Independent Auditors' Report

To the Board of Directors
Florida Association of Free and Charitable Clinics, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Florida Association of Free and Charitable Clinics, Inc. (the Organization), which comprise the statement of financial position as of December 31, 2014 and the statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2014, and the changes in its net assets, cash flows and its functional expenses for the year ended December 31, 2014 in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2015 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of state financial assistance, as required by the Florida Audit General Rule 10.656(3)(d)2 is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Florida Association of Free and Charitable Clinics, Inc.

Notes to financial statements Year ended December 31, 2014

1. Nature of Activities

Florida Association of Free and Charitable Clinics, Inc. (Organization), a not-for-profit 501(c)(3) organization headquartered in St. Petersburg, represents and supports Florida's free and charitable clinics and networks through public policy advocacy, funding and resource development, knowledge exchange, data collection and research, and marketing.

The Organization was incorporated in Florida in November 2013 and commenced operations in early 2014. For the year ended December 31, 2014 approximately 90% of the Organization's total support came from the state of Florida.

2. Significant Accounting Policies

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Membership

The Organization's members consist of qualified 501(c)(3) organizations in the state of Florida who provide health care services at little or no cost to low-income, uninsured, or underserved individuals. Members pay dues to the Organization based on their annual budget and elect Organization's board of directors at an annual meeting.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire or are otherwise satisfied in the fiscal year in which the contributions are recognized. As of December 31, 2014 the Organization had no temporarily or permanently restricted net assets.

In 2014, the Organization recorded an in-kind contribution of facilities and utilities from the Foundation for a Healthy St. Petersburg in the amount of \$3,635.

Florida Association of Free and Charitable Clinics, Inc.

Notes to financial statements Year ended December 31, 2014

Functional Allocation of Expenses

The costs of providing the Organization program and other activities have been summarized on a functional basis in a separate statement of functional expenses. Accordingly, certain costs have been allocated to program services and supporting services.

Income Taxes

Florida Association of Free and Charitable Clinics, Inc. is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Organization's income tax filings are subject to audit by taxing authorities and filings for 2013 (year of formation) and 2014 remain open for examination. The Organization does not believe it has any unrecognized exposure relating to uncertain tax positions.

Accounts receivable from members

The Organization makes grants to member clinics and networks from funds received in an appropriation from the state of Florida. The Organization earns a management fee of 5% of the grant amount from the recipient organizations, and the fee must be paid out of funds other than the grant. No state funds are provided for the Organization's own use. Accounts receivable represent management fees billed to clinics that were billed and unpaid at December 31, 2014.

Accounts receivable are believed to be fully collectible and no allowance for uncollectible receivables has been recorded at December 31, 2014.

Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of increases or decreases in net assets during the period. Actual results could differ from those estimates.

3. Subsequent Events

The Organization has evaluated subsequent events through June 29, 2015, the date the financial statements were available for issuance.

INTERNAL CONTROL AND COMPLIANCE REPORTS

Florida Association of Free and Charitable Clinics, Inc.

Schedule of State Financial Assistance Year ended December 31, 2014

Year ended December 31, 2014

| State Grantor / Program Title | CSFA Number | Contract Number | State Expenditures |
|---|--------------------|------------------------|---------------------------|
| Florida Department of Health | | | |
| Florida Assn of Free and Charitable Clinics | 64.136 | CORDT | \$ 2,250,000 |
| Total state financial assistance | | | \$ 2,250,000 |

Notes to Schedule of State Financial Assistance

The information in this schedule is presented in accordance with the requirements of the Rule 69I-5 of the Florida Single Audit Act.

The schedule of state financial assistance is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

**Independent Auditors' Report on Internal Control over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

The Board of Directors
Florida Association of Free and Charitable Clinics, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of Florida Association of Free and Charitable Clinics, Inc. (a nonprofit organization) which comprise the statement of financial position as of December 31, 2014, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 29, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of the is section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for each Major State Project and Report
on Internal Control Over Compliance required by Chapter 10.650,
Rules of the Auditor General**

Independent Auditor's Report

To the State of Florida
and Florida Association of Free and Charitable Clinics, Inc.

Report on Compliance for Each Major State Project

We have audited the Organization's compliance with the types of compliance requirements described in the Department of Financial Services' State Projects Compliance Supplement, that could have a direct and material effect on each of Organization's major State projects for the year ended December 31, 2014. The Organization's major State projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its State projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major State projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and Chapter 10.650, as Rules of the Auditor General. Those standards, OMB Circular A-133, and Chapter 10.650, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State project occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major State project. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Each Major State Project

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major State projects for the year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major State project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major State project and to test and report on internal control over compliance in accordance with Chapter 10.650, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State project on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Department of Financial Services' State Projects Compliance Supplement. Accordingly, this report is not suitable for any other purpose.
