## **INDEPENDENT AUDITORS' REPORT**

To the Board of Supervisors  
The Palace at Coral Gables Community Development District  
Miami-Dade County, Florida

### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of The Palace at Coral Gables Community Development District (hereinafter referred to as "District"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budget to actual comparison information on pages 4 - 8 and 25 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our

inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 26, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## **Management's Discussion and Analysis**

## The Palace at Coral Gables Community Development District Management's Discussion and Analysis

Our discussion and analysis of The Palace at Coral Gables Community Development District's financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2022. Please read it in conjunction with the District's financial statements, which begin on page 9.

### FINANCIAL HIGHLIGHTS

- At September 30, 2022, the liabilities and deferred inflows of resources of the District exceed its assets by approximately \$1.3 million (deficit).
- During the fiscal year ended September 30, 2022, the District paid principal and interest expenditures of \$210,000 and approximately \$422,000, respectively.

### USING THE ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities on pages 9 – 10 provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements start on page 11. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

#### ***Reporting the District as a Whole***

Our analysis of the District as a whole begins on page 5. One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and related changes during the current year. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position is one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors; however, such as changes in the District's assessment base and the condition of the District's infrastructure, to assess the overall health of the District.

## The Palace at Coral Gables Community Development District Management’s Discussion and Analysis

### **Reporting the District’s Most Significant Funds**

Our analysis of the District’s major funds begins on page 6. The fund financial statements begin on page 11 and provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be established by State law and by bond covenants. All of the District’s funds are governmental fund-types.

- *Governmental funds* – All of the District’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. The governmental fund statements provide a detailed short-term view of the District’s general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District’s programs.

### THE DISTRICT AS A WHOLE

The following table reflects the condensed Statement of Net Position and is compared to the prior year.

<i>September 30,</i>	<b>2022</b>	<b>2021</b>	<b>Change</b>
<b>Assets</b>			
Current and other assets	\$ 696,075	\$ 728,994	\$ (32,919)
Capital assets, net	5,858,750	6,002,216	(143,466)

<b>Total net position (deficit)</b>	<b>(1,280,682)</b>	<b>(1,317,328)</b>	<b>36,646</b>
<b>Total liabilities, deferred inflows of resources, and net position</b>	<b>\$ 6,554,825</b>	<b>\$ 6,731,210</b>	<b>\$ (176,385)</b>

For more detailed information, see the accompanying Statement of Net Position.

## The Palace at Coral Gables Community Development District Management's Discussion and Analysis

During the fiscal year ended September 30, 2022, total assets and liabilities decreased by approximately \$176,000 and \$210,000, respectively. The decrease in assets is primarily a result of depreciation on capital assets. The decrease in liabilities is primarily due to the repayment of outstanding long-term bond principal.

The following schedule compares the Statement of Activities for the current and previous fiscal year.

<i>For the year ended September 30,</i>	<b>2022</b>	<b>2021</b>	<b>Change</b>
<b>Revenue:</b>			
Program revenue:			
Charges for services	\$ 586,638	\$ 433,375	\$ 153,263
Grants and contributions	73,353	182,247	(108,894)
<b>Total revenue</b>	<b>659,991</b>	<b>615,622</b>	<b>44,369</b>
<b>Expenses:</b>			
General government	62,716	60,025	2,691
Unallocated depreciation	143,466	143,466	-
Interest	417,163	425,914	(8,751)
<b>Total expenses</b>	<b>623,345</b>	<b>629,405</b>	<b>(6,060)</b>
Change in net position	36,646	(13,783)	50,429
Net position (deficit), beginning of year	(1,317,328)	(1,303,545)	(13,783)
<b>Net position (deficit), ending of year</b>	<b>\$ (1,280,682)</b>	<b>\$ (1,317,328)</b>	<b>\$ 36,646</b>

For more detailed information, see the accompanying Statement of Activities.

