ORGANIZATIONAL CHART

**CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE
IN FINANCIAL REPORTING**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of DeLand, Florida for its annual comprehensive financial report for the fiscal year ended September 30, 2024.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Telephone: (386) 626-7000
Fax: (386) 626-7138

February 27, 2026

To the Honorable Mayor, Members of the City Commission,
and Citizens of the City of DeLand:

It is our pleasure to submit this Comprehensive Annual Financial Report for the City of DeLand, Florida (the City), for the fiscal year ended September 30, 2025. This report fulfills the requirements set forth in the City Code of Ordinances, Charter Section 31: Florida Statutes, Chapter 166.241 and the Rules of the Florida Auditor General, Chapter 10.550. The organization, form and contents of this report plus the accompanying financial statements and statistical tables are formulated in accordance with the principles prescribed by the Governmental Accounting Standards Board, State of Florida, City Charter and the Government Finance Officers Association.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive framework of internal controls that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not exceed the anticipated benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free of any material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Florida Statutes and the City Code of Ordinances require that an annual financial audit in accordance with generally accepted auditing standards be performed by a firm of licensed certified public accountants. This year the audit was performed by an independent firm of certified public accountants, James Moore & Co., P.L. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2025, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended September 30, 2025, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, state mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on those internal controls and legal requirements involving administration of federal and state awards. These reports are in the compliance section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditors' report.

THE REPORTING ENTITY AND ITS ORGANIZATION

The City of DeLand is located in the central part of the state approximately twenty-five miles from the Atlantic Ocean and approximately 40 miles northeast of the City of Orlando. The City was founded in 1876 by Henry A. DeLand, incorporated in 1882, and is the county seat for Volusia County. Stetson University, located in the City, was chartered in 1887, and is one of the state's oldest accredited institutions of higher learning.

The City operates under a Commission-Manager form of government. The City Commission is comprised of five elected officials, the Mayor-Commissioner and four Commissioners who are responsible for enacting the ordinances and resolutions that govern the City. The Commission appoints the City Manager, City Attorney and City Clerk-Auditor. The City Manager is responsible for enforcement of all ordinances and resolutions passed by the Commission, for overseeing the day-to-day operations of the City and for appointing heads of various departments.

The City provides a full range of municipal services contemplated by statute or charter. This includes public safety (police and fire), public works (streets, urban beautification and trees), community development (economic development, planning-zoning, building inspections), parks, culture-recreation, public improvements and general administrative services. In addition, water and sewer, stormwater, refuse collection, airport facilities and permits and inspections are provided under an enterprise fund concept with user charges established by the City Commission to ensure adequate coverage of operating expenses and payments on outstanding debt.

The City is empowered to levy a property tax on both real and personal properties located within its boundaries which, in part, fund the services to the City's estimated 44,316 residents. It also is empowered by state statutes to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Commission.

The financial transactions of the Downtown Community Redevelopment Agency and the Spring Hill Community Redevelopment Agency are presented herein as blended component units under the definition of Statement 14 of the Governmental Accounting Standards Board.

There were no other entities that should have been considered for inclusion within these financial statements based on the criteria of Statement 14 of the Governmental Accounting Standards Board.

BUDGETARY INFORMATION

Annually, the City Manager presents a proposed budget to the City Commission for the fiscal year commencing October 1. Public hearings are conducted in the Commission Chambers at City Hall to receive taxpayer comments. Following the public hearings, a final budget is adopted in September of each year.

At the request of the City Manager, the Commission may at any time, by resolution, transfer any unused appropriation balance or portion thereof between general classifications or expenditures within an office, department or agency, or transfer any unused appropriation balance or portion thereof from one office, department or agency to another or appropriate additional funds based on revisions to revenue estimates. The City Charter prohibits over-expenditure of departmental budgeted amounts without prior approval of the City Commission.

Budgeted amounts shown on the financial statements are as originally adopted and as amended by the City Commission. Budget to actual comparisons demonstrate how the actual expenses/expenditures compare to both the original and final revised budgets. These can be found on various statements as listed in the table of contents. A discussion of the budget to actual presentation and basis of accounting used is available in the notes (See Note 1(c) on pages 45 and 46 and 1(f) on pages 49 and 50).

Budgetary controls are maintained through continuous review by the Finance Director. The City Charter requires that over expenditure of budgeted amounts be approved by the City Commission. All appropriations shall lapse at the end of the budget year to the extent that they have not been expended. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP), except that carryover surplus and transfers from reserves are included in budgetary revenue as required by the City Charter. Budgets for the Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP), except that debt service, capital acquisitions, capital leases and water and sewer impact fees are included in budgetary revenue and expenditures as required by the City Charter. Budgets for the Internal Service Funds are adopted on a basis consistent with generally accepted accounting principles.

ECONOMIC CONDITION AND OUTLOOK

Each year the University of Central Florida’s Institute for Economic Forecasting reviews all of the State of Florida Metropolitan Statistical Areas (MSA) and compiles an annual forecast. This year’s Fall 2025 forecast for the Deltona-Daytona-Ormond metropolitan statistical area (Deltona MSA) comprised of Volusia and Flagler Counties is expected to be moderate. Gross Metro Product in the Deltona MSA will be \$29,335.68 million, placing it 12th in the state for metro output. Average annual wage will grow at a rate of 4.8%, driving the average annual real wage increase to \$66,200, which is ranked 22nd in the state. Per capita income levels will come in at \$52,700, with average per personal income growth of 5.6% annually. Expected population growth is 1.0% per year. The Deltona MSA labor market will experience an average level of annual employment growth at 0.8%, with an unemployment rate of 4.5%. The Other Services sector will experience the fastest growth rate in the Deltona MSA with an annual growth rate of 2.0%. The Information sector will follow at 1.7%. The Deltona MSA will see the largest contraction in growth in the Federal sector at -1.1%.

Throughout FY 2024-2025 DeLand has continued to capture a very favorable share of the new housing starts occurring in Volusia County. This is attributed in part, to the availability of affordably priced land, proximity to Interstate 4 and being centrally located between Orlando and Daytona Beach. There were three hundred and thirty-eight (338) single family residential building permits issued with a construction value totaling \$137,600,610 and an average unit value of \$407,102. In addition, County records show during this past year that ninety-four (94) new commercial and industrial permits were issued with a value of \$75,972,090.

Residential New Construction in Volusia County continues to be active with DeLand generally near the top of all of the other cities in the number of residential permits being issued. This is illustrated in the following chart from the County’s Third Quarter 2025, Economic Development Quarterly Report.

Additional Economic Development Activities and Accomplishments Include:

- MainStreet DeLand (MSD) continues to promote Downtown DeLand in a variety of ways. Best known for their Special Events, they also do several merchant-oriented events throughout the year. They focus on promoting economic development, historic preservation, and cultural enrichment in the community through various events, initiatives, and partnerships. The association works to create a vibrant downtown area that attracts residents, visitors, and businesses alike.
- Street level occupancy in Downtown DeLand remains steady at 94%. Anecdotally, many merchants have reported healthy year over year increases in foot traffic and profits.
- Kingspan LLC is completing their extensive renovation of their DeLand Headquarters Energy Center. The Energy Center will be a showroom for their products line and used as a demonstration space for both domestic and international clients. Kingspan is also redeveloping its usage space to be net zero, where all materials are being recycled and rainwater collection is saved for company reuse. To achieve this goal, a pilot project was initiated at the DeLand headquarters separating the waste streams from all materials into nine categories, then collecting, tracking and documenting the waste and breaking it up through the process.
- Staff continues to work with the Marketing Alliance in refining a subsite within the city’s website focused on marketing available property at the DeLand Municipal Airport and Northwest Industrial base to the site selection community. The site contains an interactive parcel map, video testimonials from local CEOs and information on how to start, relocate and expand a business in the city. All video can be viewed on the Economic Development section of the City’s website
- The City remains an executive board member with Team Volusia Economic Development Corporation, the public/private membership organization responsible for recruitment of businesses and business prospects. Staff continually works with TVEDC to identify potential projects with the goal of marketing vacant airport property for construction of speculative industrial buildings, which is currently non-existent and in high demand.
- The City renewed its annual contract with the DeLand Area Chamber of Commerce for their Business Retention and Expansion Program. This program provides information to businesses about available services, funding and growth opportunities within DeLand. Additionally, the viability of surveyed businesses, their needs, complaints, etc. are brought to city attention for appropriate action.

- The City's Economic Development Manager continues to work with a number of local businesses and manufacturers including MT-Propeller, Advent Health, Team Plastics on their expansion planning.
- The city continues to enhance and expand the functionality of the Accela Civic Platform online electronic permitting software and its support modules to meet customer service needs and expectations. This software application has improved customer services and permit delivery time. The built-in workflow allows electronic documents to be shared and reviewed across departments. Mobile capabilities provide customers faster and improved access to their data and enhances staff productivity.
- The City of DeLand continues to position itself as a sustainable community and prepare for future growth by encouraging both new development and redevelopment in the core city area, establishing mixed-use centers and supporting alternative modes of transportation. A strong and diverse economy will allow DeLand to continue as a livable community promoting a high quality of life for all residents.

FINANCIAL TRENDS – LOCAL ECONOMY

The major employers in the City of DeLand are Florida Hospital, Stetson University, and governmental entities including the City of DeLand, Volusia County, Volusia County School Board and the State of Florida Department of Transportation.

The City's current economic environment has improved after the decline due to the COVID-19 pandemic. The more recent estimates available for unemployment data in DeLand, Volusia County, and the State of Florida are compiled by the Florida Department of Commerce. Their estimated unemployment rates are as follows:

	<u>DeLand</u>	<u>Volusia County</u>	<u>State of Florida</u>
September 2025	5.6%	4.9%	4.2%
September 2024	4.2%	3.9%	3.4%
Increase (Decrease)	1.4%	1.0%	0.8%

According to the Florida Bureau of Economic and Business Research, the City's estimated population for 2025 was 44,316. For 2024 the estimated population was 43,185.

Additional statistical information pertaining to unemployment, median incomes and population can be found in the Statistical Section of this report.

FINANCIAL TRENDS – LONG TERM FINANCIAL PLANNING

As part of the annual budget process, the City prepares a comprehensive capital budget for the next fiscal year and Capital Improvement Program for the following five fiscal years. Included in that process is a determination of the impact on future operating costs and a determination as to the appropriate funding mechanism for needed capital.

Revenue and expense forecasts are prepared each year for use during the budget development process. During workshops with the City Commission, the forecasts and assumptions used in developing them are presented to ensure that expectations are kept consistent throughout the budget development process.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of DeLand, Florida for its comprehensive annual financial report for the fiscal year ended September 30, 2024. This was the forty-first consecutive year that the City of DeLand has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition to the Certificate of Achievement, the City also received GFOA's Distinguished Budget Presentation Award for its fiscal year 2025 annual budget document. In order to qualify for the award, the City's budget document had to be judged to be proficient as a policy document, a financial plan, an operations guide and a communications device. The City has received the award for twenty-two consecutive years.

Recognition by GFOA, as evidenced by these two awards, is verification of the Finance Department's dedication to producing documents that effectively communicate the City's financial condition.

ACKNOWLEDGMENTS

This report represents countless hours of preparation. Many individuals are responsible for its completion. The timely preparation of the comprehensive annual financial report was made possible by the dedicated service of the Finance Department. Special recognition is given to the Finance staff who worked diligently to ensure the timeliness and accuracy of the report. Each member of the Finance Department has our sincere appreciation.

We also extend our sincere appreciation to the City Commission of the City of DeLand for their dedication and support.

Finance Director

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and City Commission,
City of DeLand, Florida:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of DeLand, Florida (the City), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof, and the applicable budgetary comparison statements for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (GAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements. The combining and individual nonmajor fund financial statements and other schedules, and schedule of expenditures of federal awards and state financial assistance as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Section 215.97, Florida Statutes, *Florida Single Audit Act*; and Chapter 10.550, Rules of the State of Florida, Office of the Auditor General, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

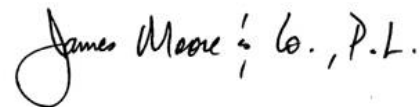

The combining and individual nonmajor fund financial statements and other schedules, and schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information Included in the Annual Comprehensive Financial Report

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 27, 2026, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "James Moore & Co., P.L." The signature is written in a cursive style and is enclosed within a thin black rectangular border.

Management's Discussion and Analysis

As management of the City of DeLand, Florida, (the "City"), we offer the readers of these basic financial statements this narrative overview and analysis of the City's financial activities for the fiscal year that ended on September 30, 2025. This discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position, (d) identify any material deviations from the financial plan (the approved budget), and (e) to identify individual fund issues and/or concerns.

As with other sections of this financial report, the information contained within the Management's Discussion and Analysis (MD&A) should be considered only a part of a greater whole. The reader of this statement should take time to read and evaluate all sections of this report, including our letter of transmittal, which can be found on pages 5 to 10, the City's basic financial statements which begin on page 30, and the Required Supplementary Information (RSI), which can be found on pages 85 to 92.

Financial Highlights

- The assets plus deferred outflows of resources of the City exceed its liabilities plus deferred inflows of resources at the close of the fiscal year by \$408,069,084 (net position). Of this amount \$295,753,288 represents investment in capital assets (net of related debt) and restricted and unrestricted net position of \$29,810,843 and \$82,504,953, respectively.
- The City's total net position increased by \$27,943,251 (or 7.35%) based on current year activities. Of this amount, governmental activities produced an increase of \$3,832,476, while business-type activities produced an increase of \$24,110,775.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$50,781,893, an increase of \$2,175,522 (or 4.48%) in comparison with the prior year. Approximately 17.02% or \$8,645,481 of this total amount is unassigned fund balance and is available for spending at the City's discretion.
- The City's proprietary funds reported a combined ending net position of \$294,652,855, an increase of \$24,131,308 (or 8.92%) during the current fiscal year. Approximately 20.20% or \$59,523,615 of this total amount is comprised of unrestricted net position which is available for spending at the City's discretion.
- The City's total outstanding debt increased by \$25,940,659 (or 74.93%) during the current fiscal year. Governmental activities debt decreased by \$1,459,305 while Business-type activities debt increased by \$27,399,964.

Overview of the Financial Statements

The City's basic financial statements are comprised of three parts: 1) the government-wide financial statements, 2) the fund financial statements and 3) the notes to the financial statements. The remainder of the financial statements is comprised of the following parts: 1) the required supplementary information consisting of Pension Trust Fund Schedules, 2) Combining and Individual Fund Statements and Schedules, 3) the Statistical Section consisting of selected financial and demographic information, generally presented on a multi-year basis and 4) the Single Audit and Other Reports Section consisting of supplemental reports pertaining to federal and state single audit requirements.

Management's Discussion and Analysis (MD&A) is intended to serve as an introduction to the basic financial statements and required supplementary information. The MD&A represents management's examination and analysis of the City's financial condition and financial performance as a whole. Summary financial statement data, key financial and operational indicators used in the strategic plan, budget and other management tools were used for this analysis.

The basic financial statements include two kinds of statements. The first type of statement consists of government-wide financial statements. The government-wide financial statements provide both short- and long-term financial information about the City's overall financial status. The government-wide financial statements are presented by its governmental activities and its business-type activities. The government-wide financial statements report information about the City using full accrual accounting methods and economic resources focus as utilized by similar business activities in the private sector. Information concerning all of the City's assets and liabilities, both financial and capital, and debt are presented whereas the reader can signify the short- and long-term portions. Likewise, all revenues and expenses received during the year, regardless of when cash is received or paid, are reported.

The remaining statements are fund financial statements that focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide financial statements. The governmental fund statements tell how the general government accounts for all current financial resources in servicing the community, what was financed in the short-term, as well as what remains for future spending. Proprietary fund statements offer short and long-term financial

information about the activities the government operates like a business, such as the City's Water and Sewer, Stormwater, Permits and Inspections, Refuse, and the Municipal Airport. Fiduciary fund statements are used to account for assets held by the government in a trustee capacity. Currently there are three pension trust funds, which consist of the General Employees', Police Officers', and Firefighters' Retirement Trust Funds.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. Both statements represent an overview of the City as a whole, separating its operations between Governmental and Business-type activities. All information is presented utilizing the economic resources measurement focus and accrual basis of accounting. This method better matches revenues and expenses to the period in which the revenue is earned and the expense attributed. Fiduciary funds, such as pension trust funds, are excluded from these Government-wide Financial Statements because they represent money and funds legally set aside for use by the employee groups they benefit. Their assets and income do not flow through these statements, nor are the liabilities for which taxpayers may ultimately be responsible included.

