INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council
City of Port St. Lucie Community Redevelopment Agency

We have audited the accompanying financial statements of the governmental activities and the major fund of the City of Port St. Lucie Community Redevelopment Agency ("Agency") a component unit of the City of Port St. Lucie, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Port St. Lucie Community Redevelopment Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Honorable Mayor and Members of the City Council
City of Port St. Lucie Community Redevelopment Agency
Page Two

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the City of Port St. Lucie Community Redevelopment Agency as of September 30, 2020, and the respective changes in financial position and the budgetary comparison schedule for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1-7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Honorable Mayor and Members of the City Council
City of Port St. Lucie Community Redevelopment Agency
Page Three

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2021 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

**City of Port St. Lucie
Community Redevelopment Agency
Management's Discussion and Analysis
For the Year Ended September 30, 2020**

The City of Port St. Lucie Community Redevelopment Agency (the "CRA") Management's Discussion and Analysis (the "MD&A") presents an overview and analysis of the financial activities of the CRA for the fiscal year ended September 30, 2020. Readers are encouraged to consider this overview and analysis in combination with the CRA's financial statements and notes.

FINANCIAL HIGHLIGHTS

At the end of fiscal year 2020, the CRA's assets were less than its liabilities at the close of the most recent fiscal year by \$(3.4) million (net position).

The CRA's total net position increased by \$2.6 million over the course of this year's operations primarily from the reduction of debt.

The CRA's revenues increased by \$0.4 million or approximately 13% over the prior fiscal year, as a result of increased taxable values in the CRA.

The CRA's revenue bond balance decreased during the fiscal year by \$(3.1) million or (11)%.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the CRA's Basic Financial Statements. The Basic Financial Statements are comprised of three components: 1) the government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the Basic Financial Statements.

1) Basic Financial Statements - Government-Wide Financial Statements

The *Government-Wide Financial Statements* are designed to provide readers with a broad overview of the CRA's finances, in a manner similar to a private-sector business. Summarized version of these statements are included in this Management Discussion & Analysis (MD&A).

The *Statement of Net Position* presents information on all the CRA's assets and liabilities and the difference between the components as net position. Over time, increases or decreases in net position may serve as a useful indicator of changes in the CRA's financial position.

The *Statement of Activities* presents information showing how the CRA's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. This is the accrual basis of accounting. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both the Statement of Net Position and the Statement of Activities divide the functions of the CRA that are principally supported by taxes and intergovernmental revenues (Governmental Activities). The Governmental Activities of the CRA are mainly economic environment activities.

**City of Port St. Lucie
Community Redevelopment Agency
Management's Discussion and Analysis
For the Year Ended September 30, 2020**

Government-Wide Financial Statement Analysis

The following tables, graphs, and analysis discuss the financial position and changes to the financial position for the CRA as of the year ended September 30, 2020.

Net Position. As noted above, net position may serve over time as a useful indicator of a government's financial position. The CRA's net position, the amount by which assets plus deferred outflows of resources exceeded liabilities plus deferred inflows of resources, was \$(3.4) million at the close of the fiscal year.

City of Port St. Lucie Community Redevelopment Agency
Net Position as of September 30,
(in Millions)

	2020	2019
Assets:		
Current and other assets	\$ 0.3	\$ 0.3
Capital assets	26.9	29.0
Total assets	27.2	29.3
Liabilities:		
Other liabilities	0.5	1.0
Long-term liabilities outstanding	30.1	34.1
Total liabilities	30.6	35.1
Net position:		
Net investment in capital assets	(3.2)	(5.1)
Restricted	0.2	0.2
Unrestricted	(0.4)	(1.1)
Total net position	\$ (3.4)	\$ (6.0)

**City of Port St. Lucie
Community Redevelopment Agency
Management's Discussion and Analysis
For the Year Ended September 30, 2020**

Capital Assets. The CRA's capital assets for the fiscal year ended September 30, 2020, amounts to \$26.5 million, net of accumulated depreciation. This investment in capital assets includes land, building, and infrastructures.

