INDEPENDENT AUDITOR'S REPORT

Board of Directors
Florida SouthWestern State College Foundation, Inc.
8099 College Parkway, SW
Fort Myers, FL 33919

Report on the Financial Statements

We have audited the accompanying basic financial statements of Florida SouthWestern State College Foundation, Inc. (the "Foundation") (a not-for-profit corporation) a direct support organization and component unit of Florida SouthWestern State College (the "College"), as of March 31, 2021, and for the year then ended, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we

INTEGRITY SERVICE EXPERIENCE

12621 World Plaza Lane, Building 55 • Fort Myers, FL 33907 • Phone: (239) 333-2090 • Fax: (239) 333-2097

express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the net position of Florida SouthWestern State College Foundation, Inc. as of March 31, 2021, and the changes in its net position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the supplementary information - management's discussion and analysis on pages i-viii be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements of Florida SouthWestern State College Foundation, Inc. The accompanying supplementary information - statement of financial position by account type and statement of activities by account type as of and for the year ended March 31, 2021, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Board of Directors
Florida SouthWestern State College Foundation, Inc.
Page 3

The statement of financial position by account type and statement of activities by account type as of and for the year ended March 31, 2021, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the procedures performed as described above, the statement of financial position by account type and statement of activities by account type as of and for the year ended March 31, 2021, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated July 6, 2021, on our consideration of Florida SouthWestern State College Foundation, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards, in considering Florida SouthWestern State College Foundation, Inc.'s internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS
(MD&A)**

Florida SouthWestern State College Foundation, Inc.

A Component Unit of Florida SouthWestern State College

MANAGEMENT'S DISCUSSION AND ANALYSIS

March 31, 2021

The management's discussion and analysis of Florida SouthWestern State College Foundation, Inc.'s (the Foundation) financial performance provides an overview of the Foundation's financial activities for the fiscal year ended March 31, 2021. It should be read in conjunction with the accompanying financial statements and related notes.

The Foundation is a direct support organization, as defined in Chapter 1004.70, Florida Statutes and component unit of Florida SouthWestern State College. The Foundation accepts gifts in support of the activities directly related to the mission of Florida SouthWestern State College, including cash, property, securities, bequests and trust and life income arrangements.

The Foundation promotes higher education in general, and specifically encourages the advancement of teaching and instruction services, student scholarships at Florida SouthWestern State College, as well as support for the Barbara B. Mann Performing Arts Hall.

This annual report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" and GASB Statement No. 35, "Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities." The Foundation is considered a Business Type Activity (BTA) under the provision and reporting model of GASB Statements No. 34 and No. 35.

USING THIS ANNUAL REPORT

This report consists of four basic financial statements; the statement of net position; the statement of revenues, expenses and changes in net position; the statement of functional expenses; and the statement of cash flows. This report also includes the notes to the financial statements. These statements provide information on the Foundation as a whole and present a long-term view of the Foundation's finances.

FINANCIAL HIGHLIGHTS

The assets of the Foundation exceeded its liabilities on March 31, 2021 as follows:

- \$5,799,873 (net assets without donor restrictions) may be used to provide academic, community and college program support, as well as general and administrative support;
- \$25,900,101 (net assets with donor restrictions, temporary) represents funds whose use has been limited by donors for time restrictions or special purposes; and
- \$19,060,804 (net assets with donor restrictions, permanent) is the non-expendable portion of funds that are subject to donor, grantor or other external party restrictions as to use.
- The Foundation's total net assets/position increased by \$9,130,029 during the 2020-21 fiscal year, from \$41,630,749 to \$50,760,778. The increase is attributable to the increased investment revenue.
- The Foundation's total net assets/position decreased by \$2,823,709 during the 2019-20 fiscal year, from \$44,454,458 to 41,630,749. The decrease is attributable to the decreased investment revenue and contributions.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Cont'd)

March 31, 2021

Financial Highlights (cont'd)

The Foundation received no state matching funds for the years ended March 31, 2020 and 2021. The State Matching Program was suspended June 30, 2011. See Financial Statement Note I.

The Foundation awarded \$2,360,127 in student scholarships and \$262,235 in academic support for fiscal year 2020-2021.

The Foundation awarded \$2,528,901 in student scholarships and \$623,465 in academic support for fiscal year 2019-2020.

Total revenues and capital additions of \$12,533,782 were used for private support for scholarships, academic support funds, sponsorships, capital funding and unrestricted gifts for the year ended March 31, 2021.

Total revenues and capital additions of \$1,341,513 were used for private support for scholarships, academic support funds, sponsorships, capital funding and unrestricted gifts for the year ended March 31, 2020.

The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position

These two statements report the Foundation's net position and the changes in this net position for the year. Over time, increases or decreases in the Foundation's net position is one indicator of whether its financial health is improving or deteriorating. Other nonfinancial factors, such as the number of students that benefited from scholarships and loans awarded and the Foundation's role in assisting the College in its goals, also need to be considered in assessing the overall health of the Foundation.

These statements present all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenue and expenses are taken into account regardless of when cash is received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Cont'd)
March 31, 2021

The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position (cont'd)

Comparative revenues and expenses of the Foundation for the fiscal year ended March 31, 2020 and March 31, 2021 are presented below:

	<u>2020</u>	<u>2021</u>
Operating Revenues:		
Contributions, Gifts & Other Revenue	\$ 2,580,337	\$ 605,513
Other Income: Donated Facilities	36,981	35,341
In-Kind donations	<u>48,567</u>	<u>88,321</u>
Total Operating Revenues	<u>2,665,885</u>	<u>729,175</u>
Less Operating Expenses	<u>4,165,222</u>	<u>3,403,753</u>
Operating Income (Loss)	<u>(1,499,337)</u>	<u>(2,674,578)</u>
Non-operating Revenues:		
Net Interest/Dividend Income (Loss)	1,554,998	1,120,148
Net Realized/Unrealized Gains (Losses) on Investments	<u>(2,913,145)</u>	<u>10,673,509</u>
Total Non-Operating Revenues	<u>(1,358,147)</u>	<u>11,793,657</u>
Income (Loss) Before Other Revenues (Expenses)	<u>(2,857,484)</u>	<u>9,119,079</u>
Capital Additions:		
Private contributions	<u>33,775</u>	<u>10,950</u>
Total Other Revenues (Expenses)	<u>33,775</u>	<u>10,950</u>
Increase (Decrease) in Net Assets/Position	(2,823,709)	9,130,029
Net Assets/Position, Beginning of Year	<u>44,454,458</u>	<u>41,630,749</u>
Net Assets/Position, End of Year	<u>\$ 41,630,749</u>	<u>\$ 50,760,778</u>

The Foundation's significant activity in revenues, operating, nonoperating and endowment, are highlighted as follows:

Private contributions:

Private contributions, operating and endowment, totaled \$740,125 for the year ended March 31, 2021 compared to \$2,699,660 from the prior year.

Private contributions, operating and endowment, totaled \$2,699,660 for the year ended March 31, 2020 compared to \$1,614,306 from the prior year.