The Statement of Net Position presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources at the end of its fiscal year, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the City's financial position is improving or deteriorating. Net position increases when revenues exceed expenses. Increases to assets and deferred outflows of resources without a corresponding increase to liabilities and deferred inflows of resources results in increased net position, which indicates an improved financial condition. The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to be similar to a bottom line for the City in its governmental and business-type activities. This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations.

The Government-wide Statement of Net Position can be found on page 30 of this report.

The Statement of Activities presents the information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The Government-wide Statement of Activities can be found on page 31 of this report.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, community development, public safety, public works, parks and recreation and community redevelopment. The business-type activities of the City include water and sewer, municipal airport, refuse collection, stormwater and permits and inspections.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds – Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using the current financial resource measurement focus and modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted into cash. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the

Management's Discussion and Analysis – (Continued)

government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Spring Hill Community Redevelopment Fund, the Downtown Community Redevelopment Fund, the Debt Service Fund, and the Capital Fund which are considered to be major funds for the current year. Data from the other nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The City adopts an annual appropriation budget for its General Fund, Spring Hill Community Redevelopment Fund, and Downtown Community Redevelopment Fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with the adopted budgets.

The Governmental Fund Financial Statements can be found on pages 32 to 38 of this report.

Proprietary Funds – The City maintains two different types of proprietary funds, enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent is that the costs of providing goods or services to the general public on a continuing basis should be financed or recovered through user charges. Currently there are five enterprise funds which consist of the Water and Sewer Revenue Fund, Municipal Airport Fund, Refuse Collection Fund, Stormwater Fund and the Permits and Inspections Fund. The proprietary fund financial statements provide separate information for the Water and Sewer Fund, the Municipal Airport Fund and the Refuse Collection Fund which are considered to be major funds of the City. Data for the other two enterprise funds are combined into a single, aggregated presentation. Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost reimbursement basis. There are currently two internal service funds, the Workers' Compensation Self-Insurance Fund and the Health Insurance Cost Containment Fund. Individual fund data for the non-major enterprise funds as well as for the internal service funds is provided in the form of combining statements elsewhere in this report. The City adopts an annual appropriations budget for each of its Enterprise Funds and Internal Service Funds in accordance with State Statutes and City Charter.

While the Total column on the Business-type Financial Statements is the same as the Business-type column on the Government-Wide Financial Statements, after adjusting for internal service funds, the Governmental Funds Total column requires a reconciliation because of the different measurement focus (current financial resources versus total economic resources) which is reflected on pages 33 and 35. The flow of current financial resources will reflect proceeds of financing and interfund transfers as other financial sources as well as capital expenditures and principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations into the Governmental Activities column (in the Government-wide statements).

The Enterprise Fund Financial Statements can be found on pages 39 to 41 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government (e.g., pension beneficiaries). The City maintains two different types of fiduciary funds, trust funds and custodial funds. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. Rather, the City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Trust Funds are used to account for assets held by the government in a trust capacity. The City is the trustee, or fiduciary, for its employees' pension plans. Currently there are three pension trust funds, which consist of the General Employees', Police Officers', and Firefighters' Retirement Trust.

The Fiduciary Fund Financial Statements can be found on pages 42 to 43 of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes present information about the City's significant accounting policies, account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any.

Management's Discussion and Analysis – (Continued)

The Notes to the Financial Statements can be found on pages 44 to 84 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's budgetary compliance and the City's progress in funding its obligation to provide pension benefits to its employees.

Required Supplementary Information can be found on pages 85 to 92 of this report.

The combining statements referred to earlier in connection with non-major governmental and proprietary funds and internal service funds are presented immediately following the required supplementary information.

Combining and Individual Fund Statements can be found on pages 93 to 106 of this report.

Government-wide Financial Analysis of the City as a Whole

Statement of Net Position - As noted previously, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets plus deferred outflows of resources exceed liabilities plus deferred inflows of resources by \$408,069,084 at the close of the most recent fiscal year.

The following table reflects a summary of Net Position compared to prior year:

Statement of Net Position						
As of September 30,						
	Governmental Activities		Business-Type Activities		Total Primary Government	
	2025	2024*	2025	2024*	2025	2024*
Assets:						
Current Assets	\$ 58,214,409	\$ 56,048,405	\$ 99,287,292	\$ 112,806,629	\$ 157,501,701	\$ 168,855,034
Current Restricted Assets	1,235,585	1,142,758	18,487,455	7,659,810	19,723,040	8,802,568
Capital Assets, Net	94,636,764	93,263,973	271,804,127	220,517,440	366,440,891	313,781,413
Total Assets	\$ 154,086,758	\$ 150,455,136	\$ 389,578,874	\$ 340,983,879	\$ 543,665,632	\$ 491,439,015
Deferred Outflows of Resources	\$ 6,786,192	\$ 13,465,147	\$ 252,779	\$ 1,368,086	\$ 7,038,971	\$ 14,833,233
Liabilities:						
Current Liabilities	\$ 5,264,799	\$ 5,008,141	\$ 9,504,621	\$ 11,806,270	\$ 14,769,420	\$ 16,814,411
Non-Current Liabilities	37,871,536	46,618,451	50,225,272	23,561,453	88,096,808	70,179,904
Total Liabilities	\$ 43,136,335	\$ 51,626,592	\$ 59,729,893	\$ 35,367,723	\$ 102,866,228	\$ 86,994,315
Deferred Inflows of Resources	\$ 4,650,330	\$ 3,039,882	\$ 35,118,961	\$ 36,029,622	\$ 39,769,291	\$ 39,069,504
Net Assets:						
Invested in Capital Assets	\$ 77,851,738	\$ 75,384,390	\$ 217,901,550	\$ 199,299,045	\$ 295,753,288	\$ 274,683,435
Restricted	12,583,153	12,908,750	17,227,690	7,463,410	29,810,843	20,372,160
Unrestricted	22,651,394	20,960,669	59,853,559	64,192,165	82,504,953	85,152,834
Total Net Position	\$ 113,086,285	\$ 109,253,809	\$ 294,982,799	\$ 270,954,620	\$ 408,069,084	\$ 380,208,429

*Prior Year (2024) was not restated for the impacts of GASB 101.

By far the largest portion of the City's net position is \$295,753,288 (72.48%) which reflects its investment in capital assets (e.g., land, buildings, infrastructure, equipment), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position, \$29,810,843 (7.30%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position \$82,504,953 (20.22%) may be used to meet the government's ongoing obligations to citizens and creditors.

The City's overall net position increased \$27,943,251 from the prior fiscal year's balance. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

Management's Discussion and Analysis – (Continued)

Statement of Activities - While the Statement of Net Position shows a snapshot of the City's financial position at the end of the fiscal year, the Statement of Activities provides answers as to the nature and sources of those changes.

The following schedule compares the revenues and expenses for the current and previous fiscal year:

	Change in Net Position As of September 30,					
	Governmental Activities		Business-Type Activities		Total Primary Government	
	2025	2024*	2025	2024*	2025	2024*

*Prior Year (2024) was not restated for the impacts of GASB 101.

The City's combined overall net position increased \$27,943,251 in the current fiscal year. Revenues decreased from the prior fiscal year by \$9,818,869 (-7.64%) and expenses increased by \$5,237,878 (6.13%).

Governmental Activities - Governmental activities increased the City's net position by \$3,832,476, accounting for 13.72% of the total growth in the net position of the City.

Net position of the City's governmental activities totaled \$113,086,285 at the end of the fiscal year. Of this amount, approximately 79.97% is either restricted as to the purposes they can be used for or is invested in capital assets (land, buildings and equipment). Consequently, unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraint established by debt covenants, enabling legislation, or other legal requirements, totaled \$22,651,394 at the end of the current fiscal year. Net pension liability of \$16,453,722 is the most significant liability (claim) against governmental unrestricted net position.

Management's Discussion and Analysis – (Continued)

The following is a summary of the City's Revenues by Source – Governmental Activities:

Governmental activities revenues decreased by \$1,671,874 (or -3.32%) compared to the prior fiscal year. Charges for services decreased \$583,926 (or -17.53%) mainly due to decreases in tree replacement revenues(-\$181,288), planning services (-\$91,018), public safety services (-\$168,861) and special events (-\$52,967). Operating grants and contributions decreased by \$1,351,524 (or -54.41%) mainly due to Hurricane Ian disaster recovery funds recognized as revenue in the prior year. Capital grants and contributions decreased by \$3,026,120 (or -69.04%) mainly due to an ECHO grant for the Alabama Greenway Trail for \$1,500,000 in the prior year, as well as, a decrease in governmental impact fees (-\$1,342,728) in the current year. Property taxes increased \$2,365,925 (or 11.82%) as the property tax values increased \$431,850,453 (or 14.15%) in the current fiscal year and included \$174,281,069 in annexations and new construction. The combined millage rate of 6.2841 (6.2841 – Operating, 0.0000 – Debt) was 0.2 mills less than the prior fiscal year. Sales and use taxes increased \$72,157 (or 2.78%), franchise taxes increased \$460,843 (or 10.98%), public service taxes increased \$999,182 (or 14.62%) and intergovernmental revenues increased \$173,757 (or 5.82%). Investment earnings decreased \$537,741 (or -18.29%) mainly due to decreased interest earnings from decreasing interest rates as well as decreased unrealized gains on investments during the current year. Miscellaneous revenues decreased \$244,427 (or -41.59%) due to decreases in insurance proceeds received.

Management's Discussion and Analysis – (Continued)

The following is a summary of the City's Program Expenses and Revenues – Governmental Activities:

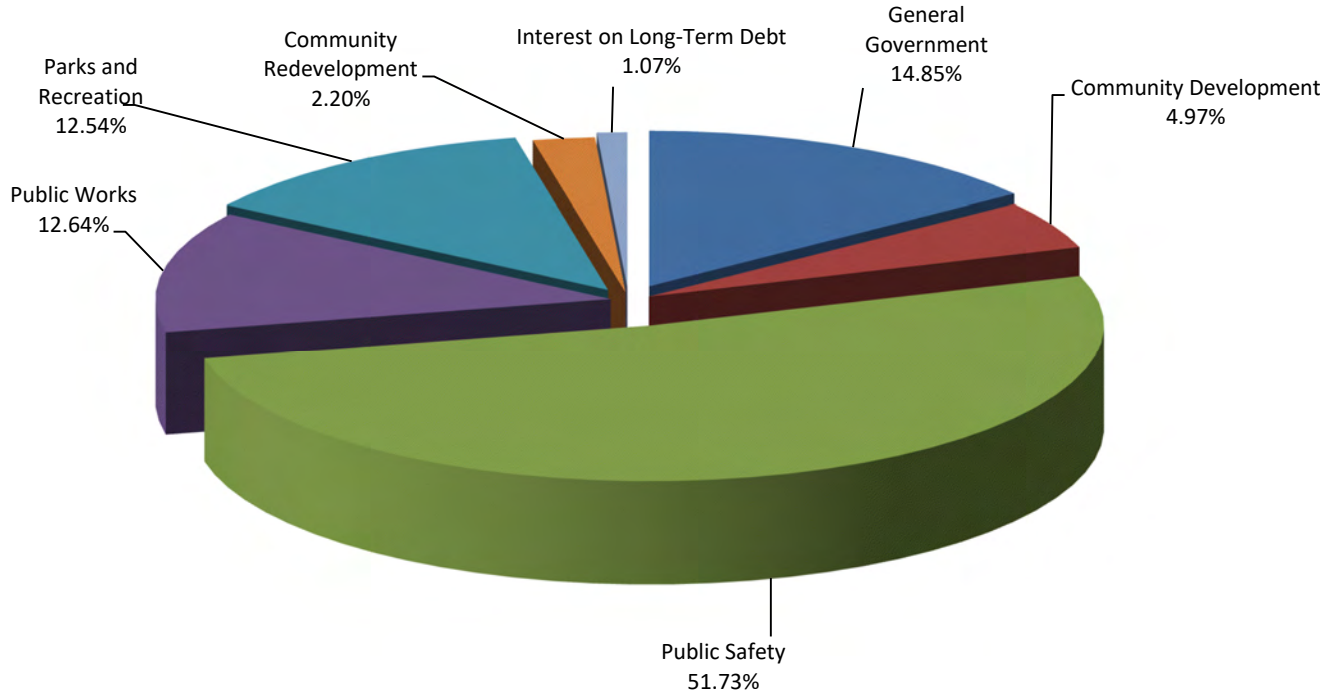

Expenses and Program Revenues – Governmental Activities

An individual comparison of the City's functional program revenues and costs of providing governmental-type program services to its citizens is useful in identifying the programs, and the extent of which each are dependent on taxes and other non-exchange revenues to subsidize their program operations.

The following is a summary of the City's Expenses by Function – Governmental Activities:

Expenses by Function – Governmental Activities

Governmental activities expenses increased by \$1,498,342 (or 3.19%) compared to the prior fiscal year. General Government expenses decreased \$1,467,508 (or -16.94%) mostly due to a decrease in the net pension liability in the current year, which are partially offset by an increase in Hurricane Milton disaster relief expenses in the current fiscal year. Community Development increased \$270,026 (or 12.64%) mainly due to increases in personnel costs and professional services. Public safety increased \$2,668,213 (or 11.92%) mainly due to increases in personnel costs, including salaries,

Management's Discussion and Analysis – (Continued)

in accordance with union contracts, as well as increases in overtime, special pay, health insurance, retirement contributions and workers compensation. Three (3) fire driver/engineers were added during the current fiscal year. Public Works decreased \$314,215 (or -4.88%) due to decreases in road materials and supplies. Parks and Recreation increased \$182,789 (or 3.10%) mostly due to increases in personnel costs, including adding a recreation supervisor and an administrative assistant. Community redevelopment increased \$194,928 (or 22.43%) mainly due to increases in downtown Christmas lighting and decorations and the DeLand SunRail circulatory services. Interest on Long-Term Debt decreased \$35,891 (or -6.47%) as governmental loans continue to be paid down.

Business-type Activities – Business-type activities increased the City's net position by \$24,110,775, accounting for 86.28% of the total growth in the net position of the City.

Net position of the City's business-type activities totaled \$294,982,799 at the end of the fiscal year. Of this amount, approximately 79.71% is either restricted as to the purposes they can be used for or is invested in capital assets (land, buildings and equipment). Consequently, unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraint established by debt covenants, enabling legislation, or other legal requirements, totaled \$59,853,559 or 20.29% at the end of the fiscal year.

The following is a summary of the City's Revenues by Source – Business-type Activities:

Revenues by Source – Business-type Activities

Business-type activity revenues decreased \$8,146,995 (or -10.43%) compared to the prior fiscal year. Charges for services increased \$595,670 (or 1.35%) primarily due to increases in water and sewer service revenue and refuse collection fees. Water and sewer service revenues increased \$2,064,470 (or 6.71%) over the prior year mainly due to a 4.50% increase in water rates and a 4.0% increase in wastewater rates in the current year. Refuse collection fees increased \$534,407 (or 9.61%) mainly due to a 3.0% increase in garbage rates in the current year. Stormwater fees increased \$184,118 (or 7.73%) mainly due to a 4% increase in stormwater rates in the current year. Permits and inspections fees decreased \$1,941,165 (or -48.40%) partly due to the City decreasing fees to eliminate excess reserves as well as a slowdown in the economy. Capital grants and contributions decreased \$7,691,858 (or -27.63%) mainly due to a decrease in water and sewer project grants, most notably for the upgrade and expansion of the Wiley M. Nash Reclaimed Water Treatment Plant project. There were also significant decreases in water and sewer development fees. Investment earnings decreased \$1,080,519 (or -19.78%) mainly due to decreased interest earnings from decreased interest rate as well as decreased unrealized gains on investments during the current year. Miscellaneous revenues increased \$29,712 (or 5.12%) due to an increase in insurance proceeds received in the current year.

Management's Discussion and Analysis – (Continued)

The following is a summary of the City's Expenses and Program Revenues – Business-type Activities:

Expenses and Program Revenues – Business-type Activities

A comparison of the City's functional program revenues and costs of providing business-type services to its customers is useful in identifying the capabilities of producing revenues sufficient to operate their programs.

Operating expenses of the business-type activities increased to \$42,289,082 as compared to \$38,549,546 the prior fiscal year, an increase of \$3,739,536 (or 9.70%). This increase is mainly due to increases in Water and Sewer expenses, Airport expenses and Refuse expenses.

