INTRODUCTORY SECTION

May 21, 2025

To the Honorable Mayor, City Commissioners and Citizens of the City of North Lauderdale, Florida

The Finance Department is pleased to submit the Annual Comprehensive Financial Report (the “ACFR”) of the City of North Lauderdale, Florida (the “City”), for the fiscal year ended September 30, 2024. The report fulfills the state requirements that all general-purpose local governments publish a complete set of audited financial statements within nine months of the close of each fiscal year. The financial statements included in the report conform with generally accepted accounting principles (GAAP) and are audited by a firm of licensed public accountants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. In addition to meeting legal requirements, the report presents full financial disclosure. This philosophy is demonstrated by the informative financial analysis provided herein.

Management assumes full responsibility for the completeness and reliability of all of the information contained in this report, based upon a comprehensive internal control framework designed for this purpose. Because the cost of internal controls should not outweigh their benefits, the City’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds of the City of North Lauderdale.

Citrin Cooperman & Company, LLP, a firm of licensed public accountants, has audited the City’s financial statements and issued an unmodified opinion for the fiscal year ended September 30, 2024. The opinion is presented as the first component of the financial section of this report.

As a recipient of federal, state, and county financial assistance, the City is subject to annual single audits in conformity with the audit requirement of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and Chapter 10.550, Rules of the Auditor General of the State of Florida. Information related to the Single Audit, including the schedule of expenditures of federal awards, findings and questioned costs, and auditors’ reports on the internal control and compliance with applicable laws and regulations, are included in the compliance section.

Management’s Discussion and Analysis (“MD&A”) provides a narrative introduction, overview and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the independent auditor’s report.

North Lauderdale at a Glance

The City of North Lauderdale was incorporated on July 15, 1963 and is located in northwestern Broward County (the “County”), Florida, eight miles northwest of Fort Lauderdale. The City was developed as a full-service municipality serving a largely suburban residential community. In 2003 and 2004, the City annexed certain adjacent unincorporated properties into its municipal boundaries, bringing the City’s total land area to approximately 5.5 square miles. Today, the City’s population has reached close to 45,000.

With the exception of a few remaining undeveloped parcels, the City has essentially reached build-out. Future expansion of the City is unlikely due to the City’s geographic location within the County and the reality that there are no remaining unincorporated areas left to annex.

The City operates under a Commission-Manager form of government, comprised of five elected officials, four of which represent a single geographic district with the mayor elected at large. The City Commission (the “Commission”) determines policy, adopts legislation and approves the City’s annual budget. The Commission also appoints the City Manager, City Clerk, Deputy City Clerk and City Attorney. The City Manager serves as the Chief Executive Officer and is charged with the responsibility of carrying out the City’s day-to-day operations.

The City provides a full range of municipal services, including police and fire protection; construction and maintenance of streets and other infrastructure; building, licensing and code compliance; parks and recreation facilities and activities; and water, wastewater, canal maintenance and stormwater services.

The financial reporting entity includes all governmental and business-type activities funds of the primary government as well as its blended component unit, the North Lauderdale Water Control District (the “District”). The City is also financially accountable for a legally separate Housing Authority; however, there has been no financial activity for the past several years. Additional information on the reporting entity is located in Note 1A in the notes to the financial statements.

The City maintains budgetary controls designed to ensure compliance with state law and the City’s Code of Ordinances. Not later than 75 days before the end of each fiscal year, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing on October 1. The budget proposal is made available for inspection in the Office of the City Clerk for a period of at least ten days preceding the first budget hearing. Prior to October 1, the budget is legally adopted through passage of an ordinance.

The City prepares and adopts annual appropriated budgets for all of its governmental and proprietary fund types, except the Law Enforcement Special Revenue Fund and Grants Special Revenue Fund. Budgets are monitored at the line item level within each department; however, the legal level of budgetary control is at the department level. The City Manager has the authority to transfer amounts within department functions, however, only the City Commission can legally transfer amounts between departments and amend the original adopted budget.

Local Economy

Between 2009 and 2013, the City experienced an unprecedented reduction in property values which forced City staff to review operations and institute innovative and proactive cost cutting measures that helped the City weather the effects of the recession. The City’s healthy financial condition has been maintained through the prudent administration and balancing of revenues and expenditures.

The local economy in North Lauderdale continues to show positive signs of economic growth. Property values have slowly increased since 2013 but only reached pre-recession levels for Fiscal Year 2022. The City continues to provide a high level of service to residents of North Lauderdale. The City has had increased property values for the current fiscal year and homes continue to be in high demand.

North Lauderdale remains one of the few cities in Broward County that continues to have affordable housing available. For Fiscal Year 2024, the City set its operating millage rate at 7.4000 mills, the same

rate as the prior seven years with an assessed value provided by the Broward County Property Appraiser of over \$2 billion.

The City's unemployment rate (not seasonally adjusted) at September 30, 2024 was 3.1% as compared to the rates of the County of 3.4% and the State of Florida of 3.3%. The City's unemployment rate decreased slightly from the prior year rate of 3.2%. The economic base of the City consists primarily of residential homes, condominiums and apartments. The City's commercial and light industrial areas, while modest in proportion to its residential base, are vitally important to the community. As the City matured toward build-out in the late 1990's, the economic focus transitioned away from developing infrastructure to maintaining it along with preserving the City's quality of life, safety and aesthetic appearance.

Major Initiatives

The City continues to present a positive public image through continued expansion/enhancement of public information efforts including the Blackboard Connect communication system which provides notification by the City of specific areas of water line breaks, road closures, emergency evacuations, AMBER Alerts, etc. In addition, the system provides notifications of City events, special programs, etc., which greatly enhances residents' event attendance while encouraging community pride/enthusiasm. City events and information is also posted on the City's Cable Channel, YouTube, Facebook, Marquee signs, City website and various other resources. City Commission meetings are streamed for the benefit of the City's residents and the general public who can watch live and on-demand.

The City values its talented workforce/team and makes it a priority to attract and retain talented staff. A recent Salary Survey was completed and the comprehensive pay plan was adjusted to reflect the results of the Survey. In FY 2024, an outside consultant was hired to conduct anonymous employee satisfaction surveys. Employees responded to questions related to overall satisfaction, workplace environment/morale, supervisor/director responsiveness, communication and various other subjects. The survey showed overall extremely positive results with an almost 95% level of overall satisfaction.

The City continues to make every effort to maintain the City's image, promote activities throughout the City, promote development and redevelopment efforts and ensure that the implementation and management of City services and programs are carried out in an efficient manner. The City is also committed to continuing efforts to expand opportunities for home ownership, home repair, and the mitigation of health/safety issues in commercial or residential areas by providing grant programs to residents and businesses. The City continues to move forward with the public art program to enhance the City by placing various types of art throughout the City to boost a 'sense of place' and beautification.

Several years ago, the City approved a Vision Statement to emphasize City goals anticipated to be achieved by the year 2030. The City continues to work toward those goals by initiating projects focusing on resident and business needs, as well as addressing major infrastructure needs. City plans include several current and future major capital improvement and repair/maintenance projects to help upgrade and/or maintain infrastructure including new improvements at parks, roadway and drainage improvements, City building improvements, fire and police equipment, utility water treatment plant improvements and more.

FY 2024 was the beginning of many long-awaited projects in the City which included some of the projects below.

- C-14 Pumping Station – A new pump station will be installed to improve drainage from low-lying land and assist in reducing water from major storm events. The design for the project was awarded in FY 2024 and the project is expected to begin construction in FY 2025;
- Kimberly Boulevard Landscaping;
- City Hall and Champions Hall Roof Replacements;
- Residential Grant Programs – monies from American Rescue Plan Act (ARPA) revenue replacement program (indirect ARPA) were used for grant funding for City residents for storm protection usage for homes;

Major Initiatives (continued)

- Fire Department Equipment/Projects – included the approval/ordering of a new rescue ambulance, new storage room, and new engine and quint vehicles;
- Lift Stations Rehabilitation;
- Supervisory Control and Data Acquisition (SCADA) System – software system to remotely monitor the City’s sewage lift stations with project anticipated to be completed in FY 2025;
- Raw Water Well;
- Grass Eating Carp – used for the maintenance of the City’s canal system;
- Purchase of land on Tam O’Shanter Boulevard for a Community Center;
- Development of a plan for a park in Silver Lakes Village;
- Redevelopment study started; and
- Vacant property purchase to kickstart redevelopment.

Long-term financial planning and relevant financial policies

The City continues to review the economic impact of the recovering economy while evaluating continued revenue growth, as well as inflation impacted expenditures. The City produces a long-range financial plan to forecast expected trends in revenues and expenditures while analyzing past performance. This analysis assists the City in making sound decisions impacting both current and future financial positions. Major revenues have a multi-year forecast produced/used to determine the impact of long-term liabilities and revenue streams available to meet the City’s needs. The City’s Strategic Plan continues to be included in long-range planning.

The City has implemented a comprehensive internal control framework to safeguard assets while ensuring the reliable preparation of financial statements prepared in accordance with Generally Accepted Accounting Principles (GAAP). The costs of controls should not exceed the benefits of same and the framework is to provide reasonable assurance that financial statements are free from material misstatement. Management is required to use judgment and estimates to review costs/benefits while keeping in mind that the cost of a control should not exceed the benefit.

The City has implemented a comprehensive investment policy to set forth investment objectives and parameters for managing public funds. All City funds are prudently and safely invested in accordance with the City Charter and City’s Investment Policy to provide an adequate level of liquidity to meet cash flow needs and to provide the maximum interest yield possible.

The risk of hurricane loss is a continual concern for the City. As a smaller local government in South Florida, immediate access to resources in an emergency is critical, therefore, City Administration has assigned \$5,000,000 of General Fund monies (fund balance) for disaster assistance. Aging infrastructure may also need repair and replacement. In addition to ARPA funding, resources are included in the General Fund assignment of fund balance to help fund some of the costs of renovating the older infrastructure.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (“GFOA”) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of North Lauderdale for its annual comprehensive financial report for the fiscal year ended September 30, 2023. The City has received this prestigious award for over forty-two consecutive years. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized document. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program’s requirements and we are submitting it to the GFOA to determine its eligibility for another award.

Awards and Acknowledgements (continued)

In addition, the City received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the fiscal year beginning October 1, 2024. In order to qualify for the budget award, the budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the City's Finance Department. We express our appreciation to all members of the Department who assisted in the preparation of this report. Credit is also given to the Mayor and Commission for their continued support in planning and conducting the City's operations in a fiscally responsible and progressive manner.

Respectfully submitted,

A handwritten signature in blue ink, consisting of a series of loops and a long horizontal stroke extending to the right.

ORGANIZATIONAL CHART

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor, Members of
the City Commission and City Manager
City of North Lauderdale, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of North Lauderdale, Florida (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Fire/Rescue Fund, North Lauderdale Water Control District Fund and Transportation Surtax Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules related to pensions and other post-employment benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

"Citrin Cooperman" is the brand under which Citrin Cooperman & Company, LLP, a licensed independent CPA firm, and Citrin Cooperman Advisors LLC serve clients' business needs. The two firms operate as separate legal entities in an alternative practice structure. The entities of Citrin Cooperman & Company, LLP and Citrin Cooperman Advisors LLC are independent member firms of the Moore North America, Inc. (MNA) Association, which is itself a regional member of Moore Global Network Limited (MGNL). All the firms associated with MNA are independently owned and managed entities. Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedules and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 21, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Fort Lauderdale, Florida
May 21, 2025

The purpose of financial reporting is to provide financial statements readers with information that will help them make decisions about the entity. The following narrative overview and analysis of the City of North Lauderdale, Florida's (the "City") financial activities for the fiscal year ended September 30, 2024 has been prepared by City management for the readers' benefit. We encourage readers to consider the information presented herein in conjunction with the Letter of Transmittal, which can be found on pages i through v of this report.

Financial Highlights

- The assets plus deferred outflows of resources of the City exceeded its liabilities plus deferred inflows of resources at the close of the most recent fiscal year by \$ 187,237,891 (net position). Of this amount, \$ 127,253,697 is unrestricted and may be utilized to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$ 10,314,727 which includes an increase of \$ 7,133,396 for governmental activities and an increase of \$ 3,181,331 for business type activities.
- At the close of the most recent fiscal year, the City's governmental funds reported combined ending fund balances of \$ 94,953,326. Of this amount, \$ 37,116,598 is unassigned General Fund balance and is available for spending at the City's discretion.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. These financial statements are comprised of three components; 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the City's financial position is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement from some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, community development, public works and parks and recreation. The business-type activities of the City include water and sewer utilities and stormwater management operations.

