## Independent Auditors' Report

To the Board of Directors  
The Florida Bar Foundation, Inc.  
Orlando, Florida

To the Trustees  
The Florida Bar Foundation Endowment Trust  
Orlando, Florida

We have audited the accompanying combined statements of financial position of The Florida Bar Foundation, Inc. and The Florida Bar Foundation Endowment Trust as of June 30, 2010 and 2009, and the related combined statements of activities and cash flows for the years then ended. These combined financial statements are the responsibility of the management of The Florida Bar Foundation, Inc. and The Florida Bar Foundation Endowment Trust. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and our audits of The Florida Bar Foundation, Inc. were also conducted in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall combined financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of The Florida Bar Foundation, Inc. and The Florida Bar Foundation Endowment Trust as of June 30, 2010 and 2009, and the combined changes in their net assets and their combined cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

To the Board of Directors  
The Florida Bar Foundation, Inc.

To the Trustees  
The Florida Bar Foundation Endowment Trust

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2010, on our consideration of The Florida Bar Foundation, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our 2010 audit.

Our audits were performed for the purpose of forming an opinion on the basic combined financial statements of The Florida Bar Foundation, Inc. and The Florida Bar Foundation Endowment Trust taken as a whole. The accompanying schedule of expenditures of state financial assistance by The Florida Bar Foundation, Inc. is presented for purposes of additional analysis as required by Chapter 10.650, Rules of the Auditor General, State of Florida, and is not a required part of the basic combined financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic combined financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic combined financial statements taken as a whole.

*Querett Warmus Durkee Osburn Henning*

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS

June 30, 2010 and 2009

**1. Summary of Significant Accounting Policies:**

**Organization**

The Florida Bar Foundation, Inc. (the “Foundation”) is a non-profit, tax exempt corporation established in 1956 by Florida lawyers and the Supreme Court of Florida for the purpose of providing greater access to justice. The Foundation accomplishes this mission through funding of programs which expand and improve representation and advocacy on behalf of low-income persons in civil legal matters, improve the fair and effective administration of justice, and promote service to the public by members of the legal profession by making public service an integral component of the law school experience.

The Florida Bar Foundation Endowment Trust (the “Endowment”) is a non-profit, tax exempt trust established in 1992. The Endowment was created solely to benefit the exempt purposes of the Foundation by providing income to fund its charitable activities from the investment of endowment contributions. The Endowment has no employees and is managed by Foundation personnel. Distributions from the Endowment to the Foundation are at the discretion of the Trustees of the Endowment. Use of Endowment distributions for Foundation charitable activities is determined by the Board of Directors of the Foundation.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues, gains, and other support and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates include the accrual of Interest on Trust Accounts (“IOTA”) contributions receivable, allowances for uncollectible promises to give and notes receivable, the discount amount related to contributions receivable, fair value estimates of certain financial instruments, the useful lives of long-lived assets, and the liability for payments to charitable gift annuitants.

**Basis of Presentation**

The accompanying combined financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. All intercompany accounts and transactions between the Foundation and the Endowment have been eliminated in combination. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and the Endowment and changes therein are classified and reported as follows:

- Unrestricted Net Assets – Net assets that are not subject to donor-imposed stipulations.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**1. Summary of Significant Accounting Policies – Continued:**

**Basis of Presentation – Continued**

- Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met by actions of the Foundation or the Endowment and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statements of activities as net assets released from restrictions.
- Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that the net assets be held and invested in perpetuity.

The combined financial statements of the Foundation and the Endowment include their program services and supporting activities. Program expenses include primarily grants to other organizations for the purpose of accomplishing the objectives of the Foundation's grant programs and program-related expenses in support of those programs. Such expenses include staff salaries and related costs, professional services, meeting expenses, and other costs to support accomplishment of the programs described below. Management and general expenses include staff salaries and related costs, accounting and other professional services expense, insurance, office facility expenses, and other expenses in support of the operations of the Foundation and the Endowment. Fund raising expenses include staff salaries and related costs, printing, mail costs, professional services, travel and meetings, and other expenses of soliciting contributions to support the programs of the Foundation and the Endowment.

The Foundation's primary source of funding is the Interest on Trust Accounts program which represents unrestricted net assets for expenditures in support of the Foundation's exempt purposes. IOTA contributions to the Foundation are made by participating attorneys through financial institution remittances of interest earned on nominal or short-term deposits in participants' client trust accounts.

The Endowment's primary source of funding is the Fellows program. To become a life member and Fellow of the Foundation, participants pledge to pay \$1,000 over a five or ten-year term. Essentially all payments are invested in perpetuity and income earned thereon may be unrestricted or donor restricted to specific Foundation programs.

**Contributions**

Contributions, including unconditional promises to give, are recorded as made. All contributions are available for unrestricted use unless specifically restricted by the donor. Contributions receivable are reduced to the amount estimated to be realized by an allowance for uncollectible contributions. Contributions to be received in future periods greater than one year are generally discounted to their present value in the year the contribution is made.

