District School Board of Lee County
2855 Colonial Boulevard
Fort Myers, FL 33966-1012

Dear Chairman, School Board Members, and Citizens of Lee County:

After the close of each fiscal year, State law requires that all local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) in the United States of America and audited by the Florida Auditor General, or a firm of licensed certified public accountants, in accordance with auditing standards generally accepted in the United States of America. Pursuant to this requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the School District of Lee County (the District) for the fiscal year ended June 30, 2014.

This report consists of management's representations concerning the finances of the District. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, District management has established a system of internal controls designed to protect the District's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh the benefits, the District's system of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Florida Auditor General conducted the audit for the fiscal year ended June 30, 2014. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2014, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant

estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion on the District's basic financial statements for the fiscal year ended June 30, 2014. The auditor's report is presented as the first component in the Financial Section of this report.

The independent audit of the District's financial statements included the federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act of 1996; and the United States Office of Management and Budget's *Circular A-133, Audits of States, Local Government, and Non-profit Organizations*. The standards governing Single Audit engagements require the independent auditor to report on the fair presentation of the financial statements and on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this Single Audit, including the schedule of expenditures of federal awards, schedule of findings and questioned costs, summary schedule of prior audit findings, and the independent auditor's reports on internal control and on compliance with applicable requirements, are included in the Other Independent Auditor's Reports, Schedules and Other Information section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the Auditor's Report.

Profile of the Government

The District and its governing board were created pursuant to Section 4, Article IX, of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District officials in accordance with Chapter 1001.42, Florida Statutes. The District School Board of Lee County (the Board) consists of five elected officials responsible for the adoption of policies that govern the operation of the District's public schools. The appointed Superintendent of Schools (the Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes. State Board of Education rules, and School Board policies. State Board of Education, Rule 6A-1.001, Florida Administration Code, designates specific responsibility to the Superintendent for maintaining a uniform system of records and accounts.

The geographic boundaries of the District are the same as those of Lee County, (the County), which was founded in 1887 and named in honor of General Robert E. Lee. The County is located on the Gulf Coast of Florida, encompasses approximately 811 square miles, including several small islands in the Gulf of Mexico, and is bordered by Charlotte County to the north, Hendry County to the east, and Collier County to the south. Lee County's estimated population in 2014 is 661,115 people.

The report includes all funds of the District, the Lee County School Board Leasing Corporation, the Foundation for Lee County Public Schools (the Foundation), and sixteen charter schools, all of which comprise the reporting entity. The Lee County School Board Leasing Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities. The Foundation is a separate, not-for-profit corporation organized and operated as a direct-support organization. The Foundation's purpose is exclusively educational and charitable for the constituents of Lee County. Charter schools are public schools operating under performance contracts with the Board. The Foundation and applicable charter schools are included as aggregate discretely presented component units.

The District provides a full range of educational programs. These include pre-kindergarten, kindergarten through 12th grade, basic and enrichment programs, and exceptional student education. The District also provides vocational and adult programs.

During the 2013-14 fiscal year, the District operated 98 schools and programs comprised of 49 elementary schools, 17 middle schools, 13 high schools, 19 specialized schools and programs, and reported student enrollment of 87,256. The District does not plan to open any new schools in the 2014-15 fiscal year. In addition, the District sponsored 16 charter schools that are component units of the District and plans to sponsor three additional charter schools during the 2014-15 fiscal year. The charter schools are separate not-for-profit corporations organized and operated under Section 1002.33, Florida Statutes. The charter schools are funded by the state based on their weighted full-time equivalent student count and receive this funding through the District.

The District maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. Activities of all governmental fund types are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the function level.

Budgetary information is integrated into the accounting system and, to facilitate budgetary control, budget balances are encumbered when purchase orders are

issued. Appropriations lapse at year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

In order to provide budgetary control for salaries, the District utilizes a centralized position control system. On an annual basis, the Board adopts a District staffing plan that establishes teacher positions based generally on student populations served. Additionally, support and administrative positions are created based on established criteria.

Economic Condition and Outlook

Lee County is part of the Fort Myers–Cape Coral Metropolitan Statistical Area with an annual growth rate of 2.5 percent. The County's population has increased from 521,253 in 2004 to 661,115 in 2014, an increase of 26.8 percent. This compares to an 11.1 percent increase for Florida overall and an 8.8 percent increase for the nation.

Growth is projected to continue at a slower rate for the next five years, increasing the population in the County to over 763,000 by 2020, and to more than 1,300,000 in the Southwest Florida area in general. Once a retirement haven, Lee County is now dominated by working-age people. In fact, the 18-24 age group (those people just entering the workforce) is growing about twice as fast as that of the State and many times faster than that of the entire United States.

Though Lee County continues to feel the effects of the last five years of economic instability, positive indicators in the economy such as a decreasing unemployment rate, increasing home sales and a rising tax roll are bolstering the economy. Our student population also appears to have stabilized, and has changed from an almost 500 student loss in 2009 to a growth of 1,500 students in 2010, an additional 300 students in 2011, an additional 2,800 students in 2012, an additional 1,900 students in 2013 and an additional 1,700 students in 2014. State and District projections indicate that approximately 1,500 more students will be served in the next fiscal year. This growth is projected to increase the student population up to 4 percent each year bringing the estimated student population to approximately 93,900, 103,600 and 126,500 over the next 5, 10 and 20 years, respectively. The mainstay of the County's economy is tourism and retirement, and their associated services, such as health, trade, and other service-oriented industries. The County also has real estate development, agribusiness, high-tech manufacturing, corporate and regional headquarters, warehousing and distribution, and financial services industries. Currently, over 90 percent of employment is concentrated in the services, wholesale and retail, and government sectors. Industries expected to gain the most new jobs in the near future include local government, health services, business services, food services, and special trade contractors.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County, and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District is the area's second largest employer, employing 10,684 full and part-time employees, including 5,169 instructional personnel.

Ranked in the top 9 in student population in the state and in the top 33 in the nation, the District is challenged not only by growth but also the 2002 State Constitutional Amendment legislating reductions in class size. These challenges require the construction of an additional 8 schools in the next 10 years. In order to meet this demand, the District will continue to seek additional revenue sources. There are 86 public schools in Lee County and providing adequate facilities to all students is fundamental to maintaining an effective education system. It speaks to a range of standards, including safety, class size and equity. An ambitious construction program that produced forty new or additions to schools over the past ten years is winding down. This program was supported in part by the issuance of several Certificates of Participation. The District will not be able to sustain this building program going forward. In recent years, the Florida Legislature has reduced school districts taxing authority for capital outlay from 2.000 mills to 1.500 mills. With the dramatic reduction in property values, the District's revenue stream for school construction is extremely limited. In addition, with half of the school facilities more than 30 years old, a major construction and renovations program was initiated. Concurrently, the District adopted a five year plan to bring schools up to the newly adopted District standard in technology equipment and student accessibility. The District has also adopted a 20 year maintenance and replacement program to ensure school facilities are properly preserved.

Major Initiatives

ARRA Economic Stimulus Funds

On February 13, 2009, Congress passed the American Recovery and Reinvestment Act of 2009 (ARRA) which was signed into law by President Obama on February 17, 2009. ARRA earmarks more than \$90 billion for states to use for education. The primary goal was to save jobs and stabilize local school district funding. The District spent \$.6 million of ARRA funds through June 30, 2009, an additional \$40.5 million during fiscal year 2010, an additional \$67.5 million during fiscal year 2011, an additional \$5.8 million during the fiscal year 2012, an additional \$2.9 million during the fiscal year 2013 and an additional \$2.9 million during the fiscal year 2014. The infusion of ARRA funding has allowed the District to maintain instructional support in a time when there would otherwise have been significant budget reductions. Plans are underway to make sure the District does not experience a funding cliff when the stimulus funding rolls off at the end of fiscal year 2015.

Capital Outlay Program

During the current fiscal year, the District continued the major renovation of one elementary school and one high school.

During the fiscal year 2015, the District is planning to complete the major renovation of one elementary school and one high school. For fiscal year 2016, the District is not planning to start any major construction.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting, and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2013. This was the eleventh year the District has received these prestigious awards. In order to be awarded the GFOA's Certificate of Achievement for Excellence in Financial Reporting and ASBO's Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized CAFR. This report satisfied both generally accepted accounting principles (GAAP) and applicable legal requirements.

The Certificate of Achievement and Certificate of Excellence are valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement and Certificate of Excellence program requirements and we are submitting it to the GFOA and ASBO to determine its eligibility for another certificate.

The preparation and completion of this report on a timely basis was made possible by the dedicated service of the entire staff of the District's Financial Accounting Department. Each member of the Financial Accounting Department have our sincere appreciation for the contributions made in the completion of this report.

In closing, we would like to thank the members of the Board for their leadership and support in planning and conducting the financial operations of the District.

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lee County District School Board, as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for the school internal funds and the aggregate discretely presented component units, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information for the Lee County District School Board as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparisons for the General Fund and Special Revenue Fund – Federal Economic Stimulus for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS, SCHEDULE OF FUNDING PROGRESS - OTHER POSTEMPLOYMENT BENEFITS, SCHEDULE OF EMPLOYER CONTRIBUTIONS - OTHER POSTEMPLOYMENT BENEFITS, and NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules, and the introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Also, the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is presented for purposes of additional analysis as required by the

United States Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, and **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, and **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Respectfully submitted,

David W. Martin, CPA

Audit Report No. 2015-070

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the School District of Lee County's Comprehensive Annual Financial Report presents management's discussion and analysis of the District's financial performance during the fiscal year ending June 30, 2014. Please read it in conjunction with the District's financial statements, which immediately follow this section.

Financial Highlights

- The District's assets exceeded its liabilities by \$1,089,961,140 at fiscal year ending June 30, 2014.
- Net position of the District decreased by \$28,998,275, in comparison to the 2012-13 fiscal year.
- The District's Government-wide revenues totaled \$846,041,647, comprised of general revenues of \$793,449,907 or 93.8 percent of the total revenues. Program specific revenues from charges for services, operating grants and contributions, and capital grants and contributions, totaled \$52,591,740 or 6.2 percent of the total revenues.
- Expenses incurred by the District totaled \$875,039,922 for governmental related activities. Program specific revenues offset these expenses by \$52,591,740, and general revenues funded the difference.
- The District's governmental funds reported combined ending fund balances of \$233,291,606 or a decrease of \$41,915,480 or 15.2 percent in 2013-14 fiscal year in comparison with the prior fiscal year.
- The unassigned fund balance of the General Fund representing the net current financial resources available for general appropriation by the Board, totaled \$111,046,656, at June 30, 2014, or 16.6 percent of total General Fund expenditures.
- The General Fund total fund balance as of June 30, 2014, totaled \$127,723,893, a 2.3 percent increase in comparison to the 2012-13 fiscal year total of \$124,898,177. The increase in total fund balance of the General Fund is mainly attributed to the new Pell Grant revenue source of \$2,087,527.