Water and Sewer expenses increased \$2,338,464 (or 9.52%) partly due to an increase in personnel costs (\$725,163) related to a 3% merit increase, promotions and additions to staffing, including a FOG Inspector, an assistant water superintendent, an assistant wastewater superintendent and a maintenance/construction foreman during the current year. Increases also occurred in professional and contractual services (\$61,530), repairs and maintenance (\$246,210), supplies (\$128,040), utilities (\$207,979), insurance (\$62,692), operating capital (\$261,982) services provided by the general government (\$240,331), depreciation (\$144,421) and interest and amortization expense (\$189,513).

Municipal Airport expenses increased by \$470,085 (or 20.36%) mainly due to an increase in professional services (\$310,362), including an update to airport master plan. The increase was also partly due to increases in personnel costs (\$35,394) related to a 3% merit increase, services provided by the general government (\$81,522), supplies (\$14,547) and depreciation (\$17,255).

Refuse expenses increased by \$526,487 (or 9.72%) mainly due to an increase in contractual services (\$529,687).

Stormwater expenses increased by \$208,168 (or 8.35%) mainly due to increases in services provided by the general government (\$59,035), repairs and maintenance (\$49,934), depreciation (\$58,628) and other expenses (\$20,782) including travel and training.

Permits and Inspections expenses increased by \$196,332 (or 5.20%) partly due to an increase in personnel costs (\$44,362) related to a 3% merit increase. Increases also occurred in services provided by the general government (\$181,683) and depreciation (\$60,913). These increases were partially offset by a decrease in contractual services (-\$61,831).

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements.

Management's Discussion and Analysis – (Continued)

As the City completed the current fiscal year, its nine (9) governmental funds reported a combined fund balance of \$50,781,893, which was \$2,175,522 more than the \$48,606,371 reported last fiscal year. The increase is primarily due to higher than budgeted revenues and lower than budgeted expenditures in the General Fund, which is explained in more detail later in the report. Approximately 17.02% of total fund balance, or \$8,645,481, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance (\$42,136,412 or 82.98%) consists of:

- \$1,524,756 or 3.00% is nonspendable relating to long-term lease receivables, inventories, prepaid items and advances to other funds.
- \$12,622,224 or 24.86% is restricted by enabling legislation or other legal requirements imposed by outside sources.
- \$4,603,691 or 9.07% is committed by formal action of the City Commission for public works, community development, parks and recreation and capital improvements.
- \$23,385,741 or 46.05% is assigned for public works, community development, capital improvements, hurricane reserves and appropriations.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance in the General Fund totaled \$8,645,481 while total fund balance reached \$37,771,366. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance of the General Fund represents approximately 20.27% of total General Fund expenditures (excluding transfers, capital and other financing uses) or \$42,658,434, while total fund balance of the General Fund represents 88.54% of that same amount.

Total fund balance in the General Fund increased by \$2,048,665 during the current fiscal year. Individually, nonspendable fund balance decreased by \$169,647 primarily as a result of decreases in advances to other funds. Restricted fund balance increased by \$135,924 mainly due to funds restricted for other post-employment benefits. Committed fund balance decreased by \$721,729 mainly due to committed ARPA Capital funds were either spent on capital projects or transferred to the Homeless Shelter Fund during the fiscal year. Assigned fund balance increased by \$2,979,077 and is mostly attributable to appropriations for City capital improvements. Unassigned fund balance decreased by \$174,960 mainly due to planned use of reserves on capital projects.

The millage rate assessed by the City of DeLand for the fiscal year ended September 30, 2025, was 6.2841 per \$1,000 (6.2841 Operating plus 0.0000 Debt Service), which means that the City has a tax margin of 3.7159 per \$1,000 and could raise up to \$12,947,512 in additional tax revenue per year from the present assessed valuation of \$3,484,354,281 before the limit is reached.

The City Commission has established an operating reserve requirement equal to two months' operating expenses in the General Fund. At September 30, 2025, the required operating reserve equals \$8,131,132 and the fund balance available equals \$8,726,223 resulting in a surplus over the reserve requirements of \$595,092.

The Spring Hill Community Redevelopment Trust Fund is a special revenue fund that reports the financial activities of the Spring Hill Community Redevelopment Area. At September 30, 2025, restricted fund balance of the Spring Hill Redevelopment Trust Fund was \$2,138,369. The net increase in the restricted fund balance during the current fiscal year was \$746,247 (or 53.61%) due to funds collected in advance for planned capital improvements. The Fund received \$1,067,268 in tax increment revenues during the current fiscal year. These funds are legally restricted for use to complete projects identified in the Spring Hill Community Redevelopment Agency Master Plan.

The Downtown Community Redevelopment Trust Fund is a special revenue fund that reports the financial activities of the Downtown Community Redevelopment Area. At September 30, 2025, restricted fund balance of the Downtown Redevelopment Trust Fund was \$1,849,460. The net increase in the restricted fund balance during the current fiscal year was \$304,035 (or 19.67%) and represents funds spent on planned capital improvements. The Fund received \$800,207 in tax increment revenues during the current fiscal year. These funds are legally restricted for use to complete projects identified in the Downtown Community Redevelopment Agency Master Plan.

Management's Discussion and Analysis – (Continued)

The Debt Service Fund is a debt service fund that reports the financial activities for Governmental debt service expenses. At September 30, 2025, restricted fund balance of the Debt Service Fund was \$0 and there was no change in restricted fund balance during the current fiscal year.

The Capital Projects Fund is a capital project fund that reports the financial activities for General Fund capital expenses not funded by grants or other types of special revenues. At September 30, 2025, restricted fund balance of the Capital Projects Fund was \$1,740,273. The net decrease in the restricted fund balance during the current fiscal year was \$623,327 (or -26.37%) due to use of reserves for planned capital improvements.

Non-major governmental funds consisting of special revenue funds have a combined fund balance of \$7,282,425. The net decrease in combined fund balance during the current fiscal year in non-major governmental funds was \$300,098 (or -3.96%). The main reason for the decrease was the use of reserves for planned capital improvements.

Proprietary Funds - The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Total combined net position of all five proprietary funds at the end of the current fiscal year was \$294,652,855, an increase of \$24,131,308 (or 8.92%) in comparison with the prior fiscal year. Most of that increase is attributable to the Water and Sewer Fund, with continued investment in capital assets and planned savings for future alternative water supply projects. Approximately 20.20% of this total amount, or \$59,523,615, constitutes unrestricted net position, which is available for spending at the City's discretion. The remainder of net position \$235,129,240 (or 79.80%) consists of:

- \$217,901,550 or 73.95% is non-spendable related to net investment in capital assets.
- \$17,227,690 or 5.85% is restricted by enabling legislation or other legal requirement imposed by outside sources.

The Water and Sewer Fund reports the financial activities for the City's water and wastewater services. At the end of the current fiscal year, unrestricted net position of the Water and Sewer Fund was \$48,577,123, while total net position reached \$236,819,324. The total increase in net position was \$22,894,770 (or 10.70%).

The City Commission has established an operating reserve requirement equal to three months' operating expenses in the Water and Sewer Fund. At September 30, 2025, the required operating reserve equals \$6,766,455 and the net position available equals \$8,506,609 resulting in a surplus of \$1,740,154 above the reserve requirements.

The DeLand Municipal Airport Fund reports the financial activities of the City's airport. Unrestricted net position of the DeLand Municipal Airport at the end of the year amounted to \$5,577,257, while total net position was \$44,175,005. The total increase in net position was \$3,037,839 (or 7.38%).

The Refuse Collection Fund reports the financial activities of City's refuse collection services. Unrestricted net position, as well as the total net position, of the Refuse Collection Fund at the end of the year amounted to \$42,745. The total increase in net position was \$2,355 (or 5.83%).

Non-Major proprietary funds consisting of Stormwater Fund and Permits and Inspections Fund have a combined unrestricted net position of \$5,326,490 and combined total net position of \$13,615,781. The net decrease in the combined net position during the current fiscal year in non-major proprietary funds was \$1,803,656 (or -11.70%).

Management's Discussion and Analysis – (Continued)

General Fund Budgetary Highlights

The City Commission periodically revises the budget throughout the year to recognize projects carried over from the previous year, grant awards received during the year and to adjust budgets to reflect actual circumstances. Normally budget amendments are presented quarterly to the City Commission and are typically minor in nature. Overall budgetary control is achieved through continuous review by the Finance Director.

The City Charter provides for transfers by the City Manager of up to 5% of a division's budget from one division to another during the year. While the Charter provision does not require approval of the City Commission, only notification at the end of the fiscal year, it is the City's practice that all budget amendments be approved by the City Commission with the exception of any additional budget transfers that may need to be made at the end of the fiscal year to reconcile with actual experience. Notification of that transfer is made to the City Commission at that time.

The difference between the original and final amended General Fund budget for revenues (including issuance of long-term debt and transfers in) was an increase of \$1,122,970 (or 2.45%), while the difference between the original and final General Fund amended budget for expenditures (including transfers out) was an increase of \$9,152,173 (or 19.06%). Significant variances between the original budget and final amended budget are summarized as follows:

Revenues:

- \$396,290 Taxes – Increase in anticipated fire insurance premium taxes (\$155,448) and casualty insurance premium taxes (\$240,842).
- \$14,860 Charges for services – Increase in charges for barricades (\$6,860) and concessions (\$8,000).
- \$28,500 Miscellaneous – Mainly increases in insurance proceeds and donations.
- \$309,032 Issuance of long-term debt – Increase in subscription-based information technology agreements (SBITAs).
- \$374,288 Transfers in – Increase in transfers from the Water & Sewer Fund (\$313,668), the Airport Fund (\$671), the Stormwater Fund (\$55,921) and the Permits and Inspections Fund (\$4,028).

Expenditures:

- \$25,000 City Clerk – Mainly increases in other salaries and wages for additional part-time personnel (\$10,000) and out of class pay (\$15,000).
- \$24,476 Finance – Increase in operating capital (\$3,975) and IRS arbitrage rebate and penalty (\$20,501).
- \$97,384 City Attorney – Increase in professional services (\$97,384).
- \$1,690,746 City Hall – Increase in expenses related to Hurricane Milton.
- (\$39,104) Information Technology – Mainly decreases in executive salaries (\$15,000) due to a retirement and equipment maintenance.
- \$86,854 Economic Development – Increases in business improvement grants (\$37,884) and professional services (\$48,970).
- (\$23,758) Planning and Zoning – Mainly decrease in professional services.
- \$617,499 Fire Support – Increases in regular salaries (\$90,000), overtime (\$90,000), retirement contributions (\$265,448), building maintenance (\$13,545), equipment maintenance (\$64,872), deductible billing (\$28,634) and operating capital (\$65,000).
- \$171,235 Police Support – Mainly increases in retirement contributions (\$240,842), equipment maintenance (\$33,867) and deductible billings (\$90,000), partially offset by decreases in regular salaries (-\$215,000), operating capital (-\$139,861) and operating supplies (\$59,200).
- \$115,475 Public Works Administration – Mainly increase in operating capital (\$113,300) for building rehabilitation.
- \$19,791 Streets – Increases in deductible billing (\$19,791).
- \$18,046 Parks Administration – Mainly increases in other salaries (\$30,000), overtime (\$6,697) and contractual services (\$6,000), partially offset by decrease in hardware/software (-\$26,851).
- (\$51,526) Recreation – Decreases in regular salaries (-\$36,697) and operating supplies (-\$14,829).
- \$32,293 Parks – Mainly increase in equipment maintenance (\$22,829) and operating capital (\$8,364).
- \$19,395 Conrad/Melching – Mainly increase in building maintenance (\$4,000), A/C maintenance (\$2,700), equipment maintenance (\$2,000) and operating supplies (\$9,600).
- \$405,698 Capital outlay – Increase in subscription assets.
- \$270,211 Debt service – Increase in subscription liabilities.
- \$5,670,463 Transfers out – Increase in transfer to the Homeless Shelter Fund (\$21,200) to cover revenue shortfall, increases in transfers to the Governmental Impact Fees Trust Fund (\$189,510), the Grants and

Management's Discussion and Analysis – (Continued)

Special Revenue Fund (\$966,146) and the Capital Projects Fund (\$4,530,639) for various ongoing capital projects and decrease in transfer to the Debt Service Fund (-\$37,032) to cover annual debt service requirements.

The actual net change in fund balance in the General Fund was an increase of \$2,048,665 during the current fiscal year, while the City had budgeted use of fund balance of \$10,269,541. Actual General Fund revenues, including other financing sources, in the current year were \$2,493,312 greater than budgeted, while actual General Fund expenditures, including other financing uses, were \$9,824,894 less than budgeted. General Fund revenues realized represented 106.33% of revenues budgeted. General Fund expenditures represented 82.81% of appropriated funds. Expenditures by category as a percent of appropriated funds in that category were personnel 95%, operating 74%, grants & aids 52%, capital outlay 100%, debt service 100%, contingency 0% and transfers 50%. Significant variances between the final budget and actual amounts are summarized as follows:

Revenues:

- \$1,181,814 Taxes – The variance mainly reflects additional ad valorem taxes (\$280,310), franchise taxes (\$360,119) and utility service taxes (\$546,137) received above budgeted amounts.
- \$71,829 Licenses and permits – The variance mainly reflects additional local option business taxes (\$46,401) and fire permits (\$24,045) received above budgeted amounts.
- (\$79,216) Intergovernmental – The variance mainly reflects a deficit in state sales taxes (-\$96,421) and in FDOT traffic signal maintenance (-\$95,635) below budgeted amounts, net of additional state revenue sharing (\$65,666) and miscellaneous grants (\$46,750).
- \$116,329 Charges for services – The variance mainly reflects additional concessions revenue (\$21,390), stadium lease rentals (\$18,724) and facility rentals (\$81,219) above budgeted amounts.
- (\$24,741) Fines and forfeitures – The variance mainly reflects a deficit in parking tickets (-\$34,647) below budgeted amount, net of additional evidence converted revenue (\$10,739) above budgeted amount.
- \$1,096,785 Investment income (loss) – The variance reflects unanticipated investments earnings and gains.
- \$331,287 Miscellaneous – The variance mainly reflects additional code enforcement lien charges (\$84,619), insurance reimbursements (\$44,097), and other miscellaneous revenues (\$222,902) above budgeted amounts.
- (\$200,775) Transfers in – The variance reflects transfers from the Stormwater Fund (-\$28,582) below budgeted amounts as well as a transfers from the Airport Fund (-\$172,193) reclassified against the advance.

Expenditures:

- \$22,385 Mayor & Commission – The variance mainly reflects savings associated with travel and training (\$17,056).
- \$43,771 City Clerk – The variance mainly reflects savings associated with special pay (\$4,446), travel and training (\$5,977), printing and binding, including Municode updates (\$23,251), and other obligations (\$4,793).
- \$58,837 Finance – The variance mainly reflects savings associated with special pay (\$8,498), contractual services (\$5,742), travel and training (\$13,913) and other obligations (\$21,003).
- \$215,307 City Attorney – The variance mainly reflects savings associated with professional services (\$205,312) and court reporter services (\$4,840).
- \$1,684,252 City Hall – The variance mainly reflects savings associated with hurricane and disaster relief expenses (\$1,374,175), professional services (\$17,000), insurance (\$23,884) and unallocated contingency (\$248,932).
- \$665,384 Information Technology – The variance mainly reflects savings associated with vacant positions (\$46,811), professional services (\$108,352), contractual services (\$46,609), office phones (\$59,451), equipment maintenance (\$298,336), operating supplies (\$14,528) and operating capital (\$85,649).
- \$59,357 Human Resources – The variance mainly reflects savings associated with personnel costs (\$7,316), professional services (\$19,829) and travel and training (\$22,171).
- \$98,958 Economic Development – The variance mainly reflects savings associated with professional services (\$40,122), travel and training (\$5,812) and business improvement grants (\$41,954).
- \$369,869 Planning and Zoning – The variance mainly reflects savings associated with vacant positions (\$126,988), professional services (\$225,097) and other obligations (\$8,755).
- \$82,390 Fire Support – The variance mainly reflects savings associated with personnel costs (\$38,395), professional services (\$24,515) and travel and training (\$23,136).
- \$59,631 Fire Prevention – The variance mainly reflects savings associated with vacant positions (\$40,644), equipment maintenance (\$4,692) and operating supplies (\$5,897).

