INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council
Town of Kenneth City, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the Town of Kenneth City, Florida (the City), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the of the governmental activities and each major fund of the City, as of September 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 12 to the financial statements, the City restated beginning balances to correct accounting errors that occurred in a prior year. Our opinions are not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, information on budgetary comparisons, information on pension benefits, and information on other postemployment benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The individual fund financial statement and schedule for the capital projects fund are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules and schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 8, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Tampa, Florida
July 8, 2024

**TOWN OF KENNETH CITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEARS ENDED SEPTEMBER 30, 2022 AND 2021**

The Town of Kenneth City's (City) discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position (its ability to address the next and subsequent year challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

Financial Highlights

- The City's current assets increased \$1,932,429 (or 42.7%). This increase was primarily due to an increase in cash of \$2,014,546.
- The City's net capital assets decreased by \$238,755 (or -3.6%) due to current year additions of \$119,831, current disposals of and current depreciation of \$290,719.
- The City's net position increased \$464,824 (or 5.7%).
- There are no business-type activities for the City.
- Total expenditures saw an increase of \$666,942 (or 21.5%).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to financial statements

This report contains required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to be corporate-like in that all governmental activities are consolidated into columns which add to a total for the Primary Government. The focus of the statement of net position (the Unrestricted Net Position) is designed to be similar to a bottom line for the City and its governmental activities. This statement combines and consolidates governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations.

The statement of activities is focused on both the gross and net cost of various activities which are provided by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of cost of various governmental services and/or subsidy to various business-type activities.

The Governmental Activities reflects the City's basic services, including general government, law enforcement, fire protection, and public works. Property, sales, and utility services taxes along with franchise fees fund most of these services.

The government-wide statement includes only the City. There are no component units identified.

**TOWN OF KENNETH CITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEARS ENDED SEPTEMBER 30, 2022 AND 2021**

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is now on Major Funds, rather than (the previous model's) fund types.

The Governmental Major Fund presentation is presented on a sources and uses of liquid resources basis. This is the way the financial plan (the budget) is typically developed. The flow and availability of liquid resources is a clear and appropriate focus of any analysis of a government. Funds are established for various purposes and the Fund Financial Statements allow the demonstration of sources and uses and/or budgeting compliance associated therewith.

Governmental Funds

Governmental fund financial statements are prepared on the modified accrual basis using current financial resources measurement focus. Under modified accrual basis, revenues are recognized when they become measurable and available as net current assets. The governmental fund statements provide a detailed short-term view of the City's general government operations, and the information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The City adopts an annual budget for all funds and a budgetary comparison statement has been provided for these funds to demonstrate budgetary compliance.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 17- 41 of the statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. This includes the governmental funds original and final budget in comparison to actual expenditures and the pension liability and other post-employment benefit liability disclosures.

Infrastructure Assets

The City has elected GASB Statement No. 34 not to retroactively report infrastructure assets. Historically, a government's largest group of assets (infrastructure – roads, bridges, traffic signals, underground pipes (unless associated with a utility), have not been reported or depreciated in governmental financial statements. This new statement requires that these assets be valued and recorded within the governmental activities' column of the government-wide financial statements. Additionally, the government must elect to either (a) depreciate these assets over their estimated useful life or (b) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. The City has elected to depreciate their assets over their estimated useful life.

**TOWN OF KENNETH CITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEARS ENDED SEPTEMBER 30, 2022 AND 2021**

THE CITY FUNDS

Governmental Funds

The focus of the City's governmental funds is to provide a detailed short-term view of the City's general government operations. The information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Unrestricted fund balance may serve as useful measure of a government's net resources available for spending at the end of the fiscal year.

As of year-end, the governmental funds (as presented on the balance sheet on page 13) reported a combined fund balance of \$3.709 million, which was an increase of \$712,484 (or 24%) as compared to the combined fund balance at the beginning of the year. The General Fund had a deficit of (\$151,837), and the Capital Projects Fund had an excess of \$603,758. Total revenues decreased by \$34,943 and expenditures decreased by \$949,821 (-21.3%).

Budgetary Highlights

The final amount of budgeted revenues in the General Fund was \$2,720,655 and actual revenues for the fiscal year 2022 were \$3,052,685 which resulted in a favorable variance of \$330,020. The final amounts of budgeted expenditures in the General Fund were \$3,194,180 and the amount of actual expenditures were \$3,204,522 which resulted in an unfavorable variance of \$10,342. (Please see page 43 for more detailed information.)

CAPITAL ASSETS AND DEBT MANAGEMENT

Capital Assets

As of September 30, 2022, the City had \$6,456,889, (Net) invested in a variety of capital assets as compared to \$6,695,642 as of September 30, 2021. This represents a net decrease of \$238,753 or -3.6% from the end of last year.

**TOWN OF KENNETH CITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEARS ENDED SEPTEMBER 30, 2022 AND 2021**

Major increases in capital assets during the current fiscal year included the following:

- Purchases of equipment for \$84,182
- Purchases of building improvements and infrastructure for \$35,649

**Table 3
Capital Assets at September 30,
(Net of Depreciation)**

	Governmental Activities	
	2022	2021
Nondepreciable Assets:		
Land	\$ 250,000	\$ 250,000
Depreciable Assets:		
Buildings and Improvements	5,922,426	6,165,525
Furniture, Fixtures, and Equipment	284,463	280,119
Total	<u>\$ 6,456,889</u>	<u>\$ 6,695,644</u>

The following reconciliation summarizes the change in capital assets, which is presented in more detail on page 33 of the notes.