Contributions of assets other than cash are recorded at fair market value at the date of donation. Contributed services received, other than those rendered by members of the Board of Directors and the Trustees, are recognized as contributions if the services create or enhance nonfinancial assets, or require specialized skills and are performed by people with those skills, and would otherwise be purchased by the Foundation.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**1. Summary of Significant Accounting Policies – Continued:**

**Contract Revenue**

Revenue from the cost reimbursement contract with the Florida Department of Community Affairs is recognized as costs are incurred in accordance with the terms of the contract. Amounts accrued or received prior to such costs being incurred are included in the combined statements of financial position as deferred revenue.

Revenue from the mortgage foreclosure grant disbursement contract with the Florida Attorney General is similarly recognized as costs are incurred in accordance with the terms of the contract. Amounts accrued or received prior to such costs being incurred are also included in the combined statements of financial positions as deferred revenue.

**Cash Equivalents**

The Foundation and the Endowment consider all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents except for such instruments held by the investment custodians.

**Investments**

Investments in marketable securities are stated at fair value. At dates other than their audited year end, alternative investments are stated at fair value as determined by the investment managers of the individual components of such investments. All unrealized and realized gains and losses attributable to investments and all investment income are accounted for as changes in unrestricted net assets, except for investment income related to certain endowment investments which the donors have restricted to specific Foundation programs. Cost is determined by the specific identification method or the average cost method in computing realized gains and losses on sales of investments.

**Equipment, Furniture and Fixtures, and Software**

Office equipment, computer equipment, furniture and fixtures, and software are stated at cost less accumulated depreciation and are accounted for as unrestricted net assets. Any gain or loss on disposition of such assets is included in the change in unrestricted net assets. Depreciation is calculated using the straight-line method over the following estimated useful lives:

Office equipment	5 years
Computer equipment	5 years
Furniture and fixtures	6 – 8 years
Software	5 years

**Grants Payable**

Grants unconditionally approved for payment by the Foundation’s Board of Directors are recorded as grants payable. Grants conditionally approved pending satisfaction of a contingency by the grantee are not recognized until the contingency is satisfied (see Note 10).

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**1. Summary of Significant Accounting Policies – Continued:**

**Charitable Gift Annuities**

The liability for payments to annuitants under irrevocable charitable gift annuities are recorded at their present value based on the life expectancy of the donors. The difference between the assets received and the recognized liability is recorded as either unrestricted, temporarily restricted or permanently restricted contributions based on the absence or presence of donor stipulations in the underlying agreement.

**Income Taxes**

The Foundation and the Endowment are tax exempt organizations under Section 501(c)(3) of the Internal Revenue Code. The Foundation and the Endowment have been determined to be other than a private foundation under the meaning of Section 509(a) of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying combined financial statements.

Effective July 1, 2009, the Foundation and the Endowment implemented the new accounting requirements associated with uncertainty in income taxes using the provisions of Financial Accounting Standards Board (FASB) ASC 740, Income Taxes. Under those provisions, tax positions initially need to be recognized in financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. The adoption of this guidance did not result in the recognition of any unrecognized tax benefits. Management continually analyzes the Foundation's and the Endowment's various federal and state filing positions and believes that their income tax filing positions and exemption status are well documented and supported. Additionally, management believes that no accruals for tax liabilities related to uncertain income tax positions are required. Therefore, no reserves for uncertain income tax positions have been recorded by either the Foundation or the Endowment at June 30, 2010.

There have been no increases or decreases in unrecognized tax benefits since the date of adoption. Further, no interest or penalties have been included since no reserves were recorded and no significant increases or decreases are expected to occur within the next 12 months. When applicable, such interest and penalties will be reported as a component of management and general expenses. The periods that remain open to examination under federal statute are 2007 through 2010.

**Functional Allocation of Expenses**

The costs of providing the various programs and other activities of the Foundation and the Endowment have been summarized on a functional basis in the combined statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**1. Summary of Significant Accounting Policies – Continued:**

**Fair Value of Financial Instruments**

The carrying values of cash and cash equivalents, receivables classified as current assets, and current liabilities approximate their fair values because of the short-term nature of these instruments. The carrying values of all investments and non-current contributions receivable are fair value. The liability for annuity payments under irrevocable charitable gift annuities is carried at the present value of the future payments to be made to the annuitants and thus is presented at fair value.