Management's Discussion and Analysis – (Continued)

- \$847,490 Police Support – The variance mainly reflects savings associated with vacant positions (\$658,576), hardware/software (\$58,128), operating supplies (\$27,963), gas and oil (\$44,243) and travel and training (\$41,473).
- \$42,998 Police Parking – The variance mainly reflects savings associated with vacant positions (\$29,063) and contractual services (\$12,667).
- \$82,072 Public Works Administration – The variance reflects savings associated with contractual services (\$5,525), building maintenance (\$14,089) and operating capital (\$59,608).
- \$67,860 Streets – The variance mainly reflects savings associated with vacant positions (\$57,208) and contractual services (\$8,997).
- \$131,438 Trees – The variance mainly reflects savings associated with vacant positions (\$85,244), professional services (\$6,000), contractual services (\$29,642) and other obligations (\$4,900).
- \$177,962 Urban Beautification – The variance mainly reflects savings associated with vacant positions (\$158,084) and building maintenance (\$23,169).
- \$81,199 Fleet – The variance mainly reflects savings associated with vacant positions (\$74,482) and building maintenance (\$4,294).
- \$52,017 Recreation – The variance reflects savings associated with personnel costs (\$36,921), equipment maintenance (\$8,489) and office supplies (\$4,137).
- \$101,443 Parks – The variance mainly reflects savings associated with vacant positions (\$84,645) and operating capital (\$33,035).
- \$28,950 Activities Center – The variance reflects savings associated with personnel costs (\$26,140).
- \$21,672 Special Events – The variance reflects savings associated with professional services (\$3,857), contractual services (\$12,500) and operating supplies (\$4,837).
- \$44,300 Chisholm Center – The variance reflects savings associated with personnel costs (\$13,760), power (18,515), operating supplies (\$3,229) and operating capital (\$6,323).
- \$4,717,590 Transfers out – The variance mainly reflects savings associated with transfers to the Debt Service Fund (\$95,410) to fund debt service payments and to the Grants and Special Revenue Fund (\$822,484) and the Capital Projects Fund (\$3,799,256) to fund capital projects.

Capital Assets and Debt Administration

Capital Assets - The City's investment in capital assets, net of related depreciation, for its governmental and business-type activities as of September 30, 2025, amounts to \$366,440,891. This investment in capital assets includes land, buildings, improvements (includes infrastructure), equipment, right of use and subscription assets, and construction in progress.

The total change in the City's capital assets, net of depreciation, for the current fiscal year was an increase of \$1,372,791 (or 1.47%) for governmental activities and an increase of \$51,286,687 (or 23.26%) for business-type activities.

- Governmental type activities include the capital projects related to the following: Land (\$1,837), Buildings (\$597,035), Public Safety Facilities (\$21,618), Recreational Facilities (\$1,543,706), Technology (\$144,466), Streetscape (\$351,538), Vehicle and Equipment Renewal and Replacement (\$3,565,120) and Subscription Assets (\$465,279).
- Business-type activities include the capital projects related to the following: Land (\$1,115,978), Water and Wastewater System Improvements (\$49,229,755), Vehicle and Equipment Renewal and Replacement (\$3,763,964), Airport Improvements (\$2,817,858), Stormwater Improvements (\$570,683) and Subscription Assets (\$962,852).

Management's Discussion and Analysis – (Continued)

The investment in capital assets, net of depreciation, for all activities is reflected at September 30, 2025 as follows:

Capital Assets (Net of Depreciation) As of September 30,

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2025	2024	2025	2024	2025	2024
Land	\$ 12,629,177	\$ 12,627,340	\$ 8,275,647	\$ 7,159,669	\$ 20,904,824	\$ 19,787,009
Construction in Progress	1,127,224	5,303,253	112,325,139	68,610,314	113,452,363	73,913,567
Buildings	30,586,256	31,502,575	13,030,031	10,793,232	43,616,287	42,295,807
Improvements (includes infrastructure)	39,464,476	35,886,359	127,409,350	124,779,792	166,873,826	160,666,151

Right-of-Use Assets	370,525	7,530	-	-	370,525	7,530
Subscriptions	1,088,565	962,457	954,753	246,445	2,043,318	1,208,902
Total	<u>\$ 94,636,764</u>	<u>\$ 93,263,973</u>	<u>\$ 271,804,127</u>	<u>\$ 220,517,440</u>	<u>\$ 366,440,891</u>	<u>\$ 313,781,413</u>

Capital Assets

Additional information on the City's capital assets can be found in Note 6 to the financial statements. (See pages 64 to 65.)

Long-Term Debt - At fiscal year end, the City had \$60,559,758 in debt outstanding compared to \$34,619,099 the previous fiscal year as shown in the table below:

Outstanding Debt As of September 30,

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2025	2024	2025	2024	2025	2024
General Obligation Bonds	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Revenues Bonds / Notes	15,558,743	17,018,048	45,001,015	17,601,051	60,559,758	34,619,099
Total	<u>\$ 15,558,743</u>	<u>\$ 17,018,048</u>	<u>\$ 45,001,015</u>	<u>\$ 17,601,051</u>	<u>\$ 60,559,758</u>	<u>\$ 34,619,099</u>

Governmental activities debt decreased \$1,459,305 due to scheduled principal retirements in the amount of \$1,459,305 during the current fiscal year. Business-Type activities debt increased \$27,399,964 due to the issuance of long-term debt in the amount of \$27,399,964 and no scheduled principal repayments during the current fiscal year. Of the outstanding debt, none is backed by the full faith and credit of the City while the entire balance is secured by various revenue sources or covenants.

Management’s Discussion and Analysis – (Continued)

More detailed information about the City’s lease and long-term debt is presented in Note 9 to the financial statements. (See pages 66 to 68.)

ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES

Many factors are considered each year by the City Commission in its efforts to establish an operating budget, to evaluate its personnel needs, and to develop uniform user fees that are fair, reasonable, and adequately recover costs. Some of the major factors considered in this process are the local economy, labor force, unemployment rates, and inflation rates.

- Recent estimates available for unemployment data in DeLand, Volusia County, and the State of Florida are compiled by the Florida Department of Economic Opportunity. Their estimated unemployment rates are as follows:

	<u>DeLand</u>	<u>Volusia County</u>	<u>State of Florida</u>
September 2025	5.6%	4.9%	4.2%
September 2024	4.2%	3.9%	3.4%
Increase/(Decrease)	1.4%	1.0%	0.8%

- Inflationary trends for Volusia County are comparable with those trends experienced at the state and national levels. Although down from its peak, inflation continues to be challenge with rising costs related to operations, construction and capital projects.
- Home values have increased to record highs and the home buying market seems to continue at a record pace, however, rising interest rates and costs will likely soften the real estate market altogether.
- The City continues to face challenges dealing with the impacts of growth and having sufficient capacity to service it. The challenge this presents is the need to do capital projects in order to keep up with capacity along with rising costs and interest rates.
- The City’s taxable value of commercial and residential property increased by 10.34% (or \$360,403,269) in the 2026 fiscal year compared to an increase of 14.63% for the 2025 fiscal year. The increased taxable value included \$185,570,666 in annexations and new construction.

All of these factors were considered in preparing the City’s budget for the 2026 fiscal year.

Based on the taxable valuation noted above, the City Commission adopted a millage rate of 6.1841 for fiscal year 2026, which was 0.1483 mills (or 2.46%) more than the roll back rate of 6.0358. The millage rate adopted for fiscal year 2026 was a .1 mil reduction for the millage rate adopted for fiscal year 2025 (6.2841).

The water rates increased 4.5%, while wastewater rates increased 4.0%, during fiscal year 2026. A rate study was performed during fiscal year 2021 to determine the necessary water and sewer rate adjustments, needed over the next five years, in order to fund future capital projects, including alternative water supply projects. The rate study was updated during fiscal year 2023. A new rate study is planned during fiscal year 2026.

The stormwater rates increased 15.0% during fiscal year 2026. A rate study was performed during fiscal year 2025 to determine the necessary stormwater rate adjustments, needed over the next five years, in order to fund future capital projects. Beginning in FY 2026, stormwater rates will increase 15.00% annually through fiscal year 2027, followed by increases of 2.0% annually for fiscal years 2028 through 2030.

REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City’s finances and to demonstrate the City’s accountability for the money it receives. Questions concerning any of the information provided in this report, or requests for additional information, should be addressed to the Finance Director, City of DeLand, Florida, 120 South Florida Avenue, DeLand, FL 32720.

The accompanying notes to financial statements are an integral part of this statement.

CITY OF DELAND, FLORIDA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2025

Fund balances - total governmental funds \$ 50,781,893

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Total governmental capital assets	165,268,191	
Less: accumulated depreciation/amortization	<u>(71,001,952)</u>	94,266,239

On the governmental fund statements, a net pension liability is not recorded until an amount is due and payable and the pension plan's fiduciary net position is not sufficient for payment of those benefits (no such liability exists at the end of the current fiscal year). On the statement of net position, the City's net pension liability of the defined benefit pension plans is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to pensions are also reported.

Net pension liability	(16,453,722)	
Deferred outflows related to pensions	6,393,864	
Deferred inflows related to pensions	<u>(2,573,584)</u>	(12,633,442)

On the governmental fund statements, an OPEB liability is not recorded unless an amount is due and payable (no such liability exists at the end of the current fiscal year). On the statement of net position, the City's OPEB liability is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to OPEB are also reported.

Total OPEB liability	(1,600,060)	
Deferred outflows related to OPEB	392,328	
Deferred inflows related to OPEB	<u>(87,496)</u>	(1,295,228)

Internal service funds are used by management to charge the costs of data processing, insurance, fleet lease and maintenance, building maintenance, and internal loans to individual funds. These assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

Total net position	1,853,408	
Less: amounts attributable to business-type activities	<u>(329,944)</u>	1,523,464

Because some property taxes and other revenues will not be collected for several months after the close of the City's fiscal year end, they are not considered as "available" revenues in the governmental funds, and therefore, reported as deferred inflows of unavailable revenues. In the statement of net position, which is presented on an accrual basis, no deferral is reported since the revenue is fully recognized in the statement of activities.

65,118

Long-term liabilities, including bonds payable and notes payable, are not due and payable in the current period and, therefore, are not reported in the funds. These liabilities and other debt-related deferred charges consist of the following:

Notes payable	(15,558,743)	
Subscription liabilities	(913,450)	
Leases payable	(3,324)	
Accrued interest payable	(187,665)	
Compensated absences	<u>(2,958,577)</u>	(19,621,759)

Net position of governmental activities \$ 113,086,285

The accompanying notes to financial statements are an integral part of this statement.

The accompanying notes to financial statements are an integral part of this statement.

CITY OF DELAND, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2025

Net change in fund balances - total governmental funds	\$ 2,175,522
Differences in amounts reported for governmental activities in the statement of activities are:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.	
Capital outlay expenditures	6,668,111
Depreciation/amortization expense	(5,536,579)
Gain (loss) on disposal of capital assets	(121,736)
Bond, loan, lease, and SBITA proceeds are reported as financing sources in the governmental funds. However, the issuance of debt is reported as long-term debt payable in the statement of net position. Repayment of bond and note principal is an expenditure in the governmental funds, but the repayment of debt principal reduces long-term liabilities in the statement of net position. These amounts are as follows:	
Issuance of long-term debt	(337,714)
Principal repayment of general long-term debt	1,732,621
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds (reduction in delinquent taxes).	
Change in delinquent taxes and liens receivable	(23,991)
Governmental funds report contributions to defined benefit pension plans as expenditures. However, in the statement of activities, the amount contributed to defined benefit pension plans reduces future net pension liability. Also included in pension expense in the Statement of Activities are amounts required to be amortized.	
Change in net pension liability and deferred inflows/outflows related to pensions	(378,855)
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. These adjustments are as follows:	
Change in accrued interest on long-term debt	13,023
Change in total OPEB liability	(17,029)
Change in compensated absences liability	(351,255)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The portion of net revenue/expense of internal service funds reported in governmental activities for the year.	
	10,358
Change in net position of governmental activities	\$ 3,832,476

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) Summary of Significant Accounting Policies:

The financial statements of the City of DeLand, Florida (the City), have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted body for promulgating governmental accounting and financial reporting principles. The following is a summary of the City's significant accounting policies:

(a) **Reporting entity**—The City of DeLand, Florida is a municipal corporation created by the laws of Florida, Chapters 70-648, 71-601, 71-603, and 73-442 (as amended), located in Volusia County, approximately 25 miles from the Atlantic Ocean and 40 miles northeast of the City of Orlando, Florida. The City was founded in 1876 by Henry A. DeLand and incorporated in 1882.

The legislative branch of the City is comprised of a five-member elected Commission. The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission-appointed City Manager. The City provides the following services as authorized by its charter: public safety (police and fire), public works (streets, urban beautification, and trees), community development (economic development, planning-zoning, building inspections), sanitation, parks, culture-recreation, public improvements, general administrative services, stormwater, water-sewer, and airport facilities.

In evaluating the City as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the City may be financially accountable and, as such, should be included within the City's financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial burden on the City. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The financial statements are formatted to allow the user to clearly distinguish between the primary government and its component units. Because of the closeness of their relationship with the primary government (the City), the current component units are blended as though they are part of the primary government.

(b) **Blended component units**—The City has two blended component units:

The City of DeLand, Florida, Downtown Community Redevelopment Agency (the Downtown CRA) is an organization created by the City in 1984 by City Resolution 1984-13 and pursuant to Florida Statute 163.387 for the express purpose of providing for community redevelopment in the downtown business area in conjunction with the establishment of a tax increment district. The CRA is composed of the five City Commissioners and two additional persons appointed by the City Commission who are either City residents or engaged in business within the Downtown Redevelopment District. The City has no direct authority to modify or approve the CRA's budget, or to veto, overrule or modify decisions made by the CRA, except in regard to the Downtown Redevelopment Plan. This Plan must first be adopted by the CRA and must then be submitted to the City Commission for approval. Since the City Commission holds five of the seven voting seats on the CRA and appoints the remaining two seats, the City has ability to impose its will on the CRA. Further, the CRA is completely financially dependent on the City of DeLand and other governmental entities as the vast majority of revenues available to the CRA come from tax increment district funding and charges for services. Based on the above analysis, the Downtown CRA is considered a component unit of the City. In accordance with Florida statutes, separate financial statements are issued for the Downtown CRA when revenues or expenditures exceed \$100,000 and can be requested from the City's finance department.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

The City of DeLand, Florida, Spring Hill Community Redevelopment Agency (the Spring Hill CRA) is an organization created on September 9, 2004, by the City and Ordinance 2004-13 of the County of Volusia, Florida, pursuant to Florida Statute 163.387, for the express purpose of providing for community redevelopment in the Spring Hill area in conjunction with the establishment of a tax increment district. The Spring Hill CRA is composed of two members of the Volusia County Council, three City Commissioners, one citizen from the unincorporated area of Spring Hill appointed by the Volusia County Council and one citizen from the incorporated area of Spring Hill appointed by the DeLand City Commission. Since the City Commission holds three of the seven voting seats on the CRA and appoints one of the remaining seats, the City has the ability to impose its will on the CRA and has operational responsibility for the CRA. The CRA is financially dependent on the City and other governmental entities as the vast majority of revenues available to the CRA come from tax increment district funding and various grant revenues, as applicable. Because the CRA provides services entirely, or almost entirely, to the primary government or otherwise exclusively, or almost exclusively, benefits the primary government, the Spring Hill CRA is considered a blended component unit of the City. In accordance with Florida statutes, separate financial statements are issued for the Spring Hill CRA when revenues or expenditures exceed \$100,000 and can be requested from the City's finance department.

Based upon the application of the criteria set forth in the GASB Codification, there are no discretely presented potential component units or related organizations of the City.

(c) **Government-wide and fund financial statements**—The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business type. In the government-wide statement of net position, both the governmental and business-type activities columns are presented on a consolidated basis and are reflected, on a full accrual, economic resource basis, which incorporates long term assets and receivables as well as long term debt and obligations. Interfund services provided and used are not eliminated in the process of consolidation.

The government-wide statement of activities reflects both the gross and net costs per functional category (police, fire, public works, etc.), which are otherwise being supported by general government revenues (property, sales taxes, certain intergovernmental revenues, etc.). The statement of activities reduces gross expenses (including depreciation) by the related program revenues, operating and capital grants. The program revenues must be directly associated with the function or a business-type activity. The operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net cost (by function or business-type activity) is normally covered by general revenue (property, sales or gas taxes, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

The fund financial statements emphasize the major funds in either the governmental or business-type categories. Non-major funds (by category) are summarized into a single column.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

The governmental funds' major fund statements in the fund financial statements are presented on a current financial resource and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. This presentation is deemed most appropriate to demonstrate legal compliance and demonstrate how the City's actual experience conforms to the budgeted fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented on the page following the Governmental Funds – Balance Sheet and the Governmental Funds - Statement of Revenues, Expenditures, and Changes in Fund Balances, which briefly explains the adjustment necessary to transform the fund based financial statements into the governmental column of the government-wide presentation.