Long-Term Debt

As of September 30, 2022, the City reported accrued compensated absences of \$114,383, net pension liability of \$1,782,255, and other postemployment benefits liability of \$46,962.

ECONOMIC FACTORS

The City saw an increase in property values. An estimated increase in salaries and wages is expected based on the annual consumer price index for the southern region.

The City has received its second draw of America Rescue Plan Act funds in the amount of \$1,282,436 for a total allocated amount of \$2,564,872. Of the total allocated amount the city has only used \$150,359.

The City has seen a reduction in investment earnings due to current economic condition but continues to evaluate areas that excess funds can be invested at higher rates while still adhering to City's investment policy.

FINANCIAL CONTACT

The City's financial statements are designed to present users (citizens, taxpayers, customers, rating agencies, investors, and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions about the report or need additional information, contact the City's City Manager or City Finance Officer at 6000 54th Avenue North, Kenneth City, Florida 33709 – Telephone (727) 498-8948.

RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL
FUNDS TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2022**

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS \$ 3,709,299

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in government activities are not financial resources and, therefore, are not reported in the funds:

Capital Assets, Nondepreciable	250,000
Capital Assets, Depreciable - Net	6,206,889

Certain receivables are not available to pay current period expenditures and, therefore, are reported as deferred inflows of resources in the funds.	27,903
------------------------------------------------------------------------------------------------------------------------------------------------------	--------

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds:

Net Pension Liability	(1,782,255)
Total OPEB Liability	(46,962)
Compensated Absences	(114,383)

Deferred outflows and inflows of resources related to pensions and OPEB do not have a current financial resources focus, and therefore, are not reported in the funds:

Deferred Outflows Related to Pensions	507,700
Deferred Outflows Related to OPEB	38,766
Deferred Inflows Related to Pensions	(111,539)
Deferred Inflows Related to OPEB	(121,285)
	(121,285)

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Kenneth City, Florida, (City) maintains its accounting records in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below:

A. Financial Reporting Entity

The Town of Kenneth City was incorporated on May 9, 1957, under the laws of Florida Section 2, Chapter 57-1462. The City provides the following services as authorized by its charter: public safety (police and fire), highway and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, general administrative services. The legislative branch of the City is composed of a five (5) member elected City Council and Mayor. The City Council is governed by the Charter and by state and local laws and regulations. The City Council is responsible for the establishment and adoption of policy. The executing of such policy is the responsibility of the City Manager. In the November 2013 election, the citizens approved a new City Charter that provides for a City Manager. The first City Manager was hired in March 2014.

Governmental accounting standards require that these financial statements present the Town of Kenneth City (the primary government) and its component units as applicable. Component units generally are legally separate entities for which a primary government is financially accountable. Financial accountability ordinarily involves meeting both of the following criteria: the primary government is accountable for the potential component unit (i.e., the primary government appoints the voting majority of its board) and the primary government is able to impose its will upon the potential component unit, or there is a possibility that the potential component unit may provide specific financial benefits or impose specific financial burdens on the primary government. Based upon the application of these criteria, no component units were identified, and the accompanying financial statements include only information relative to the primary government.

B. Basis of Accounting and Measurement Focus

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash (unless legally restricted to some future period) or when earned and expected to be collected soon enough after year-end to pay the liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 60 days after year-end. The primary revenue sources that have been treated as susceptible to accrual by the City are property tax, sales tax, franchise fees, intergovernmental revenues, other taxes, and interest revenue. Fines, forfeitures, licenses, and permits are not susceptible to accrual because they are usually not measurable until received in cash.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting and Measurement Focus (Continued)

Unearned revenues arise when potential revenues do not meet both the “measurable” and “available” criteria for recognition in the current period. Unearned revenues also arise when the government receives resources before it has a legal claim to them, as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods when both revenue recognition criteria are met, or when the government has a legal claim to the resources, revenue is recognized.

The accounting system of the City is organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund balance, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Reconciliation of the fund financial statements to the government-wide financial statements is provided to explain the differences created by the integrated approach of GASB Statement No. 34, *Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments*.

Government-Wide Financial Statements

The City’s government-wide financial statements include a statement of net position and a statement of activities. These statements present summaries of governmental activities for the City.

These statements are presented on an “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all of the City’s assets and liabilities, including capital assets and long-term liabilities, along with deferred inflows of resources, deferred outflows of resources, and net position are included in the accompanying statement of net position. The statement of activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues for the City:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting and Measurement Focus (Continued)

Governmental Fund Financial Statements

Governmental fund financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balance for all governmental funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances as presented in these statements to the net position presented in the government-wide financial statements. The City has presented all funds in the accompanying financial statements.

All governmental funds are accounted for on a spending or current financial resources measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

The City reports the following governmental funds:

General Fund

The General Fund is the City's primary operating fund. It accounts for all economic resources of the general government, except those required to be accounted for in another fund.

Red Light Camera Fund

The Red Light Camera Fund, a special revenue fund, is used to report the revenue generated by the use of cameras or traffic detectors and any expenditures associated therewith as defined by City Council. Until November 2022 net revenues were committed per City resolution to be used for City revitalization and beautification when a resolution was passed to commit those funds for declared emergencies.

