INDEPENDENT AUDITOR'S REPORT

Dog Island Conservation Board
Dog Island Conservation District
Dog Island, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of Dog Island Conservation District (the District) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District as of September 30, 2023, the respective changes in financial position, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

INDEPENDENT AUDITOR'S REPORT

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial

Dog Island Conservation Board
Dog Island Conservation District
Dog Island, Florida

INDEPENDENT AUDITOR'S REPORT

reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated November 19, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Report on Summarized Comparative Information

We have previously audited the District's 2022 financial statements and our report, dated May 31, 2023, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein, as of and for the year ended September 30, 2022, is consistent, in all material respects, with the audited financial statements from which it was derived.

**DOG ISLAND CONSERVATION DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2023**

Management is pleased to offer the following assessment of the business operations of the Dog Island Conservation District (the District), for the year ended September 30, 2023:

In fiscal year 2021-2022, due to long-standing maintenance and safety issues, the District began a concerted effort to repair and enhance the Dog Island electric grid. Beginning in late August 2022 and lasting until early September 2023, working closely with our provider Duke Energy, Pike Engineering, and Primoris Services completed grid strengthening, safety/dependability work, and other upgrades totaling over \$4 million. This work involved installing new, larger power poles, placed closely together and easily accessible over 8 miles of the island. The construction used heavier gauge wires, stainless steel transformers, new grounding and guy wires, and replaced all lightning arrestors and other critical hardware. The replaced and discarded material was removed from the island per agreement with the District. This grid upgrade was conducted at no cost to the District and will ensure safe, dependable, and readily repairable electric service to the property owners of Dog Island long into the future.

Beginning July 1, 2023, the District was able to contract with a new, highly qualified Island Manager after the retirement of the long-serving Mr. Cannon. This contract was the result of months of work: RFP and contract preparation, advertising, establishing a hiring sub-committee, Board actions, etc. Dog Island Conservation District, as a Special District, followed the protocols and guidelines of procurement stipulated by the State of Florida in Florida Statute 287. The former Island Manager was also given a short-term consulting contract to assist with the transition.

The LCM6 was removed in the summer of 2023 and given its necessary extensive bi-annual hull, topside, and cargo area blasting, welding, and painting work. The gate hinge required a complete replacement. Work of this nature on this necessary vessel is essentially perpetual.

During fiscal year 2023, the District's official website—dogislandconservationdistrict.org—went live and includes items required by the State of Florida, like enabling legislation, budgets, newsletters, Board and Officers, etc.

To fulfill the District's conservation mandate, several cooperative actions were initiated, including a cooperatively funded and executed Memorial and Labor Day patrol of the East End and Narrows by the Franklin County Sheriff's Patrol, thereby protecting nesting shore and sea birds as well as providing a safety enhancement to visiting boaters. This was done by working cooperatively with The Nature Conservancy and Audubon. The District's financial obligations for this endeavor were underwritten by the islanders' generous donations.

The District, again working with The Nature Conservancy and Audubon, printed and placed posters and signage outlining the District's rules and accepted behaviors. These were placed near turtle and bird nesting areas. The District has formed a close working relationship with these important stakeholders as well as the Alachua Conservation Trust, who hold the conservation easement on the newly established 40-acre Dog Island Preserve.

**DOG ISLAND CONSERVATION DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2023**

Financial Highlights

- Assets of the District exceeded its liabilities at September 30, 2023, by \$1,184,161. The District continues to invest in improvement of island facilities to better serve the needs of District property owners.
- As of September 30, 2023, the District recorded expenses in excess of revenues by \$17,398, primarily due to recording depreciation expense on fixed assets.