Internal service funds of a government (which traditionally provide services primarily to other funds of the government) are presented, in summary form, as part of the proprietary fund financial statements. Since both the City's business-type and governmental activities of the City are principal users of the internal services, net position of the internal service funds has been allocated to both the business-type and governmental activities and expenses in each of the appropriate functional activities (Police, Fire, Public Works, etc.) reduced accordingly when presented at the government-wide level.

When appropriate, surplus or deficits in the Internal Service Funds may be allocated back to customers at the entity-wide Statement of Activities. This creates a reconciling item between the business-type activities column and the Proprietary Fund statements at the fund level as reflected on the bottom of each statement.

The City's fiduciary funds are presented in the fund financial statements by type (pension) and the combining pension fund statements are included in the notes. Since, by definition, these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

As a general rule, the effect of interfund City activities has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes. Elimination of these charges would distort the direct costs and program revenue reported for the various functions concerned.

(d) **Financial statement presentation**—The financial transactions of the City are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The GASB Codification sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

The City reports the following funds:

Governmental Funds—The measurement focus of the governmental funds (in the fund financial statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

- (i) The *General Fund* accounts for several of the City’s primary services (police, fire, public works, community development, parks and recreation, etc.) and is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
- (ii) Special Revenue Funds are used to account for the proceeds of specific revenue sources (excluding special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. The City operates the following Special Revenue Funds:
 - a) The *Downtown Community Redevelopment Fund* accounts for the restricted tax increment revenues and expenditures of the Downtown Tax Increment District.
 - b) The *Spring Hill Community Redevelopment Fund* accounts for the restricted tax increment revenues and expenditures of the Spring Hill Community Redevelopment Agency.
 - c) The *Confiscated Fund* accounts for receipts and disbursements of Federal and State forfeiture funds for law enforcement purposes.
 - d) The *Governmental Impact Fees Trust Fund* accounts for projects using revenue collected from police, fire, parks and recreation and general government building impact fees paid by new construction.
 - e) The *Homelessness Fund* accounts for donations and other funding related to the City’s participation in a solution on homelessness.
 - f) The *Grants and Special Revenue Fund* accounts for all General Fund grant revenues which fund non-payroll operating expenses.
- (iii) The *Debt Service Fund* is used to account for the accumulation of resources utilized to repay long-term debt obligations of the City’s governmental funds.
- (iv) The *Capital Projects Fund* is used to account for financial resources that are restricted, committed, or assigned to expenditure for capital outlay, including the acquisition or construction of capital facilities or other capital assets. The City operates one capital projects fund that accounts for all General Fund capital outlay expenses.

The General, Downtown Community Redevelopment, Spring Hill Community Redevelopment, Debt Service, and Capital Projects Funds are reported as major funds.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

Proprietary Fund – Enterprise Types—Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The City operates the following enterprise funds:

- (i) The *Water and Sewer Revenue Fund*, which accounts for the City’s provided water and wastewater services.
- (ii) The *DeLand Municipal Airport Fund*, which accounts for the activities of the City’s airport.
- (iii) The *Refuse Collection Fund*, which accounts for activities of the City’s refuse collection services.
- (iv) The *Stormwater Revenue Fund*, which accounts for all activities related to the City’s stormwater control.
- (v) The *Permits & Inspections Fund*, which accounts for all revenues from permits and inspections and related expenses.

The Water and Sewer Revenue, DeLand Municipal Airport, and Refuse Collection Funds are reported as major funds.

Other Fund Types—The City additionally reports the following Fund types:

- (i) Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost recovery basis. The City operates two (2) Internal Service Funds, the *Workers’ Compensation Self-Insurance Fund* which accounts for the revenues and expenditures of risk management program for workers’ compensation, and the *Health Insurance Cost Containment Fund* which accounts for the operation of a “health center”, in an attempt to defray the rising costs of health insurance.
- (ii) Trust and Fiduciary Funds are used to account for assets held by the City in a trustee capacity for individuals, private organizations, other governments, and/or other funds. Trust funds reported by the City are the *General Employees’ Retirement Trust Fund*, *Police Officers’ Retirement Trust Fund*, and *Firefighters’ Retirement Trust Fund*. Retirement trust funds are accounted for in essentially the same manner as proprietary funds.

(e) **Measurement focus and basis of accounting**—The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The City's policies related to the accrual and modified accrual bases of accounting are as follows:

- (i) **Accrual:** Revenues are recognized when earned and expenses are recognized when incurred.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges for services to customers.

- (ii) **Modified Accrual:** Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available as net current assets.

For this purpose, the City considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period for property taxes. Other revenues, such as grant revenues, are considered earned when the related expenditure is made. Gross receipts and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain.

Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is principal and interest on general long-term debt which is recognized when due.

In applying the "susceptible to accrual" concept to intergovernmental revenues, the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenue when the applicable eligibility requirements, including time requirements are met. Resources terminated before the eligibility requirements are met should under most circumstances, be reported as advances by the provider and unearned revenue by the recipient.

(f) **Budgets and budgetary accounting**—Annual budgets for all governmental and proprietary funds were adopted in compliance with Florida law. The basis on which the budgets are prepared is consistent with the basis of accounting utilized by the various fund types. The governmental funds' budgets are prepared on the modified accrual basis of accounting. The proprietary funds' budgets are prepared on a full accrual basis of accounting. The City uses the following procedures in establishing the budgetary data reflected in the accompanying financial statements:

- i. Sixty days prior to October 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing on October 1. The operating budget includes proposed expenditures and means of financing them.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

- ii. The budget and budget message and all supporting schedules are a matter of public record in the office of the City Clerk and are open to public inspection by anyone at any reasonable hour.
- iii. Public hearings are conducted in the Commission Chambers at City Hall to receive taxpayer comments.
- iv. The budget is finally adopted not later than thirty days after certification to the City by the County Tax Assessor of the total assessed valuation on all taxable properties located within the City.
- v. At the request of the City Manager, the Commission may at any time, by resolution, transfer any unused appropriation balance or portion thereof between general classifications or expenditures within an office, department or agency, or transfer any unused appropriation balance or portion thereof from one office, department or agency to another.
- vi. All appropriations lapse at the end of the budget year to the extent that they shall not have been expended.
- vii. Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds.
- viii. Budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with GAAP, except that carryover surplus and use of reserves are included in budgetary revenue as required by the City Charter.
- ix. Budgets for the Enterprise Funds are adopted on a basis consistent with GAAP, except that debt service, capital acquisitions, capital leases, and water and sewer impact fees are included in budgetary revenue and expenditures as required by the City Charter. Budgets for the Internal Service Funds are adopted on a basis consistent with GAAP.
- x. The City Charter prohibits over expenditures of departmental budgeted amounts without prior approval of the City Commission.

Budgets are legally controlled at the department level.

The City Charter requires that the over-expenditure of budgeted amounts for any department or fund be reviewed and approval for the over expenditure be given by the Commission. During the year ended September 30, 2025, actual expenditures did not exceed the budgeted amounts.

(g) **Encumbrances**—The City does not use the encumbrance accounting system.

(h) **Deposits and investments**—Cash consists of amounts held in demand deposits. Cash equivalents consist of short-term investments having a maturity date of less than three months from the date acquired.

For accounting and investment purposes, a pooled cash and investments account is maintained for all funds. This gives the City the ability to invest large amounts of idle cash for short periods of time and to maximize earnings potential. The “equity in pooled cash and investments” represents the amount owned by each fund, and each fund’s equity in the City’s investment pool is considered to be a cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

Investments are reported at fair value.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

(i) **Receivables and payables**—Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

All trade and property tax receivables are reported net of an allowance for uncollectible accounts, which is based upon management's analysis of historical trends. Utility operating sales are generally recognized on the basis of cycle billings rendered monthly. Unbilled accounts receivable are accrued by the City at September 30th, to recognize the sales revenues earned between the last meter reading and bill dates in mid-September through the end of the fiscal year.

Liens receivable represent amounts on which the City has placed a valid lien on the property for amounts outstanding. These amounts have been recorded as long-term assets in proprietary funds, and the respective amounts in governmental funds have additionally been recorded as unavailable revenues under deferred inflows since no amounts were collected within 60 days of year-end.

(j) **Leases receivable**—When engaged in long-term leasing activity as the lessor, the City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements. At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.
- The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

(k) **Inventories**—Inventories are valued at cost on the basis of the “first-in, first-out” FIFO method of accounting. The effect of this method is to flow costs through operations in the order in which they are used and to assign a balance sheet cost closer to current replacement values. Inventories in the General Fund and the enterprise funds consist of expendable supplies held for consumption and are recorded as expenditures when consumed rather than when purchased.

(l) **Prepaid items**—Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recognized as expenses when the related expenses are incurred.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

(m) **Capital assets**—Capital assets include property, plant, equipment and infrastructure assets. The terms general capital assets and general infrastructure assets relate only to the assets associated with governmental activities, whereas the terms capital assets and infrastructure assets relate to all such assets belonging to the City.

Capital assets are defined by the City as assets with an initial individual cost of \$5,000 or more and an estimated useful life of more than one-year. Such assets are recorded at historical cost, if purchased or constructed. Donated capital assets are recorded at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are only capitalized if they meet the dollar threshold above for capitalization. Maintenance and repairs of capital assets are charged to operating expenses.

Depreciation is reported for the primary government using the straight-line method calculated on a service-life basis to amortize the cost of the asset over their estimated economic useful lives, which are as follows:

Assets	Years
Buildings	40 years
Infrastructure (improvements other than buildings)	40 – 75 years
Equipment	2 – 20 years

(n) **Compensated absences**—City policy permits employees to accumulate a limited amount of earned, but unused personal, vacation, and sick leave. These benefits are payable to employees upon separation from service. All leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in accordance with the GASB Codification.

(o) **Long-term obligations**—In the government-wide financial statements and proprietary fund financial statements, long-term debt obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when paid.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The compensated absences and net pension liabilities have been liquidated in the past by the reporting units of the underlying employees, including the general fund, governmental funds, and all proprietary funds where the respective liability is reported.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

(p) **Deferred outflows/inflows of resources**—In addition to assets, the statement of financial position will, if required, report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the only items in this category consisted of deferred amounts related to pensions, as discussed further in Note (12); and deferred inflows of resources related to OPEB, as discussed further in Note (13).

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the items in this category are unavailable revenues, which will be recognized as inflows of resources in the period that the amounts become available; deferred inflows relates to leases, as discussed further in Note (6); deferred inflows of resources related to pensions, as discussed further in Note (12); and deferred inflows of resources related to OPEB, as discussed further in Note (13).

(q) **Fund equity**—In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Those classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash such as inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation (i.e., when the government assesses, levies, charges, or otherwise mandates payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation.

Committed - Fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by ordinance of the City Commission are reported as committed fund balance. Those committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

Assigned - Fund balance amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed, are reported as assigned fund balance, except for stabilization arrangements. The City Commission expressly delegates to the City Manager authority under this policy to assign funds for particular purposes based on intent which can be expressed by (a) the City Commission itself or (b) a body (a budget or finance committee, for example) or official (City Manager) to which the City Commission has delegated the authority to assign amounts to be used for specific purposes.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(1) **Summary of Significant Accounting Policies:** (Continued)

Unassigned - Unassigned fund balance is the residual classification. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund; the general fund is the only fund that reports a positive fund balance. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned for those purposes, it may be necessary to report negative unassigned fund balance in that fund.

For spendable resources, it is the City's policy to use its resources in the following order as needed to fund expenses: restricted, committed, assigned, unassigned.

(r) **Net position flow assumption**—Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to determine amounts reported as restricted and unrestricted net position, it is the City's policy to consider restricted net position to have been used before unrestricted net position is applied.

(s) **Use of estimates**—Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates assumed in preparing the financial statements.

(t) **New accounting pronouncements**—GASB issued Statement No. 101, *Compensated Absences*, in June 2022. GASB Statement No. 101 updates the recognition and measurement guidance for compensated absences, which include leave for vacation, holidays, sick time, or other paid time off. The Statement establishes a unified model for recognizing a compensated absence liability when leave is attributable to services already rendered, accumulates, and is more likely than not to be used for time off or paid to the employee. This guidance replaces prior provisions under GASB Statement No. 16. The City implemented this Statement and its various provisions during the year ended September 30, 2025, with an effective date of reporting periods beginning after December 15, 2023. The beginning fund balance for certain funds has been restated due to this implementation, see Note (16).

(2) **Reconciliation of Government-Wide and Fund Financial Statements:**

(a) **Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position**—Following the governmental fund balance sheet is a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. A detailed explanation of these differences is provided in this reconciliation.

(b) **Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities**—Following the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances, there is a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. A detailed explanation of these differences is provided in this reconciliation.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(3) Property Tax Calendar:

Under Florida law, the assessment of all properties and collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. State laws regulating tax assessment are designed to ensure a consistent property valuation method statewide and permit municipality to levy property taxes at a rate of up to 10 mills. The millage rate assessed by the City for the fiscal year ended September 30, 2025, was 6.2841 per \$1,000 (operating), which means that the City has a tax margin of 3.7159 per \$1,000 and could raise up to \$12,947,511 in additional tax revenue per year from the present assessed valuation of \$3,484,354,281 before the limit is reached.

All property is assessed according to its fair value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State statutes.

The current year taxes for the fiscal year, beginning October 1, are billed in the month of November and are due no later than March 31. On April 1, all unpaid amounts become delinquent and are subject to interest and penalties.

Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, 1% in the month of February, and without discount in March.

The City recognizes property tax revenues as received. Delinquent tax receivables are recorded on the books with an offset to deferred revenues. Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. The City tax calendar is as follows:

Valuation Date:	January 1, 2024
Levy Date:	November 1, 2024
Due Date:	March 31, 2025
Lien Date:	June 1, 2025

At September 30, 2025, the City has recorded property taxes receivable of \$43,612.

(4) Deposits and Investments:

The City, for accounting and investment purposes, maintains a pooled interest bearing banking account and a pooled investment account for substantially all City funds. This gives the City the ability to invest large amounts of idle cash for short periods of time and to maximize earning potential. The cash and investments shown on the balance sheets and statements of net position represent the amount owned by each fund.

State statutes authorize the City to invest excess funds in time deposits, obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States Government, commercial paper, corporate bonds, repurchase agreements and/or the State Board of Administration (SBA) Local-Government Surplus Trust Fund Investment Pool or other investment vehicles authorized by local ordinance.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(4) **Deposits and Investments:** (Continued)

The City has adopted an investment policy which authorizes the City to invest in US Government and Agency securities, interest bearing savings accounts, money market accounts, certificates of deposit, money market certificates or time deposits, prime bankers' acceptances, prime commercial paper, mutual funds comprised of securities otherwise authorized, and the State Board of Administration (SBA) Local Government Surplus Trust Fund Investment Pool. However, derivative products, other than single index variable rate products, callable notes and bonds, step up notes and bonds and mortgage backed securities are specifically not authorized.

As of September 30, 2025, all City deposits were covered by private bank acquired insurance, Securities Investor Protection Corporation (SIPC) insurance, private broker/dealer acquired insurance, Federal Depository Insurance Corporation (FDIC) insurance, or the State of Florida collateral pool established under the Florida Security for Public Deposits Act (the Act). The Act established guidelines for qualification and participation by banks and savings associations, procedures for administration of the collateral requirements and characteristics of eligible collateral. Under the Act, the qualified depository must pledge at least 50% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance. Additional collateral, up to 125% may be required, if deemed necessary under the conditions set forth in the Act. Obligations pledged to secure deposits must be delivered to the State Treasurer, or with the approval of the State Treasurer to a bank, savings association, or trust company provided a power of attorney is delivered to the Treasurer. Under the Act, the City of DeLand is authorized to deposit funds only in Qualified Public Depositories.

The City measures and records its investments, assets whose use is limited, and restricted assets using fair value measurement guidelines established by GASB. The City has not changed valuation techniques since the prior year. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1:* Quoted prices for identical investments in active markets;
- *Level 2:* Observable inputs other than quoted market prices; and,
- *Level 3:* Unobservable inputs.

At September 30, 2025, the City's only investments consisted of mutual funds, commercial paper, and Step up/callable bonds. Mutual funds were measured using Level 1 inputs. Money market and bonds were measured using Level 2 inputs. Step up/callable bonds were valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Commercial paper was valued using broker quotes that utilize observable market inputs. Mutual funds were valued at fair value based on a valuation of the pooled assets invested in by the mutual fund.

