### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of Achievement Academy Charter School, which is a division of Achievement Academy, Inc. (a nonprofit organization) (the "School"), which comprise the statement of financial position as of June 30, 2025 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the School as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it

exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2025, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2025**

**NOTE 1 – ORGANIZATION, SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES**

1. Organization

Achievement Academy Charter School (the “School”) is a charter school organized pursuant to Section 1002.33, Florida Statutes. The School is a division of Achievement Academy, Inc. (the “Academy”), a not-for-profit corporation organized under the laws of the State of Florida. The Academy, formerly known as Child Development Center of Polk County, Inc., was organized to maintain and operate programs for the education, evaluation, and social and physical advancement of children (birth through six years of age) with developmental delays/disabilities and to conduct ongoing programs to educate the general public.

The Academy opened the School in 1997. The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter approved by its sponsor, the District School Board of Polk County, Florida (the “School Board”). The current charter is effective until June 30, 2037.

The governing body of the School is the Academy’s Board of Directors which is composed of 17 members. The executive director of the Academy also serves as the executive officer of the School. The School reported on average, an enrollment of 157 unweighted students for the fiscal year ended June 30, 2025.

2. Charter contract

On June 14, 2022 the current charter was renewed and is effective until June 30, 2037. The term shall be automatically extended on a month-to-month basis until the Charter has been renewed, non-renewed, or terminated by the School. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter. In this case, the School Board is required to notify the School in writing at least 90 days prior to the charter’s expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds, except capital outlay funds, revert back to the School Board. Any unencumbered capital outlay funds revert back to the Florida Department of Education.

3. Basis of presentation

The financial statement presentation follows guidance for non-profit organizations set forth by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC). The School is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Special-purpose financial statements are prepared in accordance with the special purpose framework opposed to the general-purpose framework.

POLICIES (continued)**

4. Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Support and revenue are recognized when earned or unconditionally received, and expenses are recognized when incurred. Changes in the net assets of the School as a result of support, revenue, expenses, gains and losses are classified based on the existence of any donor-imposed restrictions. Accordingly, the net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* - Net assets without donor restrictions are available for use at the discretion of the Board and/or management for general operating purposes. From time to time the Board designates a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion.

See Note 6 for more information on the composition of net assets without donor restrictions.

*Net Assets With Donor Restrictions* - Net assets with donor restrictions consist of assets whose use is limited by donor-imposed restrictions, time and/or purpose restrictions.

The School reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the School to expend the income generated by the assets in accordance with the provisions of additional donor imposed stipulations or a Board approved spending policy.

See Note 7 for more information on the composition of net assets with donor restrictions.

5. Cash and cash equivalents

During the year ended June 30, 2025, the Academy maintained cash deposits on a pooled basis for both the Academy and the School. The School's cash consists of demand deposits with financial institutions, which are insured through the Federal Depository Insurance Corporation ("FDIC") up to \$250,000. The carrying amount reported in the statement of financial position for cash and cash equivalents approximates its fair value. The School has not historically incurred losses on such accounts, and management believes the School does not have a significant credit risk with respect to these accounts as of June 30, 2025.

Special-Purpose Financial Statements**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2025**

**NOTE 1 – ORGANIZATION, SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

6. Property and equipment

The School's property and equipment are recorded at cost or their estimated fair value at date of donation. The School capitalizes assets with a cost of \$500 or more. Expenditures of normal maintenance and repair that do not add to the assets value or extend the useful life are not capitalized. Depreciation is computed using the straight-line method. Estimated useful lives of the assets are as follows:

	<u>Years</u>
Buildings and improvements	10 - 40
Furniture, fixtures, and equipment	3 - 10
Playground equipment	5 - 20
Vehicles	5

7. Revenue recognition

The School follows Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (ASC 606), which outlines a five-step model whereby revenue is recognized as performance obligations within the contract are satisfied, and ASU 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* (ASC 958-605), which clarifies how transactions should be accounted for as contributions (nonreciprocal transactions) or exchange transactions and whether a contribution is conditional.

Revenue and expenses are recognized on the accrual basis. Revenue consists of a variety of sources, including Florida Department of Education (through the School Board), Medicaid and private insurance, contributions and other income.

Revenues for operations are provided primarily from the District School Board of Polk County, Florida pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the Charter and Section 1002.33, Florida Statutes, the School reports the number of full-time equivalent (FTE) students and related data to the School District. The School Board receives a 2% administrative fee from the School, which is withheld from the respective Florida Education Finance Program (FEFP) payments. The administrative expense is reflected as a general administration expense in the accompanying statement of activities and changes in net assets. The administrative fee is calculated on the base funding and unweighted amount of the number of FTE students up to 250 students.

Special-Purpose Financial Statements**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2025**

**NOTE 1 – ORGANIZATION, SUMMARY OF ACTIVITIES AND SIGNIFICANT ACCOUNTING  
POLICIES (continued)**

8. Revenue recognition (continued)

Under provisions of Section 1011.62, Florida Statutes, the District reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey period. The FDOE may also adjust subsequent fiscal period allocations based on an audit of the School's compliance in determining and reporting FTE and related data. Generally, such adjustments are treated as reduction or additions of revenues in the year when the adjustments are made.

