Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Bridges of America – The Polk Bridge, Inc.
Notes to Financial Statements
For the Year Ended June 30, 2016

Note A – General Information and Significant Accounting Policies

General Information - Bridges of America - The Polk Bridge, Inc. (the Organization) is a not-for-profit corporation organized to provide a substance abuse transitional re-entry program for criminal offenders in Polk County, Florida. The Organization is exempt from income tax under Internal Revenue Code Section 501(c)(3) as a public charity.

Donated Services and Materials - The Board of Directors serves without compensation. These services are not recorded in the financial statements since they generally are not susceptible to objective measurement or valuation. Additionally, the Organization occasionally receives donated goods for use in its operations. Management has determined that such amounts are not material to the financial statements of the Organization.

Basis of Presentation - According to U.S. generally accepted accounting principles, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. The Organization does not have any temporarily or permanently restricted net assets.

Program Contract Revenue and Receivable - Program contract revenue represents amounts for providing program services under the terms of the contract with the Florida Department of Corrections. Receivables from this program contract represent amounts due under the contract and are considered fully collectible.

Under the Florida Department of Corrections program, the Organization is authorized to charge those clients employed through the program a subsistence rental charge, which is 40% of the offender's gross income, not to exceed a maximum rate per the contract. During the current year, the Organization received subsistence charges in the amount of \$169,853 from program participants who were employed.

Property and Equipment - Purchased assets costing in excess of \$1,000 individually or in the aggregate are capitalized and recorded at cost. Donated assets are recorded at their fair market values at the date of the donation. Improvements and betterments are capitalized, while repair and maintenance expenditures are expensed in the statement of activities. Property and equipment are being depreciated over their estimated useful lives of 5 to 7 years using the straight-line method of depreciation. Leasehold improvements are being depreciated over 15 to 39 years using the straight-line method of depreciation. Depreciation expense for the year ended June 30, 2016, was \$11,591.

Note A – General Information and Significant Accounting Policies – Continued

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Interest Expense - The Organization incurred no interest expense during the year ended June 30, 2016.

Income Taxes - The Organization is a not-for-profit corporation which has obtained tax-exempt status under section 501(c)(3) of the Internal Revenue Code with no unrelated business income and is not subject to income tax. Management has evaluated this tax position and has determined that it is more likely than not to be upheld.

The Organization has evaluated the tax positions for all open tax years and believes that all positions are more likely than not to be sustained upon examination. The Organization is no longer subject to U.S. Federal or State income tax examinations by taxing authorities for years before 2012.

Allocation of Expenses - The costs of providing the various programs and supporting activities of the Organization have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting activities.

Note B – Related Party Transactions

The Organization shares a common Board of Directors and common management with Christian Prison Ministry, Inc., a not-for-profit corporation, and other Bridges of America entities, which provide similar services in other facilities throughout the State of Florida.

Note C – Commitments and Contingencies

Christian Prison Ministry, Inc. (the Ministry) entered into a mortgage and security agreement. Under the agreement Branch Banking and Trust Company (the mortgagee) has agreed to purchase Orange County Industrial Development Authority (Florida) Variable Rate Demand Revenue and Refunding Bonds, Series 2012, in the total amount of \$14,027,676. In return the Orange County Industrial Development Authority (Florida) (the Issuer) has agreed to loan the proceeds from the sale of the bonds to the Ministry pursuant to a loan agreement dated, August 1, 2012, between the Issuer and the Ministry. As of June 30, 2016, the outstanding indebtedness balance under guarantee is \$12,641,616.

The funds were used for the purpose of redeeming the outstanding principal amount of the Variable Rate Demand Revenue Bonds, Series 2005, financing the site acquisition and construction of the new Jacksonville facilities, financing capital expenditures to be made at various facilities operated by the Ministry, and paying the costs associated with issuing the bonds.

Monthly payments of principal and interest are due on the first of each month, starting September 1, 2012, with an interest rate of 78% of one month LIBOR plus 1.625%, to be adjusted monthly. The loan will be callable on demand after seven years and any date thereafter upon 120 days' notice to the Ministry. The principal is to be amortized over a period of 25 years.

In order to maintain compliance with the loan agreement, Christian Prison Ministry, Inc. and the Guarantors must maintain, on a combined basis, certain financial covenants. The requirements include maintaining a fixed charge coverage ratio of 1.20 to 1.00, as well as maintaining an unrestricted net asset balance of \$15,349,768 as of June 30, 2016, to be increased by at least 50% of total positive increase in combined net assets, each fiscal year thereafter. As of June 30, 2016, the Ministry failed to meet the following covenants: fixed charge coverage ratio, unrestricted net assets, and capital expenditures. The Ministry has received a waiver from the bank for these debt covenants. The loan is collateralized by substantially all corporate assets, and is guaranteed by Christian Prison Ministry, Inc. and affiliated entities.

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With the *Government Auditing
Standards***

Board of Directors
**Bridges of America -
The Polk Bridge, Inc.**
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bridges of America - The Polk Bridge, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 22, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bridges of America - The Polk Bridge, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bridges of America - The Polk Bridge, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Members

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bridges of America - The Polk Bridge, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Our responsibility is to express an opinion on compliance for each of the Bridges of America - The Polk Bridge, Inc.'s major State projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.650, *Rules of the Auditor General*, of the State of Florida. Those standards, and Chapter 10.650, *Rules of the Auditor General*, of the State of Florida, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State project occurred. An audit includes examining, on a test basis, evidence about Bridges of America - The Polk Bridge, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major State project. However, our audit does not provide a legal determination on the Bridges of America - The Polk Bridge, Inc.'s compliance.

Report on Internal Control Over Compliance

Management of Bridges of America - The Polk Bridge, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Bridges of America - The Polk Bridge, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major State project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major State project and to test and report on internal control over compliance in accordance with Chapter 10.650, *Rules of the Auditor General*, of the State of Florida, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Bridges of America - The Polk Bridge, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with the type of compliance requirement of a State project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses, or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may still exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and results of that testing based on the requirements of Chapter 10.650, *Rules of the Auditor General*, of the State of Florida. Accordingly, this report is not suitable for any other purpose.