Capital Projects Fund

The Capital Projects Fund is used to account for the economic resources that are restricted for the acquisition or construction of major capital facilities and improvement projects.

ARPA Fund

The ARPA Fund, a special revenue fund, is used to account for specific revenue sources that are restricted or committed to expenditures related to recovering from declared pandemics.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Compensated Absences (Continued)

It is the City's policy is to permit employees to accumulate a limited amount of earned but unused vacation and sick leave, which will be paid to employees at some future date. Employees separating or retiring from service with the City are paid a portion of accumulated vacation and sick time, depending on years of service attained.

In the government-wide financial statements, compensated absences are recorded as incurred and the related expenses and liabilities are reported.

In the fund financial statements, these costs are recognized when payments are made to employees or when the costs mature as a result of employee resignation or retirement.

C. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are expensed during the periods benefited.

D. Inventory of Supplies

Inventory consists of expendable supplies and is valued at average cost. The cost of inventory is recorded as an expenditure when consumed rather than when purchased.

E. Interfund Transactions

Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be market or near market rates, are treated as revenues and expenditures. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers and are netted as part of the reconciliation to the government-wide presentation.

F. Government Fund Balances

In accordance with GASB Statement No. 54, Fund Balance Reporting, and Governmental Fund Type Definitions, the City classified fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Government Fund Balances (Continued)

Nonspendable fund balance represents amounts that cannot be spent because they are either not in spendable form (such as inventories and prepaid items) or amounts that are legally or contractually required to remain intact.

Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed fund balance includes amounts that can be used only for the specific purposes determined by formal vote of the City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action that created the Committed resource. This classification also includes contractual obligations (encumbrances) to the extent that existing resources have been specifically committed to satisfy those contractual requirements.

Assigned fund balance includes amounts that are intended to be used by the government for specific purposes but do not meet the criteria to be classified as Restricted or Committed because they are supported by management's intent rather than a formal action of the City Council.

Unassigned fund balance can only be found in the General Fund; it represents the residual amount of fund balance not contained in the other classifications.

The City reserves the right to selectively spend Unassigned resources first and to defer the use of the other classified funds. If the appropriate opportunities arise, the City would typically use restricted fund balances, followed by committed, then assigned, and finally unassigned.

The City does not have a formally adopted stabilization arrangement or minimum fund balance policy.

G. Government Wide Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net position is presented in three components: net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings attributable to the acquisition, construction, or improvement of those assets. This component does not include the portion of debt attributable to the unspent proceeds.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Government Wide Net Position (Continued)

Restricted – This component consists of net position that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provision or enabling legislation.

Unrestricted – This component consists of net position that does not meet the definition of “net investment in capital assets” or “restricted”.

When both restricted and unrestricted resources are available for use, the City’s policy is to use restricted resources first, then unrestricted resources as needed.

H. Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

I. Capital Assets

Capital assets, which includes land, buildings, improvements, furniture, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are recorded at historical cost or estimated historical cost, if actual cost is not available. Donated assets are recorded at acquisition value at the time received. City policy has set the capitalization threshold for reporting capital assets at \$1,000.

Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

Building and Structures	40 Years
Equipment	5 to10 Years

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Capital Assets (Continued)

The City defines infrastructure as the basic physical assets that allow the City to function. It includes the street system, park and recreation lands and improvements system; storm water conveyance and drainage system, buildings combined with site amenities such as parking and landscaping areas used by the City in the conduct of its business.

J. Adoption of New Accounting Standards

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The City adopted the requirements of the guidance effective October 1, 2021, and has elected to apply the provisions of this standard to the beginning of the period of adoption. Implementation of this standard did not have an impact on the City's financial statements.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 2 CASH AND INVESTMENTS

The City maintains pooled cash accounts that contain the cash of all funds. The City's policy requires that all cash deposits and any certificates of deposit are first covered by federal depository insurance and, for the amount in excess of such federal depository insurance, by the State of Florida's Security for Public Deposits Act as defined by Florida Statutes Section 280.02. Provisions of the Act require that public deposits may only be made at qualified public depositories. The Act requires each qualified public depository to deposit with the State Treasurer eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. In the event of a failure by a qualified public depository, losses in excess of federal depository insurance and proceeds from the sale of the securities pledged by the defaulting depository are assessed against the other qualified public depositories of the same type as the depository in default.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and certain short-term investments in depositories.

Cash and Cash Equivalents

Consists of the following:

Cash in Bank - Checking	\$ 1,437,264
Cash in Bank - Money Market Account	<u>4,152,673</u>
Total Cash and Cash Equivalents	<u><u>\$ 5,589,937</u></u>

Investments

The City has \$513,353 invested in the Stable NAV Fund of the Florida Surplus Asset Fund Trust (FL SAFE).

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

FL SAFE is a common law trust organized in 2007 under the laws of the state of Florida. The trust is administered by Prudent Man Advisors, Inc. and an elected five-member Board of Trustees. At September 30, 2022, the City was invested in the Stable NAV Fund. At September 30, 2022, the average maturity is not to exceed 120 days. The fund seeks, but does not guarantee, to maintain a constant NAV at \$1.00 per share. The value of the City's position in FL SAFE external investment pool is the same as the value of the pool's shares. The investment strategy of FL SAFE Stable NAV Fund is to provide safety and preservation of principal, liquidity, transparency, and competitive yields.