The following table provides a detailed listing of the CRA's capital assets, net of accumulated depreciation.

City of Port St. Lucie Community Redevelopment Agency
Capital Assets (net of depreciation)
as of September 30,
(in Millions)

	2020	2019
Land	\$ 6.6	\$ 6.6
Buildings	12.6	14.3
Improvements other than buildings	1.1	1.2
Infrastructure	6.6	6.9
Total Capital Assets	<u>\$ 26.9</u>	<u>\$ 29.0</u>

Additional information regarding the CRA's capital assets can be found in the Notes to the Financial Statements, in Note 4, Capital Assets.

Long-term Liabilities. At the end of fiscal year 2020, the CRA had total long-term liabilities of \$30.1 million. As shown in the schedule below, the CRA experienced decreases in long-term liabilities of \$(4.0) million. The CRA has a Revenue bond payable from and collateralized by a lien upon and pledge of the net tax increment revenues generated in the Community Redevelopment Area.

City of Port St. Lucie Community Redevelopment Agency
Long-Term Liabilities
as of September 30,
(in Millions)

	2020	2019
Revenue bonds	\$ 27.7	\$ 30.8
Compensated absences	-	-
Unamortized bond premiums	2.4	3.3
Total long term liabilities	<u>\$ 30.1</u>	<u>\$ 34.1</u>

Additional information on the CRA's long-term liabilities can be found in the Notes to the Financial Statements, Note 5, Long-Term Liabilities.

**City of Port St. Lucie
Community Redevelopment Agency
Management's Discussion and Analysis
For the Year Ended September 30, 2020**

Changes in Net Position. Details of the following summarized information can be found on page 9, the Statement of Activities.

City of Port St. Lucie Community Redevelopment Agency
Changes in Net Position
for the year ended September 30,
(in Millions)

	2020	2019
General revenues:		
Intergovernmental revenue	\$ 2.1	\$ 1.8
Miscellaneous revenue	1.3	1.2
Total revenues	<u>3.4</u>	<u>3.0</u>
Expenses:		
Economic environment	0.9	0.4
Interest on long-term debt	1.5	1.6
Total expenses	<u>2.4</u>	<u>2.0</u>
Change in net position before transfers	1.0	1.0
Transfers, net	<u>1.6</u>	<u>1.3</u>
Changes in net position	<u>2.6</u>	<u>2.3</u>
Net position - beginning	<u>(6.0)</u>	<u>(8.3)</u>
Net position - ending	<u>\$ (3.4)</u>	<u>\$ (6.0)</u>

The CRA's results of operations overall were negative. The CRA's change in net position increased by \$0.3 million to \$2.6 million.

Revenues overall increased by \$0.4 million to \$3.4 million and expenses increased by \$0.4 to \$2.4 million.

**City of Port St. Lucie
Community Redevelopment Agency
Management's Discussion and Analysis
For the Year Ended September 30, 2020**

The sources of the revenues shown previously are portrayed in the following chart by percentage for Governmental Activities:

Revenues by Source - Governmental Activities

Fiscal Year Ended September 30, 2020

2) Basic Financial Statements - Fund Financial Statements

A Fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The primary government, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and has multiple funds, the CRA, being one of them.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as, on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the CRA's near-term financing requirements.

**City of Port St. Lucie
Community Redevelopment Agency
Management's Discussion and Analysis
For the Year Ended September 30, 2020**

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate the comparison between *governmental funds* and *governmental activities*.

Fund balance is segregated between non-spendable and spendable components. The segregation of the equity section is designed to indicate the extent to which the CRA is bound to honor constraints on the specific purpose for which amounts in the fund can be spent. The five components of fund balance are as follows:

Non-spendable: Amounts not in spendable form such as inventory and pre-paid items.

Spendable Fund balances:

Restricted: Spendable resources which are restricted by external legal restrictions such as bond covenants and state and federal grants.