Revenue increased over the prior year by approximately \$44,000, while expenses remained largely unchanged from the prior year. The increase in revenue was primarily due to the increase in shortfall coverage off-roll assessments received from the Developer. The overall result was a \$36,646 increase in net position for the fiscal year 2022.

### THE DISTRICT'S FUNDS

As the District completed the year, its governmental funds (as presented in the balance sheet on page 11) reported a combined fund balance of \$681,724, which is a decrease from last year's balance that totaled \$716,761. Significant transactions are discussed below.

- The District paid principal and interest expenditures of \$210,000 and approximately \$422,000, respectively.

The overall decrease in fund balance for the year ended September 30, 2022 totaled approximately \$35,000.

# The Palace at Coral Gables Community Development District Management's Discussion and Analysis

## CAPITAL ASSET AND DEBT ADMINISTRATION

### **Capital Assets**

At September 30, 2022, the District had approximately \$5.9 million invested in capital assets (net of accumulated depreciation). This amount represents a decrease of approximately \$143,000 from the fiscal year 2021 total.

A listing of capital assets by major category for the current and prior year follows:

<i>September 30,</i>	<b>2022</b>	<b>2021</b>	<b>Change</b>
Capital assets being depreciated	\$ 7,173,302	\$ 7,173,302	\$ -
Accumulated depreciation	(1,314,552)	(1,171,086)	(143,466)
<b>Net capital assets</b>	<b>\$ 5,858,750</b>	<b>\$ 6,002,216</b>	<b>\$ (143,466)</b>

More information about the District's capital assets is presented in Note 3 to the financial statements.

### **Debt**

At September 30, 2022, the District had approximately \$7.6 million of bonds outstanding. This amount represents a decrease of \$210,000 from the fiscal year 2021 total.

A listing of debt amounts outstanding for the current and prior year is as follows:

<i>September 30,</i>	<b>2022</b>	<b>2021</b>	<b>Change</b>
Series 2011	\$ 7,635,000	\$ 7,845,000	\$ (210,000)
	<b>\$ 7,635,000</b>	<b>\$ 7,845,000</b>	<b>\$ (210,000)</b>

More information about the District's long-term debt is presented in Note 4 to the financial statements.

## GOVERNMENTAL FUNDS BUDGETARY HIGHLIGHTS

An Operating budget was established by the governing board for the District pursuant to the requirements of Florida Statutes. The budget to actual comparison for the general fund, including the original budget and final adopted budget, is shown at page 25.

The District experienced an unfavorable variance in revenue and a favorable variance in expenditures as compared to the budget in the amount of approximately \$9,000. The variance in expenditures and related variance in developer contributions occurred primarily due to anticipated legal expenditures which were not incurred during the year.

# **The Palace at Coral Gables Community Development District Management's Discussion and Analysis**

## **FUTURE FINANCIAL FACTORS**

The Palace at Coral Gables Community Development District is an independent special district that operates under the provisions of Chapter 190, Florida Statutes. The District operates under an elected Board of Supervisors, which establishes policy and sets assessment rates. Developer contribution amounts for fiscal year 2023 will be calculated to provide for the operations of the District as well as the necessary debt service requirements.

## **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of the District's finances. If you have questions about this report or need additional financial information, contact The Palace at Coral Gables Community Development District's management company at 3501 Quadrangle Blvd., Suite 270, Orlando, Florida 32817.

## **The Palace at Coral Gables Community Development District Notes to Financial Statements**

### **NOTE 1: NATURE OF ORGANIZATION**

The Palace at Coral Gables Community Development District (the “District”) was created on July 30, 2010 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, by Miami-Dade County Ordinance #10-49. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by a Board of Supervisors (“Board”), which is comprised of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. As of November 6, 2018, certain Supervisor seats qualified for general election by the registered voters who reside in the District. A majority of the supervisors are affiliated with The Palace Management Group, LLC, the Developer. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the final responsibility for:

1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include or exclude a potential component unit in the reporting entity was made by applying the criteria set forth by Generally Accepted Accounting Principles (GAAP) as defined by the Governmental Accounting Standards Board (GASB). Based on the foregoing criteria, no potential component units were found.