Grants from governmental agencies:

During the years ended March 31, 2020 and 2021, the Foundation received no funds from the Dr. Philip Benjamin Matching Grant Program from the State of Florida. Due to the State's financial condition, such funding was suspended during the fiscal year ended March 31, 2012 for donations received on or after June 30, 2011. These contributions are aligned with the mission of Florida SouthWestern State College and certified by the College's Board of Trustees.

Florida SouthWestern State College Foundation, Inc.

A Component Unit of Florida SouthWestern State College
MANAGEMENT'S DISCUSSION AND ANALYSIS (Cont'd)
March 31, 2021

The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position (cont'd)

Investment income and unrealized gains (losses) on investments:

Net interest and dividend income decreased by \$434,850 from the prior year to \$1,120,148 for the year ended March 31, 2021. Realized and unrealized gains on investments increased by approximately \$13,586,654 from the prior year to \$10,673,509 for the year ended March 31, 2021.

Net interest and dividend income decreased by \$1,751,792 from the prior year to \$1,554,998 for the year ended March 31, 2020. Realized and unrealized gains on investments decreased by approximately \$774,537 from the prior year to \$(2,913,145) for the year ended March 31, 2020.

Operating Expenses by Natural Classification

Depicted below is a comparison of operating expenses by natural classifications for the fiscal years ended March 31, 2020 and March 31, 2021:

Operating Expenses by Program Function

Total operating expenses presented by program function is also important for the Foundation. This presentation allows the Foundation to evaluate its goal of delivery of program services for the College. Therefore, a comparison of operating expenses by program function for the fiscal years ended March 31, 2020 and March 31, 2021 is presented as follows:

Operating Expenses:	2020	2021
Program Services:		
Student Related	\$ 2,528,901	\$ 2,360,127
Academic	623,465	262,235
Faculty and Institution	6,444	29,464
Total Program Expenses	3,158,810	2,651,826
Supporting Services		
General Administration	836,033	706,525
Fundraising	170,379	45,402
Total Supporting Services	1,006,412	751,927
Total Operating Expenses	\$ 4,165,222	\$ 3,403,753

Depicted below is a comparison of program services for the fiscal years ended March 31, 2020 and March 31, 2021:

March 31, 2021

The Statement of Cash Flows

Another way to assess the financial health of an organization is to look at the statement of cash flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of an organization during the fiscal year.

A summary of the Foundation's cash flows for the fiscal years ended March 31, 2020 and 2021 is presented below:

Cash Flows	2020	2021
Cash Provided By (Used in):		
Operating Activities	\$ (2,372,221)	\$ (2,077,685)
Noncapital Financing Activities	-	-
Capital and Related Financing Activities	33,775	708,176
Investing Activities	1,855,350	2,021,197
Net Increase (Decrease) in Cash	(483,096)	651,688
Cash and Cash Equivalents, Beginning of Year	843,145	360,049
Cash and Cash Equivalents, End of Year	<u>\$ 360,049</u>	<u>\$ 1,011,737</u>

Fiscal Year 2021

For the purpose of cash flows, cash and cash equivalents include all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased. Net cash received from operating activities (donors and revenues) was \$1,157,416. The difference in cash received compared with the total contributed is attributed to pledges. Cash used for operating activities was principally for the benefit of the College in the amount of \$3,235,101.

Cash flows from investing activities consist of interest and dividends in the amount of \$1,120,148 and the net of proceeds and purchases of securities for long term investments amounted to cash inflow of \$901,049.

Fiscal Year 2020

For the purpose of cash flows, cash and cash equivalents include all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased. Net cash received from operating activities (donors and revenues) was \$1,701,602. The difference in cash received compared with the total contributed is attributed to pledges. Cash used for operating activities was principally for the benefit of the College in the amount of \$4,073,823.

Cash flows from investing activities consist of interest and dividends in the amount of \$1,554,998 and the net of proceeds and purchases of securities for long term investments amounted to cash inflow of \$300,352.

Florida SouthWestern State College Foundation, Inc.

A Component Unit of Florida SouthWestern State College
MANAGEMENT'S DISCUSSION AND ANALYSIS (Cont'd)

March 31, 2021

Debt Administration

The Foundation had no outstanding long term debt at March 31, 2020 or 2021.

The Foundation also repays the College for the budgeted Foundation personnel costs as agreed upon annually. This repayment is paid on a quarterly basis.

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

The most significant economic factor impacting the future work of the Foundation is the return of fixed income investments and the volatility of equities. The Foundation depends on earnings from investments to fund its spending policy for scholarships and program support as well as the draw to underwrite the annual operating budget of the Foundation. Over the next several years it will be important for the Foundation Board to work with our investment counsel to strike a balance between projected returns and risk/volatility.

Given the uncertainties that exist in the investment world, the Foundation continues to give priority to increasing the size of the investment corpus by generating new endowment and non-pass through gifts. Secondly, diversification of the Foundation's operating funding formula by securing outside funding/sponsorship of events and other Foundation activities will reduce pressure to chase unreasonable investment returns.

Another factor that could be relevant to the operation of the Foundation is the effect of COVID on the students and operations of the College as well as the financial impact on the donors to the Foundation and the global economy in general.

Request for Information

This financial report is designed to provide the reader with an overview of the Foundation. Questions regarding any information provided in this report should be directed to: Florida SouthWestern State College Foundation, Keith Callaghan, Foundation Executive Director, 8099 College Parkway, Fort Myers, Florida, 33919 or phone (239) 489-9036.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of activities

Florida SouthWestern State College Foundation, Inc. (the "Foundation") was originally incorporated as Edison Junior College Endowment Corporation, Inc. a not-for-profit organization under the laws of the State of Florida on October 6, 1966.

On October 13, 1976, the Foundation's name was changed to Edison Community College Endowment Foundation, Inc.

On July 1, 1995, another direct support organization of Edison State College (the "College") known as The Foundation for the Performing Arts Hall, Inc. was merged with the Foundation. Immediately thereafter, the name of the Foundation was changed to Edison Community College Foundation, Inc. On July 1, 2004, the Foundation changed its name from Edison Community College Foundation, Inc. to Edison College Foundation, Inc. to reflect the College's name change. On November 10, 2008, the Foundation again changed its corporate name to Edison State College Foundation, Inc., consistent with the name change of the College.

On September 27, 2005, the Board of Directors approved a change in the Foundation's By-Laws to adopt an April 1 - March 31 fiscal year. The change was effective for March 31, 2006.

Effective July 1, 2014, Edison State College Foundation Inc.'s name changed to Florida SouthWestern State College Foundation, Inc. consistent with the approved name change for the College.

The Foundation is a direct support organization and a component unit of Florida SouthWestern State College (the "College"), as defined by State of Florida Auditor General Rule 10.700 and Florida Statutes Chapter 1004.70. The Foundation is governed by its own independent district Board of Directors and is organized to receive, invest, and disburse funds for students pursuing their collegiate training at the College and to pay for instruction and other educational related activities at the College.

The Foundation's district offices are located on the Lee County campus of the College in Fort Myers, Florida.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Description of activities, continued

These financial statements also include the assets, liabilities, net assets and results of operations of several programs including the Florida SouthWestern State College Alumni Association, Legacy Society, and the Mina Miller Edison Society.