The government-wide financial statements include not only the City itself (the primary government), but also the legally separate North Lauderdale Water Control District. Financial information for this component unit is blended with the financial information presented for the primary government itself, since the governing body of the District and that of the City's are the same - the City Commission. The Housing Authority of the City of North Lauderdale, Inc. (the "Authority"), a blended component unit, had no balances or activity during the most recent fiscal year.

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. These financial statements report the City's operations in greater detail than the government-wide financial statements. All of the City's funds can be divided into two categories: governmental funds and proprietary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirement.

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. The governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the major funds which include the General Fund, the Transportation Surtax Special Revenue Fund, the Fire/Rescue Special Revenue Fund, the North Lauderdale Water Control District Special Revenue Fund, and the Capital Projects Fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements presented immediately following the notes to the financial statements.

The City is required to prepare annual budgets for all Departments for the ensuing fiscal year. The City adopts annual budgets for all of its governmental and proprietary fund types, except the Law Enforcement Special Revenue Fund and Grants Special Revenue Fund.

A budgetary comparison statement has been provided for the General Fund, Fire/Rescue Special Revenue Fund, North Lauderdale Water Control District Special Revenue Fund, and Transportation Surtax Special Revenue Fund in the Fund Financial Statements section of this report. Additionally, a budgetary comparison schedule has been provided for the Street Maintenance Special Revenue Fund and the Capital Projects Fund in the Combining and Individual Fund Statements and Schedules section of this report. These are presented to demonstrate compliance with the budget. They compare the actual amount to the budgeted amount as well as the original adopted budget to the final budget.

Proprietary funds provide financial information on an accrual basis of accounting. The City maintains the following different types of proprietary funds:

- The *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses Enterprise Funds to account for its water and sewer utilities and stormwater management operations. The City's proprietary fund financial statements provide separate information for the water and sewer utilities operation because it is considered to be a major fund.
- *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its vehicle maintenance, information technology and insurance operations. Because these services benefit both the governmental and business-type functions, they have been included within governmental activities and business-type activities in the government-wide financial statements based on the applicable usage. The three internal services funds are aggregated and combined into a single column for presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the combining statements that are presented immediately following the notes to the financial statements.

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

In addition to the basic financial statements and accompanying notes, this report also contains *Other Information*. The information includes certain required supplementary information. In addition, the combining statements referred to above are presented immediately following the required supplementary information.

Government-wide Financial Analysis

Net Position: As noted earlier, over time, net position may serve as a useful indicator of a government's financial position. At the close of the most recent fiscal year the City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$ 187,237,891. The following table summarizes the City's net position at September 30, 2024 and 2023 and is followed by a comparative analysis between the two years.

City of North Lauderdale, Florida
Net Position

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Current and other assets	\$ 121,409,934	\$ 120,485,121	\$ 56,073,431	\$ 53,401,900	\$ 177,483,365	\$ 173,887,021
Capital assets	38,125,100	35,379,495	12,802,339	10,860,533	50,927,439	46,240,028

Total deferred outflows of resources	6,051,797	5,509,224	379,597	436,821	6,431,394	5,946,045
Long-term liabilities	17,676,082	17,493,655	779,402	869,557	18,455,484	18,363,212
Other liabilities	12,923,720	15,645,931	4,105,523	2,735,381	17,029,243	18,381,312
Total liabilities	30,599,802	33,139,586	4,884,925	3,604,938	35,484,727	36,744,524
Total deferred inflows of resources	11,654,287	12,034,908	465,293	370,498	12,119,580	12,405,406
Net Position:						
Net investment in capital assets	38,043,286	35,379,495	12,592,376	10,860,533	50,635,662	46,240,028
Restricted	9,268,532	8,441,059	-	-	9,268,532	8,441,059
Unrestricted	76,020,924	72,378,792	51,312,773	49,863,285	127,333,697	122,242,077
Total net position	\$ 123,332,742	\$ 116,199,346	\$ 63,905,149	\$ 60,723,818	\$ 187,237,891	\$ 176,923,164

The City's overall net position increased in fiscal year 2024. Changes in net position over time may serve as a useful indicator of a government's financial position. The City's total net position increased by \$ 10,314,727 or approximately 6% from \$ 177 million in 2023. The increase in net position for both the current year are a result of efficient operations in both the governmental and business-type activities, as well as the government as a whole. In addition, the City is able to report positive fund balances in all three categories of net position and fund balances for the City as a whole, as well as for its separate governmental and business-type activities.

Of the City's net position for total activities, approximately 27% as compared to 26% in FY 2023, reflects its investment in capital assets (e.g., land, buildings, equipment and infrastructure), net of accumulated depreciation and less any outstanding debt used to construct or acquire those assets. These capital assets are used to provide citizen services and are therefore not available for future spending. Although the City's investment in its capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the City's net position, \$ 9,268,532 or approximately 5% represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$ 127,333,697 or approximately 68% is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.

Changes in Net Position

The following table summarizes the City's changes in net position for the years ended September 30, 2024 and 2023 and is followed by a comparative analysis between the two years.

Governmental Activities - For the fiscal year ended September 30, 2024, revenues from governmental activities totaled \$ 64,477,986 which was an increase of \$ 6,547,789 or 11% from the prior year as detailed below for material changes in several of the categories.

Charges for services increased by \$ 2,758,333 or 14% from the prior year primarily due to increased fire rescue special assessment/other fees, administrative fees, and various other fees.

Property tax revenues increased by \$ 1,698,156 or 12% when compared to FY 2023. The increase is directly related to the increased assessed property values (over \$ 2 billion in total taxable assessed values) while maintaining the same millage rate.

Finally, interest income increased by \$ 2,014,880 or 49% from the prior year resulting from positive returns related to interest rate trends and favorable economic conditions.

Governmental activities expenses increased by \$ 5,925,247 or 12% from the prior year as detailed below for material changes in several of the categories.

General government expenses increased by \$ 1,916,396 or 24% from the prior year due to merit increases, contractual pay increases, and the addition of new positions. In addition, rising costs for premiums for health insurance and pension/401(k) retirement plan contributions added to these increases.

Public Safety expenses increased by \$ 1,601,860 or 7% primarily due to an increase in the City's contract with the Broward Sheriff's Office to provide police services. In addition, costs related to Fire/Rescue services for personnel and related benefits increased.

Public works expenses increased by \$ 2,136,346 or 23% due to increases in personnel costs, various repair and maintenance projects completed throughout the City, and solid waste costs.

The overall increase in net position is from mainly positive results of operations within the individual funds and various cost containment measures implemented throughout the City.

**Revenues by Source
Governmental Activities**

**Expenses and Program Revenues
Governmental Activities**

Business-type Activities - Business-type activities increased the City's net position by \$ 3,181,331, representing approximately 31% of the total increase in the City's net position. This increase is less than the prior year increase of \$ 3,354,766 by \$ 173,435.

Business-type activities revenues increased by \$ 1,745,732 or 11% from the prior year as detailed below for material changes in several of the categories.

Charges for services increased by \$ 665,564 or 5% due to an increase in Stormwater Fees which were increased in FY 2024 for the first time in four years as the result of a Stormwater Study that was conducted by an outside consultant. In addition, water and sewer usage increased charges for services in the Utilities Fund as user rates have remained the same.

Interest income increased by \$ 1,079,947 or 63% from the prior year due to favorable market conditions and interest rates which contributed to the overall increase.

Business-type activities expenses increased by \$ 1,919,167 or 15% from the prior year as detailed below for material changes in several of the categories.

Water and sewer expenses in the Utilities Fund increased by \$ 1,388,622 or 11% from the prior year due to increases in personnel salaries/benefits, contractual agreement with U.S. Water Services Corporation to run the plant, and various repair and maintenance costs for lift stations, sewer rehabilitation, and other projects.

Stormwater Fund expenses increased by \$ 530,545 or 92% from the prior year due to miscellaneous repair and maintenance work completed during the year and increases to administrative and architect/engineering costs.

City of North Lauderdale, Florida
Management's Discussion and Analysis
September 30, 2024

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds - The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the close of the most recent fiscal year, the City's governmental funds reported combined ending fund balances of \$ 94,953,326 an increase of \$ 6,165,280 or approximately 7% from prior year combined fund balances. Of this amount, \$ 37,096,847 constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form, 2) legally required to be maintained intact, 3) restricted for particular purposes, 4) committed for particular purposes, or 5) assigned for particular purposes. Non-spendable fund balances for leases and prepaid items totaled \$ 536,056. Restricted fund balance which is restricted for specific purposes, stipulated by external resources providers or imposed by law through constitutional provisions or enabling legislation for street maintenance, fire/rescue, water control district, law enforcement, and grants totaled \$ 9,268,532. Assigned fund balance totaled \$ 48,051,891 with assigned for capital projects (\$ 42,051,891), disaster assistance (\$ 5,000,000), and general government (\$ 1,000,000).

Below is the analysis of the fund balances for governmental funds for fiscal year 2024.

	General Fund	Transportation Surtax Fund	Fire/Rescue Fund	North Lauderdale Water Control District Fund	Capital Projects Fund	Other Nonmajor Funds	Total
Fund Balances, September 30, 2023	\$ 61,571,506	\$ 5,269	\$ 2,422,888	\$ 3,608,672	\$ 18,775,481	\$ 2,404,230	\$ 88,788,046
Revenues	52,443,952	379,690	8,229,163	1,246,604	833,159	1,345,418	64,477,986
Expenditures	(43,937,974)	(404,710)	(11,413,304)	(1,004,395)	(682,792)	(869,531)	(58,312,706)
Other financing sources (uses)	(5,423,787)	-	3,186,467	112,320	2,125,000	-	-
Nonspendable	536,056	-	-	-	-	-	536,056
Restricted	-	-	2,425,214	3,963,201	-	2,880,117	9,268,532
Assigned	27,001,043	-	-	-	21,050,848	-	48,051,891
Unassigned	37,116,598	(19,751)	-	-	-	-	37,096,847
Fund Balances, September 30, 2024	\$ <u>64,653,697</u>	\$ <u>(19,751)</u>	\$ <u>2,425,214</u>	\$ <u>3,963,201</u>	\$ <u>21,050,848</u>	\$ <u>2,880,117</u>	\$ <u>94,953,326</u>

General Fund: The General Fund is the City's main operating fund. At the end of the current fiscal year, the General Fund's unassigned fund balance was \$ 37,116,598 while the total fund balance reached \$ 64,653,697. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 75% of the total General Fund expenditures, including transfers and 57% of total fund balance. The increase in the fund balance of \$ 3,082,191 in the General Fund includes both the main City operating Fund 001 and the American Rescue Plan Act (ARPA) Sub-fund 005.

Revenues: The amount of General Fund revenue by type, their percentage of the total and the amount of change compared to the last two fiscal years are shown in the following schedule:

	Current Year 2024	1 Year Ago 2023	2 Year Ago 2022	Change Over Past 2 Years	Change Percentage
Property taxes	\$ 16,248,093	\$ 14,549,937	\$ 13,269,391	\$ 2,978,702	22.45%
Utility service taxes	4,496,906	4,427,499	3,928,068	568,838	14.48%
Franchise taxes	3,636,915	3,530,673	3,119,978	516,937	16.57%
Licenses and permits	1,792,877	2,085,771	2,045,385	(252,508)	-12.35%
Intergovernmental	9,483,682	8,178,673	15,037,691	(5,554,009)	-36.93%
Charges for services	5,577,614	4,068,625	4,909,200	668,414	13.62%
Special assessments	3,741,856	3,566,670	3,318,207	423,649	12.77%
Fines and forfeitures	905,951	509,349	436,401	469,550	107.60%
Interest income	5,031,219	3,426,696	(680,234)	5,711,453	-839.63%
Other revenues	1,528,839	1,695,421	1,682,103	(153,264)	-9.11%
Total	<u>\$ 52,443,952</u>	<u>\$ 46,039,314</u>	<u>\$ 47,066,190</u>	<u>\$ 5,377,762</u>	<u>11.43%</u>

General Fund operating revenue totaled \$ 52,443,952, reflecting an increase of \$ 5,377,762 or 11% over two years when compared to fiscal year ending September 30, 2022.

