INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and General Fund of the Carver Heights/Montclair Community Redevelopment Agency (the "CRA"), a component unit of the City of Leesburg, Florida as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the CRA's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities and General Fund of the CRA as of September 30, 2022, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the CRA, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the CRA's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CRA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the CRA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2023 on our consideration of the CRA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the CRA's internal control over financial reporting and compliance.

**CARVER HEIGHTS/MONTCLAIR AGENCY COMMUNITY REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

The Carver Heights/Montclair Community Redevelopment Agency, (the Agency's) Management's Discussion and Analysis presents an overview of the Agency's financial activities for the fiscal year ended September 30, 2022. Please read it in conjunction with the financial statements, as listed in the Table of Contents.

Financial Highlights

- The assets and deferred outflows of the Agency exceed liabilities and deferred inflows at the close of fiscal year 2022 by \$2.4 million (net position).
- The Agency's total net position increased \$84 thousand, or 4%. The increase in the governmental activities is due primarily to paying down liabilities for capital outlay improvements. Overall liabilities decreased by \$(82) thousand, attributed primarily to a decrease in paying down liabilities.
- As of September 30, 2022, the Agency's governmental funds reported combined ending fund balance of \$(629) thousand, a decrease of \$20 thousand in comparison with the reported amount of \$(609) thousand in the prior year.
- On September 30, 2022, unassigned fund balance for the General Fund was \$(633) thousand and total General Fund expenditures was \$527 thousand.
- Governmental funds' change in fund balance was \$(20) thousand, while in the prior year's change in fund balance was \$241 thousand. This is mainly attributable to the majority of capital improvements at Berry Park that were done in 2022.

Overview of the Financial Statements

This narrative overview and analysis is intended to serve as an introduction to the Agency's basic financial statements. The Agency's basic financial statements provide information on both the Agency as a whole (government-wide) and on the individual fund. Both perspectives (government-wide and fund level) allow the user to address relevant questions, broaden a basis for comparison and enhance the Agency's accountability. The Agency's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements that explain information in the financial statements and provide more detailed data.

The statements are followed by a section of Required Supplementary Information that further explains and supports the information in the financial statements.

**CARVER HEIGHTS/MONTCLAIR AGENCY COMMUNITY REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Government-wide Financial Statements

The government-wide financial statements are the Statement of Net Position and the Statement of Activities. These statements are designed to provide readers with a broad overview of the Agency's finances, in a manner similar to a private sector business. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are principally supported by taxes and intergovernmental revenues.

- The *Statement of Net Position* presents information on all of the Agency's assets and deferred outflows, less liabilities and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.
- The *Statement of Activities* presents information showing how the government's net position changed during the current fiscal year. All changes in net position are reported as soon as the occasion arises, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that result in cash flows in future fiscal periods .

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The fund financial statements provide detailed information about the Agency. Fund accounting helps to ensure and demonstrate compliance with finance-related legal requirements. Based on restrictions on the use of monies, the Agency was established to account for various services provided to residents and businesses.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide reconciliations to facilitate this comparison between governmental funds and governmental activity.

Annual appropriated budgets are adopted for the governmental funds. Budgetary comparison schedules are provided for these funds to demonstrate budgetary compliance.

**CARVER HEIGHTS/MONTCLAIR AGENCY COMMUNITY REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, required supplementary information is included which presents budgetary comparison schedule.

Government-wide Financial Analysis

Statement of Net Position

As noted earlier, over time net position may serve as a useful indicator of a government's financial position. In the case of the Agency, assets exceeded liabilities by \$2.4 million at the close of the fiscal year ended September 30, 2022.

The following table reflects the condensed Statement of Net Position for the current year as compared to the prior year:

Net Position		
	<u>Governmental Activities</u>	
	<u>2022</u>	<u>2021</u>
Assets		
Current and Other Assets	\$ 279,450	\$ 381,097
Capital Assets (net)	3,059,824	2,954,980
Total Assets	<u>3,339,274</u>	<u>3,336,077</u>
Liabilities		
Current and Other Liabilities	908,879	990,508
Total Liabilities	<u>908,879</u>	<u>990,508</u>
Net Position		
Net Investment in Capital Assets	2,168,270	1,833,823
Unrestricted	262,125	511,746
Total Net Position	<u>\$ 2,430,395</u>	<u>\$ 2,345,569</u>

The largest portion of the Agency's net position is reflected in the investment in capital assets (e.g., land, buildings, and equipment) less any related outstanding debt used to acquire those assets. Net investment in capital assets totals \$2.17 million, or 65% of all assets, which total \$3.34 million. The Agency uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Agency's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets cannot be used to liquidate the debt. The balance of unrestricted net position totaling \$262 thousand may be used to meet the Agency's ongoing obligations to citizens and creditors, and provide funding for various projects.