Overview of the Financial Statements

The Financial Section of this Comprehensive Annual Financial Report consists of three parts: Management's Discussion and Analysis, the Basic Financial Statements, and other supplementary section that presents combining statements for Nonmajor Governmental Funds, Internal Service Funds, and Component Units. The Basic Financial Statements include several statements that present different views of the District:

- The first two statements are *Government-wide Financial Statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *Fund Financial Statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the Government-wide statements.
- The *Governmental Funds Statements* tell how basic services, such as regular and special education, were financed in the *short-term* as well as what remains for future spending.
- The *General Fund's Statement of Revenues, Expenditures and Changes in Fund Balance - Budget vs. Actual* is presented for the primary operating fund of the District.
- The *Special Revenue Fund – Federal Economic Stimulus Statement of Revenues, Expenditures and Changes in Fund Balance - Budget vs. Actual* is presented for the fund that accounts for the resources received and expended under the American Recovery and Reinvestment Act of 2009.
- The *Proprietary Funds Statements* offer *short-term* and *long-term* financial information about the activities the District operates as Internal Service Funds, for self-insurance.
- The *Fiduciary Funds Statement* provides information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others.

The Basic Financial Statements also include notes that explain information in the statements and provide more detailed data. The statements are followed by a section of other supplementary information that further explains and supports the Basic Financial Statements with combining and individual fund statements that provide details about the Nonmajor Governmental Funds. Combining statements for the District's discretely presented component units are also included. Also, the other supplemental section includes schedules of budget vs. actual for each governmental fund. Figure A-1 on the following page shows how the various parts of this report are arranged and related to one another.

This space intentionally left blank

Figure A-1

Organization of the District’s Comprehensive Annual Financial Report

Figure A-2 summarizes the major features of the District’s Basic Financial Statements, including the portion of the District’s activities they cover and the types of information they contain. The remainder of this overview section of Management’s Discussion and Analysis highlights the structure and contents of each of the statements.

Figure A-2

Major Features of the Government-wide and Fund Financial Statements

	Government-wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire District (except fiduciary funds)	The activities of the District that are not proprietary or fiduciary, such as delivery of student instruction and building maintenance.	Activities the District operates similar to private businesses.	Instances in which the District administers resources on behalf of someone else, such as scholarship programs and student activity monies.
Required Financial Statements	Statement of Net Position Statement of Activities	Balance Sheet Statement of Revenues, Expenditures, and Changes in Fund Balances	Statement of Net Position Statement of Revenues, Expenditures, and Changes in Net Position Statement of Cash Flows	Statement of Fiduciary Assets and Liabilities
Accounting basis and measurement focus	Accrual accounting and economic resources focus.	Modified accrual accounting and current financial resources focus.	Accrual accounting and economic resources focus.	Accrual accounting and economic resources focus.
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term.	Generally assets expected to be used and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included.	All assets and liabilities, both financial and capital, short-term and long-term.	All assets and liabilities, both financial and capital, short-term and long-term; funds do not currently contain capital assets, although they can.
Type of in-flow/out-flow information	All revenues and expenses during year, regardless of when cash is received or paid.	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable.	All revenues and expenses during the year, regardless of when cash is received or paid.	All additions and deductions during the year, regardless of when cash is received or paid.

Government-Wide Statements

The Government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's non-fiduciary assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid. The two Government-wide statements report the District's *net position* and *how they have changed*. Net position (the difference between the District's assets and deferred outflows less liabilities and deferred inflows) are one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, additional nonfinancial factors, such as changes in the District's property tax base and the condition of the school buildings and other facilities, must be considered.

In the Government-wide statements, the District's activities are divided into two categories:

Governmental Activities: Most of the District's basic services are included here, such as student instruction, transportation, maintenance and operations, and administration. Property taxes and State aid finance most of these activities. The Lee County School Board Leasing Corporation (Leasing Corporation) although legally separate, was formed December 17, 2003, to facilitate financing for the acquisition of facilities and equipment. Due to a substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government. Separate financial statements for the Leasing Corporation are not published.

Component Units: The District includes 17 other entities in its report – The Foundation for Lee County Public Schools, Inc., Bonita Springs Preparatory and Fitness Academy, Inc., Bonita Springs Charter School, Cape Coral Charter School, Cape Preparatory and Fitness Academy, Inc., City of Palms Charter High School, Inc., Coronado High School, DJB Technical Academy, Inc., Fort Myers Preparatory and Fitness Academy, Inc., Gateway Charter School, Gateway Intermediate Charter School, Gateway Charter High School, Goodwill L.I.F.E. Academy, The Island School, Inc., North Nicholas High School, Pivot Charter High School, and Six Mile Charter Academy. Although legally separate, these "component units" are important because the District is financially accountable.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices used to track specific sources of funding and spending on particular programs.

- Some funds are required by State law and bond covenants.
- The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts), or to show that it is properly using certain revenues (such as Federal grants).

The District has three kinds of funds:

Governmental Funds

Most of the District's basic services, such as instruction and facilities services, are included in governmental funds. These funds generally focus on 1) how cash and other financial assets can readily be converted to cash flow in and out, and 2) the balances left at year-end that are available for spending. Consequently, the governmental funds statement provides a detailed, short-term view that assists the reader in determining whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, a reconciliation is provided for both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balance which explains the relationships and/or differences between the funds.

Proprietary Funds

Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the Government-wide statements. The District uses two *Internal Service Funds* (a type of proprietary fund) to report activities that provide self-insurance services for its other programs and activities.

Fiduciary Funds

The District is the trustee, or *fiduciary*, for assets that belong to others, such as the student activity funds. The District is responsible for ensuring that the assets reported in these funds are used only for the intended purposes. The District excludes these activities from the Government-wide statements because it cannot use these funds to finance its operations.

Financial Analysis of the District (Primary Government) as a Whole

Net Position. The District's *combined* net position was smaller on June 30, 2014, than the previous fiscal year; decreasing \$29.0 million to \$1,089.9 million (see Figure A-3). By far, the largest portion of the District's net position, \$892.8 million (81.9 percent) reflects its net investment in capital assets (e.g., land, construction in progress, buildings, improvements, equipment, motor vehicles, software and audio visual materials). The District uses these capital assets to house and educate the students of Lee County, Florida; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position, \$118.6 million (10.9 percent), represents resources that are subject to external restrictions on how they may be used. The remaining net position, \$78.5 million (7.2 percent), is unrestricted assets. Unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the District is able to report positive balances in all categories of net position. The same situation held true for the prior fiscal year.

Figure A-3

Condensed Statement of Net Position (in millions of dollars)

	Governmental Activities		Total Percentage Change
	2013	2014	
Current and Other Assets	\$ 403.1	\$ 365.6	(9.3)%

Net Investment in Capital Assets	887.8	892.8	.6%
Restricted	162.0	118.6	(26.8)%
Unrestricted	69.1	78.5	13.6%
Total Net Position	\$ 1,118.9	\$ 1,089.9	(2.6)%

The District's worsened financial position is the product of many factors, but the most significant decreases are due to:

- An increase in food service expenses due to remodels and renovations; and
- An increase in instructional expenses due to salary increases.

Changes in Net Position. The District's total revenue increased 6.6 percent to \$846.0 million (see Figure A-4). Property taxes, Florida Education Finance Program, and Other Federal and State sources, accounted for most of the District's revenue, contributing about 92 cents of every dollar raised (see Figure A-5). The remainder came from operating grants and contributions, capital grants and contributions, fees charged for services, investment earnings and other sources.

The total cost of all programs and services increased 1.4 percent to \$875 million. Approximately 90 percent of the District's expenses are related to student instruction, student services, facilities services, transportation, operation of plant and maintenance of schools (see Figure A-6). The District's administrative activities, including school administration, accounted for 10 percent of total costs. The \$10.8 million increase in instruction costs was derived largely from salary increases and benefits, in this case for teachers and other educational staff.

Total expenses surpassed revenues, decreasing net position \$29 million and contributing to the District's worsened financial condition.

Figure A-5

Sources of Revenues for Fiscal Year 2014

Figure A-6

Expenses for Fiscal Year 2014

Governmental Activities

Revenues for the District's governmental activities increased 6.6 percent, while expenses increased 1.4 percent. The decrease in net position for governmental activities was \$29 million in 2014. The major impact to revenue was the increase in state FEFP revenue of \$26.2 million.

Figure A-7 presents the cost of the District's activities. The table also shows each activity's *net cost* (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the taxpayers by each of these functions.

Unallocated Interest on Long-Term Debt	18.6	14.9	(19.9)%	(16.3)	(12.7)	(22.1)%
Total	\$ 862.7	\$ 875.0	1.4%	\$ (809.7)	\$ (822.4)	1.6%

The cost of all governmental activities this year was \$875 million.

Part of the cost was financed by the users of the District's programs (\$16 million).

The Federal and State governments subsidized certain programs with grants and contributions (\$36.6 million).

However, most of the District's costs (\$822.4 million) were financed by District and State taxpayers. This portion of governmental activities was financed with \$436.1 million from property taxes and \$356.1 million of unrestricted Florida Education Finance Program funds based on the statewide education aid formula, and other federal, state, and local sources.

Financial Analysis of the District's Funds

The focus of the governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. As the District completed the fiscal year, its governmental funds reported combined fund balances of \$233.3 million, which is below last fiscal year's ending fund balances of \$275.2 million. Unassigned fund balance of \$111 million represents 47.6 percent of the ending fund balances and is available to meet the District's short-term spending needs. The remainder of fund balance is non-spendable, restricted or assigned to indicate that it is not available for new spending, because it is: 1) to liquidate inventory and prepaid items of \$2.7 million; 2) restricted by Federal law, State statute and local ordinance of \$118 million; and 3) assigned for State and Local programs of \$1.6 million.

Five of the eleven Governmental Funds had less revenue and other financing sources than expenditures and other financing uses in 2014, thereby contributing to the decrease in total fund balance. Most significantly, \$46.4 million of capital outlays connected with construction remodeling and renovation of various schools were expended in the current year using prior year resources. Some funds reflect increases (\$7.6 million) in fund balance. The Debt Service Fund fund balance increased \$3.6 million due to the accumulated principal payments required to be deposited into a sinking fund until fiscal year 2028 when the debt will be paid.

The *General Fund* is the District's chief operating fund. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$111 million, while total fund balance reached \$127.7 million. During the current fiscal year, the fund balance of the General Fund increased by \$2.8 million. A key factor in this increase was a \$26.1 million increase in FEFP revenue.

The *Special Revenue Fund Federal Economic Stimulus* is used to account for the resources generated by Federal Stimulus funds for use in key education areas such as instruction of students with disabilities, services for low-income students and the stabilization of local funding. Because grant revenues are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance.

The *Debt Service Fund Certificates of Participation* is used to account for the resources accumulated and payments made for principal, interest, and related costs on the long-term Certificates of Participation. The restricted fund balance at the end of fiscal year 2014 was \$2.2 million, an increase of \$1.8 million from the prior fiscal year. The increase is related to debt service payments the District will need to make in early fiscal year 2015.

The *Debt Service Fund ARRA Economic Stimulus* is used to account for the resources accumulated and payments made for principal, interest, and related costs on the long-term Qualified School Construction Bond (QSCB). The restricted fund balance at the end of fiscal year 2014 was \$5.4 million, an increase of \$1.8 million from the prior fiscal year due to the accumulated principal payments required to be deposited into a sinking fund until fiscal year 2028 when the debt will be paid.

The *Capital Projects Fund Local Capital Improvement Tax* is used to account for the resources generated by the local capital improvement tax to be used for educational capital outlay needs. At June 30, 2014, the total fund balance was \$41.1 million, a decrease of \$36.8 million from the prior fiscal year due to prior fiscal year resources being used to finance current fiscal year expenditures.