Overview of the Financial Statements

This management's discussion and analysis is intended to serve as an introduction to the District's basic financial statements. These basic financial statements consist of a statement of net position, which depicts the assets and liabilities of the District at September 30, 2023, and a statement of activities, which depicts the source and amount of annual revenues and expenditures. These statements are presented on an accrual basis of accounting and are intended to accurately reflect the general activities of the District as they relate to the District's advertised budget for the year. The primary sources of revenue for the District consist of tax revenues and road use fees. Limited road use/impact fees are collected for the purpose of addressing road impacts from vehicles and are collected at the time of transportation of vehicles to the island by the District-owned LCM.

These fees are designated for maintenance and operation of the LCM and the road system on the island. Fees collected in excess of the costs associated with this maintenance are placed in a designated fund for use in future years. There were no excess road use fees for the fiscal year ended September 30, 2023.

Financial Analysis of Dog Island Conservation District's Governmental Activities

Net Position: The District's net position decreased by \$17,398 during fiscal year 2022-2023. Capital grants and contributions decreased by \$674,016. In fiscal year 2022, island residents and other groups donated funds towards the 40-acre land purchase. This purchase was completed, and any further funds received will go towards costs associated with maintaining the land.

Request for Information

This report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information in this report, or requests for additional information should be addressed as follows:

NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Dog Island Conservation District, Dog Island, Florida (the District) is an independent special district created by Special Act of the Legislature of the State of Florida in Chapter 75-374, as amended. The express purpose of this legislation was to have the District guide the coordinated, balanced, and harmonious development of Dog Island in Franklin County, Florida. The District is to promote the health, safety, and welfare of both visitors and property owners and, in addition, to maintain and preserve aesthetic values and the display of such attractiveness and to prevent congestion and the destruction of natural beauty.

The governing body of the District is the Dog Island Conservation Board, consisting of five directors. The directors serve terms of two years with no more than three terms ending in any one year. Each director must be a citizen of the United States and the owner of a fee simple title to real estate located in the District.

The accounting policies of the District conform to generally accepted accounting principles applicable to governmental entities.

There are no agencies, boards, or authorities which are controlled by or dependent upon the District.

Government-Wide and Fund Financial Statements

The District has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, and GASB Statement No. 38, *Certain Financial Statement Note Disclosures*. The basic financial statements consist of the government-wide financial statements and fund financial statements. The government-wide financial statements required under this statement (the statements of net position and the statements of activities) report information on all of the non-fiduciary activities of the District.

The statements of activities demonstrate the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements (fund financial statements) are provided for governmental funds. A reconciliation is provided that converts the results of governmental fund accounting to the government-wide presentations. The District reports one governmental fund.

Basis of Presentation

■ **Governmental Fund Type**

The General Fund is used to account for all financial resources of the District, which includes general government, transportation, and physical environment.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

**NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable (flow of current financial resources measurement focus). The basis of accounting determines when transactions and economic events are reflected in the financial statements, and measurement focus identifies which transactions and events should be recorded.

Revenues are measurable when they are subject to reasonable estimation, while the available criterion is satisfied when revenues are collectible during the period and actual collection will occur either: a) during the current period; or b) after the end of the period, but in time to pay fund liabilities. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures, if measurable, are recorded when they have been used or are expected to use current expendable financial resources.

Budget

An annual budget was adopted by the District for the fiscal year ended September 30, 2023. Budget amounts presented in the accompanying financial statements are shown as amended by the District. All appropriations lapse at the close of the fiscal year to the extent that they have not been expended.

Service Revenue

The General Fund collects service revenue for the use of the airport, roads, and waste disposal. These fees are recorded as revenue in the fiscal year in which they are earned.

Accounts Receivable

Accounts receivable, if any, are stated at their estimated net realizable value.

Capital Assets

Capital assets, which include property and equipment, are reported in the governmental activities columns in the government-wide financial statements. Property and equipment are depreciated using the straight-line method over the following useful lives:

Assets	Years
Machinery, Equipment, and Vehicles	5-10
Docks	10-20

Property Taxes

The tax levy of the District is established by the Dog Island Conservation Board prior to October 1 of each year. The District established a property tax levy of four mills for the 2022-2023 fiscal year. Property taxes are billed and collected for the District by the Franklin County Tax Collector according to Florida Statute, under the following calendar:

Lien Date	January 1
Levy Date	October 1
Due Date	November 1
Delinquency Date	April 1 of the Following Year

NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA

Encumbrances

The District does not use the encumbrance method of accounting.