### **NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the District conform to GAAP as applicable to governments in accordance with those promulgated by GASB. The following is a summary of the more significant policies:

#### ***Government-wide and Fund Financial Statements***

The basic financial statements include both government-wide and fund financial statements.

## **The Palace at Coral Gables Community Development District Notes to Financial Statements**

### **NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by assessments, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The business-type activities are reported separately in government-wide financial statements; however, at September 30, 2022, the District did not have any significant business-type activities. Therefore, no business-type activities are reported. Assessments and other items not properly included as program revenues (i.e., charges to customers or applicants who purchase, use, or directly benefit from goods or services) are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### ***Measurement Focus, Basis of Accounting and Basis of Presentation***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and other similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments, including debt service assessments along with operation and maintenance assessments, are non-ad valorem special assessments imposed on all lands located within the District and benefited by the District's activities, operation and maintenance. Assessments are levied and certified for collection by the District prior to the start of the fiscal year which begins October 1<sup>st</sup> and ends on September 30<sup>th</sup>. Operation and maintenance special assessments are imposed upon all benefited lands located in the District. Debt service special assessments are imposed upon certain lots and lands as described in each resolution imposing the special assessment for each series of bonds issued by the District.

## The Palace at Coral Gables Community Development District Notes to Financial Statements

### NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Developer contributions, net parking revenue and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

General Fund – The General Fund is the primary operating fund of the District. It is used to account for all financial resources except those required to be accounted for in other funds.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

For the year ended September 30, 2022, the District does not report any proprietary funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, or unassigned resources are available for use in the governmental fund financial statements, it is the government's policy to use committed resources first, followed by assigned resources, then unassigned resources as needed.

#### ***Cash, Deposits and Investments***

The District maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all the District's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40, *Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3)*.

The District is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others, direct obligations of the United States Treasury; the Local Government Surplus Funds Trust as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

## **The Palace at Coral Gables Community Development District Notes to Financial Statements**

### **NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### ***Capital Assets***

Capital assets, which include primarily infrastructure assets (e.g., roads, sidewalks, water management systems and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial/individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost and estimated historical cost if purchased or constructed. Donated assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the primary government are depreciated using the straight-line method over the estimated useful lives. Estimated useful lives for financial reporting purposes are as follows: infrastructure - parking garage: 50 years.

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

#### ***Long-Term Obligations***

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line or effective interest method. Bonds payable are reported net of these premiums or discounts. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as current period expenses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### ***Deferred Outflows/Inflows of Resources***

In addition to assets, the statement of net position and/or balance sheet – governmental funds will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any of this type of item at September 30, 2022.

## **The Palace at Coral Gables Community Development District Notes to Financial Statements**

### **NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In addition to liabilities, the statement of net position and/or balance sheet – governmental funds will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item, included in deferred revenue which qualifies for reporting in this category. Deferred revenue represents contributions received from the developer relating to items considered expenditures of the next fiscal year.

#### ***Fund Equity***

Net position in the government-wide financial statements represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources and is categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents assets related to infrastructure and property, plant and equipment, net of any related debt.

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned. Nonspendable fund balance cannot be spent because of its form. Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions. Committed fund balance is a limitation imposed by the District board through approval of resolutions. Assigned fund balance is a limitation imposed by a designee of the District board. Unassigned fund balance in the General Fund is the net resources in excess of what can be properly classified in one of the above four categories. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes.

#### ***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### ***Budgets***

The District is required to establish a budgetary system and an approved annual budget. Annual budgets are legally adopted on a basis consistent with GAAP for the General Fund. Any revision to the budget must be approved by the District Board. The budgets are compared to actual expenditures. In instances where budget appropriations and estimated revenues have been revised during the year, budget data presented in the financial statements represent final authorization amounts.

