# REVIEW OF DISTRICT SCHOOL BOARD, CHARTER SCHOOL, AND CHARTER TECHNICAL CAREER CENTER AUDIT REPORTS FOR THE FISCAL YEAR ENDED JUNE 30, 2025

## SUMMARY

---

State law <sup>1</sup> requires all charter schools and charter technical career centers (hereafter collectively referred to as charter schools) and certain district school boards to provide for annual financial audits conducted by independent certified public accountants (CPAs). Audit reports are required to be filed with us within 45 days after delivery of the audit report to the charter school or district school board's governing body, but no later than 9 months after the end of the fiscal year.<sup>2</sup>

During the fiscal year ended June 30, 2025, there were 67 district school boards and 725 charter schools in operation in the State of Florida. Pursuant to State law,<sup>3</sup> we reviewed the 2024-25 fiscal year audit reports filed with us through May 30, 2026, including audit reports for 22 district school boards<sup>4</sup> and 714 charter schools, and determined that the information was generally presented in accordance with generally accepted accounting principles (GAAP) and the audit reports generally complied with generally accepted government auditing standards (GAGAS) and Rules of the Auditor General.<sup>5</sup> However, we noted the following instances in which audit reports were not filed, not filed timely, or not prepared in accordance with all applicable requirements:

**Finding 1:** Three district school boards and 35 charter schools did not timely file the required audit report with us and, as of May 30, 2026, another district school board and 11 charter schools had not filed audit reports with us.

**Finding 2:** Our completeness reviews of the audit reports disclosed instances of noncompliance with certain requirements, primarily related to the independent auditor's reports, financial statement note disclosures, and management letters.

**Finding 3:** Our comprehensive reviews of 22 district school board audit reports and selected charter school audit reports disclosed certain instances of noncompliance with GAAP and GAGAS.

## BACKGROUND

---

State law<sup>6</sup> requires annual financial audits of each charter school and charter technical career center (hereafter collectively referred to as charter schools) and district school board. State law<sup>7</sup> defines a financial audit as an examination of financial statements in order to express an opinion on the fairness with which the statements are presented in conformity with generally accepted accounting principles (GAAP) and an examination to determine whether operations are properly conducted in accordance with legal and regulatory requirements. Financial audits must be conducted in accordance with auditing standards generally accepted in the United States and generally accepted government auditing standards (*Government Auditing Standards* issued by the Comptroller General of the United States).<sup>8</sup>

State law establishes several other requirements that independent certified public accountants (CPAs) must follow when conducting financial audits of charter schools and district school boards. For example, the CPAs performing these financial audits must:

- Prepare a management letter that is included as a part of the financial audit report.<sup>9</sup>
- Discuss with the appropriate officials all findings that will be included in the financial audit report.<sup>10</sup>
- Conduct the audits in accordance with the Rules of the Auditor General.<sup>11</sup>

Additionally, State law<sup>12</sup> requires the appropriate entity officer to provide a written statement of explanation or rebuttal concerning the audit findings, including corrective action to be taken. The officer's written statement is to be filed with the entity's governing body within 30 days after the delivery of the findings.

To assist auditors in complying with the requirements of generally accepted government auditing standards (GAGAS) and applicable laws, rules, and regulations, and pursuant to State law,<sup>13</sup> we developed rules<sup>14</sup> and audit report review guidelines that provide, among other things, procedural guidance for CPAs to follow to ensure compliance with financial audit requirements. The rules require that the scope of a financial audit include: an examination of the financial statements in order to express an opinion on them; an examination to determine whether operations are properly conducted in accordance with legal and regulatory requirements; an examination of any additional financial information necessary to comply with GAAP; and, when applicable, the additional activities necessary to determine compliance with Federal Uniform Guidance.<sup>15</sup> The rules were adopted in consultation with the Board of Accountancy, and the rules and guidelines are available on our Web site, [FLAuditor.gov](http://FLAuditor.gov).

## FINDINGS AND RECOMMENDATIONS

### Finding 1: Noncompliance – Audit Report Filing Requirements

State law<sup>16</sup> requires district school boards and charter schools to file with us the audit report and a written response to any report or management letter findings within 45 days after delivery of the audit report to the entity's governing body, but no later than 9 months after the end of the fiscal year. As district school boards and charter schools have a June 30 fiscal year end,<sup>17</sup> the reports are to be filed with us no later than March 31 each year.

For the 2024-25 fiscal year, 23 district school boards and 725 charter schools were required to file financial audit reports with us. Table 1 quantifies, as of May 30, 2026, the number of district school boards and charter schools that did not comply with the 2024-25 fiscal year audit report filing requirements.