Committed: Spendable resources which are committed by ordinances of the CRA Board and contracts approved by the City Council.

Assigned: Spendable resources which are assigned by the CRA Board to specific uses such as capital projects and amounts to cover anticipated revenue shortfalls in the ensuing fiscal year.

Unassigned: Spendable resources which can be used for any CRA purpose.

As of the end of the current fiscal year, the CRA reported an ending fund balance of \$0.2 million, an increase from the prior year. The primary reason for the increase was collections from the remittance of tax increment revenue to the CRA from St. Lucie County, and the St. Lucie County Fine and Forfeiture Fund..

3) Basic Financial Statements - Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and Fund Financial Statements. The notes to the Basic Financial Statements can be found beginning on page 15 of this report.

Economic Factors and Budget Outlook

CRA revenues and transfers in for 2021 are projected at \$5.4 million, approximately 0.28% lower than 2020 actual receipts. Expenditures are budgeted at \$5.4 million, resulting in a balanced budget. The CRA's operating ad valorem tax rate decreased to 4.9807 mills from 5.0547 mills per \$1,000 of assessed value as established by the St. Lucie County Property Appraiser.

Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The City of Port St. Lucie Community Redevelopment Agency (the "CRA") is an incremental tax district and component unit created by the City of Port St. Lucie (the "City"). The City adopted a Findings and Declaration of Necessity Report on January 22, 2001 (Resolution #01-R2) and created the CRA (Ordinance 01-01) February 12, 2001, pursuant to Florida Statutes 163, Part III. The governing body of the CRA consists of the five members of the City Council with the Mayor of the City serving as Chair of the CRA and pursuant to the appointment of the governing body, the Vice Mayor serving as Vice Chair.

In 2001, the City designated a CRA along U.S. 1 in eastern Port St. Lucie (the "Original CRA"). Since 2001, three additional areas have been formally designated as part of the Community Redevelopment Area: Lentz Grove (now known as "East Lake Village") in 2003, the Port St. Lucie Boulevard/Riverwalk District in 2006 (the "CRA Expansion Area"), and the Southern Grove District in 2012.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The government-wide financial statements include a statement of net position and a statement of activities. These statements report financial information for the CRA as a whole. These statements include the statement of net position and the statement of activities.

The Statement of Net Position reports all assets and liabilities of the CRA, including long-term assets and long-term liabilities and other obligations. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes and intergovernmental revenues are recognized as revenues in the year for which they are levied.

The Statement of Activities demonstrates the degree to which the direct expenses and indirect costs of a given function, or segment, are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect Expenses are those costs that are allocated to functions and activities in accordance with the CRA's and City's adopted indirect cost allocation plan combined. The "Expenses" column includes both direct and indirect expenses. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not assigned as program revenues are reported instead as general revenues.

City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the CRA considers revenues to be available if they are collected within 45 days after the end of the current fiscal period. Property taxes are accounted for when measurable and available. No accruals for the property tax levy becoming due in the November 2020 are included in the accompanying financial statements since such taxes are levied for the subsequent fiscal year and are not yet considered available at September 30, 2020.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include principal and interest on long-term debt, and expenditures related to claims and judgments, which are recognized when due.

C. POOLED CASH AND INVESTMENTS

The CRA's cash and cash equivalents are considered to be cash on hand, and demand deposits. The City established an investment policy in accordance with Section 218.415, Florida Statutes that allows the CRA to invest in relatively low risk securities, such as certificates of deposit, money market accounts, and U. S. Government Securities and Agencies. Investments are stated at fair value or amortized cost, which approximates fair value. Resources of all the City funds (including the CRA), have been combined into investment pools for the purpose of maximizing investment yields. Investment revenue is comprised of interest and dividends and realized and unrealized gains and losses on investments. Investment revenue on pooled investments are allocated monthly based upon equity balances of the respective funds. Accrued interest on pooled investments is grouped with pooled cash and investments on the balance sheet at year-end.