**Fair Value Measurements**

Fair value is measured using a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments and liabilities measured and reported at fair value are classified and disclosed in levels that represent a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value. The three broad levels are described below:

- Level 1 – Quoted prices (unadjusted) in active markets for identical investments as of the reporting date. The types of Foundation and Endowment financial instruments in level 1 include common stocks, real estate investment trust equities (quoted in active markets), U.S. Treasury securities, and some state and municipal fixed income securities.
- Level 2 – Observable inputs other than level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in inactive markets, or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data. The types of Foundation and Endowment financial instruments that are included in this category are cash and money market funds that are held in a proprietary money trust of the investment custodian, most U.S. government sponsored enterprises, most corporate and other fixed income securities, most state and municipal fixed income securities, and equity mutual funds.
- Level 3 – Unobservable inputs are used when little or no market data is available. The inputs into the determination of fair value include assessments of each underlying investment, comparable transactions, market outlooks, and inputs provided from fund managers, among other factors. The fair value hierarchy gives the lowest priority to level 3 inputs. The types of Foundation and Endowment financial instruments included in this category are alternative investment funds and some fixed income securities.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**1. Summary of Significant Accounting Policies – Continued:**

**Fair Value Measurements – Continued**

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment’s level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

**2. Investments:**

Investments consist of the following:

	June 30, 2010	
	Cost	Fair Value
Foundation Current Operating Account:

The current operating account was established to provide funding for the Foundation’s operating expenses, as well as near term capital and grant commitments in support of the Foundation’s charitable activities. Consequently, the investment objectives for the current operating account are to provide for preservation of principal value, high liquidity, and current income. To provide for current and future funding of grant programs, operational and capital needs, the Foundation has established the mid-term investment and long-term investment accounts. The investment objectives for the mid-term and long-term investment accounts are to provide current income, as well as mid-term and long-term capital growth, respectively, and protection of principal. The investment objective of endowment investments to be held in perpetuity is to provide long-term capital growth.

Amounts due from broker of \$20,628 and \$1,423,011 in the combined statements of financial position represent the net receivable for unsettled trades of marketable securities at June 30, 2010 and 2009, respectively. For purposes of the combined statements of cash flows, such unsettled amounts are considered noncash investing activities.

THE FLORIDA BAR FOUNDATION, INC. AND

Realized	1,603,171	(10,238,573)
Unrealized	4,528,210	(4,546,342)
	6,131,381	(14,784,915)
 Total Return (Loss) Excluding Investment Fees	 \$ 8,462,581	 \$ (10,867,983)

**3. Fair Value Measurements:**

In determining fair value, the Foundation and Endowment use valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Foundation also obtains fair value quotes of fixed income securities from a third party security pricing vendor. The Foundation and Endowment believe that the valuations used in the combined financial statements are reasonable and are appropriately classified in the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Foundation's and Endowment's investments at fair value:

	June 30, 2010

**Level 3 Gains and Losses**

The tables below set forth a summary of changes in the fair value of the Foundation's level 3 financial instruments. Management has reevaluated the observable and unobservable inputs used in the determination of the fair value of financial instruments in the prior year. As part of this reevaluation, management has determined that a reclassification of asset levels is necessary and is reflected below.

**4. Notes Receivable:**

The Foundation has established a loan repayment assistance program. This program provides law school educational debt repayment assistance to law school graduates employed by qualified legal aid organizations. The assistance is in the form of loans equal to 80% of annual law school debt payments up to \$7,500 per year for a maximum of eight years. The one-year loans are paid to the program participants in semiannual installments and are forgiven annually provided the staff attorney remains employed on a full-time basis by an IOTA-funded legal assistance organization. The regular program is funded 80% by the Foundation and 20% by reductions in Foundation grants to participating legal assistance organizations. In addition, the Foundation has established a supplemental loan repayment assistance program for staff attorneys of IOTA-funded legal assistance organizations. This supplemental program is funded 20% by the Foundation and 80% by reductions in Foundation grants to participating legal assistance organizations. Loan principal of \$875,591 and \$748,101 was forgiven during the years ended June 30, 2010 and 2009, respectively.

The unforgiven balance of the loan due from a participant who terminates qualified employment becomes payable in twelve equal monthly installments, including interest at 3%. As of June 30, 2010 and 2009, participants with outstanding loan balances of \$78,884 and \$66,756, respectively, had ceased to qualify under the program's guidelines and their loans are being repaid under the above terms. Interest on the loans is recorded as income when received. The Foundation provides an allowance for uncollectible loans based on its collection experience. As of June 30, 2010 and 2009, management determined the allowance for uncollectible loans to be \$85,300 and \$73,500, respectively. Loans are only written-off after management has exhausted all reasonable collection efforts.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**5. Contributions Receivable:**

Fellows contributions receivable are collectible over five or ten year terms and have been recorded net of a discount to reflect the present value of the estimated future cash flows to be received. Fellows contributions receivable are also recorded net of an estimated allowance for uncollectible pledges, which is based on collection experience. Other contributions of a significant amount to be received in future periods greater than one year are similarly recorded. They are included in the combined statements of financial position as follows:

	June 30,	
	2010	2009
Fellows Contributions Receivable:		
Total pledges receivable	\$ 376,447	\$ 394,551
Allowance for uncollectible pledges	(177,703)	(187,756)
Unamortized discount	(28,670)	(25,729)
	\$ 170,074	\$ 181,066

	June 30,	
	2010	2009
Other Contributions Receivable:		
Other endowment contributions	\$ 148,375	\$ 68,780
Allowance for uncollectible contributions	(10,174)	(1,411)
Unamortized discount	(22,387)	(16,146)
	115,814	51,223
Non-discounted amounts due within one year	8,550	62,586
	\$ 124,364	\$ 113,809

