INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Mid-Bay Bridge Authority
Okaloosa County, Florida

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Mid-Bay Bridge Authority (Authority), as of and for the years ended September 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Mid-Bay Bridge Authority, as of September 30, 2022 and 2021, and the changes in its financial position, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an

opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the Continuing Disclosure – Bond Series 2015A,B,C, which is presented for purposes of additional analysis and is not a required part of the basic financial statements and our auditors' report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis

**MID-BAY BRIDGE AUTHORITY
OKALOOSA COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022 AND 2021**

This section of the Mid-Bay Bridge Authority's (the "Authority") annual financial report presents the analysis of the Authority's financial performance during the fiscal year ended September 30, 2022.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: management's discussion and analysis, the basic financial statements and supplementary information. The financial statements also include notes that explain in more detail some of the information in the financial statements.

REQUIRED FINANCIAL STATEMENTS

The basic financial statements of the Authority report information about the Authority using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities. The statements of net position include all of the Authority's assets and deferred outflows and liabilities and deferred inflows and provide information about the nature and amounts of investments in resources (assets) and the consumption of resources applicable to a future reporting period (deferred outflows of resources) and the obligations to Authority's creditors (liabilities) and the acquisition of resources applicable to a future period (deferred inflows of resources). It also provides the basis for computing rate of return, evaluating the capital structure of the Authority, and assessing the liquidity and financial flexibility of the Authority. All of the current year revenues and expenses are accounted for in the statements of revenues, expenses and changes in net position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges, profitability, and credit worthiness. The final required financial statement is the statement of cash flows. The primary purpose of this statement is to provide information about the Authority's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments and net changes in cash resulting from operating, investing and financing activities and provide answers to such questions as: from where the cash came, for what was the cash used and what was the change in the cash balance during the reporting period.

FINANCIAL ANALYSIS OF THE AUTHORITY

The financial analysis of the Authority begins on page five. The statements of net position and the statements of revenues, expenses and changes in net position report the net position of the Authority and changes in them. The net position, the difference between assets (and deferred outflows of resources) and liabilities (and deferred inflows of resources), is one way to measure the financial health or financial position. Over time, increases or decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. However, other non-financial factors such as economic conditions, population growth and changing government legislation should be considered.

TOTAL NET POSITION	<u>\$ 71.11</u>	<u>\$ 63.10</u>	<u>\$ 52.87</u>

The decrease in deferred outflows of \$2.92 million is primarily attributable to the amortization of the deferred charges relating to the 2015 bond issue.

The decrease in due to other governments of \$2.98 million is due to net repayments during the year.

The decrease in bonds payable of \$7.92 million is a result of principal repayments per the debt service schedule stated in the bonds.

Toll revenues for the year were \$28,508,932, falling short of both prior year revenues of \$29,859,510 (-5%) and the traffic engineer's forecasted revenues of \$29,500,000 (-3%, but within the margin of error of the projection). The difference is attributed to several factors; including changes to the traffic mix with lower cash/toll-by-plate transactions that carry a higher toll rate, more non-revenue transactions related to the Hurricane Ian toll suspension, and increased accounts qualifying for frequent-user rebates.

CHANGES IN NET POSITION – CONTINUED

While the statements of net position show the change in net position, the statements of revenues, expenses and changes in net position provide answers as to the nature and source of these changes. Since the Authority accounts for recording infrastructure assets utilizing the modified approach under Governmental Accounting Standards Board Statement No. 34, it is required to maintain its infrastructure assets at certain levels. Fluctuations in expense levels from year to year will result based on management's assessment of the needed system preservation (FDOT who possesses, operates and maintains the system in accordance with the Authority's Lease Purchase Agreement). Interest expense and other debt service costs of approximately \$14.20 million and system operations, maintenance and preservation costs of \$4.76 million represent the largest expenses of the Authority.

CHANGES IN NET POSITION – CONTINUED

LONG-TERM DEBT

As of September 30, 2022, the Authority's Series 2015A and 2015C Revenue Bonds remained outstanding. During 2022, the Authority made its scheduled principal and interest payments on the bonds. As of September 30, 2022, the Authority had bonds payable of \$259,756,108.

The Authority is in compliance with all applicable debt covenants contained in the various bond documents. Standard & Poor's (S&P) and Fitch Investor Services (Fitch) have rated the Authority's 2015A bonds as BBB+ and the 2015C bonds as BBB.