Summary of significant accounting policies

The following is a summary of the significant accounting policies used in the preparation of these basic financial statements.

Basis of accounting

The basic financial statements of the Foundation have been prepared using the economic resources measurement focus and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Under this method, revenues are recorded when earned and expenses are recognized when they are incurred.

The Statement of Net Position (Net Assets) is presented in a classified format to distinguish between current and long-term assets and liabilities. The Statement of Revenues, Expenses, and Changes in Net Position (Net Assets) is presented by major sources. The Statement of Functional Expenses is presented in accordance with ASU 2016-14. The Statement of Cash Flows is presented using the direct method and is in compliance with Governmental Accounting Standards Board ("GASB") Statement No. 9 "Reporting Cash Flow Proprietary and Non-expendable Trust Funds".

The Foundation also follows FASB Statements and Interpretations issued after November 30, 1989 as permitted by GASB Statement No. 62, since it is a not-for-profit organization that acts as a direct service corporation of a Florida governmental entity, unless those pronouncements conflict with GASB pronouncements.

Financial statement presentation

The Foundation, since it is defined as a direct support organization, adheres to Governmental Accounting Standards including (GASB) Statement No. 34, "Basic

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES, CONTINUED**

Financial statement presentation, continued

Financial Statements - and Management's Discussion and Analysis - for State and Local Governments," GASB Statement No. 35, "Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities," GASB Statement No. 37, "Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments: Omnibus - an amendment of GASB Statements No. 21 and No. 34," and GASB Statement No. 38, "Certain Financial Statements Note Disclosures" which were first implemented by the Foundation for the year ended March 31, 2007. The Foundation is considered a Business Type Activity (BTA) under the provisions and reporting model of GASB Statements No. 34 and No. 35.

GASB Statements No. 34 and 35 established standards for external financial reporting which includes a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows using the direct method. GASB Statements No. 34 and 35 also include a requirement that management provide a discussion and analysis of the basic financial statements and it requires the classification of net assets into three components - net investment in capital assets, net assets with donor restriction, and net assets without donor restriction. These classifications are defined as follows:

- Net investment in capital assets - consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any debt that is attributable to those assets. Substantially, all capital assets are owned by the College, not the Foundation. The College provides the Foundation with the use of capital assets at no cost. No amounts have been recorded for this benefit inasmuch as no objective basis to do so has been determined.
- Net assets without donor restriction - consists of net assets that do not meet the definition of "with donor restriction" or "net investment in capital assets."
- Net assets with donor restriction - consists of assets that have constraints placed upon their use through external sources imposed either by donors, endowment agreements, or creditors (such as through debt covenants) or through laws, regulations or constraints imposed by law through constitutional provisions or enabling legislation, reduced by liabilities to be paid from these assets.

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES, CONTINUED**

Financial statement presentation, continued

The adherence to this reporting model by the Foundation requires that the basic financial statements also include reports required by Government Auditing Standards and a Management's Discussion and Analysis section as well as the reporting required by a not for profit organization.

Cash and cash equivalents

The Foundation considers highly liquid, short-term investments purchased with an original maturity of three months or less to be cash equivalents.

Investments

Investments consist substantially of mutual funds. The mutual funds have been invested in a mix between equity funds, hedge funds, and fixed income funds. All investments are carried at fair market value. From time to time, the Foundation may decide to sell unrestricted investments for liquidity or other valid business purposes.

Gains and losses are determined using the specific identification method when securities are sold and are not shown net of related expenses (custodial fees). Investment related expenses are included in management and general expenses on the Statement of Revenues, Expenses and Changes in Net Position. Unrealized appreciation or depreciation of these investments is recorded in the Statement of Revenues, Expenses and Changes in Net Position, as appropriate. Actual gains and/or losses (realized) are reflected separately on the Statement of Revenues, Expenses and Changes in Net Position.

Promises to give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Pledges receivable

The Foundation accounts for its pledges in accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions". GASB Statement No. 33 establishes reporting standards for nonexchange transactions, which, in the case of the Foundation are unrestricted and restricted pledges to be received in the future. Under the provisions of GASB Statement No. 33, endowment pledges are not recognized.

Restricted assets

When both restricted and unrestricted resources are available for use, it is the Foundation's policy to first apply the restricted resources, followed by the use of unrestricted resources.

Recognition of donor restrictions

All donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as net assets released from restrictions. Donor restricted contributions, whose restrictions are met in the same reporting period, are reported as unrestricted (net assets without donor restrictions) support.

Donated facilities

The Foundation's office space and office equipment are provided by the College. The fair rental value of this facility has been recorded as donated facilities income and rent expense in accordance with FASB ASC 958-60-50-1 (formerly Statement of Financial Accounting Standards (SFAS) No. 116).

Donated equipment

Donations of equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Donated equipment, continued

acquire equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired assets are placed in service. The Foundation reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. If the restricted funds are used to purchase assets that are placed in service in the reporting period, such support is reported as unrestricted.

Donated goods and services

The Foundation recognizes donated goods and services that create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. For the year ended March 31, 2021, no amounts have been reflected in the financial statements for donated services, inasmuch as no objective basis is available to measure the value of such services. A number of volunteers, including the Board of Directors, however, have donated significant amounts of their time and expertise to the Foundation's programs and supporting services.

The Foundation does receive various donated goods and use of facilities. Such donations are recorded as revenue and expense in the same fiscal year. Such goods are valued on the date of donation.

Office furniture and equipment

Substantially all furniture and equipment is provided to the Foundation free of charge by the College. No costs related to these benefits are reflected in the basic financial statements as no objective means to determine such value has been identified. Costs of office furniture and equipment purchased by the Foundation, if any, are charged to expense when incurred because the Foundation does not deem such amounts to be sufficiently material to warrant capitalization and depreciation. Such assets are donated to the College at the time of purchase. The College records such items as capital assets and acts as the capital asset custodian. Therefore, no "net investment in capital assets" net position balance is reflected by the Foundation for office furniture and equipment.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Income taxes

No provision for income tax expense has been made in the accompanying basic financial statements since the Foundation is generally exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation qualifies for the charitable contribution deduction under Section 170(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

The Internal Revenue Code provides for taxation of unrelated business income under certain circumstances. The Foundation does report unrelated business income; however, no unrelated business income tax was due. Such status is subject to final determination upon examination of the related tax returns by the appropriate taxing authorities. The informational tax returns (U.S. Form 990 and Form 990T) for the prior three (3) fiscal years remain open for examination.

Accounting for uncertainty in income tax items

The Financial Accounting Standards Board has issued guidance on accounting for uncertainty in income taxes and Florida SouthWestern State College Foundation, Inc. has adopted this guidance. Florida SouthWestern State College Foundation, Inc. has evaluated its tax positions and any estimates utilized in its tax returns, and concluded that it has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Interest and penalties associated with uncertain tax positions will be recognized in income tax expense, if required.

Risk management

The Foundation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, error and omissions, injuries to employees or the public, and natural disasters.