**Table 1**  
**Noncompliance with Audit Report Filing Requirements**

| Description of Noncompliance                                                                                                 | District School Boards | Charter Schools |

| Audit report filed by March 31, 2026, but more than 45 days after the report was delivered to the entity's governing body.   | 1                      | 23              |

Regarding the noncompliance shown in Table 1:

- A district school board (Hillsborough District School Board) and 11 of the 725 charter schools<sup>18</sup> in operation during the 2024-25 fiscal year did not file the required audit report with us and, pursuant to State law,<sup>19</sup> we notified the Legislative Auditing Committee (LAC).
- 12 charter schools did not file the required audit report with us within 45 days after delivery of the audit report to the entity's governing body and by March 31, 2026. The 12 audit reports were filed with us from 33 to 210 days after the 45-day deadline and 8 to 23 days after March 31, 2026. A listing of these entities that shows the number of days each entity's audit report was filed late is included as **EXHIBIT A** to this report.

<sup>16</sup> Section 218.39(7), Florida Statutes.

<sup>17</sup> Charter schools that close or are terminated before June 30 must file reports with us no later than 9 months after their respective closure or termination date.

<sup>18</sup> The 11 charter schools that did not file an audit report were: Career Academy of the Palm Beaches, Collegiate High at Northwest Florida State, Constellation Charter School of Gainesville, Coral Springs Charter School, Crossroad Academy, Florida State University School, G-Star School of the Arts, Renaissance Academy, Tallahassee Collegiate Academy, The Villages Charter School Autism Center LLC, and University Preparatory Academy Palm Beach.

<sup>19</sup> Section 11.45(7)(a), Florida Statutes.

- 2 district school boards (Alachua County District School Board and Citrus County District School Board) filed the required audit report with us within 45 days after delivery of the audit report to the entity's governing board but 7 and 31 days, respectively, after March 31, 2026.
- Although audit reports for 19 district school boards and 702 charter schools were filed with us by March 31, 2026, the reports for 1 of the 19 district school boards and 23 of the 702 charter schools were filed 52 to 140 days after the delivery of the audit report to the entity's governing body. A listing of these entities that shows the number of days each entity's audit report was filed late is included as **EXHIBIT B** to this report.

District school boards and charter schools that fail to provide for financial audits may be subject to consequences prescribed by State law.<sup>20</sup> Timely audits are necessary to ensure that management and those charged with governance are promptly informed of control deficiencies and financial-related noncompliance. Additionally, timely filed audit reports provide for timely review by appropriate Federal and State oversight agencies.

**Recommendation: Management of the district school boards and charter schools should ensure that audits are timely completed, and audit reports are filed in accordance with State law.**

## **Finding 2: Completeness Reviews**

We performed completeness reviews of the 22 district school board and 714 charter school audit reports filed with us as of May 30, 2026, to determine whether the audit reports included the financial statements, note disclosures, reports, and other items required by GAAP and the Rules of the Auditor General, and the extent to which the audit reports complied, for selected significant matters, with GAAP, GAGAS, and Rules of the Auditor General. State law<sup>21</sup> requires us to request from the district school boards and charter schools any significant items omitted from audit reports. The district school boards and charter schools are to provide us with the requested items no later than 45 days after the date of our request.

Most of the audit reports subjected to our completeness reviews included audited financial statements and the required notes thereto, the required independent auditor's reports on the financial statements and on internal control over financial reporting and compliance (compliance report), and the independent accountant's report of district school board compliance with investment requirements in State law, as applicable. Additionally, most of the reports reviewed were generally presented in accordance with GAAP, GAGAS, and Rules of the Auditor General. However, we noted certain instances of noncompliance, many of which related to the independent auditor's reports, financial statement note disclosures, and management letter disclosures. For example:

- The independent auditor's reports on the financial statements for 11 (41 percent) of the 27 applicable charter school audit reports we reviewed did not address the auditor's responsibility for the supplementary information presented.
- The financial statement notes for 1 (5 percent) of the 22 district school board audit reports and 60 (9 percent) of the 696 applicable charter school audit reports we reviewed did not disclose whether settlement amounts exceeded insurance coverage during the past 3 years.

<sup>20</sup> Section 11.40(2), Florida Statutes.

<sup>21</sup> Section 11.45(7)(b), Florida Statutes.

- The management letter for 4 (9 percent) of the 46 applicable charter school audit reports did not include a statement as to whether or not corrective actions had been taken to address significant findings and recommendations reported in the preceding audit report.

**EXHIBIT C** to this report provides, by entity type, a summary of the deficiencies disclosed by our completeness reviews along with comparative prior year information.

We also noted that the audit reports for 6 district school boards and 25 charter schools omitted significant items. We sent letters to the district school boards and the charter schools requesting the items and concurrently provided copies of the letters to the respective entity auditors. The items requested included, for example, the submittal checklist identifying the date the auditor delivered the report to the entity and required disclosures to clarify whether audit findings from the preceding financial audit report had been corrected and identification of any uncorrected audit findings from the two preceding financial audit reports.