ANNUAL BUDGET

During the month of May, the Authority develops an annual proposed budget and holds a public hearing before the citizens of Okaloosa County, Florida. At that time, the Authority adopts a resolution certifying the estimated expenses for the ensuing year. Before June 2, the budget is submitted to the Board of County Commissioners for review, approval and possible modification.

Subsequent budget amendments increasing the total budget must be approved by the Board of County Commissioners. Otherwise, the budget remains in effect the entire year. The budgetary information is not reported in these financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The Mid-Bay Bridge Authority and its traffic and revenue consultant will complete a review and update traffic and revenue projections in fiscal year 2023. Some factors attributed to expected growth include the increased population and traffic for Okaloosa and Walton counties, the sustained military presence, continued ramp-up of traffic on the Spence Parkway, recovery from the effects of the global COVID-19 pandemic, highway constraints and improvements.

CONTACTING THE EXECUTIVE DIRECTOR

This financial report is designed to provide citizens, customers, investors and creditors with a general overview of Mid-Bay Bridge Authority's finances and to demonstrate its accountability for the toll revenues it receives. If you have questions about this report or need additional information, contact Van Fuller, Executive Director of Mid-Bay Bridge Authority, Post Office Box 5037, Niceville, Florida 32578; e-mail address: van.fuller@mid-bay.com; phone number: (850) 897-1428.

OKALOOSA COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2022 AND 2021**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Mid-Bay Bridge Authority, Okaloosa County, Florida (hereinafter referred to as the Authority) was established in October 1986 by legislative action under Chapter 86-465, Laws of Florida. Chapter 2000-411, Laws of Florida, provided legislative intent; amending, codifying and reenacting Chapters 86-465 and 88-542, Laws of Florida; providing for the repeal of all prior special acts related to the Mid-Bay Bridge Authority. The Authority consists of five members, all appointed by the Governor of Florida. The Authority was created for the purpose of planning, constructing, operating and maintaining a bridge system, including a toll bridge, which traverses Choctawhatchee Bay, toll collection facilities, approach roads and interchanges as necessary to the Mid-Bay Bridge.

The Department of Economic Opportunity, as required by the Uniform Special District Accountability Act of 1989 (the Act) (Chapter 189.069, Florida Statutes) and following the definitions set forth therein, compiles the official list of special districts in Florida and considers the Authority a dependent special district in Okaloosa County (County); however, the County does not include the Authority in the County's Annual Financial Report of Units of Local Government, due to the fact that the Authority functions independently of the County. The definitions of the Act differ from the reporting entity definition under accounting principles generally accepted in the United States of America. Based on these principles, the County has determined that the Authority is not part of their reporting entity, and therefore, will not be included in their general-purpose financial statements. The County's relationship with the Authority is limited to approval of the administrative expenses of the Authority and operations and maintenance expenses of the Florida Department of Transportation (FDOT).

The accounting policies of the Authority conform to accounting principles generally accepted in the United States of America and the Uniform Accounting System mandated by Chapter 218.33, Florida Statutes. The following is a summary of the more significant accounting policies of the Authority.

Measurement Focus and Basis of Accounting and Financial Statement Presentation

The term, "measurement focus," is used to denote what is being measured and reported in the Authority's operating statement. The Authority's financial activity is accounted for on the flow of economic resources measurement focus. The fundamental objective of this focus is to measure whether the Authority is better or worse economically as a result of events and transactions of the period.

The term, "basis of accounting," is used to determine when a transaction or event is recognized on the Authority's operating statement. The Authority uses the full accrual basis of accounting. Under this basis, revenues are recorded when earned and expenses are recorded when incurred, even though actual payment or receipt may not occur until after the period ends.

Measurement Focus and Basis of Accounting and Financial Statement Presentation – Continued

The Authority follows the provisions of Governmental Accounting Standards Board Statement No. 34 "*Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*", as amended, which establishes standards for external financial reporting for all state and local government entities, which include and requires presentation of a statement of net position, a statement of revenues, expenses and changes in net position and a statement of cash flows. It requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

- *Net investment in capital assets* – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources attributable to the acquisition, construction or improvement of those assets or related debt are also included in this component of net position. If there are significant unspent related debt proceeds at year end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Instead, that portion of the debt is included in the same net position component as the unspent proceeds.
- *Restricted* – This component of net position consists of restricted assets, other than capital assets, reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported.
- *Unrestricted* – This component of net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Cash and Cash Equivalents

The Authority's cash and cash equivalents, excluding restricted cash, are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Restricted Cash and Investments

Cash and investments held with the Authority's trustee, which have been set aside for certain purposes and repayment of debt, are classified as restricted assets on the statements of net position because their use is limited by applicable debt covenants and project requirements.

