Office of the Florida Auditor General  
Attention: Richard Voss

Richard:

In regards to the management letter we issued on February 23, 2024, we would like to make an amendment. In the section labeled, Prior Audit Findings, we did have a prior year finding. Finding 2022-001 as stated in the Jacksonville Aviation Authority's September 30, 2022 Schedule of Findings and Questioned Costs. In compliance with Section 10.554(1)(i)1., *Rules of the Auditor General*, we have determined that corrective action has been taken to address that finding and it was not a repeat finding in the Authority's September 30, 2023 audit.

Please feel free to reach out to Pam Hill, with any additional questions, at 810-766-6022.

Very truly yours,

**Plante & Moran, PLLC**