As of September 30, 2025, the City's governmental and business-type investment portfolio is composed of the following investments:

Investment Type	Credit Rating (S&P)	Fair Value	Maturities (in Years)		
			Less Than 1	1-5	Over 5
Cash deposits	NR	\$ 70,413,130	\$ 70,413,130	\$ -	\$ -
Money market	NR	12,615,084	12,615,084	-	-
Step up/callable bonds	AAA	34,660,957	-	27,094,632	7,566,325
Mutual Funds	NR	1,235,585	1,235,585	-	-
Total Portfolio		<u>\$ 118,924,756</u>	<u>\$ 84,263,799</u>	<u>\$ 27,094,632</u>	<u>\$ 7,566,325</u>

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(4) Deposits and Investments: (Continued)

Interest Rate Risk: The City's investment policy limits interest rate risk by attempting to match investment maturities with known cash needs and anticipated cash flow requirements. The investment of current operating funds will have maturities of no longer than three years. Investments of bond reserves, construction funds, and other non-operating funds ("core funds") shall have a term appropriate to the need for funds and in accordance with debt covenants, but should not exceed ten years. From time to time the above parameters may require modification in order to meet specific construction draw schedules or other predetermined operating or capital needs, or to satisfy debt obligations, but in no event shall exceed ten years.

Credit Risk: Credit risk is the risk that a debt issuer or other counter-party to an investment will not fulfill its obligations. The City's investment policy utilizes portfolio diversification in order to limit investments to the highest rated securities as rated by nationally recognized rating agencies. The ratings of the investments held at year end are shown on the previous page. All are rated within the investment policy guidelines at September 30, 2025.

Concentration of Credit Risk: The City's investment policy has established asset allocation and issuer limits on its investments which are designed to reduce concentration of credit risk of the City's investment portfolio. A maximum of 80% of available funds may be invested in United States Treasuries, 30% of available funds may be invested in single index variable rate products, 25% of available funds may be invested in banker's acceptances, 25% of available funds may be invested in commercial paper, 70% of available funds may be invested in CDs, CDARS and other time deposits, 30% of available funds may be invested in mutual funds, and 75% of available funds may be invested in local government surplus trust fund.

Custodial Credit Risk—Deposits: In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. Pursuant to the applicable provisions of Chapter 280, Florida Statutes, *The Florida Security for Public Deposits Act* ("the Act"), the State of Florida, Department of Financial Services, Division of Treasury, Bureau of Collateral Management have established specific requirements relative to the security and collateralization for public deposits. Accordingly, banks qualifying as a public depository in the State of Florida must adopt the necessary procedures outlined in these statutes and meet all of the requirements of this chapter to be designated by the State Chief Financial Officer as eligible to receive deposits from municipal depositors. Collateral having a fair value equal to 50% of the average daily balance for each month of all public deposits in excess of any applicable depository insurance is required to be pledged or deposited with the State Chief Financial Officer to secure such deposits. Additional collateral, up to a maximum of 125% may be required if deemed necessary under the conditions set forth in the Act. Securities eligible to be pledged as collateral are generally limited to obligations of the United States government and any state thereof and are held in the name of the State Chief Financial Officer's office. Compliance with the provisions of Chapter 280, Florida Statutes, is monitored by a Qualified Public Depository Oversight Board with members appointed by the State Chief Financial Officer.

Custodial Credit Risk—Investments: In the case of investments, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of September 30, 2025, the City's investments in U.S. Treasury obligations and U.S. Government agency obligations are backed by the full faith and credit of the United States, or explicitly guaranteed by the United States.

Foreign Currency Risk: Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The investment policy does not permit general obligations issued by a foreign government; therefore, the City is not exposed to foreign currency risk.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(4) **Deposits and Investments:** (Continued)

The City's Pension Plans are authorized to invest in the following investments:

The General Employees' Retirement Trust Fund has adopted an investment policy which authorizes the pension manager to invest in equities, fixed income investments, real estate investments, and hedge funds.

The Police Officers' Retirement Trust Fund has adopted an investment policy which authorizes the pension manager to invest in equities, convertible securities, real estate investments, and fixed income securities.

The Firefighters' Retirement Trust Fund has adopted an investment policy which authorizes the pension manager to invest in equities, fixed income investments, real estate investments, and hedge funds.

The following is a description of the valuation techniques used for assets measured at fair value:

U.S General & Agency Obligations—Valued based on face value of the instruments adjusted for inflation and interest maturities.

Corporate Bonds—Valued based on face value of the instruments adjusted for inflation and interest maturities.

Common Stock and Mutual Funds—Valued at fair value based on quoted market prices at year end.

Money Market Funds—Valued at the underlying fund balance.

Real Estate Based Investments, Other Trust/Partnership Investments, and Other Assets —Valued based upon the asset category and include discounted cash flow, direct capitalization sales approach, and cash equivalency and appraisals of underlying assets.

Units in the American Core Realty Fund (the Core Fund) are offered and sold by means of a private placement offering conducted in compliance with Rule 506 of Regulation D under the Securities Act of 1933, as amended. The Core Fund is an open-end diversified core commingled real estate fund that invests in private real estate and is structured as a Delaware limited partnership. As of September 30, 2025, the Retirement Plans held 18.7606 units for the Police Officers' Retirement Trust Fund. The value on that date was \$2,252,943. Units are purchased and redeemed through periodic transactions and the value of the units purchased or sold in such transactions is based on the unit value applicable to the valuation date at which each individual transaction occurred.

As of September 30, 2025, all of the Core Fund's investments were categorized as Level 3. Valuation techniques used to determine fair value for the assets in the Core Fund vary based on the asset category and include discounted cash flow, direct capitalization sales approach, and cash equivalency.

Requests for redemptions of units in the American Core Realty Fund may be made at any time, with 10 business days notification by submitting a Redemption Notice form signed by a representative of the City of DeLand's Police Officers' Retirement Plan, and are effective at the end of the calendar quarter in which the request is received by American Realty Advisors (ARA). The units that are subject to a redemption notice may be redeemed in full or in installments on a pro-rata basis as funds become available for such purpose and the redemption price will be the value per unit based on ARA's estimate of the fair value of the Core Fund's net assets as computed under generally accepted accounting principles at such time that each payment is made. Although ARA is required to use reasonable efforts to cause the Core Fund to pay the redemption price as soon as practicable after the effective date of the request, redemptions are subject to the availability of cash flow arising from investment transactions, sales and other fund operations occurring in the normal course of business. ARA is not required to liquidate or encumber assets or defer investments in order to satisfy redemption requests. As of September 30, 2025, there were no unfunded commitments.

(4) Deposits and Investments: (Continued)

The UBS Trumbull Property Fund (Trumbull Fund) is an open-ended core real estate fund that invests in private real estate. As a result, the City's General and Firefighters' Retirement Trust Funds own units in the Trumbull Fund, and the Trumbull Fund holds no securities on behalf of the Retirement Plan's account in the Trumbull Fund. As of September 30, 2025, the General and Firefighters' Retirement Plans held 2,135,905.56 and 999,986.34 units, respectively. The value on that date was \$1,938,235, and \$1,061,400, for each Trust fund, respectively. Units are purchased and redeemed through periodic transactions and the value of the units purchased or sold in such transactions is based on the unit value applicable to the valuation date at which each individual transaction occurred.

As of September 30, 2025, all of the Trumbull Fund's investments were categorized as Level 3. Valuation techniques used to determine fair value for the assets in the Trumbull Fund vary based on the asset category and include appraisals of the underlying assets.

Total Portfolio	\$ 35,141,052			\$ 24,246,815	\$ 9,835,477	\$ 1,033,520

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of investments. Generally, the longer the time to maturity, the greater the exposure to interest rate risk. The established performance objectives of the Pension Plans require investment maturities to provide sufficient liquidity to pay obligations as they become due. At September 30, 2025, the weighted average maturity in years for each investment type is included in the preceding table.

Credit Risk: Credit risk is the risk that a debt issuer or other counter-party to an investment will not fulfill its obligations. The Pension Plans utilize portfolio diversification in order to limit investments to the highest rated securities as rated by nationally recognized rating agencies. The ratings of the investments held at year end are shown above. All are rated within the investment policy guidelines at September 30, 2025.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The Fire Pension trust funds policy does not allow more than five (5) percent of its assets in the common stock, capital stock, or convertible securities of any one issuing company, nor shall the aggregate investment in any one issuing company, exceed five (5) percent of the outstanding stock of that company, nor shall the aggregate of its investments at market in common stock, capital stock and convertible securities exceed seventy (70) percent of the fund's total assets. The Police Pension trust funds policy does not allow more than five (5) percent of its assets in the common stock, capital stock, or convertible securities of any one issuing company, nor shall the aggregate investment in any one issuing company, exceed twelve and one half (12.5) percent of the outstanding stock of that company. The General Employee Pension trust funds policy does not allow more than five (5) percent of its assets in the common stock, capital stock, or convertible securities of any one issuing company, nor shall the aggregate investment in any one issuing company, exceed fifteen (15) percent of the outstanding stock of that company, nor shall the aggregate of its investments at market in common stock, capital stock and convertible securities exceed seventy-five (75) percent of the fund's total assets. At September 30, 2025, the investment portfolios met the single issuer limitations.

Custodial Credit Risk: Custodial credit risk is the risk that the City may not recover cash and investments held by another party in the event of financial failure. Custodial credit risk is limited since investments are held in independent custodial safekeeping accounts or mutual funds.

Foreign Currency Risk: Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The Pension trust funds policies allow for up to twenty-five (25) percent of its investments in common stock, capital stock and convertible securities at fair value in foreign securities. At September 30, 2025, the investment portfolios met the foreign securities limitations.

(7) **Capital Assets:** (Continued)

Depreciation/amortization expense was charged to functions/programs as follows:

Governmental activities:	
General governmental	\$ 1,200,850
Community development	136,229
Public safety	1,741,304
Public works	1,001,566
Culture and recreation	1,278,048
Community redevelopment	<u>227,281</u>
Total depreciation/amortization expense - governmental activities	<u>\$ 5,585,278</u>
Business-type activities:	
Water and sewer	\$ 4,948,539
Municipal airport	1,107,306
Stormwater	444,454
Permits and inspections	<u>525,865</u>
Total depreciation/amortization expense - business-type activities	<u>\$ 7,026,164</u>

(8) **Commitments:**

The City has active construction projects as of September 30, 2025. The projects include construction of utility improvements, road and right-of-way improvements, recreational facilities, and drainage improvements. At September 30, 2025, the City's commitments with contractors are as follows:

Projects	Total Project Amount	Amounts Expended	Remaining Commitment
Infrastructure Improvements	\$ 5,652,448	\$ 1,127,224	\$ 4,525,224
Water & Sewer Utility Improvements	142,542,498	109,554,056	32,988,442
Airport Improvements	<u>3,634,726</u>	<u>2,771,083</u>	<u>863,643</u>
	<u>\$151,829,672</u>	<u>\$113,452,363</u>	<u>\$ 38,377,309</u>

Construction of transportation infrastructure improvements is being funded from gas tax revenues, grant proceeds, debt proceeds and reserves. Construction of parks and recreation infrastructure improvements is being funded from grant proceeds and reserves. The commitment for water and sewer utility improvements is being funded from grants, water and sewer equity and water and sewer revenues and impact fees. Airport improvements are being funded from airport fund equity, grant proceeds, and airport revenues. The commitment for stormwater improvements is being funded from grant proceeds, drainage revenues, and deferred construction funds.

**CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

(10) Interfund Loans, Advances, Fees and Transfers:

The City makes routine transfers between its funds in the course of the fiscal year. The principal purposes of these transfers are to allocate resources for debt service, construction or other capital projects, and to provide operating subsidies. These transfers are consistent with the activities of the funds involved. Transfers of resources from a fund receiving revenue to the fund through which the resources are to be expended are recorded as transfers and are reported as other financing sources (uses) in the Governmental Funds and as transfers in (out) in the Proprietary Funds.

For the year ended September 30, 2025, interfund transfers consisted of the following:

Description	Transfers Out	Transfers In				
		Governmental Funds				Proprietary Funds
		General Fund	Debt Service	Capital Projects	Nonmajor Governmental	Water and Sewer
Governmental Funds						
General Fund	\$ 4,687,986	\$ -	\$ 1,305,307	\$ 2,334,552	\$ 1,048,127	\$ -
Spring Hill CRA	37,138	-	36,386	752	-	-
Downtown CRA	38,435	-	38,435	-	-	-
Nonmajor Governmental	1,300,361	411,000	597,116	-	292,245	-
Total – Governmental Funds	6,063,920	411,000	1,977,244	2,335,304	1,340,372	-
Proprietary Funds						
Water and Sewer	4,336,339	3,327,382	7,680	49,117	-	952,160
DeLand Municipal Airport	63,758	53,640	3,060	7,058	-	-
Refuse Collection	161,532	-	-	-	-	161,532
Nonmajor Proprietary	147,586	31,367	5,952	94,267	-	16,000
Total – Proprietary Funds	4,709,215	3,412,389	16,692	150,442	-	1,129,692
Total	\$ 10,773,135	\$ 3,823,389	\$ 1,993,936	\$ 2,485,746	\$ 1,340,372	\$ 1,129,692

The transfers from the General Fund to the Nonmajor Governmental Funds represent capital expenditures paid for by the General Fund and funding for operations of the homeless shelter. The transfer from the Water and Sewer Fund to the General Fund represents payments in lieu of taxes and other shared costs. The transfer from the Airport Fund to the General Fund represent payments on the advance of funding.

At September 30, 2025, individual fund advances to and from other funds for the primary government were comprised of the following:

	Advance To	Advance From
Governmental Activities		
General Fund:		
Airport Fund	\$ 1,344,336	\$ -
	<u>1,344,336</u>	<u>-</u>
Business-type Activities		
Airport Fund:		
General Fund	-	1,344,336
	<u>-</u>	<u>1,344,336</u>
Totals – All Funds	\$ 1,344,336	\$ 1,344,336

**CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

(10) Interfund Loans, Advances, Fees and Transfers: (Continued)

The advance from the General Fund to the Airport Fund is interest-bearing and was made to accelerate the capital improvement program for the DeLand Municipal Airport. The advance will be repaid by future revenues of the Airport Fund.

(11) Risk Management:

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. The City has established a limited risk management program for workers' compensation and as part of this program the Workers' Compensation Self-Insurance Fund. All funds of the City participate in this program and make premium payments to the Self-Insurance Fund based on actuarial estimates of reserve requirements and analysis of reported claim requirements and administrative costs. The City's current commercial workers' compensation insurance coverage provides for a deductible of \$100,000 per accident (formerly \$150,000 for all claims prior to October 1, 2014) and provides a maximum coverage of \$1,000,000 per accident and a maximum aggregate coverage of \$1,000,000 per year. There have been no claims or settlements for workers' compensation or other types of exposure in excess of the City's commercial insurance coverage over the past three years.

The estimates are based on an actuarial analysis as of September 30, 2025 of the City's self-insurance program. The claims liability was approximately \$1,853,000 at September 30, 2025, and is reported in accordance with the GASB Codification. The claims liability estimates were discounted to present value using an assumed discount rate of 3.0% per annum.

Because of uncertainties in the estimation process, it is at least reasonably possible that management's estimate of the claim's liability will change in the near term and could be material to the financial statements.

A summary of the changes in the liabilities for reported losses and incurred but not reported losses for the past five years follows:

<u>Fiscal Year</u>	<u>Liability at Beginning of Fiscal Year</u>	<u>Current Year Claims and Changes in Estimate</u>	<u>Claim Payments</u>	<u>Liability at End of Fiscal Year</u>
2025	\$ 1,672,000	\$ 646,948	\$ (465,948)	\$ 1,853,000
2024	1,572,000	387,152	(287,152)	1,672,000
2023	1,493,000	468,893	(389,893)	1,572,000
2022	856,000	1,080,928	(443,928)	1,493,000
2021	843,000	298,568	(285,568)	856,000

Various lawsuits and claims arising in the ordinary course of the City's operations are pending against the City. Management has estimated these suits and claims to have an immaterial effect on the City's financial statements at September 30, 2025. Certain other suits are indeterminable as to the probability or estimability of the potential liability to the City at September 30, 2025.

**CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

(12) Employees' Retirement Plans:

A. Defined Contribution Plan

The City maintains one defined contribution retirement plan for its general employees created in accordance with Internal Revenue Code Section 401(a). The deferred compensation in the 401(a) plan is not available until termination, retirement, death, or unforeseeable emergency.