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**5. Contributions Receivable – Continued:**

Future collections of all contributions (before allowances and discounts) are estimated to be as follows at June 30, 2010 and 2009:

	June 30, 2010		
	Less Than One Year	One to Five Years	Over Five Years
IOTA contributions receivable	\$ 495,800	\$ -	\$ -
Fellows and other endowment contributions receivable	274,179	233,993	16,650
Other contributions receivable	8,550	-	-
	\$ 778,529	\$ 233,993	\$ 16,650
	June 30, 2009		
	Less Than One Year	One to Five Years	Over Five Years
IOTA contributions receivable	\$ 615,000	\$ -	\$ -
Fellows and other endowment contributions receivable	195,555	239,991	27,785
Other contributions receivable	62,586	-	-
	\$ 873,141	\$ 239,991	\$ 27,785

Management analyzes the outstanding contributions receivable to estimate the amount considered uncollectible based on past experience. No revision of prior years' estimates was considered necessary by management during the years ended June 30, 2010 and 2009.

**6. Accrued Compensated Absences:**

Vacation benefits earned but unused by Foundation employees are accrued during the period earned and employees may carry over a maximum of thirty days of unused vacation. The Foundation does not accrue sick leave benefits as they are not paid unless used. Accrued vacation compensation of \$117,113 and \$104,226 is included in accrued expenses as of June 30, 2010 and 2009, respectively.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**7. Charitable Gift Annuities:**

The Foundation had received irrevocable, unrestricted charitable gift annuities totaling \$20,000 as of June 30, 2010 and 2009. Under the annuity agreements, the Foundation is required to pay quarterly payments totaling \$288 for the lives of the annuitants. The present value of these liabilities is based on a discount rate of 3.8% and the life expectancies of the donors and is classified between current and non-current liabilities. As of June 30, 2010 and 2009, the aggregate present values of the liabilities are \$13,712 and \$14,326, respectively. Amounts recorded in other unrestricted contributions representing the difference between the assets received and liabilities incurred were \$2,139 for the year ended June 30, 2009.

Restricted cash represents the present value of the liability for payments to annuitants plus a reserve. The State of Florida requires such amounts to be held in a segregated interest-bearing account to provide for the future obligations to the annuitants.

**8. Temporarily Restricted Net Assets:**

As of June 30, 2010 and 2009, temporarily restricted net assets of \$142,800 and \$126,861, respectively, were available to support Foundation grant programs as described in Note 1.

Net assets were released from restrictions by incurring expenses satisfying the following restricted purposes:

	Years Ended June 30,	
	2010	2009
Legal assistance for the poor	\$ 300,507	\$ 273,588
Administration of justice	100	500
Law student assistance	8,309	10,930
	\$ 308,916	\$ 285,018

**9. Endowment:**

The Endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors of the Foundation. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors, are classified and reported based on the existence or absence of donor-imposed restrictions.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**9. Endowment – Continued:**

**Interpretation of Relevant Law**

The Trustees of the Endowment and the Board of Directors of the Foundation have interpreted the Florida Uniform Management of Institutional Funds Act (“FUMIFA”), as requiring the preservation of the original value of the gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Trustees and the Board of Directors classify as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instruments at the time the accumulation is added to the fund. In accordance with FUMIFA, the Trustees consider the following factors in making a determination to expend Endowment funds:

1. The duration and preservation of the fund
2. The purpose of the Foundation’s request for distribution
3. General economic conditions
4. The possible effect of inflation or deflation
5. The expected total return from income and the appreciation of investments
6. The investment policies of the Endowment
7. Other resources of the Foundation

**Return Objectives and Risk Parameters**

The Trustees have adopted investment and spending policies for Endowment assets that attempt to provide future funding to Foundation programs supported by the Endowment funds. Endowment assets include those assets of donor-restricted funds that must be held in perpetuity, as well as Board-designated funds. Under these policies, as approved by the Trustees, the Endowment assets are invested in a manner that is intended to provide a total return primarily emphasizing capital appreciation (realized and unrealized) and current yield (interest and dividends). The Endowment targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

**Endowment Spending Policy**

The Endowment’s policy is to not distribute funds annually, but to consider, on a case-by-case basis, individual requests from the Foundation’s Board. In reviewing a request for distribution, the Trustees consider the importance of the Foundation’s need considering its other resources, as well as the objective of providing additional real growth for future funding through accumulations of investment returns.

