## **INDEPENDENT AUDITOR’S REPORT**

The Board of Directors  
Space Exploration Technologies Corp.

### **Report on the Audit of the Schedule of Expenditures of State Financial Assistance**

#### ***Opinion***

We have audited the schedule of expenditures of state financial assistance of Space Exploration Technologies Corp. (SpaceX) for the year ended December 31, 2024, and the related notes (the “Schedule”).

In our opinion, the accompanying schedule of expenditures of state financial assistance presents fairly, in all material respects, the expenditures of the state project of SpaceX for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Chapter 10.650, *Rules of the Auditor General*. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Schedule section of our report.

We are required to be independent of SpaceX and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Schedule***

Management is responsible for the preparation and fair presentation of the schedule in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibilities for the Audit of the Schedule***

Our objectives are to obtain reasonable assurance about whether the schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Florida Single Audit Act will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedule.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards* and the Florida Single Audit Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedule, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the schedule.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SpaceX's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedule.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR THE STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE**

The Board of Directors  
Space Exploration Technologies Corp.

### **Report on Compliance for the Major State Project**

#### ***Opinion on Compliance for the Major State Project***

We have audited SpaceX’s compliance with the types of compliance requirements described in the Florida Single Audit Compliance Supplement that could have a direct and material effect on its Spaceport Improvement Program for the year ended December 31, 2024.

In our opinion, SpaceX complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major state project for the year ended December 31, 2024.

#### ***Basis for Opinion on the Major State Project***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the Florida Single Audit Act. Our responsibilities under those standards and the Florida Single Audit Act are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of SpaceX and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major state project. Our audit does not provide a legal determination of SpaceX’s compliance with the compliance requirements referred to above.

#### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to SpaceX’s state project.

## ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on SpaceX's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Florida Single Audit Act will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about SpaceX's compliance with the requirements of the state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Florida Single Audit Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding SpaceX's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of SpaceX's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Florida Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of SpaceX's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over

compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Florida Single Audit Act. Accordingly, this report is not suitable for any other purpose.

Spaceport Improvement Program	55.037	C21789	\$ 37,395	\$ -
Spaceport Improvement Program	55.037	C22580	989,956	-
<b>Total Expenditures of State Financial Assistance</b>			<b>\$ 1,027,351</b>	<b>\$ -</b>

**Note 1: BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of State Financial Assistance (the "Schedule") includes the activity of SpaceX under programs of the state government for the year ended December 31, 2024. The information in this Schedule is presented in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.650, *Rules of the Auditor General*. Because the Schedule presents only a selected portion of the operations of SpaceX, it is not intended to and does not present the equity, net income, or cash flows of SpaceX.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Schedule of Expenditures of State Financial Assistance is a summary of SpaceX's state assistance programs presented on the accrual basis of accounting.

**Note 3: CONTINGENCIES**

Grant monies received and disbursed by SpaceX are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon experience, SpaceX does not believe that such disallowance, if any, would have a material effect on the financial position of SpaceX.

The Board of Directors  
Space Exploration Technologies Corp.

**Report on the Schedule**

We have audited the schedule of expenditures of state financial assistance of Space Exploration Technologies Corp. (SpaceX) for the year ended December 31, 2024, and the related notes (the "Schedule") and have issued our report thereon dated September 24, 2024.

**Auditor’s Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements the Single Audit Act Chapter 10.650, *Rules of the Auditor General*.

**Other Reporting Requirements**

We have issued our Independent Auditor’s Report based on an audit of the Schedule performed in accordance with Government Auditing Standards; Independent Auditor’s Report on Compliance for a State Project and Report on Internal Control over Compliance; and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated September 24, 2024, should be considered in conjunction with this management letter.

**Additional Matters**

Section 10.654(1)(e), *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on state project amounts that are less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

**Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