The City of DeLand Governmental Money Purchase Plan is administered by Nationwide Retirement Solutions (formerly PEBSCO). Based on City ordinance, all full-time employees, except the City Manager, City Attorney and/or assistants, department directors, certain staff positions subject to review by the City Commission and employees covered by the Police Officers' or Firefighters' Retirement Plans hired on or after August 5, 2006, are required to be participants of the City of DeLand Governmental Money Purchase Plan. Employees hired prior to August 5, 2006, were offered a one-time, irrevocable option to move from the Defined Benefit Retirement Plan to the Defined Contribution Retirement Plan. The City contributes on behalf of eligible full-time general employees 7.5% of earnings for the Plan Year (subject to the limitations of Article V of the Plan.) Each of these participants are required to make a 5% contribution of earnings to the plan.

Based on City Ordinance, the City Manager and eligible department heads are required to participate in the 401(a) plan for City contributions, unless they elect out within a 30-day timeframe. The City contributes on behalf of the City Manager 12% of earnings for the plan year as required by the employment contract between the City and the City Manager (subject to the limitations of Article V of the Plan). The City Manager may not make contributions to the plan. The City contributes on behalf of eligible department heads 10% of earnings for the plan year (subject to the limitations of Article V of the Plan). Each of these participants may not make contributions to the plan.

The funds are invested in the manner directed by the employee. The plan has a five (5) year graduated vesting schedule for eligible general employees, 20% a year, with partial vesting after one (1) year of service. The City Manager and Departments Heads are immediately 100% vested. All amounts deferred under this plan are held in trust for the exclusive benefit of the participants and beneficiaries. These assets are held in trust, not subject to the claims of the City's general creditors, and therefore are not included in the financial records of the City. For the year ended September 30, 2025, total City and employee contributions to the 401(a) plan were \$1,346,930 and \$897,954, respectively.

B. Defined Benefit Plans

Plan Description and Administration

The City maintains three (3) single-employer defined benefit pension plans for its employees: the General Employees' Retirement Trust Fund, the Police Officers' Retirement Trust Fund and the Firefighters' Retirement Trust Fund.

The General Employees' Retirement Trust Fund is administered by the General Employees' Retirement Committee. Based on City Ordinance, all full-time employees, except the City Manager and certain department heads designated by the City Commission and employees covered by the Police Officers' or Firefighters' Retirement Trust Funds, are participants of the General Employees' Retirement Trust Fund. This plan applies only to employees hired before August 5, 2006 (see Defined Contribution Retirement Plan).

The Police Officers' Retirement Trust Fund is administered by the Police Officers' Retirement Committee. Based on City ordinance, all full-time sworn police officers are participants of the Police Officers' Retirement Trust Fund.

The Firefighters' Retirement Trust Fund is administered by the Firefighters' Retirement Committee. Based on City Ordinance, all full-time firefighters are participants of the Firefighters' Retirement Trust Fund.

**CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

(12) Employees' Retirement Plans: (Continued)

The City also has a Deferred Retirement Option Program for eligible General Employees', Police Officers' and Firefighters' Retirement Plan participants. The DROP Plan allows members who have met the eligibility requirement for normal retirement to have their retirement benefits deposited monthly into a DROP account, earning interest, while simultaneously continuing to work (but not earning additional credit for retirement) for up to sixty months (5 years). Employees who enter the DROP Program have an option of either receiving their earned compensated absences when they enter the program in one lump sum, or to receive the lump sum at the end of their employment with the City. The purpose of this program is to provide a way for retirees to accumulate additional savings while continuing employment.

Benefits Provided and Employees Covered

Each Plan provides retirement, disability and death benefits to plan participants and beneficiaries. Cost of living adjustments are provided to retirees and beneficiaries at the discretion of the City Commission. Benefits vest after ten years of full-time employment. Each of the Retirement Committees has contracted with an actuary to provide an actuarial valuation of each plan as of October 1 (changed from January 1 to October 1 effective October 1, 2002) of each year. Current membership in the employee retirement plans was composed of the following at October 1, 2024:

	General Employees' Retirement Trust Fund	Police Officers' Retirement Trust fund	Firefighters' Retirement Trust Fund
Retirees and beneficiaries currently receiving benefits, including DROP participants	130	59	31
Vested terminated employees	1	4	4
Active participants	13	60	57
Total current membership	144	123	92

Police Officers' Retirement Trust Fund

For the Police Officers' Retirement Trust Fund, all certified full-time law enforcement officers are eligible to participate. Credited service is computed in completed months from date of employment to actual retirement or termination date. Final Monthly Compensation (FMC) is calculated based on the average rate of basic compensation during the best 5 years out of the last 10 years preceding the date of separation, and includes overtime pay and excludes commissions, bonuses, and expense allowances. Accrued leave was frozen as of September 30, 2013. Normal retirement is achieved at the earlier of 55 years of age and 10 years of credited service or 20 years of credited service, and normal annual benefits are calculated at 3.0% times FMC times years of credited service. Additional benefit election options are available for early retirement, and disability and death benefits are also provided.

All current retirees, disabled participants, beneficiaries, DROP participants and terminated vested members, who retired before January 1, 2008, and who have been receiving benefits for a minimum of twelve (12) months, are eligible for an automatic annual cost of living adjustment (COLA) in the amount of 0.5%, per annum commencing January 1, 2006.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(12) **Employees' Retirement Plans:** (Continued)

All participants, or the beneficiaries of said participants, who retire on or after January 1, 2008, shall be required to have attained Normal Retirement Date to be eligible to receive the above stated annual COLA. Effective October 1, 2012, all participants who were employed on or after March 21, 2011, and who retire pursuant to normal retirement eligibility conditions, including entry into the DROP, and active DROP participants employed as of March 21, 2011, with the City shall receive an automatic annual cost of living adjustment (COLA) of 1.5% in addition to the above stated annual COLA of 0.5% in the January following the earlier of (1) attainment of age 55 but not before a period of one (1) year has elapsed from date of retirement or DROP entry or (2) three (3) years following the date of retirement or DROP entry.

Firefighters' Retirement Trust Fund

For the Firefighters' Retirement Trust Fund, all certified full-time firefighters are eligible to participate. Credited service is computed in completed months from date of employment to actual retirement or termination date. Final Monthly Compensation (FMC) is calculated based on the average rate of basic compensation during the best 5 years out of the last 10 years preceding the date of separation, and includes overtime pay and excludes commissions, bonuses, expense allowances, and all other extraordinary compensation. Normal retirement is achieved at the earlier of 55 years of age and 10 years of credited service or 20 years of credited service, and normal annual benefits are calculated at 3.0% times FMC times years of credited service. Additional benefit election options are available for early retirement, and disability and death benefits are also provided.

The monthly retirement benefit payable to all participants who retired prior to June 1, 2005, with 20 years of credited service is adjusted annually effective October 1, 2004, and October 1 of each year thereafter. Such annual COLA adjustments are in an initial amount equal to 1.0% of the participant's monthly retirement benefit and an amount equal to 0.5% of the participant's monthly retirement benefit each year thereafter. Participants who retire after October 1, 2012, that have received a benefit for 3 years or attained age 55 are entitled to the annual COLA plus an additional annual 1.5% COLA effective on the participant's date of retirement or entry into DROP and each year thereafter.

General Employees' Retirement Trust Fund

For the General Employees' Retirement Trust Fund, all regular full-time employees hired prior to August 5, 2006, who elected not to opt out of the plan are eligible to participate. Credited service is computed in completed months from date of employment to actual retirement or termination date. Final Monthly Compensation (FMC) is calculated based on the average rate of basic compensation during the best 60 successive months out of the last 120 months preceding the date of separation, and includes overtime pay up to 300 hours. Accrued leave was frozen as of July 1, 2011. Normal retirement is achieved at the earlier of 65 years of age and 10 years of credited service, 60 years of age and 20 years of credited service, or 25 years of credited service, and normal annual benefits are calculated at 2.4% times FMC times years of credited service. Additional benefit election options are available for early retirement, and disability and death benefits are also provided.

All current and future retirees who retire on or after the Normal Retirement Date, and their beneficiaries, who have been receiving benefits for a minimum of twelve (12) months will be eligible for an automatic annual COLA in the amount of 0.5% per annum commencing January 1, 2008.

(12) **Employees' Retirement Plans:** (Continued)

Financial Statements

The financial statements of the Employees' Retirement plans are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The government's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. All plan investments are reported at fair value. The City utilizes the General Fund to liquidate the liability for the pension liabilities from previous years. These plans do not issue stand-alone financial reports.

Contributions

The participant contribution rates are established by and may be amended by the City Commission. Participant contribution rates for the Police Officers' Retirement Trust Fund, Firefighters' Retirement Trust Fund, and General Employees' Retirement Trust Fund are 7.75%, 5.00%, and 7.00%, respectively, of covered payroll. The City's annual required contribution for the current year was determined as part of the October 1, 2023 actuarial valuations. The City is required under the Florida Protection of Public Employee Retirement Benefits Act to meet required contribution amounts. The City's contributions (and if applicable, any liquidations of a net pension obligation) to the Police Officers' Retirement Trust Fund and Firefighters' Retirement Trust Fund are funded by the general funds, while the General Employees' Retirement Trust Fund contributions are funded by the General Fund and various enterprise funds.

The State of Florida also makes contributions to the Firefighters' and Police Officers' Retirement Plans in accordance with Chapter 175 and Chapter 185 of the Florida Statutes as amended by the State Legislature. This contribution by the State of Florida is first recognized as revenue in the General Fund before being transferred to the Pension Fund. The City's actual annual contribution for each plan is determined by subtracting estimated employee contributions and actual State of Florida contributions from the total annual required contribution as determined by the actuary.

Contributions to the City's pension plans for the year ended September 30, 2025, were as follows:

	General Employees' Retirement Trust Fund	Police Officers' Retirement Trust Fund	Firefighters' Retirement Trust Fund	Total Contributions
Employee contributions	\$ 57,776	\$ 421,240	\$ 298,716	\$ 777,732
City contributions	1,041,838	1,493,044	2,460,371	4,995,253
State contributions	-	531,399	402,225	933,624
Total contributions	\$ 1,099,614	\$ 2,445,683	\$ 3,161,312	\$ 6,706,609

Costs incurred by each of the plans for administration of the plans, which includes legal and actuarial fees, trustee fees and investment advisory fees, are borne by the respective retirement plans and are included in the actuarial analysis of the required funding amounts.

(12) **Employees' Retirement Plans:** (Continued)

Investment Policy

See Note (4) for additional discussion of the investment policies for each of the Plans. The following was the asset allocation policy for each of the plans as of the September 30, 2024 measurement date:

Asset Class	Target Asset Allocation		
	General Employees' Retirement Trust Fund	Police Officers' Retirement Trust Fund	Firefighters' Retirement Trust Fund
Domestic equity	45.0%	40.0%	50.0%
International equity	15.0%	15.0%	10.0%
Convertible securities	0.0%	10.0%	0.0%
Fixed income	31.5%	22.0%	30.0%
Real estate	8.5%	8.0%	10.0%
Hedge funds	0.0%	0.0%	0.0%
Infrastructure funds	0.0%	5.0%	0.0%

Net Pension Liability

The components of the net pension liability of the pension plans at September 30, 2025, based upon a measurement date of September 30, 2024, were as follows:

	General Employees' Retirement Trust Fund	Police Officers' Retirement Trust Fund	Firefighters' Retirement Trust Fund	Total
Total pension liability	\$ 34,356,477	\$ 45,924,826	\$ 38,441,775	\$ 118,723,078
Plan fiduciary net position	(29,832,393)	(37,354,971)	(32,890,521)	(100,077,885)
Net pension liability	\$ 4,524,084	\$ 8,569,855	\$ 5,551,254	\$ 18,645,193

Plan fiduciary net position as percentage of total pension liability	86.83%	81.34%	85.56%	84.30%
---	--------	--------	--------	--------

The total pension liability was determined by an actuarial valuation as of October 1, 2023, updated to the measurement date of September 30, 2024, using the following actuarial assumptions to all measurement periods.

	General Employees' Retirement Trust Fund	Police Officers' Retirement Trust Fund	Firefighters' Retirement Trust Fund
Inflation	2.50%	2.50%	2.30%
Salary increases	3.50-6.00%	6.50-9.75%	3.00-7.00%
Investment rate of return	7.00%	7.50%	7.00%

Mortality rates for the Police Officers' Retirement Trust Fund and Firefighters' Retirement Trust Fund were based on the Florida Retirement System (FRS) assumptions used for special risk employees. Mortality rates for the General Employees' Retirement Trust Fund were based on the Florida Retirement System (FRS) assumptions used for regular employees.

**CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

(12) Employees' Retirement Plans: (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major class included in the pension plan's target asset allocation as of September 30, 2024, are summarized in the following table:

	Long Term Expected Real Rate of Return		
Asset Class	General Employees' Retirement Trust Fund	Police Officers' Retirement Trust Fund	Firefighters' Retirement Trust Fund
Domestic equity	7.13%	10.30%	5.70%
International equity	6.00%	6.30%	4.60%
Convertible securities	n/a	8.80%	n/a
Fixed income	1.50%	4.30%	1.13%
Real estate	5.80%	7.90%	3.88%
Infrastructure funds	n/a	8.90%	n/a

Discount rate:

As it relates to the discount/investment rate of return rates outlined previously, the projection of cash flows used to determine the discount rate assumed the plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in net pension liability:

Changes in each plan's net pension liability, based upon a measurement date of September 30, 2024, were as follows:

	General Employees' Retirement Trust Fund		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a - b)
Beginning Balance	\$ 34,385,637	\$ 26,528,088	\$ 7,857,549

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(12) **Employees' Retirement Plans:** (Continued)

Sensitivity of the net pension liability to changes in the discount rate:

The following presents the net pension liability of the City calculated using the actual discount rates, as well as what the City's net pension liability would be if it were calculated using discount rates that are 1% lower or 1% higher than the current rates:

<u>City's Net Pension Liability</u>	<u>Current Rate</u>	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
General Employees' Retirement Trust Fund	7.00%	\$ 7,628,475	\$ 4,524,084	\$ 1,867,321
Police Officers' Retirement Trust Fund	7.50%	14,452,203	8,569,855	3,743,918
Firefighters' Retirement Trust Fund	7.00%	10,785,980	5,551,254	1,257,502
Total		<u>\$ 32,866,658</u>	<u>\$ 18,645,193</u>	<u>\$ 6,868,741</u>

For the year ended September 30, 2024, the annual-money weighted rate of return on each pension plan investments, net of pension plan investment expense was as follows:

	<u>General Employees' Retirement Trust Fund</u>	<u>Police Officers' Retirement Trust Fund</u>	<u>Firefighters' Retirement Trust Fund</u>
Annual money-weighted rate of return	6.91%	8.27%	20.90%

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions

For the year ended September 30, 2025, the City recognized pension expense of \$672,211, \$2,440,473, and \$2,371,679 in the General Employees, Police Officers, and Firefighters pension plans, respectively, for a grand total of \$5,484,363. When added to OPEB expense of \$295,337, total City pension/OPEB expense was \$5,779,700.

At September 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>General Employees' Retirement Trust Fund</u>		<u>Police Officers' Retirement Trust Fund</u>		<u>Firefighters' Retirement Trust Fund</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience on liabilities	\$ -	\$ -	\$1,439,161	\$ -	\$ 2,664,761	\$ (441,832)
Changes of assumptions	-	-	-	(15,528)	743,686	-
Net difference between projected and actual investment earnings	-	(810,141)	-	(293,236)	-	(1,405,280)
Contributions made subsequent to measurement date	-	-	1,546,256	-	-	-
	<u>\$ -</u>	<u>\$ (810,141)</u>	<u>\$2,985,417</u>	<u>\$(308,764)</u>	<u>\$ 3,408,447</u>	<u>\$(1,847,112)</u>

While all plans report based on a measurement date of September 30, 2024, only the Firefighters' plan reports a deferred outflow for employer and state contributions made subsequent to the measurement date. This is due to the fact that, in the General Employees and Police Officers' plans, contributions are typically made in the fiscal year following the year which the contributions relate to (e.g., contributions for the plan year ended September 30, 2025, were not made until fiscal year 2026).

