-12, the School receives revenues for current operations primarily from the State of Florida through the School Board. The following is a schedule of revenue sources and amounts:

<u>Source</u>	<u>Amount</u>
School Board of Osceola County	
Base funding	\$ 3,756,729
ESE	101,195
Discretionary millage compression allocation	221,138
Discretionary local effort	328,549
Prior year funding adjustment	<u>(382,874)</u>
Total passed through the School	
District of Osceola County	4,024,737
Other revenues:	
Contributions	2,397,625
Local grant funding	828
	<u><u>\$6,423,190</u></u>

The administrative fee paid to the School Board during the year ended June 30, 2024 totaled \$76,659 and is reflected as a school fiscal services in the accompanying financial statements.

NOTE E - EDUCATIONAL MANAGEMENT PROVIDERS

Beginning May 2, 2022, the Board entered into a contract with Accel Online East LLC (Accel) to provide business and educational oversight services to the School. The Board operates the School independently. Accel works with the Principal and Head of School to manage the School on a day-to-day basis. The Principal and Head of School oversee academics and Accel oversees all other operations. Accel's continuing fee is based upon a fee of \$1,850 per student enrolled. The administration fee paid to Accel during the year ended June 30, 2024 totaled \$708,680 which included enrollment processing, and supporting operations and business services. The fee is reflected as administration technology services in the accompanying statement of activities and statement of revenues, expenditures and changes in fund balances - governmental funds. Accel has funded the School's operations since inception in 2022 due to high start-up costs and low initial enrollment.

VIRTUAL PREPARATORY ACADEMY OF FLORIDA, INC.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE E - EDUCATIONAL MANAGEMENT PROVIDERS (continued)

At June 30, 2024, amounts due from Accel (other agencies) for deficit funding totaled \$3,541,125 and amounts due to Accel (other agencies) for payment of expenditures totaled \$3,699,897. For the year ended June 30, 2024, the \$2,397,625 of deficit funding is reported as contributions in both the government-wide statements (other revenues) and governmental funds statements (other financing sources).

NOTE F - LEASE COMMITMENTS

The School entered into a five-year lease agreement on September 1, 2022, for the School's administrative office in Kissimmee, Florida (the "office lease"). During the first year, monthly rent payments were \$4,688 and include annual increases of 3% thereafter (\$4,829 at June 30, 2024). The School has the option to renew the office lease, however, management is not reasonably certain that the office lease would be renewed upon expiration.

Lease expense for the year ended June 30, 2024, totaled \$59,728 which is included in operation of plant of the accompanying financial statements.

The objective of GASB 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

At commencement of the office lease, the School recognized a lease asset of \$284,105 and lease liability of \$284,105 for the present value of lease obligations. As of June 30, 2024, the right-of-use (ROU) asset had a balance of \$182,879, as shown in non-current assets on the statement of net position; the lease liability is included in non-current liabilities as due within one year of (\$59,386) and due in more than one year of (\$128,463). The lease asset and liability were calculated utilizing risk-free discount rate (6.14%) as determined by the IRS, according to the School's elected policy.

Maturities of lease liabilities as of June 30, are as follows:

2025	\$ 59,386
2026	61,168
2027	63,003
2028	10,552
Total lease payments	194,109
Less: interest	(6,260)
Present value of lease liability	<u>\$ 187,849</u>

The difference between rent expense recognized within facilities of \$59,728 and rent paid of \$57,656 for is presented as changes in leased assets and liabilities of \$2,072 in the reconciliation of the statement of revenues, expenditures and changes in fund balances – governmental funds to the statement of activities.

June 30, 2024

NOTE A - BUDGETARY INFORMATION

Budgetary basis of accounting

Annual budgets are adopted for the entire operations and may be amended by the Board of Directors (the "Board"). Budgets are adopted on the modified accrual basis of accounting. The legal level of budgetary control is the fund level.

Although budgets are adopted for the entire operation, budgetary comparisons have been presented for the general fund for which a legally adopted budget exists.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of
Virtual Preparatory Academy of Florida, Inc.
Kissimmee, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of Virtual Preparatory Academy of Florida, Inc. (the "School"), which is a component unit of The School Board of Osceola County, Florida, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated September 6, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Directors of
Virtual Preparatory Academy of Florida, Inc.
Kissimmee, Florida

Report on the Financial Statements

We have audited the financial statements of the Virtual Preparatory Academy of Florida, Inc. (the "School"), which is a component unit of The School Board of Osceola County, Florida, as of and for the fiscal year ended June 30, 2024, and have issued our report thereon dated September 6, 2024.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 6, 2024, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with our audit, the School did not have prior year findings.

Official Title

Section 10.854(1)(e)5, Rules of the Auditor General, requires that the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity is *Virtual Preparatory Academy of Florida, Inc.* (7030), which is a component unit of The School Board of Osceola County, Florida.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Virtual Preparatory Academy of Florida, Inc. did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that has occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Virtual Preparatory Academy of Florida, Inc.'s management, The School Board of Osceola County, Florida, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Moss, Krusick & Associates, LLC

Winter Park, Florida
September 6, 2024

MANAGEMENT FINDINGS, RECOMMENDATIONS AND RESPONSES

For the year ended June 30, 2024, there are no management findings, recommendations or responses.