External parties rely on audits to provide independent assessments of the accuracy and completeness of the financial statements, as well as to provide a means for evaluating the effectiveness of an entity's internal controls and the extent to which an entity has complied with applicable laws, rules, regulations, contractual requirements, and bond covenants. Accordingly, to enable the reader to form appropriate conclusions related to an audited entity, it is important that the components of the audit report, such as the independent auditor's reports and management letter, financial statements, and notes to financial statements, be presented in accordance with GAAP, GAGAS, and Rules of the Auditor General.

**Recommendation: Management of the district school boards and charter schools and their auditors should ensure that audit reports contain all the required information presented in accordance with applicable requirements.**

### **Finding 3: Comprehensive Reviews**

In addition to completeness reviews, we performed comprehensive reviews of selected audit reports for the 2024-25 fiscal year and noted certain errors and deficiencies. Specifically, we reviewed audit reports for the 22 district school boards and 60 selected charter schools to determine the extent of compliance, on a comprehensive basis, with GAAP, GAGAS, and Rules of the Auditor General, and noted deficiencies pertaining to financial statements, note disclosures, and required supplementary information (RSI). For example, the audit reports for 2 (9 percent) of the 22 district school boards and 15 (25 percent) of the 60 charter schools contained nonrounding mathematical errors, and the Auditor's report for 9 (15 percent) of the 60 charter schools did not include a statement that the audit was conducted in accordance with GAGAS.

**EXHIBIT D** to this report provides a summary, by entity type, of the deficiencies disclosed by our comprehensive reviews. Because of the limited number of reports reviewed for each entity type, **EXHIBIT D** does not present comparative prior year information.

**Recommendation: Management of district school boards and charter schools should ensure that financial statements, note disclosures, and schedules of expenditures of Federal awards are presented in accordance with GAAP, GAGAS, Rules of the Auditor General, and Uniform Guidance, as applicable.**

## **OBJECTIVES, SCOPE, AND METHODOLOGY**

The objectives of this project were to determine whether the district school board and charter school audit reports filed with us for our review:

- Complied with generally accepted governmental auditing standards (GAGAS), generally accepted accounting principles (GAAP), and Rules of the Auditor General.<sup>22</sup>
- Were prepared by independent certified public accountants (CPAs) properly licensed by the Florida Board of Accountancy.

The scope of this project included completeness and comprehensive reviews of the financial audit reports prepared by independent CPAs and filed with us by May 30, 2026, for 22 district school boards and 714 charter schools for the fiscal year ended June 30, 2025.

Our review was necessarily limited to the contents of the audit reports filed with us and did not extend to an examination of the CPAs' working papers or a determination of whether the auditors followed all GAGAS in the actual conduct of the audits. Because our review was limited to the contents of the audit reports filed with us, the review cannot be used as the basis for determining the extent of an entity's compliance with applicable laws, rules, regulations, charters, contractual requirements, or bond covenants. Likewise, our review would not disclose whether the auditor reported all instances of noncompliance or reportable internal control deficiencies noted during the audit, or whether certain required financial disclosures were completely omitted from the audit report.

To assist with the conduct of our review, we established a completeness review checklist and various comprehensive review checklists with evaluation criteria from our rules and report review guidelines (as discussed in the **BACKGROUND** section of this report). Due to the number of reports included in this review, we applied the comprehensive review checklists to the district school board and selected charter school audit reports. Specifically, for the district school board and charter school audit reports filed with us we completed:

- A comparison of the dates the audit report was delivered to the entity's governing body and the date the audit report was filed with us to determine, for each of the 22 district school board and 714 charter school audit reports filed with us by May 30, 2026, whether the audit report was filed with us no later than 45 days after delivery to the entity's governing body and no later than 9 months after the end of the entity's fiscal year.
- Completeness review checklists for the 22 district school board and 714 charter school audit reports filed with us through May 30, 2026, to determine whether the audit reports included items required by, and the extent to which the audit reports complied with, GAAP, GAGAS, and the Rules of the Auditor General.
- Comprehensive review checklists for selected audit reports filed with us through May 30, 2026. Specifically, we completed comprehensive review checklists for:
  - The financial statements, financial statement note disclosures and required supplementary information for the 22 district school board and 60 selected charter school audit reports.

## ***AUTHORITY***

---

Section 11.45(7)(b), Florida Statutes, requires the Auditor General to review, in consultation with the Florida Board of Accountancy, all district school board, charter school, and charter technical career center financial audit reports prepared by independent certified public accountants (CPAs) and filed pursuant to Section 218.39, Florida Statutes. Pursuant to the provisions of Section 11.45, Florida Statutes, I have directed that this report be prepared to present the results of our review of district school board, charter school, and charter technical career center audit reports prepared by independent CPAs for the fiscal year ended June 30, 2025.
