Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bridges of America - The Broward County Bridge, Inc. as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note A – General Information and Significant Accounting Policies

General Information - Bridges of America - The Broward County Bridge, Inc. (the Organization) is a not-for-profit corporation organized to provide a Work Release Transition Program facility and a Substance Abuse Transitional Re-Entry program for criminal offenders in Broward County, Florida. The Organization is exempt from income tax under Internal Revenue Code Section 501(c)(3) as a public charity.

Donated Services and Materials - The Board of Directors serves without compensation. These services are not recorded in the financial statements since they generally are not susceptible to objective measurement or valuation. Additionally, the Organization occasionally receives donated goods for use in its operations. Management has determined that such amounts are not material to the financial statements of the Organization.

Basis of Presentation - According to U.S. generally accepted accounting principles, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. The Organization does not have any temporarily or permanently restricted net assets.

Program Contract Revenue and Receivable - Program contract revenue represents amounts for providing program services under the terms of the contract with the Florida Department of Corrections. Receivables from this program contract represent amounts due under the contract and are considered fully collectible.

Under the work release contract, the Organization is authorized to charge those inmates employed through the program a subsistence rental charge, which is 55% of the inmate's net pay, not to exceed a maximum rate per the contract. During the current year, the Organization received subsistence charges in the amount of \$405,548 from work release program participants who were employed.

Property and Equipment - Purchased assets costing in excess of \$1,000 individually or in the aggregate are capitalized and recorded at cost. Donated assets are recorded at their fair market values at the date of the donation. Improvements and betterments are capitalized, while repair and maintenance expenditures are expensed in the statement of activities. Property and equipment are being depreciated over its estimated useful lives of 5 and 7 years using the straight-line method of depreciation. Leasehold improvements are being depreciated over 15 years using the straight-line method of depreciation. Depreciation expense for the year ended June 30, 2015, was \$11,906.

Note A – General Information and Significant Accounting Policies - Continued

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Interest Expense - The Organization incurred no interest expense during the year ended June 30, 2015.

Income Taxes - The Organization is a not-for-profit corporation which has obtained a tax-exempt status under section 501(c)(3) of the Internal Revenue Code with no unrelated business income and is not subject to income tax. Management has evaluated this tax position and has determined that it is more likely than not to be upheld.

The Organization has evaluated the tax positions for all open tax years and believes that all positions are more likely than not to be sustained upon examination. The Organization is no longer subject to U.S. Federal or State income tax examinations by taxing authorities for years before 2011.

Allocation of Expenses - The costs of providing various program and supporting activities of the Organization have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting activities.

Note B – Related Party Transactions

The Organization shares a common Board of Directors and common management with Christian Prison Ministries, Inc., a not-for-profit corporation, and other Bridges of America entities, which provide similar services in other facilities throughout the State of Florida.

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With the *Government Auditing
Standards* and Chapter 10.650, *Rules of the Auditor General*,
of the State of Florida**

Board of Directors
**Bridges of America -
The Broward County Bridge, Inc.**
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and Chapter 10.650, *Rules of the Auditor General*, of the State of Florida, the financial statements of Bridges of America - The Broward County Bridge, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 17, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bridges of America - The Broward County Bridge, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bridges of America - The Broward County Bridge, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bridges of America - The Broward County Bridge, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and Chapter 10.650, *Rules of the Auditor General*, of the State of Florida.

Report on Compliance for Each Major State Project

We have audited Bridges of America - The Broward County Bridge, Inc.'s compliance with the types of compliance requirements described in the *Florida Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on each of Bridges of America - The Broward County Bridge, Inc.'s major State projects for the year ended June 30, 2015. Bridges of America - The Broward County Bridge, Inc.'s major State projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of law, regulations, contracts, and grants applicable to its State projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Bridges of America - The Broward County Bridge, Inc.'s major State projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.650, *Rules of the Auditor General*, of the State of Florida. Those standards, and Chapter 10.650, *Rules of the Auditor General*, of the State of Florida, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State project occurred. An audit includes examining, on a test basis, evidence about Bridges of America - The Broward County Bridge, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major State project. However, our audit does not provide a legal determination on the Bridges of America - The Broward County Bridge, Inc.'s compliance.

Opinion on Each Major State Project

In our opinion, Bridges of America - The Broward County Bridge, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major State projects for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Bridges of America - The Broward County Bridge, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Bridges of America - The Broward County Bridge, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major State project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major State project and to test and report on internal control over compliance in accordance with Chapter 10.650, *Rules of the Auditor General*, of the State of Florida, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Bridges of America - The Broward County Bridge, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with the type of compliance requirement of a State project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses, or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may still exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and results of that testing based on the requirements of Chapter 10.650, *Rules of the Auditor General*, of the State of Florida. Accordingly, this report is not suitable for any other purpose.