Although the Foundation benefits from the College's existing risk management systems and practices, insurance programs are in place as noted below to protect against reasonably anticipated losses:

- General Liability Coverage \$2 million aggregate/\$1 million each occurrence. \$2 million products and completed operations aggregate. \$1 million personal and advertising injury. \$300,000 damages to premises rented to the Foundation. \$10,000 medical expense to any one person. Deductible: \$0. Also includes Hired/Non-owned Automobile Liability \$1 million total coverage.

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES, CONTINUED**

Risk management, continued

- Excess Liability Coverage: \$10 million occurrence.
- Commercial Auto: \$1 million liability.
- Directors and Officers Liability: Coverage: Non-Profit Directors and Officers Liability \$2 million occurrence /\$2 million each aggregate. Coverage: Employment Practices Liability \$2 million/Claim \$2 million aggregate. Deductible \$2,500.
- Criminal loss coverage (Employee related theft; computer and funds transfer fraud; depositors forgery or alteration; credit, debit or charge card forgery, etc.) Limit of insurance: \$500,000. Deductible \$5,000.
- Cyber security/data breach response coverage of \$1 million aggregate.
- Foundation staff members are employed through Florida SouthWestern State College which provides Human Resources oversight as well as mandatory and optional health and other benefits.

Investments held in trust/unearned revenue

Investments held in trust and an offsetting unearned revenue are recorded at fair value at date of receipt. These investments generally consist of cash, equity securities, and fixed income securities. Unearned revenue consists of sponsorships, contributions or grants received by the Foundation with either time or eligibility requirements. The Foundation recognizes revenue, and the unearned revenue liability is reduced after the time restrictions have expired or the eligibility requirements have been met.

Operating income (loss)

The Foundation's operating income (loss) includes all revenues and expenses associated with the Foundation's daily activities. Interest and dividends, net (depreciation) appreciation and net realized gains/losses in investments are excluded from operating income and classified as nonoperating revenues or expenses. Contributions received for endowments or from State matching funds are also excluded from operating income and are classified as capital additions.

Interfund due to/from

Interfund receivables and payables consist of amounts paid by one fund on behalf of another and are reflected on the Statement of Financial Position by Account Type. The amounts are short term in nature and are eliminated on the Statement of Net Position.

**NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES, CONTINUED**

Concentration of credit risk

During the year ended March 31, 2021, the Foundation maintained its cash at various financial institutions in bank deposits which, at times, may have exceeded federally-insured limits. The Foundation has not experienced any losses on such accounts. The Foundation believes it is not exposed to any significant risk on cash.

Concentration of credit risk with respect to the unconditional promises to give receivables relate to the number of contributors in Southwest Florida. The Foundation does not anticipate credit losses related to the unconditional promises to give in the near future.

Management of the Foundation believes the concentration of credit risk with respect to the investments is mitigated by investing through a national investment manager in widely traded mutual funds.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair value of financial instruments

The carrying amounts of cash and cash equivalents, unconditional promises to give in less than one year, and accounts payable approximate fair value because of the short maturity of those financial instruments. Unconditional promises to give in excess of one year are reflected at actual dollar amount stated in the written promise. The carrying amounts (which are fair value) of long-term investments, including those held in trust for others, are based on values provided by an external investment manager, as traded and reported on a national market exchange.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Subsequent events

Subsequent events have been evaluated through July 6, 2021, which is the date the basic financial statements were available to be issued.

NOTE B - CASH AND CASH EQUIVALENTS

Cash and cash equivalents of the Foundation were \$1,011,737 at March 31, 2021.

The Foundation's policy allows deposits to be held in demand deposit and money market accounts. Bank balances approximate market value.

Cash and cash equivalents (deposits) consist of the following at March 31, 2021:

	<u>Carrying Amount</u>	<u>Bank Balance</u>
Unrestricted		
Depository	\$ 141,955	\$ 55,805
Money Market	869,782	1,186,863
Total	<u>\$ 1,011,737</u>	<u>\$ 1,242,668</u>

Concentration of custodial credit risk

The Foundation maintains its cash and cash equivalents, including its depository and money market accounts, in a financial institution. These assets are federally insured up to \$250,000 per financial institution through Federal Deposit Insurance Corporation (FDIC) and/or the Securities Investor Protection Corporation (SIPC).

Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Foundation's deposits may not be returned to it. The Foundation does not have a deposit policy for custodial credit risk as it does not believe its exposure is significant.

NOTE B - CASH AND CASH EQUIVALENTS, CONTINUED

Deposits, continued

The Foundation's cash and money market accounts are categorized as follows at March 31, 2021:

	<u>Bank Balance</u>
Amount covered by Federal Depository Insurance	\$ 250,000
Amount uninsured and uncollateralized	<u>992,668</u>
	<u>\$ 1,242,668</u>

The Foundation has experienced no losses in the past due to custodial credit risk and believes it is not exposed to significant custodial credit risk.

NOTE C - UNCONDITIONAL PROMISES TO GIVE, NET

At March 31, 2021, the Foundation had net unconditional promises to give of \$447,378 (net present value), of which \$182,864 were current and \$264,514 were net noncurrent assets. These amounts are deemed by management to be fully collectible. Amounts, prior to discount, are expected to be collected as follows:

<u>Years Ending March 31</u>	<u>Amount</u>
2022	\$ 182,864
2023	132,000
2024	122,000
2025	12,000
2026	7,000
Thereafter	<u>6,063</u>
	<u>\$ 461,927</u>

Net unconditional promises to give at March 31, 2021, were as follows:

	<u>Amount</u>
Receivable in less than one year	\$ 182,864
Receivable in one to five years	<u>279,063</u>
Total unconditional promises to give	461,927
Less unamortized discounts (net present value discount)	<u>(14,549)</u>
Net unconditional promises to give	<u>\$ 447,378</u>

Long-term promises to give are recognized at fair value, using present value techniques and a discount rate of 3.25%.

Management believes all amounts are fully collectible.

NOTE D - SPONSORSHIP RECEIVABLES, NET

At March 31, 2021, the Foundation had net sponsorship receivables of \$156,910 (net present value), of which \$108,000 were current and \$48,910 were net noncurrent assets. These amounts are deemed by management to be fully collectible. Noncurrent sponsorships are recognized at fair value using present value techniques and a discount rate of 3.25%.

<u>Years Ending March 31</u>	<u>Amount</u>
2022	\$ 108,000
2023	50,500
	<u>\$ 158,500</u>

Net unconditional promises to give at March 31, 2021, were as follows:

	<u>Amount</u>
Receivable in less than one year	\$ 108,000
Receivable in one to five years	50,500
Total sponsorship receivables	158,500
Less unamortized discounts (net present value discount)	(1,590)
Net sponsorship receivables	<u>\$ 156,910</u>

Management believes all amounts to be fully collectible.

NOTE E - INVESTMENTS

All investments classified as "Investments " are recorded at quoted market value, level (1) fair value measurements, except for the hedge funds which are level (2) as listed on March 31, 2021. The Foundation's policy is to invest its assets in mutual funds, which generally hold equities, fixed income investments, hedge funds, and cash. The mutual fund target allocations are as follows:

<u>Asset Classes</u>	<u>Range</u>
Equity	35% - 65%
Fixed Income	15% - 40%
Alternatives	0% - 30%
Hedge Funds	
Private Equity	
Real Estate	
Hard Assets	
Cash or Cash Equivalents	0% - 10%

NOTE E - INVESTMENTS - CONTINUED

The asset allocation targets are long-term and provide for short-term divergences.