Comparative Financial Information

The financial statements include certain prior year summarized comparative information in total. Such information does not constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended September 30, 2022, from which the summarized information was derived.

Fund Balances

■ **Classifications**

The District has implemented the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54), as required. The purpose of GASB 54 is to improve the consistency and usefulness of fund balance information to the financial statement user. The statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which the organization is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – non-spendable, restricted, committed, assigned, and unassigned.

- **Non-Spendable**—This component of fund balance consists of amounts that cannot be spent because: a) they are not expected to be converted to cash, or b) they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund.
- **Restricted**—This component of fund balance consists of amounts that are constrained either: a) externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments); or b) by law through constitutional provisions or enabling legislation.
- **Committed**—This component of fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (e.g., ordinance or resolution) of the District's governing authority (the Board). These committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (e.g., ordinance or resolution) employed to constrain those amounts.
- **Assigned**—This component of fund balance consists of amounts that are constrained by a less-than-formal action of the Board, or by an individual or body to whom the Board has delegated this responsibility. In addition, residual balances in capital projects and debt service funds are considered assigned for the general purpose of the respective fund.
- **Unassigned**—This classification is used for: a) negative unrestricted fund balances in any governmental fund, or b) fund balances within the General Fund that are not restricted, committed, or assigned.

NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA

■ **Flow Assumptions**

When multiple categories of fund balance are available for expenditures, the District will start with the most restricted category. Unassigned fund balance is used when expenditures are incurred for purposes for which amounts in any other classification could not be used.

Adoption of New Accounting Pronouncement

During the year ended September 30, 2023, the District adopted new accounting guidance by implementing the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This statement: (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in GASB Statement No. 87, *Leases*. The District determined that no existing arrangements qualified under the new standard. Thus, there was no impact on the District’s financial statements during the fiscal year ended September 30, 2023.

Note 2 - Deposits and Investments

All cash consists of monies held in checking accounts. At September 30, 2023, the carrying amount of the District’s deposits was \$113,665 and the bank balance was \$121,570. These funds were held by a qualified public depository within the State of Florida and are fully insured.

Investments consist of amounts held by the State Board of Administration (SBA). General Fund investments at year-end were \$95,147. The investments with the SBA, an investment pool maintained by the State of Florida, are recorded at amortized cost, which approximates market value.

The total cash and cash equivalents and investment balances of the District at September 30, 2023, comprise the following items:

	<u>Amount</u>	<u>Credit Rating</u>	<u>Investment Maturity</u>
Cash and Cash Equivalents			
Cash – Checking	\$ 25,185		
Cash – Disaster Recovery	86,476		
Cash – Petty Cash	<u>2,004</u>		
Total Cash and Cash Equivalents	<u>113,665</u>		
 Investments			
Investments with the SBA:			
Florida PRIME	<u>95,147</u>	AAAm (S&P)	Less Than 1 Year
Total Investments	<u>95,147</u>		
Total Cash, Cash Equivalents, and Investments	<u>\$ 208,812</u>		

NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA

Authorized Investments

Florida Statute 218.415 authorizes the District to invest in state pools and obligations of the United States Treasury and agencies. The District's investment policy is not more restrictive than Florida Statutes. Investments of \$95,147 represent amounts held with the Florida SBA, Local Government Surplus Funds Trust (PRIME Fund). The fund invests in money market and U.S. treasury notes, collateralized mortgage obligations, asset backed securities, agency notes, agency ARM pass-through, corporate bonds, government-related securities, and certificates of deposit. This fund is carried at amortized cost. Amortized cost includes accrued income and is a method of calculating an investment's value by adjusting its acquisition cost for amortization of discount or premium over the period from purchase to maturity. Thus, the balance in the fund is its fair value.