Investments are recorded at fair value, except in limited circumstances where cost is required under generally accepted accounting principles.

Due from Other Governments

Due from other governments includes toll receipts yet to be transferred to the Authority from the FDOT. The Authority estimates any uncollectible amounts based on past collection history.

Budgets and Budgetary Accounting

The annual budget is adopted by the Authority; however, the budget is not legally required to be reported for business-type activities and is not included in these financial statements. The Authority's budget is established by the following procedures:

During the month of May, the Authority develops an annual proposed administrative budget and holds a public hearing before the citizens of Okaloosa County. At the time the Authority prepares its annual administrative budget, it adopts a resolution to estimate the amounts expected to be expended by the Authority in the ensuing year. On or before the first day of June, the Chairman of the Authority submits the administrative and FDOT operations and maintenance budgets to the Board of County Commissioners of Okaloosa County. The Board of County Commissioners examines these budgets and the certified copy of the resolution and approves the budgets or may increase or reduce the total amount requested under the provisions in the budgets and resolution for the expenditures. Any budget amendment adopted by the Authority that increases the total budget must be submitted to the Board of County Commissioners for approval.

Capital Assets

Capital assets of the Authority are recorded at either historical cost or estimated historical cost. Donated assets are valued at their estimated acquisition value on the donated. Depreciation of all exhaustible capital assets is charged as an expense against operations. Costs to acquire additional capital assets and to replace existing assets or otherwise prolong their useful lives are capitalized for toll equipment, buildings and furniture and equipment. Under the Authority's policy of accounting for infrastructure assets pursuant to the "modified approach," property costs represent a historical accumulation of costs expended to acquire rights-of-way/easements and to construct, improve and place in operation the various projects and related facilities.

Depreciation is computed using the straight-line method over estimated asset lives as follows:

Buildings	40 years
Improvements	40 years
Equipment	5 years

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Capital Assets – Continued

Under the modified approach, infrastructure assets are considered to be "indefinite lived" assets; that is, the assets themselves will last indefinitely and are, therefore, not depreciated. Costs related to renewal and replacement for these assets are not capitalized, but instead are included in preservation expense.

It is the policy of the Authority to capitalize assets exceeding \$1,000.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of net position include a separate section for *deferred outflows of resources*. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. The Authority has two items that qualify for reporting in this category; deferred charges related to pensions, as more fully described in Note 9 to the financial statements, and deferred charges on refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt on a straight-line basis.

In addition to liabilities, the statements of financial position include a separate section for *deferred inflows of resources*. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The Authority has only one item that qualifies for reporting in this category related to the defined benefit pension plan, as more fully described in Note 9.

Long-Term Obligations

Long-term obligations are reported at face value, net of applicable premiums and discounts.

Bond Premiums and Discounts

Bond premiums and discounts are deferred and amortized on the interest method over the term of the bonds. Unamortized bond discounts and unamortized bond premiums are deducted from and added to, respectively, the principal amounts of the bonds outstanding. These costs are reflected in the accompanying financial statements as a reduction or an increase in gross bonds payable as unamortized deferred amounts.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Net Pension Liability

For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement Systems (FRS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by FRS. For this purpose, benefit payments (including refunds of employee contributions, if any) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Revenues and Expenses

Operating revenues and expenses result from ongoing operations of the toll system. Non-operating revenues and expenses are primarily related to financing and investing type activities.

Restricted funds are used in accordance with the Master Indenture for Trust and primarily involve payments on debt and capital investment/construction. Unrestricted funds are used for any lawful purpose of the Authority.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Events Occurring After Year-End

The Authority has evaluated events and transactions that occurred between September 30, 2022 and March 16, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. DEPOSITS AND INVESTMENTS

Custodial Credit Risk

The Authority maintains its deposits only with qualified public depositories as defined in Chapter 280, Florida Statutes, and in accordance with the master indenture of trust agreement between the Authority and Regions bank. The provisions of this statute generally require public funds to be deposited in a bank or savings association designated by the State Chief Financial Officer as a "Qualified Public Depository". All qualified public depositories must maintain deposit insurance. They also must place with or in the name of the Chief Financial Officer of the State of Florida, collateral in the amount of the greater of the average daily balance of public deposits multiplied by the average monthly balance of public deposits or 125 percent of the average daily balance of public deposits greater than capital. Collateral requirements may be increased according to statute if specified conditions exist. Eligible collateral includes federal, federally guaranteed, state and local government obligations and corporate bonds. In the event of default by a qualified public depository, excess losses over insurance and collateral will be recovered through assessments to all qualified public depositories of the same type as the depository in default. Under this method, all Authority deposits, including certificates of deposit, are considered fully insured.