The *Capital Projects Fund Certificates of Participation/Impact Fees/State Grants* is used to account for the resources generated by various sources for educational capital outlay needs, including new construction and renovation and remodeling projects as specified in statute, ordinance, or contract. The total fund balance for this fund at the end of the current fiscal year was \$38.6 million, a decrease of \$9.5 million from the prior fiscal year due to prior year resources being used to finance current fiscal year expenditures.

The *Capital Projects Fund ARRA Economic Stimulus* is used to account for the resources generated by a Federal Qualified School Construction Bond for new school construction projects. All new school construction projects were completed during the current fiscal year utilizing the \$14.2 thousand prior fiscal year fund balance. There is no fund balance at the end of the current fiscal year.

General Fund Budgetary Highlights

Over the course of the fiscal year, the District revised the annual budget several times. These budget amendments generally fall into two categories:

Amendments Related to Changes in Revenue Estimates.

Throughout the school year, the District received revised calculations in the FEFP (Florida Education Finance Program – the funding formula for Florida school districts), based on changes in student counts, State revenue estimates, and local tax roll estimates. With each calculation, the budget is amended to reflect the current revenue estimates provided in the FEFP. The District will also amend revenues in the General Fund for new State grants and changes in local revenue sources, such as interest and indirect cost revenue. The District budgets 96 percent of projected property tax revenues at the onset of each budget year, as required by law, and collections are generally higher. Revenue from property taxes was greater than the final amended budget by \$2 million due to a higher collection rate.

Amendments to Modify Appropriations.

Throughout the fiscal year, the District may increase appropriations for new grants and unanticipated expenditures, such as hurricane damage.

Each school and department is allowed to modify its existing budget to meet its operational needs throughout the school year. An example of this type of amendment would be to move appropriations from purchased supplies to textbooks in order to acquire new textbooks for the art class.

Budgeted expenditures were increased \$2.5 million from the original budget to the final amended budget primarily due to the rise in transportation costs.

- Although the District's final budget for the General Fund anticipated that expenditures would exceed revenues and other financing sources by approximately \$103 million, the actual results for the fiscal year show that expenditures exceeded revenues by \$23.4 million.
- The actual expenditures were \$77.3 million below budgeted levels. Actual expenditures for instruction were more than \$50.8 million below budgeted levels due to conservative spending at the schools.
- Actual expenditures for transportation and operation of plant were \$13.6 million below budgeted levels due to conservative spending.

Capital Assets and Debt Administration

Capital Assets

By the end of the 2013-14 fiscal year, the District had an investment of \$1,343.9 million, net of accumulated depreciation, in a broad range of assets, including land, school buildings, athletic facilities, computer and audio-visual equipment, and administrative offices (see Figure A-8). This amount represents a net decrease of \$22 million, or 1.6 percent, from last fiscal year. Additions to furniture, fixtures and equipment, and motor vehicles amounted to \$10.1 million for the fiscal year. Total depreciation expense for the year was \$51.7 million. (More detailed information about capital assets can be found in Note 5 to the Basic Financial Statements.)

Figure A-8

Capital Assets (net of depreciation, in millions of dollars)

	Governmental Activities		Total Percentage Change
	<u>2013</u>	<u>2014</u>	
Land	\$ 169.0	\$ 169.0	(0.0)%
Improvements Other Than Buildings	30.8	29.3	(4.9)%
Construction in Progress	10.0	30.1	201.0%
Buildings	1,094.6	1,059.8	(3.2)%
Furniture, Fixtures and Equipment	24.5	23.5	(4.1)%
Motor Vehicles	19.1	15.4	(19.4)%
Audio Visual Materials and Software	17.9	16.8	(6.1)%
Total	<u>\$ 1,365.9</u>	<u>\$ 1,343.9</u>	(1.6)%

The District's approved five-year Capital Outlay Plan does not include any new schools over the next five years. The District's student enrollment has grown over the last several years, 8.4 percent since 2010 for a present enrollment of 87,256 students.

The District's capital projects budget shows spending another \$130.8 million in the 2014-15 fiscal year for capital projects, principally in three areas:

- 1) \$6.8 million to purchase new school buses.
- 2) \$18.4 million to continue the upgrade of technology equipment.
- 3) \$30.3 million to continue the maintenance of existing schools.

Long-Term Debt

At fiscal year-end, the District had \$457.7 million in COPS, SBE bonds, and Notes outstanding, a decrease of 5.8 percent from last fiscal year, as shown in Figure A-9. (More detailed information about the District’s long-term liabilities is presented in Note 7 to the Basic Financial Statements.)

Figure A-9

Outstanding Long-Term Debt (in millions of dollars)

	Total School District		Total Percentage Change
	<u>2013</u>	<u>2014</u>	
Certificates of Participation and Note Payables (financed with property taxes)	\$ 474.1	\$ 447.9	(5.5)%
State School Bonds (financed with specific taxes & fee revenues)	<u>11.7</u>	<u>9.8</u>	(16.2)%
Total	<u>\$ 485.8</u>	<u>\$ 457.7</u>	(5.8)%

During the fiscal year, the District refunded \$1.1 million in State School Bonds and \$24.8 million in Certificates of Participation.

The District continues to retire its outstanding debt as it becomes due, retiring \$25.7 million of outstanding certificates of participation, notes, and bonds during the 2013-14 fiscal year.

This space intentionally left blank

Factors Bearing on the District's Future

At the time these financial statements were prepared, the District was aware of five existing circumstances that could significantly affect its financial health in the future:

- The State of Florida funds the District through the Florida Education Finance Program (FEFP). The 2014 FEFP allocation contained a 1.8 percent increase in per student funding, a positive indicator for the District. We believe this increase in education funding from the state signals optimism about future economic conditions, but it should be noted that our funding levels per student are still not back to where they were in 2007.
- Property tax roll increased over 8.4 percent, another very positive economic indicator for our county. This increase was the second increase in the tax roll since 2008.
- No reserves had been utilized from the general fund budget in 2014 to mitigate budget cuts. No use of reserves is anticipated in 2015.
- Local property taxes are currently the primary source of funding in the capital plan. Despite the increase in the tax roll, the previous loss of capital millage and other state capital funding are continuing to take its toll on the five year capital budget outlook. With a growing need for additional seats due to student growth, increased need for maintenance at our existing buildings, and anticipated need for additional technology and technology infrastructure at our schools to fulfill testing mandates and educational needs, the current capital revenue cannot sustain the estimated need. The District must consider an additional source of capital revenue to provide for all capital needs in 2015 and beyond.
- Both the Support Personnel Association of Lee County (SPALC) and the Teachers Association of Lee County (TALC) are currently in negotiations with the District Bargaining Team. For 2015, the Legislature has allocated our school district salary increases for these groups through the FEFP, including it in the 1.8 percent increase in per student funding. Salary negotiations are still ongoing, but these funds must be allocated through a system of performance based pay that must be negotiated and agreed upon by the bargaining units and the Board.

Contacting the District's Financial Management

This Comprehensive Annual Financial Report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Financial Accounting, the School District of Lee County, 2855 Colonial Blvd., Fort Myers, Florida 33966-1012.

THE SCHOOL DISTRICT OF LEE COUNTY
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION
June 30, 2014

Total Fund Balance - Governmental Funds **\$ 233,291,606**

Amounts reported for governmental activities in the statement of net position are different because:

Capital Assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds.

Original cost of capital assets	\$ 1,925,020,399	
Accumulated depreciation	<u>(581,169,989)</u>	
		1,343,850,410

Deferred outflow of resources are reported as a result of changes in fair value of deferred amounts on refundings in the statement of net position. 415,371

Capital credits to be received in future years are not available to liquidate liabilities in governmental funds, but are accrued in the government-wide financial statements. 8,039,943

Long-term liabilities are reported in the statement of net position but not in the governmental funds because they are not due and payable in the current period. Balances at June 30, were:

Accrued Interest payable	(64,505)	
Bonds payable	(9,793,078)	
Certificates of participation payable	(441,584,903)	
Notes payable	(6,335,504)	
Estimated insurance claims payable	(23,206,655)	
Liability for compensated absences	(57,916,608)	
Estimated early retirement payable	(1,303,000)	
Postemployment benefits payable	<u>(25,232,837)</u>	
Subtotal, long-term liabilities		(565,437,090)

Deferred inflow of resources are reported as a result of changes in fair value of deferred amounts on refundings in the statement of net position. (130,301)

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds of the District. The assets and liabilities of the internal service funds, which are reported in the proprietary funds rather than the governmental funds, are included in governmental activities in the statement of net position. The internal service funds net position is \$46,702,816. This includes \$21,730 in compensated absences and \$23,206,655 in estimated unpaid claims included above. The net amount is as follows:

69,931,201

Total net position - governmental activities **\$ 1,089,961,140**

THE SCHOOL DISTRICT OF LEE COUNTY
RECONCILIATION OF THE GOVERNMENTAL FUNDS
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2014

Net change in fund balances- governmental funds **\$ (41,915,480)**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their useful lives as annual depreciation expense in the statement of activities. This is the amount by which depreciation expense exceeds capital outlays, net of noncapitalized outlays, and other additions in the current period.

Capital outlays	\$ 30,975,666	
Depreciation expense	<u>(51,664,075)</u>	(20,688,409)

In the governmental funds, the cost of capital assets was recognized as an expenditure in the year purchased. Thus, the change in net position differs from the change in fund balance by the un depreciated cost of the disposed assets. (1,382,074)

Debt proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not effect the statement of net position. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities.

Debt proceeds	(26,760,187)	
Payment to escrow agent	26,360,187	
Deferred In/Outflows- Refundings	285,070	
Amortization-net	2,858,155	
Repayments	<u>25,656,399</u>	28,399,624

The District has recorded vested utility interest revenue in the government-wide statements that does not meet the earned criterion for recognition in the fund financial statements. 273,948

The net change in the early retirement benefit program liability is reported in the government-wide statements, but not in the governmental fund statements. (44,000)

In the governmental funds, interest on long-term debt is recorded as an expenditure when due and payable. In the statement of activities, interest is recorded as it accrues. This is the increase in accrued interest payable. 2,808

In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences paid in excess of the amount earned in the current period. 1,570,246

The net change in the liability for postemployment health benefits is reported in the government-wide statements, but not in the governmental fund statements. (2,762,797)

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds of the District. The change in net position of the internal service funds, of \$7,552,772 is reported with governmental activities. This includes \$4,913 in compensated absences included above. The net amount is as follows: 7,547,859

Change in net position of governmental activities **\$ (28,998,275)**

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES

Reporting Entity

The District School Board of Lee County (Board) has direct responsibility for operation, control, and supervision of the School District of Lee County (District) and is considered a primary government for financial reporting. The District is part of the Florida system of public education under the general direction of the State Board of Education. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools (Superintendent) is the executive officer of the District. The general operating authority of the Board and the Superintendent is contained in Chapters 1000-1013, Florida Statutes. Geographic boundaries of the District correspond with those of Lee County, Florida.

Pursuant to Section 1010.51, Florida Statutes, the Superintendent is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the State Board of Education.

For financial reporting purposes, the accompanying financial statements include all of the operations over which the District is financially accountable. The District is financially accountable for organizations that make up its legal entity, as well as legally separate organizations that meet certain criteria. In accordance with GASB 14, "The Financial Reporting Entity," as amended by GASB 39, "Determining Whether Certain Organizations Are Component Units" and GASB 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34", the criteria for inclusion in the reporting entity involve those cases where the District or its officials appoint a voting majority of an organization's governing body and is either able to impose its will on the organization and there is a potential for the organization to provide specific financial benefits to or to impose specific financial burdens on the District or the nature and significance of the relationship between the District and the organization is such that exclusion would cause the District's financial statements to be incomplete. Based on the application of these criteria, District management has determined that the following five charter schools are not component units: Edison Collegiate High School, Oasis Elementary School, Oasis Middle School, Christa McAuliffe Elementary School, and City of Cape Coral High School. Each of these charter schools are operated and reported as a component unit by a government entity other than the District.

