INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Florida Alcohol and Drug Abuse Association, Inc.
Tallahassee, Florida

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Florida Alcohol and Drug Abuse Association, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Florida Alcohol and Drug Abuse Association, Inc. as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Florida Alcohol and Drug Abuse Association, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida Alcohol and Drug Abuse Association, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Florida Alcohol and Drug Abuse Association, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida Alcohol and Drug Abuse Association, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance at page 13, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the *Florida Single Audit Act*, is presented for purposes of additional analysis and is not a required part of the financial statements. The information included in the accompanying schedules of functional activities at page 12 is also presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2022, on our consideration of the Association's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Association's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control over financial reporting and compliance.

FLORIDA ALCOHOL AND DRUG ABUSE ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: Florida Alcohol and Drug Abuse Association, Inc. (FADAA or the Association) was created to promote alcohol and drug abuse treatment and prevention efforts throughout the state of Florida and to act as a clearing house to disseminate information as it relates to the field of alcohol and drug abuse treatment and prevention.

FADAA entered into a consolidation agreement with the Florida Council for Community Mental Health, Inc. (FCCMH), d/b/a the Florida Behavioral Health Association, Inc. (FBHA), and the Florida Council for Behavioral Healthcare, Inc. (FCBH), with an effective date of November 15, 2018.

A summary of the significant policies and reporting practices followed by the Association in the preparation of its financial statements is set forth below:

Basis of Accounting: The Association's financial statements have been prepared on the accrual basis of accounting.

Financial Statement Presentation: The Association is required to report information regarding its financial position and activities according to two classes of net assets (net assets without donor restrictions, and net assets with donor restrictions) based on the existence or absence of donor-imposed restrictions. The Association has not received any contributions with donor-imposed restrictions that would result in net assets with donor restrictions.

Cash and Cash Equivalents: Cash and cash equivalents are defined as short-term, highly-liquid investments with a maturity of less than ninety days when acquired.

Other Accounts Receivable: Other accounts receivable are presented on the Statements of Financial Position net of amounts written off based on management's experience and resulting assessment of collectibility. The Association determined that receivables were fully collectible, and therefore did not recognize an allowance for doubtful accounts as of June 30, 2022 and 2021.

Grants and Contracts: The Association provides services under cost reimbursement, fixed fee, and purchase of service contracts. Revenues are recognized when qualifying expenses have been incurred for cost reimbursement contracts and on a fee-for-service basis for purchase of service contracts. Amounts earned but not received are reported as grants receivable. Amounts received but not earned are reported as deferred revenue.

FLORIDA ALCOHOL AND DRUG ABUSE ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes: The Association is a nonprofit organization that is exempt from taxation under *Internal Revenue Code*, Section 501(c)(3) and has been classified as an organization that is not a private foundation under Section 509(a). It is, however, subject to corporate income tax on net income earned from unrelated business activities and to interest and penalties related to unrecognized tax benefits, both of which would be recognized in current income tax expense (See Note 8).

Functional Allocation of Expenses: The costs of providing the various programs and other activities have been summarized on a functional basis on the Statements of Activities. Accordingly, certain costs have been allocated between the program and supporting services benefited. Costs that can be identified with a specific program or support service are charged directly to that program or support service. Costs common to multiple functions have been allocated among the programs and supporting services benefited. The functional allocation of indirect expenses is based on estimates of employee time.

Estimates: The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from the estimates.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of accounts held at a commercial bank located in Tallahassee, Florida. At times, the balances may exceed the current Federal Deposit Insurance Corporation (FDIC) limit of \$250,000 per bank. The Association believes the credit risk related to these balances is minimal.

A summary of the total insured and uninsured amounts held at June 30, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Total Cash Held at Banks	\$ 2,090,201	\$ 2,513,954
Less: Portion Secured by FDIC	(250,000)	(250,000)
Uninsured Cash Balances	<u>\$ 1,840,201</u>	<u>\$ 2,263,954</u>

FLORIDA ALCOHOL AND DRUG ABUSE ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 3 – CREDIT AGREEMENT

The Association has a \$100,000 line of credit agreement with Regions Bank. The line of credit has a variable interest rate equal to 4.75% above the Prime Rate, with a minimum rate of 4.75%, and provides for monthly payments of 2% of the outstanding balance, minimum of \$250, whichever is greater. The line of credit is secured by certain assets of the Association and has no stated maturity date. There were no amounts outstanding at June 30, 2022 and 2021.

