**DEPARTMENT OF VETERANS' AFFAIRS**

Office of Inspector General's Internal Audit Activity

**SUMMARY**

In our opinion, the quality assurance program related to the Department of Veterans' Affairs (Department) Office of Inspector General's internal audit activity was adequately designed and complied with during the review period July 2010 through June 2011 to provide reasonable assurance of conformance with applicable professional auditing standards. Also, the Office of Inspector General generally complied with those provisions of Section 20.055, Florida Statutes, governing the operation of State agencies' offices of inspectors general internal audit activities.

**BACKGROUND**

Section 20.055(2), Florida Statutes, established in each State agency, as defined by Section 20.055(1)(a), Florida Statutes, the Office of Inspector General. The Executive Director assigned three positions to the Office of Inspector General and the Inspector General dedicated one position to the internal audit activity. The Inspector General provided the following information regarding activities performed by the internal audit position during the review period:

<b>Internal Audit Activity</b>	
<u>Activity Performed</u>	<u>Percentage of Work Effort (1)</u>
Auditing Activities	62
Other Accountability/Oversight Activities	38
	<u>100</u>
(1) Direct time charged to internal audit activities.	

Section 20.055(5)(a), Florida Statutes, requires that internal audits be conducted in accordance with the current *International Standards for the Professional Practice of Internal Auditing (IIA Standards)* or, where appropriate, *Government Auditing Standards*. The *IIA Standards*, issued by The Institute of Internal Auditors, and *Government Auditing Standards*, issued by the Comptroller General of the United States, generally provide comparable guidance for the conduct of assurance engagements. The *IIA Standards* also provide supplemental guidance for the conduct of consulting engagements.

The Inspector General identified three engagements that had been completed as part of internal audit activity during the review period. For these engagements, the Office of Inspector General's internal audit activity had elected to follow *Government Auditing Standards*.

**REPORT ON QUALITY ASSESSMENT REVIEW**

---

---

Pursuant to Section 11.45(2)(i), Florida Statutes, we have reviewed the quality assurance program for the Department Office of Inspector General's internal audit activity in effect for the period July 2010 through June 2011. We also reviewed compliance with specific provisions of Section 20.055, Florida Statutes, governing the operation of State agencies' offices of inspectors general internal audit activities.

A quality assurance program for the Office of Inspector General's internal audit activity encompasses the charter, organizational environment, and policies and procedures established to provide management with reasonable assurance that the internal audit activity operates in conformity with applicable auditing standards. The design of the quality assurance program and compliance with it are the responsibility of the Office of Inspector General.

In conducting our review, we obtained an understanding of the quality assurance program and performed such tests and other procedures as we considered necessary. Because of inherent limitations in any quality assurance program, departures from the program may occur and not be detected. Also, projection of any evaluation of the quality assurance program to future periods is subject to the risk that the program may become inadequate because of changes in conditions, or that compliance with policies and procedures may deteriorate.

In our opinion, the quality assurance program related to the Office of Inspector General's internal audit activity was adequately designed and complied with during the review period to provide reasonable assurance of conformance with applicable professional auditing standards. Also, the Office of Inspector General generally complied with those provisions of Section 20.055, Florida Statutes, governing the operation of State agencies' offices of inspectors general internal audit activities.

**OBJECTIVES, SCOPE, AND METHODOLOGY**

---

---

We conducted this quality assessment review in accordance with applicable *Government Auditing Standards*. Those standards require that we plan and perform the review to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our review objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our review objectives.

The objectives of this review were to evaluate the extent to which the Office of the Inspector General's internal audit activity's charter, policies and procedures, quality assurance and improvement program, and work products conform to applicable professional auditing standards; determine compliance with those provisions of Section 20.055, Florida Statutes, that relate to the operation of State agencies' offices of inspectors general internal audit activities; and identify opportunities to enhance the Office of the Inspector General's internal audit activity's management and work processes, as well as its value to Department management.

Our review included an evaluation of two of the three engagements completed as part of internal audit activity during the review period for compliance with applicable professional auditing standards. Our review was modeled primarily on the methodology presented in *The Institute of Internal Auditors' Quality Assessment Manual, Sixth Edition*.

**AUTHORITY**

---

---

Section 11.45(2)(i), Florida Statutes, requires that the Auditor General, once every three years, review a sample of internal audit reports to determine compliance by the Office of Inspector General with the current *International Standards for the Professional Practice of Internal Auditing* or, if appropriate, *Government Auditing Standards*. Pursuant to the provisions of Section 11.45(2)(i), Florida Statutes, I have directed that this report be prepared to present the results of our review.