The following is a summary of investments held at March 31, 2021:

	Carrying Amount	Market Value
Uninvested Cash	\$ 1,072,887	\$ 1,072,887
Hedge Funds:		
Core	350,062	350,062
Offshore	471,869	471,869
Private Equity	860,636	860,636
Exchange Traded Govt. Bonds - Fixed Income	3,992,377	3,992,377
Mutual Funds:		
Equities	25,585,074	25,585,074
Fixed Income	17,181,016	17,181,016
	<u>\$ 49,513,921</u>	<u>\$ 49,513,921</u>

The net investments of \$49,513,921 are recorded on the Statement of Net Position and include investments without donor restrictions of \$4,065,180 and investments with donor restrictions of \$45,448,741.

For the year ended March 31, 2021, gross return (loss) on investments of \$11,846,431 was 30.95% and 30.77% net of investment management fees of \$116,016.

Custodial credit risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party.

To minimize risk the Foundation utilizes the services of investment managers for its investments. The investments held by these investment managers are uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Foundation's name.

There were no losses during the period due to default by counterparties to investment transactions.

NOTE E - INVESTMENTS, CONTINUED

Interest rate risk

As a means of managing its exposure to fair-value losses arising from potentially increasing interest rates, the Foundation has established a target for the duration of its fixed income portfolio to be between 3 and 7 years.

As of March 31, 2021, the maturities of the Foundation's fixed income (mutual funds) investments of \$21,173,393 were available by percentage of its portfolio and are as follows:

<u>Investment Maturities</u>	<u>Percentage of Portfolio</u>
0-3 yrs	9.7%
3-5 yrs	11.8%
5-10 yrs	33.7%
More than 10 yrs	<u>44.8%</u>
Totals	<u>100.0%</u>

The investments held by the Foundation are part of large mutual funds and are not individual securities held by the Foundation. Therefore, disclosing actual maturities by fixed income investment security is not possible.

Credit risk

The Foundation's investments are held as part of large mutual funds. Therefore, it is not possible to isolate credit risk by actual security held, but rather by the mutual fund in total.

It is the Foundation's policy that the investment grade portion of the fixed income portfolio must be rated "BBB" or better or a comparable rating by Moody's or Standard & Poor's rating services, respectively. The high-yield portion of the fixed income portfolio will consist of below investment grade securities. There is no bottom limit on the ratings of the high-yield portfolio.

NOTE E - INVESTMENTS - SEI, CONTINUED

Credit risk, continued

At March 31, 2021, the Foundation's fixed income investments were rated as follows:

<u>Rating</u>	<u>% of Portfolio</u>
Aaa	45.5%
Aa	4.7%
A	11.1%
BBB	17.6%
Below Investment Grade	<u>21.1%</u>
	<u>100.0%</u>

Other policies

The Foundation assesses a management fee on all unrestricted and restricted endowment funds for the purpose of funding the Foundation's operating budget. The fee is 2.5% of investment funds held without donor restrictions and 2.5% of investments held with donor restrictions (temporarily restricted expendable and restricted nonexpendable endowment funds). The Foundation policy calls for 4% of endowment fund to be spent for College programs and scholarships.

The Foundation's investment performance expectations include the achievement of long-term investment results of an average annual real return of 6.5% above inflation as measured by the Consumer Price Index (CPI).

Equity-type mutual funds investments

The Foundation invests in various equity-type mutual funds investments. Investments are recorded at fair market value in accordance with the reporting requirements. All such investments are subject to various market and economic risk factors as well as the national and global economics and may lose value and/or principal. The Foundation's investment policy allows for investment in equity securities between 35% and 65% of the total market value.

NOTE F - INVESTMENTS HELD IN TRUST

Investments Held in Trust are offset by a liability (unearned revenue) until such time as the restrictive conditions are met. Investments Held in Trust at March 31, 2021, consist of the following:

	CARRYING AMOUNT	
	Without Donor Restriction	Market Value
Cash and cash equivalents	\$ 2,497	\$ 2,497
	<u>\$ 2,497</u>	<u>\$ 2,497</u>

Cash and cash equivalents are at actual reconciled balances at March 31, 2021, which is considered fair value.

In 2002, the Foundation established a pooled gift annuity for multiple donors. Following the death of the annuitants, the remainder balance will be distributed in a lump sum payment to the endowment fund of the Foundation. As such, no amounts have been recorded to recognized revenue. The value of the investment at March 31, 2021, was \$2,497 and is recorded as Investments Held in Trust as both an asset and an offsetting unearned revenue liability.

Real estate previously held by the Foundation in trust consisted of one (1) parcel of land and home originally valued at \$1,400,000 on which the donor had a life estate. The donor had the right to live in the home until death. The Foundation then became sole beneficiary. During the year ended March 31, 2020, the land was deeded to the Foundation. The land was subsequently listed for sale. The land was recorded as Property held for Sale at March 31, 2020, at the contracted sale price of \$750,000. The real estate was last appraised in April 2020. The property sold and settled on August 28, 2020 for \$697,226 net which was the sale price of \$750,000 less closing costs of \$52,774.

Custodial credit risk

Custodial credit risk for cash and investments, is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party.

NOTE F - INVESTMENTS HELD IN TRUST, CONTINUED

Custodial credit risk, continued

The Foundation uses the services of an investment manager for its Investments Held in Trust (except for cash held by escrow agent and real estate). The investments held by this investment manager are uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Foundation's name.

There were no losses during the period due to default by counterparties to investment transactions in the Investments Held in Trust.

Interest rate risk

Investments held in trust at March 31, 2021 are in cash and cash equivalents. As a means of managing its exposure to fair-value losses arising from increasing interest rates, the Foundation has established a target for the duration of its fixed income portfolio to be between 3 and 7 years.

Credit risk and concentration of credit risk are considered insignificant at March 31, 2021 due to use of cash and cash equivalent investment vehicles.

NOTE G - FAIR VALUE MEASUREMENTS

The Foundation's investments are reported at fair market value in the accompanying Statement of Net Position at March 31, 2021, as follows:

Description	Carrying Value	Fair Value Measurements at Reporting Date Using:		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Quoted Prices in Active Markets for Similar Assets Level (2)	Significant Unobservable Inputs Level (3)
Assets				
Mutual funds -	\$ 42,766,090	\$ 42,766,090	\$ -	\$ -
Exchange traded govt. bonds	3,992,377	3,992,377	-	-
Alternative investments	1,682,567	-	1,682,567	-
Investments held in trust	2,497	2,497	-	-
Total Assets	<u>\$ 48,443,531</u>	<u>\$ 46,760,964</u>	<u>\$ 1,682,567</u>	<u>\$ -</u>
Liabilities				
Investments held in trust	\$ 2,497 (*)	\$ 2,497	\$ -	\$ -
Total Liabilities	<u>\$ 2,497</u>	<u>\$ 2,497</u>	<u>\$ -</u>	<u>\$ -</u>

(*) The fair value of these liabilities is based on the composite of the investment noted above.