**9. Endowment – Continued:**

Change in endowment net assets for the fiscal year ended June 30, 2009:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, beginning of year	\$ 3,882,117	\$ 68,014	\$ 1,751,433	\$ 5,701,564
Investment return:				
Investment income	125,542	9,177	-	134,719
Net depreciation (realized and unrealized)	(1,104,144)	(75,258)	-	(1,179,402)
Contributions	-	-	120,610	120,610
Endowment net assets, end of year	\$ 2,903,515	\$ 1,933	\$ 1,872,043	\$ 4,777,491

**10. Net Asset Commitments:**

As of June 30, 2010 and 2009, the Board of Directors had designated a certain amount of the Foundation's unrestricted net assets for specific uses and had approved grants contingent on the recipient's meeting certain conditions specified in the grant contracts as follows:

	June 30,	
	2010	2009
Legal assistance for the poor conditional grants	\$ 1,454,167	\$ 1,219,722
Administration of justice conditional grants	411,481	380,060
Total conditional grants	1,865,648	1,599,782
Future building fund reserve	3,000,000	3,000,000
Legal assistance for the poor disaster relief	1,000,000	1,000,000
	\$ 5,865,648	\$ 5,599,782

Net asset commitments also include the Board-designated endowment funds as described in Note 9.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**11. State Financial Assistance:**

**Contract Revenue**

**Florida Access to Civil Legal Assistance Contract**

During 2002, the Florida legislature passed the Florida Access to Civil Legal Assistance Act. The purpose of the Act is to promote the availability of civil legal assistance to the poor in Florida. In both the years ended June 30, 2010 and 2009, the Foundation entered into a cost reimbursement contract with the Florida Department of Community Affairs to administer selection of subrecipients under the program's guidelines, allocate available funds to the selected legal aid organizations, and monitor their accomplishment of the program's goals.

During the years ended June 30, 2010 and 2009, \$991,060 and \$896,474, respectively, attributable to the contract, are included in legal assistance for the poor program expenses. During the year ended June 30, 2010, there were \$8,941 of administrative costs attributable to the prior year's contract which have been included in management and general expense. During the year ended June 30, 2009, management and general expense included no expended administrative costs attributable to the contract. At June 30, 2010 and 2009, \$8,940 and \$59,248, respectively, of requested expense reimbursements are included in contracts receivable. Expense reimbursements of \$8,940 and \$8,941 to be received for the years ended June 30, 2010 and 2009, respectively, are recorded as deferred revenue attributable to administrative expenses accrued subsequent to year end. These amounts are recognized as revenue when the related expenses are incurred.

Subsequent to June 30, 2010, the Foundation entered into a similar \$1 million cost reimbursement contract with the Florida Department of Community Affairs to continue the program in the fiscal year ending June 30, 2011.

In addition, the Foundation entered into a new \$1 million cost reimbursement contract with the Florida Department of Community Affairs under the Florida Access to Civil Legal Assistance Act subsequent to June 30, 2010, for the purpose of providing legal assistance for foreclosure prevention and assisting Florida homeowners in benefiting from the federal foreclosure prevention programs during the year ending June 30, 2011.

**Florida Attorney General Mortgage Foreclosure Grant Disbursement Contract**

During 2009, the Attorney General of Florida obtained a consent judgment against Countrywide Financial Corporation which, among other provisions, provided approximately \$4,061,000 of funding, plus accrued interest, to be utilized to provide legal assistance and representation to single family occupant homeowners in Florida who are in foreclosure proceedings or are in danger of facing foreclosure. During the year ended June 30, 2009, the Foundation entered into a grant disbursement contract with the Attorney General of Florida to administer selection of subrecipients under the program's guidelines, allocate available funds to the selected legal and not-for-profit organizations, and monitor their accomplishment of the program's goals.

During the year ended June 30, 2010, \$2,030,700 attributable to the contract, are included in legal assistance for the poor program expenses, and no amounts were expended on administrative costs.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**11. State Financial Assistance – Continued:**

**Contract Revenue – Continued**

**Florida Attorney General Mortgage Foreclosure Grant Disbursement Contract – Continued**

At June 30, 2010, the remaining approved funding plus accrued interest, together totaling \$2,105,652, were included in contracts receivable and recorded as deferred revenue to be disbursed in the year ending June 30, 2011.

**Contributions from Specialty License Plate Purchases**

Beginning in 2005, Florida vehicle owners could purchase a “Kids Deserve Justice” specialty license plate from the Florida Department of Highway Safety and Motor Vehicles. The \$25 additional cost of the specialty license plate is accounted for as a restricted contribution from the purchaser to the Foundation. The program requires the Foundation use the contributions to fund legal services for children through legal assistance for the poor grants. Contributions received from this program during the years ended June 30, 2010 and 2009, were \$44,011 and \$45,186, respectively. Expenditures of prior years’ contributions during the years ended June 30, 2010 and 2009, were \$45,186 and \$45,954, respectively. Accounts payable include \$689 and \$664 in administrative fees due to the State for sales through June 30, 2010 and 2009, respectively.

**12. Employee Retirement Plan:**

The Foundation has adopted a defined contribution retirement plan for all eligible employees. The plan provides for employee contributions through elective salary deferrals and for employer contributions after meeting a two-year length of service requirement. The nonforfeitable benefits are provided through the purchase of annuity or custodial contracts. Contributions by the employer are either 12% or 15% of a participant’s annual salary, but may not exceed the amount permissible under the Internal Revenue Code. Employer contributions are funded at least annually and amounted to \$135,165 and \$115,899 for the years ended June 30, 2010 and 2009, respectively.

