REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
Creekview Community Development District
Clay County, Florida

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and each major fund of Creekview Community Development District (the "District"), as of and for the year ended September 30, 2025, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2025, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Supervisors
Creekview Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts, and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements.

To the Board of Supervisors
Creekview Community Development District

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with Florida Statutes 218.39(3)(c) but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 23, 2026 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts and grant agreements and other matters.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**Creekview Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended September 30, 2025**

Management's discussion and analysis of Creekview Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by developer contributions and special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment, and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

**Creekview Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Year Ended September 30, 2025**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds, are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as special assessment revenue bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliations are provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements*.

Financial Highlights

The following are the highlights of financial activity for the fiscal year ended September 30, 2025.

- ◆ The District's assets exceeded liabilities by \$37,549,900 (net position). Unrestricted net position was \$(1,366,622). Net investment in capital assets was \$36,741,274, and restricted net position was \$2,175,248.
- ◆ Governmental activities revenues totaled \$17,646,050, while governmental activities expenses totaled \$2,738,170.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

Net Position

	Governmental Activities	
	2025	2024
Current assets	\$ 5,485,987	\$ 112,379
Restricted assets	6,117,071	28,971,536
Capital assets	76,492,007	43,838,045
Total Assets	<u>88,095,065</u>	<u>72,921,960</u>
Current liabilities	9,255,165	4,654,940
Non-current liabilities	41,290,000	45,625,000
Total Liabilities	<u>50,545,165</u>	<u>50,279,940</u>
Net investment in capital assets	36,741,274	20,667,382
Restricted net position	2,175,248	1,978,055
Unrestricted	(1,366,622)	(3,417)
Total Net Position	<u>\$ 37,549,900</u>	<u>\$ 22,642,020</u>

The increase in current assets is primarily related to the increase in due from developer in the current year.

The decrease in restricted assets and increase in capital assets is related to the capital projects activity in the current year.

The increase in current liabilities is mainly related to the increase in contracts/retainage payable in the current year.

The decrease in non-current liabilities is due to the principal payments made in the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Analysis of the District (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

Change In Net Position

	Governmental Activities	
	2025	2024
Program Revenues		
Charges for services	\$ 4,294,300	\$ 7,758,649
Operating grants and contributions	63,591	61,314
Capital grants and contributions	12,656,697	9,887,061
Investment income	631,462	206,807
Total Revenues	<u>17,646,050</u>	<u>17,913,831</u>
Expenses		
General government	155,706	121,025
Physical environment	324,698	116,260
Interest and other charges	2,257,766	1,874,744
Total Expenses	<u>2,738,170</u>	<u>2,112,029</u>
Change in Net Position	14,907,880	15,801,802
Net Position - Beginning of Year	<u>22,642,020</u>	<u>6,840,218</u>
Net Position - End of Year	<u><u>\$ 37,549,900</u></u>	<u><u>\$ 22,642,020</u></u>

The decrease in charges for services is primarily related to a decrease in assessment prepayments received in the current year.

The increase in capital grants and contributions is related to the capital project activity in the current year.

The increase in physical environment is related to the increase in landscape maintenance and other repair and maintenance expenses in the current year.

The increase in interest and other charges is primarily due to the current year being the initial year of interest due on the Series 2024 Bonds.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Capital Assets Activity

The following schedule provides a summary of the District's capital assets as of September 30, 2025 and 2024.

<u>Description</u>	<u>Governmental Activities</u>	
	<u>2025</u>	<u>2024</u>
Construction in progress	<u>\$ 76,492,007</u>	<u>\$ 43,838,045</u>

The activity for the year consisted of additions to construction in progress of \$32,653,962.

General Fund Budgetary Highlights

Actual expenditures were less than budgeted because there were less landscape maintenance costs than anticipated.

There were no amendments to the September 30, 2025 budget.

Debt Management

Governmental Activities debt includes the following:

- In March 2022, the District issued \$25,000,000 Series 2022 Special Assessment Revenue Bonds. These bonds were issued to provide funds for the Phase 1 Project. The balance outstanding as of September 30, 2025 was \$16,725,000.
- In September 2024, the District issued \$26,000,000 Series 2024 Special Assessment Revenue Bonds. These bonds were issued to provide funds for the Phase 2 Project. The balance outstanding as of September 30, 2025 was \$26,000,000.

Economic Factors and Next Year's Budget

Creekview Community Development District will continue construction of the Series 2022 and Series 2024 projects. The District does not expect any other economic factors to have any significant effect on the financial position or results of operations of the District in fiscal year 2026.