Following are the reasons contributing to significant major changes in revenues over the previous two years:

Property taxes increased significantly by \$ 2,978,702 over the past two years resulting from rising property values in the City, even though the millage rate has remained the same. Property values are expected to continue increasing, but may not match the large increases over the past two years.

Utility taxes increased \$ 568,838 when compared to the previous two years. The City levies a 10% utility service tax on electricity, natural gas, and water services. Florida Power and Light increased charges to customers that are expected to continue over the next several years. Franchise taxes also increased \$ 516,937 over the past two years primarily related to the increase in electricity charges.

Intergovernmental revenues decreased by \$ 5,554,009 over the past two years primarily due to decreased ARPA revenues, as well as decreases in state-revenue sharing allocations, such as sales tax.

Charges for services increased by \$ 668,414 due primarily from increased administrative fees collected from other funds. Cost allocation fee are charges to various enterprise funds for services provided by the General Fund Departments, such as Finance, Purchasing, City Clerk, Human Resources, etc. These fees are based on personnel and operating costs and increase annually.

Interest income increased by \$ 5,711,453 due to favorable interest rates and good economic outlook conditions. Interest rates over the past several years have been extremely volatile due to challenges posed by the COVID-19 pandemic, inflation, and fears of a recession. Returns have been positive in FY 2023 and FY 2024 and the City earned substantial returns.

Expenditures: The amount of General Fund expenditures by type, their percentage of the total and the amount of change compared to the last two fiscal years are shown in the following schedule:

	Current Year 2024	1 Year Ago 2023	2 Year Ago 2022	Change Over Past 2 Years	Change Percentage
General government	\$ 9,025,096	\$ 8,016,783	\$ 4,545,837	\$ 4,479,259	98.54%
Public safety	14,101,432	12,494,178	11,911,751	2,189,681	18.38%
Community development	4,189,464	3,642,818	2,940,642	1,248,822	42.47%
Public works	8,442,185	7,836,642	6,681,198	1,760,987	26.36%
Parks and recreation	5,310,383	5,165,761	4,886,108	424,275	8.68%
Capital outlay	2,869,414	-	-	2,869,414	100.00%
Total	<u>\$ 43,937,974</u>	<u>\$ 37,156,182</u>	<u>\$ 30,965,536</u>	<u>\$ 12,972,438</u>	<u>41.89%</u>

General Fund operating expenditures totaled \$ 43,937,974, reflecting an increase of \$ 12,972,438 over two years when compared to fiscal year ending September 30, 2022.

The general government expenditures category increased by \$ 4,479,259 mainly in area of costs for personnel, services, and materials/supplies. New positions were added in various departments including City Commission, City Manager, City Clerk, Finance, etc. The addition of new positions, increased health insurance costs and retirement plan contributions also drove up this number. The City also incurred additional expenditures for a contracted City Attorney and sick/vacation payouts. Operating costs for general government increased for numerous expenditures due to inflation and supply chain issues over the last several years which resulted in rising costs for just about everything.

The public safety expenditures category increased by \$ 2,189,681 over the past two years. The City contracts for police services with the Broward Sheriff's Office and this contract has continued to increase over the years due to increased personnel costs and the costs of conducting business.

The public works expenditures category increased by \$ 1,760,987 over the past two years due primarily from increased solid waste services, personnel costs, contractual services, and materials/supplies.

Transportation Surtax Fund: The fund balance of the City's Transportation Surtax Special Revenue Fund, a major fund, decreased by \$ 25,020 resulting in a negative fund balance of \$ 19,751. This was primarily a result of a deficit in the fund due to the City's contracted bus shuttle not receiving all monies that were paid out because reimbursement from Broward County is only for active hours used to transport people and not hours utilized for the shuttle to go to/from the garage which the City is under contract to pay to the bus shuttle vendor.

Revenues decreased from the prior year by \$ 367,641 or 49% and expenditures decreased by \$ 338,223 or 46% mainly due to the completion of surtax projects.

Fire/Rescue Fund: The fund balance of the City's Fire/Rescue Special Revenue Fund, a major fund, increased by \$ 2,326 while the total fund balance was \$ 2,425,214.

Total revenues increased \$ 522,571 or 7% from the prior year mainly due to increased fire/rescue special assessments. Total expenditures increased by \$ 728,468 or 7% due to capital outlay and increased personnel/benefit costs, as well as other operating expenditures.

North Lauderdale Water Control District Fund: The fund balance of the North Lauderdale Water Control District Special Revenue Fund, a major fund, increased by \$ 354,529 for a total fund balance of \$ 3,963,201.

City of North Lauderdale, Florida
Management's Discussion and Analysis
September 30, 2024

Special assessments remained approximately the same from the prior year of \$ 1,133,813 in FY 2024 and \$ 1,132,838 in FY 2023. Expenditures in FY 2024 increased to \$ 1,004,395 from \$ 161,006 due to increased expenditures for canal maintenance operations.

Capital Projects Fund: The fund balance of the Capital Projects Fund, a major fund, increased by \$ 2,275,367 for a total fund balance of \$ 21,050,848.

Total revenues increased by \$ 281,458 or 51% from the prior year due to increases in interest income resulting from favorable interest rates and a positive economic outlook. Total expenditures decreased by \$ 2,835,121 or 81% from the prior year as major projects were completed in the prior year including a land acquisition for \$ 1.8 million. Fiscal year 2024 included only some minor projects which consisted primarily of Kimberly Boulevard landscaping.

Transfers in decreased from the prior year by \$ 8,613,676 or 80% as the FY 2023 transfer included monies mainly for the City Hall Renovation and the FY 2024 transfer included only monies for bus replacement, ADA compliance, park improvements, and various other minor projects.

Proprietary Funds - The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

At the close of the most recent fiscal year, unrestricted net position for the Utilities Fund totaled \$ 46,370,146, an increase of \$ 1,022,972 in unrestricted net position from the prior year. Unrestricted net position for the Stormwater Fund totaled \$ 4,268,201, an increase of \$ 477,238 in unrestricted net position from the prior year. Other factors concerning the finances of both of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The ARPA sub-fund is combined with the General Fund for reporting purposes. The chart below compares the original budget, final budget, and actual amounts for FY 2024 for the General Fund.

	Original Budget	Final Budget	Actual Amounts
Revenues:			
Taxes	\$ 22,705,000	\$ 22,705,000	\$ 24,381,914
Licenses and permits	1,775,300	1,775,300	1,792,877

Transfers out	(5,423,787)	(5,423,787)	(5,423,787)
Total other financing sources (uses)	4,363,215	4,561,215	(5,423,787)
Net change in fund balance	\$ -	\$ -	\$ 3,082,191

For Fiscal Year 2024, the General Fund budget within Fund 001 was amended to increase expenditures by \$ 198,000 for increased costs in the City Commission and City Attorney Departments. The appropriation of fund balance was also increased by that amount to fund the additional costs. New positions were added to the City Commission Department which accounted for the increase in that department. The City Attorney Department is outsourced and costs may vary dependent on any existing concerns or pending litigation that may occur.

Revenues: Overall the final budget to actual, excluding transfers, for the General Fund was favorable. General Fund revenues in total exceeded the final budget in all revenue categories with the exception of intergovernmental, charges for services, and other revenues and these results are attributed to the following:

Intergovernmental revenue was \$ 8,717,817 less than the budget mainly due to ARPA projects not completed. Revenues for charges for services were also less than budgeted for \$ 209,739 due mainly to lower administrative fees from the North Lauderdale Water Control District as these charges are based on actual costs incurred.

Property taxes were higher than budgeted by \$ 188,093 as assessed values continue to increase. Amounts paid may vary due to the fact that a four percent discount is allowed which decreases each month dependent upon when the taxes are actually paid. Utility service taxes and franchise taxes were greater than budgeted due mainly to rate increases from Florida Power and Light for electricity which proportionately affects these taxes.

Fines and forfeitures exceeded the budget by \$ 477,451 for the year due mainly from violations of local ordinances.

Interest income exceeded the budget by \$ 3,831,219 for the year due to favorable interest rates and a positive economic outlook.

Expenditures: Expenditures in the General Fund were less than budgeted for all departments with the exception of the City Commission by \$ 5,269. Total General Fund expenditures were less than final budgeted amounts by \$ 15,980,393 which included all General Fund departments, as well as non-departmental.

While the City was budgeted to use over \$ 9.9 million in fund balance in FY 2024, these monies were not needed due to cost containment measures, vacant budgeted positions, and various maintenance and improvement projects completed after fiscal year-end so those costs will be recognized in the subsequent year. In addition, all budgeted ARPA projects which are combined in the General Fund for reporting projects were not completed during FY 2024.

Capital Assets and Debt Administration

Capital Assets

The City's investment in capital assets, net of accumulated depreciation, for its governmental and business-type activities as of September 30, 2024 and 2023 amounts to \$ 50,927,439 and \$ 46,240,028, respectively.

City of North Lauderdale, Florida
Management's Discussion and Analysis
September 30, 2024

The following schedule summarizes the City's capital assets by category as of September 30, 2024 and 2023.

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Land	\$ 8,261,712	\$ 8,261,712	\$ 86,365	\$ 86,365	\$ 8,348,077	\$ 8,348,077
Construction in progress	6,743,460	4,107,369	3,220,354	657,738	9,963,814	4,765,107
Residual interest in assets held by Broward County						
Sheriff's Office	489,626	489,626	-	-	489,626	489,626
Buildings	9,862,792	10,180,071	-	-	9,862,792	10,180,071
Improvements other than buildings	8,865,136	8,117,134	39,829	44,719	8,904,965	8,161,853
Machinery and equipment	1,848,661	1,979,009	1,045,564	1,137,194	2,894,225	3,116,203
Infrastructure	2,053,713	2,244,574	8,410,227	8,934,517	10,463,940	11,179,091
Total	\$ 38,125,100	\$ 35,379,495	\$ 12,802,339	\$ 10,860,533	\$ 50,927,439	\$ 46,240,028

Governmental activities included capital assets that were funded by ARPA monies.

Major projects completed or added for governmental activities in FY 2024 included Kimberly Boulevard Median Landscape Improvements, Fire Station # 44 Sprinkler System, Jerry Resnick Aquatic Center Lighting Upgrades, and Highlands Park Artificial Turf installation.

Governmental activities added to construction in progress (CIP) for FY 2024 for approximately \$ 2.6 million included Fire Station #34 Communications Equipment, AMI Digital Metering Services (ARPA), Network/Cyber Security Infrastructure Refresh (ARPA), Biscayne Raw Well #4 Installation (ARPA), Lift Station SCADA and Control Panel (ARPA), and various street improvements.

Business-type activities for construction in progress (CIP) for FY 2024 for approximately \$ 2.6 million included various Lift Station Replacements, Biscayne Raw Water Well #4 Installation, Lift Station SCADA and Control Panel Installation, and Silver Lakes Drainage Improvement Project.

Additional information can be found in Note 7 in the notes to the financial statements.

Long-term Debt

On September 30, 2024, the City had no outstanding debt. Additional information can be found in Note 9 in the notes to the financial statements.

Economic Factors and Next Year's Budget

A large part of the City's strategic planning and annual budget process involves Commission and staff workshops. During these workshops, the City's past and current operations are reviewed in detail and discussions are held regarding the City's future vision for operations including staffing, facilities and public services. In addition to the City's operations, initiatives for major capital expenditures are discussed at length. Long-range goals, economic factors, staffing implications and available financial resources assist the Commission in prioritizing their goals and objectives for the coming fiscal year.