Investments may be subject to the following types of risk:

Credit Risk

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Investment decisions are generally determined by the City Manager and is performed in accordance with investment policies adopted by the City Council complying with applicable Florida Statutes and the City Charter. The Florida SAFE Stable NAV Fund was rated AAAM by Standard & Poor's at September 30, 2022.

Interest Rate Risk

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The Florida SAFE Stable NAV Fund had a weighted average maturity of 40 days as of September 30, 2022. The City did not have any investments that exceeded the required time to maturity.

Concentration of Credit Risk

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. No investments in any one issuer exceeded 5% of total investments as of September 30, 2022.

Custodial Credit Risk

For investments, Custodial Credit Risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities in the possession of an outside party.

The City believes that the investment policies have been applied in such a way as to minimize the risks described above.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Investment Policy

The City follows the guidelines of Florida Statute 218.415, which allows certain types of investments including intergovernmental investment pools, securities and exchange commission registered money market funds, interest-bearing time deposits or savings accounts in qualified public depositories, and direct obligations of the U.S. Treasury.

NOTE 3 RECEIVABLES

Accounts receivable as of September 30, 2022, consist of receivables in the General Fund and Capital Projects Fund in the amounts of \$132,366 and \$203,973, respectively. These accounts receivable are stated at net realizable value. The City considers the receivables fully collectible and has not provided an allowance for uncollectable accounts.

NOTE 4 ADVANCE REVENUE COLLECTIONS AND UNEARNED REVENUE

Funds collected in advance for business tax receipts that are effective during the subsequent year are recorded as revenue in the year for which the related licenses are valid. At September 30, 2022, there was \$36,084 in advance revenue collections relating to licenses that became effective on October 1, 2022. This amount is included in unearned revenue in the accompanying financial statements. The remaining amount of \$2,414,513 as unearned revenue pertains to the advanced grant payments received from the Coronavirus State and Local Fiscal Recovery Funds.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 5 PROPERTY TAXES

Under Florida law, the assessment of all properties and the collection of all county, municipal, and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector.

The tax levy of the City is established by the City Council prior to October 1 of each year and the Pinellas County Property Appraiser incorporates the City's millage into the total tax levy, which includes the tax requirements of the county, municipalities, independent districts, and the Pinellas County School Board. The millage rate assessed by the City was 5.4374 during the fiscal year ending September 30, 2022.

All property is reassessed according to its fair market value January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of applicable Florida Statutes.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest at 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest at 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by Pinellas County.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 6 OTHER POSTEMPLOYMENT BENEFITS

Plan Description. The City provides a single-employer, defined benefits postemployment health care plan, (the Plan), whereby retired employees are able to purchase health care benefits through the City’s health care provider. The Plan is administered by the health care provider. The Plan is currently unfunded. There is no separate trust through which benefits for retirees are funded. No assets are currently accumulated or earmarked for the Plan. All approved benefits are paid from general assets when due. The City does not issue stand-alone financial statements for the Plan.

To be eligible to participate in the plan employees must have participated in the City’s group health and/or dental plan while employed.

Contributions. The retired employees (including their eligible dependents) that are eligible to participate in the Plan may enroll in the plan offered by the City through the Public Risk Management of Florida. Retiree Plan participants are required to pay 100% of their respective health care insurance premiums. The City does not contribute toward this payment. The City’s overall cost of providing health care benefits is increased as a result of an implicit insurance rate subsidy resulting from retired employees being permitted to pay lower than age – adjusted premiums through the use of blended premium for both retirees and active employees.

Funding Policy. While the City does not contribute directly towards the cost of retiree premiums via an explicit subsidy, the ability of the retirees to obtain health insurance coverage at a group rate which includes active employees, constitutes a significant economic benefit to retirees, or an implicit subsidy. This implicit subsidy is considered to be another postemployment benefit (OPEB) obligation of the City. The annual required contribution to fund the incremental cost of the healthcare plan is based on a pay-as you-go funding approach.

Information Used to Determine the Net OPEB Liability

Employer’s Reporting Date	September 30, 2022
Measurement Date	September 30, 2022
Actuarial Valuation Date	October 1, 2021

TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 6 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Information Used to Determine the Net OPEB Liability (Continued)

Actuarial Assumptions

Discount Rate. 4.77% per annum; this rate was used to discount all future benefit payments and is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.

Salary Increases. 3.00% per annum.

Cost of Living Increases. Retiree contributions, health insurance premiums and the implied subsidy have been assumed to increase in accordance with the healthcare cost trend rates.

Healthcare Cost Trend Rates. Increases in healthcare costs are assumed to be 8.00% for the 2021-2022 fiscal year and graded down by 0.50% per year to 5.00% for the 2027-2028 and later fiscal years.

Age Related Morbidity. Healthcare costs are assumed to increase at the rate of 3.50% for each year of age.

Implied Subsidy. Because the insurance carrier charges the same monthly rate for health insurance regardless of age, an implied monthly subsidy of \$750 for the retiree and \$850 for the retiree's spouse has been assumed at age 62 for the 2021-2022 fiscal year; at other ages, the implied subsidy was developed based on the age-related morbidity assumption and, for other fiscal years, the implied subsidy was increased in accordance with the healthcare cost trend rates; the implied subsidy is assumed to disappear at age 65.

Mortality Basis. Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general employees, with full generational improvements in mortality using Scale MP-2020.

Retirement. Retirement is assumed to occur at age 62 with 10 years of service or at age 65 otherwise.