**13. Allocation of Joint Costs:**

For years ended June 30, 2010 and 2009, \$39,433 and \$38,704, respectively, of payroll and related expenses totaling \$366,148 and \$353,971, respectively, were allocated to legal assistance for the poor program expense for grantee program performance assessment with the remainder allocated to management and general expense.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**13. Allocation of Joint Costs – Continued:**

For the years ended June 30, 2010 and 2009, professional services, printing, postage, office supplies, and travel expenses were allocated to Foundation fund raising expense in connection with production of the Foundation's annual report (\$12,575 and \$12,100 allocated of total expense of \$41,916 and \$36,943 in 2010 and 2009, respectively), quarterly newsletters (\$1,696 allocated of total expense of \$33,916 in 2010, none in 2009), and in connection with maintenance of its internet website (\$1,442 and \$6,435 allocated of total expense of \$12,536 and \$14,300 in 2010 and 2009, respectively), with the remainder of the total expense of each communication allocated to management and general expense.

**14. Commitments and Contingencies:**

**Employment Contract**

The Foundation is obligated under an employment contract with its Executive Director. The contract automatically continues in effect for additional terms of one year unless the Foundation or the Executive Director gives notice to the other party. The contract specifies an annual base salary of \$146,020 for the year ending June 30, 2011, which is to be reviewed annually and may be increased by the Board of Directors, and also provides retirement, health, disability, and life insurance benefits to the Executive Director. The agreement permits termination by the Foundation without cause provided the Executive Director is paid severance pay equivalent to six months salary.

**Concentration of Credit Risk**

Financial instruments which potentially expose the Foundation and the Endowment to concentrations of credit risk, as defined by accounting principles generally accepted in the United States of America, include bank and brokerage cash and cash equivalent accounts in excess of federally insured balances of approximately \$36,000,000 in national financial institutions at June 30, 2010. In management's opinion, the capitalization and operating history of these financial institutions is such that the likelihood of loss is remote.

**Loan Guarantees**

The Foundation has guaranteed a portion of mortgage loans for certain legal assistance for the poor grantees. In the event of a default, the guarantee agreements permit the Foundation to recover any funds it would be required to pay the mortgage lenders by reducing future Foundation grants to the grantees. The guaranteed amounts are as follows at June 30, 2010 and 2009:

	June 30,	
	<u>2010</u>	<u>2009</u>
Community Legal Services of Mid-Florida, Inc.	\$ 250,000	\$ 300,000
Florida Legal Services, Inc.	20,488	99,667
Florida Institutional Legal Services	313,124	321,933

Management has not accrued a liability for the fair value of the guarantees in the combined financial statements.

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**14. Commitments and Contingencies – Continued:**

**Risks and Uncertainties**

The Foundation and the Endowment invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. In addition, alternative investment funds are not subject to audit other than at their fiscal year end and there are no published market prices for such investments to establish their fair value at intervening dates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment account balances and the amounts reported in the combined statements of financial position.

**Concentration of Revenue**

A substantial portion of the Foundation’s revenues are derived from contributions related to the Interest on Trust Accounts program described in Note 1. IOTA programs similar to Florida’s have been established in every state, the District of Columbia, and the U.S. Virgin Islands. Legal challenges to IOTA programs have been initiated over the years in a number of federal jurisdictions, including Florida. The federal court challenges have ended in the wake of the U.S. Supreme Court’s decision in Brown v. Legal Foundation of Washington, 538 U.S. 216, (2003), which found that Washington State’s program did not violate the Fifth Amendment. Presently, there are no asserted claims concerning the constitutionality of Florida’s IOTA program.

**Lease Commitments**

Operating Leases:

The Foundation leases its office space under a six-year operating lease which expires in May 2013. The lease contains an escalation provision whereby the rent is increased 3% for each year of the lease term and a renewal option for an additional five year term at market rates. In years after the base year, contingent rents are payable based on increases in certain building operating costs. The Foundation also rents parking spaces for its employees under a month-to-month operating lease.

The future minimum rental payments for office space under this operating lease are as follows:

Year Ending June 30,	
2011	\$ 230,173
2012	237,123
2013	<u>223,364</u>
	<u>\$ 690,660</u>

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**14. Commitments and Contingencies – Continued:**

**Lease Commitments – Continued**

Operating Leases – Continued:

Total rent expense under all operating leases, including month-to-month rentals, was \$238,160 and \$252,006 for the years ended June 30, 2010 and 2009, respectively. Through June 30, 2010 and 2009, no contingent rents have been paid in either year.