Request for Information

The financial report is designed to provide a general overview of Creekview Community Development District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Creekview Community Development District's Finance Department at 2300 Glades Road, Suite 410W, Boca Raton, Florida 33431.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on June 29, 2021, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), and by Ordinance 2021-20 of the Board of County Commissioners of Clay County, Florida, as a Community Development District. The District's external boundary was expanded effective November 25, 2024, pursuant to Ordinance 2024-51 adopted by the Board of County Commissioners of Clay County, Florida. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Creekview Community Development District. The District is governed by a five member Board of Supervisors. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Creekview Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth in Governmental Accounting Standards Board, The Financial Reporting Entity, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by developer contributions, special assessments, and interest. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

b. Fund Financial Statements (Continued)

Governmental Funds

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter, to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 90 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”.

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

Debt Service Fund – The Debt Service Fund accounts for the costs associated with the issuance and retirement of long-term debt.

Capital Projects Fund – The Capital Projects Fund accounts for the construction of infrastructure improvements within the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as capital assets, and non-current governmental liabilities, such as special assessment debt be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash equivalents include time deposits and all highly liquid debt instruments with original maturities of three months or less and held in a qualified public depository as defined by Section 280.02, Florida Statutes.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

b. Capital Assets

Capital assets, which include construction in progress, are reported in the applicable governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

c. Budgets

Budgets are prepared and adopted after a public hearing for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. A formal budget is adopted for the general fund and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

d. Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until then. The District only has one item that qualifies for reporting in the category. Unavailable revenues are reported only in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of resources in the period that amounts become available.

e. Restricted Net Position

Certain net position of the District are classified as restricted on the Statement of Net Position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

f. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the financial statement date and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

“Total fund balances” of the District’s governmental funds, \$3,042,216, differs from “net position” of governmental activities, \$37,549,900, reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below.

Capital related items

When capital assets, that are to be used in governmental activities are purchased or constructed, the cost of those assets is reported as expenditures at the fund level. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Construction in progress	<u>\$ 76,492,007</u>
--------------------------	----------------------

Long-term debt transactions

Long-term liabilities applicable to the District’s governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2025 were:

Bonds payable	<u>\$ (42,725,000)</u>

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position (Continued)

Accrued interest

Accrued liabilities in the Statement of Net Position differ from the amount reported at the fund level due to accrued interest on bonds.

Accrued interest on bonds payable	\$ <u>(911,733)</u>
-----------------------------------	---------------------

Deferred inflow of resources

Revenues that are not available at year end are recognized as deferred inflows of resources at the fund level; however, revenues are recognized as earned at the government-wide level.

Unavailable revenues	\$ <u>1,652,410</u>
----------------------	---------------------

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities

The “net change in fund balances” for government funds, \$(22,135,177), differs from the “change in net position” for governmental activities, \$14,907,880, reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below:

Capital related items

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures at the fund level. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation. As a result, fund balances decrease by the amount of financial resources expended, whereas net position decrease by the amount of depreciation charged for the year.

Capital outlay	\$ <u>32,653,962</u>
----------------	----------------------

Long-term debt transactions

Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore, are not reported as expenditures at the fund level.

Repayment of bond principal	\$ <u>3,245,000</u>
-----------------------------	---------------------

Net change in accrued interest payable	\$ <u>(508,315)</u>

NOTE C – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk, however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2025, the District's bank balance was \$23,092 and the carrying value was \$10,962. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by the Federal Deposit Insurance Corporation or collateralized under Chapter 280, Florida Statutes.

Investments

As of September 30, 2025, the District had the following investments and maturities:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
First American Government Obligations Fund	45 Days*	<u>\$ 6,117,071</u>

*Weighted Average Maturity

Creekview Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE C – CASH AND INVESTMENTS (CONTINUED)

Investments (continued)

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that use the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investments listed above are Level 1 assets.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. As of September 30, 2025, the District's investments in First American Government Obligations Fund were rated AAAM by Standard and Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The District's investments in First American Government Obligations Fund represent 100% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2025 were typical. The District considers any decline in fair value for certain investments to be temporary.