Other Decrements. Assumed employment termination is based on the Scale 155 table; assumed disability is based on the Wyatt 1985 Disability Study (Class 1).

Coverage Election. 25% of eligible employees are assumed to elect medical coverage under the HMO plan until age 65 upon retirement or disability; spousal coverage is assumed in accordance with the individual's current election; retirees are assumed not to have any dependent children.

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 6 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Information Used to Determine the Net OPEB Liability (Continued)

COBRA. Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation; because the COBRA premium is determined periodically based on plan experience, the COBRA premium to be paid by the participant is assumed to fully cover the cost of providing healthcare coverage during the relevant period.

Changes. Since the prior measurement date, the discount rate was increased from 2.43% per annum to 4.77% per annum and the implied monthly subsidy for the 2021-2022 fiscal year at age 62 was increased from \$1,101 for the retiree and \$1,229 for the retiree's spouse to \$750 for the retiree and \$850 for the retiree's spouse.

Employees Covered by Benefit Terms

As of the October 1, 2021, census, the following employees were covered by benefit terms:

Active Plan Members	11
Retirees and Beneficiaries	-

NOTE 8 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and distribution of assets, errors and omissions, injuries to employees, and natural disasters. In an effort to reduce the rising costs of commercial insurance, the City purchases its insurance coverage from Public Risk Management of Florida (PRMF).

The PRMF is a public entity risk pool currently operating as a common risk management and insurance program for local municipalities. The City pays an annual premium to the PRMF for property, liability, workers' compensation and all other risks of loss including building and contents, employee and police bonds, mobile property, flood and employee accident insurance. The PRMF, through its various Trusts, establishes premium rates based on members' experience and provides insurance coverage for 32 Florida municipalities. Each Trust carries its own reinsurance coverage which operates through an internal process of recovery for large claims on behalf of each individual Trust. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The City continues to carry commercial insurance for employee health and accident insurance. Effective November 1, 1999, the City established a Cafeteria Plan, within the meaning of Section 125 of the Internal Revenue Code of 1954, to provide employees of the City with a choice of receiving certain tax-free welfare benefits.

In the opinion of the City's management and legal counsel, legal claims and litigation are not anticipated to have a material impact on the financial position of the City.

NOTE 9 COMMITMENTS

Fire Protection Services

In February 2020, the City entered into a contract with the City of Pinellas Park, Florida to receive fire protection services commencing February 15, 2020, and continuing for a period of 10 years. Pinellas Park was compensated \$289,184 the first year with the rate rising 3% each year to \$325,479 in the fifth year. Subsequent years will be negotiated.

No construction related commitments as of September 30, 2022.

NOTE 10 COMPENSATED ABSENCES

Accrued compensated absences are as follows:

	2022
Balance at September 30, 2021	\$ 109,180
Net Change	5,203
Balance at September 30, 2022	\$ 114,383

Long-term liabilities of the governmental activities, which include compensated absences, are liquidated by the General Fund.

NOTE 11 EMPLOYEE RETIREMENT SYSTEMS

Defined Contribution Plan – Nonunion

The City provides pension benefits for all full-time, nonunion employees through a defined contribution noncontributory single employer plan administered by Transamerica Insurance Company. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate if they have attained age 20.5 and six months of service as of the beginning of the plan year, April 25.

The City contributes an amount equal to 12% of the employee's base salary each month. The City's contributions for each employee (and interest allocated to the employee's account) begin vesting with 20% at three years increase 20% for each year thereafter and are fully vested after seven years of continuous service.

City contributions for, and interests forfeited by, employees who leave employment before three years of service are used to reduce the City's current-period contribution requirement.

For the year ended September 30, 2022, contributions required and paid were \$16,497.

Defined Contribution Plan – Other

The City also provides pension benefits for its full-time salaried, management employees through a money purchase plan administered by ICMA Retirement Corporation. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate if they are employed as of the beginning of the plan year, March 1.

The City contributes an amount equal to 12% to 18% of the employee's base salary each month. The City's contributions for each employee (and interest allocated to the employee's account) begin vesting immediately.

For the year ended September 30, 2022, contributions required and paid were \$6,394.

Florida Retirement System

Defined Benefit Plans

The City participates in two defined benefit pension plans that are administered by the State of Florida, Department of Management Services, Division of Retirement. The plans provide retirement, disability, or death benefits to retirees or their designated beneficiaries. Chapter 121, Florida Statutes, establishes the authority for benefit provisions. Changes to the law can only occur through an act of the Florida Legislature. The state of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the plans. That report is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 11 EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Florida Retirement System (Continued)

Defined Benefit Plans (Continued)

The Florida Retirement System (FRS) Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state college, or district school board, unless restricted from FRS membership under Sections 121.053 or 121.122, Florida Statutes, or allowed to participate in a defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. To be eligible to receive a HIS benefit, a retiree under a state administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

Benefits Provided

Benefits under the FRS Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 11 EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Florida Retirement System (Continued)

Contributions

The contribution requirements of plan members and the employer are established and may be amended by the Florida Legislature. Employees are required to contribute 3.00% of their salary to the FRS. The employer's contribution rates attributable to the City, effective July 1, 2021, were as follows:

	<u>FRS</u>	<u>HIS</u>
Regular Class	9.10%	1.66%
Special Risk Class	24.17%	1.66%
Senior Management Service Class	27.29%	1.66%
Elected Officials	49.70%	1.66%
DROP from FRS	18.34%	1.66%

The employer's contributions for the year ended September 30, 2022, were \$191,430 to the FRS and \$13,532 to the HIS.

