INDEPENDENT AUDITORS' REPORT

Board of Directors
Save Crystal River, Inc.
Crystal River, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of Save Crystal River, Inc. (the Organization), which comprise the statement of financial position as of December 31, 2020 and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as December 31, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by Chapter 10.650, Rules of the Auditor General, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2021, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Save Crystal River, Inc. Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE ORGANIZATION

Save Crystal River, Inc. (the “Organization”) is a nonprofit Florida corporation committed to maintaining and protecting Crystal River and Citrus County’s distinctive natural resources and quality of life. The Organization is supported primarily through donor contributions, grants, and support from the Citrus County Board of County Commissioners and the State of Florida.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates that are particularly susceptible to significant change in the near term are related to allocation of expenses by function.

Grants Receivable

Grant and contractual receivables and the related revenue and support are recognized when the related service is performed or expense is incurred. At December 31, 2020, the Organization considered all remaining receivables to be fully collectible. Accordingly, there was no allowance for doubtful accounts. The Organization does not require collateral for the receivables.

Net Assets

The Organization reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions represent net assets that are not subject to or are no longer subject to donor-imposed stipulations. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Save Crystal River, Inc. Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net assets with donor restriction represent net assets whose use is limited by donor-imposed time and/or purpose restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

Revenue Recognition

Contributions

Contributions are recognized when cash, other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met or the donor has explicitly released the restriction. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as net assets without donor restrictions. The Organization receives contributions from individuals and corporations. In addition, the Citrus County Board of County Commissioners furnishes support to the Organization. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. The Organization does not receive any restricted contributions.

Grants

Grant revenue is recognized in the period when the eligible expenses are incurred for the program services. Resources received in advance related to program services to be provided are recorded as unearned revenue. The Organization receives funds from the State of Florida, which is administered by the Department of Environmental Protection, Division of Water Restoration Assistance. Grant revenues are recognized when the requirements under the grant have been fulfilled.

Donated Services

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Volunteers also provided services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria were not met.

Save Crystal River, Inc. Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Allocation of Expenses

The statement of functional expenses reports certain categories of expenses that are attributable to one or more program or supporting functions of the Organization. Expenses not charged to a specific program or supporting function require allocation on a reasonable basis that is consistently applied as follows: office space rent, insurance, general postage and printing, certain professional fees, and training are treated as general expenditures recorded in the administrative and general function. Expenses are assigned directly to the program as expenditures are made.

Income Taxes

The Organization is, under most circumstances, exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2). Under these provisions, no tax is paid on income it receives as long as it maintains its tax exempt status. Accordingly, no provision for income taxes is provided in the accompanying financial statements. Management has determined that Save Crystal River, Inc. had no uncertain tax positions that require recognition or disclosure for the year ended December 31, 2020.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 29, 2021, and determined there were no events that occurred that require disclosure.

Accounting Pronouncements Issued but Not Yet Adopted

Accounting Standards Update 2016-02

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842). The guidance in this ASU and its amendments supersedes the leasing guidance in Topic 840, entitled *Leases*. Under the guidance, lessees are required to recognize assets and liabilities on the consolidated statement of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the consolidated statement of activities. For nonpublic entities, the standard is effective for fiscal years beginning after December 15, 2021. Early adoption is permitted. The Organization is currently evaluating the impact of this ASU on the Organization's financial reporting.

Accounting Standards Update 2020-07

In September 2020, the FASB issued ASU No. 2020-07, *Not-for-Profit Entities* (Topic 958): *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This change in accounting principal is effective for fiscal years beginning after June 15, 2021. The Organization is evaluating the impact of this ASU on the Organization's financial reporting.

Save Crystal River, Inc. Notes to Financial Statements

NOTE 3: FINANCIAL ASSET AVAILABILITY

The Organization maintains its financial assets primarily in cash to provide liquidity to ensure funds are available as the Organization's expenditures come due. As of December 31, 2020, the Organization had \$721,587 of financial assets available within one year to meet needs for general expenditures. None of the financial assets are subject to donor restrictions. Accordingly, all such funds are available to meet the cash needs of the Organization in the next 12 months. The Organization regularly monitors liquidity required to meet its operational needs and other contractual commitments. Operating expenses are reviewed on a periodic basis and financial assets on hand are spent as necessary. As part of its liquidity management, the Organization monitors the water restoration progress to structure financial assets to be available as related expenditures, liabilities and other obligations become due. Cash needs of the Organization are expected to be met on a periodic basis from the state grant.