D. CAPITAL ASSETS

The CRA's property and infrastructure assets with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. The CRA has no capital assets that meet the definition of intangible assets per GASB No. 51, *Accounting and Financial Reporting for Intangible Assets*. The CRA maintains infrastructure asset records consistent with all other capital assets. Donated assets are stated at acquisition value on the date donated. The CRA generally capitalizes assets with cost of \$5,000 or more as purchases and construction outlays occur. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. CAPITAL ASSETS (CONTINUED)

Estimated useful lives, in years, for depreciable assets are as follows:

<u>Assets</u>	<u>Years</u>
Buildings	5 - 50
Improvements, other than buildings	2 - 50
Infrastructure	20 - 50
Mobile equipment	3 - 30
Furniture, machinery, and equipment	3 - 30

E. COMPENSATED ABSENCES

It is the CRA's policy to permit employees to accumulate earned but unused vacation and sick pay benefits, which will be paid to employees upon separation from CRA service if they meet certain criteria. These benefits, plus their related taxes, are classified as compensated absences. The accumulated compensated absences are accrued when incurred in the government-wide financial statements for both the current and long-term portions. Compensated absences are reported in the CRA fund financial statements only if they are due and payable as of September 30, 2020.

F. LONG-TERM DEBT AND BOND DISCOUNTS/PREMIUMS

In the government-wide financial statements outstanding debt is reported as liabilities. Bond discounts or premiums are amortized over the terms of the respective bonds using the effective interest rate method.

G. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from management's estimates.

H. PROPERTY TAXES / INTERGOVERNMENTAL

The jurisdictions remitting tax increment revenue to the CRA include the City of Port St. Lucie and St. Lucie County. Pursuant to an Interlocal Agreement between the City and St. Lucie County Fire District, the St. Lucie County Fire District stopped remitting Tax increment Revenues to the CRA in Fiscal year 2007-2008.

City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. PROPERTY TAXES / INTERGOVERNMENTAL (CONTINUED)

In both the Original CRA and East Lake Village, the participating taxing authorities levying property taxes within these areas are required to annually deposit an amount equal to 95% of the incremental property tax revenues they receive from properties within those corresponding areas. In the CRA Expansion Area, the participating taxing authorities are required to annually deposit an amount equal to 95% of the incremental property tax revenues they receive from properties within the CRA Expansion Area. However, this requirement is subject to the following major exception set forth by Section 163.387(1)(b)(1)(a), Florida Statutes:

If the taxing authority imposes a millage rate that exceeds the millage rate imposed by the governing body that created the trust fund, the amount of the tax increment to be contributed by the taxing authority imposing the higher millage rate shall be calculated using the millage rate imposed by the governing body that created the trust fund.

Ordinance 12-30 set the tax increment at 50 percent of the difference the current valuation of all levied properties within the Southern Grove Community Redevelopment Area boundary compared to the base year valuation of the same properties. The ordinance established the base year as January 1, 2012, and the collection of tax increment revenue within the Southern Grove District of the Community Redevelopment Area began in Fiscal Year 2013-2014.

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGET AND BUDGETARY ACCOUNTING

The CRA follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The proposed operating budget is submitted by the City Manager to the City Council, and the CRA Director submits it to the CRA Board for the fiscal year commencing on October 1. The operating budget includes proposed expenditures and means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. The budget is legally enacted through the passage of an ordinance by City Council (acting as the CRA governing body) on or before the thirtieth day of September of the fiscal year currently ending.
- d. Revisions that alter the budgeted totals require approval of the City Council (acting as the CRA governing body). Unencumbered appropriations lapse at year-end.
- e. Budgets are adopted on a basis consistent with generally accepted accounting principles, except that encumbrances are presented as expenditures.