In developing the fiscal year 2025 Budget and Capital Improvement Program, the following economic factors were considered:

- The COVID-19 pandemic obviously had dramatic effects on the City related to budgeted revenues and expenses/expenditures, as well as actual amounts received/paid. However, one area that continued to stay strong throughout the pandemic was increasing property values which continues today. The City also continues to be one of the few cities in Broward County that has affordable housing remaining.
- Ad valorem revenues remain a major revenue source, providing approximately 11% of the revenue citywide for the FY 2025 budget. The City had a 10% increase in property values for FY 2025 and was able to keep the City's operating millage rate for the 2024 tax year at 7.400 mills. That rate has remained the same for eight straight years.
- Despite the economic improvements, available resources are still strained relative to the cost of providing services. Personnel costs are estimated to increase approximately 5% to 10% annually to cover the cost of salaries and personnel related benefits including health insurance and retirement contributions.
- The City's Solid Waste special assessment rate for residential units is \$ 499 per property for fiscal year 2025.
- The City's Stormwater special assessment rate for residential units is \$ 125 per ERU for fiscal year 2025.
- An outside consultant was engaged to complete a Fire Rescue Assessment Program Budget Update in FY 2023. The results of the independent analysis recommended higher assessment rates to fund fire/first responder operations. The single-family rate increased in FY 2024 from \$ 228 to \$ 278 and the multi-family rate increased from \$ 549 to \$ 672. Since the three-year average rate from the study was adopted for FY 2024, there was no additional increase in FY 2025.
- For 2025, the City kept the utility rates flat to fund the cost of operating and maintaining the City's utility system. The City has been able to apply for and receive numerous grants to keep the financial impacts to residents for the major capital projects as low as possible.
- The City appropriated over \$ 38 million of fund balance in the FY 2025 budget, the largest ever budgeted. The majority of the fund balance is being used for one-time, major capital projects and purchases, such as the street improvements on Rock Island Road and the Boulevard of Champions; park improvement projects; median landscaping and irrigation in Silver Lakes; City Hall generator replacement and ADA bathroom upgrades; new wall along Rock Island Road; as well as numerous projects in the Stormwater and Utilities Enterprise Funds.
- The total for the overall budget is over \$ 160 million for FY 2025, which is an increase of 23% from the Adopted 2024 Budget resulting mainly from one-time, major capital projects and purchases.

Requests for Information

These financial statements are designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability. If you should have any questions pertaining to the information presented in this report or would like additional information, please contact the Finance Department located at 701 SW 71st Avenue, North Lauderdale, Florida 33068-2395.

City of North Lauderdale, Florida
Reconciliation of the Balance Sheet of the Governmental Funds
to the Statement of Net Position
September 30, 2024

Total Fund Balances - Governmental Funds **\$ 94,953,326**

Amounts reported for governmental activities in the statement of net position are different because:

The cost of capital assets acquired is reported as an expenditure in the governmental funds. The statement of net position includes those capital assets, net of accumulated depreciation among the assets of the governmental as a whole.

Cost of capital assets	\$ 83,153,685	
Accumulated depreciation	<u>(46,269,846)</u>	36,883,839

Deferred outflows of resources related to pensions and OPEB are recorded in the statement of net position.	6,051,797
--	-----------

Deferred inflows of resources related to pensions and OPEB are recorded in the statement of net position.	(4,246,170)
---	-------------

Liabilities not payable from current available resources are not reported as fund liabilities in the governmental fund financial statements. All liabilities, both current and long-term, are reported in the government-wide financial statements.

Total OPEB liability	\$ (4,595,980)	
Net pension liability	(11,242,495)	
Compensated absences	<u>(1,796,964)</u>	(17,635,439)

Internal Service Funds are used by management to charge the costs of vehicle maintenance, information technology, and insurance to individual funds. The assets and liabilities of the Internal Service Funds are included in governmental activities in the statement of net position.	<u>7,325,389</u>
---	------------------

Net Position of Governmental Activities **\$ 123,332,742**

City of North Lauderdale, Florida
Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2024

Net Change in Fund Balances - Total Governmental Funds **\$ 6,165,280**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of certain of those assets is depreciated over their estimated useful lives:

Expenditures for capital assets	\$	4,036,585	
Less: net book value of disposed capital assets		(468,771)	
Less: current year provision for depreciation		<u>(1,275,558)</u>	2,292,256

Internal Service Funds are used by management to charge the costs of Vehicle Maintenance, Information Technology, and Insurance to individual funds. The net expenses of certain activities of Internal Service Funds are reported with governmental activities. (557,286)

Expenses reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in the governmental funds. The details of the differences are as follows:

Change in compensated absences		(72,422)	
Change in OPEB liability and other related deferral amounts		(586,797)	
Change in net pension liability and other related deferral amounts		<u>(107,635)</u>	

Change in Net Position of Governmental Activities **\$ 7,133,396**

The accompanying notes to financial statements are an integral part of these statements.

Purchase of capital assets on account	\$ (209,963)	\$ -	\$ (209,963)	\$ -

The accompanying notes to financial statements are an integral part of these statements.

Note 1 - Summary of Significant Accounting Policies

The City of North Lauderdale, Florida (the "City") was incorporated on July 15, 1963, under the provisions of Chapter 63-1675, Laws of Florida. The City operates under a commission/city manager form of government. The City provides the following full range of municipal services to its residents including police and fire protection; street construction and maintenance; building, licensing and code compliance; parks and recreation facilities and activities; water, wastewater, canal maintenance, and stormwater services; public records and general administrative services.

The Annual Comprehensive Financial Report of the City includes all funds and component units. The financial statements of the City have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Significant accounting and reporting policies and practices used by the City are described below.

A. Reporting Entity

The financial reporting entity consists of (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The City is financially accountable for a component unit if it appoints a voting majority of the organization's governing board, and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City.

Blended component units, although legally separate entities, are, in substance, part of the City's operation. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government. The City reports two blended component units.

Blended component units: Established by Chapter 63-661, Laws of Florida in 1963, the North Lauderdale Water Control District (the "District") serves all the citizens of the City and is governed by a board comprised of the City's elected five-member Commission. The rates for user charges and bond issuance authorizations, when applicable, are approved by the City Commission. The District meets the financial accountability criteria under GASB. The District is reported as a special revenue fund of the City. The District does not issue separate financial statements.

The Housing Authority of the City of North Lauderdale, Florida, Inc. (the "Authority") was formed in June 1993 by Ordinance 93-6-850. The Authority's purpose is to address the shortage of safe or sanitary dwelling accommodations in the City available to persons of low income. The Housing Authority currently acts in an advisory capacity for the City of North Lauderdale to identify and oversee implementation of projects to improve the housing stock in North Lauderdale. The Authority is governed by a five-member board, one appointment from each of the City's elected five-member commission. At least one (1) member shall be a North Lauderdale rental tenant, living in a public housing project or a person of low-income who is receiving a rental subsidy through a program administered by the Authority's public housing agency within North Lauderdale.

Although the Authority is a legally separate entity from the City, the fact that the governing board is deemed to be the same as the City's defines the Authority as a blended component unit of the City of North Lauderdale. The Authority meets the financial accountability criteria under GASB. For the fiscal year ended September 30, 2024, the Authority has no financial transactions, assets, liabilities, equity and there are no contracts, agreements, grants, loans or other obligations. The Authority does not issue separate financial statements.

Note 1 - Summary of Significant Accounting Policies (continued)

B. Government-wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the primary government and its component units. The effect of interfund activity, with the exception of those that are immaterial, has been eliminated from these statements. Interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment 2) grants and contributions that are restricted to meeting the operating requirements of a particular function or segment and 3) grants and contributions that are restricted to meeting capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as general revenues.

The net cost (by function or business-type activity) is normally covered by general revenue (property taxes, sales taxes, franchise taxes, intergovernmental revenues, interest income, etc.). The City applies eligible expenses against available restricted resources before the use of unrestricted resources.

Separate fund based financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. GASB sets forth minimum criteria (percentage of assets, liabilities, revenues, or expenditures/expenses of either fund category for the governmental and enterprise combined or funds that management deems major) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. The nonmajor governmental funds are detailed in the combining section of the statements if they involve more than one fund.

Internal service funds, which traditionally provide services primarily to other funds of the government, are presented in the summary form as part of the proprietary fund financial statements. Because the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are consolidated into the governmental activities and business-type activities columns when presented at the government-wide level. To the extent possible, the cost of these services is reflected in the appropriate functional activity (e.g., General Government, Public Safety, etc.).

The government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The focus of the fund financial statements is on the major individual funds of the governmental and business-type categories, (by category) and the component units. Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

Note 1 - Summary of Significant Accounting Policies (continued)

The following major governmental funds are used by the City:

General Fund - This fund is used to account for all financial transactions, except those required to be accounted for and reported in another fund. Revenue is derived primarily from property taxes, utility taxes, franchise taxes, state and federal distributions and other governmental revenue.

Transportation Surtax Fund - This fund is used to account for revenues and expenditures related to transportation projects intended to reduce traffic congestion, improve roads and bridges, and increase connectivity pursuant to interlocal agreements with Broward County. Broward County has a Penny for Transportation Program (transportation surtax). This local one-cent, 30 -year surtax, approved by voters in 2018, is used to fund transportation improvements to increase mobility and address transportation challenges in Broward County.

Fire/Rescue Fund - This fund is used to account for revenues and expenditures related to the operation of the City's fire/rescue services. These services are funded primarily through a combination of non-ad valorem special assessment revenue and transfers from the City's General Fund.

North Lauderdale Water Control District Fund - This fund is used to account for the provision of water control and drainage services, facilities and programs within the District's boundaries. When House Bill 1875 became law on May 30, 1997, the City's five Commissioners became the District's Board of Supervisors. Accordingly, the District became a Dependent Special District, as defined in Florida Statutes 189 and a blended component unit of the City.

Capital Projects Fund - This fund is used to account for and report financial resources that are assigned to expenditures for capital outlays, including acquisition or construction of major capital projects.

Other Governmental Funds - These funds are a summarization of all the nonmajor governmental funds.

The following major proprietary fund is used by the City:

Utilities Fund - This fund is used to account for the income and expenses of operating the City's water and sewer utilities system. Receipts may only be used for costs associated with operating the water and sewer system and for debt service.

Other Proprietary Fund - The nonmajor proprietary fund is the Stormwater Fund.

Additionally, the government reports the following fund type:

Internal Service Funds - These funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, on a cost reimbursement basis. The City operates three internal service funds: the Vehicle Maintenance Fund, the Information Technology Fund and the Insurance Fund.

Note 1 - Summary of Significant Accounting Policies (continued)

C. Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues, expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year when an enforceable lien exists and when levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for federal and state grants. Expenditures generally are recorded when liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when paid from expendable available financial resources.

Property taxes, franchise taxes, fire/rescue fund charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Revenue received in advance of the fiscal year to which they apply is presented as unearned on the balance sheet. Licenses and permits, all other charges for services, fines and forfeitures, contributions, miscellaneous revenues, and all other revenue items are considered measurable and available when cash is received by the government. Investment earnings are recorded as earned since they are measurable and available.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Utilities and Stormwater Funds are charges to customers for sales and services. Operating expenses for the enterprise funds and internal services funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. New Accounting Standards Adopted

During fiscal year 2024, the City implemented two new accounting standards.

Note 1 - Summary of Significant Accounting Policies (continued)

Statement No. 99, Omnibus 2022, was issued in April 2022. This Statement enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements related to leases, Public-Private and Public-Public Partnerships (PPPs) and Subscription-Based Information Technology Arrangements (SBITA's) were effective for fiscal year ending September 30, 2023. The remaining portion of the statement effective for fiscal year ending September 30, 2024 had no impact on the City's financial statements.

Statement No. 100, Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62, was issued in June 2022. This Statement enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The Statement had no impact on the City's financial statements.

E. Capital Assets

Government-Wide and Proprietary Funds:

Capital assets purchased or acquired are carried at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value at the time received. Capital assets received in a service concession arrangement are also recorded at acquisition value. Public domain (infrastructure) capital assets consisting of roads, sidewalks, signage, lighting systems, curbs, water mains and lines, canals, sewer lines and drainage systems have been recorded at estimated historical cost. Capital assets are defined by the government as assets with an initial, individual cost of more than \$ 5,000 and an estimated useful life in excess of one year.

Major outlays for capital assets and improvements are capitalized as projects are constructed. In accordance with GASB interest incurred during the construction phase of capital assets is expensed as incurred.

Capital assets of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Capital Assets	Years
Buildings	50
Improvements other than buildings	20-40
Machinery and equipment	4-10
Drainage improvements/canals	50-75
Streets/roads/curbs	25-50
Water/sewer lines/mains/plants	50
System infrastructure	20-50

Governmental funds: Amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported within the fund financial statements.

Note 1 - Summary of Significant Accounting Policies (continued)

F. Cash, Equity in Pooled Cash and Investments

The City's cash and cash equivalents are considered to be cash on hand and demand deposits. Cash of individual funds, except for those funds or accounts that must be segregated for legal or other reasons, is combined to form a pool of cash. Interest earned as a result of pooling is distributed to the appropriate fund based on the pooled cash balance of each fund during the period. The balances for "cash" reflected in the financial statements of each individual fund represent that fund's allocated share of the pooled cash account.