NOTE 4 – AGENCY TRANSACTIONS

The Association receives and expends funds in support of activities conducted on behalf of other organizations that align with the Association’s mission. The Association recorded the following agency transactions for the Methadone Coalition for the years ended June 30, 2022 and 2021, respectively:

	<u>2022</u>	<u>2021</u>
Funds Received	\$ 14,400	\$ 10,800
Funds Expended	\$ 7,220	\$ 5,760
Due to Methadone Coalition	\$ 17,719	\$ 10,539

NOTE 5 – AFFILIATES AND RELATED PARTY TRANSACTIONS

FBHA and the Association have a service agreement for FBHA to provide management services to FADAA in the form of management and operation of FADAA, including facility usage, office management, communications and technology, insurance, and any other expenses related to management and operation of FADAA. FBHA also provides employees to FADAA for the purpose of fulfilling contractual obligations. FBHA invoices the Association each month for the portion of staff salaries and benefits that are allocated to contracts and grants based on an estimated percentage of each employee’s time. A time study is performed to verify these percentages, and if there is a variance in the percentages, adjustments are made to the allocations. Amounts owed to FBHA as of June 30, 2022 and 2021 were \$169,292 and \$178,191, respectively, and are reported in Due to Affiliates on the Statements of Financial Position.

NOTE 6 – CONCENTRATIONS

The Association received grants from various federal and state governmental agencies, which provided approximately 99% and 98% of the Association's funding for the years ended June 30, 2022 and 2021, respectively. At June 30, 2022 and 2021, grants receivable from these organizations totaled \$2,140,463 and \$2,478,009, respectively.

FLORIDA ALCOHOL AND DRUG ABUSE ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

NOTE 7 – LIQUIDITY AND AVAILABILITY OF RESOURCES

As of June 30, 2022, the Association had approximately \$484,000 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures, consisting of cash and cash equivalents. These financial assets are not subject to donor or other contractual restrictions that makes them unavailable for general expenditures within one year of the statement of financial position date. Additionally, the Association has grants receivable of approximately \$2.1 million that are subject to the underlying conditions of the respective grants. The accounts and grants receivable are expected to be collected within 60 days subsequent to the statement of financial position date.

NOTE 8 – INCOME TAXES

An entity must recognize the impact of uncertain tax positions in the financial statements if it is more likely than not that a tax position taken for tax return purposes will not be sustained upon examination by taxing authorities. The Association has concluded that it has no material uncertain tax positions and, accordingly, it has not recognized any liability for unrecognized tax benefits. The Association has filed all required tax returns in all jurisdictions in which it operates. Tax years after 2017 remain subject to examination by the applicable taxing authorities.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

The grant contracts received are subject to audit and approval by the various grantor agencies. If such audits determine that the Association failed to comply with requirements of the grant contracts, the Association could be required to reimburse the grantor agencies for disallowed expense amounts. These amounts constitute a contingent liability of the Association. Management does not anticipate that reimbursements, if any, resulting from future audits will have a material effect on the financial statements.

NOTE 10 – EVALUATION OF SUBSEQUENT EVENTS

The Association has evaluated subsequent events through November 29, 2022, the date which the financial statements were available to be issued.

NOTES:

(1) The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) presents the activity of all federal programs and state projects of the Association for the year ended June 30, 2022. All expenditures related to federal awards and state projects received directly from the federal and state agencies, as well as the federal awards and state projects passed through other governmental agencies, are included in the accompanying Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

- (2) The Schedule was prepared on the accrual basis of accounting.
- (3) There were no federal or state awards expended in non-cash assistance.
- (4) The Association elected not to use the 10% de minimis indirect cost rate.

See independent auditor's report.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Directors
Florida Alcohol and Drug Abuse Association, Inc.
Tallahassee, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Florida Alcohol and Drug Abuse Association, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 29, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Florida Alcohol and Drug Abuse Association, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Florida Alcohol and Drug Abuse Association, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Florida Alcohol and Drug Abuse Association, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Board of Directors
Florida Alcohol and Drug Abuse Association, Inc.
Page Two

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Florida Alcohol and Drug Abuse Association, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE
UNIFORM GUIDANCE AND THE *FLORIDA SINGLE AUDIT ACT***

The Board of Directors
Florida Alcohol and Drug Abuse Association, Inc.
Tallahassee, Florida

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited Florida Alcohol and Drug Abuse Association's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *State of Florida, Executive Office of the Governor Compliance Supplement* that could have a direct and material effect on each of Florida Alcohol and Drug Abuse Association, Inc.'s major federal programs and state projects for the year ended June 30, 2022. Florida Alcohol and Drug Abuse Association's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Florida Alcohol and Drug Abuse Association complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the *Florida Single Audit Act*. Our responsibilities under those standards, the Uniform Guidance and the *Florida Single Audit Act* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Florida Alcohol and Drug Abuse Association and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of Florida Alcohol and Drug Abuse Association's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Florida Alcohol and Drug Abuse Association's federal programs and state projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Florida Alcohol and Drug Abuse Association's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the *Florida Single Audit Act* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Florida Alcohol and Drug Abuse Association's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the *Florida Single Audit Act*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Florida Alcohol and Drug Abuse Association's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Florida Alcohol and Drug Abuse Association's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *Florida Single Audit Act*, but not for the purpose of expressing an opinion on the effectiveness of Florida Alcohol and Drug Abuse Association's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program and state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program and state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program and state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *Florida Single Audit Act*. Accordingly, this report is not suitable for any other purpose.