As of March 31, 2010, the Foundation recorded Investment Held in Trust which consisted of real estate held by the Foundation consisting of one (1) parcel of land and home originally valued at \$1,400,000 on which the donor had a life estate. On January 24, 2020, this real estate was conveyed to the Foundation. An appraisal was performed on April 16, 2020 resulting in an appraised value of \$795,000. The property was subsequently listed for sale on April 22, 2020 at a price of \$900,000. The Foundation accepted a contract at a price of \$750,000. The Foundation recorded the land as property held for sale at March 31, 2020 at \$750,000. The property was sold and settled on August 28, 2020 for \$750,000 less closing costs of \$52,774 which netted \$697,226.

NOTE G - FAIR VALUE MEASUREMENTS, CONTINUED

Investments held in trust - Cash and cash equivalents are recorded at reconciled balances at March 31, 2021. However, the cash and cash equivalents held in money funds along with individual bonds held within a trust are classified as level (1).

Fair value measurements

FASB ASC 820-10-50-1 through 820-10-50-8 (formerly Financial Accounting Standards Board Statement No. 157, "Fair Value Measurements") established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level (1) inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level (3) inputs have the lowest priority. The Foundation uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Foundation measures fair value using Level (1) inputs because they generally provide the most reliable evidence of fair value.

In January 2010, the FASB issued ASU No. 2010-06, "Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements". This update provided amendments that require new disclosures of (a) transfers in and out of Levels 1 and 2 to include reasons for the transfers as well, and (b) reconciliation for fair value measurements using significant, unobservable inputs. Level (3) should be presented separately on a gross basis, rather than as one net number. This update also provided amendments that clarify existing disclosures such as the level of disaggregation for each class of assets and liabilities as well as disclosures about inputs and valuation techniques. The Foundation does not believe that the adoption of this update had a material impact on its financial statements.

Level (1) fair value measurements

The fair value of certain of the mutual funds is based on quoted net asset values in the shares held by the Foundation at year end.

Level (2) fair value measurements

Level (2) classifications consist of commingled funds where detailed holdings were available and the fair value of the funds could be determined based on market prices.

NOTE G - FAIR VALUE MEASUREMENTS, CONTINUED

Level (3) fair value measurements

The property held for sale was not actively traded and significant other observable inputs are not available. The property was transferred to the Foundation from investments held in trust and listed for sale on April 22, 2020, the land was recorded at a contract price of \$750,000. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurement Using Significant Unobservable Inputs (Level 3)

	Investments Held in Trust - <u>Land</u>	Property Held for <u>Sale</u>
Beginning balance, April 1, 2020	\$ 67,779	\$ -
Additions - property held for sale	-	750,000
Investments collected/sold	(65,282)	-
Adjustments	-	-
Sale of property	-	(750,000)
Change in market value	<u>-</u>	<u>-</u>
Ending balance, March 31, 2021	<u>\$ 2,497</u> *	<u>\$ -</u>

* Level 1 investment for the year ended March 31, 2021 and Level 3 at March 31, 2020.

NOTE H - RELATED PARTY TRANSACTIONS

Foundation personnel are employed by the College. The Foundation reimburses the College for the actual cost of these respective employees' salaries and the related payroll taxes and benefits. During the year ended March 31, 2021, the College billed the Foundation \$485,961 including payables of \$285,057. These expenses are recorded in the accompanying Statement of Revenues, Expenses and Changes in Net Position as part of management and general expenses.

NOTE H - RELATED PARTY TRANSACTIONS, CONTINUED

The Foundation also paid the College \$2,395,575 for scholarships and other academic costs during the year ended March 31, 2021.

The Foundation's office space, phone, internet, furniture, and utilities are provided by the College. The fair value of the office space of \$35,341 has been recorded as (in-kind) donated facilities income and rent expense in the accompanying Statement of Revenues, Expenses and Changes in Net Position. No amounts have been recorded for the other occupancy costs, as no objective basis to do so has been determined.

NOTE I - CERTIFICATION OF UNMATCHED PRIVATE CONTRIBUTIONS

Due to economic factors and the resulting State budget constraints, the State of Florida, Department of Education, has yet to fund the Foundation's annual request for Dr. Philip Benjamin's matching program for community colleges (Program Challenge Grant, CSFA #48.063) (Chapter 1011.85, Florida Statutes), for match of its private contributions.

During the year ended March 31, 2012, section 1011.85 Florida Statute was amended to suspend State matching funds for the Dr. Phillip Benjamin Matching Program for donations received on or after June 30, 2011.

The following is a summary of the annual unfunded requests at June 29, 2011 (there was no change from the prior year as there was no change in State funding):

<u>Request for Period:</u>	<u>Amount</u>
February 2, 2007 through February 1, 2008	\$ 2,599,476
February 2, 2008 through February 1, 2009	3,654,070
February 2, 2009 through February 1, 2010	2,017,202
February 2, 2010 through February 1, 2011	1,286,901
February 2, 2011 through June 29, 2011	1,480,756
	<u>\$ 11,038,405</u>

**NOTE I - CERTIFICATION OF UNMATCHED PRIVATE CONTRIBUTIONS,
CONTINUED**

These State match request amounts are not recorded as revenue or a receivable, because it is unclear as to whether such a receivable is collectible. The College certified the receipt of the contributions and submitted the requests per the State's instruction in the event that funds become available. Additionally, per a State of Florida, Department of Education representative, an "Auditor's Certification of Accuracy" is not required for Dr. Philip Benjamin Matching Program Final Certification of Private Contributions as of February 1, 2008, as of February 1, 2009, as of February 1, 2010, as of February 1, 2011, or as of June 29, 2011, since State matching funds were not provided. Therefore, the "Auditor's Certification of Accuracy" is not included and bound herein.

NOTE J - ENDOWMENT

The Foundation's endowment consists of approximately 300 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Net assets with donor restrictions, temporarily and permanently restricted, at March 31, 2021 are available for scholarships and academic chairs. Such permanently restricted net assets at March 31, 2021, contain donor-restrictions that require the donated assets remain in perpetuity, and the Foundation does not have the right to the original principal.

Interpretation of relevant law

The Board of Directors of the Foundation has interpreted the Florida Uniform Prudent Management of Institutional Funds Act (FUPMIFA) as requiring the Foundation to manage the investment process in a prudent manner with regard to preserving principal while providing reasonable returns. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (1) the original value of gifts donated to the permanent endowment, (2) the original value of

NOTE J - ENDOWMENT, CONTINUED

Interpretation of relevant law, continued

subsequent gifts to the permanent endowment, (3) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund, and (4) the portion of investment return added to the permanent endowment to maintain purchasing power. If the endowment assets earn investment returns beyond the amount necessary to maintain the endowment assets' real value, that excess is available for appropriation and, therefore, classified as temporarily restricted net assets until appropriated by the Board for expenditure. In accordance with FUPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the endowment fund.
2. The purposes of the institution and the endowment fund.
3. General economic conditions.
4. The possible effect of inflation or deflation.
5. The expected total return from income and the appreciation of investments.
6. Other resources of the institution.
7. The investment policy of the institution.