The City adopted an investment policy to establish guidelines for the efficient management of its cash reserves. Section XIII of the investment policy identifies permitted instruments as follows:

- a) Intergovernmental Investment Pools as provided in Florida Statute 163.01.
- b) Prime Institutional Money Market Funds (Variable Share Price) rated AAAM or AAAs by Standards & Poor's.
- c) Money Market Funds (Fixed Share Price) rated AAAM by Standards & Poor's.
Mutual Funds & Private Placement Funds rated above AA-f by Standard & Poor's.
- d) Qualified Public Depositories as defined in Florida Statute 280.02.
- e) FDIC Swapped Deposits - Interest-bearing time deposits or savings accounts in qualified public depositories as defined in Florida Statute 218.415(23).
- f) Direct obligations of the United States Treasury, federal agencies and other instrumentalities of the United States.
- g) Debt instruments issued by the States, their Subdivisions, the Territories, their subdivisions, of the United States with a minimum long-term credit rating of A- by Standard & Poor's.
- h) Foreign Sovereign, Super Nationals and Debt of the State of Israel with a minimum long-term credit rating of A- by Standard & Poor's.
- i) Corporate Debt, Securitized Bank Instruments, Asset-Backed & Mortgage-Backed Securities with a minimum long-term credit rating of A- by Standard & Poor's, or if the security purchased is a money market instrument than a minimum of an A2 credit rating by Standard & Poor's.
- j) Repurchase Agreements with 102% collateralization.

The City records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or fair value as required by generally accepted accounting principles. Additional information regarding the fair value measurement of investments and amortized cost is disclosed in Note 6.

Cash and cash equivalents, for purposes of the statement of cash flows, includes pooled cash and investments which are defined as short-term, highly liquid investments with original maturities of three months or less.

G. Receivables and Payables

During the course of operations, the City has numerous transactions between funds to provide goods or render services. Transactions between funds that are representative of lending/borrowing arrangements outstanding at the fiscal year end are referred to as "due to/from other funds" or "advances to/from other funds". Any residual outstanding balances between the governmental activities and business-type activities at year end are reported in the government-wide financial statements as "internal balances".

Note 1 - Summary of Significant Accounting Policies (continued)

H. Prepaid Amounts

Expenditures and expenses for insurance and other administrative expenses extending over more than one accounting period are accounted for as prepaid items and allocated between accounting periods.

I. Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

J. Compensated Absences

Employees are granted compensated absence pay for vacation leave in varying amounts based on length of service. Vacation leave is accrued as a liability when benefits are earned by the employees, that is, the employees have rendered services that give rise to the liability and it is probable that the City will compensate the employees, now or upon termination or retirement. Sick leave is accrued as a liability to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies and is based on length of service and date of hire.

Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured. For the governmental funds, compensated absences are liquidated by the fund in which employees are compensated.

K. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Debt issuance costs are recognized as an expenditure in the period incurred.

L. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Note 1 - Summary of Significant Accounting Policies (continued)

M. Fund Balance/Net Position

Net position of the government-wide financial statements is categorized as net investment in capital assets, restricted, or unrestricted. The first category represents capital assets, less accumulated depreciation and net of any outstanding debt and related unspent proceeds associated with the acquisition, construction or improvement of those assets. Restricted net position represents net position that is restricted requirements of bond indentures or other externally imposed constraints. Unrestricted net position represents the net position of the City that does not meet the definition of the other categories. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the City's policy is to apply restricted net position first.

In the fund financial statements, governmental funds report fund balances according to the following classifications:

Nonspendable fund balance: Amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. Examples of nonspendable fund balance include inventories, prepaid amounts, and the corpus (or principal) of a permanent fund.

Restricted fund balance: Amounts that can be spent only for specific purposes stipulated by external resource providers such as grantors, contributors, or laws and regulations.

Committed fund balance: Amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority (City Commission). Commitments may be changed or lifted only by the City Commission taking the same formal action that imposed the constraint originally.

Assigned fund balance: Amounts intended to be used for specific purposes that are neither considered restricted nor committed. Assignments of fund balance may be made by management based upon the direction of the City Commission annually through the budget process.

Unassigned fund balance: Amount of remaining fund balance within the General Fund that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The City first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

N. Deficit Fund Balance

As of September 30, 2024, the City had a deficit fund balance in the Transportation Surtax Special Revenue Fund of \$ 19,715. This fund also contains the City's contracted bus shuttle with Broward County. The deficit is due to the shuttle vendor charging for time in motion to/from the garage to point of service, as well as for time in use with passengers. This is permitted in the City's agreement with the vendor. However, the Interlocal Agreement with the County only allows for reimbursement for time when bus is actually used to transport riders.

Note 1 - Summary of Significant Accounting Policies (continued)

O. Property Tax Revenue Recognition

Ad valorem taxes are based on the assessed values, determined by the Broward County Property Appraiser, as of January 1 of each year. Property taxes are levied on October 1 of each year and due as of November 1 (lien date) of each year. Broward County collects the taxes and remits the funds to the City, less a collection fee. Taxes may be paid upon receipt of such notice by Broward County, with a discount rate of four percent (4%) if paid in November, three percent (3%) if paid in December, two percent (2%) if paid in January, and one percent (1%) if paid in February. Revenue is recognized at the time monies are received from the County.

The millage rate levied by the City for the fiscal year ended September 30, 2024 was 7.4000.

P. Defined Benefit Pension Plan

In the government-wide statement of net position, liabilities are recognized for the City's proportionate share of the net pension liability for the Fire/Rescue Department. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Florida Retirement System defined benefit pension plan (FRS Pension Plan) and the Retiree Health Insurance Subsidy Program defined benefit pension plan (HIS Program), and additions to/deductions from the FRS Pension Plan's and the HIS Program's fiduciary net position have been determined on the same basis as they are reported by the FRS Pension Plan and the HIS Program Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Q. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Note 2 - Budget Information

The City prepares and adopts budgets for all of its governmental and proprietary fund types, except the Law Enforcement and Grants Special Revenue Funds.

Budgets are monitored at the activity level within each department; however, the legal level of budgetary control is at the department level. The City Manager has the authority to transfer amounts within department functions, however, only the City Commission can amend the adopted budget to transfer amounts between departments and/or appropriate additional funds.

Annual budgets are legally adopted on a basis consistent with GAAP, except for compensated absences in the governmental funds and principal payments in the proprietary funds. Compensated absences liabilities expected to be liquidated with expendable available resources are accrued as earned as opposed to being expended when paid. Principal payments on long-term debt within the proprietary funds are applied to outstanding liabilities in the financial statement as opposed to being expended on a budgetary basis.

Note 2 - Budget Information (continued)

The City established the following budgetary procedures reflected in the financial statements:

Not later than 75 days before the end of each fiscal year, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing on October 1.

The budget proposal is made available for inspection in the Office of the City Clerk for a period of at least ten days preceding the first public hearing to adopt the budget. Additionally, the adopted budget is made available to the public on the City's website.

Prior to October 1, the budget is legally enacted through passage of an ordinance.

Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. Unexpended appropriations lapse at year-end; however, unexpended capital appropriations are simultaneously added to and re-appropriated in the subsequent year's budget.

Note 3 - Receivables

Receivables for the fiscal year ended September 30, 2024 for the City's major and nonmajor governmental funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Transportation Surtax Fund	Fire/Rescue Fund	Other Nonmajor Funds	Total
Accounts receivable	\$ 246,828	\$ -	\$ 3,602,673	\$ -	\$ 3,849,501
Taxes	352,992	-	-	-	352,992
Franchise	525,890	-	-	-	525,890
Intergovernmental	291,907	58,218	-	142,905	493,030
Gross receivables	1,417,617	58,218	3,602,673	142,905	5,221,413
Allowance	(128,949)	-	(2,392,960)	-	(2,521,909)
Net	\$ <u>1,288,668</u>	\$ <u>58,218</u>	\$ <u>1,209,713</u>	\$ <u>142,905</u>	\$ <u>2,699,504</u>

Receivables for the fiscal year ended September 30, 2024, for the City's major and nonmajor business-type activities are as follows:

	Major Fund Utilities Fund	Nonmajor Stormwater Fund	Total
Accounts receivable	\$ 1,945,388	\$ 29,159	\$ 1,974,547
Allowance	(434,466)	-	(434,466)
Net	\$ <u>1,510,922</u>	\$ <u>29,159</u>	\$ <u>1,540,081</u>

Accounts receivable on the statement of net position are shown net of an allowance for uncollectible accounts. Management determines the allowance based on a review of accounts and their knowledge of the creditors and their ability to pay.

Note 4 - Interfund Receivables, Payables, and Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds” on the governmental funds balance sheet and proprietary funds statement of net position. The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. The composition of due to/from other funds as of September 30, 2024 is as follows:

	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
General Fund	\$ 323,801	\$ -
Transportation Surtax Fund	-	67,358 ^a
North Lauderdale Water Control District Fund	-	256,443 ^b
	<u>\$ 323,801</u>	<u>\$ 323,801</u>

Reasons for the due to/from are:

- a. This is a short-term non-interest bearing receivable and payable to cover a negative cash balance at year-end.
- b. This is an amount owed to the General Fund for fourth quarter expenditures.

Interfund transfers for the year ended September 30, 2024 were as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ -	\$ 5,423,787
Fire/Rescue Fund	3,186,467 ^c	-
North Lauderdale Water Control District Fund	112,320 ^d	-
Capital Projects Fund	2,125,000 ^e	-
	<u>\$ 5,423,787</u>	<u>\$ 5,423,787</u>

Reasons for the transfers are:

- c. The Fire/Rescue Fund assessment revenue covers first responder and suppression operations. EMS and transport operations are therefore funded utilizing other general revenues by a transfer from the General Fund. In addition, properties that are exempt from the fire assessment are also funded from general revenues.
- d. The General Fund transfers monies to the Water Control District (WCD) Special Revenue Fund for properties that are exempt from the WCD assessment.
- e. Current year capital projects within the Capital Projects Fund are funded by a transfer from the General Fund.

Transfers are used to move revenues from the fund that state statute or budget requires collecting them to the fund that state statute or budget requires to expend them.

Note 5 - Encumbrances

Purchase orders are issued throughout the fiscal year to encumber budgets in the governmental funds. Encumbrances as of September 30, 2024 are as follows:

Major funds:	
General Fund	\$ 3,615,553
Transportation Surtax Fund	123,479
Fire/Rescue Fund	359,861
Capital Projects Fund	884,402
Nonmajor Funds	123,857
	<u>123,857</u>
Total	<u>\$ 5,107,152</u>

Note 6 - Deposits and Investments

Deposits - Deposits consist of interest and noninterest-bearing demand accounts. All of the City's deposits are entirely insured by federal depository insurance or collateralized by the multiple financial institution collateral pool pursuant to Florida Statutes, Chapter 280, *Florida Security for Public Deposits Act*. Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits, times the depository's collateral pledging level. As of September 30, 2024, the City's bank balance was \$ 26,000,000 and \$ 25,750,000 of that amount was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging institution.

Investments: The City's investments were held as follows at September 30, 2024:

	Fair Value	Credit Risk Moody's/S&P	Maturities	
			Less than 1 year	1-5 years
Corporate Bonds	\$ 7,701,043	AA2, AAA	\$ 1,806,161	\$ 5,894,882
Federal National Mortgage Association	1,928,540	AAA	-	1,928,540
Federal Home Loan Bank	9,618,072	AAA, A+	2,004,943	7,613,129
Federal Home Loan Mortgage Corporation	1,989,990	AAA	1,989,990	-
United States Treasury Notes	41,532,283	AAA	20,972,430	20,559,853
Total investments measured at fair value	62,769,928		\$ 26,773,524	\$ 35,996,404
Investments measured at amortized cost:			Weighted average of the fund portfolio: 46 days	
Money Market Funds	6,449,122	AAAm	Weighted average of the fund portfolio: 39 days	
Investment in Local Government Surplus Funds Trust Fund (Florida PRIME)	70,837,394	AAAm		
Cash and cash equivalents	25,243,163			
Total unrestricted and restricted cash, cash equivalents and investments	\$ 165,299,607			

The State Board of Administration's ("SBA") Local Government Surplus Funds Trust Fund ("Florida PRIME") is a "2a-7 like" pool. A "2a-7 like" pool is an external investment pool that is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a-7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, the pool operates essentially as a money market fund. The City has reported its investment in Florida PRIME at amortized cost for financial reporting purposes.