Pension Liabilities and Pension Expense

In its financial statements for the year ended September 30, 2022, the City reported a liability for its proportionate share of the net pension liability of the FRS Pension Plan and its proportionate share of the net pension liability of the HIS Program. The net pension liabilities were measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of July 1, 2022, for each plan. The City's proportions of the net pension liabilities were based on its share of contributions to the pension plans relative to the contributions of all participating entities, actuarially determined.

	<u>FRS</u>	<u>HIS</u>
Net Pension Liability	\$ 1,558,317	\$ 223,938
Proportion at:		
Current Measurement Date	0.004188120%	0.002114298%
Prior Measurement Date	0.004170892%	0.002051581%
Pension Expense (Benefit)	\$ 215,946	\$ 15,617

NOTE 11 EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Florida Retirement System (Continued)

Deferred Outflows/Inflows of Resources Related to Pensions

At September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS		HIS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 74,011	\$ -	\$ 6,797	\$ 985
Changes in Assumptions	191,913	-	12,836	34,643
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	102,895	-	324	-
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	31,957	72,813	26,957	3,098
Employer Contributions Subsequent to Measurement Date	56,174	-	3,836	-
Total	\$ 456,950	\$ 72,813	\$ 50,750	\$ 38,726

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date and prior to the employer's fiscal year end will be recognized as a reduction of the net pension liability in the reporting period ending September 30, 2022. Other pension-related amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

<u>Year Ending September 30,</u>	FRS	HIS
2023	\$ 85,026	\$ 2,926
2024	22,813	4,247
2025	(44,022)	3,086
2026	249,702	2,091
2027	14,444	(2,441)
Thereafter	-	(1,721)

**TOWN OF KENNETH CITY, FLORIDA

NOTE 11 EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Florida Retirement System (Continued)

Actuarial Assumptions

The total pension liability for each of the defined benefit plans, measured as of June 30, 2022. The total pension liability for both the FRS Pension Plan and the HIS Program was determined by actuarial valuations dated July 1, 2022. The individual entry age actuarial cost method was used for each plan, along with the following significant actuarial assumptions:

	<u>FRS</u>	<u>HIS</u>
Inflation	2.40%	2.40%
Salary Increases	3.25%	3.25%
Investment Rate of Return	6.70%	N/A
Municipal Bond Rate	N/A	3.54%

Mortality assumptions for both plans were based on PUB-2010 base tables projected generationally with Scale MP-2018.

For both plans, the actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected investment rate of return was not based on historical returns, but instead was based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

The target allocation, as outlined in the FRS Plan's investment policy, and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	2.6%	2.6%	1.1%
Fixed Income	19.8%	4.4%	4.4%	3.2%
Global Equity	54.0%	8.8%	7.3%	17.8%
Real Estate	10.3%	7.4%	6.3%	15.7%
Private Equity	11.1%	12.0%	8.9%	26.3%
Strategic Investments	3.8%	6.2%	5.9%	7.8%
Total	<u>100.0%</u>			
Assumed Inflation - Mean			2.4%	1.3%

**TOWN OF KENNETH CITY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 11 EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Florida Retirement System (Continued)

Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.70%, which was a 0.10% decrease from the 6.80% rate as of June 30, 2021. The FRS fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program is essentially funded on a pay-as-you-go basis and the depletion date is considered to be immediate, a municipal bond rate of 3.54%, which was a 1.38% increase from the 2.16% rate as of June 30, 2021, was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

Sensitivity Analysis

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the employer's proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate.

	FRS			HIS		
	Current			Current		
	One Percent Decrease	Discount Rate	One Percent Increase	One Percent Decrease	Discount Rate	One Percent Increase
	5.70%	6.70%	7.70%	2.54%	3.54%	4.54%
City's Proportional Share of the Net Pension Liability	\$ 2,695,002	\$ 1,558,317	\$ 607,913	\$ 256,203	\$ 223,938	\$ 197,239

Pension Plans' Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the State's separately issued financial reports.

Summary

The aggregate amount of net pension liability, deferred inflows of resources, deferred outflows of resources, and pension expense for the City's defined benefit pension plans are summarized below. These liabilities are typically liquidated by the individual funds in which the employee's costs are associated.

	FRS Plan	HIS Plan	Total
Net Pension Liability	\$ 1,558,317	\$ 223,938	\$ 1,782,255
Deferred Outflows of Resources	456,950	50,750	507,700
Deferred Inflows of Resources	72,813	38,726	111,539
Pension Expense	215,946	15,617	231,563

Cumulative effect of restatement	16,517	260,016
Fund Balance, September 30, 2021 as Restated	\$ 858,287	\$ 2,019,613

NOTE 13 SUBSEQUENT EVENTS

On December 11, 2023, the Joint Legislative Auditing Committee made the decision to withhold certain funds from the City due to uncommunicated timeline and late submission of the fiscal year 2022 audit. As of the date of evaluation, the state of Florida has withheld \$158,274 from the City. These funds are nonrecoverable.

On May 22, 2024, a lawsuit was filed against the City and certain Council Members by a former employee. As of the date of evaluation, the City, in consultation with its attorney, cannot reasonably estimate the probable or potential financial impact or duration of this litigation.