## **The Palace at Coral Gables Community Development District Notes to Financial Statements**

### **NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- B. A public hearing is conducted to obtain comments.
- C. Prior to October 1, the budget is legally adopted by the District Board.
- D. All budget changes must be approved by the District Board.
- E. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

#### ***Subsequent Events***

Management has evaluated subsequent events through the date the financial statements were available to be issued, July 26, 2023, and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

#### ***Recently Issued and Implemented Accounting Pronouncements***

In June 2017, the GASB issued Statement No. 87, Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The implementation of this statement did not have a significant impact on the District's financial statements.

**The Palace at Coral Gables Community Development District  
Notes to Financial Statements**

**NOTE 3: CAPITAL ASSETS**

The following is a summary of changes in the capital assets for the year ended September 30, 2022:

	Beginning Balance	Additions	Transfers and Conveyances	Ending Balance
<b>Governmental Activities:</b>				
<i>Capital assets being depreciated</i>				
Infrastructure- parking garage	\$ 7,173,302	\$ -	\$ -	\$ 7,173,302
Total capital assets, being depreciated	7,173,302	-	-	7,173,302
<i>Less accumulated depreciation</i>				
Infrastructure- parking garage	1,171,086	143,466	-	1,314,552
Total accumulated depreciation	1,171,086	143,466	-	1,314,552
Total capital assets, being depreciated, net	6,002,216	(143,466)	-	5,858,750
Governmental activities capital assets, net	\$ 6,002,216	\$ (143,466)	\$ -	\$ 5,858,750

Depreciation expense of \$143,466 at September 30, 2022 was unallocated on the Statement of Activities.

**NOTE 4: BONDS PAYABLE**

In July 2011, the District issued \$9,470,000 of Special Assessment Revenue Bonds, Series 2011, with interest rates that range from 2.0% to 5.625%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is due semiannually on each May 1 and November 1. Principal on the Series 2011 Bonds is due serially commencing on May 1, 2013 through May 1, 2042.

Long-term liability activity for the year ended September 30, 2022, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<i>Governmental Activities</i>					
Bonds Payable:					
Series 2011	\$ 7,845,000	\$ -	\$ (210,000)	\$ 7,635,000	\$ 225,000
	\$ 7,845,000	\$ -	\$ (210,000)	\$ 7,635,000	\$ 225,000

**The Palace at Coral Gables Community Development District  
Notes to Financial Statements**

**NOTE 4: BONDS PAYABLE (Continued)**

The balance of the long-term bonds at September 30, 2022 is summarized as follows:

<i>September 30,</i>	<b>2022</b>
Bond principal balance	\$ 7,635,000
Add unamortized bond premium	14,567
	<u>\$ 7,649,567</u>

At September 30, 2022, the scheduled debt service requirements on long-term debt were as follows:

<i>For the year ending September 30,</i>	<b>Principal</b>	<b>Interest</b>	<b>Total Debt Service</b>
2023	\$ 225,000	\$ 411,813	\$ 636,813
2024	235,000	400,563	635,563
2025	245,000	388,813	633,813
2026	260,000	376,563	636,563
2027	275,000	363,563	638,563
2028 - 2032	1,585,000	1,598,813	3,183,813
2033 - 2037	2,070,000	1,132,594	3,202,594
2038 - 2042	2,740,000	479,531	3,219,531
	<u>\$ 7,635,000</u>	<u>\$ 5,152,253</u>	<u>\$ 12,787,253</u>

The Bond Indenture has certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedure to be followed by the District on assessments to property owners. The District agreed to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is in compliance with the requirements of the bond indenture.

The Bond Indenture requires that the District maintain adequate funds in the reserve account to meet the debt service reserve requirement as defined in the Indenture. The District was in compliance with the requirements at September 30, 2022.