City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

A. BUDGET AND BUDGETARY ACCOUNTING (CONTINUED)

f. Encumbrances - Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation in the governmental funds. Encumbrances outstanding at year-end are reported as assigned fund balance for construction and long-term contracts and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

B. FUND BALANCE/NET POSITION

The government-wide fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted. The first category represents capital assets net of accumulated depreciations, less outstanding debt related to the acquisition or construction of the capital assets.

The restricted category, if any, represents the balance of assets restricted by requirements of revenue bonds and other externally imposed constraints or by legislation. Unrestricted net position represents resources that are available for spending.

Fund balance classifications reflect not only the nature of the fund, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is limited to negative residual fund balance.

When both restricted and unrestricted fund balance are available the CRA uses restricted amounts first. Furthermore, the CRA would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

In accordance with Governmental Accounting Standards Board Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the City classifies governmental fund balances as follows:

Nonspendable

Nonspendable fund balance includes amounts that cannot be spent because they are not in spendable form, such as inventories and prepaid amounts.

Spendable Fund Balance

Restricted - fund balance amounts that are constrained for specific purposes which are externally imposed through debt covenants or amounts constrained by federal and state law.

Committed - fund balance amounts that can only be used for the specific purposes that are internally imposed by CRA Board Ordinances. Commitments may be changed by the CRA Board amending or repealing the Ordinance that imposed the constraint initially. Contractual obligations are included to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual obligations.

City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

B. FUND BALANCE/NET POSITION (CONTINUED)

Assigned - fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. This indicates that resources in these funds are, at a minimum, intended to be used for the purposes of that fund. Fund balance may be assigned by CRA Board Resolution, by transfer to a special revenue or capital project fund as authorized by CRA Board, or an appropriation of existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget.

Unassigned - unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

NOTE 3. CASH AND INVESTMENTS

The City operates using pooled cash and investments and cash balances from all funds (including the CRA fund), which are combined and invested to the extent available. Earnings are allocated monthly to each fund based on average daily balances of cash and investments.

A. CASH AND CASH EQUIVALENTS

As of September 30, 2020, the CRA's cash and cash equivalents included deposits with financial institutions. Cash deposits are subject to custodial risk which is the risk that in the event of a bank failure, the CRA's deposits may not be returned. Deposits with financial institutions were entirely covered by federal deposit insurance and collateral pool pledged to the State Treasurer of Florida by financial institutions that comply with the requirement of Florida Statutes and have been designated as Qualified Public Depositories ("QPD") by the State Treasurer of Florida. The Florida bank deposit insurance exists because Florida Statutes require state and local governmental units to only deposit monies with financial institutions classified as QPD. For a financial institution to qualify as QPD, it must participate in the state's deposit insurance pool that requires collateral to be deposited based on the financial institution's rating and the value of public funds it has on deposit. Upon default of any QPD, the pooled collateral is used to guarantee the state and local government deposits. This pool is additional insurance above the federal depository insurance. As of September 30, 2020, the CRA has bank deposits only with QPD institutions.

Cash, cash equivalents and investments held separately or where contractual arrangement or bond covenants require otherwise, are classified as "restricted assets". When both restricted and unrestricted resources are available for use, it is the CRA's policy to use restricted resources first, then unrestricted resources as they are needed.

B. INVESTMENTS

The City's investment policy applies to all investment activity, including that of the CRA, and shall include all available funds in excess of amounts needed to meet short-term expenses, but shall not apply to pension funds, trust funds, or funds related to the issuance of debt where there are other existing policies or indentures in effect. The policy objective is to invest funds in a manner with highest priority on preservation of principal and safety of liquidity with optimization of investment returns being secondary consideration. Treasury securities are the benchmark used for riskless investment transactions with a minimum standard for rate of return.

**City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020**

NOTE 3. CASH AND INVESTMENTS (CONTINUED)

B. INVESTMENTS (CONTINUED)

The investment guidelines allow the following investments:

Negotiable obligations unconditionally guaranteed by the United States Government and its agencies.

Fully collateralized United States Agency obligations, which carry an implied guarantee and the implied full faith and credit of the United States Government.