NOTES TO BUDGETARY COMPARISON SCHEDULES
YEAR ENDED SEPTEMBER 30, 2022**

Budgetary Information: Stewardship, Compliance and Accountability

Fiscal Year

The fiscal year of the City shall begin on the first day of October and end on the last day of September.

Submission of Budget and Budget Message

On or before the first day of August each year, the City Manager shall submit to the City Council a budget for the ensuing fiscal year and an accompanying message.

Budget Message

The City Manager's message shall explain the budget both in fiscal terms and in terms of the work programs. It shall outline the proposed financial policies of the City for the ensuing fiscal year, describe the important features of the budget, indicate any major changes from the current year in financial policies, expenditures, and revenues together with the reasons for such changes, summarize the City's debt position and include such other material as the City Manager deems desirable.

Budget

The budget shall provide a complete financial plan of all City funds and activities for the ensuing fiscal year and except as required by law or Charter, shall be in such form as the City Manager deems desirable or the City Council may require. In organizing the budget, the City Manager shall utilize the most feasible combination of expenditure classification by fund, organization unit, program, purpose or activity, and object. It shall begin with a clear general summary of its contents; shall show in detail all estimated income, indicating the proposed property tax levy, and all proposed expenditures, including debt service, for the ensuing fiscal year; and shall be so arranged as to show comparative figures for actual and estimated income and expenditures of the current fiscal year and actual income and expenditures of the preceding fiscal year. It shall indicate in separate section:

1. Proposed expenditures for current operations during the ensuing fiscal year, detailed by offices, departments, and agencies in terms of their respective work programs, and the method of financing such expenditures;
2. Proposed capital expenditures during the ensuing fiscal year, detailed by offices, departments, and agencies, when practicable, and proposed method of financing each such capital expenditure;
3. Anticipated net surplus or deficit for the ensuing fiscal year of each utility owned or operated by the City and the proposed methods of its disposition; subsidiary budgets for each such utility giving detailed income and expenditure information shall be attached as appendices to the budget.

The total of proposed expenditures shall not exceed the total of estimated income.

Budget Adoption

The City Council shall, by ordinance or resolution, each year adopt the budget on or before the thirtieth day of September. The ordinance or resolution adopting the annual budget shall constitute estimated revenues from various sources and appropriations specified therein for expenditures from the funds indicated. If, during the fiscal year, revenues in excess of those estimated in the budget are available for appropriation, the City Council by ordinance or resolution may make supplemental appropriations for the year up to the amount of excess.

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and City Council
Town of Kenneth City, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Town of Kenneth City, Florida (City) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated July 8, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the deficiencies described in the accompanying schedule of findings and responses as items 2022-001 and 2022-002 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and responses items 2022-003 and 2022-004 to be significant deficiencies.

Honorable Mayor and City Council
Town of Kenneth City, Florida

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Kenneth City’s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City’s response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City’s responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CliftonLarsonAllen LLP

MANAGEMENT LETTER

Honorable Mayor and City Council
Town of Kenneth City, Florida

Report of the Financial Statements

We have audited the financial statements of the Town of Kenneth City, Florida (City) as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated July 8, 2024.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report(s) on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated July 8, 2024, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information has been included in the notes to the basic financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described by Section 218.503(1), Florida Statutes.

Pursuant to Section 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

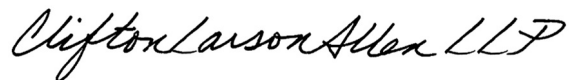

Special District Component Units Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General requires that we address noncompliance with provisions of contract or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material which warrants the attention of those charged with governance. See items 2022-003 and 2022-004 in the accompanying schedule of findings and responses.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal, and other granting agencies, the Mayor, the Council Members, and management, and is not intended to be and should not be used by anyone other than these specified parties.

CliftonLarsonAllen LLP

Tampa, Florida
July 8, 2024

**TOWN OF KENNETH CITY, FLORIDA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED SEPTEMBER 30, 2022**

2022 – 001 – Deficiencies in Internal Controls

Type of Findings: Material Weakness in Internal Control over Financial Reporting

Condition: The City had several deficiencies in internal control as noted below:

- Invoices did not consistently have evidence of review
- Journal entries did not have evidence of review
- Credit card transactions did not consistently have adequate receipts
- Bank reconciliations did not have evidence of review
- Various account reconciliations were not performed on a timely basis
- Lack of segregation of duties throughout the finance department

Criteria or specific requirement: The Internal Control-Integrated Framework (COSO Report) requires adequate internal controls over financial reporting to ensure that transactions are properly recorded. Internal controls should be in place to provide reasonable assurance that financial statements are prepared in accordance with U.S. GAAP in a timely manner.

Context: The above internal control deficiencies noted impacted nearly all financial transactions during the fiscal year.

Effect: An inefficient and ineffective control environment could result in inaccurate account balances that require a restatement and a lack of timely financial information.

Cause: The City experienced turnover in recent years. During this time of turnover, internal controls were not being followed. In addition, it does not appear that internal controls were documented to allow incoming employees to follow the established procedures and policies.

Repeat Finding: No.

Recommendation: The City should evaluate their financial reporting processes and controls to determine whether additional controls over the preparation of annual financial statements can be implemented to provide reasonable assurance that financial statements are prepared in accordance with GAAP in a timely manner. We recommend the City review their current procedures to ensure adequate review of transactions and timeline for reconciliations and year-end close procedures and evaluate the number of staff assigned to various accounting functions to ensure that staffing is appropriate.