**CARVER HEIGHTS/MONTCLAIR AGENCY COMMUNITY REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Statement of Activities

The following table reflects the condensed Statement of Activities for the current year as compared to the prior year.

Changes in Net Position

	Governmental Activities	
	2022	2021
General Revenues		
Property Taxes	\$ 504,871	\$ 410,925
Investment Income	(1,052)	1,929
Program Revenue	3,603	1,490
Miscellaneous	7,000	-
Total Revenues	514,422	414,344
Expenses		
Economic Environment	405,509	225,875
Interest on Long-Term Debt	24,087	25,842
Total Expenses	429,596	251,717
Change in Net Position	84,826	162,627
Net Position - Beginning	2,345,569	2,182,942
Net Position - Ending	\$ 2,430,395	\$ 2,345,569

Financial Analysis of the Agency's Funds

As noted earlier, the Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Agency's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Agency's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The Agency experienced an increase of \$93 thousand in TIF and other revenues, while expenditures increased \$362 thousand due to the majority of capital improvements to the Teen Center occurring in 2020.

Agency Fund Budgetary Highlights

The final Agency Fund expenditures budget of \$517 thousand is an increase over the original budget of \$510 thousand. The change is attributable to approximately \$7 thousand of rollovers from prior years for projects not completed in fiscal year 2020.

Actual revenues and expenditures varied from revised budget estimates in some areas. Expenditures lagged expectations in most areas. The majority of savings were in Economic Environment, with variances of \$183 thousand.

**CARVER HEIGHTS/MONTCLAIR AGENCY COMMUNITY REDEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022**

Capital Assets

Capital assets include land, buildings, improvements other than buildings, intangible assets, vehicles and equipment, infrastructure, and construction in progress. The infrastructure asset category includes long-lived capital assets, typically stationary in nature, such as roads, sidewalks and bridges. At September 30, 2022, the Agency had investments in capital assets of \$3 million (net of accumulated depreciation), a net increase of \$104.8 thousand from the previous year.

There were no significant changes in capital assets in the current year:

	Governmental Activities	
	2022	2021
	Land	\$ 427,726
Buildings	2,789,208	2,626,759
Improvements Other Than Buildings	58,112	58,112
Equipment	85,126	85,126
Infrastructure	263,895	263,895
Construction in Progress	58,780	58,780
	3,682,847	3,463,306
Less: Accumulated Depreciation	623,023	508,326
Capital Assets, Net	\$ 3,059,824	\$ 2,954,980

Additional information on the Agency's capital assets can be found in Note 6 of the financial statements.

Requests for Information

This financial report is designed to present users with a general overview of the Agency's finances and to demonstrate the Agency's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, please contact the Agency's Finance Department at 501 West Meadow Street (P.O. Box 490630), Leesburg, FL, 34749-0630, or call (352) 728-9720.

NOTES TO THE FINANCIAL STATEMENTS

CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting of the Carver Heights/Montclair Area Community Redevelopment Agency, (the Agency) conform to accounting principles generally accepted in the United States (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in GASB's *Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification)*. The more significant of these accounting policies are summarized below.

A. Financial Reporting Entity

The City of Leesburg established the Agency as a component unit of the City pursuant to Section 163.512, Florida Statutes.

The Agency's sole purpose is to administer funds distributed via state law for blighted areas within the City. The Governing Board for the Agency is composed of the City Commission plus two members appointed by the City Commission; therefore, the City Commission has absolute influence over the Agency's board. Additionally, the City provides financial support to the Agency, so a financial benefit/burden relationship exists. In accordance with 163.387, Florida Statutes, the supplemental schedule details the following: the amount and source of revenues, the amount and purpose of expenditures, including the amount of debt principal and interest paid during the current year.

