NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies of Gator Boosters, Inc. (Gator Boosters), which affect significant elements of the accompanying basic financial statements:

(a) Reporting entity—Gator Boosters is a not-for-profit organization established solely to solicit funds for the benefit of the University of Florida (the University) athletic programs. The accompanying financial statements are intended to present the results of these fund raising efforts and the resources available to support the University's athletic programs. Gator Boosters is a direct support organization and component unit (for accounting purposes only) of the University.

(b) Measurement focus, basis of accounting, and financial statement presentation—The financial statements of Gator Boosters have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recognized when they are incurred.

Gator Boosters distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses for Gator Boosters are those that result from the solicitation of funds for the benefit of the University athletic programs. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities. As required by GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, contributions to permanent endowments are not considered operating revenues and are reported after nonoperating revenues and expenses in the accompanying statements of revenues, expenses, and changes in net position.

(c) Cash and cash equivalents—For purposes of reporting cash flows, cash and cash equivalents include only highly liquid investments with original maturities of three months or less.

(d) Accounts receivable—Accounts receivable are stated at the amount management expects to collect from balances at year-end. Based on management's assessment of the credit history with organizations and individuals having outstanding balances and current relationships with them, it has concluded that realized losses on balances outstanding at year-end will likely be immaterial. Gator Boosters has no policy requiring collateral or other security to support its accounts receivable.

(e) Fair value measurements—Gator Boosters categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

(f) Capital assets—Capital assets purchased or acquired with an original cost of \$700 or more are recorded at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives of the assets, which is considered to be five years for all assets owned by Gator Boosters at June 30, 2021. All capital asset balances at June 30, 2021 are fully depreciated.

(g) Restricted assets—Restricted assets include the cash surrender value of life insurance policies, which are restricted by contributors for permanent endowments.

(h) Accrued compensated absences—Eligible employees are entitled to annual and sick leave with pay. Gator Boosters accrues accumulated unpaid annual vacation leave and associated employee-related costs, these amounts are included in the accompanying statement of net position. Vacation pay is expensed when earned by the employee up to the maximum payout. Sick leave payments are

expensed when used, as sick leave is not eligible for payout.

(i) Unearned revenue—Current unearned revenues consist of contributions for sport seasons in the next fiscal year. The unearned items are recognized as revenue when the related games are played.

(j) Net position—Net position is classified and displayed in three components:

- Net investment in capital assets - consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any debt that is attributable to those assets.
- Restricted - consists of assets that have constraints placed upon their use either by external donors or creditors or through laws, regulations or constraints imposed by law through constitutional provisions or enabling legislation, reduced by any liabilities to be paid from these assets.
- Unrestricted - consists of net position that does not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted net position is available for use, it is Gator Boosters’ policy to use restricted resources first, then unrestricted resources as they are needed.

(k) Use of estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

(l) Income taxes—Gator Boosters is generally exempt from Federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements.

Gator Boosters files tax returns in the U.S. federal jurisdiction. Management of Gator Boosters considers the likelihood of changes by taxing authorities in its filed income tax returns and recognizes a liability for or discloses potential significant changes that management believes are more likely than not to occur, including changes to Gator Boosters’ status as a not-for-profit entity. Management believes Gator Boosters met the requirements to maintain its tax-exempt status and has no income subject to unrelated business income tax, therefore no provision for income taxes has been provided in these financial statements. Gator Boosters’ income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

(m) Future accounting pronouncements—GASB issued Statement No. 87, *Leases*, in June 2017. GASB 87 aims to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The provisions in GASB 87 are effective for periods beginning after December 15, 2019. Gator Boosters is currently evaluating the impact this statement will have on its financial statements.

2. CASH AND SHORT-TERM INVESTMENTS

(a) Cash and cash equivalents—Gator Boosters had demand deposits with a regional bank with bank balances amounting to \$1,806,790 at June 30, 2021. Custodial credit risk for deposits is the risk that in the event of a bank failure, Gator Boosters’ deposits may not be returned. Gator Boosters does not have a deposit policy for custodial credit risk, although all demand deposits with banks are federally insured up to \$250,000 under FDIC protection. As of June 30, 2021, \$1,556,790 of Gator Boosters’ bank balances was exposed to custodial credit risk.

(b) Short-term investments—Short-term investments are comprised of funds invested in the Special Purpose Investment Account (SPIA) within the Florida Treasury Investment Pool (FTIP). Funds within the FTIP are subject to various risks including credit risk and interest rate risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. This risk can be evaluated based on the rating assigned to an issuer or other counterparty by an independent rating agency. Interest rate risk is the risk that arises for holders of fixed income securities due to fluctuations in interest rates. This risk increases as the time to maturity or duration of these securities increase. The FTIP is not exposed to foreign currency risk as State law and investment policy do not authorize the FTIP to purchase investments in foreign currencies.

Gator Boosters reported short-term investments in SPIA at fair value totaling \$1,046,189 at June 30, 2021 representing ownership of a share of the pool,

not the underlying securities. Pooled investments with the State Treasury are not registered with the Securities and Exchange Commission. Oversight of the pooled investments with the State Treasury is provided by the Treasury Investment Committee per Section 17.575, Florida Statutes. The authorized investment types are set forth in Section 17.57, Florida Statutes. The SPIA carried a credit rating of AA-f by Standard & Poor’s, had an effective duration of 2.60 years and a fair value factor of 0.9840 as of June 30, 2021. Participants contribute to the Treasury Pool on a dollar basis. These funds are commingled and a fair value of the pool is determined from the individual values of the securities. The fair value of the securities is summed and a total pool fair value is determined. A fair value factor is calculated by dividing the pool’s total fair value by the pool participant’s total cash balances. The fair value factor is the ratio used to determine the fair value of an individual participant’s pool balance. Gator Boosters relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury investment pool are included in the notes to financial statements of the State’s Comprehensive Annual Financial Report.

The fair value of Gator Boosters investment in SPIA is measured on a recurring basis, which is valued based on Gator Boosters share of the pool, using significant unobservable inputs (Level 3).

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors,
Gator Boosters, Inc.:

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Gator Boosters, Inc., which comprise the statement of net position as of June 30, 2021, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated September 23, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Gator Boosters, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Gator Boosters, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Gator Boosters, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Gator Boosters, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