Credit risk - Credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments. The City has no formal policy for managing credit risk.

Note 6 - Deposits and Investments (continued)

Custodial credit risk - Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The City shall only purchase securities from financial institutions that are qualified as public depositories by the Treasurer of the State of Florida; institutions designated as Primary Securities Dealers by the Federal Reserve Bank of New York, direct issuers of commercial paper and bankers' acceptances or approved non-primary securities dealers. All approved non-primary securities dealers that qualify under Security and Exchange Commission Rule 15C3-1 (Uniform Net Capital Rule) must provide certain information prior to executing investment trades with the City. The City's investments are uninsured, unregistered, and held by the custodial bank in the City's name.

Concentration of credit risk - Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The City limits concentration of credit risk through diversification to control the risk of loss resulting from concentration of assets to a specific maturity, instrument, issue, dealer, or bank through which these securities are bought and sold. The investment policy has established maximum exposure parameters for each investment type.

Interest rate risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in debt securities. To control this risk, the City limits the maturities of investments from five to ten years depending on the type of investment, unless the investment can be matched with a specific cash flow requirement.

Fair Value Measurement - When applicable, the City measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the City has the ability to access;
- Level 2: Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. For external investment pools that qualify to be measured at amortized cost, the pool's participants should also measure their investments in that external investment pool at amortized cost for financial reporting purposes. Accordingly, some of the City's investments have been reported at amortized cost above.

Note 6 -Deposits and Investments (continued)

The following table summarizes the City's investments within the fair value hierarchy at September 30, 2024:

	Fair Value	Level 1	Level 2
Corporate Bonds	\$ 7,701,043	\$ -	\$ 7,701,043
Federal National Mortgage Association	1,928,540	-	1,928,540
Federal Home Loan Bank	9,618,072	-	9,618,072
Federal Home Loan Mortgage Corporation	1,989,990	-	1,989,990
United States Treasury Notes	41,532,283	41,532,283	-
	<u>\$ 62,769,928</u>	<u>\$ 41,532,283</u>	<u>\$ 21,237,645</u>

The investments were valued using the following approaches:

- U.S. Treasuries were valued using prices quoted in active markets by a third-party pricing service based on actual trades in the securities.
- U.S. Agencies (i.e., Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, and Federal National Mortgage Association) were valued using prices quoted in active markets by a third-party pricing service based on actual trades in very similar securities.
- Investment grade corporate and municipal bonds were valued by a third-party pricing service based on a combination of matrix pricing, actual observable trades in similar securities, and yield curve analysis.

External Investment Pool - With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures.

If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days".

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2024, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100% of their account value.

Note 7 - Capital Assets

Capital asset activity for the fiscal year ended September 30, 2024 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Transfers</u>	<u>Ending Balance</u>
Governmental activities:					
Capital assets, not being depreciated:					
Land	\$ 8,261,712	\$ -	\$ -	\$ -	\$ 8,261,712
Construction in progress	4,107,369	3,946,315	465,658	(844,566)	6,743,460
Residual interest in assets, held by Broward County Sheriffs Office	489,626	-	-	-	489,626
Total capital assets, not being depreciated	<u>12,858,707</u>	<u>3,946,315</u>	<u>465,658</u>	<u>(844,566)</u>	<u>15,494,798</u>
Capital assets, being depreciated:					
Buildings	20,318,983	-	-	-	20,318,983
Improvement other than buildings	20,921,903	458,702	-	844,566	22,225,171
Machinery and equipment	8,128,773	164,677	167,329	-	8,126,121
Infrastructure	19,358,988	-	-	-	19,358,988
Total capital assets, being depreciated	<u>68,728,647</u>	<u>623,379</u>	<u>167,329</u>	<u>844,566</u>	<u>70,029,263</u>
Less accumulated depreciation for:					
Buildings	10,138,912	317,279	-	-	10,456,191
Improvement other than buildings	12,804,769	555,266	-	-	13,360,035
Machinery and equipment	6,149,764	291,912	164,216	-	6,277,460
Infrastructure	17,114,414	190,861	-	-	17,305,275
Total accumulated depreciation	<u>46,207,859</u>	<u>1,355,318</u>	<u>164,216</u>	<u>-</u>	<u>47,398,961</u>
Total capital assets, being depreciated, net	<u>22,520,788</u>	<u>(731,939)</u>	<u>3,113</u>	<u>844,566</u>	<u>22,630,302</u>
Governmental activities capital assets, net	<u>\$ 35,379,495</u>	<u>\$ 3,214,376</u>	<u>\$ 468,771</u>	<u>\$ -</u>	<u>\$ 38,125,100</u>

In connection with an agreement with the Broward County Sheriff's Office ("BSO") to provide police services to the City (see Note 15), the City previously transferred certain vehicles and equipment with a book value of \$ 489,626 to BSO for its operation and use. These assets, which are included under capital assets as "Residual interest in assets held by Broward County Sheriff's Office", are not being depreciated since the City has a reversionary interest in the transferred assets.

The North Lauderdale Water Control District maintains property, equipment and infrastructure with a cost of \$ 4,471,404 and accumulated depreciation of \$ 1,794,873 as of September 30, 2024. Net property, equipment and infrastructure in the amount of \$ 2,676,531 are included in capital assets being depreciated.

Included in the buildings classification above, is a school building, which is currently being leased as discussed in further detail in Note 17. The cost of the building was \$ 7,412,016.

City of North Lauderdale, Florida
Notes to Financial Statements
September 30, 2024

Note 7 - Capital Assets (continued)

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Transfers</u>	<u>Ending Balance</u>
Business-type activities:					
Capital assets, not being depreciated:					
Land	\$ 86,365	\$ -	\$ -	\$ -	\$ 86,365
Construction in progress	657,738	2,562,616	-	-	3,220,354
Total capital assets, not being depreciated	744,103	2,562,616	-	-	3,306,719
Capital assets, being depreciated:					
Improvement other than buildings	364,152	-	-	-	364,152
Machinery and equipment	1,751,729	-	-	-	1,751,729
Infrastructure	28,829,031	-	-	-	28,829,031
Total capital assets, being depreciated	30,944,912	-	-	-	30,944,912
Less accumulated depreciation for:

Total capital assets, being depreciated, net	10,116,430	(620,810)	-	-	9,495,620
Business-type activities capital assets, net	<u>\$ 10,860,533</u>	<u>\$ 1,941,806</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,802,339</u>

Depreciation expense was charged to function/programs of the primary government as follows:

Governmental activities:	
General government	\$ 274,996
Public safety	230,075
Public works, including depreciation of general infrastructure assets	555,528
Culture and recreation	214,959
Capital assets held by the government's internal service funds are charged to various functions based on their usage of the assets	79,760
Total depreciation expense, governmental activities	<u>\$ 1,355,318</u>
Business-type activities:	
Utilities	\$ 586,740
Stormwater	34,070
Total depreciation expense, business-type activities	<u>\$ 620,810</u>

Note 8 - Restricted Assets/Payable from Restricted Assets

Restricted assets include cash that is restricted for the payment of customer security deposits recorded in the Utilities Fund in the aggregate amount of \$ 1,560,403.

Note 9 - Long-Term Liabilities

At September 30, 2024, long-term liabilities consisted of the following for governmental and business-type activities:

The City had the following changes in long-term liabilities for the year ended September 30, 2024 for governmental activities:

	Beginning Balance	Additions	Reductions	Ending Balance	Due within One Year
Compensated absences	\$ 1,851,251	\$ 1,225,823	\$ 1,129,895	\$ 1,947,179	\$ 109,572

For governmental activities, compensated absences are generally liquidated by the General Fund.

The following is a summary of changes in long-term liabilities for the year ended September 30, 2024 for business-type activities:

	Beginning Balance	Additions	Reductions	Ending Balance	Due within One Year
Compensated absences	\$ 124,509	\$ 47,382	\$ 74,242	\$ 97,649	\$ 5,004

Note 10 - Defined Contribution Pension Plan

All permanent full-time employees are covered by a defined contribution retirement plan. Vesting requirements, as well as contribution amounts, are determined by group classification within the plan. The plan was established, and the provisions of the plan, including contribution rates, may be amended by Resolution of the City Commission. Non-vested plan forfeitures, classified as investments with plan agent, are restricted by the plan and may only be used toward the City's payment of its future contributions. The plan is administered by MissionSquare Retirement Corporation. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The City's policy is to fund the annual pension costs in the annual budget. The City has no fiduciary responsibility for the plan and therefore does not report the balances or activities in its financial statements. At September 30, 2024 there were 92 active plan members. The City's contributions to the plan was 14% of each eligible employee's regular base pay depending on group classification. Participating eligible employees' minimum contributions range from 3.5% to 5% of their base pay depending on group classification.

The City and eligible employees made their respective contributions during the fiscal year. The amount contributed by the City for the fiscal year ended September 30, 2024 was approximately \$ 953,000. Eligible employees contributed approximately \$ 464,000 during fiscal year ended September 30, 2024.

Note 11 - Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code, Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. In January 1997, the City executed a Trust Agreement with its plan agent transferring plan assets into a trust account for the sole and exclusive benefit of City employees. Except for the plan provisions related to loans, the deferred compensation is not available to the employees until termination, retirement, death or unforeseeable emergency. MissionSquare Retirement Corporation administers the plan. Except for the plan provisions related to loans, the City has no fiduciary responsibility for the plan and, therefore, the City does not report the balances and activities in its financial statements.

Note 12 - Defined Benefit Pension Plan

General Information - The Florida Retirement System (FRS) was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. Provisions relating to the FRS are also contained in Chapter 112, Florida Statutes that established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

On November 1, 2003, the City's full-time firefighters joined FRS. All of the City's full-time firefighters are eligible to enroll as members of the FRS. All rates, benefits and amendments are established by the State of Florida through its legislative body.

FRS Pension Plan

Plan Description - The FRS Pension Plan (Plan) is a state-administered retirement system that is a multiple-employer cost-sharing defined benefit pension plan. The FRS has various classes of memberships. The City's firefighters fall under the Special Risk Class. All certified firefighters/paramedics and certified firefighters/emergency medical technicians are covered by this class.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, by calling (877) 377-1737 or by visiting the website: http://www.dms.myflorida.com/workforce_operations/retirement/publications.

Employees enrolled in the Plan beginning July 1, 2001 through June 30, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. Members are eligible for normal retirement when they have met the requirements listed below. Early retirement may be taken any time after vesting within 20 years of normal retirement age; however, there is a 5 percent benefit reduction for each year prior to the normal retirement age. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

- For members initially enrolled in the Pension Plan before July 1, 2011, six or more years of Special Risk Class service and age 55, or the age after completing six years of Special Risk Class service if after age 55. Twenty-five years of special risk service regardless of age before age 55. A total of 25 years of service including special risk service and up to four years of active-duty wartime service and age 52. Without six years of Special Risk Class service, members of the Special Risk Administrative Support Class must meet the requirements of the Regular Class.

Note 12 - Defined Benefit Pension Plan (continued)

- For members initially enrolled in the Pension Plan on or after July 1, 2011, eight or more years of Special Risk Class service and age 60, or the age after completing eight years of Special Risk Class service if after age 60. Thirty years of special risk service regardless of age before age 60. Without eight years of Special Risk Class service, members of the Special Risk Administrative Support Class must meet the requirements of the Regular Class.

The DROP is available under the FRS Pension Plan when the member first reaches eligibility for normal retirement. The DROP allows a member to retire while continuing employment for up to 96 months. While in the DROP, the member's retirement benefits accumulate in the FRS Trust Fund increased by a cost-of-living adjustment (COLA) each July and earn monthly interest equivalent to an annual rate of 1.3%. DROP participants with an effective DROP begin date before July 1, 2011, earn monthly interest equivalent to an annual rate of 6.5%. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Basis of Accounting - The FRS fiduciary financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Member contributions are recognized in the period of time for which the contributions are assessed. Employer contributions are recognized when due in the period in which employee services are performed and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Benefits Provided - Benefits are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Years of Service</u>	<u>% Value</u>
Special Risk Class:	
Service from Dec 1, 1970 through September 30, 1974	2.00
Service on and after October 1, 1974	3.00

The benefits received by retirees and beneficiaries are increased by a COLA each July based on their June benefit amount (excluding the Retiree Health Insurance Subsidy benefit). For retirees who have been retired for less than 12 months on July 1, the first COLA increase is prorated. The COLA applies to all continuing monthly retirement benefits paid under the FRS Pension Plan. The COLA for retirements or DROP participation effective before Aug. 1, 2011, is 3% per year.