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(12) **Employees' Retirement Plans:** (Continued)

Amounts reported as deferred outflows (except for contributions made subsequent to the measurement date, which will be recognized in the succeeding fiscal year) and deferred inflows of resources related to pensions being amortized for a period of greater than one year will be recognized in pension expense in succeeding years as follows:

	General Employees' Retirement Trust Fund	Police Officers' Retirement Trust Fund	Firefighters' Retirement Trust Fund	Total
2026	\$ (31,288)	\$ 803,841	\$ 422,908	\$ 1,195,461
2027	596,545	1,588,189	854,658	3,039,392
2028	(758,370)	(515,621)	(172,093)	(1,446,084)
2029	(617,028)	(746,012)	(262,706)	(1,625,746)
2030	-	-	359,284	359,284
Thereafter	-	-	359,284	359,284

A. Pension Fund Financial Statements:

No standalone financial reports exist for these pension plans. All financial activity is reported within the accompanying statement of fiduciary net position.

(13) **Other Post-Employment Benefits (OPEB):**

Plan Description—The Other Post-Employment Benefit Plan is a single-employer benefit plan administered by the City. No assets are held in trust for payment of the OPEB liability as the City had no OPEB liability other than as arising from the implicit rate subsidy, as discussed in the following paragraph.

Retirees and their dependents are permitted to remain covered under the City's respective health care plans as long as they pay a full premium applicable to the coverage elected. This conforms to the minimum required of Florida governmental employers per Chapter 112.08, Florida Statutes. The Other Post-Employment Benefit Plan does not issue a stand-alone report.

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(13) **Other Post-Employment Benefits (OPEB):** (Continued)

Benefits Provided—Retirees are charged whatever the insurance company charges for the type of coverage elected, however, the premiums charged by the insurance company are based on a blending of the experience among younger active employees and older retired employees. The older retirees have a higher cost which means the City is actually subsidizing the cost of the retiree coverage because it pays all or a significant portion of the premium on behalf of the active employee. This is known as the “implicit rate subsidy.”

Plan Membership—At November 22, 2024, the date of the latest actuarial valuation, plan participation consisted of the following:

Active Employees	458
Inactive Employees	56
	514

Total OPEB Liability—The City’s total OPEB liability of \$2,630,993 was measured as of September 30, 2025, and was determined by an actuarial valuation at October 1, 2023. The current portion of the OPEB liability is minimal and not presented separately on the face of the financial statements.

Actuarial Assumptions and Other Inputs—The total OPEB liability at the September 30, 2025, measurement date was determined using the following actuarial assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified:

Inflation	3.00%
Salary increases	4.00%
Discount rate	4.50%
Healthcare cost trend rate	4.50%
Retirees’ share of benefit-related costs	100.00%

The City does not have a dedicated Trust to pay retiree healthcare benefits. The discount rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index as of September 30, 2025.

Mortality rates were based on the MP-2020 Combined Mortality Table for males and females with mortality improvement projected to PubG.H-2010 Mortality Table-General with Mortality Improvements for males and females.

Changes in the OPEB liability for the fiscal year ended September 30, 2025, were as follows:

	Total OPEB Liability
Balance at September 30, 2024	\$ 2,733,211
Changes for a year:	
Service cost	79,293
Interest	107,110
Changes of assumptions	(98,579)
Benefit payments – implicit rate subsidy	(190,042)
Net changes	102,218
Balance at September 30, 2025	\$ 2,630,993

**CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

(13) **Other Post-Employment Benefits (OPEB):** (Continued)

Sensitivity of the OPEB liability to changes in the discount rate:

The following presents the OPEB liability of the City calculated using the discount rate of 4.50%, as well as what the City's OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
OPEB Liability	\$ 2,841,558	\$ 2,630,993	\$ 2,444,508

Sensitivity of the OPEB liability to changes in the healthcare cost trend rate:

The following presents the OPEB liability of the City as well as what the City's OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates (3.50%-5.50%):

	<u>1% Decrease</u>	<u>Current Trend Rates</u>	<u>1% Increase</u>
OPEB Liability	\$ 2,425,064	\$ 2,630,993	\$ 2,867,572

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended September 30, 2025, the City recognized OPEB expense of \$295,337. At September 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 249,762	\$ -
Changes of assumptions	395,345	143,872
Total	\$ 645,107	\$ 143,872

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ended September 30:</u>	<u>Amortization</u>
2026	\$ 117,005
2027	142,642
2028	144,416
2029	106,796
2030	(9,624)

**CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

(14) Deferred Compensation Plan:

The City offers a deferred compensation plan administered by Nationwide Retirement Solutions. The plan was created in accordance with Internal Revenue Code Section 457. The plan, optional and available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation in the 457 plan is not available until termination, retirement, death, or unforeseeable emergency.

Both the City’s sponsored Section 457 deferred compensation plan and the City’s sponsored Section 401(a) defined contribution plan have been modified to establish qualified trust and custodial accounts. As such, all amounts deferred under these plans are held in trust for the exclusive benefit of the participants and beneficiaries. These assets are not subject to the claims of the City’s general creditors and therefore are not included in the financial records of the City.

(15) Commitments and Contingencies:

Various suits and claims arising in the ordinary course of the City’s operations, some of which involve substantial amounts, are pending against the City.

The ultimate effect of such litigation cannot be ascertained at this time. However, in the opinion of counsel for the City, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of the City or the results of its operations, nor is it anticipated that any material amount will be paid for claims and judgments in the next fiscal year.

(16) Prior Period Restatements:

The City recorded restatements to beginning fund balance/net position in various funds related to the implementation of GASB Statement No. 101 related to compensated absences. The impact of adoption on governmental activities was determined to be inconsequential; therefore, no prior-period restatement was required for governmental activities.

The impact of the above restatements on the respective fund balance/net position amounts as of September 30, 2024, are as follows:

	<u>Water and Sewer Fund</u>	<u>Airport Fund</u>	<u>Nonmajor Proprietary Funds</u>
Net position/Fund balance - 9/30/2024 originally reported	\$ 213,992,118	\$ 41,141,686	\$ 15,429,949
Implementation of GASB 101	<u>(67,564)</u>	<u>(4,520)</u>	<u>(10,512)</u>
Net position/Fund balance - 9/30/2024, as restated	<u>\$ 213,924,554</u>	<u>\$ 41,137,166</u>	<u>\$ 15,419,437</u>

CITY OF DELAND, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

(17) **Recent Accounting Pronouncements:**

The Governmental Accounting Standards Board (“GASB”) has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for subsequent fiscal years that have not yet been implemented. Management has not currently determined what, if any, impact implementation of the following will have on the City’s financial statements:

GASB issued Statement No. 103, *Financial Reporting Model Improvements*, in April 2024. The objective of GASB 103 is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. The effective date for implementation is fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*, in September 2024. GASB 104 requires governments to provide detailed information about certain types of capital assets, including lease assets, intangible right-to-use assets, and subscription assets, in the notes to financial statements. The provisions for GASB 104 are effective for fiscal years beginning after June 15, 2025.

GASB issued Statement No. 105, *Subsequent Events*, in December 2025. GASB Statement No. 105 clarifies the subsequent events time frame and establishes accounting and disclosure requirements for recognized and nonrecognized subsequent events. The provisions of GASB Statement No. 105 are effective for fiscal years beginning after June 15, 2026, and all reporting periods thereafter.

Notes to Schedule:

Valuation Date: 10/1/2023

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method
Amortization Method: Level Dollar, Closed
Remaining Amortization Period: 10 Years
Asset Valuation Method: 5-year smoothed fair value rate
Inflation: 2.50% per year
Salary Increases: 3.5%-6.00%
Investment Rate of Return: 7.00%
Cost of Living Adjustment: 0.50% for retirees who retire on or after Normal Retirement Date
Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition.
Mortality: For healthy participants during employment, PUB-2010 Headcount Weighted General Below Median Employee Mortality Table, separate rates for males and females, set back 1 year for males, with fully generational mortality improvements projected to each future decrement date with Scale MP-2018.
For healthy participants post employment, PUB-2010 Headcount Weighted General Below Median Healthy Retiree Mortality Table, separate rates for males and females, set back 1 year for males, with fully generational mortality improvements projected to each future decrement date with Scale MP-2018.
For disabled participants, PUB-2010 Headcount Weighted General Disabled Retiree Mortality Table, separate rates for males and females, both set forward 3 years, without projected mortality improvements.

2016	796,594	796,594	-	2,351,223	33.88%

Notes to Schedule:

Valuation Date: 10/1/2023

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method. Loads: interest 1.25 years, 7% assumption
Amortization Method: New UAAL amortization bases are amortized over 15 years.
Inflation: 2.50% per year
Mortality: Mortality Rate Healthy Active Lives:
PubS.H-2010 (Below Median) for Employees, set forward one year.
Mortality Rate Retiree Lives:
PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.
Mortality Rate Beneficiary Lives:
Female: PubG.H-2010 (Below Median) for Healthy Retirees.
Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.
Mortality Rate Disabled Lives:
80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.
Retirement Age: Earlier of age 58 and 10 years of service or the completion of 25 years of service.
Members with less than 20 years of service are assumed to retire early at a rate of 10% per year.
Early Retirement Rate: None assumed
Termination Rates: Service based, less than 5 years service 2.0%, 5-14 years service 1.0%, greater than 14 years service 0.0%
Salary Increases: Service based, less than 10 years service 5.50%, 10-20 years service 7.00%, greater than 20 years service 3.00%
Asset Valuation Method: The Actuarial Value of Assets is brought forward using the historical 4-year geometric average market value return (net of fees). Over time, this may produce an insignificant bias above or below the Market Value of Assets.
Interest Rate: 7.00% per year, compounded annually, net of investment-related expenses.
Payroll Growth: 0.00%
Disability Rates: See table below. 90% of disability and pre-retirement death occurrences are assumed to be service-connected.

Age	% Becoming Disabled During the Year
20,25	0.09%
30	0.11%
35	0.13%
40	0.15%
45	0.20%
50	0.33%
55	0.62%
60+	1.18%

Statistical Section

This part of the City of DeLand, Florida's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	108
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	121
These schedules contain information to help the reader assess the factors affecting the City's local revenue sources, property taxes, and charges for water and sewer.	
Debt Capacity	127
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	135
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and help make comparisons over time and with other governments.	
Operating Information	138
These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

**SCHEDULE 21
CITY OF DELAND, FLORIDA
DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
SEPTEMBER 30, 2025**

Governmental Unit	Net Debt Outstanding (1)	Percentage Applicable To This Government Unit	Estimated Share of Overlapping Debt
Debt Repaid with Property Taxes			
School District (2)	\$ 258,732,775	5.60%	14,479,670
Volusia County (3)	54,476,020	6.32%	<u>\$ 3,442,069</u>
Subtotal, Overlapping Debt			17,921,739
City Direct Debt			<u>16,859,177</u>
Total Direct and Overlapping Debt			<u><u>\$ 34,780,916</u></u>

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of DeLand. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) Net Debt Outstanding data provided by each governmental unit listed.

(2) For School District overlapping debt, the percentage applicable to DeLand was determined by taking the City's taxable value of \$3,848,354,281 and dividing it by School District's taxable value of \$68,765,061,894.

(3) For Volusia County overlapping debt, the percentage applicable to DeLand was determined by taking the City's taxable value of \$3,848,354,281 and dividing it by Volusia County's taxable value of \$60,906,102,324.

The accompanying notes to the schedule of expenditures of federal awards and state financial assistance are an integral part of this schedule.

**CITY OF DELAND, FLORIDA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

(1) **Basis of Presentation:**

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) includes the federal grant activity of the City of DeLand, Florida (the City). The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

(2) **Summary of Significant Accounting Policies:**

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) or Chapter 10.550, Rules of the Auditor General, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

No grant awards for the year ended September 30, 2025, have been passed through to subrecipients.

(3) **De Minimis Indirect Cost Rate Election:**

The City has elected not to use the de minimis indirect cost rate as allowed under Uniform Guidance.

(4) **Contingency:**

Project expenditures are subject to audit and adjustment. If any expenditures were to be disallowed by the grantor agency as a result of such an audit, any claim for reimbursement to the grantor agency would become a liability of the City. In the opinion of management, all project expenditures included on the accompanying schedule are in compliance with the terms of the project agreements and applicable federal and state laws and regulations.

State Financial Assistance:

Internal control over major State projects:

Material weakness(es) identified? _____ yes X no

Significant deficiency(ies) identified? _____ yes X none reported

Type of auditors' report issued on compliance for major State projects: *Unmodified*

Any audit findings disclosed that are required to be reported for state financial assistance projects in accordance with Chapter 10.550? _____ yes X none reported

Dollar threshold used to distinguish between type A and type B programs: \$750,000

Identification of major State programs:

<u>CSFA Number</u>	<u>Program Name</u>
37.077	SRF Wastewater Treatment Facility Construction

- B. **Financial Statement Findings:** None.
- C. **Federal Awards Program Findings and Questioned Costs:** None.
- D. **Prior Audit Findings:** Not applicable as no prior year findings have been reported.
- E. **Corrective Action Plan:** Not applicable as there are not current year findings.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

To the Honorable Mayor and City Commission,
City of DeLand, Florida:

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited the City of DeLand, Florida's (the City) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget *Compliance Supplement*, and the requirements described in the Department of Financial Services *State Projects Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs and state projects for the year ended September 30, 2025. The City's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2025.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, Rules of the Auditor General, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, Rules of the Auditor General, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

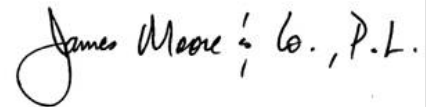

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance.

Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Daytona Beach, Florida
February 27, 2026

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS***

To the Honorable Mayor and City Commission,
City of DeLand, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of DeLand, Florida, (the City) as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated February 27, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

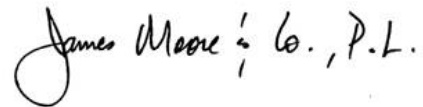

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

OFFICE OF THE AUDITOR GENERAL**

To the Honorable Mayor and City Commission,
City of DeLand, Florida:

Report on the Financial Statements

We have audited the financial statements of the City of DeLand, Florida (the City), as of and for the fiscal year ended September 30, 2025, and have issued our report thereon dated February 27, 2026.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance in Accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; and Independent Accountants' Examination Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 27, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. The following recommendation was corrected from the preceding audit report:

2024-001 Unexpended Fund Balance – Building Permits – Corrective action taken.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority for the primary government and component units of the reporting entity is disclosed in Note 1 of the basic financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we had no recommendations.

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the recommendations identified in our audit and described in the accompanying Management's Response to Findings. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Property Assessed Clean Energy (PACE) Programs

The following items have been provided to us to comply with state reporting requirements and have not been audited by us. We did not audit the following information within this section, nor were we required to perform any procedures to verify the accuracy or the completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on this data.

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the City did not have a property assessed clean energy (PACE) program that finances qualifying improvements authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, operated within its geographical boundaries during the fiscal year under audit.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

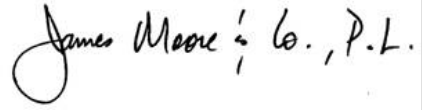

The required reporting items in accordance with Section 218.39(3)(c), Florida Statutes for the City of DeLand Downtown Tax Increment District and the Spring Hill Community Redevelopment Agency (the CRAs) have been reported in the separately issued audited financial statements of each CRA.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and State grant agencies, the City Commission, management, and others within the City and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "James Moore & Co., P.L.". The signature is written in a cursive style with a large initial "J".

INDEPENDENT ACCOUNTANTS' EXAMINATION REPORT

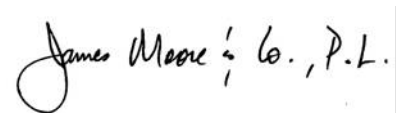

To the Honorable Mayor and City Commission,
City of DeLand, Florida

We have examined the City of DeLand, Florida's (the City) compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies* (the Statute), for the year ended September 30, 2025. The City's management is responsible for the City's compliance with the Statute. Our responsibility is to obtain reasonable assurance by evaluating the City's compliance with the Statute and performing other procedures to obtain sufficient appropriate evidence to express an opinion that conveys the results of our evaluation based on our examination.

Our examination was conducted in accordance with the attestation standards for a direct examination engagement established by the American Institute of Certified Public Accountants (AICPA). Those standards require that we obtain reasonable assurance by evaluating the City's compliance with the Statute for the year ended September 30, 2025, and performing other procedures to obtain sufficient appropriate evidence to express an opinion that conveys the results of our evaluation of the City's compliance with the Statute for the year then ended. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks that the City was not in compliance with the Statute in all material respects, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our examination engagement.

In our opinion, the City of DeLand, Florida complied with the Statute for the year ended September 30, 2025, in all material respects.