Other United States Agency obligations, which carry an implied guarantee and the implied full faith and credit of the United States Government.

Interest-bearing savings accounts, money market accounts, certificates of deposit, or time deposits constituting direct obligations of any bank or savings and loan association certified as a Qualified Public Depository by the State of Florida.

Repurchase agreements collateralized by U.S. Treasury Bills or Notes.

State of Florida Local Government Surplus Funds Trust Fund (F.S. Chapter 218).

Local government investment pool shares organized under F.S. Chapter 163 and rated AAA.

Money market mutual fund shares of any money market fund registered as an investment company under the federal "Investment Company Act of 1940", as amended.

The policy also establishes guidelines for diversification by the above classification varying from a maximum of 5% to 90% in each category and to maintain no more than 20% of available resources in any one financial institution.

Except for the investments held in local government investment pools, the City's pooled investments are 100% insured through a combination of the implied guarantee of the United States Government, the Federal Depository Insurance Corporation (FDIC), and Florida's Qualified Public Depository coverage. United States Agency and Treasury obligations are held for the City by a third-party safe-keeping custodian through a "delivery-versus-payment" (DVP) process.

**City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020**

NOTE 3. CASH AND INVESTMENTS (CONTINUED)

B. INVESTMENTS (CONTINUED)

The Florida local government investment pool balance consists of six governmental investment pools: Florida Cooperative Liquid Assets Securities System (FLCLASS), Florida Surplus Asset Fund (FLSAFE), Florida Public Assets for Liquidity Management (FL PALM), Florida Fixed Income Trust (FLFIT), Florida Short Term Asset Reserve (FLSTAR), and Florida Local Government Investment Trust. The pools are organized under Florida Statutes Section 163, the Florida Interlocal Cooperation Act, by Florida public agencies for the purpose of operating an independent investment pool for local governments in Florida and administered by a Board of Trustees elected by the participants in the pool. FLCLASS and FLSAFE are operated in a manner consistent with SEC Rule 2a7 of the Investment Company Act of 1940. Rule 2a7 allows SEC registered mutual funds to use amortized cost rather than fair value, to report net position used to compute share prices if certain conditions are met. Those conditions included restrictions on the types of investments held, restrictions on the term to maturity of individual investment and the dollar weighted average of the portfolio, requirement for portfolio diversification, and requirement of divestiture considerations in the event of security downgrades and defaults and required actions if the fair value of the portfolio deviates from amortized cost by a specified amount. The fair value of the position in the pools is considered to be the same as the City's account balance (amortized cost) in the pool. The investment in FL PALM includes shares in the Term Series, which are purchased to mature at pre-determined maturity dates selected by the City. FL PALM shares are redeemable at fair value at least 7 days notice, less a premature redemption penalty.

Fair Value of Investments: The City (including the CRA) follows the provisions of GASB Statement 72 Fair Value Measurement and Application, which establishes a framework for measuring the fair value of investments in a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under GASB 72 are described below:

Level 1 - Investments reflect unadjusted quoted prices in active markets for identical assets.

Level 2 - Investments reflect prices that are based on inputs that are either directly or indirectly observable for an asset (including quoted prices for similar assets), which may include inputs in markets that are not considered to be active.

Level 3 - Investments reflect prices based upon unobservable inputs.

The table below represents all investments the CRA categorized in the fair value hierarchy.

Investments by fair value level	Total	Level 1	Level 2	Level 3
Money market funds	\$ 257,855			
Total Cash and Investment	\$ 257,855			

**City of Port St. Lucie, Florida
Community Redevelopment Agency
Notes to the Financial Statements
For the Year Ended September 30, 2020**

NOTE 3. CASH AND INVESTMENTS (CONTINUED)

C. INVESTMENT RISK

Interest rate risk is the risk that changes in interest rates will adversely affect the fair market value of fixed income securities. In order to limit interest rate risk the City's investment policy (including that of the CRA) provides for maximum maturity period of 5 years.