The basic amount of funding through the FEFP under Section 1011.62 is calculated based on (1) unweighted FTE, multiplied by (2) the cost factor for each program multiplied by (3) the base student allocation established by the Florida legislature.

The School receives state awards for capital outlay expenditures. The state grant award is based on an application submitted to and approved by the State of Florida. Since a claim to the grant proceeds is based upon incurring eligible expenditures, revenue is recorded as with donor restriction and once eligible expenditures have been made, the revenue is reclassified to without donor restriction and is reported in the statement of activities and changes in net assets as "net assets released from restrictions."

The School also receives federal IDEA grant awards for the enhancement of various education programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. Since a claim to the grant proceeds is based upon incurring eligible expenditures, revenue is recorded as with donor restriction and once eligible expenditures have been made, the revenue is reclassified to without donor restriction and is reported in the statement of activities and changes in net assets as "net assets released from restrictions."

Under the terms of the grant, any property and equipment purchased with School Board funds must be returned to the School Board if the contract for the charter school is terminated. The current level of the School's operations and program services may be impacted or certain services discontinued if the funding is not renewed.

9. Use of estimates

In preparing the financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the statement of financial position and revenues and expenses/expenditures for the period presented. Actual results could differ significantly from those estimates.

Unless otherwise noted, contributions of non-financial assets did not have donor-imposed restrictions. The School did not receive donated property or equipment for the year ended June 30, 2025.

A number of other volunteers have donated significant amounts of their time to the School's administrative services and in its fundraising campaigns during the year; however, these donated services are not reflected in the financial statements since the services are not professional in nature, and, as such, do not meet the criteria for recognition as contributed services.

**NOTE 5 – NET ASSETS WITHOUT DONOR RESTRICTIONS**

**NOTE 9 – RISK MANAGEMENT PROGRAM**

Workers' compensation coverage, health and hospitalization, general liability, professional liability and property coverage are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims, if any, resulting from these risks have not historically exceeded commercial coverage.

**NOTE 10 – FUNCTIONAL ALLOCATION OF EXPENSES**

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and benefits, which is allocated on the basis of estimates of time and percentage of assets utilized.

**NOTE 11 – PENSION PLAN AND COMPENSATED ABSENCES**

The School adopted a SIMPLE IRA retirement program during 1997. All employees with over six months of service are eligible to participate in the program. Total contributions to the plan by the School for the year ended June 30, 2025 was \$40,941. The School has no liability for the administration or payment of benefits of the plan and, accordingly, the present value of the related vested benefits is not reflected in these financial statements.

The School's liability for compensated absences was not significant and has not been recorded in these financial statements since it was not considered material to the financial statements as a whole.

**NOTE 12 – COMMITMENTS AND CONTINGENT LIABILITIES**

1. Grants

The School participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Cost charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable as year-end may be impaired.

Management of the School believes there are no significant contingent liabilities related to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

2. Legal matters

In the normal course of conducting its operations, the School occasionally becomes party to various legal actions and proceedings. Management believes the ultimate resolution of such legal matters will not have a significant adverse effect on the accompanying financial statements.

**NOTE 13 – INSURANCE REIMBURSEMENTS**

The School is reimbursed for providing services to Medicaid eligible individuals and individuals with private insurance. Reimbursements earned during the year ended June 30, 2025 were as follows:

Medicaid and private insurance reimbursements	\$ 72,672
---	-----------

**NOTE 14 – RELATED PARTY TRANSACTIONS**

As previously noted, the Academy maintained cash deposits on a pooled basis for both the Academy and the School during the fiscal year ended June 30, 2025. From time to time, there may be amounts due to the Academy, which would represent amounts advanced by the Academy to the School for operating costs in excess of the School's share of the pooled cash balance. The balance may also include payroll liabilities (taxes, insurance, retirement, etc.) to be paid by the Academy on behalf of the School. As of June 30, 2025, there were no amounts due to nor from the Academy.

During the year ended June 30, 2025, the School made payments to the Academy in the amount of \$46,620 for rental of the facilities which is recorded in operations of plant within the statement of functional expense.

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2025**

**NOTE 16 – SUBSEQUENT EVENTS**

The School has adopted guidance that requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date (that is, whether that date represents the date the financial statements were issued or were available to be issued). The School has evaluated subsequent events through September 16, 2025, which is the date the financial statements were available to be issued.

**NOTE 17 – LIQUIDITY AND AVAILABILITY OF RESOURCES**

The School's financial assets available within one year of the statement of financial position date for general expenditures are as follows:

Cash and cash equivalents	\$ 145,655
Accounts receivable	<u>11,640</u>
Total financial assets available within one year	<u>\$ 157,295</u>

As part of the School's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. To help manage unanticipated liquidity needs, the Academy has a line of credit of \$200,000, which it could draw upon to support the School's activities. The Academy has investments of \$327,892, which it could liquidate to support the School's activities if needed.

A portion of cash and cash equivalents and accounts receivable are set aside per donor restrictions. The total amount restricted is in the amount of \$171,597. The remaining accounts receivable not restricted are expected to be received within one year.

Prepaid, property and equipment, and other asset amounts are amounts not available for spending amounts.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