Capital Leases:

The Foundation accounts for the lease of certain office equipment as capital leases, which have expirations from November 2013 through February 2014. Capitalized costs and related accumulated depreciation under capital leases included in equipment, furniture and fixtures, and software are as follows:

	Years Ended June 30,	
	2010	2009
Capitalized costs	\$ <b>88,723</b>	\$ 88,723
Accumulated depreciation	<b>(28,096)</b>	(10,351)
Net equipment held under capital leases	<b>\$ 60,627</b>	\$ 78,372

For the years ended June 30, 2010 and 2009, the following amounts related to equipment held under capital leases were included in management and general expense:

	Years Ended June 30,	
	2010	2009
Depreciation expense	\$ <b>17,745</b>	\$ 10,351
Interest expense	<b>12,428</b>	2,962

THE FLORIDA BAR FOUNDATION, INC. AND  
THE FLORIDA BAR FOUNDATION ENDOWMENT TRUST

NOTES TO COMBINED FINANCIAL STATEMENTS – CONTINUED

**14. Commitments and Contingencies – Continued:**

**Lease Commitments – Continued**

Capital Leases – Continued:

Future minimum lease payments under these capital leases are as follows:

Year Ending June 30,			
2011		\$	23,652
2012			23,652
2013			23,652
2014			11,457
			82,413
Less amount representing interest			(15,084)
Total obligation under capital leases			67,329
Less current portion of obligations under capital leases			(16,598)
Long-term portion of obligations under capital leases		\$	50,731

**Internal Information Technology System**

The Foundation has undertaken a project for the purchase, installation, and training related to an integrated information technology system encompassing grant management, financial reporting, fund raising, and administrative coordination of the Foundation’s operations. The project is estimated to cost approximately \$793,000 including the purchase of hardware and software. Through June 30, 2010, approximately \$760,000 had been incurred in conjunction with this project, of which approximately \$250,000 and \$510,000 had been incurred in the years ended June 30, 2010 and 2009, respectively. As of June 30, 2010, approximately \$24,950 of the software included in the combined statement of financial position had not yet been placed in service.

**Legal Services Case Management System**

The Foundation has completed a project to fund the purchase, installation, and training of a computerized legal case management system for its legal aid grantees that provide civil legal assistance to low-income Florida residents. The project cost approximately \$2,538,000 including the purchase of hardware, development of software, and project management to oversee all phases of the project. Approximately \$588,000 and \$524,000 of the costs were incurred during the fiscal years ended June 30, 2010 and 2009, respectively.

**15. Subsequent Events:**

The Foundation and the Endowment have evaluated events and transactions for potential recognition or disclosure through December 10, 2010, the date the combined financial statements were available to be issued.

Independent Auditors' Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards*

To the Board of Directors  
The Florida Bar Foundation, Inc.  
Orlando, Florida

We have audited the combined financial statements of The Florida Bar Foundation, Inc. and The Florida Bar Foundation Endowment Trust (both non-profit organizations) as of and for the year ended June 30, 2010, and have issued our report thereon dated December 10, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and our audit of The Florida Bar Foundation, Inc. was also conducted in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered The Florida Bar Foundation, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Florida Bar Foundation, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of The Florida Bar Foundation, Inc.'s internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in Section II-1 of the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of

To the Board of Directors  
The Florida Bar Foundation, Inc.

deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the combined financial statements of The Florida Bar Foundation, Inc. and The Florida Bar Foundation Endowment Trust are free of material misstatement, we performed tests of The Florida Bar Foundation, Inc.'s compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Florida Bar Foundation, Inc.'s responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit The Florida Bar Foundation, Inc.'s responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of Directors, management, and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

*Auerett Warmus Durkee Osburn Henning*

Independent Auditors' Report on Compliance With Requirements Applicable to  
Each Major State Project and on Internal Control Over Compliance in Accordance  
with Chapter 10.650, Rules of the Auditor General, State of Florida

To the Board of Directors  
The Florida Bar Foundation, Inc.  
Orlando, Florida

### Compliance

We have audited the compliance of The Florida Bar Foundation, Inc. (a non-profit organization) with the types of compliance requirements described in the *Florida Department of Financial Services State Projects Compliance Supplement* that are applicable to its major state project for the year ended June 30, 2010. The major state project of The Florida Bar Foundation, Inc. is the Florida Access to Civil Legal Assistance Act contract with the State of Florida Department of Community Affairs, which is identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs – State Projects. Compliance with the requirements of laws, regulations, contracts, and grant agreements applicable to its major state project is the responsibility of the management of The Florida Bar Foundation, Inc. Our responsibility is to express an opinion on the compliance of The Florida Bar Foundation, Inc. based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.650, Rules of the Auditor General, State of Florida. Those standards and Chapter 10.650, Rules of the Auditor General, State of Florida, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major state project occurred. An audit includes examining, on a test basis, evidence about the compliance of The Florida Bar Foundation, Inc. with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the compliance of The Florida Bar Foundation, Inc. with those requirements.

In our opinion, The Florida Bar Foundation, Inc. complied, in all material respects, with the requirements referred to above that are applicable to its major state project for the year ended June 30, 2010.

To the Board of Directors  
The Florida Bar Foundation, Inc.