At September 30, 2022, the Authority's cash totaled \$35,484,080, which is presented as \$35,246,354 of restricted cash, and \$237,726 of unrestricted cash in the statement of net position.

At September 30, 2021, the Authority's cash totaled \$32,940,933, which is presented as \$32,777,130 of restricted cash, and \$163,803 of unrestricted cash in the statement of net position.

2. DEPOSITS AND INVESTMENTS – CONTINUED

Custodial Credit Risk – Continued

Unless otherwise authorized by law or by ordinance, the Authority is authorized, under Chapter 218.415, Florida Statutes, to invest and reinvest surplus public funds in its control or possession, in accordance with resolutions to be adopted from time to time, in:

- The Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Inter-local Cooperation Act as provided in Chapter 163.01, Florida Statutes.
- Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency.
- Interest-bearing time deposits or savings accounts in qualified public depositories as defined in Chapter 280.02, Florida Statutes.
- Direct obligations of the United States Treasury.
- Federal agencies and instrumentalities.
- Securities of or other interests in any open-end or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940, 15 U.S.C. ss. 80a-1 et seq., as amended from time to time, provided the portfolio of such investment company or investment trust is limited to United States Government obligations or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States Government obligations and provided such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian.
- Other investments authorized by resolution.

2. DEPOSITS AND INVESTMENTS – CONTINUED

Interest rate risk

In accordance with the master indenture of trust agreement between the Authority and Regions bank, the exposure to declines in fair value of investments outside of the pools is managed by matching the investments to a specific cash flow requirement.

Credit risk

As of September 30, 2022 and 2021, Standard and Poor's rated the investment in Israel bonds AAA, fully guaranteed by the United States. The Authority is also authorized to enter into investment agreements with any bank or other financial institution, the unsecured debt of which is rated in either of the two highest full rating categories by a rating agency.

Concentration of credit risk

The Authority does not have a policy for the diversification of the investment portfolio.

The Authority had the following investment at September 30, 2022:

Security Type	<u>Fair Value</u>	<u>Weighted Average Duration (Years)</u>	<u>Credit Rating</u>	<u>Percentage of Portfolio</u>
Israel Coupon Bonds	\$ 23,345,638	4 years	AAA	100%

The Authority had the following investment at September 30, 2021:

Security Type	<u>Fair Value</u>	<u>Weighted Average Duration (Years)</u>	<u>Credit Rating</u>	<u>Percentage of Portfolio</u>
Israel Coupon Bonds	\$ 25,636,399	4 years	AAA	100%

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 *Fair Value Measurements* are described as follows:

- Level 1 – Applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities. These valuations represent quoted prices in the active markets, and therefore, do not require significant management judgement.
- Level 2 – Applies to assets or liabilities for which there are inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, for the asset or liability such as: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in less active markets; or other inputs that can be derived principally from, or corroborated by, observable market data.
- Level 3 – Valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

As of September 30, 2022	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Fixed income	\$ -	\$ 23,345,638	\$ -	\$ 23,345,638

As of September 30, 2021	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Fixed income	\$ -	\$ 25,636,399	\$ -	\$ 25,636,399

The following methods and assumptions were used to estimate the fair value for each class of investment, measured at fair value:

- Fixed income – Investments in debt securities which are comprised of direct bond holdings. As of September 31, 2022 and 2021, the investments are classified as Level 2 as the measurement of fair value was estimated to be the present value of expected future cash flows.