Based on the application of the criteria, the following component units are included within the District's reporting entity:

Blended Component Unit – Leasing Corporation

The Lee County School Board Leasing Corporation (Leasing Corporation) was formed on December 17, 2003, to facilitate financing for the acquisition of facilities and equipment. Additionally, the Corporation is legally separate from the District and the governing board of the Leasing Corporation is the District School Board. Therefore, the financial activities of the Leasing Corporation have been blended (reported as if it were part of the District) with those of the District. Separate financial statements for the Leasing Corporation are not published.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Discretely Presented Component Unit – Foundation

The Foundation for Lee County Public Schools, Inc., (Foundation) was formed for the purpose of improving the quality of education by increasing community involvement with and support for Lee County schools. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources (or incomes thereon) that the Foundation holds and invests are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used for the benefit of the District, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements. An annual audit of the Foundation's financial statements is conducted by an independent certified public accountant and is filed in the District's administrative office.

Discretely Presented Component Units – Charter Schools

At fiscal year-end there were sixteen charter schools operating within the District that met the criteria for presentation as a discretely presented component unit. All charter schools are separate, not-for-profit corporations organized and operated as charter schools under Section 1002.33, Florida Statutes to enhance the education of the Lee County students attending these schools. Charter Schools do not have the constitutional authority to levy taxes, making charter schools fiscally dependent on the District. Pursuant to Florida Statutes section 1002.33(17) students enrolled in a charter school shall be funded the same as students enrolled in other public schools in the District. The charter schools' full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the charter schools. The financing of charter schools imposes a financial burden on the District. Because charter schools are fiscally dependent and create a financial burden on the District, charter schools are considered component units of the District. Audits were performed for each Charter School for the year ended, by independent certified public accountants and are on file at the District's administrative office.

The sixteen component unit charter schools in operation at fiscal year-end are listed below:

Bonita Springs Preparatory and Fitness Academy, Inc. – The school's charter was granted September 23, 2008, for a grade K-8 school. As of June 30, 2014, the school was a grade K-8 school. The school is located in Bonita Springs, Florida.

Bonita Springs Charter School – The school's charter was granted December 18, 2001, for a grade K-8 school. As of June 30, 2014, the school was a grade K-8 school. The school is located in Bonita Springs, Florida.

Cape Coral Charter School – The school's charter was granted August 20, 2002, for a grade K-8 school. As of June 30, 2014, the school was a grade K-8 school. The school is located in Cape Coral, Florida.

Cape Preparatory and Fitness Academy, Inc. – The school's charter was granted May 3, 2011, for a grade K-8 school. As of June 30, 2014, the school was a grade K-8 school. The school is located in Cape Coral, Florida.

City of Palms Charter High School, Inc. – The school's charter was granted October 25, 2005, for a grade 9-12 school. As of June 30, 2014, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

Coronado High School – The school's charter was granted October 23, 2007, for a grade 9-12 school. As of June 30, 2014, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

DJB Technical Academy, Inc. - The school's charter was granted March 12, 2013, for a grade 9-12 school. As of June 30, 2014, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

Fort Myers Preparatory and Fitness Academy, Inc. – The school's charter was granted October 23, 2007, for a grade K-8 school. As of June 30, 2014, the school was a grade K-8 school. The school is located in Fort Myers, Florida.

Gateway Charter School – The school's charter was granted August 20, 2002, for a grade K-8 school. As of June 30, 2014, the school was a grade K-4 school. The school is located in Fort Myers, Florida.

Gateway Intermediate Charter School – The school's charter was granted August 20, 2002, for a grade K-8 school. As of June 30, 2014, the school was a grade 5-8 school. The school is located in Fort Myers, Florida.

Gateway Charter High School – The school's charter was granted October 21, 2003, for a grade 9-12 school. As of June 30, 2014, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

Goodwill L.I.F.E. Academy – The school's charter was granted October 19, 2004, for a grade 9-12 school. As of June 30, 2014, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

The Island School, Inc. - The school's charter was granted May 2, 2000, for a grade K-8 school. As of June 30, 2014, the school was a grade K-5 school. The school is located on Gasparilla Island in Boca Grande, Florida.

North Nicholas High School - The school's charter was granted October 23, 2007, for a grade 9-12 school. As of June 30, 2014, the school was a grade 9-12 school. The school is located in Cape Coral, Florida.

Pivot Charter High School – The school's charter was granted October 20, 2009, for a grade 9-12 school. As of June 30, 2014, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

Six Mile Charter Academy – The school's charter was granted August 10, 2004, for a grade K-8 school. As of June 30, 2014, the school was a grade K-8 school. The school is located in Fort Myers, Florida.

Change in Reporting Entity

The Component Unit Beginning Net Position has been adjusted for the inclusion of DJB Technical Academy, Inc. This was the first year DJB Technical Academy, Inc operated as a charter school. As a result of this change in reporting, the net position of the component units as a whole has been adjusted as follows:

Net Position- Beginning of year, as previously reported	\$ (368,010)
Adjustment for Effect of Change in Reporting Entity	
Net Position- Beginning of year-DJB Technical Academy, Inc.	<u>(58,587)</u>
Net Position-Beginning of year, adjusted	<u><u>\$ (426,597)</u></u>

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities* that rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the District is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function (i.e., food service fees, student fees, print fees, and transportation fees), and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function (e.g., Federal food service, transportation, and Public Education Capital Outlay [PECO] grants). Taxes and other items not properly included among program revenues are reported instead as *general revenue*.

The effects of interfund activities have been eliminated from the government-wide financial statements. Interfund transactions include transactions involving the internal service funds. These transactions were eliminated by allocating the change in net position of internal services funds in direct proportion as they were charged as expenses to the various functions/programs.

Fund financial statements report detailed information about the District in the governmental, proprietary, and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Nonmajor funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliation is presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

- *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund.
- *Special Revenue Fund – Federal Economic Stimulus* accounts for the resources received and expended under the American Recovery and Reinvestment Act of 2009 for use in key education areas such as instruction of students with disabilities, services for low-income students and the stabilization of local school district funding.
- *Debt Service Fund – Certificates of Participation* accounts for the resources accumulated and payments made for principal, interest, and related costs on the long-term Certificates of Participation.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

- *Debt Service Fund – ARRA Economic Stimulus* accounts for the accumulation of resources for the payment of debt principal, interest and related costs on the Qualified School Construction Bonds.
- *Capital Projects Fund – Local Capital Improvement Tax* accounts for the resources used for the acquisition or construction of major capital facilities financed through tax levies pursuant to Section 1011.71(2), Florida Statutes.
- *Capital Projects Fund – Certificates of Participation/Impact Fees/State Grants* accounts for the resources used for the acquisition or construction of major capital facilities financed through certificates of participation, impact fees, and state capital grant proceeds.
- *Capital Projects Fund – ARRA Economic Stimulus* includes Qualified School Construction Bonds. This fund is used for capital expenditures related to construction, renovation, and remodeling projects and are authorized by Federal law.

Additionally, the District reports the following fund types:

- *Internal Service Funds* account for the self-insurance programs.
- *Agency Funds* account for resources of the school internal funds that are used to administer money collected at schools in connection with student athletic, class, and club activities.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

Measurement Focus, Basis of Accounting, and Financial Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. The agency fund is custodial in nature (assets equal liabilities) and uses the accrual basis of accounting to recognize receivables and payables. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility or expenditure requirements imposed by the provider have been met.

Governmental fund financial statements, which include the General, Special Revenue, Debt Service, and Capital Projects funds, are prepared using the *current financial resource measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (a) principal and interest on general long-term debt is recognized as expenditures when due; and (b) claims and judgments and compensated absences are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Revenues can be classified into two kinds of transactions: (a) exchange and exchange-like transactions, in which each party receives and gives up essentially equal value and (b) nonexchange transactions, in which a government gives (or receives) value without directly receiving (or giving) equal value in exchange.

Revenue resulting from exchange transactions is recorded on the accrual basis when the exchange takes place. Revenues resulting from nonexchange transactions are further classified into (a) derived tax revenues, (b) imposed nonexchange revenues, (c) government-mandated nonexchange transactions, and (d) voluntary nonexchange transactions. Derived tax revenues (i.e.: sales tax) are recorded when the exchange transaction occurs. The District currently does not have any derived tax revenues. Imposed nonexchange transactions (i.e.: property taxes) are recorded when use of the resource is required or first permitted by time requirement (for example, for property taxes, the period for which they are levied). Government-mandated and voluntary nonexchange transactions (i.e.: Federal mandates, grants, and donations) are recorded when all eligibility requirements have been met.

When applying the susceptible to accrual concept under the modified accrual basis, resources also should be available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. The District considers property taxes to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for employee health insurance premiums. Operating expenses for internal service funds include insurance claims and excess coverage premiums, and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Each of the charter schools, included as discretely presented component units, are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

The Foundation for Lee County Public Schools, Inc., shown as a discretely presented component unit, is accounted for using the accrual basis of accounting, whereby revenues are recognized when earned and expenditures are recognized when incurred.

Budgetary Basis Accounting

The following procedures, established by State Statutes and State Board of Education rules, are used by the Board in setting up final budget balances reported on the financial statements:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

- Appropriations are controlled at the function level (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the Annual Financial Report. This function level is the legal level of budgetary control.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.

Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end and encumbrances outstanding are honored from the subsequent year's appropriations. During the fiscal year ended June 30, 2014, budgets for all governmental fund types were amended to reflect adjustments to appropriations due to changes in student counts, the addition of new education programs, and other events.

Cash

Banks qualified as public depositories under Florida law hold cash deposits. All deposits are insured by Federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool required by Sections 280.07 and 280.08, Florida Statutes. The Statement of Cash Flows considers cash as those accounts used as demand deposit accounts.

Restricted Cash with Fiscal Agent

Self-insurance funds are required to establish and maintain prescribed amounts of resources (consisting of cash) that can be used only to pay insurance claims.

Investments

Investments are stated at fair value, based on quoted market prices or recognized pricing sources. Investments consist of direct obligations of the United States Treasury, corporate notes, money market funds, amounts placed with the State Board of Administration (SBA) debt service accounts for investment of debt service moneys, and amounts placed for participation in the Florida PRIME and Fund B Surplus Funds Trust Fund investment pools created by Sections 218.405 and 218.417, Florida Statutes. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, as of June 30, 2014, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at fair value, which is amortized cost.

The District's investments in the Fund B Surplus Funds Trust Fund are accounted for as a fluctuating net asset value pool, with a fair value factor of 1.84438408 at June 30, 2014. The Fund B is not subject to participant withdrawal requests. Distributions from Fund B, as determined by the SBA, are effected by transferring eligible cash or securities to Florida PRIME, consistent with the pro rata allocation of pool shareholders of record at the creation of Fund B. One hundred percent of such distributions from Fund B are available as a liquid balance within Florida PRIME.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

Inventory

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost on a weighted-average basis for the central stores, maintenance, transportation, and food service inventories and at last invoice price, which approximates the first-in, first-out basis, for the print shop and media/textbook inventories. United States Department of Agriculture donated foods are stated at their fair market value, as determined at the time of donation to the District's food service program by the Bureau of Food Distribution, Florida Department of Agriculture and Consumer Services. The costs of inventories are recorded as expenditures when used rather than purchased. The inventories at year-end are reported as non-spendable fund balance.

Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental funds that financed the acquisition or construction. The capital assets so acquired are reported at cost in the governmental activities column on the government-wide financial statements but are not reported in the governmental fund financial statement. The District defines capital assets as assets with an initial individual cost of \$1,000 or more. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated assets are recorded at their estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Improvements Other than Buildings	10-40
Buildings and Fixed Equipment	10-50
Motor Vehicles	5-10
Furniture Fixtures and Equipment	3-15
Audio-Visual Materials	3-5
Computer Software	5

Current year information relative to changes in capital assets is described in a subsequent note.

Noncurrent Liabilities and Compensated Absences

In the government-wide financial statements and proprietary fund types in the fund financial statements, noncurrent obligations are reported as liabilities in the applicable governmental activities, or proprietary fund type Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable and Certificates of Participation are reported net of the applicable premium or discount.

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances and payments to refunded bond escrow agents are reported as other financing uses. Issuance costs, whether or not withheld from actual debt proceeds received, are reported as debt service expenditures.

The liability for compensated absences reported in the government-wide and proprietary fund statements consist of unpaid, accumulated vacation and sick leave, including applicable salary-related amounts for Social Security, Medicare, and retirement contributions. The liability has been calculated using the vesting method, in which leave amounts for employees who currently are eligible to receive termination payment and other employees who are expected to become eligible in the future to receive such payments upon termination are included. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements.

Changes in noncurrent liabilities for the current year are reported in a subsequent note.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The District only has one item that qualifies for reporting in this category. It is the deferred amount on refunding reported in the government-wide statement of net position. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District only has one item that qualifies for reporting in this category. It is the deferred amount on refunding reported in the government-wide statement of net position. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted sources (the total of restricted, assigned, and unassigned fund balance). In order to calculate the amounts to report as

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

restricted, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's procedure to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, assigned fund balance is depleted first followed by unassigned fund balance.

Fund Balance/Net Position

In the fund financial statements, governmental funds report constraints on the use of fund balance for amounts that are not spendable, are legally restricted by outside parties for use for a specific purpose, or have self-imposed constraints for use for a specific purpose.

Net position in the government-wide financial statements is classified as net investment in capital assets, restricted and unrestricted. Restricted net position represent constraints on resources that are either externally imposed by creditors, grantors, contributors, law and regulations of other governments, or imposed by law through State statute.

Estimates

The preparation of the financial statement in conformity with generally accepted accounting principles requires the District to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Reclassifications

Certain amounts in the discretely presented component units financial statements have been reclassified in order to be consistent with the District's presentation.

State Revenue Sources

Revenues from State sources for current operations are primarily from the Florida Education Finance Program, administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE students and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of five months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE students and related data. Normally, such adjustments are treated as reductions or additions to revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that educational program revenues be accounted for in the General Fund. For selected programs, funds received that

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

are not expended at the fiscal year-end are carried forward into the following year to be expended for the same educational programs. A portion of the fund balance of the General Fund is restricted for the balance of these educational program resources.

The State allocates gross receipts taxes, generally known as public education capital outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department. Accordingly, the District recognizes the allocation of Public Education Capital Outlay funds as advanced revenue until such time as an encumbrance authorization is received. The District also received a Charter School Capital Outlay appropriation.

A schedule of revenues from State sources for the current year is presented in a subsequent note.

Property Taxes – Revenue Recognition

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. The Lee County Property Appraiser determines property values and the Lee County Tax Collector's office collects the property taxes.

The Board adopted the 2013 tax levy on September 10, 2013. Taxes become an enforceable lien on property as of January 1. Tax bills are mailed in October, and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to four percent for early payment.

Taxes become delinquent on April 1 of the year following the year of assessment and State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing certificates to satisfy unpaid taxes. These procedures result in the collection of substantially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements in the fiscal year for which the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when the taxes are received by the District, except that revenue is accrued for taxes collected by the Lee County Tax Collector at fiscal year end which have not yet been remitted to the District. Because any delinquent taxes collected after June 30 would not be material, delinquent taxes receivable are not accrued.

Millages and taxes levied for the current year are presented in a subsequent note.

Educational Impact Fees

The District receives educational impact fees based on an ordinance adopted by the Board of County Commissioners of Lee County (County) on November 27, 2001. The fee is collected by the County for new residential construction, and can only be used to provide for the acquisition of capital assets or additions to capital assets and expenditures for site acquisition, construction design, site development, necessary off-site

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

improvements, and equipment. Educational impact fee revenues are recognized in the government-wide and governmental fund financial statements when the fees are collected by the County.

Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

Impact of Recently Issued Accounting Principles

Recently Issued and Adopted Accounting Pronouncements

In June 2012, the GASB issued Statement 67, *Financial Reporting for Pension Plans—an amendment of GASB Statement 25*. GASB 67 improves financial reporting by state and local governmental pension plans. The requirements of this statement will improve financial reporting primarily through enhanced note disclosures and schedules of required supplementary information that will be presented by the pension plans that are within its scope. This statement was effective for financial statements for fiscal years beginning after June 15, 2013. The adoption of GASB 67 does not have any impact on the District's financial statements.

In April 2013, the GASB issued Statement 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. This Statement requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data indicate that it is more likely than not that the government will be required to make a payment on the guarantee. The statement also requires a government that has issued an obligation guaranteed in a nonexchange transaction to recognize revenue to the extent of the reduction in its guaranteed liabilities. The statement was effective for fiscal years beginning after June 15, 2013. The adoption of GASB 70 does not have any impact on the District's financial statements.

Recently Issued Accounting Pronouncements

In June 2012, the GASB issued Statement 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement 27*. GASB 68 improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. This statement is effective for fiscal years beginning after June 15, 2014. Management is currently evaluating the impact of the adoption of this statement on the District's financial statements.

In January 2013, the GASB issued Statement 69, *Government Combinations and Disposals of Government Operations*. This statement establishes accounting and financial reporting standards related to government combinations (mergers, acquisitions and transfers of operations) and disposals of government operations. The requirements of the statement will improve the decision usefulness of financial reporting by requiring disclosures be made by governments about combination arrangements in which they engage and for disposals of

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

government operations. The statement is effective for fiscal years beginning after December 15, 2013. Management is currently evaluating the impact of the adoption of this statement on the District's financial statements.

In November 2013, the GASB issued Statement 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. GASB 71 amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. The provisions of this statement are required to be applied simultaneously with the provisions of Statement 68. This statement is effective for fiscal years beginning after June 15, 2014. Management is currently evaluating the impact of the adoption of this statement on the District's financial statements.

NOTE 2: CASH AND INVESTMENTS

2-A. Cash Deposits

Florida Statutes authorize the deposit of District funds in demand deposits or time deposits of financial institutions approved by the State Treasurer and are defined as public deposits. All District public deposits are held in qualified public depositories pursuant to Chapter 280, Florida Statutes, the "Florida Security for Public Deposits Act." Under the act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The collateral pledging level may range from 50 percent to 125 percent depending upon the depository's financial condition and the length of time that the depository has been established. All collateral must be deposited with the State Treasurer. Any losses to public depositors resulting from insolvency are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessment against other qualified public depositories if the same type as the depository in default. All bank balances of the District are fully insured or collateralized. As of June 30, 2014, the carrying amount of the District's bank deposits was \$102,664,113 and the respective bank balances totaled \$109,677,596. As of June 30, 2014, the carrying amount of the Agency Fund's bank deposits was \$875,440.

2-B. Investments

The District's investment policy permits investments in the SBA Local Government Surplus Funds Trust Fund, Florida Education Investment Trust Fund, securities of the United States Government, U.S. Government Agencies, Federal instrumentalities, interest bearing time deposit or savings accounts, repurchase agreements, commercial paper, corporate notes, bankers' acceptances, state and/or local government debt, and money market mutual funds. The District's investment advisor used the effective duration method to calculate effective duration measures for the securities held by the District. Besides measuring the sensitivity of the securities market value to changes in interest rates, the effective duration method accounts for any call (early redemption) features which a security may have.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

As of June 30, 2014, the District had the following investments and maturities:

Investment	Fair Value	Investment Maturities (in years)			
		6 Months	1 - 5	6 - 10	10 - 15
Florida PRIME (1)	\$ 139,760,894	\$ 139,760,894	\$ -	\$ -	\$ -
Fund B Surplus Funds Trust Fund (1)	1,632,710	-	1,632,710	-	-
Fidelity Institutional Prime Class I Money Market Fund	42,429,817	42,429,817	-	-	-
First American Government Obligation Class Y Money Market Fund	38	38	-	-	-
First American Treasury Obligation Class Y Money Market Fund	3,634,674	3,634,674	-	-	-
US Treasury – Notes	46,029,617	46,029,617	-	-	-
Corporate Notes	11,812,828	11,812,828	-	-	-
Total Investment, Primary Government	245,300,578	243,667,868	1,632,710	-	-
Agency Fund Florida PRIME	6,076,606	6,076,606	-	-	-
Total Investments, Reporting Entity	\$ 251,377,184	\$ 249,744,474	\$ 1,632,710	\$ -	\$ -

Note (1) At June 30, 2014, investments totaling \$9,369,218 are held under trust agreements in connection with Certificates of Participation, Series 2005A, 2006A, 2008B, 2010, 2011QSCB, 2012B/C and 2013A financing agreements. (See Note 7.)

Section 218.415, Florida Statutes, limits the types of investments that a District can invest in unless specifically authorized in District policy.

2-C. Investments – Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. To limit exposure to fair value losses resulting from increases in interest rates, the District's Investment Policy limits operating funds to maturities of one year or less. Investments of reserves, project funds, debt proceeds and other non-operating funds ("core funds") shall have a term appropriate to the need for funds and in accordance with debt covenants, but in no event shall exceed five (5) years and the average duration of the funds as a whole may not exceed three (3) years.