Endowment Investment Composition by Type of Fund as of March 31, 2021:

	Without Donor Restriction	With Donor Restrictions		Total
	Unrestricted	Temporarily Restricted	Permanently Restricted	
Board-designated endowment funds	\$ 4,065,180	\$ -	\$ -	\$ 4,065,180
Donor-restricted endowment funds	-	25,834,384	19,614,357	45,448,741
Total Funds	<u>\$ 4,065,180</u>	<u>\$ 25,834,384</u>	<u>\$ 19,614,357</u>	<u>\$ 49,513,921</u>

Interpretation of relevant law, continued

Changes in Endowment Investments for the Year Ended March 31, 2021:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Endowment investments, beginning of year	\$ 3,134,573	\$ 16,903,953	\$ 19,597,407	\$ 39,635,933
Investment return:				
Interest earnings	69,569	1,049,685	-	1,119,254
Net unrealized gain (loss)	314,565	3,798,781	-	4,113,346
Net realized gain (loss)	<u>411,167</u>	<u>6,201,770</u>	-	<u>6,612,937</u>
Total investment return	795,301	11,050,236	-	11,845,537
Contributions, received	526,043	54,860	10,950	591,853
Appropriation of endowment assets for expenditure	(397,280)	(2,513,896)	-	(2,911,176)
Other changes	12,543	339,231	-	351,774
Transfers to reclassify endowment funds*	<u>(6,000)</u>	<u>-</u>	<u>6,000</u>	<u>-</u>
Endowment investments, end of year	<u>\$ 4,065,180</u>	<u>\$ 25,834,384</u>	<u>\$ 19,614,357</u>	<u>\$ 49,513,921</u>

*Due to implementation of ASU 2016-14 and other factors.

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or FUPMIFA requires the Foundation to retain the fund in perpetual duration. Deficiencies may result from unfavorable market fluctuations that occur after the investment of new permanently restricted contributions and continued appropriation for certain programs that is deemed prudent by the Board of Directors. There was no such deficiency, in aggregate, as of March 31, 2021.

NOTE J - ENDOWMENT, CONTINUED

Spending policy and how the investment objectives relate to spending policy

The amount to be distributed (spent) from the Foundation assets is reviewed annually by the Executive Committee and appropriate recommendations are made to the Board then approved by the Board. It is expected that the annual amount to be distributed from Foundation-invested assets will be at or between 4 percent and 5 percent of a three-year rolling average of year-end market values (for the year ended March 31, 2021, the Board elected a 4% distribution rate). The annual administrative fee, with a long-term spending rate determined by the Finance Committee, is also calculated on a three-year rolling average of year-end market values of the Fund. In establishing this policy, the Foundation considered long-term expected return on its endowment. For the long-term, the primary investment objective for the Fund is to earn a total return, net of fees and within prudent levels of risk, which is sufficient to maintain, in real terms, the purchasing power of the Fund's assets and support the defined spending policy. Specifically, in compliance with FUPMIFA, unless otherwise specified or implied by a gift agreement or other document, at no time will spending invade the principal of endowed funds. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

NOTE K - LIQUIDITY

Financial assets available within one year of March 31, 2021 consisted of the following:

	<u>Amount</u>
Cash and cash equivalents	\$ 1,011,737
Investments without donor restrictions	4,065,180
Sponsorship receivables, current	108,000
Promises to give, current	<u>182,864</u>
	<u>5,367,781</u>
Less: Current Liabilities	(453,353)
Less: Restricted promises to give	<u>(25,000)</u>
Financial assets available to meet general expenditures over the next twelve months	<u><u>\$ 4,889,428</u></u>

NOTE K - LIQUIDITY, CONTINUED

The Foundation's goal is generally to maintain financial assets to meet one (1) year of unrestricted operating expenses (approximately \$1,000,000). As part of its liquidity plan, excess cash is invested in short-term investments, including money market accounts and mutual funds.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL
 CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
 AND OTHER MATTERS BASED ON AN AUDIT OF BASIC
 FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
 WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
 Florida SouthWestern State College Foundation, Inc.
 8099 College Parkway, SW
 Fort Myers, FL 33919

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America, the basic financial statements which comprise the statement of net position as of March 31, 2021 and the related statements of revenue, expenses and changes in net position, statement of functional expenses and cash flows of Florida SouthWestern State College Foundation, Inc. (the "Foundation") for the year ended March 31, 2021, and the related notes to the financial statements which collectively comprise the Foundation's basic financial statements as listed in the table of contents and have issued our report thereon dated July 6, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

INTEGRITY SERVICE EXPERIENCE

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Florida SouthWestern State College Foundation, Inc.'s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did, however, identify certain deficiencies in internal control, described in the accompanying Independent Auditor's Report to Management, identified as comments 2020-01 and 2020-03, that we consider to be a material weaknesses.

We also noted certain other matters that we have reported in our Independent Auditor's Report to Management dated July 6, 2021.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Florida SouthWestern State College Foundation, Inc.'s basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT TO MANAGEMENT

Board of Directors
 Florida SouthWestern State College Foundation, Inc.
 8909 College Parkway, SW
 Fort Myers, FL 33919

In planning and performing our audit of the financial statements of Florida SouthWestern State College Foundation, Inc. (the "Foundation") as of and for the year ended March 31, 2021, we considered Florida SouthWestern State College Foundation, Inc.'s internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Foundation's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did identify two (2) deficiencies in internal control that we consider to be material weaknesses see comments 2020-01 and 2020-03 in our Independent Auditor's Report to Management. Other material weaknesses may exist that have not been identified.

In connection with our audit, we are submitting the following comments and recommendations in accordance with Government Auditing Standards, and Chapter 10.700 "Rules of the Auditor General". We are, therefore, submitting for your review and consideration, items noted during the audit and recommendations designed to help the Foundation make improvements and achieve

INTEGRITY SERVICE EXPERIENCE

operational efficiencies. Our comments reflect our desire to be of continuing assistance to Florida SouthWestern State College Foundation, Inc.

PRIOR YEAR COMMENTS THAT CONTINUE TO APPLY:

2020-01 Trial Balance Should Be Fully Reconciled on a Routine Basis

Condition: The initial trial balance, provided by the Foundation, for the audit contained incorrect balances for cash, unconditional promises to give receivables and related discount, property held for sale, investments held in trust, in-kind revenue and expense, interfund revenue and restricted vs. unrestricted investments. As such, we consider this condition to be a material weakness in the internal control over the accounting and reporting systems.

Questioned Costs: None

Criteria: Accurate interim and annual financial information should be prepared in accordance with Generally Accepted Accounting Principles (GAAP).

Context: Significant adjustments to the account balances as of and for the year ended March 31, 2020 were proposed during the audit of the financial statements. The initial trial balance provided for the audit contained incorrect balances as noted in "condition."

Cause: The Foundation has experienced significant turnover in accounting personnel in the past several years. The frequency of turnover has created a lack of consistency of historical knowledge and resulted in the inability to provide adequate training and mentoring of the succeeding fiscal personnel.