Note 12 - Defined Benefit Pension Plan (continued)

The COLA formula for retirees with an effective retirement date or DROP begin date on or after Aug. 1, 2011, will be the sum of the pre-July 2011 service credit divided by the total service credit at retirement multiplied by 3%. Each pension plan member with an effective retirement date of Aug. 1, 2011, or after will have an individual COLA factor for retirement. FRS Pension Plan members initially enrolled on or after July 1, 2011 will not have a COLA after retirement.

Contributions - The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2024 fiscal year were as follows:

Class	Percent of Gross Salary July 1, 2023 to June 30, 2024		Percent of Gross Salary July 1, 2024 to June 30, 2025	
	Employee	Employer	Employee	Employer
FRS, Special Risk	3%	32.67%	3%	32.79%

An additional administrative/educational fee of 0.06 percent is also paid by the City, which has not been included in the contribution rates reported above. The City contributed 100% of its statutorily required contributions for the current year. The City's contributions to the Plan totaled \$ 1,383,009 for the fiscal year ended September 30, 2024 and are funded by the General Fund. This excludes the Retiree Health Insurance Subsidy Program defined benefit pension plan contributions.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2024, the City reported a liability of \$ 9,568,322 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. At June 30, 2024, the City's proportionate share was .0247%, which was a decrease of .0021% from its proportionate share measured as of June 30, 2023.

For the fiscal year ended September 30, 2024 the City recognized pension expense of \$ 1,532,477 related to the FRS Pension Plan. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 966,657	\$ -
Change of assumptions	1,311,426	-
Net difference between projected and actual earnings on FRS Pension Plan investments	-	(635,960)
Changes in proportion and differences between City's FRS Pension Plan contributions and proportionate share of FRS Pension Plan contributions	723,559	(242,320)
City's FRS Pension Plan contributions subsequent to the measurement date	314,132	-
Total	\$ 3,315,774	\$ (878,280)

Note 12 - Defined Benefit Pension Plan (continued)

The deferred outflows of resources related to pensions, totaling \$ 314,132, resulting from City contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2025.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending September 30,	Amount
2025	(55,577)
2026	1,657,498
2027	261,692
2028	133,982
2029	125,767
Total	\$ <u>2,123,362</u>

Actuarial Assumptions - The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date	July 1, 2024
Measurement date	June 30, 2024
Inflation	2.40%
Salary increases including inflation	3.50%
Mortality	PUB-2010 base table varies by member category and sex, projected generationally with Scale MP-2021
Actuarial cost method	Individual Entry Age
Long-term expected rate of return, net of investment expense	6.70%

(1) The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

The actuarial assumptions that determined the total pension liability as of June 30, 2024 were based on the results of an actuarial experience study completed in 2019 for the period July 1, 2018 through June 30, 2023. The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

Note 12 - Defined Benefit Pension Plan (continued)

The target allocation and best estimates of arithmetic and geometric annual rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.3%	3.3%	1.1%
Fixed income	29.0%	5.7%	5.6%	3.9%
Global equity	45.0%	8.6%	7.0%	18.2%
Real estate	12.0%	8.1%	6.8%	16.6%
Private equity	11.0%	12.4%	8.8%	28.4%
Strategic investments	2.0%	6.6%	6.2%	8.7%
Total	100.0%			
Assumed inflation - mean			2.4%	1.5%

(1) As outlined in the Plan's investment policy

Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.7%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.7%) or 1-percentage-point higher (7.7%) than the current rate:

	1% Decrease (5.7%)	Current Discount Rate (6.7%)	1% Increase (7.7%)
City's proportionate share of net pension liability	\$ 16,830,343	\$ 9,568,322	\$ 3,484,839

Retiree Health Insurance Subsidy Program

Plan Description - The Retiree Health Insurance Subsidy Program (HIS) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the HIS Program. The benefit is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the HIS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, by calling (877) 377-1737 or by visiting the website: http://www.dms.myflorida.com/workforce_operations/retirement/publications.

Benefits Provided - For the fiscal year ended September 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$ 7.50. The payments are at least \$ 45 but not more than \$ 225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Program benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Note 12 - Defined Benefit Pension Plan (continued)

Contributions - The HIS Program is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. The HIS contribution was 2.00% for the periods October 1, 2023 through June 30, 2024 and July 1, 2024 through September 30, 2024. The City contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Program contributions are deposited in a separate trust fund from which payments are authorized. HIS Program benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The City's contributions to the HIS Program totaled \$ 96,080 for the fiscal year ended September 30, 2024 and are funded by the General Fund.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2024, the City reported a net pension liability of \$ 1,674,173 for its proportionate share of the HIS Program's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. At June 30, 2024, the City's proportionate share was .0112%, which was a decrease of .0003% from its proportionate share measured as of June 30, 2023.

For the fiscal year ended September 30, 2024, the City recognized a pension expense of \$ 96,946 related to the HIS Program. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 16,165	\$ (3,215)
Change of assumptions	29,629	(198,201)
Net difference between projected and actual earnings on HIS Program pension plan investments	-	(605)
Changes in proportion and differences between City's HIS Program contributions proportionate share of HIS Program contributions	128,716	(51,982)
City's HIS Program contributions subsequent to the measurement date.	21,138	-
Total	\$ 195,648	\$ (254,003)

The deferred outflows of resources related to pensions, totaling \$ 21,138, resulting from City contributions to the HIS Program subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2025.

Note 12 - Defined Benefit Pension Plan (continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending September 30,	Amount
2025	\$ 1,885
2026	(2,756)
2027	(30,219)
2028	(31,331)
2029	(14,211)
Thereafter	(2,861)
Total	\$ (79,493)

Actuarial Assumptions - The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date	July 1, 2024
Measurement date	June 30, 2024
Inflation	2.40%
Salary increases including inflation	3.50%
Mortality	Generational PUB-2010 with Projection Scale MP-2021
Actuarial cost method	Individual Entry Age
Discount rate	3.93%

(1) In general, the discount rate for calculating the total pension liability under GASB 67 is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate. The single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference.

The following changes in actuarial assumptions occurred in 2024: The municipal bond rate used to determine total pension liability was increased from 3.65% to 3.93%.

The actuarial assumptions used in the 2024 valuation were based on the results of an actuarial experience study completed in 2019 for the period July 1, 2018 through June 30, 2023.

Note 12 - Defined Benefit Pension Plan (continued)

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 3.93%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93%) or 1-percentage-point higher (4.93%) than the current rate:

	1% Decrease (2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
City's proportionate share of net pension liability	\$ 1,950,831	\$ 1,674,173	\$ 1,481,859

Aggregate amounts for all plans -

	FRS Pension Plan	HIS FRS Plan	Total
Net pension liability	\$ 9,568,322	\$ 1,674,173	\$ 11,242,495
Deferred outflows of resources	\$ 3,315,774	\$ 195,648	\$ 3,511,422
Deferred inflows of resources	\$ 878,280	\$ 254,003	\$ 1,132,283
Pension expense	\$ 1,532,477	\$ 96,946	\$ 1,629,423

Note 13 - FRS - Defined Contribution Pension Plan

The City contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida's Annual Comprehensive Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

Eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. City employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Special Risk Class), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

Allocations to the investment member's accounts during the 2024 fiscal year were 19.00%.

Note 13 - FRS - Defined Contribution Pension Plan (continued)

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance.

Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of payroll and by forfeited benefits of Investment Plan members. The fee for the FRS Investment Plan was .06 percent.

After termination and applying to receive benefits, the member may roll over vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The City's Investment Plan pension expense totaled \$ 88,756 for the fiscal year ended September 30, 2024.

Note 14 - Other Post-Employment Benefits

Pursuant to Section 112.0801, Florida Statutes, the City is required to offer eligible retirees and their eligible dependents to participate in the City's health insurance program at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. The City does not provide retirees with any subsidy for this benefit and the retiree must pay an amount determined by the insurance provider. Due to this fact and the cost associated with same, the City has not had any retirees on the Plan over the last several years. Therefore, a current portion of the OPEB liability has not been recorded.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Although the valuation results are based on values the actuarial consultant believes are reasonable assumptions, the valuation result is only an estimate of what future costs may actually be and reflect a long-term perspective. Deviations in any of several factors, such as future interest rate discounts, medical cost inflation, Medicare coverage risk, and changes in marital status, could result in actual costs being greater or less than estimated.

Plan Description:

The City provides a single employer defined benefit health care plan (OPEB plan). The plan allows its employees and their beneficiaries, at their own cost and until the attainment of age 65, to continue to obtain medical, dental, vision, and life insurance benefits upon retirement under the same fully insured plan that covers active employees. No explicit subsidy is provided to retirees. The benefits of the plan conform to Florida Statutes, which are the legal authority of the plan. The plan has no assets accumulated in a GASB-compliant trust. The plan does not issue a separate financial report and required supplementary information. There are no minimum required employer contributions.

Note 14 - Other Post-Employment Benefits (continued)

At September 30, 2024, the following employees were covered by benefit terms:

Inactive employee or beneficiaries currently receiving benefits	-
Inactive employee entitled to, not yet receiving benefits	-
Active employees	<u>150</u>
	<u><u>150</u></u>

Actuarial Assumptions

Significant actuarial assumptions used to calculate the total OPEB liability were as follows:

Measurement date	September 30, 2023
Actuarial valuation date	October 1, 2022
Actuarial assumptions:	
Discount rates	4.91% per year; this rate was used to discount all future benefit payments and is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.
Salary increases	3% per year
Healthcare cost trend rates	Increases in healthcare costs are assumed to be 7.00% for the 2022/23 fiscal year graded down by 0.50% per year to 5.00% for the 2026/27 and later fiscal years.
Age-related morbidity	Insurance premiums are assumed to increase with each year of age in accordance with the rates set forth in the Society of Actuaries report "Health Care Costs - From Birth to Death" prepared by Dale H. Yamamoto (June, 2013). Rates set forth in Chart 2 (Group Costs by Age for 2009/10) were used to develop the morbidity rates prior to age 65 and the rates set forth in Table 4 (Development of Plan Specific Medicare Age Curve) were used to develop the morbidity rates after age 65.
Mortality basis	Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general and public safety employees, with full generational improvements in mortality using Scale MP-2020.
Retirement	Retirement is assumed to occur at age 60.
Health coverage election	50% of eligible employees are assumed to elect medical coverage upon retirement or disability; coverage is assumed to end at age 65.
Changes	Since the prior measurement date, the discount rate was increased from 4.77% per annum to 4.91% per annum.

Note 14 - Other Post-Employment Benefits (continued)

Changes in Total OPEB Liability

Sources of changes in the total OPEB liability were as follows:

	<u>Total OPEB Liability</u>
Beginning balance	\$ 5,777,638
Changes due to:	
Service cost	515,911
Expected interest growth	308,710
Demographic gain/loss	(1,044,129)
Benefit payments and refunds	(206,367)
Assumption changes	<u>(69,026)</u>
Ending balance	\$ <u><u>5,282,737</u></u>

Other post-employment benefit obligations are liquidated by the General Fund and the Utilities Fund.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.91%) or 1-percentage-point higher (5.91%) than the current discount rate:

<u>1% Decrease (3.91%)</u>	<u>Current Discount Rate (4.91%)</u>	<u>1% Increase (5.91%)</u>
\$ 5,802,121	\$ 5,282,737	\$ 4,822,026

Sensitivity of the Total OPEB Liability Using Alternative Healthcare Cost Trend Rates

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

<u>1% Decrease (6.00% decreasing to 4%)</u>	<u>Healthcare Cost Trend Rated (7.00% Graded Down to 5%)</u>	<u>1% Increase (8.00% Decreasing to 6%)</u>
\$ 4,677,552	\$ 5,282,737	\$ 6,009,016

Note 14 - Other Post-Employment Benefits (continued)

OPEB Expense and Deferred Outflows/Inflows of Resources

At September 30, 2024, the City reported deferred outflows/inflows of resources from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Balance at September 30, 2023:	\$ 3,360,160	\$ (2,849,988)
Changes to:		
Amortization payments	(440,188)	383,963
Demographic gain/loss	-	(1,044,129)
Assumption	-	(69,026)
Balance at September 30, 2024:	\$ <u>2,919,972</u>	\$ <u>(3,579,180)</u>

Amounts reported as deferred inflows and outflows of resources will be recognized as OPEB expense as follows:

<u>Year Ending September 30,</u>	<u>Amount</u>
2025	\$ 56,225
2026	56,225
2027	56,225
2028	56,225
2029	56,225
Thereafter	<u>(940,333)</u>
Total	\$ <u>(659,208)</u>

For the year ended September 30, 2024, the City recognized OPEB expense of \$ 674,479.