The maturity of Florida PRIME investment pool is based on the weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes. The WAM of the Florida Prime at June 30, 2014 is 40 days. Due to the nature of the securities in Fund B, the interest rate risk information required by GASB Statement No. 40 (i.e., specific identification, duration, weighted average maturity, segmented time distribution, or simulation model) is not available. The maturity of the SBA Local Government Fund B Surplus Funds Trust Fund is based on the weighted average life (WAL). A portfolio's WAL is the dollar weighted average length of time until securities held reach maturity which is estimated at 2.86 years. However, because Fund B consists of restructured or defaulted securities, there is considerable uncertainty regarding weighted average life. WAL is based on legal final maturity dates as of June 30, 2014.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

2-D. Investments – Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the State Board of Administration Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally recognized rating agency; investments in interest-bearing time deposits to qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. Investments authorized by District policy are:

- a. Florida Local Government Surplus Trust Funds (Florida PRIME). Investments totaling \$139,760,894 Florida PRIME are rated AAAM by Standard and Poor's and are reported at fair value. Investments totaling \$1,632,710 in the SBA Fund B Surplus Funds Trust Fund are unrated and reported at fair value.
- b. Direct Obligations of U.S. Treasury which are unconditionally guaranteed by the United States Government. The maximum length to maturity for direct obligations of US Treasuries shall be five (5) years from the date of purchase. As of June 30, 2014, the District held \$46,029,617 of US Treasuries of which had an S&P rating of AA+.
- c. Corporate notes purchased for investment must be issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long term rating, at the time of purchase, at a minimum single A category by any two nationally recognized rating agencies. The maximum length to maturity for corporate notes shall be five (5) years from the date of purchase. As of June 30, 2014, the District held \$11,812,828 of corporate notes of which had an S&P rating between A and AA+.
- d. U.S. Federal Government Agency Securities.
- e. U.S. Government - Sponsored Agencies/Federal Instrumentalities.
- f. Repurchase Agreements fully collateralized at 102 percent of market value by U.S. Treasuries, U.S. Government Agencies, U.S. Government - Sponsored Agencies/Federal Instrumentalities.
- g. Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency. As of June 30, 2014, the District had investments in US Bank First American Government Obligation Class Y Money Market Funds with a fair value of \$38, which were rated AAAM by Standard and Poor's; US Bank First American Treasury Obligation Class Y Money Market Funds with a fair value of \$3,634,674, which were rated AAAM by Standard and Poor's; and Fidelity Institutional Prime Class I Money Market Fund with a fair value of \$42,429,817, which were rated AAAM by Standard and Poor's.
- g. Certificates of Deposit, collateralized at 102 percent of market value, by U.S. Treasuries, U.S. Government Agencies, U. S. Government - Sponsored Agencies/Federal Instrumentalities.
- h. Passbook savings accounts and interest bearing time deposits with banks organized under the laws of the State of Florida or in banks doing business in the State of Florida.

2-E. Investments – Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District's investment policy requires that all securities, with the exception of

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

certificates of deposit, be held with a third party custodian; and all securities purchased by, and all collateral obtained by the District should be properly designated as an asset of the District. The securities must be held in an account separate and apart from the assets of the financial institution. A third party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida as defined in § 658.12, F.S., or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in the State of Florida. Certificates of deposit will be placed in the provider's safekeeping department for the term of the deposit. Security transactions between a broker/dealer and the custodian involving the purchase or sale of securities by transfer of money or securities are made on a "delivery vs. payment" basis, if applicable, to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction. As of June 30, 2014, the District's investment portfolio was held with a third-party custodian.

Funds held by US Bank First American Government Obligation Class Y Money Market Fund and US Bank First American Treasury Obligation Class Y Money Market Fund are held pursuant to a trust agreement in connection with the issuance of various Certificates of Participation.

2-F. Investments – Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's Investment Policy specifies the maximum percentage allocation to any single investment type as well as the maximum percentage holding per issuer. Up to 100% of the portfolio may be invested in U.S. Government securities, 75% may be invested in Federal Instrumentalities (US government sponsored agencies) with no more than 25% with a single issuer and 50% may be invested in US government agencies with no more than 10% with a single issuer. Corporate Notes are limited to 20% of the portfolio with no more than 5% with a single issuer.

As of June 30, 2014, all District investments were in compliance with the District's Investment Policy and did not exceed portfolio allocation or issuer maximums.

NOTE 3: DUE FROM OTHER AGENCIES

The majority of receivables are due from other agencies. At June 30, 2014, the District reported a total of \$6,228,886 in due from other agencies. \$5,508,317 is due from Federal, State and local governments for various grant programs, \$572,972 is due from the County for impact fees and \$147,597 is due from other State and local agencies for miscellaneous items. These receivables and the remaining accounts receivable are considered to be fully collectable. As such, no allowance for uncollectible accounts receivable is recorded.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 4: CONSTRUCTION AND OTHER CONTRACT COMMITMENTS

The following is a summary of major construction and other significant contract commitments as of fiscal year-end:

Projects	Contract Amount	Completed to date 6/30/2014	Balance Committed 6/30/2014
Dunbar H Remodel #7044			
Contractor	\$ 15,996,461	\$ 14,238,979	\$ 1,757,482
Others	7,208,943	6,029,970	1,178,973
New Tice Elem #7381			
Contractor	7,599,416	7,599,416	-
Others	2,039,007	1,939,708	99,299
Café EHS #2068			
Others	210,726	114,280	96,446
ROTC Outside Classroom			
Others	230,244	164,224	66,020
Total	\$ 33,284,797	\$ 30,086,577	\$ 3,198,220

Appropriations in governmental fund types are encumbered upon issuance of purchase orders for goods and/or services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered. The District uses encumbrance accounting for recording purchase order commitments. At June 30, 2014, the District has recorded \$16,383,078 in encumbrances as follows: \$1,603,968 for the General Fund; \$10,225,158 for the Capital Projects Fund – Local Capital Improvement Tax; \$2,965,604 for the Capital Projects Fund – Certificates of Participation/Impact Fees/State Grants; and \$1,588,348 for the Nonmajor Governmental Funds.

NOTE 6: INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The following is a summary of interfund receivables and payables in the fund financial statements:

Funds	Interfund Receivable	Interfund Payable
Major Funds:		
General	\$ 2,781,390	\$ 13,864,291
Special Revenue:		
Federal Economic Stimulus	40,305	64,976
Capital Projects:		
Local Capital Improvement Tax	170,057	763,699
Certificates of Participation/Impact		
Fees/State Grants	-	149,497
Non-major Governmental Funds	232,057	1,936,495
Proprietary Funds	13,559,529	4,380
Total	<u>\$ 16,783,338</u>	<u>\$ 16,783,338</u>

The interfund receivables and payables represent the payment of expenditures by one fund for another fund and will be repaid within 12 months.

The following is a summary of interfund transfers reported in the fund financial statements:

Funds	Transfers In	Transfers Out
Major Funds:		
General	\$ 25,642,425	\$ -
Debt Service:		
Certificates of Participation	42,623,623	90,946
ARRA Economic Stimulus	2,022,458	-
Capital Projects:		
Local Capital Improvement Tax	-	60,680,705
Certificates of Participation/Impact		
Fees/State Grants	-	9,516,855
Total	<u>\$ 70,288,506</u>	<u>\$ 70,288,506</u>

The majority of the transfers out of the Capital Projects fund were to provide debt service principal and interest payments and to assist in funding maintenance operations of the District. The remaining transfers between funds were operational in nature.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 7: NONCURRENT LIABILITIES

7-A. Certificates of Participation Payable

The District entered into several financing arrangements, characterized as lease-purchase agreements, with the Florida School Boards Association, Inc. and the Lee County School Board Leasing Corporation (lessors) whereby the District secured financing of various educational facilities. The financing was accomplished through the issuance and refunding of several series of Certificates of Participation. Issues with remaining outstanding balances include Series 2005A (original issue: \$107,995,000); Series 2006A (original issue: \$94,790,000); 2008B (original issue: \$60,000,000); 2010A (original issue: \$23,298,000); 2011A-QSCB (original issue: \$27,009,000); Series 2012B (original issue: \$149,015,000); Series 2012C (original issue: \$16,240,000); and Series 2013A (original issue: \$25,287,000) issued November 2013; be repaid from the proceeds of rents paid by the District.

The American Recovery and Reinvestment Act (ARRA) of 2009, signed into law on February 17, 2009, created two new categories of direct subsidy debt for school districts. The Qualified School Construction Bonds (QSCBs) and the Build America Bonds (BABs). Neither the QSCBs or the BABs represent incremental Federal Funding, both must be repaid by the District. In June 2011, the Corporation issued Certificate Series 2011A-QSCB in the amount of \$27,009,000. The Series 2011A-QSCB was issued to finance the cost of construction, installation and equipping educational facilities. The Series 2011A-QSCB Certificates are structured as taxable bonds and the District will receive a direct rebate/subsidy payment from the U.S. Treasury to offset a portion of the interest expense. The interest rate bondholders will receive is 5.48 percent and the federal subsidy is 5.02 percent, therefore the net interest cost to the District is .46 percent. Interest earnings on the proceeds will further offset this expense.

As a condition of the financing arrangement, the District has given a ground lease on District property to the lessors with a rental fee of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the ground lease agreements for the benefit of the securers of the certificates for a period of time specified by the arrangement which may be up to 2028.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

The District properties included in the ground leases under these arrangements include:

Series 2005A

One Elementary School
One Middle School
One High School
New Administration Building

Series 2006A

Two Elementary Schools
Seven Additions to Existing Schools

Series 2008A

Six Elementary Schools
One Middle School
One High School

Series 2009A

One Elementary School
One Middle School
One High School

Series 2010A

Two Elementary Schools
One Middle School
One Specialty School
Two Transportation Facilities

Series 2011A-QSCB

One Elementary School
One Middle School

Series 2012B

Five Elementary Schools
Three Middle Schools
Two High Schools
One Specialty School
Two Transportation Facilities
Two Building Conversions
New Administration Building
Vocational School Addition

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Series 2012C

Three Elementary Schools
One Middle School
Two High Schools
Two Building Conversions
New Administration Building
Vocational School Addition

Series 2013A

Four Elementary Schools
One Middle School
Two High Schools
One Specialty School
Two Building Conversions
New Administration Building
Vocational School Addition
Seven Additions to Existing Schools

The lease payments are payable by the District semi-annually on December 31 and June 30 except for the Series 2012C which is payable on December 1 and June 1, at interest rates ranging from 1.91 to 5 percent. The following is a schedule by years of future minimum lease payments under the lease agreement together with the present value of minimum lease payments as of June 30:

<u>Fiscal Year Ending June 30</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>
2015	\$ 39,604,545	\$ 23,300,000	\$ 16,304,545
2016	39,601,933	24,193,000	15,408,933
2017	39,604,475	25,041,000	14,563,475
2018	39,580,128	26,074,000	13,506,128
2019	38,282,553	25,854,000	12,428,553
2020-2024	199,874,647	154,421,000	45,453,647
2025-2028	173,440,455	158,769,000	14,671,455
Total Minimum Lease Payments	569,988,736	437,652,000	132,336,736
Add: Unamortized Premium/Discount, net	3,932,903	3,932,903	-
Total Certificates of Participation Payable	\$ 573,921,639	\$ 441,584,903	\$ 132,336,736

All Certificates of Participation issued are subject to arbitrage rebate. At June 30, 2014, there was no arbitrage rebate liability.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

7-B. Notes Payable

Notes payable are comprised of the following:

	<u>Balance at 6/30/14</u>
<u>Bank of America Bank Loan</u>	
\$3,451,257 borrowed 8-21-06, under provisions of Section 1013.23, Florida Statutes. Interest rate of 6.28%. Proceeds used to complete energy efficiency measures at various school sites. The Board repaid \$382,173 during the 2013-14 fiscal year.	\$ 1,264,376
<u>Bank of America Bank Loan</u>	
\$6,306,547 borrowed 9-22-08, under provisions of Section 1013.23, Florida Statutes. Interest rate of 4.46%. Proceeds used to complete energy efficiency measures at various school sites. The Board repaid \$582,112 during the 2013-14 fiscal year.	3,769,782
<u>Bank of America Bank Loan</u>	
\$1,447,460 borrowed 9-27-12, under provisions of Section 1013.23, Florida Statutes. Interest rate of 1.64%. Proceeds used to complete energy efficiency measures at various school sites. The Board repaid \$146,114 during the 2013-14 fiscal year.	<u>1,301,346</u>
Total Notes Payable	<u><u>\$ 6,335,504</u></u>

Amounts needed for the planned extended repayment of Section 1013.23, Florida Statutes, bank loans as of June 30, 2014 are as follows:

Fiscal Year Ending June 30	Total	Principal	Interest
Notes Payable			
2015	\$ 1,389,118	\$ 1,169,709	\$ 219,409

7-C. Bonds Payable

The following is a description of bonded debt issues:

State School Bonds: The SBE issued these bonds on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is pledged for all of these SBE Bonds. The original amount of SBE bonds issued was \$17,748,000. The State Board of Education and the SBA administer principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements.