NOTE 4: GRANTS RECEIVABLE

Grants receivable consists of \$632,160 receivable within one year from the Citrus County Board of County Commissioners and the State of Florida. There was no bad debt expense.

NOTE 5: OTHER CONCENTRATIONS

The Organization has one major vendor, Sea and Shoreline, LLC, that accounted for approximately 90% and \$6,884,103 of cost of services for the year ended December 31, 2020. The Organization expects to maintain this relationship with Sea and Shoreline, LLC.

The Organization provides its services primarily within the geographical boundaries of Citrus County, Florida. The Organization is dependent on the continuation of state and local government support. Such revenue amounted to \$6,954,633 and constituted 99% of total support earned by the Organization in 2020. Should the Organization fail to receive grant funding in the future, it would have a significant impact on their ability to continue their conservation efforts at current levels.

NOTE 6: RELATED PARTIES

The Organization has two members of management who also own companies that provide services to the Organization.

The Executive Director owns Rock Paper Steel, which provides professional services for permits and grants. The Organization remitted \$21,000 to Rock Paper Steel for the year ended December 31, 2020.

The Contract Project Manager owns Wolf Run, which provides project management services. The Organization remitted \$24,000 to Wolf Run for the year ended December 31, 2020.

Save Crystal River, Inc. Notes to Financial Statements

NOTE 7: UNCERTAINTIES

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the Organization. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.

SUPPLEMENTARY INFORMATION

Save Crystal River, Inc.
Schedule of Expenditures of State Financial Assistance

	State CSFA Number	Contract Number	State Expenditures
State financial assistance			
State of Florida Department of Environmental Protection:			
Florida Springs Grant Program	37.052	LP09023	\$ 32,126
Statewide Surface Water Restoration and Wastewater Projects	37.039	LP09112	6,493,999
Total expenditures of state financial assistance			\$ 6,526,125

Note: The Organization did not make sub-awards of state financial assistance during the year ended December 31, 2020.

NOTES TO SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE:

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of State Financial Assistance includes the state grant activity of the Organization and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Chapter 10.650, *Rules of the Auditor General*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. Because the schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not represent the financial position of the Organization.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures are recognized following the cost principles contained in the Florida Single Audit Act.

The Organization did not elect to use the 10 percent de minimis indirect cost rate.

The Organization does not participate in any loan or loan guarantee programs, nor did the Organization receive any non-cash state assistance in fiscal year 2020.

**Additional Elements Required by the
Rules of the Auditor General**

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Save Crystal River, Inc.
Crystal River, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Save Crystal River, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 29, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Save Crystal River, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Save Crystal River, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Save Crystal River, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Save Crystal River, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on

compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY CHAPTER 10.650, RULES OF THE AUDITOR GENERAL

Board of Directors
Save Crystal River, Inc.
Crystal River, Florida

Report on Compliance for the Major Project

We have audited Save Crystal River, Inc.'s compliance with the types of compliance requirements described in the *Department of Financial Services' State Projects Compliance Supplement* that could have a direct and material effect on Save Crystal River, Inc.'s major state project for the year ended December 31, 2020. Save Crystal River, Inc.'s major state project is identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of state statutes, regulations, and the terms and conditions of its state award, applicable to its state project.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for Save Crystal River, Inc.'s major state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.650, Rules of the Auditor General. Those standards and Chapter 10.650, Rules of the Auditor General require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state project occurred. An audit includes examining, on a test basis, evidence about Save Crystal River, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state project. However, our audit does not provide a legal determination of Save Crystal River, Inc.'s compliance.

Opinion on the Major State Project

In our opinion, Save Crystal River, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state project for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of Save Crystal River, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Save Crystal River, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on the major state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major state project and to test and report on internal control over compliance in accordance with Chapter 10.650, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Save Crystal River, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Chapter 10.650, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.