The Agency is an incremental tax district established pursuant to Florida Statutes. The fund accounts for the incremental increase in ad valorem tax revenue collected within the designated community redevelopment area. Operating and Capital Grants and contributions are also received time from time. Revenues must be utilized and expended in accordance with the community redevelopment plan.

B. Recent Governmental Accounting Standards Board (GASB) Statements

The GASB statements implemented by the Agency this fiscal year had little or no impact on the Agency's financial statements.

C. Basic Financial Statements

The basic financial statements include both Government-wide financial statements, including the Statement of Net Position and a Statement of Activities, present information about the Agency as a whole. The Statement of Net Position reports all financial and capital resources of the Agency's activities. It is presented in a net position format and shown with three components: (1) net investment in capital assets; (2) restricted net position; and (3) unrestricted net position.

CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide financial statements are reported using the economic resources measurement focus, and the accrual basis of accounting. Revenues are recognized in the period for which they are levied. When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as needed.

All governmental fund financial statements are reported using a current financial resources measurement focus and a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period, or soon enough thereafter, to be used to pay liabilities of the current period. This period is within 180 days of the end of the fiscal year, and jointly assessed taxes collected through other governments are within 60 days.

Because the focus of governmental fund financials statements differs from the focus of government-wide financial statements, a reconciliation is presented to better identify the relationship between the two types of statements.

The accounting policies and the presentation of the financial report of the Agency have been designed to conform to GAAP as applicable to government units, in accordance with the GASB.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve a portion of the applicable budget appropriation, is utilized by the governmental funds of the Agency. Encumbrances lapse at fiscal year-end.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

1. Cash and Investments - The Agency's cash and cash equivalents include cash on hand, demand deposits, and equity in pooled cash and investments. State statutes require all deposits of the Agency, including demand deposit accounts, time deposit accounts and money market accounts be held in institutions designated by the Treasurer of the State of Florida as "qualified public depositories" and are covered by a collateral pool as required by the statute.

All assets are reported at fair value. For the purpose of the statement of cash flows, the Agency considers cash equivalents to be highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased.

2. Prepaid Items - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The costs of prepaid items are recorded as expenditures when consumed rather than when purchased.

3. Capital Assets - Capital assets, which include land, property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the

**CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

applicable governmental activities' columns in the government-wide financial statements.

Capital asset purchases are recorded as capital outlay expenditures in the fund level governmental funds in the year of acquisition. Property, plant, and equipment with initial, individual costs that equal or exceed \$5,000 with estimated useful lives of over one year are recorded as capital assets. Roads, bridges, and sidewalks are capitalized when their initial costs equal or exceed \$25,000 as long as they possess estimated useful lives of more than one year. For intangible assets, the Agency maintains a \$100,000 threshold for related assets. Capital assets are recorded at historical cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the fair value of the assets or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Infrastructure, buildings, improvements other than buildings, utility plant, and vehicles and equipment are depreciated using the straight-line method over the following estimated useful lives:

Buildings	10 - 50 Years
Improvements Other than Buildings	5 - 50 Years
Utility Plant	10 - 50 Years
Vehicles and Equipment	5 - 50 Years
Infrastructure	15 - 60 Years

Expenditures for repairs and maintenance are expensed when incurred. Additions, major renewals, and replacements that increase the useful lives of the assets are capitalized.

4. **Contributions** - Contributions in the form of cash and capital assets to the governmental activities of the Agency are recognized on the Statement of Activities as revenues in the period they are received. Contributions of capital assets and primarily completed infrastructure from developers are recognized at the fair value at the date of donation. All contributions are reported on the Statement of Activities as program revenues, with operating contributions reported separately from capital contributions.
5. **Restricted Assets** - Assets are reported as restricted in the Government-wide Statement of Net Position when constraints are placed on asset use. The constraints are either: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other

CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

governments; or (2) imposed by law or through constitutional provisions or enabling legislation.

- 6. Long-Term Obligations** - In the Government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

- 7. Fund Balance** - Fund balance is divided into two classifications based primarily on the extent to which the Agency is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

a. Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

b. Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation (Agency ordinances). Enabling legislation authorizes the Agency to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means the Agency can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

- 8. Use of Estimates** - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

NOTE 2 - BUDGET AND BUDGETARY DATA

A. Budget Policy

The Agency, in accordance with the City of Leesburg's code and state law, applies the following procedures in establishing the budgetary data reflected in the accompanying financial statements.