Bonds payable at June 30, 2014, are as follows:

Bond Type	Amount Outstanding	Interest Rate (Percent)	Annual Maturity To
State School Bonds			
Series 2005B	\$ 6,800,000	5.00	2020
Series 2009A	570,000	5.00	2019
Series 2010A	265,000	4.00-5.00	2022
Series 2011A	740,000	3.00-5.00	2023
Series 2014A	<u>998,000</u>	2.00-5.00	2024
Sub-Total	9,373,000		
Add: Unamortized Premium/Discount, Net	<u>420,078</u>

Bond Discount	(8,554)	-	(8,554)	-	-
Certificates of Participation Payable	459,936,000	25,287,000	47,571,000	437,652,000	23,300,000
Certificates of Participation Premium	9,774,812	-	4,097,266	5,677,546	-
Certificates of Participation Discount	(3,042,724)	-	(1,298,081)	(1,744,643)	-
Notes Payable	7,445,903	-	1,110,399	6,335,504	1,169,709
Total Long-Term Debt	485,828,039	26,285,000	54,399,554	457,713,485	26,291,709
<i>Other Noncurrent Liabilities</i>					
Estimated Early Retirement Payable	1,259,000	44,000	-	1,303,000	5,800
Estimated Insurance Claims Payable	28,859,256	67,637,690	73,290,291	23,206,655	14,066,851
Postemployment Benefits Payable	22,470,040	4,517,036	1,754,239	25,232,837	-
Liability for Compensated Absences	59,486,854	23,719,805	25,290,051	57,916,608	4,814,172
Total Other Liabilities	112,075,150	95,918,531	100,334,581	107,659,100	18,886,823
Total Noncurrent Liabilities	\$ 597,903,189	\$ 122,203,531	\$ 154,734,135	\$ 565,372,585	\$ 45,178,532

**Payments on the bonds and notes payable are made by the Debt Service Funds for the SBE/COBI Bonds and Certificates of Participation. Payments on the estimated insurance claims payable are made by the Internal Service Fund. The early retirement payable and compensated absences liabilities are generally liquidated by the General Fund. The postemployment benefits payable are generally liquidated by the General Fund.*

Internal service funds predominantly serve the governmental funds. Accordingly, noncurrent liabilities are included as part of the above totals for governmental activities. At fiscal year-end, a \$21,730 liability for compensated absences in the Internal Service Fund is included in the above amounts.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 8: DEFEASED DEBT

On May 22, 2014, the Board issued \$998,000 in State Board of Education Bonds, Series 2014-A, with an average interest rate of 4.42 percent, to refund the District's State Board of Education Bonds, Series 2004-A. The Refunding Bonds were issued to refund the \$1,130,000 principal amount of the District's State Board of Education Bonds, Series 2004-A. The net proceeds of \$1,160,147 (after payment of \$6,823 in underwriting fees, insurance, and other issuance costs) were used to refund all outstanding bonds and to pay all accrued interest on the State Board of Education Bonds, Series 2004-A on May 23, 2014. As a result, \$1,130,000 of the 2004-A series bonds are considered to be defeased and the liability for these bonds has been removed from the government-wide financial statements.

The Series 2004-A State Board of Education Bonds were refunded to reduce its total debt service payments over the next ten years by approximately \$139,893 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$131,210.

On November 20, 2013, the Board issued \$25,287,000 in Certificates of Participation, Series 2013A, with an average interest rate of 4.03 percent, to refund the District's Certificates of Participation, Series 2004A and Series 2004C. The Refunding Certificates are being issued to refund the \$24,755,000 principal amount of the District's Certificates of Participation, Series 2004A and 2004C, that mature on or after August 1, 2014. The net proceeds of \$25,200,040, (after payment of \$85,981 in underwriting fees, insurance, and other issuance costs) were placed in an irrevocable trust to call on February 01, 2014, all outstanding future debt payments on the Certificates of Participation, Series 2004A and 2004C. As a result, \$24,755,000 of the 2004A and 2004C series COPS are considered to be in-substance defeased and the liability for these bonds has been removed from the government-wide financial statements.

The Series 2004A and 2004C Certificates of Participation were refunded to reduce its total debt service payments over the next ten years by approximately \$1,574,455 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,328,807.

NOTE 9: FUND BALANCE REPORTING

The District has adopted GASB Statement No.54 as part of its fiscal year reporting. The intention of the GASB is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District has inventories that are considered nonspendable. The District does not have any nonspendable funds related to prepaid items or endowments.

In addition to the nonspendable fund balance, GASB Statement No. 54 has provided a hierarchy of fund balances, based on a hierarchy of spending constraints.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

- **Restricted:** Fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- **Committed:** Fund balances that contain self imposed constraints of the government from its highest level of decision making authority.
- **Assigned:** Fund balances that contain self imposed constraints of the government to be used for a particular purpose.
- **Unassigned:** Fund balance of the General Fund that is not constrained for any particular purpose.

The District has classified its fund balances with the following hierarchy:

Nonspendable: The District has inventories totaling \$2,655,998 that are classified as nonspendable.

The District has classified the remaining fund balances as *Restricted*, *Assigned*, and *Unassigned* and considers each to have been spent when expenditures are incurred. The District does not have a policy regarding the commitment or assignment of fund balances. As such, the District does not report any committed fund balance. However, certain actions taken by the District qualify as an assignment of fund balance in accordance with GASB Statement No. 54. Included in assigned fund balance is an amount for purchase order obligations outstanding that have not been already included as restricted fund balance.

• **Restricted for State Required Carryover Programs, Food Services, Debt Service, and Capital Projects:**

Federal laws, Florida Statutes and local ordinances require that certain revenues be specifically designated for the purposes of State required carryover programs, food service, debt service, and capital projects. These funds have been included in the *Restricted* category of fund balance. The restricted fund balances totaled \$118,035,861 and represented \$12,775,113 in State required carryover programs, \$16,381,049 in food service, \$7,834,188 in debt service and \$81,045,511 in capital projects.

• **Assigned for State and Local Programs:**

The assigned fund balances total \$1,553,091. In accordance with GASB Statement No. 54, the District reports outstanding encumbrances, of \$1,553,091, that have not been previously reported as restricted or assigned. Encumbrances are supported by outstanding purchase orders issued through the established Board approved budget process.

• **Unassigned:**

The unassigned fund balance in the General Fund is \$111,046,656.

NOTE 10: SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue for the 2013-14 fiscal year:

Source	Amount
Florida Education Finance Program	\$ 156,318,022
Categorical Educational Programs:	
Class Size Reduction	97,026,663
Workforce Development Program	9,890,385
Charter School Capital Outlay Funding	5,551,748
Motor Vehicle License Tax (Capital Outlay and Debt Service)	3,378,288
Food Service Supplement	569,509
Mobile Home License Tax	487,284
Racing Commission Funds	223,250
Miscellaneous	7,672,378
Total	\$ 281,117,527

Accounting policies relating to certain State revenue sources are described in Note 1.

NOTE 11: PROPERTY TAXES

The following is a summary of millages and taxes levied on the 2013 tax roll in fiscal year 2013-2014:

	Mills	Amount
<u>General Fund:</u>		
Nonvoted School Tax		
Required Local Effort	5.350	\$ 317,943,577
Basic Discretionary Local Effort	0.748	44,452,672
<u>-Capital Projects Funds:</u>		
Nonvoted School Tax		
Local Improvements	1.500	89,143,059
Total	7.598	\$ 451,539,308

NOTE 12: STATE RETIREMENT PROGRAMS

Essentially all regular employees of the District are eligible to enroll as members of the State-administered Florida Retirement System (FRS). Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. The FRS is a single retirement system administered by the Department of Management Services,

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), with a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the FRS Investment Plan (Investment Plan).

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. District employees participating in DROP are not eligible to participate in this program. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The Investment Plan is funded by employer and employee contributions that are based on salary and membership class (Regular, Elected County Officers, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in the Investment Plan vest at one year of service. There were 2,008 District participants during the 2013-14 fiscal year. Contributions made to the FRS Investment Plan totaled \$7,555,713, which equaled the required contributions.

Benefits described above are in summary form. Accordingly, not all conditions, limitations, and restrictions are mentioned.

Financial statements and other supplementary information of the FRS are included in the State's Comprehensive Annual Financial Report, which is available from the Florida Department of Financial Services, Bureau of Financial Reporting Statewide Financial Reporting Section by mail at 200 E. Gaines Street, Tallahassee, Florida 32399-0364; by telephone at (850)413-5511; or at the Department's Web site (www.myfloridacfo.com). An annual report on the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement, Research and Education Section, by mail at P.O. Box 9000, Tallahassee, Florida 32315-9000; by telephone toll free at (877) 377-1737 or (850) 488-5706; by email at rep@dms.myflorida.com; or at the Division's Web site (www.frs.myflorida.com).

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Funding Policy

The State of Florida establishes contribution rates for participating employers and employees. Contribution rates during the 2013-14 fiscal year were as follows:

Class	Employee Contribution (Percent of Gross Salary)	Employer Contribution (Percent of Gross Salary)
Florida Retirement System, Regular	3.00	6.95
Florida Retirement System, Elected County Officers	3.00	33.03
Florida Retirement System, Senior Management Service	3.00	18.31
Deferred Retirement Option Program		
(Applicable to members from all of the above classes)	3.00	12.84
Florida Retirement System, Re-Employed Retiree, Regular	(A)	(A)

(A) Contribution rates are dependent upon retirement class in which reemployed.

Note: Employer rates include the post-employment health insurance subsidy of 1.2 percent. Also, employer rates, other than for DROP participants, include 0.03 percent for administrative costs of the Investment Plan. The District's fiscal year 2013-2014 payrolls subject to FRS employer contributions for all employees totaled \$411,699,254. Required contributions made to the Florida Retirement System for fiscal years June 30, 2012; June 30, 2013; and June 30, 2014, totaled \$29,297,250; \$31,989,415 and \$41,737,128 respectively which were equal to the required contributions, including employee contributions, for each fiscal year.

NOTE 13: EARLY RETIREMENT INCENTIVE PROGRAM

As authorized by Section 1012.685, Part VII, Florida Statutes, the Board implemented Early Retirement Plans (Plans) effective July 1, 1995, July 1, 1997, and July 1, 1999. The plans were offered to eligible employees on a one-time basis until May 15, 1995, May 15, 1997, and May 15, 1999, respectively. The purpose of the Plans was to provide eligible employees, who elect to retire under the retirement provisions of the Florida Retirement System (FRS), described in Note 12, with one of several incentive options which supplement the employee's (participant's) retirement benefits. A summary of the plan eligibility, benefits, and contribution obligations for the 1995 Plan follows. There is no remaining liability reported by the District for the 1997 and 1999 plans as of June 30, 2014.

Eligibility

Participants must be 57 years of age with a minimum of five years of service with the District or 62 years of age with at least ten years of FRS service and a minimum of five years of service with the District or any age with at least thirty years of FRS service and a minimum of five years of service with the District.