6. IN-KIND CONSIDERATION ESCROW AGREEMENT

Through a Grant of Easement, the United States of America, acting by and through the Secretary of the Air Force, granted and conveyed to the Authority a nonexclusive easement for a term of 50 years, for approximately 597 acres on Eglin Air Force Base in Okaloosa County for the Spence Parkway limited access roadway, associated storm water retention basins and modification of existing roads. As consideration, the Authority deposited a total of \$26,690,000 into an interest-bearing In-kind Consideration Account (ICA) to be used to fund projects selected by the Air Force, performed services in-kind, and completed \$3,800,000 in Okaloosa Darter Restoration work. Accordingly, the Authority has reported \$27,134,717 as a non-depreciable capital asset – Air Force easement. As part of this agreement, the Authority was entitled to receive payment of a reasonable fee for supervision of work and administration of the ICA not to exceed 3% of the project cost. The last project payment was completed, and the ICA was closed on September 24, 2018. The Authority satisfied all its obligations for work for the Air Force nonexclusive easement and final amendment was approved in September 2021.

7. LEASE-PURCHASE AGREEMENT

The Authority entered into a lease-purchase agreement with the State of Florida Department of Transportation (FDOT), which in 2015 was rewritten and reaffirmed to accommodate the issuance of the Series 2015 Bonds under the Master Indenture of Trust. The FDOT possesses, maintains and operates the Mid-Bay Bridge Authority System and collects and remits all tolls to the Authority. The tolls deposited with the Trustee, as well as payment of the Cost of Operation and the Cost of Maintenance, with respect to the System, are both considered the payments for the lease by the FDOT and Authority. Upon the payment of the outstanding bonds and amounts owed to the FDOT, the Authority's system ownership will transfer to the FDOT. Accounting principles generally accepted in the United States of America require that a lease of this nature be recorded based on its substance rather than its form. Therefore, the bridge system has been recorded under the caption "infrastructure."

Advanced Refunding

In June 2015, the Authority issued \$227,040,000, \$24,500,000 and \$33,500,000 of Series 2015A, Series 2015B and Series 2015C bonds (Series 2015 Bonds), respectively, to provide: (i) resources placed in escrow for the purpose of generating resources for full payment of the Authority's Revenue Refunding Bonds, Series 1993A, Capital Appreciation Bonds, Series 1997A, Revenue Bonds, Series 2007A and 2007B, Revenue Refunding Bonds, Series 2008A and Springing Lien Revenue Bonds, Series 2011A and 2011B (collectively, the "Refunded Bonds"), including paying the purchase price of certain of the Refunded Bonds tendered for purchase; (ii) monies necessary to fund the 1st and 2nd Senior Lien Bonds Reserve Funds; and (iii) funding certain costs of issuance relating to the Series 2015 Bonds.

Debt service requirements of the Refunded Bonds totaled \$546,687,940; debt service for the Series 2015 Bonds totaled \$508,753,070, resulting in a cash flow savings of \$37,934,870. After paying debt issuance costs of \$2,299,639, there was a net present value savings of \$3,387,330.

The Refunded Bonds were defeased, and the liability was removed from the statements of net position. The difference between the reacquisition price and the net carrying amount of the Refunded Bonds at the time of refunding resulted in a deferred charge on refunding, which is reported as a deferred outflow on the statements of net position and is being amortized over the shorter of the life of the new debt or the remaining life of the old debt at the time of refunding. As of September 30, 2022, the unamortized deferred outflow on refunding totaled \$48,097,205 consisting of \$47,626,056 of unamortized losses associated with the 2015 advanced refunding and \$471,149 of unamortized losses from prior refunding. Amortization expense of the deferred outflow totaled \$2,929,089 for the year ended September 30, 2022, and is included in interest expense on the statements of revenues, expenses and changes in net position.

Of the defeased bond issues for which the Authority has no liability, the following amounts are outstanding at September 30, 2022:

Revenue Bonds, Series 1991A	\$ 6,080,000
Revenue Bonds, Series 1993D	2,960,000
	2,960,000
Total defeased debt	\$ 9,040,000

These defeased bond issues matured on October 1, 2022.

Debt Covenant Requirements

There are a number of limitations and restrictions contained in the Master Indenture of Trust. Management is of the opinion that the Authority is in compliance with all significant limitations and restrictions.

The Authority's outstanding notes from other borrowings related to business type activities are secured with collateral of revenue and reserve funds. The outstanding notes from direct borrowings related to business type activities contain (1) a provision that in an event of default, the timing of repayment of outstanding amounts become immediately due if pledged revenues during the year are less than 120 percent of debt service coverage due in the following year and (2) a provision that if the Authority is unable to make a payment, outstanding amounts are due immediately. The Authority's outstanding notes from other borrowings related to business type activities contain a subjective acceleration clause that allows the lender to accelerate payment of the entire principal amount to become immediately due if the lender determines that a material adverse change occurs.