An annual operating budget is prepared by the City of Leesburg administration. This is then reviewed by the City of Leesburg's City Manager, Finance Director, and Budget Manager. In July, the City Manager submits to the City Commission the proposed budget for the ensuing fiscal year.

The operating budget includes proposed expenditures and the means to fund them, as well as a proposed ad valorem millage rate. Public hearings are conducted to obtain taxpayer comments on the proposed budget and ad valorem millage rate. Prior to October 1, the Agency Commission legally enacts the operating budget and sets the ad valorem millage rate by passage of resolutions.

The City Manager is authorized to transfer budgeted amounts within any fund, but may not revise total fund expenditures without the approval of the Agency Commission. The budgetary data presented is in agreement with the originally adopted budget as amended by the Agency Commission.

Formal budgetary integration is employed as a management control device during the year for substantially all funds. Budgets are adopted on a basis consistent with GAAP. Total budgeted appropriations within a governmental fund-type may not be exceeded legally. Appropriations lapse at fiscal year-end. Budget data, when presented in the basic financial statements, is prepared on the same basis of accounting as that prescribed for the fund.

B. Deficit Fund Balance/Net Position

The Agency shows a deficit fund balance at September 30, 2022. This deficit will be corrected as the loan from the City of Leesburg's Electric Fund is paid down.

**CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

NOTE 3 - TAX INCREMENT FINANCING

The primary funding source for the Agency comes from tax-increment financing. Tax Increment Financing often referred to as "TIF" is a method to pay for redevelopment of a slum or blighted area through the increased ad valorem tax revenue resulting from that redevelopment. Once the governing body of the county or municipality enacts an ordinance that provides for the funding of the redevelopment trust fund for the duration of the redevelopment plan, the "increment revenues" are deposited in the Redevelopment Trust Fund.

TIF Revenue is determined by the formula as established in Florida Statutes, Chapter 163, Part III. A base value is established when the Property Appraiser reassessed the property values within the Agency. The Increment Value is the difference between the annual value and the base value. The annual funding of the redevelopment trust fund shall be in an amount not less than that increment in the income, proceeds, revenues, and funds of each taxing authority derived from or held in connection with the undertaking and carry out of community redevelopment under this plan.

Such increment shall be determined annually and shall be that amount equal to 95 percent of the difference between

a. The amount of ad valorem taxes levied each year by each taxing authority, exclusive of any amount from any debt service millage, on taxable real property contained within the geographic boundaries of an agency;

b. The amount of ad valorem taxes which would have been produced by the rate upon which the tax is levied each year by or for each taxing authority, exclusive of any debt service millage, upon the total of the assessed value of the taxable real property in the community redevelopment area as shown upon the most recent assessment roll used in connection with the taxation of such property by each taxing authority prior to the effective date of the ordinance providing for the funding of the trust fund.

TIF Revenues can only be invested to benefit the Agency in which they are generated. The funds deposited in the redevelopment trust fund may be expended only in the redevelopment area pursuant to the approved redevelopment plan in conformance with the requirements of Section 163.387(6), Fla Stat. Section 163.387, Fla Stat provides for a limitation of the pledge of tax increment financing for a term of 30 years after the community redevelopment plan is adopted or amended up to a maximum of 60 years. Section 163.385, Florida Statutes Community redevelopment agencies created after July 1, 2002, are limited to 40 years.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

NOTE 4 - DEPOSITS AND INVESTMENTS

A. Pooling of Cash and Investments

The Agency maintains a cash and investment pool that is available for use. The “Cash and Investments” on the Government-wide financial statements consist of cash and investments owned by the fund and defined as resources that can be liquidated without delay or penalty. Cash and Investments held separately where contractual arrangements and bond covenants require such arrangements are classified as “restricted assets”. Investment earnings are allocated to the individual fund monthly based on the fund’s weighted average monthly cash balance.