Credit risk for fixed income securities is the risk that the issuer will not fulfill its obligations. Nationally recognized statistical rating organization ("NRSRO"), such as Moody's and Standard and poor's, assign credit ratings to security issuers and issues that indicate a measure of potential credit risk to investors. The City's investment policy addresses credit risk by limiting investments to the safest types of securities which are generally those receiving the highest credit ratings from NRSRO.

Concentration risk is the risk of amplified losses that may occur from having a large portion of your holdings in a particular investment, asset class or market segment relative to the overall portfolio. The City's investment policy (including that of the CRA) requires diversification of investments to minimize potential losses on individual securities.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Mayor and Members of the City Council
City of Port St. Lucie Community Redevelopment Agency

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the City of Port St. Lucie Community Redevelopment Agency, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Port St. Lucie Community Redevelopment Agency's basic financial statements, and have issued our report thereon dated June 25, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Port St. Lucie Community Redevelopment Agency's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Port St. Lucie Community Redevelopment Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Port St. Lucie Community Redevelopment Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Port St. Lucie Community Redevelopment Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Cam, Riggs & Ingram, L.L.C.

Melbourne, Florida
June 25, 2021

INDEPENDENT AUDITORS' MANAGEMENT LETTER

To the Honorable Mayor and Members of City Council
City of Port St. Lucie Community Redevelopment Agency

Report on the Financial Statements

We have audited the financial statements of the City of Port St. Lucie Community Redevelopment Agency, as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated June 25, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 25, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address finding and recommendations made in the preceding audit report. However, no recommendations were made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authorities for the City of Port St. Lucie Community Redevelopment Agency are disclosed in the footnotes. The City of Port St. Lucie Community Redevelopment Agency does not have component units.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City of Port St. Lucie Community Redevelopment Agency has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify of the specific condition(s) met. In connection with our audit, we determined that the City of Port St. Lucie Community Redevelopment Agency did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City of Port St. Lucie Community Redevelopment Agency. It is management's responsibility to monitor the City of Port St. Lucie Community Redevelopment Agency's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Council members and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Carly Riggs & Ingram, L.L.C.

Melbourne, Florida

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH LOCAL GOVERNMENT INVESTMENT POLICIES

To the Honorable Mayor and Members of City Council
City of Port St. Lucie, Florida

We have examined the City of Port St. Lucie Community Redevelopment Agency's (the "Agency") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2020. Management is responsible for the Agency's compliance with the specified requirements. Our responsibility is to express an opinion on the Agency's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Agency complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Agency complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Agency's compliance with specified requirements.

In our opinion, the Agency complied, in all material respects, with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2020.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REDEVELOPMENT TRUST FUND

To the Honorable Mayor and Members of City Council
City of Port St. Lucie Community Redevelopment Agency

We have examined the City of Port St. Lucie Community Redevelopment Agency's (the "Agency") compliance with the requirements of Section 163.387(6) and Section 163.387(7), Florida Statutes, *Redevelopment Trust Fund*, during the year ended September 30, 2020. Management is responsible for the Agency's compliance with the specified requirements. Our responsibility is to express an opinion on the Agency's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Agency complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Agency complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Agency's compliance with specified requirements.

Our examination disclosed the following noncompliance with Section 163.387(6)b, Florida Statutes, *Redevelopment Trust Fund* applicable to the Agency during the year ended September 30, 2020. Section 16.387(6)b states "A community redevelopment agency created by a municipality shall submit its annual budget to the board of county commissioners for the county in which the agency is located within 10 days after the adoption of such budget and submit amendments of its annual budget to the board of county commissioners within ten days after the adoption date of the amended budget." The Agency provided the St. Lucie County Board of County Commissioners the budget and budget amendment after the prescribed ten days.

In our opinion, the CRA complied, in all material respects, with the requirements of Sections 163.387(6) and 163.387(7), Florida Statutes, *Redevelopment Trust Fund*, during the year ended September 30, 2020.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.