The SBA's interpretation of GASB Statement No. 79 is that the Florida PRIME investment pool currently meets all necessary criteria to measure its investments at amortized cost. Therefore, as a participant in the SBA's Florida Prime investment pool, the District's investments in Florida PRIME were also measured at amortized cost for fiscal year 2022-2023. For Florida PRIME, with regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the Executive may extend the moratorium until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days". With regard to liquidity fees, Florida Statutes 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2023, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Risk Disclosure

The following items discuss the District's exposure to various risks associated with investments:

- *Credit Risk*—The District minimizes credit risk, the risk of loss due to failure of the security, by limiting investments to authorized investments. The PRIME Fund is rated by Standards & Poor. The current rating is AAAM. The investment manager of Florida PRIME manages credit risk by purchasing only high-quality securities; performing a credit analysis to develop a database of issuers and securities that meet the investment manager's minimum standard; and by regularly reviewing the portfolio's securities financial data, issue news and developments, and ratings of the nationally recognized statistical rating organizations.

NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA

- *Interest Rate Risk*—The District manages its exposure to declines in fair values of investments by investing operating funds primarily in short-term securities and the SBA Florida PRIME. The weighted average days to maturity of the PRIME Fund at September 30, 2023, was 35 days. Next interest rate reset dates for floating rate securities are used in the calculation of the weighted average days to maturity.
- *Custodial Credit Risk*—Investments are subject to custodial credit risk if the securities are uninsured, not registered in the District’s name, and held by the party that either sells to or buys for the District. No investments held at year-end were subject to custodial credit risk. The SBA Florida PRIME does participate in securities lending, but the District owns shares of the Florida PRIME and not the underlying investments. Neither the District nor Florida PRIME has participated in a securities lending program in the fiscal year ended September 30, 2023.

Note 3 - Property and Equipment

During fiscal year 2022, the District acquired 40 acres of land totaling \$603,116. This land is subject to a conservation easement and, therefore, is not eligible for general government use. The following is a schedule of changes in property and equipment for the period ended September 30, 2023:

	Balance October 1, 2022	Additions	(Deletions)	Balance September 30, 2023
Property and Equipment				
Land	\$ 821,586	\$ -	\$ -	\$ 821,586
Buildings and Equipment	986,198	3,439	(25,144)	964,493
Accumulated Depreciation	(734,383)	(44,287)	25,144	(753,526)
Property and Equipment, Net	<u>\$ 1,073,401</u>	<u>\$ (40,848)</u>	<u>\$ -</u>	<u>\$ 1,032,553</u>

Depreciation expense was charged to functions as follows:

Physical Environment	\$ 2,541
Transportation	41,746
Total Depreciation Expense	<u>\$ 44,287</u>

Note 4 - Long-Term Liabilities

During 2022, the District entered into an installment purchase agreement totaling \$71,000 for a new tractor. The agreement stipulates 7 yearly payments, after which ownership of the tractor transfers to the District. The interest rate for this agreement is 4.565%. Interest expense on the installment purchase obligation is reported in the transportation function on the statements of activities and totaled \$2,776 for the year. The following is a schedule of additions and deletions for the installment purchase long-term liability:

	Balance October 1, 2022	Additions	Deletions	Balance September 30, 2023	Due Within One Year
Installment Purchase Obligation	\$ 60,814	\$ -	\$ (9,039)	\$ 51,775	\$ 9,452

NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA

Principal and interest payments for the next five fiscal years for the installment purchase are as follows:

	<u>Principal</u>	<u>Interest</u>
Fiscal Year 2024	\$ 9,452	\$ 2,364
Fiscal Year 2025	9,883	1,932
Fiscal Year 2026	10,334	1,481
Fiscal Year 2027	10,806	1,009
Fiscal Year 2028	11,300	516
Total	<u><u>\$ 51,775</u></u>	<u><u>\$ 7,302</u></u>