Benefits

Incentive option one includes a bonus equal to twenty-five percent of the employee's final annual salary, a health insurance contribution by the District for eight continuous years, and a life insurance benefit of \$10,000.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Incentive option two includes lifetime monthly payments for five years to offset the FRS early retirement penalty of five percent per year when an employee retires prior to age 62 with less than thirty years FRS service and a life insurance benefit of \$10,000.

Incentive option three includes monthly payments for five years to offset the FRS early retirement penalty of five percent per year when an employee retires prior to age 62 with less than thirty years FRS service, a health insurance contribution by the District for eight continuous years, and a life insurance benefit of \$10,000.

The amount of the bonuses (if applicable) and accumulated leave pay are paid in five annual installments into an Internal Revenue Code 457F deferred compensation plan and directed into an investment fund selected by the participant. Alternatively, the participant may elect to receive twenty-five percent of the annual installments directly with the balance going into the deferred compensation plan.

Contributions

No contributions shall be required or permitted from any participant. The annual amounts contributed by the District are the actual amounts payable to participants or on their behalf for contributions to the 457F deferred compensation plan, retirement benefits, and premiums for health and life insurance coverage.

The District reported a liability in its Statement of Net Position of \$1,303,000 to recognize the present value of its obligation to pay death benefits to, or on behalf of, those retired employees. The Board has purchased life insurance on the participants, with itself as the beneficiary, to recover costs of the 1995 Plan over time.

The District has retained an administrator to handle the receipt of contributions and the disbursements of benefits to Plan participants.

NOTE 14: OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The postemployment healthcare benefits plan is a single-employer defined benefit plan administered by the District. Pursuant to the provision of the Section 112.0801, Florida Statutes, former employees who retire from the District, and eligible dependents, may continue to participate in the District's health plan for medical and prescription coverage. The District subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at the blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The postemployment healthcare plan does not issue a stand-alone report and is not included in the report of a Public Employee Retirement System or other entity.

Funding Policy

The District has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation. For the 2013-14 fiscal year, 459 retirees received health care benefits. The District provided contributions of \$1,754,239 toward the annual OPEB cost,

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

comprised of benefit payments made on behalf of retirees net of retiree contributions totaling \$2,960,138, which represents 0.76 percent of covered payroll.

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed twenty years. The following table shows the District's annual OPEB cost for the year, the amount contributed to the plan, and changes in the District's net OPEB obligation:

Employer Fiscal Year Ending June 30, 2014	
Normal Cost (service cost for one year)	\$ 2,455,875
Amortization of Unfunded Actuarial Accrued Liability	2,679,088
Annual required Contribution	5,134,963
Interest on Net OPEB Obligation	786,451
Adjustment to ARC	(1,404,378)
Annual OPEB Cost (Expense)	4,517,036
Contribution toward the OPEB cost	(1,754,239)
Increase in Net OPEB Obligation	2,762,797
Net OPEB Obligation, Beginning of year	22,470,040
Net OPEB Obligation, End of year	\$ 25,232,837

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of June 30, 2014, and the two preceding years, were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	OPEB Obligation
June 30, 2014	\$ 4,517,036	38.8%	\$25,232,837
June 30, 2013	5,022,613	37.5%	22,470,040
June 30, 2012	4,812,395	37.0%	19,330,439

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Funded Status and Funding Progress

The funded status of the plan as of January 01, 2014, the most recent actuarial valuation date, was as follows:

Actuarial Accrued Liability (a)	\$ 42,134,392
Actuarial Value of Plan Assets (b)	-
Unfunded Actuarial Accrued Liability (c)=(a-b)	<u>\$ 42,134,392</u>
Funded Ratio (b/a)	0.0%
Covered Payroll (Active Plan Members) (d)	\$ 391,118,814
UALL as a Percentage of Covered Payroll (c/d)	10.8%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of the occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare costs trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Projection of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2014 OPEB actuarial valuation, the entry age actuarial cost method was used. This method was selected because it produced the lowest OPEB liability and annual cost. Because the OPEB liability is currently unfunded, the actuarial assumptions include a 3.5 percent rate of return on invested assets, which is the District's long-term expectation of investment returns under its investment policy. The actuarial assumptions also includes an inflation rate of 3 percent per year, a payroll growth of 3.5 percent per year, and an annual healthcare cost trend rate of 8.5 percent for the 2013-14 fiscal year, reduced by .5 percent per year, to a rate of 5 percent in 2021 and increased to an ultimate level of 5.5 percent in 2028. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. The remaining amortization period at June 30, 2014, is 16 years.

NOTE 15: VESTED INTERESTS IN UTILITY COOPERATIVES

The District has purchased electricity since 1969 from the Lee County Electric Cooperative, Inc. The District's estimated vested interest in this Cooperative is \$8,039,943 at December 31, 2013 which is recorded as a capital credit receivable on the statement of net position. Such interest, also referred to as capital credits, would be

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

payable to the District over a thirty-year period should the District terminate its business relationship with the Cooperative. During the fiscal year, the District recorded the earned capital credits as other local sources revenue in the government-wide statement and recorded general revenues on the governmental fund statements as the District received capital credits. The District would receive capital credits from Bonita Springs Water System, Inc. or Greater Pine Island Water Association, Inc. only in the unlikely event that they were to permanently cease operations. During the fiscal year, the District did not record any general revenue for capital credits earned from Bonita Springs Water System, Inc. or Greater Pine Island Water Association, Inc.

NOTE 16: RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Property, workers' compensation, automobile liability, and general liability coverage are self-insured up to specified limits. The District purchases policies with various insurance companies to provide coverage in excess of claims amounts above the stated self-insured retention deductible on any individual/aggregate claim. The District has contracted with a third-party administrator to administer the property/casualty program, including the processing, investigation, and payment of claims.

The District provides health coverage through a self-insurance program administered by an outside provider. The District reports the self-insurance programs in the Internal Service Funds. Amounts are transferred from various funds to the Internal Service Funds to provide sufficient resources to cover claims incurred, to pay for the purchase of excess insurance, and to pay the insurance services agent's administrative fees.

There have been no significant reductions in insurance coverage. Settled claims resulting from risks described above have not exceeded commercial insurance coverage for the past three fiscal years.

A liability in the amount of \$13,557,770 was actuarially determined to cover outstanding claims and estimated incurred but not reported insurance claims payable for the Self-Insurance-Casualty, Liability and Workers' Compensation Fund, at June 30, 2014. A liability in the amount of \$9,648,885 was actuarially determined to cover outstanding claims and estimated incurred but not reported insurance claims payable for the Self-Insurance- Health Insurance Fund, at June 30, 2014.

The following schedule represents the change in claims liability for the past two fiscal years for the District's self-insurance programs:

Casualty, Liability, Workers' Compensation Self Insurance Fund:

	Beginning of Fiscal Year Liability	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2012 –13	\$ 12,268,296	\$ 8,069,860	\$ (6,920,634)	\$ 13,417,522
2013 –14	13,417,522	6,994,188	(6,853,940)	13,557,770

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

Health Insurance Self Insurance Fund:

	Beginning of Fiscal Year Liability	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2012 –13	\$ 10,013,328	\$ 66,480,523	\$ (61,052,117)	\$ 15,441,734
2013 –14	15,441,734	60,643,502	(66,436,351)	9,648,885

NOTE 17: LITIGATION

The District is contingently liable with respect to lawsuits and other claims that arise in the ordinary course of its operation. Management believes that any liability arising from such claims would be immaterial to the financial statements.

NOTE 18: SUBSEQUENT EVENT

On September 18, 2014, The District issued \$72.3 million in Certificates of Participation, Series 2014 to refund the Series 2005A Certificates and pay costs associated with the issuance of the Series 2014 Certificates.

This page intentionally left blank.

THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2014

NOTE 1: SCHEDULE OF FUNDING PROGRESS

Compared to the previous valuation, the Unfunded Actuarial Accrued Liability and the Annual OPEB Cost decreased significantly. One factor that contributed to this change was the total cost of coverage for retirees decreased from \$524 per subscriber per month (as expected for the calendar year 2012) to \$520 per subscriber per month for the year beginning January 1, 2014. This is lower than the \$614 per subscriber per month previously projected for this year. This change had a decreasing effect on the cost and liability. Another factor that contributed to this change was the number of retirees currently covered under the health plan decreased from 509 in the last valuation to 459 in the current valuation. This population changes had a decreasing impact on the cost and liability resulting from this valuation. At the same time, the number of active employees increased from 9,397 to 10,060. This population change had an increasing impact on the cost and liability resulting from this valuation.

OTHER SUPPLEMENTARY INFORMATION

COMBINING AND INDIVIDUAL
FUND STATEMENTS
AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Two special revenue funds account for certain revenues derived from the State of Florida, the Federal Government, and other local and private sources which are required to finance restricted activities. Activities included within the funds are as follows:

Contracted Programs Fund: To account for and report on activities of various programs of different funding sources according to the specifications and requirements of each funding source.

Food Service Fund: To account for and report on activities of the Food Service Program in serving breakfast and lunch at the schools.

Debt Service Funds

One debt service fund is used to account for the payment of interest and principal of the current portion on long-term debt.

State Board of Education Bonds Fund (SBE/COBI): To account for and report on payment of principal, interest, and related costs on the State School Bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the State-assessed Motor Vehicles License Tax.

(continued)

This page intentionally left blank.

NONMAJOR GOVERNMENTAL FUNDS (continued)

Capital Projects Funds

One capital projects funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources are:

Capital Outlay and Debt Service Fund: To account for and report on the excess dollars from the debt service funds, used for construction and maintenance of schools.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department to other departments within the District on a cost reimbursement basis. The following funds are included in the Internal Service Funds:

Health: To account for and report on funds received for and used to pay for medical benefits issued under the District's self-insured health program.

Other (Casualty, Liability, and Worker's Compensation): To account for and report on funds received for and used by the District's self-insured property, casualty, liability, and worker's compensation program.

STATISTICAL SECTION

This part of the School District of Lee County, Florida's comprehensive annual financial report presents detail information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the School District's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenues sources, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Note: Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year.

Total Direct and Overlapping debt	<u>\$697,971,485</u>
Population	661,115
Assessed property valuation (in thousands)	\$ 72,497,286
Net Assessed taxable property valuation (in thousands)	\$ 37,559,836
DEBT RATIOS	
Percent of assessed property valuation	
Direct debt	0.63%
Overlapping debt	0.33%
Direct and overlapping debt	0.96%
Percent of net assessed taxable property valuation	
Direct debt	1.22%
Overlapping debt	0.64%
Direct and overlapping debt	1.86%
Per Capita	
Direct debt	\$ 692
Overlapping debt	\$ 363
Direct and overlapping debt	\$ 1,056

(1) State Board of Education debt is payable from motor vehicle and gross receipt taxes.

(2) Overlapping debt includes only general obligation debt secured by ad valorem taxes as of June 30, 2014.

(3) Because the county and the school district coincide, the percentage of overlap is 100%.

Legislative Auditing Committee

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Report on the Financial Statements

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lee County District School Board, as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 12, 2014, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the school internal funds and the aggregate discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or

detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to District management in our operational audit report No. 2015-069.

Purpose of this Report

The purpose of the **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*** is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

David W. Martin, CPA

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Report on Compliance for Each Major Federal Program

We have audited the Lee County District School Board's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2014. The District's major Federal programs are identified in the **SUMMARY OF AUDITOR'S RESULTS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2014.

Report on Internal Control Over Compliance

District management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

David W. Martin, CPA