NOTE D – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2025 was as follows:

	Balance October 1, 2024	Additions	Deletions	Balance September 30, 2025
Governmental Activities:				
Capital assets, not being depreciated:				
Construction in progress	\$ 43,838,045	\$ 32,653,962	\$ -	\$ 76,492,007

NOTE E – SPECIAL ASSESSMENT REVENUES

Assessments are non-ad valorem assessments on benefitted property within the District. Operating and Maintenance Assessments are based upon adopted budget and levied annually. Debt Service Assessments are levied when bonds are issued and collected annually for the term of the Board. The District may collect assessments directly or utilize the uniform method of collection (Chapter 197.3632, Florida Statutes). Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are mailed by County Tax Collector on November 1 and due on or before March 31 of each year. Property owners may prepay a portion or all of the Debt Service Assessments on their property subject to various provisions in the bond documents.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Summary of Significant Resolution Terms and Covenants

Significant Bond Provisions

The Series 2022 and 2024 Special Assessment Revenue Bonds are subject to redemption at the option of the District prior to their maturity, in whole or in part, on any Quarterly Redemption Date, at a redemption price equal to the principal amount of the Series 2022 and 2024 Special Assessment Revenue Bonds to be redeemed, together with accrued interest to the date of redemption. The Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Trust Indenture.

The Trust Indenture requires certain amounts be maintained in a reserve account. In addition, the Trust Indenture has certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements.

Depository Funds

The bond resolution establishes certain funds and determines the order in which revenues are to be deposited into these funds. A description of the significant funds, including their purposes, is as follows:

Reserve Funds – The Series 2022 and 2024 Reserve Accounts were funded from the proceeds of the Series 2022 and 2024 Special Assessment Revenue Bonds in amounts equal to the maximum annual debt service of the Series 2022 and 2024 Special Assessment Revenue Bonds. Monies held in the reserve accounts will be used only for the purposes established in the Trust Indenture.

The following is a schedule of required reserve balances as of September 30, 2025:

	Reserve Balance	Reserve Requirement
Special Assessment Revenue Bonds, Series 2022	\$ 1,077,000	\$ 1,026,750
Special Assessment Revenue Bonds, Series 2024	\$ 1,777,172	\$ 1,777,172

NOTE G – RELATED PARTY TRANSACTIONS

All voting members of the Board of Supervisors are affiliated with the Developer. The District recognized \$12,720,288 and \$4,294,300 in contributions and assessments, respectively, from the Developer for the year ended September 30, 2025. Additionally, the District has a balance due to the Developer of \$43,309 and a balance due from the Developer of \$5,468,303 as of September 30, 2025.

Creekview Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE H – ECONOMIC DEPENDENCY

The Developer owns a significant portion of land within the District. The District's activity is dependent upon the continued involvement of the Developer, the loss of which could have a material adverse effect on the District's operations.

NOTE I – RISK MANAGEMENT

The government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The District has not filed any claims in the last three years.

NOTE J – INTERFUND TRANSFERS

Transfers for the year ended September 30, 2025, consisted of the following:

	<u>Transfers Out</u>
<u>Transfers In</u>	Debt Service Fund
Capital Projects Fund	\$ 40,131

Transfers between the Debt Service Fund and the Capital Projects Fund are in accordance with the Trust Indenture.

NOTE K – INTERFUND BALANCES

Interfund balances at September 30, 2025, consisted of the following:

	<u>Payable Fund</u>
<u>Receivable Fund</u>	Debt Service Fund
General Fund	\$ 18,375

Interfund balances between the Debt Service Fund and General Fund represent amounts due from the General Fund for Developer reimbursement obligations recorded in the Debt Service Fund at year-end.

NOTE L – SUBSEQUENT EVENT

On November 1, 2025, the District made prepayments on the Special Assessment Revenue Bond, Series 2022 and 2024 in the amount of \$775,000 and \$50,000, respectively. The payment for the Series 2022 Bond is included in the current portion of the bonds payable.

On February 1, 2026, the District made prepayments on the Special Assessment Revenue Bond, Series 2022 and 2024 in the amount of \$905,000 and \$40,000, respectively.

On May 1, 2026, the District made prepayments on the Special Assessment Revenue Bond, Series 2022 and 2024 in the amount of \$655,000 and \$20,000, respectively.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Creekview Community Development District
Clay County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements, as listed in the table of contents, of Creekview Community Development District, as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated June 23, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered Creekview Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Creekview Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Creekview Community Development District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

To the Board of Supervisors
Creekview Community Development District

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Creekview Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE
WITH SECTION 218.415 FLORIDA STATUTES**

To the Board of Supervisors
Creekview Community Development District
Clay County, Florida

We have examined Creekview Community Development District's compliance with Section 218.415, Florida Statutes during the fiscal year ended September 30, 2025. Management is responsible for Creekview Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Creekview Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Creekview Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Creekview Community Development District's compliance with the specified requirements.

In our opinion, Creekview Community Development District complied, in all material respects, with the aforementioned requirements during the fiscal year ended September 30, 2025.