Note 5 - Detail of Expenditures - Budget and Actual

	<u>Budget</u>	<u>Actual</u>	<u>Variance Favorable (Unfavorable)</u>
General Government			
Administrative Expense	\$ 34,000	\$ 33,445	\$ 555
Non-Allocated Expense	9,000	8,705	295
Contingency	<u>5,000</u>	<u>1,977</u>	<u>3,023</u>
Total General Government	<u>48,000</u>	<u>44,127</u>	<u>3,873</u>

Debt Service	<u>11,816</u>	<u>11,815</u>	<u>1</u>
Total Expenditures	<u><u>\$ 216,151</u></u>	<u><u>\$ 192,749</u></u>	<u><u>\$ 23,402</u></u>

Note 6 - Personnel

The District does not currently have any salaried employees. All services provided are performed by independent contractors to the District.

NOTES TO FINANCIAL STATEMENTS
DOG ISLAND CONSERVATION DISTRICT - DOG ISLAND, FLORIDA

Note 7 - Risk Management

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District maintains commercial insurance coverage covering each of the above risks of loss. Management believes that the coverage is adequate to preclude any significant uninsured risk exposure to the District. Insurance claims made by the District have not exceeded coverage for the last three fiscal years.

**ADDITIONAL ELEMENTS OF REPORT PREPARED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*, ISSUED
BY THE COMPTROLLER GENERAL OF THE UNITED STATES; AND
THE *RULES OF THE AUDITOR GENERAL* OF THE STATE OF FLORIDA**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Dog Island Conservation Board
Dog Island Conservation District
Dog Island, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Dog Island Conservation District, Dog Island, Florida (the District) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 19, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANT’S REPORT ON COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES – INVESTMENT OF PUBLIC FUNDS**

Dog Island Conservation Board
Dog Island Conservation District
Dog Island, Florida

We have examined Dog Island Conservation District, Dog Island, Florida’s (the District) compliance with Section 218.415, Florida Statutes, during the year ended September 30, 2023, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the District’s compliance with those requirements. Our responsibility is to express an opinion on the District’s compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the District’s compliance with the specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2023.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the District and its management, and the Dog Island Conservation Board of Dog Island, Florida, and is not intended to be, and should not be used, by anyone other than these specified parties.

MANAGEMENT LETTER

Dog Island Conservation Board
Dog Island Conservation District
Dog Island, Florida

Report on the Financial Statements

We have audited the financial statements of Dog Island Conservation District, Dog Island, Florida (the District), whose headquarters are located in Dog Island, Florida, as of and for the fiscal year ended September 30, 2023, and have issued our report thereon dated November 19, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with the American Institute of Certified Public Accountants *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated November 19, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The District was established by Special Act of the Legislature of the State of Florida in Chapter 75-374, as amended. There were no component units related to the District.

MANAGEMENT LETTER

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures as of September 30, 2023, for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information

UNAUDITED

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the District reported:

- a. The total number of district employees compensated in the last pay period of the district's fiscal year as 0. The District has no employees.
- b. The total number of independent contractors to whom non-employee compensation was paid in the last month of the district's fiscal year as 4.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$0. As noted above, the District has no employees of its own.
- d. All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency as \$98,070.

Dog Island Conservation Board
Dog Island Conservation District
Dog Island, Florida

MANAGEMENT LETTER

- e. Each construction project with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported. There were no construction projects that began on or after October 1 in the fiscal year.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as \$9,651. A budget versus actual statement is presented on page 13 of the financial statements.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, *Rules of the Auditor General*, the District reported:

- a. The millage rate imposed by the district as 0.4.
- b. The total amount of ad valorem taxes collected by or on behalf of the district as \$107,696.
- c. The total amount of outstanding bonds issued by the district and the terms of such bonds, if any, as \$0.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.