As of September 30, 2022, deposits and investments are classified in the accompanying financial statements as follows:

Government-wide Cash and Investments

Statement of Net Position

Pooled Cash and Cash Equivalents	\$ 275,870
Total Cash and Investments	<u>\$ 275,870</u>

Deposits and investments consist of the following:

Governmental Activities

Cash Deposits	\$ 131,571
Investments	<u>144,299</u>
Total Cash and Investments	<u>\$ 275,870</u>

**CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

Primary Government Activities

1. Investments and Investment Practices

The Agency's investment guidelines are defined by City of the Leesburg's Ordinance and a written investment policy that is approved by the City Commission. The investment policies authorize the investment of funds in time deposits or savings accounts of financial institutions approved by the State Treasurer, and obligations of the U.S. Government and its agencies and mutual funds. Investments may also include repurchase agreements and investments in local government investment pools, either state-administered or developed through joint powers statutes and other intergovernmental agreement legislation. Revenue bond covenants also restrict the type and maturities of investments in bond-related funds.

As of September 30, 2022, the Agency had the following investments and maturities:

Investment Type	Investment Maturities (In Years)		
	Fair Value	Less Than	
		1 Year	1- 2 Years
Local Government Investment Pools	\$ 40,965	\$ 40,965	\$ -
U.S. Government and Agencies	83,550	54,266	29,284
Corporate Fixed Income	19,784	12,550	7,234
Total	\$ 144,299	\$ 107,781	\$ 36,518

2. Custodial Credit Risk

As of September 30, 2022, the carrying amount of the Agency's deposits was \$131,571. Monies on deposit with financial institutions in the form of demand deposit accounts and time deposit accounts are defined as public deposits. The entire Agency's public deposits are held in "qualified public depositories" as required by Chapter 280, Florida Statutes, "Security for Public Deposits" (the "Act"), and covered by federal depository insurance. In addition, all qualified public depositories must deposit with the State Chief Financial Officer eligible collateral in such amounts as required by the Act. Qualified public depositories are required under the Act to assume mutual responsibility against loss caused by the default or insolvency of other qualified public depositories of the same type. Should a default or insolvency occur, the State Chief Financial Officer would implement procedures for payment of losses according to the validated claims of the City of Leesburg.

3. Interest Rate Risk

Interest rate risk is the risk that as market rates change, the fair value of an investment will vary. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market interest rates. The Agency's formal investment policy ensures that securities mature to meet operating cash requirements to avoid the need to sell on the open market prior to maturity. In addition, the policy calls for investing operating funds primarily in shorter-term securities, mutual funds or investment pools from which funds can be readily withdrawn without penalty and which limit the average maturity of the portfolio from 90 days to three years. Reserve funds and other funds with longer-term investment horizons

CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

may be invested in securities not exceeding five years. As of September 30, 2022, the weighted average maturity of the Agency's investments was .88 years.

4. Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The risk is generally measured by the assignment of a rating by a nationally recognized statistical rating agency. Authorized investments are outlined in Section 218.415, Florida Statutes, and are generally limited to: (a) the State of Florida Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, as provided in Section 163.01, Florida Statutes; (b) Securities and Exchange Commission registered money market funds with the highest credit quality rating; (c) interest-bearing time deposits or savings accounts in qualified public depositories as defined in Section 280.02, Florida Statutes; and (d) direct obligations of the U.S. Treasury.

5. Concentration of Credit Risk

The Agency's investments are guaranteed by the U.S. Government, or are highly-rated agency, State or corporate debt instruments, or held in FLSAFE, FLCLASS and FP local government investment pools as described below.

6. Local Government Investment Pools

For the fiscal year ended September 30, 2022, the Agency invested in the Florida Surplus Asset Fund Trust (FLSAFE), Florida Cooperative Liquid Assets Securities System (FLCLASS) and Florida Prime (FP) local government investment pools. The investment pools operate under investment guidelines established by Sections 215.47 and 218.415, Florida Statutes. None of the investment pools are registrants with the Securities and Exchange Commission; however, they have adopted operating procedures such that the fair value of the positions in the pools are equal to the value of the pool shares. The Agency's investments in FLSAFE, FLCLASS and FP were rated AAAM by Standard & Poor's.

All three investment pools in which the Agency is a participant have elected to measure their investments at amortized cost. In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the Agency is required to disclose the presence of any limitations or restrictions on withdrawals.

FLCLASS and FLSAFE allow for daily redemptions from their funds. The investment pools may temporarily suspend or postpone the right of redemption under extraordinary circumstances such as (a) war, emergency or act of God; (b) suspension of trading on major stock exchanges or a general banking moratorium; or (c) when an emergency exists such that the investment pools may not dispose of their investments because of substantial losses or it is not reasonably practical for the pools to value their net assets. As of September 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit the Agency's daily access to 100% of the account values.