9. FLORIDA RETIREMENT SYSTEM

All of the Authority's employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost-sharing, multiple employer-defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan"). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan ("Investment Plan") alternative to the FRS Pension Plan, which is administered by the State Board of Administration ("SBA"). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the state of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The state of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the website: www.dms.myflorida.com

Pension Plan

Plan Description

The Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees.

Benefits Provided

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular and Senior Management Service class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

9. FLORIDA RETIREMENT SYSTEM – CONTINUED

Pension Plan – Continued

Benefits Provided – Continued

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with an FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2021 through June 30, 2022 and from July 1, 2022 through September 30, 2022, respectively, were as follows: Regular—10.82% and 11.91% and Senior Management Service—29.01% and 31.57%. These employer contribution rates include 1.66% HIS Plan subsidy for the periods October 1, 2021 through June 30, 2022, and from July 1, 2022 through September 30, 2022.

The Authority's contributions, including employee contributions, to the Pension Plan totaled \$33,358 for the fiscal year ended September 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2022, the Authority reported a liability of \$290,871, for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The Authority's proportion of the net pension liability was based on the Authority's long-term share of the contributions to the FRS relative to the contributions of all participating governments. At June 30, 2022, the Authority's proportionate share was 0.000781743 percent, which was a decrease of 0.000021968 percent from its proportionate share measured as of June 30, 2021.

Actuarial Assumptions

The total pension liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumption, applied to all periods included in the measurement:

Inflation	2.40%
Salary increases	3.25%, average, including inflation
Investment rate of return	6.70%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.00%	2.60%	2.60%	1.10%
Fixed income	19.80%	4.40%	4.40%	3.20%

Discount Rate

The discount rate used to measure the total pension liability was 6.70%. The Pension Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Authority’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate

The following represents the Authority’s proportionate share of the net pension liability calculated using the discount rate of 6.70%, as well as what the Authority’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.70%) or one percentage point higher (7.70%) than the current rate:

	1% Decrease (5.70%)	Current Discount Rate (6.70%)	1% Increase (7.70%)

HIS Plan

Plan Description

The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended September 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

HIS Plan – Continued

Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2022, the HIS contribution for the period October 1, 2021 through June 30, 2022, and from July 1, 2022 through September 30, 2022, was 1.66%. The Authority contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The Authority's contributions to the HIS Plan totaled \$3,002 for the fiscal year ended September 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2022, the Authority reported a liability of \$52,547 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The Authority's proportion of the net pension liability was based on the Authority's long-term share of the contributions to the HIS relative to the contributions of all participating governments. At June 30, 2022, the Authority's proportionate share was 0.000496118 percent, which was a decrease of 0.000010074 percent from its proportionate share measured as of June 30, 2021.

For the fiscal year ended September 30, 2022, the Authority recognized pension income of \$672. In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,594	\$ 230

Actuarial Assumptions

The total pension liability in the July 1, 2022, actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

Inflation	2.40%
Salary increases	3.25%, average, including inflation
Investment rate of return	3.54%

Mortality rates were based on the Generational PUB-2010 with Projection Scale of MP-2018.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount Rate

The discount rate used to measure the total pension liability was 3.54%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

10. RISK MANAGEMENT

The Authority is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority purchases insurance through commercial carriers and participates in the Florida Municipal Liability Self Insurers Program, which is a public entity risk pool. Coverage through the Florida Municipal Liability Self Insurers Program includes Workers Compensation and is self-sustained through members’ premiums. The remaining insurance coverage, which includes, but is not limited to Property, Flood, Machinery, Fiduciary, and Director’s and Officer’s liability is purchased from a commercial carrier.

The State of Florida, Department of Transportation, also carries Bridge, Property, Terrorism including Sabotage, and Business Interruption Insurance on the Mid-Bay Bridge Authority System.

The Authority does not retain a risk of loss as a participant in the public entity municipal pool. The Authority maintains minimal deductibles for insurance policies purchased through various commercial carriers.

There has been no significant reduction in insurance coverage from the prior fiscal year. Insurance coverage has been sufficient to cover all claims made in the prior three fiscal years.

TREND DATA ON INFRASTRUCTURE CONDITION
SEPTEMBER 30, 2022**

Infrastructure

The Authority has elected to use the Modified Approach to account for maintenance of its infrastructure assets. The Florida Department of Transportation (the "FDOT") annually inspects the Authority's system and assesses its roadway maintenance, pavement condition and bridge condition.