## **The Palace at Coral Gables Community Development District Notes to Financial Statements**

### **NOTE 5: PUBLIC PARKING GARAGE REVENUE**

The Developer leased certain property from the City of Coral Gables, Florida ("City") for the development of a multi-level parking facility ("Parking Garage"). A portion of the construction of the Parking Garage was funded by the District. Pursuant to a sublease between the City, the Developer, and the District, 337 of the available 554 spaces in the Parking Garage comprise the public parking component. The District has leased these spaces from the Developer for 120 months, but the lease contains no obligation for the District to make any ongoing rent payments. The sublease term is consistent with the Master Lease term of 30 years. The District has not reported a lease obligation in these financial statements because it owes no future rent payments in connection with the parking garage lease.

In connection with the sublease, the District has entered into a separate agreement with the Developer to manage the public parking component of the Parking Garage. This agreement includes duties such as collection of parking revenues, maintenance of the parking areas, performance of accounting services, and employment of personnel for the operation of the public parking component. The Developer is required by the management agreement to pay the revenues generated by the public parking component to the District after deducting expenses including sales tax, credit card fees, a management fee and 60% of the shared operating expenses. During the year ended September 30, 2022, the Developer reported a total of \$72,104 of net parking revenues to the District. A total of \$39,740 is receivable at year-end as reflected on the accompanying Statement of Net Position and Balance Sheet – Governmental Funds.

### **NOTE 6: RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District maintains commercial insurance coverage to mitigate the risk of loss. Coverage may not extend to all situations. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in the previous three years.

### **NOTE 7: MANAGEMENT COMPANY**

The District has contracted with a management company to perform management advisory services, which include financial and accounting advisory services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs.

## **The Palace at Coral Gables Community Development District Notes to Financial Statements**

### **NOTE 8: CONCENTRATION**

A significant portion of the District's activity is dependent upon the continued involvement of the Developer, The Palace Management Group, LLC, the loss of which could have a material adverse effect on the District's operations.

The Developer has agreed to fund the general fund operations of the District. In connection with that agreement, Developer contribution revenue for the year ended September 30, 2022 totaled \$62,715, of which \$7,973 is recorded as due from developer on the accompanying Statement of Net Position and Balance Sheet - Governmental Funds.

In addition, the Developer has agreed to make available the moneys necessary for any and all operating expenses as well as any and all maintenance, repair, reconstruction and replacement of the District's improvements. During the year ended September 30, 2022, the District recognized a total of \$523,923 in revenue relating to these deficit funding requests. In addition as discussed more fully in Note 5, the Developer remitted \$72,104 of net parking revenues to the District during fiscal year 2022.

**Required Supplemental Information  
(Other Than MD&A)**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors  
The Palace at Coral Gables Community Development District  
Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of The Palace at Coral Gables Community Development District (hereinafter referred to as the "District"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated July 26, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

(850) 654-4619 (fax)  
CRIcpa.com

To the Board of Supervisors  
The Palace at Coral Gables Community Development District  
Miami-Dade County, Florida

### **Report on the Financial Statements**

We have audited the financial statements of The Palace at Coral Gables Community Development District ("District") as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated July 26, 2023.

### **Auditors' Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

### **Other Reporting Requirements**

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those report, which are dated July 26, 2023, should be considered in conjunction with this management letter.

### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual audit report.

### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information required is disclosed in the notes to the financial statements.

## **Financial Condition and Management**

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

## **Specific Information**

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the The Palace at Coral Gables Community Development District reported:

- a. The total number of district employees compensated in the last pay period of the district's fiscal year as 0.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the district's fiscal year as 0.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$0.
- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$0.
- e. The District does not have any construction projects with a total cost of at least \$65,000 that are scheduled to begin on or after October 1 of the fiscal year being reported.
- f. The District did not amend its final adopted budget under Section 189.016(6), Florida Statutes.

## **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

**Purpose of this Letter**

Our management letter is intended solely for the information and use of Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

## INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Supervisors  
The Palace at Coral Gables Community Development District  
Miami-Dade County, Florida

We have examined The Palace at Coral Gables Community Development District's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2022. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and performed the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.