**CARVER HEIGHTS/MONTCLAIR AREA COMMUNITY REDEVELOPMENT AGENCY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

FP's rules regarding redemption and penalties and redemption fees are governed by Section 218.409, Florida Statutes, which notes that the Executive Director of the FP may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations, limit contributions or withdrawals. The Trustees of the pool may extend this for an additional 15 days. Section 218.409(4), Florida Statutes, provides for the FP to impose penalties for early withdrawal, subject to disclosure in the enrollment materials; at present, no such disclosure has been made. As of September 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit the Agency's daily access to 100% of the account value.

7. Fair Value

The Agency has adopted GASB Statement No. 72, *Fair Value Measurement and Application* (GASB 72). The Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Agency's investments in government and agencies and corporate fixed income are high-quality bonds that are valued using a matrix pricing model (Level 2). Investments in local government investment pools and non-negotiable certificates of deposit are exempt from the GASB 72 fair value hierarchy disclosures per paragraph 69 of GASB 72, and are valued at the Agency's cost and any accrued interest on these investments.

NOTE 5 - ADVANCE FROM THE CITY

On September 10, 2018, the Agency Commission approved a loan from the City of Leesburg Electric Utility Fund to finance the construction of the Leesburg Resource Center by the Agency Fund. The loan in the amount of \$1,200,000 will be repaid over fifteen years with annual repayments at 2.50% interest. The balance of the loan as of September 30, 2022 is \$891,554.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

NOTE 7 – ARBITRAGE REBATE

In accordance with the Tax Reform Act of 1986, any interest earnings on borrowed construction funds in excess of the interest costs are required to be rebated to the federal government.

This is no arbitrage rebate liability as of September 30, 2022.

NOTE 8 – CONTINGENCIES AND COMMITMENTS

The Agency participates in a number of state and federal grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined, although the Agency expects such amounts, if any, to be immaterial.

The Agency is exposed to claims and judgements arising from the normal course of business. The Agency will vigorously defend itself in the event any such matters occur.

NOTE 9 – ENCUMBRANCES

The Agency has no outstanding encumbrances as of September 30, 2022 on various contracts for construction and other projects.

NOTE 10 – RISK MANAGEMENT

The Agency's self-insurance programs are accounted for through the City of Leesburg. Additionally, the Agency maintains insurance coverage for the following exposures:

- General and Automotive Liability
- Property Damage
- Crime
- Public Officials and Employment Practices Liability

Exposures are limited by insurance coverage as noted. Settled insurance claims have not exceeded the self-insured statutory limits in any of the past five years.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and General Fund of the Carver Heights/Montclair Community Redevelopment Agency (the “CRA”) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the CRA’s financial statements and have issued our report thereon dated June 20, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the CRA’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the CRA’s internal control. Accordingly, we do not express an opinion on the effectiveness of the CRA’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the CRA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management of the CRA in a separate management letter and Independent Accountant's Report dated June 20, 2023.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the CRA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the CRA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

We have examined the Carver Heights/Montclair Community Redevelopment Agency's (the "CRA") compliance with the requirements of Sections 163.387(6), 163.387(7) and 218.415, Florida Statutes, during the year ended September 30, 2022. Management is responsible for the CRA's compliance with those requirements. Our responsibility is to express an opinion on the CRA's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the CRA complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the CRA's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the CRA's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the CRA complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

Report on the Financial Statements

We have audited the basic financial statements of the Carver Heights/Montclair Community Redevelopment Agency (the "CRA") as of and for the year ended September 30, 2022, and have issued our report thereon dated June 20, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated June 20, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and communicate the results of our determination as to whether or not the CRA has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the CRA did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the CRA. It is management's responsibility to monitor the CRA's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.38(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.544(1)(i)6, *Rules of the Auditor General*, the CRA reported:

- a. The total number of district employees compensated in the last pay period of the district's fiscal year as 0.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the district's fiscal year as 0.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as 0.
- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$0.
- e. Each construction project with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as \$0.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as \$207,115.

To the Board of Commissioners
Carver Heights/Montclair Community Redevelopment Agency

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the CRA's Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