Views of responsible officials and planned corrective actions: Management concurs with the finding. The current administration was not here during the period in which these occurred, however we are working to implement the auditor's recommendation.

**TOWN OF KENNETH CITY, FLORIDA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED SEPTEMBER 30, 2022**

2022-002 – Financial Statement Adjustments

Type of Findings: Material Weakness in Internal Control over Financial Reporting

Condition: Several audit adjustments were necessary for the financial statements to be reported in accordance with generally accepted accounting standards (GAAP). Without these adjustments being recorded, the financial statements would have been materially misstated. The following summarizes the misstatements noted during the audit:

Prior period adjustments:

- Revenue/receivables related to:
 - Half-cent tax
 - Local option gas tax
 - Infrastructure tax
 - Grant revenue

Other material misstatements:

- Capital assets
- Unrecorded accounts payable
- Unrecorded ad valorem revenue

Other items:

- Consolidation of Red-light Camera fund
- Creation of American Rescue Plan Act fund

Criteria or Specific Requirement: Management is responsible for establishing and maintaining internal controls that are sufficient to ensure all financial transactions are recorded in accordance with GAAP.

Effect: The City's financial statements were materially misstated.

Cause: The City experienced turnover in recent years. During this time of turnover, internal controls were not being followed. In addition, it does not appear that internal controls were documented to allow incoming employees to follow the established procedures and policies.

Repeat Finding: No

**TOWN OF KENNETH CITY, FLORIDA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED SEPTEMBER 30, 2022**

2022-002 – Financial Statement Adjustments (continued)

Recommendation: The City should conduct a thorough review of its accounting policies and procedures to identify any weaknesses or gaps that may have contributed to the misstatements and restatements. This review should include an assessment of the City's internal controls over financial reporting.

The City should develop and implement a remediation plan to address the identified weaknesses and gaps in its accounting policies and procedures. The remediation plan should include specific actions to strengthen the City's internal controls over financial reporting.

The City should establish a process for ongoing monitoring and testing of its accounting policies and procedures to ensure that they are being followed correctly and that any issues are identified and addressed in a timely manner.

In addition to the previous recommendations, we recommend that the City develop a year-end and month-end checklist to ensure that all accounts are reconciled accurately and timely. This checklist should include the following:

- A list of all accounts that require reconciliation, including bank accounts, accounts receivable, accounts payable, and any other accounts that are material to the financial statements.
- A schedule of when each account should be reconciled, including the frequency of reconciliation (e.g., monthly, quarterly, annually).
- A list of the steps required to complete each reconciliation, including the documentation that should be prepared and reviewed.
- A requirement for sign-off by a supervisor or manager to ensure that each reconciliation has been completed accurately and completely.

By implementing this checklist, the City can ensure that all accounts are reconciled in a timely and accurate manner, reducing the risk of material misstatements and restatements in the financial statements.

Views of responsible officials and planned corrective actions: Management concurs with the finding. The current administration was not here during the period in which these occurred, however we are working to implement the auditor's recommendation.

**TOWN OF KENNETH CITY, FLORIDA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED SEPTEMBER 30, 2022**

2022-003 – Delay in Payment Processing

Type of Findings: Significant Deficiency in Internal Control over Financial Reporting

Condition: City did not comply with Florida Prompt Payment Act resulting in delays of payments to vendors up to 93 days (about 3 months) later.

Criteria or Specific Requirement: Management is responsible for compliance with Florida Statute 218.70-218.80, Prompt Payment Act regarding payment to non-construction vendors within 45 days of services.

Effect: The City was not in compliance with Florida Statute 218.70-218.80, Prompt Payment Act.

Cause: Lack of internal controls to ensure all payments are issued timely.

Repeat Finding: No

Recommendation: Management should review and pay invoices promptly to comply with Florida Statute 218.70-218.80, Prompt Payment Act.

Views of responsible officials and planned corrective actions: Management concurs with the finding. The current administration was not here during the period in which these occurred, however we are working to implement the auditor's recommendation.

**TOWN OF KENNETH CITY, FLORIDA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED SEPTEMBER 30, 2022**

2022-004 – Budgets

Type of Findings: Significant Deficiency in Internal Control over Financial Reporting

Condition: The City reported total expenditures of the General Fund that exceeded the final budget.

Criteria or Specific Requirement: Section 166.241, Florida Statutes, sets forth the requirements of the City's budget.

Context: Testing of compliance with budgetary requirements identified the deficiency.

Effect: The City is not in compliance with the budgetary requirements of Florida Statutes.

Cause: The budget was not amended for certain expenditures funded by intergovernmental grant revenues, which were not part of the original budget. The reported total expenditures of the General Fund exceeded the final budget.

Recommendation: Budgets should be monitored and amended when needed, within the time period allowed by statute, to ensure that the City does not incur expenditures in excess of budgeted amounts.

Views of responsible officials and planned corrective actions: Management concurs with the finding. The current administration was not here during the period in which these occurred, however we are working to implement the auditor's recommendation.

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Mayor, City Council, and the Florida Auditor General
Town of Kenneth City, Florida

We have examined the Town of Kenneth City's (City) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds, during the fiscal year ended September 30, 2022. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds, during the year ended September 30, 2022.

This report is intended solely for the information and use of the City and the Auditor General, State of Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.