### Internal Control Over Compliance

Management of The Florida Bar Foundation, Inc. is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grant agreements applicable to state projects. In planning and performing our audit, we considered The Florida Bar Foundation, Inc.'s internal control over compliance with requirements that could have a direct and material effect on the major state project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with Chapter 10.650, Rules of the Auditor General, State of Florida, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Florida Bar Foundation, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state project will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Directors, management, the Florida Department of Community Affairs, and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

THE FLORIDA BAR FOUNDATION, INC.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS –  
STATE PROJECTS – CONTINUED

Year Ended June 30, 2010

**II. Findings and Questioned Costs:**

**1. Findings and Questioned Costs for Financial Reporting:**

<u>Findings</u>	<u>The Florida Bar Foundation, Inc.'s Response</u>
Significant Deficiency:  We noted that management does not have an adequate process for independently ascertaining the fair values of alternative investments. The absence of such a process could result in more than inconsequential inaccuracies in management's assertion regarding the valuation of these securities. Typically, the alternative investment industry will not disclose the detail of underlying investments and, individual fund managers will not disclose their methodology of arriving at fair values at dates other than their audited year end. Consequently, there is no established process for substantiating fair value or auditing these investments. At June 30, 2010, we considered the risk of a material misstatement in the combined financial statements related to such investments to not be material based on the total balance of investments, net assets, and the change in net assets. Due to the above factors, we recommend the investment in alternative investments not be further increased without consideration of such risk.	There is no satisfactory methodology or independent source to substantiate the fair value of these investments. We are doing as much as we can do with the available information by reviewing the December 31 audits of the alternative investment funds. In addition, we review the monthly account statements and performance reports provided to us. The fund managers will not provide any other information regarding the underlying assets, which we understand is standard practice with these types of alternative investments. We will continue the procedures we are currently practicing and as before, the risk factors will continue to be considered if expanding this assets class.

**2. Findings and Questioned Costs for Major State Project:**

<u>Findings</u>	<u>The Florida Bar Foundation, Inc.'s Response</u>
None noted

STATE PROJECTS – CONTINUED

Year Ended June 30, 2010

III. **Prior Year Audit Findings and Questioned Costs:**

1. **Findings and Questioned Costs for Financial Reporting:**

Findings	The Florida Bar Foundation, Inc.'s Response	Current Status
Significant Deficiency:		
<p>We noted that management does not have an adequate process for independently ascertaining the fair values of alternative investments. The absence of such a process could result in more than inconsequential inaccuracies in management's assertion regarding the valuation of these securities. Typically, the alternative investment industry will not disclose the detail of underlying investments and, individual fund managers will not disclose their methodology of arriving at fair values at dates other than their audited year end. Consequently, there is no established process for substantiating fair value or auditing these investments. At June 30, 2009, we considered the risk of a material misstatement in the combined financial statements related to such investments to not be material based on the total balance of investments, net assets, and the change in net assets. Due to the above factors, we recommend the investment in alternative investments not be increased without consideration of such risk.</p>	<p>We are doing as much as we can do with the available information by reviewing the December 31 audits of the alternative investment fund. In addition, we review the monthly account statements and performance reports provided to us. The fund managers will not provide any other information regarding the underlying assets, which we understand is standard practice with these types of alternative investments. We will continue the procedures we are currently practicing and as before, the risk factors will continue to be considered if expanding this asset class.</p>	<p>There is still no satisfactory methodology or independent source to enable the Foundation's management to substantiate the fair value of the alternative investments.</p>

THE FLORIDA BAR FOUNDATION, INC.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS –  
STATE PROJECTS – CONTINUED

Year Ended June 30, 2010

III. **Prior Year Audit Findings and Questioned Costs – Continued:**

2. **Findings and Questioned Costs for Major State Project:**

Findings	The Florida Bar Foundation, Inc.'s Response	Current Status
None noted		

- IV. The Rules of the Auditor General (Section 10.654(1)(e)) require disclosure in a management letter of the following matters if not already addressed in the auditors' report on compliance and internal controls or schedule of findings and questioned costs and are not clearly inconsequential: (1) violations of laws, rules, regulations, and contractual provisions or abuse that have occurred, or were likely to have occurred; (2) improper or illegal expenditures; (3) improper or inadequate accounting procedures (e.g., the omission of required disclosures from the combined financial statements); (4) failures to properly record financial transactions; and (5) other inaccuracies, shortages, defalcations, and instances of fraud discovered by, or that come to the attention of, the auditors. Our audit disclosed no such matters required to be disclosed and, therefore, a separate management letter was not prepared.

## Independent Auditors' Report on the Supplementary Data

To the Board of Directors  
The Florida Bar Foundation, Inc.  
Orlando, Florida

To the Trustees  
The Florida Bar Foundation Endowment Trust  
Orlando, Florida

Our report on our audits of the basic combined financial statements of The Florida Bar Foundation, Inc. and The Florida Bar Foundation Endowment Trust as of June 30, 2010 and 2009, and for the years then ended, appears on page 1. Our audits were conducted for the purpose of forming an opinion on the basic combined financial statements taken as a whole. The supplementary data on pages 43 through 46 is presented for purposes of additional analysis and is not a required part of the basic combined financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic combined financial statements and, in our opinion, such information is fairly stated in all material respects in relation to the basic combined financial statements taken as a whole.