Roadway Maintenance

The FDOT assesses roadway maintenance performance through its Maintenance Rating Program (MRP). Copies of the MRP manual may be obtained from the State Maintenance Office, 605 Suwannee Street, Mail Station 52, Tallahassee, FL 32399-0450. The MRP manual provides a uniform evaluation system for maintenance features of the State Highway System. The roadways are rated on a 100-point scale, with 100 meaning that every aspect of the roadway is in new and perfect condition. The Authority's roadways are given an overall rating indicating the average maintenance status of its roadways. The assessment of maintenance is made by visual and mechanical tests designed to reveal any condition that would reduce highway-user benefits below the maximum level of service. The Florida Transportation Commission's policy is to maintain tolled facility maintenance at an MRP rating of 90 or better.

Maintenance Rating Program results for the past five years were as follows:

<u>Year</u>	<u>Rating</u>
2022	89
2021	94
2020	91
2019	97
2018	94

The 2022 rating is slightly below the Florida Transportation Commission performance standard due to required maintenance of unpaved shoulders and front slopes on the Spence Parkway. The FDOT maintenance contractor is addressing the discrepancy.

Pavement Condition

With 100% of its System's lane miles rated "good," the Mid-Bay Bridge Authority's system pavement condition exceeds the Florida Transportation Commission's performance measure requiring greater than 85% of lane miles with pavement condition rated "excellent" or "good." Resurfacing projects are programmed for Danny Wuerffel Way in 2025 and the Spence Parkway from the Mid-Bay Bridge to Range Road in 2026.

See independent auditors' report on required supplementary information.

TREND DATA ON INFRASTRUCTURE CONDITION – CONTINUED
SEPTEMBER 30, 2022**

Pavement Condition – Continued

Pavement Condition performance ratings for the past five years were as follows:

<u>Year</u>	<u>Rating</u>
2022	100%
2021	100%
2020	100%
2019	100%
2018	100%

Bridge Performance

The Florida Transportation Commission performance measure requires greater than 95% of bridge structures be rated “excellent” or “good.” The Mid-Bay Bridge Authority system exceed its goal with 100% of its bridges being rated as “excellent” or “good” due to inspection results and required repairs. Required pier spall repairs drive the rating. The project to address the work is scheduled for 2023.

Bridge performance ratings for the past five years were as follows:

<u>Year</u>	<u>Rating</u>
2022	92%
2021	100%
2020	100%
2019	100%
2018	100%

Maintenance and Preservation

The difference between budgeted and actual expenses in 2022 is attributed to the delay in execution of a bridge repair project.

The budget-to-actual expenditures for maintenance and preservation for the past five years were as follows:

<u>Fiscal Year</u>	<u>Budget</u>	<u>Actual</u>
2022	1,963,000	832,000
2021	2,482,000	1,287,000
2020	1,050,000	4,989,000
2019	874,000	6,570,000
2018	359,000	289,000

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

To the Board of Directors
Mid-Bay Bridge Authority
Okaloosa County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Mid-Bay Bridge Authority (Authority), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated March 16, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly,

we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' MANAGEMENT LETTER

To the Board of Directors
Mid-Bay Bridge Authority
Okaloosa County, Florida

Report on Financial Statements

We have audited the financial statements of Mid-Bay Bridge Authority, as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated March 16, 2023.

Auditors' Responsibility

We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in these reports, which are dated March 16, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 to the financial statements for disclosure. Mid-Bay Bridge Authority has no component units.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Mid-Bay Bridge Authority has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Mid-Bay Bridge Authority did not meet any of the conditions described in the Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Mid-Bay Bridge Authority. It is management's responsibility to monitor the Mid-Bay Bridge Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Mid-Bay Bridge Authority reported:

The total number of district employees compensated in the last pay period of the district's fiscal year as two.

The total number of independent contractors to whom nonemployee compensation was paid in the last month of the district's fiscal year as three.

All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$186,886.

All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$99,347.

Each construction project with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as none.

A budget variance based on the budget adopted under Sections 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as none.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT
ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415,
FLORIDA STATUTES, LOCAL GOVERNMENT INVESTMENT POLICIES**

To the Board of Directors
Mid-Bay Bridge Authority
Okaloosa County, Florida

We have examined Mid-Bay Bridge Authority's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2022. Management is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.