Note 15 - Commitments and Contingencies

Interlocal agreement: The Utilities Fund is a party to a large user agreement with Broward County (the "County") for wastewater disposal. The City is responsible for all construction, operation and maintenance of facilities up to the point of connection with the County system. Under the agreement, the City pays the County for wastewater transmission, treatment and disposal services on a monthly basis. The monthly charges include operation and maintenance, repair and replacement and debt service. The charges for operation and maintenance are based on actual flow and debt service charges are computed based on the ratio of reserved capacity of facility usage by the City to the total usage by all customers or users. The County imposes a penalty charge to customers exceeding their reserved treatment capacity for three consecutive months. During fiscal year 2003, the City purchased .4 MGD of additional sanitary sewer capacity from Broward County to avoid any such penalties. In addition, a surcharge, limited to a maximum of 10% on each monthly bill, is assessed in order to contribute to a repair and replacement fund maintained by the County. Expenditures totaled approximately \$ 3,847,000 related to the agreement for the fiscal year ended September 30, 2024.

Note 15 - Commitments and Contingencies (continued)

Agreement to provide police services: The City has an agreement with BSO to provide police services to the City through September 2026. The agreement requires monthly payments with increases up to 5% and 9% per year, for certain categories of expenses, through the end of the agreement. Under the agreement, BSO has assumed the obligation for accrued compensated absences relating to police officers of the City as of the effective date of the agreement and will administer and make retirement plan contributions on behalf of such employees. See Note 7 for assets transferred to BSO under the agreement. Expenditures totaled approximately \$ 13,555,000 related to the agreement for the fiscal year ended September 30, 2024.

Agreement to provide utilities plant services: The City has an agreement with U.S. Water Services Corporation to provide operation and maintenance services for the City's Utilities plant and also to provide customer utility billing services. The agreement commenced January 1, 2014 for a term of five (5) years with an option for one (1) five (5) year renewal. The agreement provides for monthly payments with annual increases up to 5% per year and for the payment of certain categories of expenses. City expenditures totaled approximately \$ 1,955,000 related to the agreement for the fiscal year ended September 30, 2024.

Construction commitments: At September 30, 2024, the City had in progress various uncompleted construction projects. The significant projects that are ongoing as of September 30, 2024 are as follows:

<u>Project</u>	<u>Incurred To Date</u>	<u>Remaining Commitment</u>
Fire station 44 Storage Room	\$ -	\$ 211,327
Roof replacement - City Hall and Champions Hall	1,523,676	132,321
Highland Park South Field - artificial turf	-	584,543
Total	\$ <u>1,523,676</u>	\$ <u>928,191</u>

Litigation: The City is a defendant in various lawsuits incidental to its operations. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City Attorney that resolution of these matters will not have a material adverse effect on the financial condition of the City.

Note 16 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 1995, the City established an Insurance Internal Service Fund (the "Insurance Fund") to account for and finance its insurance costs and uninsured risks of loss. Under the current program provided by the Florida Municipal Insurance Trust, the Insurance Fund purchases commercial insurance coverage for workers' compensation, general liability, cyber liability, auto liability/physical damage and property damage. Deductibles vary from \$ 1,000 up to \$ 25,000 dependent upon the type of damage incurred. Workers' compensation coverage does not require a deductible, and the entire allowable amount of each claim is covered under the policy.

Note 16 - Risk Management (continued)

Settled claims did not exceed this commercial coverage during the last three fiscal years.

All funds, except certain special revenue, debt service and capital projects funds, of the City participate in the program and make payments to the Insurance Fund based on management's estimate of amounts needed to pay the full cost of commercial insurance premiums, current year claims and payments to a reserve for catastrophic losses. The total net position balance was \$ 3,155,650 at September 30, 2024. A liability for claims incurred but not reported is recognized when it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. Changes in the Insurance Fund's claims liability are as follows:

<u>Fiscal Year Ended September 30,</u>	<u>Balance at Beginning of Fiscal Year</u>	<u>Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Balance at End of Fiscal Year</u>
2022	\$ 238,560	\$ 64,993	\$ (668)	\$ 302,885
2023	302,885	39,985	-	342,870
2024	342,870	45,630	(204,000)	184,500

Note 17 - Lease Receivable

The City adopted GASB Statement No. 87, *Leases*, in fiscal year 2022. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The City is reporting lease receivables of \$ 7,932,440 at September 30, 2024. The lease receivables are measured as the present value of the future minimum rent payments expected to be received during the lease term at a discounted rate. For the year ended September 30, 2024, the City reported lease revenue of approximately \$ 1,118,000 and interest revenue of approximately \$ 255,000 related to lease payments received. The leases are for a building and land within the City.

As of September 30, 2024, future base minimum lease payments expected to be received are as follows:

<u>Fiscal Year</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total Payments</u>
2025	\$ 1,048,270	\$ 223,236	\$ 1,271,506
2026	1,101,707	190,754	1,292,461
2027	988,094	159,266	1,147,360
2028	1,023,415	129,481	1,152,896
2029	1,060,803	97,876	1,158,679
2030-2034	1,302,287	272,694	1,574,981
2035-2039	841,138	163,656	1,004,794
2040-2044	486,695	44,434	531,129
2045	80,031	1,470	81,501
	<u>\$ 7,932,440</u>	<u>\$ 1,282,867</u>	<u>\$ 9,215,307</u>

Note 18 - Pronouncements Issued, But Not Yet Adopted

The GASB has issued several Statements not yet implemented by the City. The Statements which might impact the City are as follows:

Statement No. 101- Compensated Absences, was issued in June 2022. This Statement will aim to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The provisions of this Statement are effective for fiscal year ending September 30, 2025.

Statement No. 102 - Certain Risk Disclosures, was issued in December 2023. This Statement establishes financial reporting requirements for risks related to vulnerabilities due to certain concentrations or constraints. The requirements of this Statement apply to the financial statements of all state and local governments. The provisions of this Statement are effective for the fiscal year ending September 30, 2025.

Statement No. 103 - Financial Reporting Model Improvements, was issued in April 2024. The Statement requires improving key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The Statement also addresses certain application issues. The provisions of this Statement are effective for fiscal year ending September 30, 2026.

Statement No. 104 - Disclosure of Certain Capital Assets, was issued in September 2024. The Statement requires users of government financial statements be provided with essential information about certain types of capital assets. The Statement also requires certain types of capital assets be disclosed separately in the capital assets note disclosures. The provisions of this Statement are effective for fiscal years ending September 30, 2026.

The City's management has not yet determined the effect these Statements will have on the City's financial statements.

OTHER SUPPLEMENTARY INFORMATION

City of North Lauderdale, Florida

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for resources legally restricted for the financing of particular activities or projects.

Street Maintenance Fund - This fund is used to account for street and sidewalk maintenance and rehabilitation programs.

Law Enforcement Fund - This fund is used to account for assets acquired pursuant to the "Florida Contraband Forfeiture Act." Proceeds may only be expended for law enforcement purposes that are not considered to be normal operating expenditures.

Grants Fund - This fund is used to account for various Federal, State and local grants awarded to the City.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, on a cost reimbursement basis.

Vehicle Maintenance Fund - This fund is used to account for accumulation and allocation of costs associated with the acquisition and maintenance of the City's vehicle fleet and the maintenance of light and heavy equipment.

Information Technology Fund - This fund is used to account for the accumulation and allocation of costs associated with electronic data processing.

Insurance Fund - This fund is used to account for the accumulation and allocation of costs associated with, but not limited to, general liability, automobile, property and workers' compensation premiums.

Source: Broward County Property Appraiser Form DR-403.

Note: Property in the County is re-assessed annually. The County assesses property at approximately 88% and 55% of actual value for real and personal property respectively.
Estimated actual taxable value is calculated by dividing assessed value by those percentages. Tax rates are per \$ 1,000 of assessed value.

Direct and Overlapping Governmental Activity Debt
As of September 30, 2024

<u>Governmental Unit</u>	<u>Net Bonded Debt Outstanding</u>	<u>Estimated Percentage Applicable to City of North Lauderdale</u>	⁽³⁾ <u>Estimated Share of Direct and Overlapping Debt</u>
Debt repaid with property taxes:			
Broward County	\$ 9,400,000 ⁽¹⁾	0.83%	\$ 78,469
Broward County School District	727,030,000 ⁽²⁾	0.75%	<u>5,474,293</u>
Subtotal, Overlapping Debt			<u>5,552,762</u>
City of North Lauderdale Direct Debt	- ⁽⁴⁾	-	\$ <u>-</u>
Total direct and overlapping debt			\$ <u><u>5,552,762</u></u>

(1) Source: Broward County Accounting Division

(2) Source: School Board of Broward County Financial Reporting Division. As of June 30, 2024.

(3) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using net assessed valuation of the City and dividing it by the County's and the School District's net assessed valuation, as applicable.

(4) Paid from non-ad valorem revenue sources.

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the taxpayers of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the property tax payers should be taken into account.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor, Members of
the City Commission and City Manager
City of North Lauderdale, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Lauderdale, Florida (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 21, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Fort Lauderdale, Florida
May 21, 2025

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor, Members of
the City Commission and City Manager
City of North Lauderdale, Florida

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of North Lauderdale, Florida's (the "City"), compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the City's major federal programs for the year ended September 30, 2024. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Fort Lauderdale, Florida
May 21, 2025

MANAGEMENT LETTER IN ACCORDANCE WITH THE *RULES* OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Honorable Mayor, Members of
the City Commission and City Manager
City of North Lauderdale, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of North Lauderdale, Florida (the "City"), as of and for the year ended September 30, 2024, and have issued our report thereon dated May 21, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance).

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Florida Auditor General*. Disclosures in those reports and schedule, which are dated May 21, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in the notes to the financial statements, Note 1.

Financial Condition

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., *Rules of the Auditor General*, the City is required to include a statement as to whether a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did operate within the City's geographical boundaries during the fiscal year under audit.

As required by Section 10.554(1)(i)6.b., *Rules of the Auditor General*, if a PACE program was operating within the geographical areas of the City, a list of all program administrators and third-party administrators that administered the program is required. A list of program and third-party administrators can be found here:

- <https://www.broward.org/Sustainability/Pages/PACE.aspx>

As required by Section 10.554(1)(i)6.c., *Rules of the Auditor General*, if a PACE program was operating within the geographical areas of the City, the full names and contact information of each such program administrator and third-party administrator is required. The full names and contact information for such program and third-party administrators can be found here:

- https://www.broward.org/Sustainability/Documents/PACEProviderList_2025.pdf

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the City reported the specific information in Exhibit 1 accompanying this report. The information for compliance with Section 218.39(3)(c), Florida Statutes and Section 10.554(1)(i)6, *Rules of the Auditor General*, has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that has occurred or is likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Members of the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH SECTION 218.415 FLORIDA STATUTES

To the Honorable Mayor, Members of
the City Commission and City Manager
City of North Lauderdale, Florida

We have examined the City of North Lauderdale, Florida's (the "City"), compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies* (the "specified requirements"), during the year ended September 30, 2024. Management is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the City's compliance with the specified requirements.

In our opinion, the City complied, in all material respects, with the specified requirements for the year ended September 30, 2024.

This report is intended solely for the information and use of the City Commission, management, and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads 'Citrin Cooperman & Company, LLP'.

See notes to schedule of expenditures of federal awards.

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the City of North Lauderdale, Florida (the "City"). The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, as well as other applicable provisions of contracts and grant agreements, wherein certain types of expenditures are not allowable or are limited as to reimbursement, as applicable.

Note 3 - Indirect Cost Rate

The City did not elect to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.