Effect: These adjustments caused the audit process to be more time consuming and, therefore, delayed. Additionally, the financial information provided to stakeholders during the fiscal year ended March 31, 2020 did not accurately reflect the Foundation's financial position as significant adjustments were proposed during the audit process.

Recommendation: We recommend that the Foundation maintain their financial statements timely on the full accrual basis in accordance with Generally Accepted Accounting Principles (GAAP). We recommend the Foundation enhance their accounting resources so that timely and accurate financial statements and the related reconciliations can be performed. We also recommend that the Foundation improve and enhance their accounting procedures and review process to ensure all account balances are properly reported.

Addendum 2021: For fiscal year ended March 31, 2021, the trial balance, provided by the Foundation, for the audit contained unreconciled balances for cash, unconditional promises to give receivables and related discount, and restricted vs. unrestricted investments. As such, we consider this condition to be a material weakness in the internal control over the accounting and reporting systems. Our recommendation is stated above.

2020-03 Review and Reconciliation of Endowment Funds Should Be Performed Routinely

Condition: The initial trial balance, provided by the Foundation, for the audit contained incorrect balances for investments and the related investment income accounts. As such, we consider this condition to be a material weakness in the internal control over the accounting and reporting systems.

Questioned Costs: None

Criteria: Accurate interim and annual financial information should be prepared in accordance with Generally Accepted Accounting Principles (GAAP).

Context: Significant adjustments to these account balances as of and for the year ended March 31, 2020 and 2021 were proposed during the audit of the financial statements. The initial investment account balances and related reconciliations provided for the audit contained incorrect balances as noted in "condition." In addition, the reconciliation process did not include a significant investment account and the reconciliation process was not designed properly.

Cause: The Foundation has experienced significant turnover in accounting personnel in the past several years. The frequency of turnover has created a lack of consistency of historical knowledge and resulted in the inability to provide adequate training and mentoring of the succeeding fiscal personnel.

Effect: These adjustments caused the audit process to be more time consuming and, therefore, delayed. Additionally, the financial information provided to stakeholders during the fiscal year ended March 31, 2020 and 2021 did not accurately reflect the Foundation's financial position as significant adjustments were proposed during the audit process.

Recommendation: We recommend that the Foundation maintain their financial statements timely on the full accrual basis in accordance with Generally Accepted Accounting Principles (GAAP). We recommend that the Foundation improve and enhance their accounting procedures, reconciliation and review process to ensure all account balances are properly reported.

CURRENT YEAR COMMENTS:

2021-01 Investment Income Increased Dramatically

During the year ended March 31, 2021, the investment income increased dramatically. The investment income increase is substantially due to the US and world economy rebounding from the initial downturn caused by the effects of COVID. The prior year investment balances and returns were significantly down due to the initial COVID closures in March 2020, which was considered the height of the COVID effect.

Auditors are responsible to look at the reasonableness of the financial activity related to the entity under audit. As such, a stated rate of return of approximately 30% would not be routinely considered reasonable unless excess investment risk was involved. In this case the rate of return is significantly up due to the effects of COVID.

We, however, recommend the Board and investment committee consult with their contracted investment advisor and document such discussion to ensure investment risk factors have not changed in the post COVID economy. Consideration should be given to whether the investment policy should be updated.

2021-02 Review and Update Wire Transfer Policy

During the fiscal year ended March 31, 2021, we performed procedures on transfers from investment and bank accounts. It was noted there were inconsistencies between the Foundation and the investment advisor on the process of wire transfers and/or transfers from accounts. It was also noted that significant wire transfers were actually written paper check from the investment account.

We recommend the Foundation have a formal written policy for wire transfers and proper approval process of these transfers. The policy should include "live" approvals for disbursements from the CEO and/or COO directly to the financial institution to ensure proper internal control. No disbursement authorization should be permitted by the accounting staff. Rather both parties must be involved. Disbursements initiated by staff and authorized "live" by the CEO and/or COO. All such transfers should be documented in writing.

This report is intended solely for the information and use of the Board of Directors, management, the Auditor General of the State of Florida, and other Federal and State agencies. This report is not intended to be, and should not be, used by anyone other than these specified parties.

We are providing this letter in connection with the audit of Florida SouthWestern State College Foundation, Inc. for the fiscal year ended March 31, 2021.

The Independent Auditor's Report to Management noted four findings. The Foundation's response to those findings are as follows:

2020-01: The Foundations fiscal personnel has worked with prior Foundation fiscal personnel to gain more historical knowledge of the Foundations accounting procedures. That point of contact still remains available if the need presents itself in the future. The Finance staff has also set up monthly audit/finance meetings with the executive director and COO to discuss accounting procedures. Management has hired a consultant from HBK to come onsite for a 3-day period (8/17/2021 to 8/19/2021) in order to assist in rectifying this issue, and a new controller was hired and starts employment on 8/12/2021.

2020-03: The Foundation's controller and executive director will review the reconciliation of the endowed funds on a monthly basis. This reconciliation will contain the signatures of the Controller and Executive Director to signify that the review process occurred. During the end of March 2020 and beginning of April 2020, the Foundation switched Investment Advisors and switched the Endowed banking activity from Wells Fargo to Charles Schwab. The Controller of the Foundation has worked with the new Investment advising firm, CapTrust, to gain the knowledge needed to accurately record the interest income, realized gains and losses, and the change in Market Value. Once those are recorded on a monthly basis, the review of all the endowment activity will take place. We will also ask the HBK consultant to review our related policies and make recommendations, if necessary, to strengthen them.

2021-01: The Foundation saw a dramatic upswing in investment income largely due to the timing of the COVID Pandemic. A significant loss in the investment balances at the end of Fiscal Year 2020, coupled with a strong performing market since then, led to an approximate rate of return near 30%. The Investment Committee has been working more closely with the Foundation Staff and Investment Advisors to ensure that the risk factors have not changed in the post COVID economy. The Foundation and Investment Committee updated the Investment Policy Statement on February 23, 2021 and will also review on an annual basis to make sure that the strategic asset allocation guidelines are being met and staying within the proper allocation range.

2021-02: The Foundation changed investment advisors at the beginning of the fiscal year to CapTrust and was not able to complete the form needed to have funds electronically transferred to the correct account. Instead, CapTrust would send a paper check for the quarterly disbursement amount to the Foundation. This is not the normal procedure and the following steps are being taken to return to wire

distribution. The new controller of the Foundation will create a formal written policy for wire transfers and proper approval process for all transfers. The new controller will also obtain the Schwab MoneyLink Electronic Funds Transfer Form from the Investment Advisors to make sure the quarterly disbursement is wired to the Foundation instead of a paper check. Once the proper signatures are obtained from the executive director, COO, and president of FSW State College, there will now be "live" communication by executive director or chief operations officer via email or phone to CapTrust or financial institution.

To recap, management has made a change in personnel in the financial and accounting leadership position, and has hired an HBK consultant to come in and review all accounting policies and procedures in an effort to address the material weaknesses, and the accounting and finance functions, in general.
